QUINTEK TECHNOLOGIES, INC. NOTES TO THE FINANCIAL STATEMENTS (Unaudited)

1. Description of business

The Company was originally incorporated under the laws of the State of California on April 16, 1993, as Quintek Electronics, Inc. On January 14, 1999, the Company merged with Pacific Diagnostic Technologies, Inc. in a business combination accounted for as a purchase. The acquisition took place under a plan of reorganization. Quintek Electronics, Inc. ("QEI") became public when it was acquired by Pacific Diagnostic Technologies, Inc. ("PDX") through a reverse merger and Chapter 11 Plan of Reorganization. Under the plan, all assets of QEI were sold to PDX, all PDX management resigned once the Plan was confirmed, and QEI's management and operating plan were adopted by the new operating entity. Shortly after the confirmation of the plan, the name of the reorganized debtor was changed to Quintek Technologies, Inc. ("QTI"). QTI assumed the assets, liabilities, technology and public position of both QEI and PDX. At the time of the merger, PDX was a non operating public entity and QTI has no intention of carrying on the former operations of PDX.

The plan was structured to compensate all related parties with common stock and units. Each unit consisted of one share of common stock, one Class A warrant, one Class B warrant, one Class C warrant and one Class D warrant. PDX shareholders received unrestricted units at a ratio of one QTI unit for 25 shares of PDX stock, resulting in a distribution of 310,535 units. PDX creditors received unrestricted QTI units at a ratio of one QTI unit for \$3 of previous PDX debt, resulting in a net distribution of 885,549 units. Chapter 11 administrators and consultants received approximately 610,000 unrestricted QTI shares, attorneys received 220,000 unrestricted units and market-makers received 200,000 unrestricted units. QEI shareholders received 11,096,167 shares of restricted common stock.

On February 24, 2000, the Company acquired all of the outstanding common stock of Juniper Acquisition Corporation ("Juniper"). For accounting purposes, the acquisition has been treated as a capitalization of the Company with the Company as the acquirer (reverse acquisition). The historical financial statements prior to February 24, 2000 are those of the Company.

Quintek provides business process outsourcing services to Fortune 500, Russell 2000 companies and public sector organizations. The Company's business process

Edgar Filing: QUINTEK TECHNOLOGIES INC - Form 10QSB

outsourcing services range from the digitizing, indexing, and uploading of source documents through simple customer-specific, rules-based decision making. The Company sells hardware, software and services for printing large-format drawings such as blueprints and computer-aided design (CAD) files directly to the microfilm format off aperture cards. The Company is the only manufacturer of a patented, chemical-free desktop microfilm printer for aperture cards.

2. Basis of Presentation

The accompanying unaudited financial statements of Quintek have been prepared in accordance with the rules and regulations of the Securities and Exchange Commission for the presentation of interim financial information, but do not include all the information and footnotes required by generally accepted accounting principles for complete financial statements. In the opinion of management, the accompanying unaudited financial statements of the Company include all adjustments (consisting only of normal recurring adjustments)

7

considered necessary to present fairly its financial position as of December 31, 2004, the results of operations for the six months ended December 31, 2004 and 2003, and cash flows for the six months ended December 31, 2004 and 2003. The operating results for the six month period ended December 31, 2004 are not necessarily indicative of the results that may be expected for the year ending June 30, 2005. The audited financial statements for the year ended June 30, 2004 were filed on October 1, 2004 with the Securities and Exchange Commission and is hereby referenced. The information included in this Form 10-QSB should be read in conjunction with Management's Discussion and Analysis and financial statements and notes thereto included in the Company's 2004 Form 10-KSB.

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Research and development

Research and development costs are charged to operations when incurred and are included in operating expenses. The amount charged to operations for the six months ended December 31, 2004 and 2003 was \$37,384 and \$25,022, respectively.

Marketable securities and realized loss due to decline in market value

On July 29, 2004, the Company entered into an Agreement with LANGLEY PARK INVESTMENTS PLC, a London Investment Company to issue 14,000,000 shares of the Company's common stock to Langley in return for 1,145,595 shares of Langley. Fifty percent of Langley shares issued to the Company under this agreement is to be held in escrow for two years. The Company recorded realized loss of \$ 2,346,564 due to permanent decline based on the market value of shares on December 31, 2004 which is reflected as realized loss on marketable securities in the operating expenses in the accompanying financials statements. At the end of two years if the market price for the Company's common stock is at or greater than the Initial Closing Price, the escrow agent will release the full amount. In the event that the market price for the Company's common stock is less than the Initial Closing Price the amount released will be adjusted.

Edgar Filing: QUINTEK TECHNOLOGIES INC - Form 10QSB

Langley attained listing with the United Kingdom Listing Authority. The Company's shares are to be held by Langley for a period of at least two years. Langley shares issued to the Company are to be free trading.

The Company's marketable securities (Langley's shares) are classified as available-for-sale and, as such, are carried at fair value. Securities classified as available-for-sale may be sold in response to changes in interest rates, liquidity needs, and for other purposes. The investment in marketable securities represents less than twenty percent (20%) of the outstanding common stock and stock equivalents of the investee. As such, the investment is accounted for in accordance with the provisions of SFAS No. 115.

Unrealized holding gains and losses for marketable securities are excluded from earnings and reported as a separate component of stockholder's equity. Realized gains and losses for securities classified as available-for-sale are reported in earnings based upon the adjusted cost of the specific security sold. On December 31, 2004, the investments have been recorded as shown below based upon the fair value of the marketable securities.

Marketable securities classified as available for sale consisted of the following as of December 31, 2004:

8

Stock-based compensation

SFAS No. 123 prescribes accounting and reporting standards for all stock-based compensation plans, including employee stock options, restricted stock, employee stock purchase plans and stock appreciation rights. SFAS No. 123 requires compensation expense to be recorded (i) using the new fair value method or (ii) using the existing accounting rules prescribed by Accounting Principles Board Opinion No. 25, "Accounting for stock issued to employees" (APB 25) and related interpretations with pro-forma disclosure of what net income and earnings per share would have been had the Company adopted the new fair value method. The Company has chosen to account for stock-based compensation using Accounting Principles Board Opinion No. 25, "Accounting for Stock Issued to Employees" and has adopted the disclosure only provisions of SFAS 123. Accordingly, compensation cost for stock options is measured as the excess, if any, of the quoted market price of the Company's stock at the date of the grant over the amount an employee is required to pay for the stock.

The Company's board of directors authorized a stock award and long-term incentive plan which includes stock appreciation rights and certain stock

Edgar Filing: QUINTEK TECHNOLOGIES INC - Form 10QSB

incentive awards. The plan was approved by the shareholders as of June 30, 2004.

Basic and diluted net loss per share

Net loss per share is calculated in accordance with the Statement of financial accounting standards No. 128 (SFAS No. 128), "Earnings per share". SFAS No. 128 superseded Accounting Principles Board Opinion No.15 (APB 15). Net loss per share for all periods presented has been restated to reflect the adoption of SFAS No. 128. Basic net loss per share is based upon the weighted average number of common shares outstanding. Diluted net loss per share is based on the assumption that all dilutive convertible shares and stock options were converted or exercised. Dilution is computed by applying the treasury stock method. Under this method, options and warrants are assumed to be exercised at the beginning of the period (or at the time of issuance, if later), and as if funds obtained thereby were used to purchase common stock at the average market price during the period. Issuance of shares for service

The Company accounts for the issuance of equity instruments to acquire goods and services based on the fair value of the goods and services or the fair value of the equity instrument at the time of issuance, whichever is more reliably measurable.

Reporting segments

Statement of financial accounting standards No. 131, Disclosures about segments of an enterprise and related information (SFAS No. 131), which superseded statement of financial accounting standards No. 14, Financial reporting for

9

segments of a business enterprise, establishes standards for the way that public enterprises report information about operating segments in annual financial statements and requires reporting of selected information about operating segments in interim financial statements regarding products and services, geographic areas and major customers. SFAS No. 131 defines operating segments as components of an enterprise about which separate financial information is available that is evaluated regularly by the chief operating decision maker in deciding how to allocate resources and in assessing performances. Currently, SFAS 131 has no effect on the Company's financial statements as substantially all of the Company's operations are conducted in one industry segment.

Reclassifications

Certain comparative amounts have been reclassified to conform with the current period presentation.

Recent Pronouncements

In December 2002, the FASB issued SFAS No. 148 "Accounting for Stock Based Compensation-Transition and Disclosure". SFAS No. 148 amends SFAS No. 123, "Accounting for Stock Based Compensation", to provide alternative methods of transition for a voluntary change to the fair value based method of accounting for stock-based employee compensation. In addition, this Statement amends the disclosure requirements of Statement 123 to require prominent disclosures in both annual and interim financial statements about the method of accounting for stock-based employee compensation and the effect of the method used, on reported results. The Statement is effective for the Companies' interim reporting period ending January 31, 2003.

In compliance with FAS No. 148, the Company has elected to continue to follow the intrinsic value method in accounting for its stock-based employee

Edgar Filing: QUINTEK TECHNOLOGIES INC - Form 10QSB

compensation plan as defined by APB No. 25 and has made the applicable disclosures below.

Had the Company determined employee stock based compensation cost based on a fair value model at the grant date for its stock options under SFAS 123, the Company's net earnings per share would have been adjusted to the pro forma amounts for the period ended December 31, 2004 and 2003, as follows (\$ in thousands, except per share amounts):

In December 2004, the FASB issued FASB Statement No. 123R, "Share-Based Payment, an Amendment of FASB Statement No. 123" ("FAS No. 123R"). FAS No. 123R requires companies to recognize in the statement of operations the grant-date fair value of stock options and other equity-based compensation issued to employees. FAS No. 123R is effective beginning in the Company's second quarter of fiscal 2006. The Company believes that the adoption of this standard will have no material impact on its financial statements.

In December 2004, the FASB issued SFAS Statement No. 153, "Exchanges of Nonmonetary Assets." The Statement is an amendment of APB Opinion No. 29 to eliminate the exception for nonmonetary exchanges of similar productive assets and replaces it with a general exception for exchanges of nonmonetary assets that do not have commercial substance. The Company believes that the adoption of this standard will have no material impact on its financial statements.

In March 2004, the Emerging Issues Task Force ("EITF") reached a consensus on Issue No. 03-1, "The Meaning of Other-Than-Temporary Impairment and its Application to Certain Investments." The EITF reached a consensus about the criteria that should be used to determine when an investment is considered impaired, whether that impairment is other-than-temporary, and the measurement of an impairment loss and how that criteria should be applied to investments accounted for under SFAS No. 115, "ACCOUNTING IN CERTAIN INVESTMENTS IN DEBT AND EQUITY SECURITIES." EITF 03-01 also included accounting considerations subsequent to the recognition of an other-than-temporary impairment and requires certain disclosures about unrealized losses that have not been recognized as other-than-temporary impairments. Additionally, EITF 03-01 includes new disclosure requirements for investments that are deemed to be temporarily

Edgar Filing: QUINTEK TECHNOLOGIES INC - Form 10QSB

impaired. In September 2004, the Financial Accounting Standards Board (FASB) delayed the accounting provisions of EITF 03-01; however the disclosure requirements remain effective for annual reports ending after June 15, 2004. The Company will evaluate the impact of EITF 03-01 once final guidance is issued.

3. PROPERTY AND EQUIPMENT

Property and equipment at December 31, 2004, consists of the following:

Scanning Equipment	\$ 199,966

4. RESTRICTED CASH

The Company entered into a consulting agreement with GMAC under which they are required to provide at their own cost a performance bond. Such bond shall be solely for the protection of the client. The initial bond was drafted in the amount of \$250,000 and will cover 12 months starting October 1st, 2004.

11

The Company opened a certificate of deposit for one year, for \$ 250,000.

6. FACTORING PAYABLE

The Company has entered into an agreement with a factoring company ("the Factor") to factor purchase orders with recourse. The Factor funds 97% or 90% based upon the status of the purchase order. The Factor has agreed to purchase up to \$4,800,000 of qualified purchase orders over the term of the agreement; however, the Factor does not have to purchase more than \$200,000 in any given month. The agreement term is from June 2, 2003 to June 2, 2005. The Company will pay a late fee of 3% for payments not made within 30 days and 5% for those not made in 60 days. At the option of the Factor, the late fees may be paid with Company stock. If paid by Company stock, the stock bid price will be discounted

Edgar Filing: QUINTEK TECHNOLOGIES INC - Form 10QSB

50% in computing the shares to be issued in payment of the late fee.

The Company has agreed to issue the Factor 1,500,000 warrants purchasing the Company's stock as a fee for the factoring agreement. The stock issued under the warrants can be purchased at the average closing price of the Company's stock for the 90 days prior to the factoring agreement.

The Company has also issued the Factor bonus warrants. The Factor will receive two (2) bonus warrants for each dollar of purchase orders purchased. The bonus warrants will be exercisable at the average closing price of the Company's common stock for the 90 days prior to the purchase order transactions they represent or a 50% discount to the closing price of the Company's stock at the time exercised at the option of the Factor. Both warrants are for a five year period.

At December 31, 2004, the Company had a factoring payable balance of \$136,722.

7. PAYROLL TAXES-ASSUMED IN MERGER

The Company assumed \$205,618 of payroll tax liabilities in the merger with Pacific Diagnostic Technologies, Inc. The balance was \$96,661 at December 31, 2004. The Company is delinquent on payments of these payroll tax liabilities.

2002. The holders of the matured bonds do not wish to renew the bonds and have asked for payment; however, the Company does not have the cash to repay these bonds.

Bondholders have been asked to exchange their bonds for preferred stock. As of December 31, 2004, holders of \$198,000 of the bonds including accrued interest had acted on this. The Company issued Series A Preferred shares in amount of \$36,000 and Series B Preferred shares in the amount of \$162,000 as of December 31, 2004.

10. CONVERTIBLE DEBENTURES

During the period ended December 31, 2004, the Company raised capital through the issuance of convertible debentures in the amount of \$425,000.

One debenture in the amount of \$300,000 pays interest at 5 3/4% interests and includes 3,000,000 warrants to purchase common stock for a period of three years at \$1.00. The "Conversion Price" shall be equal to the lesser of (i) \$0.50, or (ii) 80% of the average of the 5 lowest Volume Weighted Average Prices during the 20 Trading Days prior to Holder's election to convert, or (iii) 80% of the Volume Weighted Average Price on the Trading Day prior to Holder's election to convert market price of the Company's common stock prior to conversion. Upon conversion of the debenture, the fund is obligated to simultaneously exercise the \$1.00 warrants providing added funding to the company. The Warrant must be exercised concurrently with the conversion of this Debenture in an amount equal to ten times the dollar amount of the Debenture conversion. Upon execution of the securities purchase agreement, \$225,000 of the purchase price was due and paid to the Company. The remaining \$75,000 is due the Company upon declaration from the Securities and Exchange Commission that the Registration Statement for the conversion shares and warrants is effective.

A second agreement consists of two convertible debentures each for \$100,000 which bears simple interest at 10%. The initial Debenture for \$100,000 was purchased during August 2004. The second Debenture for \$100,000 was purchased on November 11, 2004. Debentures are convertible into the Common stock of the Company. Conversion Price per share shall be the lower of (i) \$0.10 ("Maximum Base Price"); or (ii) in the event the Borrower enters into an agreement subsequent to execution of the Securities Purchase Agreement to sell Common

13

Stock or a convertible instrument that converts into Common Stock prior to conversion of this Debenture at a price less than the Conversion Price of this Debenture, then the Conversion Price of this Debenture shall be immediately reset to a lower Conversion Price equal to that described in the subsequent agreement. Warrants are exercisable at \$0.12 per share into the Common Stock of the Company and expire on August 17, 2007.

The conversion right of the debenture holder with respect to the individual debentures shall only exist upon the Company's registration statement registering the Shares underlying the debentures and other Securities being declared effective by the Securities and Exchange Commission. As of December 31, 2004, the criteria to convert the debentures to common stock were not met.

The total interest on these convertible debentures for the period ended December 31, 2004 amounted to \$5,881.

11. CONVERTIBLE NOTES

During the period ended December 31, 2004, the Company raised capital through

Edgar Filing: QUINTEK TECHNOLOGIES INC - Form 10QSB

the issuance of convertible promissory notes in the amount of \$500,000. All the notes are for a one year period and bear simple interest at the rate of 10%. The due dates of these notes are from November 26, 2004 through June 4, 2005.

The notes plus any accrued interest through the date of conversion are convertible to the common stock of the Company at \$0.06. Additionally, the holder will receive one bonus warrant for each conversion share. Each bonus warrant will be exercisable for a period of 5 years from the date of issuance into one share of common stock at a price of \$0.10.

The conversion right of the note holder with respect to the individual notes shall only exist upon: (i) the approval of a proxy statement to be filed with the Securities and Exchange Commission and approval of an amendment by the Company's shareholders to authorize to 200,000,000 the number of shares of common stock and (ii) the Company's registration statement registering the Shares underlying the notes and other Securities has been declared effective by the Securities and Exchange Commission. As of December 31, 2004, the criteria to convert the notes to common stock were not met.

The total interest on these convertible notes for the period December 31, 2004 amounted to \$25,000.

b) Securities and Exchange Commission Inquiry

On September 17, 2002, the Company was advised by the staff of the U.S. Securities and Exchange Commission that they will recommend that the Commission file civil injunctive

Lawsuits against the Company and its president, Thomas W. Sims. The suits would allege that the Company violated Section 17(a) of the Securities Act of 1933 and Sections 10(b) and 13(a) of the Securities Exchange Act of 1934 and Rules 10b-5, 13a-1, and 13a-13, based on false and misleading statements in press releases disseminated by the Company on October 22, 2001 and October 25, 2001, regarding the Company's investment in PanaMed Corp. and the press releases disseminated on January 8, 2002 and March 20, 2002, and failure to timely file annual and quarterly reports with the Commission. On March 25, 2003, the Company signed, without admitting or denying the allegations, a proposed settlement agreement with the U.S. Securities and Exchange Commission, which permanently restrains and enjoins the Company from engaging in acts which would constitute violations of these regulations in the future. On August 6, 2003, a final judgment was entered by the U.S. District Court, Central District of California, against the Company which permanently enjoined the Company from violating Section 10(b) of the Exchange Act and Rule 10b-5 promulgated thereunder by using any means or instrumentality of interstate commerce, or of the mails, or of any national securities exchange: (A) to employ any device, scheme or artifice to defraud; (B) to make any untrue statement of a material fact or omitting to state a material fact necessary in order to make the statements made, in the light of the circumstances under which they were made, not misleading; or (C) to engage in any act, practice, or course of business which operates or would operate as a fraud or deceit upon any person, in connection with the purchase or sale of any security. Further, the final judgment permanently enjoined the Company from violating Section 13(a) of the Exchange Act and Rules 13a-1 and 13a-13 promulgated thereunder, by failing to file with the Commission in accordance with Commission rules and regulations, information and documents required by the Commission to keep current information and documents required in or with an application or registration statement filed pursuant to Section 12 of the Exchange Act or annual or quarterly reports as the Commission has prescribed.

c) Litigation

On April 16, 2004, a creditor of the Company filed suit against the Company for \$22,662 for goods provided. The Company filed a counterclaim against the creditor on August 23, 2004. On January 18, 2005, the Court granted Judgment for the sum of \$21,000 in favor of the creditor. The amount of Judgment of \$21,000 is included in accounts payable and accrued expenses in the accompanying financial statements as of December 31, 2004.

16. BASIC AND DILUTED NET LOSS PER SHARE

Net loss per share is calculated in accordance with the Statement of financial accounting standards No. 128 (SFAS No. 128), "Earnings per share." Basic net loss per share is based upon the weighted average number of common shares outstanding. Diluted net loss per share is based on the assumption that all dilutive convertible shares and stock options were converted or exercised.

Edgar Filing: QUINTEK TECHNOLOGIES INC - Form 10QSB

Dilution is computed by applying the treasury stock method. Under this method, options and warrants are assumed to be exercised at the beginning of the period (or at the time of issuance, if later), and as if funds obtained thereby were used to purchase common stock at the average market price during the period.

Weighted average number of shares used to compute basic and diluted loss per share for the period ended December 31, 2004 and 2003 are the same since the effect of dilutive securities is anti-dilutive.

17. GOING CONCERN

The accompanying financial statements have been prepared in conformity with generally accepted accounting principles, which contemplate continuation of the Company as a going concern. This basis of accounting contemplates the recovery of the Company's assets and the satisfaction of its liabilities in the normal course of business. Through December 31, 2004, the Company had incurred cumulative losses of \$28,687,728 including net losses of \$5,626,663 and \$366,598 for the periods ended December 31, 2004 and 2003 respectively. In view of the matters described in the preceding paragraph, recoverability of a major portion of the recorded asset amounts shown in the accompanying balance sheet is dependent upon continued operations of the Company, which in turn is dependent upon the Company's ability to raise additional capital, obtain financing and to succeed in its future operations. The financial statements do not include any adjustments relating to the recoverability and classification of recorded asset amounts or amounts and classification of liabilities that might be necessary should the Company be unable to continue as a going concern.

Management has taken the following steps to revise its operating and financial requirements, which it believes are sufficient to provide the Company with the ability to continue as a going concern. Management devoted considerable effort during the period ended December 31, 2004, towards (i) obtaining additional equity financing and (ii) evaluation of its distribution and marketing methods.

18. SUBSEQUENT EVENTS

Item 2. Management's Discussion and Analysis

2.1 Results of Operations

Our revenues totaled \$322,413 and \$77,248 for the three months ended December 31, 2004 and 2003, and \$436,679 and \$185,425 for the six months ended December 31, 2004 and 2003 respectively, an increase of \$245,165 for the three months and \$251,254 for the six months ended December 31, 2004, primarily due to changing the company's sales focus to the services business. Revenues in the previous period resulted primarily from sales of equipment, aperture card media, and maintenance services. Revenues in this period included \$272,277 from the business optimization services.

For the three months ended December 31, 2004 and 2003, cost of sales was \$271,773 and \$60,673, respectively, an increase of \$211,100 in 2004. For the six months ended December 31, 2004 and 2003, cost of sales was \$356,254 and \$113,583, respectively, an increase of \$242,671 in 2004. Cost of sales during 2004 consisted primarily of labor, facility and equipment lease costs whereas cost of sales during 2003 consisted primarily of labor and production costs.

Operating expenses totaled \$3,774,136 and \$4,976,245 for the three month and six month period ended December 31, 2004 as compared to \$261,560 and \$427,458 for the same period in 2003, a \$3,512,576 and \$4,548,787 increase in 2004, primarily due to a decline of \$2,346,564 in value of marketable securities, increase in sales related expenses and stock-based compensation for consulting services.

Non-operating expenses totaled \$700,047 and \$722,164 for the three and six month period ended December 31, 2004 as compared to \$7,904 and \$10,982 for the same period in 2003, a \$692,143 and \$711,082 increase in 2004 primarily due to loss of conversion of debt to equity.

During the three months ended December 31, 2004, the Company billed on five (5) contracts for document services, 18 maintenance contracts, two (2) network upgrades and 12,000 aperture cards compared to the three months ended September 30, 2004, the Company billed on 3 contracts for document services, (19) maintenance contracts, (1) network upgrades, and 18,000 aperture cards.

20

2.2 Liquidity and capital resources

The Company has historically financed operations from the issuance of debt, the sale of common stock and the conversion of common stock warrants. On December 31, 2004, the Company had cash on hand of \$4,052 and working capital deficit of \$1,882,166 as compared to cash on hand of \$15,600 and working capital deficit of \$2,127,980 on June 30, 2004.

Net cash used in operating activities of \$825,185 and \$115,131 for six months ended December 31, 2004 and 2003, respectively, is attributed primarily to decline in market value of marketable securities, loss on conversion of debt to equity, an increase in stock-based compensation, issuance of stock for consulting services and accounts payable and other liabilities.

Edgar Filing: QUINTEK TECHNOLOGIES INC - Form 10QSB

Net cash used in investing activities of \$178,181 and \$15,712 for the six months ended December 31, 2004 and 2003 is primarily related to purchase of equipment made during the periods.

Net cash provided by financing activities of \$991,818 and \$112,330 for the six months ended December 31, 2004 and 2003 is based primarily on proceeds from issuance of common stock and warrants, proceeds from line of credit and issuance of debentures, offset by payments of factoring payable. The Company assumed certain payroll tax liabilities as the result of the merger with Pacific Diagnostic Technologies, Inc., on January 14, 1999. The Company has negotiated a payment plan with the Internal Revenue Service to pay the payroll taxes assumed in the merger.

The Company believes that the receipt of net proceeds from the issuance of debt, the sale of the common stock and the exercise of common stock warrants plus cash generated internally from sales will be sufficient to satisfy our future operations, working capital and other cash requirements for the remainder of the fiscal year. However, if the Company is unable to raise sufficient capital, it may need to sell certain assets, enter into new strategic partnerships, reorganize the Company, or merge with another company to effectively maintain operations. The Company's audit for the years ended June 30, 2004 and 2003 contained a going concern qualification.

Item 3. Controls and Procedures

The Company's Chief Executive Officer and Chief Financial Officer (collectively, the "Certifying Officers") are responsible for establishing and maintaining disclosure controls and procedures for the Company. Such officers have concluded (based on their evaluation of these controls and procedures as of a date within 90 days of the filing of this report) that the Company's disclosure controls and procedures are effective to ensure that information required to be disclosed by the Company in this report is accumulated and communicated to the Company's management, including its principal executive officers as appropriate, to allow timely decisions regarding required disclosure. The Certifying Officers also have indicated that there were no significant changes in the Company's internal controls or other factors that could significantly affect such controls subsequent to the date of their evaluation, and there were no corrective actions with regard to significant deficiencies and material weaknesses.

PART II -- OTHER INFORMATION

Item 1. Legal Proceedings

On April 16, 2004, Decision One Corporation filed suit in the County of Bannock, Idaho against Quintek for \$22,661.56 for goods provided. Since 2000, Decision One (formerly Imation) has been both a vendor to Quintek and a reseller of Quintek's Q4300 Printers. Quintek filed a counterclaim on August 1, 2004. Quintek asserts that Decision One used its authority as a dealer of our product to disparage us, in violation of its dealer agreement with us, and we seek relief for the hundreds of thousands of dollars in business lost because of it. On January 11, 2005, the Court granted Judgment for the sum of \$21,000 in favor of the Decision One Corporation. The Court has ruled that Quintek would be allowed to file the counterclaim under this action, rather than a separate lawsuit. The Company can appeal the Court's decision and would have until February 18, 2005 to file the Notice of Appeal. The Company is contemplating its course of action as of the date of filing of this Report.

Item 2. Unregistered Sales of Equity Securities and Use of Proceeds.

Edgar Filing: QUINTEK TECHNOLOGIES INC - Form 10QSB
