This Form 8-K is to describe ordinary course director compensation actions taken by the Board of Directors of Aetna Inc.

On December 2, 2005, the Aetna Inc. Board of Directors voted to approve the director compensation package that will apply for non-management directors for 2006. The Board decided to maintain the total value of target compensation at approximately \$220,000, which is approximately equal to the average compensation for Aetna's non-management directors for 2005 and the median of a relevant comparative group. Cash retainer and per meeting fees for Board and Committee service will remain at 2005 levels, although the retainer for service as Compensation Committee Chairman and Nominating and Corporate Governance Committee Chairman were each raised to \$10,000. Total compensation for a non-management director may be higher or lower than the target level depending on the number of meetings held, the Committees on which the director serves, the director's service as Committee Chairman, and the performance of Aetna's stock.

Of total target compensation for 2006, approximately 59% will consist of stock based compensation (restricted and deferred stock units), approximately 28% will consist of Board and Committee cash retainers and meeting fees, approximately 11% will consist of benefits, primarily the estimated value of the director charitable award program, and approximately 2% will consist of deferred compensation.
