**METHANEX AND CELANESE ENTER INTO METHANOL OFFTAKE AGREEMENT**

November 9, 2006

Methanex Corporation has entered into an offtake agreement with Celanese Ltd, a subsidiary of Celanese Corporation, for the purchase of up to 2,350 metric tonnes per day of methanol from Celanese's production facility located near Edmonton, Alberta. The term of this agreement, which commences January 1, 2007, is three months and may be extended for an additional three month period at Methanex's option.

Methanex's Senior Vice-President, Global Marketing and Logistics, John Floren, commented, "The global methanol market continues to experience a shortage and we believe that entering into this agreement will provide much needed supply to the market. Given its location, production from this plant will enhance our reliability and security of supply to our customers in Canada and the US.

Methanex is a Vancouver based, publicly-traded company engaged in the worldwide production and marketing of methanol. Methanex shares are listed for trading on the Toronto Stock Exchange in Canada under the trading symbol "MX" and on the Nasdaq Global Market in the United States under the trading symbol "MEOH".
