## Edgar Filing: ARTESIAN RESOURCES CORP - Form 11-K

We have audited the accompanying statements of net assets available for benefits of Artesian Resources Corporation Retirement Plan as of December 31, 2003 and 2002, and the related statement of changes in net assets available for benefits for the year ended December 31, 2003. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform an audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Artesian Resources Corporation Retirement Plan as of December 31, 2003 and 2002, and the changes in net assets available for plan benefits for the year ended December 31, 2003 in conformity with accounting principles generally accepted in the United States of America.

### Independent Auditors' Report (Cont'd.)

Our audit was performed for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The fund information in the statements of net assets available for plan benefits and the statement of changes in net assets available for plan benefits is presented for purposes of additional analysis rather than to present the net assets available for plan benefits and changes in net assets available for plan benefits of each fund. The supplemental schedule and fund information have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

ARTESIAN RESOURCES CORPORATION  
RETIREMENT PLAN  
NOTES TO THE FINANCIAL STATEMENTS  
DECEMBER 31, 2003

NOTE 1 DESCRIPTION OF THE PLAN

GENERAL

Effective July 1, 1984, Artesian Resources Corporation (the "Company") established the Artesian Resources Corporation Retirement Plan (the "Plan") as a defined contribution retirement plan for its employees. Pursuant to Internal Revenue Code ("IRC") Section 401(k), the Plan permits employees to exclude contributions to the Plan from their current taxable income, subject to certain limits. The Plan is administered by a Committee of Trustees, which consists of five members appointed by the Company's Board of Directors. Plan administration expenses may be paid out of the plan unless paid by the Company. The Company paid all such expenses incurred during 2003.

PARTICIPATION, VESTING AND WITHDRAWALS

Generally, all employees are eligible for Plan participation after attaining age 21 and completing 1,000 hours of service during a one-year period. Employees may elect to make tax-deductible contributions up to a maximum of 15 percent of their compensation; however, such contributions may not exceed the IRC limitation of \$12,000 (\$14,000 for participants age 55 and older) for all deferrals under all plans in 2003 (basic contribution). For every dollar an employee contributes up to 6 percent of compensation, the Company will provide a 50 percent matching contribution. In each Plan year, the Company may make a discretionary contribution to the Plan based on up to 2 percent of compensation for all employees eligible to participate in the Plan. The full discretionary contribution was made for 2003.

The Company also sponsored another defined contribution plan for its employees, the Supplemental Plan, which was merged into the Plan on March 31, 2000. The contribution and vesting guidelines for the participants of the Supplemental Plan continued and consist of the following:
