The Halozyme Therapeutics, Inc. 2006 Stock Plan (the "2006 Plan") was adopted by the Board of Directors (the "Board") on March 21, 2006, and provides for the granting of restricted stock awards, restricted stock units, incentive and nonstatutory stock options, stock appreciation rights, performance units and shares, deferred compensation awards and other stock-based awards. An aggregate of 2,000,000 shares of Company Common Stock are reserved under the 2006 Plan.

The Board will determine the purchase price payable under restricted stock purchase awards, which may be less than the then current fair market value of our Common Stock. Restricted stock awards may be subject to vesting conditions based on such service or performance criteria as the Board specifies, including the attainment of one or more performance goals. Unless otherwise provided by the Board, a participant will forfeit any shares of restricted stock as to which the restrictions have not lapsed prior to the participant's termination of service. Options granted under the 2006 Plan will generally have a 10-year term and vest at the rate of 1/4 of the shares on the first anniversary of the date of grant and 1/48 of the shares monthly thereafter. Options granted under the 2006 Plan will generally provide for full acceleration of the unvested portion of an option if the option is not assumed or substituted by an acquiring entity upon a "Change in Control," as defined under the 2006 Plan.

The 2006 Plan has not been approved by the Company's stockholders, but the Company plans on soliciting stockholder approval for the 2006 Plan in connection with the annual meeting of stockholders to be held on May 4, 2006. The Board does not plan on making any equity awards pursuant to the 2006 Plan until after the annual meeting of stockholders. The 2006 Plan is attached to this Form 8-K as Exhibit 99.1.

Item 2.02. Results of Operations and Financial Condition.
