**Item 1.01. Entry into a Material Definitive Agreement**

See “Item 3.02. Unregistered Sale of Equity Securities” below for description of the material definitive agreements entered into by Caprius, Inc., a Delaware corporation (the “Company”).

**Item 3.02. Unregistered Sale of Equity Securities**

On March 1, 2007, the Company closed a placement (the “Placement”) of \$2.5 million of its securities to four institutional investors (the “Investors”). The securities consisted of (i) 10,000 shares of Series E Convertible Preferred Stock (the “Series E Preferred Stock”), initially convertible into 6,250,000 shares of common stock, par value \$0.01 per share (the “Common Stock”), and (ii) Warrants to purchase 3,125,000 shares of Common Stock at an exercise price of \$0.50 per share (subject to adjustment) and exercisable for a period of five years.

As part of the Placement, we entered into Registration Rights Agreements with the Investors pursuant to which we agreed to file a registration statement under the Securities Act of 1933, as amended (the “Securities Act”), for the resale of the Common Stock receivable upon conversion of their Series E Preferred Stock and exercise of their Warrants. The registration statement is to be filed within 30 days of the closing, and be declared effective by the U.S. Securities and Exchange Commission (the “SEC”) by the 90day following the closing, which may be extended to 120 days. If we cannot meet these deadlines, then we will be obligated to pay certain specified liquidated damages amounts to the Investors under the Registration Rights Agreement.

The net proceeds of the Placement, estimated at \$2,350,000 after placement fees and expenses, will be utilized for working capital and general corporate purposes, plus repayment of a \$100,000 bridge loan.

As part of the Placement, we had paid to the placement agent and financial advisor fees of \$71,000 and granted to them warrants to purchase an aggregate of 182,500 shares of Common Stock at an exercise price of \$0.60 per share (subject to adjustment) and exercisable for a period of five years.

The offer and sale of the securities in the Placement was claimed exempt from the registration provisions of the Securities Act by reason of Section 4(2) thereof and Regulation D thereunder. Management made its determination of the availability of such exemption based upon the facts and circumstances surrounding the Placement, including the representations and warranties made by the Investors in the Purchase Agreement for the Placement and in Investor Questionnaires, and the fact that restrictive legends were placed on, and stop orders placed against, the certificates for the Series E Preferred Stock and the related Warrants.

For more information regarding the Placement summarized above, reference is made to the press release we issued after closing the Placement and the Exhibits, including the press release, filed with this report.
