Any Proxy given pursuant to this solicitation may be revoked by the person giving it at any time before it is voted. Proxies may be revoked by (i) filing a written notice of revocation with the Chairman or Secretary of the Company, at or before the Annual Meeting, (ii) duly executing a subsequent proxy relating to the same shares and delivering it to the Chairman or Secretary of the Company at or before the Annual Meeting or (iii) attending the Annual Meeting and voting in person with adequate notification (although attendance at the Annual Meeting will not in and of itself constitute a revocation of a proxy). Unless revoked, the shares represented by the enclosed Proxy will be voted at the meeting in accordance with any specification made thereon, if the Proxy is returned properly executed and delivered in time for voting. Unless otherwise specified, the Proxy will be voted "FOR" the election of the three director nominees and "FOR" the proposal to increase the number of authorized shares of Common Stock in the Company to 15,000,000 shares.

Management does not intend to present, and does not know of anyone who intends to present, any matters at the meeting to be acted upon by the shareholders not referred to in the Notice and this Proxy Statement. If any other matters should properly come before the meeting, it is the intention of the persons named in the Proxy to vote in accordance with their judgment on such matters.

The shareholders of the Company have cumulative voting rights in the election of directors at the Annual Meeting if notice in writing is given by any shareholder to the President, a Vice President or the Secretary of the Company not less than 48 hours before the time fixed for holding the Annual Meeting that the shareholder desires that the voting at such election shall be cumulative. An announcement of the giving of such notice shall be made upon the convening of the Annual Meeting by the Chairman or Secretary.

If voting for the election of directors at the Annual Meeting is cumulative, each shareholder will have the right to cast that number of votes which equals the number of shares owned by the shareholder multiplied by the

Edgar Filing: SPARTON CORP - Form PRE 14A

number of directors to be elected, and the shareholder may cast all such votes for one candidate or distribute such votes among any number of candidates as the shareholder elects. The actual number of shares required for election of a candidate will vary depending upon the total number of shares voted. However, shareholders owning 1,890,886 shares, or approximately 25% of the Company's outstanding shares, could elect at least one director to the class of three directors to be elected at the 2002 Annual Meeting if there are four nominees.

4

ELECTION OF DIRECTORS

The directors whose terms of office expire at the Annual Meeting are Messrs. Robert J. Kirk, Richard L. Langley, and William I. Noecker. Nominees for election to a three year term expiring in 2005 are Messrs. Dr. Richard J. Johns, Richard L. Langley, and William I. Noecker. Mr. Kirk is retiring after having served as a director for 24 years. The following portion of this Proxy Statement contains additional information about these nominees.

A plurality of the votes cast at the meeting is required to elect the nominees as directors of the Company. As such, the three individuals who receive the greatest number of votes cast by the holders of Common Stock will be elected as directors. Shares not voted at the Annual Meeting, whether by abstention, broker non-vote, or otherwise, will not be treated as votes cast at the meeting.

It is believed that all three nominees are, and will be at the time of the Annual Meeting, available for election; and, if elected, will serve. However, in the event one or more of them is or should become unavailable, or should decline to serve, it is intended that the proxies will be voted for the balance of the nominees and for such substitute nominee or nominees as the proxy holders may in their discretion select.

BOARD RECOMMENDATION.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE ELECTION OF EACH OF THE THREE NOMINEES, DR. RICHARD J. JOHNS, RICHARD L. LANGLEY, AND WILLIAM I. NOECKER. Unless otherwise directed by marking the accompanying proxy, the proxy holders named therein will vote FOR the election of the three nominees.

In the following table, the column "Amount and Nature of Beneficial Ownership" relates to common shares of the Company beneficially owned by the directors and nominees as of August 31, 2002, and is based upon information furnished by them.

The Audit Committee met five times last year and consisted of Messrs. William I. Noecker, James D. Fast (effective October 2001), Robert J. Kirk and David P. Molfenter. This committee operates under a written charter and oversees auditing, financial reporting and internal control matters. It also recommends the firm that Sparton should retain as its independent auditors. The Committee consults with the independent auditors and reviews their audit and other work. The Committee also consults with the Chairman of the Board, President and Vice President-Treasurer and reviews Sparton's internal controls and compliance with policies. The members of

6

the Audit Committee are independent, as defined under the New York Stock Exchange listing standards. The independent auditors have access to the committee without any other members of management being present. The Audit Committee meets with management and the independent accountants before the announcement of earnings each quarter. The Committee also reviewed annual results and the Audit Committee report before filing. The functions and qualifications for membership are set forth in its charter, a copy of which was filed with the fiscal 2001 Proxy Statement.

The Compensation Committee, which held two meetings last year and consisted of Messrs. James N. DeBoer, David W. Hockenbrocht, David P. Molfenter, and W. The Nominating Committee, which consisted of Messrs. David W. Hockenbrocht,

Edgar Filing: SPARTON CORP - Form PRE 14A

David P. Molfenter, and Bradley O. Smith, held three meetings last year. The nominating committee reviews the makeup of the existing board of directors and the tenure of its members consistent with appropriate principles of corporate governance and applicable regulations. The committee does not have a formal process for consideration of candidates. The committee also considers candidates for election to the board, including recommendations from shareholders, and makes such recommendations as it deems appropriate, consistent with the needs of the Company and the qualifications of the candidates.

All current directors attended at least 75% of the meetings of the Board and committees on which they serve.

Effective September 1, 2001, the Board of Directors adjusted the fees to be paid for attendance at meetings. Non-employee directors receive an annual base retainer of \$7,200. In addition, non-employee directors receive \$600 for each regularly scheduled Board Meeting, \$350 for each committee meeting attended the same day as a regularly scheduled Board Meeting, and \$500 for each special Board Meeting. Directors who are employees of the Company are to be paid \$500 for each Board Meeting attended.

PROPOSAL TO APPROVE INCREASING AUTHORIZED SHARES
OF COMMON STOCK IN THE COMPANY TO 15,000,000

PROPOSAL TO INCREASE AUTHORIZED SHARES.

Sparton Corporation's Articles of Incorporation presently authorize the issuance of 8,500,000 shares of Common Stock, par value \$1.25 per share.

As of June 30, 2002, 7,934,712 shares of Common Stock were issued (of which 7,559,790 shares were outstanding and 374,922 shares were held in the Company's treasury), leaving a balance of 565,288 authorized and unissued shares of Common Stock. In addition, 760,000 shares were reserved for issuance under the Sparton Corporation Amended and Restated Stock Option Plan, including 194,712 shares currently held in the treasury.

Because of the limited number of shares of Common Stock remaining to be issued, the Board of Directors at their meeting on June 28, 2002, determined that it would be advisable that the Articles of Incorporation, as amended, be further amended, subject to approval by the stockholders, to increase the authorized Common Stock from 8,500,000 to 15,000,000 shares. The Board recommends that the stockholders approve the amendment of Subparagraph (a) of

7

Article Four of the Company's Articles of Incorporation so that, as amended, it shall read as follows:

The total number of shares of Common Stock which the Company shall have authority to issue is 15,000,000 shares of Common Stock, par value \$1.25 per share.

REASONS FOR PROPOSED INCREASE IN AUTHORIZED SHARES.

The Board of Directors believes it is desirable to have the additional shares of Common Stock that would be authorized by the proposed amendment available for issuance in connection with possible future financing transactions, acquisitions of other companies or business properties, stock dividends or splits, employee benefit plans and other proper corporate purposes. Having such additional authorized shares available will give the Company greater flexibility by permitting such shares to be issued without the expense and delay

Edgar Filing: SPARTON CORP - Form PRE 14A

of a special meeting of shareowners. Such a delay might deprive the Company of the flexibility the Board views as important in facilitating the effective use of the Company's shares.

The issuance of additional shares of Common Stock could be used to make a change in control of the Company more difficult if the Board caused such shares to be issued to holders who might side with the Board in opposing a takeover bid that the Board determines is not in the best interests of the Company and its shareowners. In addition, the availability of the additional shares might discourage an attempt by another person or entity to acquire control of the Company through the acquisition of a substantial number of shares of Common Stock, since the issuance of such shares could dilute the stock ownership of such person or entity. Further, the existence or issuance of such shares may make it more difficult or discourage attempts to remove incumbent management.

The additional shares of Common Stock would be issuable, at the discretion of the Board of Directors, under circumstances the Board believes to be in the best interest of the Company and without further action by the shareowners, unless such action is required by the Articles of Incorporation, Code of Regulations, or By-Laws of the Company or by applicable law or the rules of any stock exchange on which the Company's securities are listed. It should be noted that the Board could not increase the number of shares of Common Stock to be offered under the Sparton Corporation Amended and Restated Stock Incentive Plan maintained for the benefit of employees and members of the Board of Directors without the approval of the shareowners. The Board does not have any current plans to issue any of the additional shares for any specific purpose.

The additional shares of Common Stock would become part of the existing class of Common Stock, and the additional shares, when issued, would have the same rights and privileges as the shares of Common Stock now issued. The holders of Common Stock do not presently have pre-emptive rights to subscribe for any of the Company's securities and will not have any such rights to subscribe for the additional Common Stock proposed to be authorized.

REQUIRED VOTE FOR APPROVAL.

The affirmative vote by the holders of two-thirds of the outstanding shares of the Company's Common Stock voted at the Annual Meeting, by person or by proxy, is required for approval. While broker non-votes will be counted in determining the quorum for the meeting, they will not be treated as votes cast on the approval of this proposal. Shares voted as abstentions will be counted as votes cast against the proposal. The shares held in the Company's treasury cannot be voted.

8

BOARD RECOMMENDATION.

THE BOARD OF DIRECTORS RECOMMENDS A VOTE FOR THE APPROVAL OF THE PROPOSAL TO INCREASE THE NUMBER OF AUTHORIZED SHARES OF COMMON STOCK IN THE COMPANY TO 15,000,000 SHARES. Unless otherwise directed by marking the accompanying proxy, the proxy holders named therein will vote for the approval of the amended and restated Plan.

AUDIT COMMITTEE REPORT

The Audit Committee has reviewed and discussed Sparton's audited financial statements for the fiscal year ended June 30, 2002, with management and with Sparton's independent auditors, Ernst & Young LLP. Management is responsible for Sparton's internal controls and the financial reporting process. The independent auditors are responsible for performing an independent audit of Sparton's

Edgar Filing: SPARTON CORP - Form PRE 14A

consolidated financial statements in accordance with auditing standards generally accepted in the United States and for issuing a report thereon.

The Audit Committee has discussed with Ernst & Young LLP the matters required to be discussed by Statement on Auditing Standards No. 61 relating to the conduct of the audit. The Audit Committee has received the written disclosures from Ernst & Young LLP required by Independence Standards Board Standard No. 1 (Independence Discussion with Audit Committees), discussed with Ernst & Young LLP their independence, and considered the compatibility of non-audit services provided by Ernst & Young LLP with their independence.

Based on the review and discussion described above, the Audit Committee recommended to the Board of Directors that the audited financial statements for the fiscal year ended June 30, 2002, be included in Sparton's Annual Report on Form 10-K for the fiscal year ended June 30, 2002, for filing with the Securities and Exchange Commission.

RELATIONSHIP WITH INDEPENDENT AUDITORS

The Audit Committee recommends, and the Board of Directors selects, independent public auditors for Sparton. In addition to performing the audit of the Company's consolidated financial statements, Ernst & Young LLP provided various other services during 2002. The Audit Committee has considered the provision of all non-audit services performed by Ernst & Young LLP with respect to maintaining auditor independence. The aggregate fees billed for 2002 for each of the following categories of services are set forth below:

Audit Fees -- The aggregate fees of Ernst & Young LLP for professional services rendered for the audit of Sparton's annual financial statements for the fiscal year ended June 30, 2002, and the reviews of the financial statements included in Sparton's Quarterly Reports on Form 10-Q for that fiscal year were \$258,000.

All Other Fees -- Fees for additional services billed by Ernst & Young LLP for the fiscal year ended June 30, 2002, primarily for audits of the Company's employee benefits plans and preparation and review of the Company's income tax returns, totaled \$99,000.

Financial Information Systems Design and Implementation Fees -- Ernst & Young LLP did not provide any services related to financial information systems design and implementation during 2002.

COMPENSATION OF EXECUTIVE OFFICERS

The following tables provide certain data and information on the compensation of the Company's Chief Executive Officer and its four most highly compensated executive officers

(other than the CEO) whose annual salary and bonus exceeded \$100,000 (collectively referred to as the "Named Executives"). This report addresses the Company's compensation policies and programs for the fiscal year ended June 30, 2002, the details of which are reflected in the tables set forth in the following pages of this Proxy Statement. The Company's and the Board's policies and practices pertaining to the compensation of executive officers and

Edgar Filing: SPARTON CORP - Form PRE 14A

management have been in effect for a number of years.

COMPENSATION COMMITTEE REPORT

Decisions on the compensation of the Company's executive officers are monitored by the Board's Compensation Committee. This Committee is composed of Messrs. David W. Hockenbrocht, Chief Executive Officer and President, and three non-employee directors; Messrs. DeBoer, Molfenter and Slusser.

The Company has long-established policies and practices intended to compensate its salaried employees in a manner that will enable the Company to attract, retain and motivate them to accomplish corporate goals and objectives. These policies and practices encourage management to remain dedicated to the maximization of shareholder value.

The Company's compensation program is comprised of several elements: cash compensation (including salary and incentive bonus), incentive stock options and defined benefit and defined contribution retirement plans. Reflective of the Company's goal of relating compensation to corporate performance, the incentive bonus compensation plan permits certain executive officers to earn additional compensation if the pre-tax earnings of their operating unit is in excess of an established goal. The performance goals for this plan are reviewed and approved annually by the Compensation Committee. In addition, at the discretion of the Committee, bonuses may be paid in addition to or in lieu of bonuses earned under the incentive bonus plan based on the Committee's evaluation of the employee's individual performance, level of responsibility and experience. During the past fiscal year, discretionary bonuses, as well as bonuses under the incentive bonus compensation plan, were paid to the Named Executives.

The Committee members, who are non-employee directors, use the same procedures described above in setting the annual salary, bonus, and incentive stock option grants for David W. Hockenbrocht, the Company's Chief Executive Officer. These Committee members evaluate the performance of Mr. Hockenbrocht at least annually based on both the Company's financial performance and the extent to which the strategic and business goals established for the Company are met.

Mr. Hockenbrocht's annual base salary for the fiscal year ended June 30, 2002, was \$300,000. In addition, Mr. Hockenbrocht was awarded a bonus of \$65,600 and was awarded stock options for 45,000 shares of the Company's Common Stock for that fiscal year.

- (1) These options were granted under the Company's Amended and Restated Stock Incentive Plan dated October 24, 2001, and have a five year term. Options become exercisable cumulatively beginning one year after the date granted, in four equal annual installments.
- (2) During the fiscal year ended on June 30, 2002, options to purchase an aggregate of 267,000 shares of Common Stock of the Company were granted to various employees and non-employee directors.
- (3) Options may terminate before their expiration dates if the optionee's status as an employee is terminated, or upon the optionee's death.

RETIREMENT PROGRAMS

The Company maintains a defined benefit retirement plan for domestic employees of the Company which provides for monthly pensions following retirement. During the past year, no cash contributions were made by the Company to the plan as in the judgment of the Company's independent actuaries, the pension plan was fully funded. The plan provides a basic benefit of \$2.25 per month for each year of credited service up to a maximum of \$90 per month. In addition, for those participants who contributed 5% of their monthly compensation (excluding bonuses) per month, the plan provides for an additional monthly pension amount equal to 1 1/2% of the participant's final five-year average monthly compensation (excluding bonuses) times the participant's years of contributory credited service to a maximum of 30 years.

12

Effective April 1, 2001, the Company amended its defined benefit retirement plan to determine benefits by a cash balance formula. Under the cash balance formula, each participant has a benefit equal to their cash balance account which is credited yearly with 2% of their salary, as well as the interest earned on their previous year-end cash balance. Service under the Company's prior salary-based formula was frozen as of March 31, 2001, and the benefit formula amended to calculate the monthly pension based upon the participant's final five-year average earnings as defined.

The following table shows the estimated annual retirement benefits, payable under the prior salary-based formula, in specified remuneration and service classifications upon normal retirement at age 65 (or June 30, 2002, if the individual is currently age 65 or older). The benefits shown are not subject to any deduction for Social Security or other offset amounts. The maximum amount of annual compensation allowed to be included in determining final average compensation has been limited by Federal statute to \$200,000 for 2002. This amount is subject to future adjustment by the Internal Revenue Service.
