Except for historical information, this report, including the exhibit, contains a forward-looking statement that involves known and unknown risk and uncertainties, which may cause actual results to differ materially from any future results, performance or achievements expressed or implied by the statement made. This forward-looking statement relates to the belief that interest in Levulan PDT(R) shown at the AAD will positively impact sales revenues. The statement is qualified by factors, including, without limitation, the impact of competitive products, reimbursement by third-party payors, sales and marketing efforts, maintenance of our patent portfolio and other risks identified in DUSA's SEC filings from time to time, including our recently filed Form 10-K for the year ended December 31, 2002.
