SALOMON BROTHERS MUNICIPAL PARTNERS FUND INC.

Letter from the Chairman

Dear Shareholder,

We are pleased to present the annual report of the Salomon Brothers Municipal Partners Fund for the 12-month period ended December 31, 2004.

R. Jay Gerken, CFA
*Chairman and
Chief Executive Officer*

Despite sharply rising oil prices, threats of terrorism, geopolitical concerns and uncertainties surrounding the presidential election, the U.S. economy continued to expand during the reporting period. Following a robust 4.5% gain in the first quarter of 2004, gross domestic product ("GDP") growth was 3.3% in the second quarter of the year. This decline was largely attributed to higher energy prices. However, third quarter 2004 GDP rose a solid 4.0%. While fourth quarter GDP figures have not yet been released, continued growth is expected.

Given the overall strength of the economy, Federal Reserve Board ("Fed") monetary policy was seen as highly accommodative and expectations were that it would start raising rates to ward off the threat of inflation. As expected, the Fed raised its target for the federal funds rateⁱⁱⁱ by 0.25% to 1.25% at the end of June 2004—the first rate increase in four years. The Fed again raised rates in 0.25% increments during August, September, November, and December, bringing the target for the federal funds rate to 2.25%. After the end of the fund's reporting period, at their February meeting, the Fed once again raised the target rate by 0.25% to 2.50%. Regardless of the economic expansion and higher interest rates, the overall bond market generated positive returns during the fiscal year. Please read on for a more detailed look at prevailing economic and market conditions during the fund's fiscal year and to learn how those conditions have affected fund performance.

Information About Your Fund

As you may be aware, several issues in the mutual fund industry have recently come under the scrutiny of federal and state regulators. The fund's Adviser and some of its affiliates have received requests for information from various government regulators regarding market timing, late trading, fees, and other mutual fund issues in connection with various investigations. The fund has been informed that the Adviser and its affiliates are responding to those information requests, but are not in a position to predict the outcome of these requests and investigations.

As previously disclosed by Citigroup, the Staff of the Securities and Exchange Commission ("SEC") has notified Citigroup Asset Management ("CAM") and Citicorp Trust Bank ("CTB"), an affiliate of CAM, that the Staff is considering recommending a civil injunctive action and/or an administrative proceeding against CAM, CTB, the former CEO of CAM, two former employees and a current employee of CAM, relating to the creation, operation and fees of an internal transfer agent unit that serves various CAM-managed funds. Citigroup is cooperating with

the SEC and will seek to resolve this matter in discussion with the SEC Staff. Although there can be no assurance, Citigroup does not believe that this matter will have a material adverse effect on the fund. For further information, please see the [Additional Information](#) note in the Notes to the Financial Statements included in this report.

Manager Overview

Market/Economic Overview

Despite rising interest rates, surging oil prices, and an expanding economy, the overall municipal bond market generated solid results in 2004, with the Lehman Municipal Bond Index^{iv} returning 4.48% . As the year began, it was widely expected that the Fed would have to raise interest rates to ward off a potential increase in inflation. This came to pass in late June, as the Fed raised its target for the federal funds rate by 0.25% to 1.25% . This was followed by four subsequent rate hikes, bringing the federal funds rate to 2.25% by the end of the year. After the end of the fund's reporting period, at their February meeting, the Fed once again raised the target rate by 0.25% to 2.50% .

As one would expect, the short end of the yield curve^v rose in conjunction with the Fed rate hikes. However, intermediate and longer-term bond yields surprisingly did not rise, but were stable or declined slightly. As such, the overall yield curve flattened as the difference between short and long term yields narrowed during the year. This flattening also occurred in the municipal bond market, but to a lesser extent.

New municipal bond issuance from state and local governments was approximately \$358 billion in 2004. While this was roughly 6% less than 2003's record level, it was still the third largest amount of new issuance during a calendar year. New supply was generally met with strong demand, in particular by institutions and property and casualty insurers. As was the case in the Treasury market, the shorter end of the municipal bond curve generated the weakest results, while the longer end of the curve outperformed. From a credit quality perspective, lower quality municipals outperformed their higher quality counterparts.

Performance Review

For the 12 months ended December 31, 2004, the Salomon Brothers Municipal Partners Fund Inc. returned 2.68%, based on its New York Stock Exchange (NYSE) market price and 4.82% based on its net asset value (NAV) per share. In comparison, the fund's unmanaged benchmark, the Lehman Brothers Municipal Bond Index returned 4.48% and its Lipper General Municipal Debt (leveraged) Closed-end Funds Category Average^{vii} was 6.63% over the same time frame. Please note that Lipper performance returns are based on each fund's NAV.

During the 12-month period, the fund made distributions to shareholders totaling \$0.9080 per share. The performance table on the following page shows the fund's 30-day SEC yield as well as its 12-month total return based on its NAV and market price as of December 31, 2004. **Past performance is no guarantee of future results. The fund's yields will vary.**

SALOMON BROTHERS MUNICIPAL PARTNERS FUND INC.

**FUND PERFORMANCE
AS OF DECEMBER 31, 2004
(unaudited)**

Price Per Share	30-Day SEC Yield	12-Month Total Return
\$ 15.33 (NAV)	5.84%	4.82%
\$ 13.45 (Market Price)	6.66%	2.68%

All figures represent past performance and are not a guarantee of future results. The fund's yields will vary.

Total returns are based on changes in NAV or market price, respectively. Total returns assume the reinvestment of all dividends and/or capital gains distributions, if any, in additional shares. The "SEC yield" is a return figure often quoted by bond and other fixed-income mutual funds. This quotation is based on the most recent 30-day (or one-month) period covered by the fund's filings with the SEC. The yield figure reflects the dividends and interest earned during the period after deduction of the fund's expenses for the period. These yields are as of December 31, 2004 and are subject to change.

Contributors to Performance

As we began 2004, the fund was defensively positioned in anticipation of the Fed raising interest rates. As such, the fund's duration was shorter than that of the benchmark and we favored higher quality securities. In addition, we emphasized the 10- year portion of the yield curve.

This strategy produced mixed results. While our exposure to 10- year yields was beneficial as they outperformed shorter maturity bonds, an underweight to longer term securities detracted from relative results. In addition, our high-quality bias was not rewarded by the market, as more speculative issues outperformed. In particular, our lack of tobacco and airline securities hurt relative results. However, given the market environment, we did not believe the risks associated with these securities warranted their purchase.

From a sector perspective, the portfolio's exposure to state and local general obligation bonds, as well as select healthcare securities, enhanced results, as they generated solid results during the fiscal year.

At the end of the reporting period, the fund's portfolio continues to be defensively positioned given our expectations for the Fed to raise rates further in 2005.

RISKS: An investment in the fund is subject to risk, including the possible loss of the principal amount that you invest in the fund. Certain investors may be subject to the Federal Alternative Minimum Tax (AMT), and state and local taxes will apply. Capital gains, if any, are fully taxable.

All index performance reflects no deduction for fees, expenses or taxes. Please note that an investor cannot invest directly in an index.

- i Gross domestic product is the market value of goods and services produced by labor and property in a given country.
 - ii The Fed is responsible for the formulation of a policy designed to promote economic growth, full employment, stable prices, and a sustainable pattern of international trade and payments.
 - iii The federal funds rate is the interest rate that banks with excess reserves at a Federal Reserve district bank charge other banks that need overnight loans.
 - iv The Lehman Brothers Municipal Bond Index is a broad measure of the municipal bond market with maturities of at least one year.
 - v The yield curve is the graphical depiction of the relationship between the yield on bonds of the same credit quality but different maturities.
 - vi NAV is calculated by subtracting total liabilities and outstanding preferred stock from the closing value of all securities held by the fund (plus all other assets) and dividing the result (total net assets) by the total number of the common shares outstanding. The NAV fluctuates with changes in the market prices of securities in which the fund has invested. However, the price at which an investor may buy or sell shares of the fund is at the fund's market price as determined by supply of and demand for the fund's shares.
 - vii Lipper, Inc. is a major independent mutual-fund tracking organization. Returns are based on the 12-month period ended December 31, 2004, including the reinvestment of dividends and capital gains, if any, calculated among the 65 funds in the fund's Lipper category, and excluding sales charges.

Long-Term Security Ratings (unaudited)

Standard & Poor's Ratings Service (Standard & Poor's) Ratings from AAA to CCC may be modified by the addition of a plus (+) or minus (-) sign to show relative standings within the major rating categories.

- AAA Bonds rated AAA have the highest rating assigned by Standard & Poor's. Capacity to pay interest and repay principal is extremely strong.
- AA Bonds rated AA have a very strong capacity to pay interest and repay principal and differ from the highest rated issue only in a small degree.
- A Bonds rated A have a strong capacity to pay interest and repay principal although they are somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than debt in higher rated categories.
- BBB Bonds rated BBB are regarded as having an adequate capacity to pay interest and repay principal. Whereas they normally exhibit adequate protection parameters, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity to pay interest and repay principal for bonds in this category than in higher rated categories.
- BB, B, CCC and CC Bonds rated BB, B, CCC and CC are regarded, on balance, as predominantly speculative with respect to capacity to pay interest and repay principal in accordance with the terms of the obligation. BB represents a lower degree of speculation than B, and CC the highest degree of speculation. While such bonds will likely have some quality and protective characteristics, these are outweighed by large uncertainties or major risk exposures to adverse conditions.

Moody's Investors Service (Moody's) Numerical modifiers 1, 2 and 3 may be applied to each generic rating from Aa to Baa, where 1 is the highest and 3 the lowest ranking within its generic category.

- Aaa Bonds rated Aaa are judged to be of the best quality. They carry the smallest degree of investment risk and are generally referred to as "gilt edge." Interest payments are protected by a large or by an exceptionally stable margin and principal is secure. While the various protective elements are likely to change, such changes as can be visualized are most unlikely to impair the fundamentally strong position of such issues.
- Aa Bonds rated Aa are judged to be of high quality by all standards. Together with the Aaa group they comprise what are generally known as high grade bonds. They are rated lower than the best bonds because margins of protection may not be as large as in Aaa securities or fluctuation of protective elements may be of greater amplitude or there may be other elements present which make the long-term risks appear somewhat larger than in Aaa securities.
- A Bonds rated A possess many favorable investment attributes and are to be considered an upper medium grade obligations. Factors giving security to principal and interest are considered adequate but elements may be present which suggest a susceptibility to impairment some time in the future.
- Baa Bonds rated Baa are considered as medium grade obligations, i.e., they are neither highly protected nor poorly secured. Interest payments and principal security appear adequate for the present but certain protective elements may be lacking or may be characteristically unreliable over any great length of time. Such bonds lack outstanding investment characteristics and in fact have speculative characteristics as well.

NR Indicates that the bond is not rated by Moody's or Standard & Poor's as indicated.

Notes to Financial Statements

Note 1. Organization and Significant Accounting Policies

Salomon Brothers Municipal Partners Fund Inc. ("Fund"), was incorporated in Maryland on November 24, 1992 and is registered as a diversified, closed-end management investment company under the Investment Company Act of 1940, as amended. The Board of Directors authorized 100 million shares of \$0.001 par value common stock. The Fund's primary investment objective is to seek a high level of current income which is exempt from federal income taxes, consistent with the preservation of capital. As a secondary investment objective, the Fund intends to enhance portfolio value by purchasing tax exempt securities that, in the opinion of Salomon Brothers Asset Management Inc ("SBAM"), an indirect wholly-owned subsidiary of Citigroup Inc. ("Citigroup"), may appreciate in value relative to other similar obligations in the marketplace.

The following are significant accounting policies consistently followed by the Fund. These policies are in conformity with U.S. generally accepted accounting principles ("GAAP"). Estimates and assumptions are required to be made regarding assets, liabilities and changes in net assets resulting from operations when financial statements are prepared. Changes in the economic environment, financial markets and any other parameters used in determining these estimates could cause actual results to differ. Actual amounts could differ from those estimates.

(a) SECURITIES VALUATION. Tax-exempt securities are valued by independent pricing services which use prices provided by market-makers or estimates of market values obtained from yield data relating to instruments or securities with similar characteristics. Short-term investments having a maturity of 60 days or less are valued at amortized cost, which approximates value. Securities for which reliable quotations are not readily available are valued at fair value as determined in good faith by, or under procedures established by, the Board of Directors.

(b) INVESTMENT TRANSACTIONS AND INVESTMENT INCOME. Securities transactions are recorded on the trade-date. Realized gains and losses on sales of securities are calculated on the identified cost basis. Interest income is accrued on a daily basis. The Fund amortizes premiums and accretes discounts on securities purchased using the effective interest method.

(c) DIVIDENDS AND DISTRIBUTIONS. The Fund declares and pays dividends and distributions to common shareholders monthly from net investment income. Net realized gains, if any, in excess of loss carryovers are expected to be distributed annually. Dividends and distributions to common shareholders are recorded on the ex-dividend date. Dividends and distributions to preferred shareholders are accrued and paid on a weekly basis and are determined as described in Note 4. The amount of dividends and distributions from net investment income and net realized gains are determined in accordance with federal income tax regulations, which may differ from GAAP.

(d) FEDERAL AND OTHER TAXES. It is the Fund's policy to comply with the federal income and excise tax requirements of the Internal Revenue Code of 1986, as amended, applicable to regulated investment companies. Accordingly, the Fund intends to distribute substantially all of its income and net realized gains on investments, if any, to shareholders each year. Therefore, no federal income tax provision is required.

Notes to Financial Statements (continued)

(e) RECLASSIFICATION. GAAP requires that certain components of net assets be adjusted to reflect permanent differences between financial and tax reporting. These reclassifications have no effect on net assets or net asset values per share. There were no reclassifications made during the current year.

Note 2. Management and Advisory Fees and Other Transactions with Affiliates

SBAM acts as the investment adviser and administrator of the Fund. SBAM provides all management, advisory and administration services for the Fund. As compensation for its services, the Fund pays SBAM an investment management fee at an annual rate of 0.55% of the Fund's average weekly net assets. For purposes of calculating this fee, the liquidation value of any outstanding preferred stock of the Fund is not deducted in determining the Fund's average weekly net assets. This fee is calculated daily and paid monthly.

SBAM has delegated certain administrative services to Smith Barney Fund Management LLC (["SBFM"]), another indirect wholly-owned subsidiary of Citigroup, pursuant to a Sub-Administration Agreement between SBAM and SBFM.

Note 3. Investments

For the year ended December 31, 2004, the aggregate cost of purchases and proceeds from sales of investments (excluding short-term investments) were as follows:

Purchases	\$47,758,186
	<hr/>
Sales	\$47,859,116
	<hr/>

At December 31, 2004, the aggregate gross unrealized appreciation and depreciation of investments for federal income tax purposes were as follows:

Gross unrealized appreciation	\$ 7,359,433
Gross unrealized depreciation	(106,157)
	<hr/>
Net unrealized appreciation	\$ 7,253,276
	<hr/>

Notes to Financial Statements (continued)

Note 4. Auction Rate Preferred Stock

On April 2, 1993, the Fund closed its public offering of 800 shares of \$0.001 par value Auction Rate Preferred Stock (Preferred Stock) at an offering price of \$50,000 per share. The Preferred Stock has a liquidation preference of \$50,000 per share plus an amount equal to accumulated but unpaid dividends (whether or not earned or declared) and subject to certain restrictions, are redeemable in whole or in part.

Dividend rates generally reset every 7 days and are determined by auction procedures. The dividend rates on the Preferred Stock during the year ended December 31, 2004 ranged from 0.860% to 2.375%. The weighted average dividend rate for the year ended December 31, 2004 was 1.305%.

The Fund is subject to certain restrictions relating to the Preferred Stock. The Fund may not declare dividends or make other distributions on shares of common stock or purchase any such shares if, at the time of the declaration, distribution or purchase, asset coverage with respect to the outstanding Preferred Stock would be less than 200%. The Preferred Stock is also subject to mandatory redemption at \$50,000 per share plus any accumulated or unpaid dividends, whether or not declared, if certain requirements relating to the composition of the assets and liabilities of the Fund as set forth in its Articles Supplementary are not satisfied.

The Preferred Stock Shareholders are entitled to one vote per share and generally vote with the common stock shareholders but vote separately as a class to elect two directors and on certain matters affecting the rights of the Preferred Stock.

The issuance of preferred stock poses certain risks to holders of common stock, including, among others the possibility of greater market price volatility and in certain market conditions, the yield to holders of common stock may be adversely affected.

The Fund is required to maintain certain asset coverages with respect to the Preferred Stock. If the Fund fails to maintain these coverages and does not cure any such failure within the required time period, the Fund is required to redeem a requisite number of the Preferred Stock in order to meet the applicable requirement. Additionally, failure to meet the foregoing asset requirements would restrict the Fund's ability to pay dividends to common shareholders.

Note 5. Concentration of Credit Risk

Since the Fund invests a portion of its assets in issuers located in a single state, it may be affected by economic and political developments in a specific state or region. Certain debt obligations held by the Fund are entitled to the benefit of insurance, standby letters of credit or other guarantees of banks or other financial institutions.

Notes to Financial Statements (continued)**Note 6. Events Subsequent to December 31, 2004**

Common Stock Dividends. On October 22, 2004, the Board of Directors of the Fund declared two common share dividends from net investment income, each in the amount of \$0.070 per share, payable on January 28 and February 25, 2005 to shareholders of record on January 19 and February 15, 2005, respectively. In addition, on February 4, 2005, the Board of Directors of the Fund declared three common share dividends from net investment income, each in the amount of \$0.070 per share, payable on March 18, April 29 and May 27, 2005 to shareholders of record on March 8, April 12 and May 17, 2005, respectively.

Preferred Stock Dividends. The Board of Directors designated each of the following dividend periods as a Special Rate Period. With each auction date, the regular auction procedure resumes, subject to the Fund's ability to designate any subsequent dividend period as a Special Rate Period.

Auction Date	Commencement of Rate Period	Rate Effective Through	Preferred Rate
12/27/04	12/28/04	1/3/05	1.800%
1/3/05	1/4/05	1/10/05	1.850
1/10/05	1/11/05	1/17/05	1.852

1/24/05	1/25/05	1/31/05	1.819

Note 7. Income Tax Information & Distributions to Shareholders

The tax character of distributions paid during the years ended December 31, were as follows:

	2004	2003
Distributions from:		
Tax exempt	\$5,322,559	\$5,241,814
Ordinary income	767	□
Net long-term capital gains	427,465	□
Total Distribution Paid	<u>\$5,750,791</u>	<u>\$5,241,814</u>

As of December 31, 2004, the components of accumulated earnings on a tax basis were as follows:

Undistributed tax exempt	\$1,457,477
Other book/tax temporary differences	(128,314)*
Unrealized appreciation	7,253,276**
Total accumulated earnings	<u>\$8,582,439</u>

* *Other book/tax temporary differences are attributable primarily to the deferral of post-October capital losses for tax purposes and the difference between cash and accrual basis dividends paid.*

** *The difference between book-basis and tax-basis unrealized appreciation/(depreciation) is attributable primarily to the tax deferral of losses on wash sales.*

Note 8. Additional Information

In connection with an investigation previously disclosed by Citigroup, the Staff of the Securities and Exchange Commission (SEC) has notified Citigroup Asset Management (CAM), the Citigroup business unit that includes the funds' investment manager and other investment advisory companies; Citicorp Trust Bank (CTB), an affiliate of CAM; Thomas W. Jones, the former CEO of CAM; and three other individuals, one of whom is an employee and two of whom are former employees of CAM, that the SEC Staff is considering recommending a civil injunctive action and/or an administrative proceeding against each of them relating to the creation and operation of an internal transfer agent unit to serve various CAM-managed funds.

In 1999, CTB entered the transfer agent business. CTB hired an unaffiliated subcontractor to perform some of the transfer agent services. The subcontractor, in exchange, had signed a separate agreement with CAM in 1998 that guaranteed investment management revenue to CAM and investment banking revenue to a CAM affiliate. The subcontractor's business was later taken over by PFPC Inc., and at that time the revenue guarantee was eliminated and a one-time payment was made by the subcontractor to a CAM affiliate.

CAM did not disclose the revenue guarantee when the boards of various CAM-managed funds hired CTB as transfer agent. Nor did CAM disclose to the boards of the various CAM-managed funds the one-time payment received by the CAM affiliate when it was made. As previously disclosed, CAM has already paid the applicable funds, primarily through voluntary fee waivers, a total of approximately \$17 million (plus interest) that is the amount of the revenue received by Citigroup relating to the revenue guarantee.

In addition, the SEC Staff has indicated that it is considering recommending action based on the adequacy of the disclosures made to the fund boards that approved the transfer agency arrangement, CAM's initiation and operation of, and compensation for, the transfer agent business and CAM's retention of, and agreements with, the subcontractor.

Citigroup is cooperating fully in the SEC's investigation and is seeking to resolve the matter in discussions with the SEC Staff. On January 20, 2005, Citigroup stated that it had established an aggregate reserve of \$196 million (\$25 million in the third quarter of 2004 and \$171 million in the fourth quarter of 2004) related to its discussions with the SEC Staff. Settlement negotiations are ongoing and any settlement of this matter with the SEC will require approval by the Citigroup Board and acceptance by the Commission.

Unless and until any settlement is consummated, there can be no assurance that any amount reserved by Citigroup will be distributed. Nor is there at this time any certainty as to how the proceeds of any settlement would be distributed, to whom any such distribution would be made, the methodology by which such distribution would be allocated, and when such distribution would be made.

Although there can be no assurance, Citigroup does not believe that this matter will have a material adverse effect on the Fund. The Fund did not implement the contractual arrangement described above and will not receive any payments.

Report of Independent Registered Public Accounting Firm

To the Board of Directors and Shareholders of
Salomon Brothers Municipal Partners Fund Inc.

In our opinion, the accompanying statement of assets and liabilities, including the schedule of investments, and the related statements of operations, of changes in net assets and of cash flows and the financial highlights present fairly, in all material respects, the financial position of Salomon Brothers Municipal Partners Fund Inc. (the "Fund") at December 31, 2004, the results of its operations for the year then ended, the changes in its net assets for each of the two years in the period then ended, and the financial highlights for each of the five years in the period then ended, in conformity with accounting principles generally accepted in the United States of America. These financial statements and financial highlights (hereafter referred to as "financial statements") are the responsibility of the Fund's management; our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audits of these financial statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits, which included confirmation of securities at December 31, 2004 by correspondence with the custodian, provide a reasonable basis for our opinion.

Dividend Reinvestment Plan (unaudited)

Pursuant to certain rules of the Securities and Exchange Commission, the following additional disclosure is provided.

Pursuant to the Fund's Dividend Reinvestment Plan ("Plan"), holders of Common Stock whose shares of Common Stock are registered in their own names will be deemed to have elected to have all distributions automatically reinvested by EquiServe Trust Company, N.A. ("Plan Agent") in Fund shares pursuant to the Plan, unless they elect to receive distributions in cash. Holders of Common Stock who elect to receive distributions in cash will receive all distributions in cash by check in dollars mailed directly to the holder by the Plan Agent as dividend-paying agent. Holders of Common Stock who do not wish to have distributions automatically reinvested should notify the Plan Agent at the address below. Distributions with respect to Common Stock registered in the name of a bank, broker-dealer or other nominee (i.e., in "street name") will be reinvested under the Plan unless the service is not provided by the bank, broker-dealer or other nominee or the holder elects to receive dividends and distributions in cash. Investors who own shares registered in the name of a bank, broker-dealer or other nominee should consult with such nominee as to participation in the Plan through such nominee, and may be required to have their shares registered in their own names in order to participate in the Plan.

The Plan Agent serves as agent for the holders of Common Stock in administering the Plan. After the Fund declares a dividend on the Common Stock or determines to make a capital gain distribution, the Plan Agent will, as agent for the participants, receive the cash payment and use it to buy the Fund's Common Stock in the open market, on the New York Stock Exchange or elsewhere, for the participants' accounts. The Fund will not issue any new shares of Common Stock in connection with the Plan.

Participants have the option of making additional cash payments to the Plan Agent, monthly, in a minimum amount of \$250, for investment in the Fund's Common Stock. The Plan Agent will use all such funds received from participants to purchase shares of Common Stock in the open market on or about the first business day of each month. To avoid unnecessary cash accumulations, and also to allow ample time for receipt and processing by the Plan Agent, it is suggested that participants send in voluntary cash payments to be received by the Plan Agent approximately ten days before an applicable purchase date specified above. A participant may withdraw a voluntary cash payment by written notice, if the notice is received by the Plan Agent not less than 48 hours before such payment is to be invested.

The Plan Agent maintains all shareholder accounts in the Plan and furnishes written confirmations of all transactions in an account, including information needed by shareholders for personal and tax records. Shares of Common Stock in the account of each Plan participant will be held by the Plan Agent in the name of the participant, and each shareholder's proxy will include those shares purchased pursuant to the Plan.

In the case of holders of Common Stock, such as banks, broker-dealers or other nominees, who hold shares for others who are beneficial owners, the Plan Agent will administer the Plan on the basis of the number of shares of Common Stock certified from time to time by the holders as representing the total amount registered in such holders' names and held for the account of beneficial owners that have not elected to receive distributions in cash.

Dividend Reinvestment Plan (unaudited) (continued)

There is no charge to participants for reinvesting dividends or capital gains distributions or voluntary cash payments. The Plan Agent's fees for the reinvestment of dividends and capital gains distributions and voluntary cash payments will be paid by the Fund. However, each participant will pay a pro rata share of brokerage commissions incurred with respect to the Plan Agent's open market purchases in connection with the reinvestment of dividends and distributions and voluntary cash payments made by the participant. The receipt of dividends and distributions under the Plan will not relieve participants of any income tax which may be payable on such dividends or distributions.

Participants may terminate their accounts under the Plan by notifying the Plan Agent in writing. Such termination will be effective immediately if notice in writing is received by the Plan Agent not less than ten days prior to any dividend or distribution record date. Upon termination, the Plan Agent will send the participant a certificate for the full shares held in the account and a cash adjustment for any fractional shares or, upon written instruction from the participant, the Plan Agent will sell part or all of the participant's shares and remit the proceeds to the participant, less a \$2.50 fee plus brokerage commission for the transaction.

Experience under the Plan may indicate that changes in the Plan are desirable. Accordingly, the Fund and the Plan Agent reserve the right to terminate the Plan as applied to any voluntary cash payments made and any dividend or distribution paid subsequent to notice of the termination sent to all participants in the Plan at least 30 days before the record date for the dividend or distribution. The Plan also may be amended by the Fund or the Plan Agent upon at least 30 days' written notice to participants in the Plan.

All correspondence concerning the Plan should be directed to the Plan Agent, P.O. Box 43010, Providence, Rhode Island 02940-3010.

ITEM 2. CODE OF ETHICS.

The registrant has adopted a code of ethics that applies to the registrant's principal executive officer, principal financial officer, principal accounting officer or controller.

ITEM 3. AUDIT COMMITTEE FINANCIAL EXPERT.

The Board of Directors of the registrant has determined that William R. Hutchinson, the Chairman of the Board's Audit Committee, possesses the technical attributes identified in Instruction 2(b) of Item 3 to Form N-CSR to qualify as an "audit committee financial expert," and has designated Mr. Hutchinson as the Audit Committee's financial expert. Mr. Hutchinson is an "independent" Director pursuant to paragraph (a)(2) of Item 3 to Form N-CSR.

ITEM 4. PRINCIPAL ACCOUNTANT FEES AND SERVICES

- (a) Audit Fees for Salomon Brothers Municipal Partners Fund Inc. were \$40,000 and \$40,000 for the years ended 12/31/04 and 12/31/03, respectively.
- (b) Audit-Related Fees for Salomon Brothers Municipal Partners Fund Inc. were \$32,000 and \$32,000 for the years ended 12/31/04 and 12/31/03. These amounts represent procedures performed and prepared for agreed upon procedures letter related to maintenance testing in connection with the Auction Rate Preferred Stock.

In addition, there were no Audit-Related Fees billed in the years ended 12/31/04 and 12/31/03 for assurance and related services by the Accountant to the Registrant's investment adviser (not including any sub-adviser whose role is primarily portfolio management and is subcontracted with or overseen by another investment adviser), and any entity controlling, controlled by or under common control with the investment adviser that provides ongoing services to the Salomon Brothers Municipal Partners Fund Inc. ("service affiliates"), that were reasonably related to the performance of the annual audit of the service affiliates. Accordingly, there were no such fees that required pre-approval by the Audit Committee for the period May 6, 2003 to December 31, 2004 (prior to May 6, 2003 services provided by the Accountant were not required to be pre-approved).

- (c) Tax Fees for Salomon Brothers Municipal Partners Fund Inc. were \$3,000 and \$3,000 for the years ended 12/31/04 and 12/31/03. These amounts represent aggregate fees paid for tax compliance and tax advice, which includes (the filing and amendment of federal, state and local income tax returns, timely RIC qualification review and tax distribution and analysis planning) rendered by the Accountant to Salomon Brothers Municipal Partners Fund Inc.

There were no fees billed for tax services by the Accountants to service affiliates for the period May 6, 2003 through December 31, 2004 that required pre-approval by the Audit Committee.

- (d) There were no All Other Fees for Salomon Brothers Municipal Partners Fund Inc. for the years ended 12/31/04 and 12/31/03.

All Other Fees. The aggregate fees billed for all other non-audit services rendered by the Accountant to Salomon Brothers Asset Management ("SBAM"), and any entity controlling, controlled by or under common control with SBAM that provided ongoing services to Salomon Brothers Municipal Partners Fund Inc., requiring pre-approval by the Audit Committee for the period May 6, 2003 through December 31, 2004, which included the issuance of reports on internal control under SAS No. 70 relating to various Citigroup Asset Management ("CAM") entities, a profitability review of the Adviser, and phase 1 of an analysis of Citigroup's current and future real estate occupancy requirements in the tri-state area and security risk issues in the New York metro region, were \$1.34 million; all of which were pre-approved by the Audit Committee.

- (e) (1) Audit Committee's pre-approval policies and procedures described in paragraph (c) (7) of Rule 2-01 of Regulation S-X.

The Charter for the Audit Committee (the Committee) of the Board of each registered investment company (the Fund) advised by Smith Barney Fund Management LLC or Salomon Brothers Asset Management Inc. or one of their affiliates (each, an Adviser) requires that the Committee shall approve (a) all audit and permissible non-audit services to be provided to the Fund and (b) all permissible non-audit services to be provided by the Fund's independent registered public accounting firm to the Adviser and any Covered Service Providers if the engagement relates directly to the operations and financial reporting of the Fund. The Committee may implement policies and procedures by which such services are approved other than by the full Committee.

The Committee shall not approve non-audit services that the Committee believes may impair the independence of the independent registered public accounting firm. As of the date of the approval of this Audit Committee Charter, permissible non-audit services include any professional services (including tax services), that are not prohibited services as described below, provided to the Fund by the independent registered public accounting firm, other than those provided to the Fund in connection with an audit or a review of the financial statements of the Fund. Permissible non-audit services may not include: (i) bookkeeping or other services related to the accounting records or financial statements of the Fund; (ii) financial information systems design and implementation; (iii) appraisal or valuation services, fairness opinions or contribution-in-kind reports; (iv) actuarial services; (v) internal audit outsourcing services; (vi) management functions or human resources; (vii) broker or dealer, investment adviser or investment banking services; (viii) legal services and expert services unrelated to the audit; and (ix) any other service the Public Company Accounting Oversight Board determines, by regulation, is impermissible.

Pre-approval by the Committee of any permissible non-audit services is not required so long as: (i) the aggregate amount of all such permissible non-audit services provided to the Fund, the Adviser and any service providers controlling, controlled by or under common control with the Adviser that provide ongoing services to the Fund (Covered Service Providers) constitutes not more than 5% of the total amount of revenues paid to the independent auditors during the fiscal year in which the permissible non-audit services are provided to (a) the Fund, (b) the Adviser and (c) any entity controlling, controlled by or under common control with the Adviser that provides ongoing services to the Fund during the fiscal year in which the services are provided that would have to be approved by the Committee; (ii) the permissible non-audit services were not recognized by the Fund at the time of the engagement to be non-audit services; and (iii) such services are promptly brought to the attention of the Committee and approved by the Committee (or its delegate(s)) prior to the completion of the audit.

(2) For the Salomon Brothers Municipal Partners Fund Inc., the percentage of fees that were approved by the audit committee, with respect to: Audit-Related Fees were 100% and 100% for the years ended 12/31/04 and 12/31/03; Tax Fees were 100% and 100% for the years ended 12/31/04 and 12/31/03. There were no Other Fees paid by the Salomon Brothers Municipal Partners Fund Inc.

- (f) N/A
- (g) Non-audit fees billed by the Accountant for services rendered to Salomon Brothers Municipal Partners Fund Inc. and CAM and any entity controlling, controlled by, or under common control with CAM that provides ongoing services to Salomon Brothers Municipal Partners Fund Inc. were \$2.74 million and \$6.4 million for the years ended 12/31/04 and 12/31/03.
- (h) Yes. The Salomon Brothers Municipal Partners Fund Inc.'s Audit Committee has considered whether the provision of non-audit services that were rendered to Service Affiliates which were not pre-approved (not requiring pre-approval) is compatible with maintaining the Auditor's independence. All services provided by the Accountant to the Salomon Brothers Municipal Partners Fund Inc. or to Service Affiliates which were required to be pre-approved were pre-approved as required.

ITEM 5. AUDIT COMMITTEE OF LISTED REGISTRANTS.

Not applicable.

ITEM 6. [RESERVED]

ITEM 7. DISCLOSURE OF PROXY VOTING POLICIES AND PROCEDURES FOR CLOSED-END MANAGEMENT INVESTMENT COMPANIES.

The Board of Directors of the Fund has delegated the authority to develop policies and procedures relating to proxy voting to the Manager. The Manager is part of Citigroup Asset Management (CAM), a group of investment adviser affiliates of Citigroup, Inc. (Citigroup). Along with the other investment advisers that comprise CAM, the Manager has adopted a set of proxy voting policies and procedures (the Policies) to ensure that the Manager votes proxies relating to equity securities in the best interest of clients.

In voting proxies, the Manager is guided by general fiduciary principles and seeks to act prudently and solely in the best interest of clients. The Manager attempts to consider all factors that could affect the value of the investment and will vote proxies in the manner that it believes will be consistent with efforts to maximize shareholder values. The Manager may utilize an external service provider to provide it with information and/or a recommendation with regard to proxy votes. However, such recommendations do not relieve the Manager of its responsibility for the proxy vote.

In the case of a proxy issue for which there is a stated position in the Policies, CAM generally votes in accordance with such stated position. In the case of a proxy issue for which there is a list of factors set forth in the Policies that CAM considers in voting on such issue, CAM votes on a case-by-case basis in accordance with the general principles set forth above and considering such enumerated factors. In the case of a proxy issue for which there is no stated position or list of factors that CAM considers in voting on such issue, CAM votes on a case-by-case basis in accordance with the general principles set forth above. Issues for which there is a stated position set forth in the Policies or for which there is a list of factors set forth in the Policies that CAM considers in voting on such issues fall into a variety of categories, including election of directors, ratification of auditors, proxy tender offer defenses, capital structure issues, executive and director compensation, mergers and corporate restructurings, and social and environmental issues. The stated position on an issue set forth in the Policies can always be superseded, subject to the duty to act solely in the best interest of the beneficial owners of accounts, by the investment management professionals responsible for the account whose shares are being voted. Issues applicable to a particular industry may cause CAM to abandon a policy that would have otherwise applied to issuers generally. As a result of the independent investment advisory services provided by distinct CAM business units, there may be occasions when different business units or different portfolio managers within the same business unit vote differently on the same issue.

In furtherance of the Manager's goal to vote proxies in the best interest of clients, the Manager follows procedures designed to identify and address material conflicts that may arise between the Manager's interests and those of its clients before voting proxies on behalf of such clients. To seek to identify conflicts of interest, CAM periodically notifies CAM employees (including employees of the Manager) in writing that they are under an obligation (i) to be aware of the potential for conflicts of interest with respect to voting proxies on behalf of client accounts both as a result of their personal relationships and due to special circumstances that may arise during the conduct of CAM's and the Manager's business, and (ii) to bring conflicts of interest of which they become aware to the attention of compliance personnel. The Manager also maintains and considers a list of significant relationships that could present a conflict of interest for the Manager in voting proxies. The Manager is also sensitive to the fact that a significant, publicized relationship between an issuer and a non-CAM affiliate might appear to the public to influence the manner in which the Manager decides to vote a proxy with respect to such issuer. Absent special circumstances or a significant, publicized non-CAM affiliate relationship that CAM or the Manager for prudential reasons treats as a potential conflict of interest because such relationship might appear to the public to influence the manner in which the Manager decides to vote a proxy, the Manager generally takes the position that non-CAM relationships between Citigroup and an issuer (e.g. investment banking or banking) do not present a conflict of interest for the Manager in voting proxies with respect to such issuer. Such position is based on the fact that the Manager is operated as an independent business unit from other Citigroup business units as well as on the existence of information barriers between the Manager and certain other Citigroup business units.

CAM maintains a Proxy Voting Committee, of which the Manager personnel are members, to review and address conflicts of interest brought to its attention by compliance personnel. A proxy issue that will be voted in accordance with a stated position on an issue or in accordance with the recommendation of an independent third party is not brought to the attention of the Proxy Voting Committee for a conflict of interest review because the Manager's position is that to the extent a conflict of interest issue exists, it is resolved by voting in accordance with a pre-determined policy or in accordance with the recommendation of an independent third party. With respect to a conflict of interest brought to its attention, the Proxy Voting Committee first determines whether such conflict of interest is material. A conflict of interest is considered material to the extent that it is determined that such conflict is likely to influence, or appear to influence, the Manager's decision-making in voting proxies. If it is determined by the Proxy Voting Committee that a conflict of interest is not material, the Manager may vote proxies notwithstanding the existence of the conflict.

If it is determined by the Proxy Voting Committee that a conflict of interest is material, the Proxy Voting Committee is responsible for determining an appropriate method to resolve such conflict of interest before the proxy affected by the conflict of interest is voted. Such determination is based on the particular facts and circumstances, including the importance of the proxy issue and the nature of the conflict of interest. Methods of resolving a material conflict of interest may include, but are not limited to, disclosing the conflict to clients and obtaining their consent before voting, or suggesting to clients that they engage another party to vote the proxy on their behalf.

ITEM 10. CONTROLS AND PROCEDURES.

- (a) The registrant's principal executive officer and principal financial officer have concluded that the registrant's disclosure controls and procedures (as defined in Rule 30a-3(c) under the Investment Company Act of 1940, as amended (the "1940 Act")) are effective as of a date within 90 days of the filing date of this report that includes the disclosure required by this paragraph, based on their evaluation of the disclosure controls and procedures required

by Rule 30a-3(b) under the 1940 Act and 15d-15(b) under the Securities Exchange Act of 1934.

- (b) There were no changes in the registrant's internal control over financial reporting (as defined in Rule 30a-3(d) under the 1940 Act) that occurred during the registrant's last fiscal half-year (the registrant's second fiscal half-year in the case of an annual report) that have materially affected, or are likely to materially affect the registrant's internal control over financial reporting.
