Dear Fellow Maritrans Stockholder:

You are cordially invited to attend the Annual Meeting of Stockholders of Maritrans Inc. (the "Company"), which will be held on Wednesday, April 30, 2003, at 10:30 a.m., local time, at the Hotel DuPont, 11th and Market Streets, Wilmington, DE 19801.

We plan to review the business and finances of the Company as well as answer stockholder questions. The only business matter to be considered and voted upon at the meeting will be the election of three directors; one director to serve for a two-year term and two directors to serve for three-year terms as more specifically discussed in the attached Proxy Statement. Also, attached you will find the Notice of the Annual Meeting and your Proxy Form.

It is important that your shares be represented at the meeting, and we hope you will be able to attend the meeting in person. Whether or not you plan to attend the meeting, please be sure to complete and sign the enclosed Proxy Form and return it to us in the envelope provided as soon as possible so that your shares may be voted in accordance with your instructions. Your prompt response will save the Company the cost of further solicitation of unreturned proxies.

We look forward to seeing you in person on April 30, 2003.

Sincerely,

/s/ Stephen A. Van Dyck

Stephen A. Van Dyck
Chairman of the Board

NOTICE OF 2003 ANNUAL MEETING
OF STOCKHOLDERS

To Be Held April 30, 2003

The Annual Meeting of Stockholders (the "Meeting") of Maritrans Inc., a Delaware corporation (the "Company"), will be held at the Hotel DuPont, 11th and Market Streets, Wilmington, DE 19801 on Wednesday, April 30, 2003, at 10:30 a.m. local time, for the purpose of considering and voting upon the following matters:

1. The election of three directors; one director to serve for a two (2) year term and two directors to serve for a three (3) year term and;
2. The transaction of such other business as may properly come before the Meeting and any adjournments or postponements thereof.

The close of business on March 14, 2003, has been fixed as the date of record for determining stockholders of the Company entitled to receive notice of and to vote at the Meeting and any adjournments or postponements thereof.

Your attention is invited to the accompanying Proxy Statement, which forms a part of this Notice. Your vote is important. Stockholders are respectfully requested by the Board of Directors to complete and sign the accompanying Proxy Form and return it to the Company in the enclosed, postage-paid envelope, whether or not you plan to attend the meeting. If you attend the Meeting, you may revoke your proxy, if you wish, and vote in person.

By Order of the Board of Directors

NOTICE OF 2003 ANNUAL MEETING
OF STOCKHOLDERS

To Be Held April 30, 2003

PROXY STATEMENT

This Proxy Statement is furnished in connection with the solicitation of proxies by the Board of Directors (the "Board") of Maritrans Inc. (the "Company") for use at the 2003 Annual Meeting (the "Meeting") to be held on Wednesday, April 30, 2003, at 10:30 a.m., local time at the Hotel DuPont, 11th and Market Streets, Wilmington, DE 19801. Each proxy that is properly executed and returned in time for use at the Meeting will be voted at the Meeting and any adjournments or postponements thereof in accordance with the choices specified. Each proxy may be revoked by the person giving the same at any time before its exercise by notice in writing received by the Secretary.

The cost of solicitation of proxies will be borne by the Company. Solicitation will be made by mail. Additional solicitation may be made by means of follow-up letter, telephone or fax by officers and employees of the Company, who will not be specially compensated for such services. Proxy forms and materials also will be distributed to beneficial owners through brokers, custodians, nominees and similar parties, and the Company intends to reimburse such parties, upon request, for reasonable expenses incurred by them in connection with such distribution.

The Proxy Statement and the enclosed Proxy Form are first being mailed to stockholders on or about April 1, 2003. The address of the principal executive offices of the Company is: Maritrans Inc., Two Harbour Place, 302 Knights Run Avenue, Suite 1200, Tampa, FL 33602.

The Company's annual report to stockholders for the year ended December 31, 2002, including audited financial statements, is being mailed to stockholders with this Proxy Statement, but does not constitute a part of this Proxy Statement.

MATTERS TO BE ACTED UPON AT THE MEETING

As indicated in the Notice of Meeting, at the Meeting three directors will be elected; one director to serve for a two-year term and two directors to serve for a three-year term. The other four members of the Board, who are not standing for election at the meeting because their terms have not expired, will continue to serve on the Board.

VOTING AT THE MEETING

Holders of the shares of the Company's common stock, \$.01 par value ("Common Stock"), of record at the close of business on March 14, 2003, are entitled to vote at the Meeting. As of that date, 8,174,897 shares of the Common Stock were outstanding. Each stockholder entitled to vote shall have the right to one vote for each share outstanding in such stockholder's name. The presence in person or by proxy of the holders of record of a majority of the shares entitled to vote at the Meeting shall constitute a quorum.

The Company presently has no other class of stock outstanding and entitled to be voted at the Meeting. The holders of a majority of the shares entitled

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

to vote, present in person or represented by proxy, constitute a quorum. A plurality of votes cast at the Meeting is required for the election of each director. The affirmative vote of a majority of the shares present in person or represented by proxy at the Meeting and entitled to vote is required to take action with respect to any other matter as may be properly brought before the meeting, unless a different vote is required by law, the Company's Restated Certificate of Incorporation or the Company's By-Laws.

1

With regard to the election of the directors, votes may be cast in favor or withheld. Votes that are withheld will be excluded entirely from the vote and will have no effect.

Brokers that are member firms of the New York Stock Exchange and who hold shares in street name for customers have the authority to vote those shares with respect to the election of the directors if they have not received instructions from a beneficial owner. A failure by brokers to vote shares will have no effect in the outcome of the election of a director, because a director is to be elected by a plurality of the votes cast.

Shares cannot be voted at the Meeting unless the holder of record is present in person or represented by proxy. The enclosed Proxy Form is a means by which a stockholder may authorize the voting of his or her shares at the Meeting. The shares of Common Stock represented by each properly executed Proxy Form will be voted at the Meeting in accordance with each stockholder's directions. Stockholders are urged to specify their choices by marking the appropriate boxes on the enclosed Proxy Form; if no choice has been specified, the shares will be voted as recommended by the Board. If any other matters are properly presented to the Meeting for action, the proxy holders will vote the proxies (which confer discretionary authority to vote on such matters) in accordance with their best judgment.

Execution of the accompanying Proxy Form will not affect a stockholder's right to revoke it by giving written notice of revocation to the Secretary of the Company before the proxy is voted, by voting in person at the Meeting, or by executing a later-dated proxy that is received by the Company before the Meeting.

Your proxy vote is important to the Company. Accordingly, you are asked to complete, sign and return the accompanying Proxy Form, whether or not you plan to attend the Meeting, by Wednesday, April 23, 2003. If you plan to attend the Meeting to vote in person and your shares are registered with the Company's transfer agent (American Stock Transfer & Trust Company) in the name of a broker, bank or other custodian, nominee or fiduciary, you must secure a proxy from such person assigning you the right to vote your shares.

ELECTION OF DIRECTORS

The Company's Restated Certificate of Incorporation provides that the Board of Directors of the Company is classified into three classes of directors having staggered terms of office.

The Board currently is comprised of six directors serving staggered terms of office. The term of two current directors, Mr. Stephen A. Van Dyck and Dr. Robert E. Boni, will expire at the 2003 Annual Meeting. The Board has nominated Mr. Stephen A. Van Dyck and Dr. Robert E. Boni for election as directors of the Company. In addition, the Board has nominated Mr. William A. Smith for election to the Board of Directors to fill the three year term previously held by Dr. Boni. Dr. Boni's term of office would expire in 2005.

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

Mr. Van Dyck and Mr. Smith's terms of office would expire in 2006. The remaining four directors will continue to serve in accordance with their prior election.

Unless instructed otherwise, the persons named in the enclosed proxy, or their substitutes, will vote signed and returned proxies FOR the nominees. The nominees have agreed to serve if elected. The directors are to be elected by a plurality of the votes cast at the Meeting.

If for any reason not presently known, a nominee is not available for election, another person may be nominated by the Board and voted for in the discretion of the persons named in the enclosed proxy. Vacancies on the Board occurring after the election will be filled by Board appointment to serve as provided by the Company's By-Laws.

The Board of Directors recommends a vote FOR each nominee.

Requirements for Advance Notification of Nominees

Section 4.13(b) of the Company's By-Laws provides that any stockholder entitled to vote for the election of a director at a meeting may nominate a director for election if written notice of the stockholder's intent to make such a nomination is received by the Secretary of the Company not less than 14 days nor more than 50 days prior to any meeting of the stockholders called for the election of directors, with certain exceptions. This notice must contain or be accompanied by the following information:

2

- (a) the name of the stockholder who intends to make the nomination;
- (b) a representation that the stockholder is a holder of record of the Company's voting stock and intends to appear in person or by proxy at the meeting to nominate the person or persons specified in the notice;
- (c) such information regarding each nominee that would be required in a proxy statement filed pursuant to the rules of the Securities and Exchange Commission if proxies had been solicited with respect to the nominee by the management or Board of Directors of the Company;
- (d) a description of all arrangements or understandings among the stockholder and each nominee and any other person or persons (naming such person or persons) pursuant to which the nomination or nominations are to be made by the stockholder; and
- (e) the consent of each nominee to serve as a director of the Company.

Pursuant to the above requirements, the Secretary of the Company must receive appropriate notices in respect of nominations for directors no later than April 16, 2003.

COMMITTEES OF THE BOARD OF DIRECTORS

There were eight Board of Directors meetings and twelve Board of Directors Committee meetings during 2002. Each director attended more than 75% of the combined number of meetings of the Board of Directors and Committees thereof on which he served.

The Board of Directors has established standing Audit, Compensation, Finance and Nominating Committees. The principal responsibilities of the Committees are described below. The members of each Committee are identified in the director biographies set forth under "Information Regarding Nominees for Election as Directors and Regarding Continuing Directors." All members of the Committees have been deemed to be independent as defined by Section 303.01 B(2)(a) and (3) of the New York Stock Exchange listing standards.

The Audit Committee, presently consisting of three non-employee directors, met five times in 2002, and is required to meet four times annually. The members are appointed annually by the Company's Board of Directors. The Committee has responsibility for overseeing the Company's financial reporting process on behalf of the Board of Directors; reviewing the independence of the Company's independent auditors; recommending to the Board of Directors the independent auditors to be retained by the Company; reviewing the audited financial results for the Company; reviewing with the Company's independent auditors the scope and results of their quarterly reviews and annual audits; reviewing with the independent auditors and with Company management the Company's accounting and reporting principles, practices and policies and the adequacy of the Company's accounting, operating and financial methods and controls. The Audit Committee has considered the compatibility of nonaudit services with the auditor's independence. The Board of Director's has adopted a written charter for the Audit Committee.

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

The Compensation Committee, presently consisting of three non-employee directors, met four times in 2002. The Compensation Committee is required to meet twice annually. The Company's Board of Directors appoints members annually. The primary duties of the Compensation Committee are annually reviewing and recommending to the Board of Directors, for final approval, the total compensation package for all executive management employees of the Company (executive management employees are defined as the CEO, CFO, Business Leaders and others designated as "Executives" under the Company's incentive compensation plans); annually reviewing and approving the general compensation policy and practice for all other employees of the Company and its subsidiaries; determining the compensation paid to the Board of Directors; administering the Equity Compensation Plan and the 1999 Directors and Key Employees Equity Compensation Plan; reviewing and monitoring the Company's investment policy and practices with respect to the assets of the Retirement Plan and the Profit Sharing and Savings Plan; determining the contribution to the profit sharing portion of the Profit Sharing and Savings Plan; considering and recommending to the Board of Directors, when appropriate, amendments or modifications to existing compensation and employee benefit programs and the adoption of new plans; evaluating the performance of the Company's Chief Executive Officer against pre-established criteria; reviewing with the Company's Chief Executive Officer the performance of the senior officers who report to him and in conjunction with the Chief Executive Officer, establishing and monitoring the succession plan for executive management.

The Finance Committee did not meet in 2002. At its last meeting in 1999, the Finance Committee recommended and the Board subsequently adopted a redistribution of the Finance Committee's responsibilities and the suspension of the Committee to avoid redundancies and to streamline the Board processes. The Board implemented the recommendations and now, as a full Board, periodically reviews investment policies and practices and the amounts and nature of financings available to the Company and subsidiaries; monitors the status of existing financings; and considers and implements the dividend policy of the Company. The Board assigned the responsibility of reviewing and monitoring the Company's investment policy and practices with respect to the assets of the Retirement Plan and the Profit Sharing and Savings Plan to the Compensation Committee of the Board.

The Nominating Committee, presently consisting of two non-employee directors, met three times in 2002. The chair of the Committee must be a non-employee director, as must be a majority of its members. The members are appointed annually by the Company's Board of Directors. The primary duties and responsibilities of the Nominating Committee include annually determining and recommending to the Board the slate of nominees to be members of the Board that will be submitted to, and voted upon by, the stockholders; determining and recommending to the Board any individual who is to be elected by the Board as a member to fill a vacancy; annually determining and recommending to the Board those directors who are to serve as members of the various Committees of the Board and recommending chairs of each of the Committees; periodically considering the size of the Board and, when appropriate, recommending changes to the Board; periodically evaluating the standing Committees of the Board; and leading the Board self evaluation process and, when appropriate, recommending deletion or creation of additional Committees.

Each eligible employee who has completed 1,000 hours of service in an eligibility computation period becomes a participant in the Maritrans Inc. Retirement Plan. The Retirement Plan is a noncontributory defined benefit pension plan under which the contributions are actuarially determined each year. Retirement benefits are calculated, for those employees who commenced participation on or after August 14, 1984, as 48% of the average basic monthly compensation reduced by 1/30th for each year of service at retirement which is under 30 years of service, or for those employees who commenced participation before August 14, 1984, the greater of (i) the foregoing benefit or (ii) 38.5% of average basic monthly compensation reduced by 1/15th for each year of service at retirement which is under 15 years of service. Average basic monthly compensation is determined by averaging compensation for the five consecutive plan years that will produce the highest amount.

Benefits are paid in the form of a joint and survivor annuity for married participants and in the form of a ten-year certain single life annuity for unmarried participants, unless an actuarially equivalent payment option is selected. The preceding "Pension Plan Table" shows estimated annual retirement benefits, payable in the form of a ten-year certain single life annuity, at the normal retirement age of 65 for specified compensation and years of credited service classifications.

12

The Internal Revenue Code limits annual benefits that may be paid under tax qualified plans. Benefits under the Retirement Plan which exceed such limitations are payable under the Excess Benefit Plan. The Excess Benefit Plan pays a monthly benefit to the participant equal to the amount by which monthly benefits under the Retirement Plan would exceed the Internal Revenue Code limitations.

Annual compensation taken into account under the foregoing plans in 2002 for the officers listed in the Summary Compensation Table was \$440,000 for Mr. Van Dyck, \$190,040 for Mr. Doherty, \$180,000 for Mr. Hackett, \$179,923 for Mr. Bromfield, and \$166,223 for Ms. Van Dyck. Pension amounts are not subject to reduction for Social Security benefits.

Employment Agreements

On October 5, 1993, the Company entered into an Employment Agreement with Mr. Van Dyck. On April 1, 2003, the contract was amended; the resulting changes are included in the discussion below. The terms of the Employment Agreement continue until written notice of termination is given by one of the parties. The contract provides for a base salary that is set by the Company's Board of Directors and adjusted pursuant to its normal review policies. The Employment Agreement also provides for participation in the Company's cash long-term incentive plan and other benefits in accordance with the Company's current policies for senior executive officers. In addition, the Employment Agreement provides for a Special Retirement Benefit equal to a total of \$300,000 annually under the Company's qualified Retirement Plan and the Excess Benefit Plan. Mr. Van Dyck is eligible for this benefit at age 63, provided he remains an employee until age 63, unless terminated without cause or by reason of disability. A lump sum severance payment equal to 12 months of then base salary plus target incentive compensation would be payable if Mr. Van Dyck is terminated without cause. In the event Mr. Van Dyck is terminated for cause, only such compensation as has already been accrued will be paid. In the event of his termination of employment upon a change of control, the agreement provides for a lump sum payment equal to 12 months of the employee's base compensation (base salary averaged over the prior three years) and a lump sum payment equal to target incentive compensation. In addition, the agreement

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

provides that 24 months base salary (or base compensation, if following a change of control) plus incentive compensation would be payable in exchange for an agreement not to compete. Termination of employment upon a change of control is broadly defined to include involuntary termination as well as constructive termination. Mr. Van Dyck's Employment Agreement provides for payments prescribed under the death benefit plan for its senior executive officers as well as a pro rata portion of the incentive compensation, as well as a \$2.0 million insured death benefit. The Employment Agreement for Mr. Van Dyck also provides for 24 months of base salary plus and incentive compensation in the event of disability, which amounts are reduced by any amounts paid under the Company's Long-Term Disability Plan. In return, Mr. Van Dyck promises to hold in confidence confidential information about the Company and its business and not to compete with the Company (or solicit its employees) for two years following termination through any connection with a customer or competitor of the Company in a defined geographical area in which the Company does business.

Severance and Non-Competition Agreements

The Company entered into an Employment, Severance and Non-Competition Agreement with Ms. Van Dyck. The Company also entered into Severance and Non-Competition Agreements with Messrs. Bromfield, Doherty, Hackett and Nielsen. The terms of all of the agreements are for two years and are automatically renewed for successive one-year periods unless the Company gives written notice of termination. Ms. Van Dyck's agreement provides for payment equal to the preceding twelve months salary if she is terminated without cause and payment equal to the preceding twelve months salary in exchange for her agreement not to compete for a 12 month period. In the event of a termination immediately preceding or following a change of control of the Company, her agreement provides for a payment equal to 1.99 times the preceding twelve months salary plus an additional 12 months of the preceding twelve months salary in exchange for her agreement not to compete for 12 months. Mr. Bromfield's agreement provides for the payment of 12 months of base compensation if he is terminated without cause and an additional 12 months of base compensation in exchange for his agreement not to compete for 12 months. In the event of a termination immediately preceding or following a change of control of the Company, his agreement provides for a single sum payment equal to 12 months base compensation and an additional single sum payment equal to 12 months of base compensation in exchange for his agreement not to compete for 12 months. Mr. Doherty's agreement provides for the payment of 12 months of base compensation if

13

he is terminated without cause and an additional 12 months of base compensation in exchange for his agreement not to compete for 12 months. In the event of a termination immediately preceding or following a change of control of the Company, his agreement provides for a lump sum payment equal to his base compensation and an additional single sum payment equal to 12 months of base compensation in exchange for his agreement not to compete for 12 months. Mr. Hackett's agreement provides for the payment of 12 months of base salary if he is terminated without cause and an additional 12 months of base salary in exchange for his agreement not to compete for 12 months. In the event of a termination immediately preceding or following a change of control of the Company, his agreement provides for a lump sum payment equal to 1.99 times the base compensation and an additional 12 months of base compensation in exchange for his agreement not to compete for 12 months. Mr. Nielsen's agreement provides for the payment of 12 months of base salary if he is terminated without cause and in exchange for his agreement not to compete for 12 months. In the event of a change of control of the Company, Mr. Nielsen receives a single sum cash payment equal to 12 months of base salary offset by

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

any payments made under the termination provision.

If any individual covered under the above agreements is terminated for cause, only such compensation as has already been accrued will be paid. In return for the compensation outlined above, each individual promises to hold in confidence confidential information about the Company and its business and not to compete with the Company for a year following termination through any connection with a customer or competitor of the Company in a defined geographical area in which the Company does business.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. Management has the primary responsibility for the financial statements and the reporting process including the systems of internal controls. In fulfilling its oversight responsibilities, the Committee reviewed the audited financial statements included in the Annual Report with management including a discussion of the quality, not just acceptability, of accounting principles, the reasonableness of significant judgments, and the clarity of disclosure in the financial statements.

The Committee reviewed with the independent auditors, who are responsible for expressing an opinion on the conformity of the audited financial statements with generally accepted accounting principles, their judgment as to the quality, not just the acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Committee under generally accepted auditing standards in accordance with Statement of Auditing Standards No. 61. In addition, the Committee has discussed with the independent auditors the auditors' independence from management and the Company including the matters in the written disclosures required by the Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees).

The Committee discussed with the Company's independent auditors the overall scope and plans for their respective audits. The Committee met with the independent auditors to discuss the results of their examinations, their evaluations of the Company's internal controls and the overall quality of the Company's financial reporting.

Based on the reviews and discussions referred to above, the Committee recommended to the Board of Directors, and the Board has approved, that the audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2002 for filing with the Securities and Exchange Commission. The Committee and the Board have also approved the selection of the Company's independent auditors.

Respectfully Submitted,
Audit Committee of Maritrans Inc. Board of Directors

REPORT OF THE COMPENSATION COMMITTEE ON EXECUTIVE COMPENSATION

Compensation Committee Interlocks and Insider Participation

During fiscal 2002, the members of the Compensation Committee of Maritrans Inc.'s Board of Directors (the "Committee") were responsible for approving all

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

forms of executive compensation. Dr. Boni, Dr. Dorman and Mr. Stienecker comprised the Committee until May 2002, when the Board's Committees were realigned and Mr. Haab, a new director, replaced Mr. Stienecker. None of these individuals received compensation as an officer of the Company during fiscal 2002 and the Board has determined that each is an "independent director." No officer of the Company presently serves as a member of the Compensation Committee.

Report of the Compensation Committee on Executive Compensation

I. Compensation Philosophy and Strategy

Maritrans strives to increase its earnings and to enhance shareholder value by assuring an appropriate return on its assets and equity. Three elements of the business strategy critical to achieving growth in earnings are minimizing the financial risks and costs associated with a traditional marine transportation business, operating safely and positioning the Company as a long-term Jones Act carrier.

The business environment in the core business continues to be intensely competitive and subject to many rigid environmental laws and operating regulations. Maritrans believes that to be successful under these conditions requires great ingenuity, continuous learning and personal dedication in its key employees. Therefore, it is critical that Maritrans' total compensation program attracts and retains the highest caliber of people necessary to generate success for the Company and its shareholders.

Maritrans' philosophy for its executive compensation programs has been to reward the most relevant factors that drive the return to shareholders. For 2002, Maritrans' Board identified the most important factor to be the achievement of long-term shareholder value.

The Committee and management recognize the need to review continuously the Company's executive compensation program to ensure that it:

- o is effective in driving performance to achieve long-term strategic goals;
- o results in increased shareholder value;
- o is cost effective;
- o balances shareholder interests with employee rewards;
- o is well communicated and understood by program participants;
- o is competitive with other similar industry organizations; and
- o assures continued awareness of maintaining high levels of safety standards.

A study of the Company's overall executive compensation program was performed by external consultants in 2001. The focus of this study was to ensure that jobs had been documented and evaluated appropriately and that total compensation was consistent with the internal structure and external market.

II. Program Description

A. Total Compensation Approach

Maritrans' compensation strategy is to place between one-quarter and one-half of executive total compensation at risk in the form of stock-based programs. Under this strategy, Maritrans' executives can achieve total

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

compensation levels significantly above the average peer comparison levels when long-term performance significantly exceeds established goals and shareholders are rewarded through stock price growth and dividends. Likewise, total executive compensation could fall substantially below average levels when increased shareholder return is not achieved. In recognition of the Company's reduced size and relocation of its corporate headquarters outside the Mid-Atlantic metropolitan area, the Committee changed its compensation philosophy in 2001. Beginning in 2001, the Committee utilized the seventy-fifth percentile of published survey data for comparing

15

base salaries instead of the ninetieth percentile. The Committee maintained its goal of delivering maximum total compensation (base salary plus long term incentives) at a level not to exceed the seventy-fifth percentile of published survey data only with the attainment of personal goals and goals for Company financial performance. Beginning in 2002, base salaries were set to reflect performance and experience with total compensation not to exceed the seventy-fifth percentile.

B. Base Salaries

Executive base salaries are determined according to job responsibilities, strategic contribution level, market compensation data, and performance and experience criteria. Of the named executives, only Mr. Bromfield and Mr. Doherty received base salary increases. This was in recognition of Mr. Bromfield being promoted to Chief Financial Officer of Maritrans Inc. and Mr. Doherty becoming President of Maritrans General Partner Inc. The remaining three named executives, including Mr. Van Dyck, did not receive base salary increases for 2002. In fact, Mr. Van Dyck received a base salary decrease in 2001 to reflect the Company's smaller profile. Mr. Van Dyck's compensation information is available in the "Summary Compensation Table" and is discussed in Section III, "Chief Executive Officer Compensation."

C. Long-Term Incentives

Compensation from these incentive plans is based on increasing shareholder value through stock price and improving the long-term results of the Company.

The Committee believes that stock ownership by executive officers is important as it aligns a portion of each executive's compensation with the economic interest of the shareholder of the Company. The Committee believes that stock option grants provide opportunities for capital accumulation promote long-term retention and foster an executive officer's proprietary interest in the Company. Under the stock option plans, options are issued at a price equal to the fair market value of a share on the date of grant, vest in two years, and expire after ten years. The grant of stock options is discretionary. For the current option position of each executive, refer to the table, "Aggregated Option Exercises in 2002 and 2002 Year-End Options Values". Because the Company and the Committee believe that stock options are a valuable incentive, stock options have, from time to time, been extended to other individuals employed by the Company.

The Committee also believes that actual and immediate stock ownership is another integral part of promoting the shareholder economic interest and tying executive compensation directly to the success of the Company. Accordingly, all named executives also received restricted stock grants in 2002. The shares were issued at a price equal to the fair market value of a share on the date the stock was granted. Restrictions on these shares lapse on the three-year anniversary of the grant. Because the Company and the Committee believe that restricted stock is a valuable incentive, restricted stock has, from time to

Edgar Filing: MARITRANS INC /DE/ - Form DEF 14A

time, also been awarded to other individuals employed by the Company.

Effective in 2001, non-qualified stock options and restricted stock grants were awarded based on the achievement of pre-determined personal goals that were set in the previous year. These personal goals are developed based on the Company goals and strategy. The Committee believes that it is important to tie individual performance to long-term compensation. The Committee will determine the extent to which a goal has been achieved. Since the maximum stock-based incentive opportunity for executives was reduced in 2000, a long-term cash plan was introduced. This is a three-year plan tied to financial results in 2000, 2001 and 2002. This long-term cash plan projects a total cash amount payable to the executive at the end of the three-year period based on targeted earnings per share or net income results. The Committee will determine the extent to which payments will be made based on actual financial results over the period. Fifty percent of the cash award was paid to active participants during the fourth quarter of 2002 and the aggregate amount was \$328,180. The remaining fifty percent due was paid to active participants during the first quarter of 2003 and the aggregate amount was \$323,412.

III. Chief Executive Officer Compensation

The salary, restricted stock, cash long-term incentive and option grant of the Chief Executive Officer are determined by the Committee in conformance with the policies described above. Mr. Van Dyck was paid a base salary for the fiscal year ending December 31, 2002, of \$440,000, which was equal to the base salary he was paid

16

in 2001. The Committee believes its philosophy of placing a substantial portion of an executive's compensation at risk, dependent upon the Company's performance, was achieved.

IV. Internal Revenue Code Considerations

Payments made during 2002 to the Chief Executive Officer and the other named officers under the plans discussed above (other than the Equity Compensation Plan) were made without regard to the provisions of Section 162(m) of the Internal Revenue Code of 1986, as amended. That section restricts the federal income tax deduction that may be claimed by a "public company" for compensation paid to the chief executive officer and any of the four most highly compensated other officers to \$1.0 million except to the extent that any amount in excess of such limit is paid pursuant to a plan containing a performance standard or a stock option plan that meets certain requirements. Stock option and restricted stock grants to the CEO were made under the stock option plan which was approved by shareholders in April 1994, and amended and restated in May 1997, and the stock options (but not the restricted stock) meet the requirements of Section 162(m). Certain stock option and restricted stock grants to other named officers were made under a stock option plan that was approved by the Board of Directors but not the shareholders. While stock grants will not qualify for an exception under Section 162(m), the compensation of these officers, including expected option values, is unlikely to approach the deductible limit. Accordingly, the Committee does not believe that the provisions of Section 162(m) will have any adverse effect on the Company.
