Riverview Bancorp, Inc. Reports Profits of \$2.2 Million in Fiscal Third

Quarter as Strong Credit Quality Continues

VANCOUVER, WA -- January 22, 2008 -- Riverview Bancorp, Inc. (Nasdaq GSM:RVSB) today reported that continued excellent credit quality contributed to fiscal third quarter 2008 earnings. For the quarter ended December 31, 2007, net income was \$2.2 million, or \$0.21 per diluted share, compared to the record earnings of \$3.2 million, or \$0.28 per diluted share, posted in the third quarter of fiscal 2007. For the first nine months of fiscal 2008, net income was \$7.5 million, or \$0.67 per diluted share, compared to \$8.8 million, or \$0.77 per diluted share, in the first nine months of fiscal 2007.

``The last several months have been very challenging for Riverview, as well as the entire banking industry,`` stated Pat Sheaffer, Chairman and CEO. ``While our focus on core deposit growth and strict lending standards has resulted in continued asset growth, it has also reduced our profitability relative to last year's record setting earnings. However, we have been able to stabilize our net interest margin and maintain our credit quality despite a difficult banking environment.``

``Population growth in the Southwest Washington and metropolitan Portland, Oregon area remains strong, although we have seen the local housing markets cool off compared to the record setting pace of the last few years,`` said Ron Wyseske, President and COO. ``Despite the population growth, however, our real

Edgar Filing: RIVERVIEW BANCORP INC - Form 8-K

estate construction portfolio is now down to \$151 million from \$165 million a year ago as we maintain our tight credit standards.'

Third Quarter Fiscal 2008 Highlights (at or for the period ended December 31, 2007, compared to December 31, 2006)

- * Net income was \$2.2 million, or \$0.21 per diluted share.
- * Asset quality remains strong -- Non-performing assets are 0.14% of total assets.
- * Net interest margin was 4.71%.
- * Riverview Asset Management Corp. increased assets under management 8% to \$311 million.
- * Asset management fees increased 8% to \$545,000.
- * Cash dividends increased 10% to \$0.11 per share bringing our current dividend yield to 4.21% based on the recent share price.

Credit Quality

''Asset quality remains an important focus for us in what has become a highly competitive market,'' said Wysaske. ''While we have no sub-prime residential real estate loans in our portfolio, we continue to keep a watchful eye on our regional market and closely monitor credit risk. Credit quality remains solid, reflecting our diversified portfolio, disciplined credit practices, and experienced lending staff.'' Non-performing assets were \$1.1 million, or 0.14% of total assets, at December 31, 2007, compared to \$206,000, or 0.03% of total assets, at September 30, 2007 and \$1.3 million, or 0.15% of total assets, at December 31, 2006. The increase from the previous linked quarter is attributable to the addition of five nonaccrual loans, totaling \$937,000, which includes one commercial loan, one commercial real estate loan, one real estate construction loan, and two residential real estate loans. The allowance for loan losses, including unfunded loan commitments of \$407,000, was \$9.9 million, or 1.37% of net loans at quarter-end, compared to \$9.0 million, or 1.27% of net loans, a year ago. Management believes the allowance for loan losses is adequate to cover probable losses inherent in the loan portfolio based upon its analysis of the loan portfolio's credit quality and the current economic conditions.

Operating Results

For the third quarter of fiscal 2008, the net interest margin was 4.71% compared to 4.72% in the previous linked quarter and 4.89% in the third fiscal quarter a year ago. For the first nine months of fiscal 2008, the net interest margin was 4.75% compared to 5.03% in the first nine months of fiscal 2007. ''During the quarter our margin stabilized despite challenging market conditions. We expect improved spreads in light of the Federal Reserve rate cuts over the past four

Riverview Bancorp, Inc. 3Q08 Earnings
January 22, 2008
Page 2

months, and anticipate our margin will stabilize or improve as we see the effect of our interest-bearing deposits re-price,'' said Wysaske.

Net interest income in the third fiscal quarter of 2008 decreased to \$8.9 million compared to \$9.3 million in the third fiscal quarter a year ago, largely due to our interest-bearing assets re-pricing down faster than our interest-bearing liabilities as a result of the recent Federal Reserve rate cuts. For the first nine months of fiscal 2008, net interest income was \$26.4 million, compared to \$27.5 million in the first nine months of fiscal 2007. Non-interest income was down slightly to \$2.2 million for the quarter,

Edgar Filing: RIVERVIEW BANCORP INC - Form 8-K

compared to \$2.4 million a year ago. For the first nine months of fiscal 2008, non-interest income was \$6.7 million compared to \$6.8 million for the first nine months a year ago. ``Although fee income from Riverview Asset Management Corp. increased 15% during the first nine months of the year, it was offset by declining mortgage broker loan fees reflecting the continued slowdown in the real estate market,`` said Wysaske.

Non-interest expenses were \$7.0 million in the third quarter of fiscal 2008, an increase from \$6.5 million in the third quarter of fiscal 2007. The increase in non-interest expense is the result of the opening of new facilities and the continued expansion of our lending team. ``During the third quarter, Riverview opened a new lending center at 9200 SE Sunnybrook Road Portland, Oregon. This location features a team of three commercial lenders and will be our second lending center to serve the east Portland area,`` stated Sheaffer. ``The hiring of these additional quality lenders has helped contribute to our continued loan growth in the third quarter and we believe will generate a good deal of new business in the future.``

The efficiency ratio was 63.69% for the third quarter, compared to 55.09% in the third quarter a year ago and 62.40% for the first nine months of fiscal 2008, compared to 56.90% for the same period a year ago. The increase in the efficiency ratio is due primarily to the decline in the net interest margin and the increase in non-interest expense discussed above. ``We expect our efficiency ratio to improve as we continue to grow into our increased capacity,`` said Wysaske.

Riverview's return on average assets was 1.06% for the third quarter and 1.21% year-to-date, compared to 1.53% and 1.45% for the respective periods last year. Return on average equity was 9.30% for the quarter and 10.17% for the first nine months of fiscal 2008, compared to 13.00% and 12.15%, respectively, for the same periods last year.

Balance Sheet Growth

Total assets were \$844 million at the end of December 2007, compared to \$821 million at September 30, 2007 and \$836 million a year ago.

``The loan portfolio is still expanding, although at a more moderate pace compared to record levels set during the last few years,`` Wysaske said. ``Our goal remains keeping a well-diversified loan portfolio while maintaining excellent credit quality. Loan growth and credit quality should drive revenue growth going forward.`` Loan growth was up \$28.9 million, or 4%, over the linked September 2007 quarter-end. Net loans were \$716 million at December 31, 2007, compared to \$697 million a year ago. Commercial and construction loans account for 89% of the total loan portfolio, similar to last year.
