PROSPECTUS

HSBC Holdings plc

5,060,239,065 Ordinary Shares

HSBC is offering its shareholders the right to acquire HSBC ordinary shares, or new ordinary shares, and its ADS holders the right to acquire HSBC ADSs, or new ADSs. Up to 5,060,239,065 new ordinary shares are being offered in the form of ordinary shares or ADSs. One new ADS will represent five new ordinary shares.

The ADS Rights

If you own ADSs, you will receive 5 non-transferable ADS rights for every 12 ADSs you owned on 13 March 2009. One ADS right allows you to acquire one new ADS. If you decide to acquire new ADSs, you must deposit US\$19.53, or the ADS deposit amount, per new ADS subscribed, which represents 110% of the estimated new ADS subscription price of US\$17.75 per new ADS, to account for (i) possible exchange rate fluctuations, (ii) applicable UK stamp duty reserve tax, and (iii) any currency conversion expenses. The estimated new ADS subscription price is the US dollar equivalent of the share subscription price using an exchange rate of £0.7153 per US dollar (as published by Bloomberg at approximately 3.00 p.m. (London time) on 13 March 2009), multiplied by five to reflect that each ADS represents five ordinary shares. The ADS rights agent will refund any excess amount to the subscribing ADS holder. Subscribing ADS holders must pay any shortfall to the ADS rights agent. The ADS rights will expire at 5.00 p.m. (New York City time) on 31 March 2009. If you decide not to acquire any new ADSs and therefore not exercise your ADS rights, you may instruct the ADS rights agent by no later than 5.00 p.m. (New York City time) on 30 March 2009 to attempt to sell the share rights underlying the ADS rights for you, or you may surrender your ADS rights by no later than 5.00 p.m. (New York City time) on 30 March 2009, receive delivery of the underlying share rights and attempt to sell or exercise them yourself. If you do not do either of those things, the joint global coordinators will attempt to arrange subscribers for you, by no later than 4.30 p.m. (London time) on 8 April 2009, for all (or as many as possible) of the new ordinary shares underlying the share rights that were not exercised.

Share Rights

If you own ordinary shares, you will receive 5 share rights for every 12 ordinary shares you owned on 13 March 2009. One share right allows you to acquire one new ordinary share. The share subscription price for holders of ordinary shares on the UK principal register is £2.54 (254 pence) per new ordinary share (equivalent to US\$3.55 using an exchange rate of £0.7153 per US dollar (as published by Bloomberg at approximately 3.00 p.m. (London time) on 13 March 2009)). The share rights will expire at 11.00 a.m. (London time) on 3 April 2009. If you decide not to acquire any new ordinary shares and therefore do not exercise your share rights, the joint global coordinators will attempt to arrange subscribers for you, by no later than 4.30 p.m. (London time) on 8 April 2009, for the new shares underlying share rights that were not exercised.

The ADS rights are not transferable and will not be admitted to trading on the New York Stock Exchange or any other exchange. Dealings on the London Stock Exchange in the share rights are expected to commence on 20 March 2009 and continue until 3 April 2009.

Outstanding HSBC ADSs are listed on the New York Stock Exchange under the symbol **HBC**. Outstanding HSBC ordinary shares are traded on the London Stock Exchange under the symbol **HSBA** and other stock exchanges in Hong Kong, Paris and Bermuda. Listing of the new ADSs on the New York Stock Exchange is expected on or about 6 April 2009. Dealings on the London Stock Exchange in the new ordinary shares are expected to commence on 6 April 2009.

Investing in the ADSs or ordinary shares involves certain risks. See Risk Factors beginning on Page W-24 hereof and on page 5 of the accompanying UK prospectus.

Neither the Securities and Exchange Commission nor any state securities commission has approved or disapproved of these securities or passed upon the adequacy or accuracy of this prospectus. Any representation to the contrary is a criminal offense.

If and to the extent that the joint global coordinators are unable to procure subscribers for any new ordinary shares, whether in the form of ordinary shares or ADSs, that are not subscribed for pursuant to the exercise of the share rights or ADS rights the underwriters have severally agreed, subject to certain conditions, to procure subscribers or themselves subscribe for such remaining new ordinary shares. See **Underwriting**. HSBC's estimated net proceeds from the rights offering, after deducting the commission payable to the underwriters and the joint global coordinators and other expenses of an aggregate of approximately £0.4 billion (US\$0.5 billion) (exclusive of value added tax), will be approximately £12.5 billion (approximately US\$17.7 billion), or approximately £2.47 (US\$3.51) per new ordinary share. The pound sterling aggregate proceeds for the rights offering assumes amounts raised in HK dollars are converted into pounds sterling at an exchange rate of HK\$11.0236 per pound sterling and amounts raised in US dollars are converted into pounds sterling at an exchange rate of US\$1.42145 per pound sterling. US dollar amounts for commission and net proceeds are based on an exchange rate of £0.7035 per US dollar (as published by Bloomberg at approximately 3.00 p.m. (London time) on 27 February 2009).

HSBC expects the new ADSs to be delivered on or about 6 April 2009 and to be listed on the New York Stock Exchange on or about 6 April 2009. HSBC expects the share certificates for the fully paid new ordinary shares to be dispatched on or about 14 April 2009. The new ordinary shares are expected to be admitted to listing and trading on the London Stock Exchange on 6 April 2009 and uncertificated holders will have their CREST stock accounts credited on that date.

Part XIII Financial Information Relating to the HSBC Group;

Part XIV Operating and Financial Review;

Part XVII Documents Incorporated by Reference; and

Part XIX Documents Registered with the Registrar of Companies in Hong Kong.

The contents of the referenced final UK prospectus as filed with the UK Financial Services Authority do not form part of, nor are they incorporated by reference into, this prospectus.

CERTAIN DEFINITIONS AND PRESENTATION OF FINANCIAL AND OTHER DATA

Definitions

As used in this prospectus, the terms HSBC, we, us and our refer to HSBC Holdings plc. HSBC Group means HSBC together with its subsidiary undertakings. Certain capitalized terms used in this prospectus are defined on pages 113 to 119 of the accompanying UK prospectus. At 31 December 2008, there were no unendorsed standards effective for the year ended 31 December 2008 affecting these consolidated and separate financial statements, and there was no difference between IFRSs endorsed by the EU and IFRSs issued by the IASB in terms of their application to HSBC. Accordingly, HSBC's financial statements for the year ended 31 December 2008 are prepared in accordance with IFRSs as issued by the IASB.

The information presented in this document has been prepared in accordance with IFRSs. See [Where You Can Obtain More Information About HSBC](#). **LIMITATIONS ON ENFORCEMENT OF US LAWS AGAINST HSBC,
HSBC'S MANAGEMENT AND OTHERS**

HSBC is an English public limited company. Most of HSBC's directors and executive officers (and certain experts named in this prospectus or in documents incorporated herein by reference) are resident outside the United States, and a substantial portion of HSBC's assets and the assets of such persons are located outside the United States. As a result, it may not be possible for you to effect service of process within the United States upon these persons or to enforce against them or HSBC in US courts judgments obtained in US courts predicated upon the civil liability provisions of the federal securities laws of the United States. HSBC has been advised by its English solicitors, Norton Rose LLP, that there is doubt as to enforceability in the English courts, in original actions or in actions for enforcement of judgments of US courts, of liabilities predicated solely upon the federal securities laws of the United States. In addition, awards of punitive damages in actions brought in the United States or elsewhere may not be enforceable in the United Kingdom. The enforceability of any judgment in the United Kingdom will depend on the particular facts of the case in question at the time.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This prospectus and the documents incorporated by reference herein contain both historical and forward-looking statements. All statements other than statements of historical fact are, or may be deemed to be, forward-looking statements. Forward-looking statements may be identified by the use of terms such as believes, expects, estimate, may, intends, plan, will, should, envisages or anticipates or the negative thereof or similar expressions, or by discussions of strategy. HSBC has based the forward-looking statements on current expectations and projections about future events. These forward-looking statements are subject to risks, uncertainties and assumptions about HSBC. You are cautioned that a number of factors could cause actual results to differ, in some instances materially, from those anticipated or implied in any forward-looking statement. These factors include, among others:

Changes in general economic conditions in the markets in which HSBC operates, such as:

continuing or deepening recessions and fluctuations in employment;

changes in foreign exchange rates, in both market exchange rates (for example, between the US dollar and pound sterling) and government-established exchange rates (for example, between the Hong Kong dollar and US dollar);

volatility in interest rates;

volatility in equity markets, including in the smaller and less liquid trading markets in Asia and Latin America;

lack of liquidity in wholesale funding markets;

illiquidity and downward price pressure in national real estate markets, particularly consumer-owned real estate markets;

the length and severity of current market turmoil;

the impact of lower than expected investment returns on the funding of private and public sector defined benefit pensions;

the effect of unexpected changes in actuarial assumptions on longevity which would influence the funding of private and public sector defined benefit pensions; and

consumer perception as to the continuing availability of credit, and price competition in the market segments served by HSBC.

W-3

Table of Contents

Changes in government policy and regulation, including:

the monetary, interest rate and other policies of central banks and other regulatory authorities, including the UK Financial Services Authority, the Bank of England, the Hong Kong Monetary Authority, the US Federal Reserve, the SEC, the US Office of the Comptroller of the Currency, the European Central Bank, the People's Bank of China and the central banks of other leading economies and markets where HSBC operates;

expropriation, nationalization, confiscation of assets and changes in legislation relating to foreign ownership;

initiatives by local, state and national regulatory agencies or legislative bodies to revise the practices, pricing or responsibilities of financial institutions serving their consumer markets;

changes in bankruptcy legislation in the principal markets in which HSBC operates and the consequences thereof;

general changes in government policy that may significantly influence investor decisions, in particular in markets in which HSBC operates;

extraordinary government actions as a result of current market turmoil;

other unfavorable political or diplomatic developments producing social instability or legal uncertainty which in turn may affect demand for HSBC's products and services;

the costs, effects and outcomes of regulatory reviews, actions or litigation, including any additional compliance requirements; and

the effects of competition in the markets where HSBC operates including increased competition from non-bank financial services companies, including securities firms and financial institutions newly taken into state ownership on a full or partial basis.

Factors specific to HSBC:

the success of HSBC in adequately identifying the risks it faces, such as the incidence of loan losses or delinquency, and managing those risks (through account management, hedging and other techniques). Effective risk management depends on, among other things, HSBC's ability through stress testing and other techniques to prepare for events that cannot be captured by the statistical models it uses; and

the success of HSBC in addressing operational, legal and regulatory and litigation challenges.

In light of these risks, uncertainties and assumptions, the forward-looking events discussed herein might not occur. You are cautioned not to place undue reliance on any forward-looking statements, which speak only as of their dates. HSBC undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

QUESTIONS AND ANSWERS ABOUT THE RIGHTS OFFERING

1. What is a rights offering?

A rights offering is a way for companies to raise additional money. Companies do this by giving their existing shareholders a right to acquire further shares in proportion to their existing shareholdings. HSBC is raising approximately £12.5 billion (US\$17.7 billion) of new capital (net of expenses) through the rights offering.

2. Why is HSBC undertaking the rights offering?

A full description of the background to and reasons for the rights offering is set out under Part VI Letter from the Chairman of HSBC in the accompanying UK prospectus.

ADS Rights

3. What is being offered to ADS holders?

Each holder of HSBC ADSs is being offered the opportunity to acquire 5 new ADSs for every 12 ADSs that it held on 13 March 2009 (the record date) at an estimated price of US\$17.75 (excluding applicable tax and any currency conversion expenses) per new ADS. If you decide to acquire new ADSs, you must deposit US\$19.53, or the ADS deposit amount, per new ADS subscribed, which represents 110% of the estimated new ADS subscription price of US\$17.75 per new ADS, to account for (i) possible exchange rate fluctuations, (ii) applicable UK stamp duty reserve tax, and (iii) any currency conversion expenses. The actual ADS subscription price (excluding applicable tax and any currency conversion expenses) per new ADS will be the US dollar equivalent, based on the exchange rate published by Bloomberg at approximately 3.00 p.m. (London time) on 1 April 2009, of the share subscription price of 254 pence, multiplied by five to reflect that each HSBC ADS represents five HSBC ordinary shares.

ADS rights are not transferable and may not be exercised by, or sold or assigned to, third parties. However, you may direct the ADS depositary to attempt to sell your ADS rights for you; or you may surrender your ADS rights for delivery of share rights, all as described below.

The subscription period runs from 9.00 a.m. (New York City time) on 20 March 2009 to 5.00 p.m. (New York City time) on 31 March 2009.

The new ADSs are being offered at a discount to the ADS price on 27 February 2009, the last business day before the announcement of the rights offering on 2 March 2009.

The estimated ADS subscription price of US\$17.75 per new ADS represents a discount of approximately 48.2% to the closing price on the New York Exchange of US\$34.80 per ADS on 27 February 2009, the last business day before the announcement of the rights offering and a discount of approximately 39.7% to the theoretical ex-rights

price based on that closing price, in each case adjusted for the fact that the new ordinary shares underlying the new ADSs will not rank for the fourth interim dividend in respect of the financial year ended 31 December 2008 of US\$0.10 per ordinary share. Because of this discount and while the market value of the existing ADSs exceeds the estimated ADS subscription price, the right to acquire the new ADSs is potentially valuable.

W-6

Table of Contents

- 4. How do I know whether I am entitled to ADS rights?** Each eligible registered holder of ADSs will be sent a subscription form showing its ADS rights entitlement and instructions relating to the exercise of those ADS rights, instructing the ADS depository to sell the share rights, and surrendering the ADS rights for delivery of underlying share rights. Each eligible beneficial owner of ADSs will receive a book-entry credit of ADS rights in its DTC participant account and instructions relating to the exercise of the ADS rights, instructing the ADS depository to sell the share rights, and surrendering the ADS rights for delivery of underlying share rights.
- 5. How many new ADSs am I entitled to acquire for my ADS rights?** The number of new ADSs that you are entitled to acquire is shown on the ADS subscription form you will receive. That number was determined by dividing the number of ADSs you held on 13 March 2009 by 2.4 (on the basis of 5 new ADSs for every 12 ADSs held by you on that date), then rounding down to the nearest whole number.
- For example, if you held 500 ADSs on the record date, you would be entitled to acquire 208 new ADSs at the estimated ADS subscription price of US\$17.75 per new ADS. Your aggregate deposit amount would be US\$4,062.24
- Fractions of ADS rights will not be issued and, as such, any entitlement to receive a fraction of an ADS right will be rounded down to the nearest whole number of ADS rights. However, you may receive a payment in lieu of any fractional ADS entitlement if and to the extent the ADS depository is successful in selling all or part of the aggregate of share rights underlying the aggregate fractional ADS entitlements for an amount that exceeds its expenses.
- 6. What options do I have with respect to my ADS rights?** You can choose one of 3 options:
- Option 1 Exercise your ADS rights:* Each holder or beneficial owner of ADS rights may exercise all or only part of its ADS rights. Subscriptions must be received by the ADS rights agent prior to 5.00 p.m. (New York City time) on 31 March 2009.
- Option 2 Sale by the ADS depository:* If you decide not to acquire any new ADSs and therefore do not exercise your ADS rights, you may direct the ADS depository by no later than 5.00 p.m. (New York City time) on 30 March 2009 to attempt to sell the share rights underlying your ADS rights for you. Please be aware that the market price for the share rights is different from the subscription price for the ADSs and the ordinary shares under the rights offering. See Questions 8 and 18.
- Option 3 Surrender of ADS rights for delivery of share rights:* If you wish to surrender any of your ADS rights and receive the underlying share rights, you must instruct the ADS rights agent to cancel your ADS rights before 5.00 p.m. (New York City time) on 30 March 2009.

Table of Contents

If you do none of those things, then such ADS rights will be deemed to have been declined and will lapse. The joint global coordinators will use reasonable endeavors to procure subscribers, by not later than 4.30 p.m. (London time) on 8 April 2009, for all (or as many as possible) of the new ordinary shares underlying the share rights that were not exercised if a premium over the total of the share subscription price (in pounds sterling) and the expenses of procuring such acquirers can be obtained. You will receive compensation for unexercised rights only if and to the extent a premium over the share subscription price, after deducting the joint global coordinators' expenses of procuring such subscribers (including any applicable brokerage and commissions and amounts in respect of UK value added tax which are not recoverable, the fee of the ADS depository, applicable taxes and any currency conversion expenses), can be obtained for the ordinary shares underlying the share rights that are not exercised.

7. Can I transfer my ADS rights?

The ADS rights are not transferable and will not be admitted to trading on the NYSE or any other exchange.

Listing of the new ADSs on the New York Stock Exchange is expected on or about 6 April 2009. Outstanding ADSs are listed on the New York Stock Exchange under the symbol HBC.

8. What happens if I decide to sell the share rights underlying my ADS rights?

The ADS depository will, to the extent practicable, attempt to sell share rights underlying ADS rights on the London Stock Exchange beginning on the trading day following the day on which the instruction to sell is received until 11.00 a.m. (London Time) on 3 April 2009 for those ADS holders from whom it receives such instruction. The ADS rights agent will distribute the proceeds, after accounting for the ADS depository's fees of up to \$0.02 per ADS underlying each ADS right in respect of which such instruction was given and expenses, any applicable taxes and any other applicable fees and expenses of the ADS depository as provided under the deposit agreement, *pro rata* to the holders of ADS rights by whom it has been directed to make such sales by 30 March 2009.

It is possible that you will receive little or no proceeds from the sale of some or all of the share rights underlying your ADS rights. It is also possible that the ADS depository will not be able to sell the share rights underlying your ADS rights, depending on market conditions. If the share rights underlying your ADS rights are not sold, your ADS rights will lapse on 3 April 2009. If possible, the new ordinary shares underlying your rights will be sold to other people on your behalf, and any premium obtained over the share subscription price and the expenses of the sale will be paid to you by check. There is no guarantee that it will be possible to find other people to acquire the new ordinary shares underlying the new ADSs which your ADS rights entitled you to acquire at a price which results in a payment to you.

9. Delivery of new ADSs

The new ADSs are expected to be delivered to each ADS subscriber (by credit to its book-entry account at the financial intermediary through which it holds the ADS rights or by direct registration on an uncertificated basis if it is a holder registered directly with the ADS depository) as soon as practicable on or after 6 April 2009.

10. Will I be better off selling the share rights underlying my ADS rights or letting my ADS rights lapse instead of taking up my ADS rights?

This is your own investment decision. The amount (if any) you will receive if you sell the share rights underlying your ADS rights or allow your ADS rights to lapse will depend on the market price at the relevant time. Neither HSBC nor BNY Mellon Shareowner Services can advise you in relation to the rights offering. If you would like advice on how to deal with your ADS rights, please contact your broker or other duly authorized independent financial adviser.

Share Rights

11. What is being offered to holders of HSBC ordinary shares?

Each holder of HSBC's ordinary shares on the UK principal register is being offered the opportunity to acquire 5 new ordinary shares for every 12 ordinary shares that it held on the record date at a price of 254 pence per new ordinary share (equivalent to US \$3.55 using an exchange rate of £0.7153 per US dollar as published by Bloomberg at approximately 3.00 p.m. on 13 March 2009).

The new ordinary shares are being offered at a discount to the share price on 27 February 2009, the last business day before the announcement of the rights offering on 2 March 2009.

The subscription price of 254 pence per new ordinary share represents a discount of approximately 47.5% to the closing middle-market price quotation as derived from the London Stock Exchange's Daily Official List of 484.21 pence per ordinary share on 27 February 2009, the last business day before the announcement of the rights offering and a discount of approximately 39% to the theoretical ex-rights price based on that closing price, in each case adjusted for the fact that the new ordinary shares will not rank for the fourth interim dividend in respect of the financial year ended 31 December 2008 of US\$0.10 per ordinary share. Because of this discount and while the market value of the existing ordinary shares exceeds the subscription price, the right to acquire the new ordinary shares is potentially valuable.

12. What are share rights ?

Each share right allotted to you is a right to acquire a new ordinary share under the rights offering. If you are entitled to acquire 10 new ordinary shares, you have been allotted 10 rights. The maximum number of rights which you may take up, or exercise, is shown in Box B on page 1 of your provisional allotment letter (PAL). A share right in respect of which no payment has been made is a nil paid right and a share right in respect of which payment in full has been made is a fully paid right.

13. How do I know whether I am entitled to share rights?

If you have received a PAL in your name, unless you sold all of your ordinary shares (other than ex-rights) shown in Box A on page 1 of your PAL prior to the share ex-rights date, you are entitled to acquire new ordinary shares. You have been sent a PAL because, as at the record date, you were an owner of HSBC ordinary shares.

If you hold your ordinary shares in uncertificated form in CREST, please also refer to the accompanying UK prospectus and the CREST Manual.

If you hold your ordinary shares in uncertificated form in CCASS, please contact your broker for further details. All activities under CCASS are subject to the General Rules of CCASS and CCASS Operational Procedures in effect from time to time.

W-9

Table of Contents

14. How many new ordinary shares am I entitled to acquire for my share rights?

The number of new ordinary shares that you are entitled to acquire is shown in Box B on page 1 of your PAL. That number was determined by dividing the number of ordinary shares you held on 13 March 2009 by 2.4 (on the basis of 5 new ordinary shares for every 12 existing ordinary shares held by you on that date), then rounding down to the nearest whole number.

For example, if you held 500 ordinary shares on the record date, you would be entitled to acquire 208 new ordinary shares at 254 pence each. This would cost a total of £528.32 (or US\$750.88). The amount you need to pay if you want to exercise your right to acquire all the new ordinary shares provisionally allotted to you is shown in Box C on page 1 of your PAL.

Fractions of rights representing new ordinary shares have not been allotted to shareholders holding rights, but will be aggregated and, if possible, sold to the market, with the net proceeds (after deduction of expenses), accruing to HSBC.

15. What currency and form of payment can I use to exercise my share rights?

Full instructions on how payments are to be made are set out in your PAL and are summarized in Annex A.

Payments to exercise share rights must be made in pounds sterling. Checks or banker's drafts must be drawn on an account at a branch (which must be in the United Kingdom, the Channel Islands or the Isle of Man) of a bank or building society which is either a settlement member of the Cheque and Credit Clearing Company Limited or the CHAPS Clearing Company Limited or which has arranged for its checks and banker's drafts to be cleared through facilities provided by either of those companies. Third party checks will not be accepted (subject to limited exceptions).

Shareholders may also exercise some of their share rights by means of cashless take up.

Payments in cash or by electronic transfer will not be accepted.

16. Will I have to pay any charges under any of the share right exercise options?

There will be no charge for taking up your share rights. If you sell some or all of your share rights, you may be charged a fee by whoever arranges the sale for you. If you take your PAL to a broker and have the broker arrange the sale, that broker may charge you a fee, in accordance with the terms you agree with the broker.

Alternatively, you may instruct Computershare Investor Services PLC to sell some of your share rights and use the proceeds to exercise the remainder, referred to as cashless take up (PAL Option 2 as set out in Annex A hereto) or to sell all of your share rights (PAL Option 3 as set out in Annex A hereto) by ticking the relevant box on page 1 of your

PAL. Computershare Investor Services PLC will charge you a £5.00 fee for either of these services. You will only be charged if the trade can be completed within the relevant timeframe.

17. What happens if my payment for taking up my rights fails?

If your check is returned by the banking system and payment cannot be made on first presentation of your check, your subscription for new ordinary shares may be treated as invalid, and you may not be allotted new ordinary shares. In this case, your share rights may be treated in the same way as if they had lapsed (see Question 25 below).

18. If I decide to sell my share rights, how much money will I receive?

The price you receive for your share rights will depend on the market price for share rights at the relevant time. Please be aware that the market price for share rights is different from the subscription price of the new ordinary shares under the rights offering. The market price for share rights reflects the value the market places on the share rights.

W-10

Table of Contents

For example:

If the market price of the ordinary shares is 350 pence, the value of each share right may theoretically be somewhere in the region of 96 pence, reflecting the difference between the subscription price of a new ordinary share (of 254 pence) and the market price of an ordinary share.

If the market price of an ordinary share is less than 254 pence, the share rights are unlikely to have any value and you may not be able to find a buyer for them.

It is possible that you will receive little or no proceeds from the sale of some or all of your share rights, whether you sell them through Computershare Investor Services PLC or through a broker. It is also possible that, depending on market conditions, Computershare Investor Services PLC or a broker will not be able to sell your share rights. If your share rights are not sold, they will lapse on 3 April 2009.

If possible, the new ordinary shares that your share rights entitled you to acquire will be offered for sale and any premium obtained over the issue price and the expenses of the sale will be paid to you by check (provided that the amount exceeds £5.00). There is no guarantee that it will be possible to find other people to acquire the new ordinary shares which your share rights entitled you to acquire at a price which results in a payment to you.

If you instruct Computershare Investor Services PLC to sell your share rights on your behalf, Computershare Investor Services PLC may combine your share rights with the share rights of other shareholders and sell them all together. This may result in a more or less favorable price than if your share rights had been sold separately.

You may receive a different amount by selling through Computershare Investor Services PLC than selling through a broker.

If you sell your share rights through your broker, your broker will pay the proceeds to you (net of expenses) in accordance with the terms you agree with your broker.

19. If I decide to sell my rights to new shares, when will I receive the proceeds?

If you instruct Computershare Investor Services PLC under PAL Option 3 as set out in Annex A hereto to sell all your share rights, Computershare Investor Services PLC will (if it is able to sell your share rights) send you a check for the proceeds (less Computershare Investor Services PLC's £5.00 charge) on or around 14 April 2009. If Computershare Investor Services PLC cannot sell your share rights then your share rights will lapse. Please note the deadline for instructing Computershare Investor Services PLC in this regard (3.00

p.m. (London time) on 27 March 2009), and see Question 30 below.

If you sell your share rights through your broker, your broker will pay the proceeds to you (net of expenses) in accordance with the terms you agree with your broker.

If your share rights lapse, the new ordinary shares that your share rights entitled you to acquire will be offered for sale and any premium obtained over the share subscription price and the expenses of the sale will be paid to you by check (provided that the amount exceeds £5.00). There is no guarantee that it will be possible to find other people to acquire the new ordinary shares which your share rights entitled you to acquire at a price which results in a payment to you.

Table of Contents

- 20. Can I transfer my share rights?** Subject to compliance with relevant securities laws, the share rights are freely transferable and are expected to trade on the London Stock Exchange under the symbol HSBN from 20 March 2009 to 3 April 2009. However, the transfer of share rights into a jurisdiction other than the United Kingdom, Hong Kong or Bermuda may be restricted by law.
- 21. How do I transfer my share rights into the CREST system?** Your share rights may be deposited into CREST. If you wish to transfer all of your share rights into CREST, you should complete Form X and the CREST Deposit Form on page 2 of your PAL. You may only transfer all of your share rights into CREST. If you wish to only transfer some of your share rights into CREST, you must first apply to split your PAL (PAL Option 5 as set out in Annex A hereto). Once share rights are deposited into CREST, all renunciations, transfers and exercise of share rights must be effected through CREST. You are recommended to refer to the CREST Manual for details of CREST procedures. Please ensure that you allow sufficient time to transfer your share rights into CREST. Please call the shareholder helpline for further information.
- 22. When will I receive my new ordinary shares?** If you exercise some or all of your share rights (under PAL Options 1, 2 or 4 as set out in Annex A hereto), share certificates representing your new ordinary shares are expected to be dispatched by 14 April 2009. See Annex A for further detail on your options and instructions on completing your PAL.
- 23. Will I be better off selling my share rights or letting them lapse instead of taking them up?** This is your own investment decision. The amount (if any) you will receive if you sell your share rights yourself or allow them to lapse will depend on the market price at the relevant time. Neither HSBC nor Computershare Investor Services PLC can advise you in relation to the rights offering. If you would like advice on how to deal with your share rights, please contact your broker or other duly authorized independent financial adviser.

Questions Applicable to Share Rights and ADS Rights

- 24. What does take up mean?** To take up means to exercise a right to acquire a new ADS or new ordinary share at the designated subscription prices under the rights offering.
- 25. What does lapse mean?** To lapse means to expire. If you do not return a properly completed ADS subscription form or PAL by the applicable deadline, your rights to new ADS and/or new ordinary shares, as applicable, will lapse, or expire, and you will no longer be entitled to exercise or otherwise deal with your ADS or share rights or sell your share rights. The new ordinary shares that your rights entitled you to acquire will be offered for sale and any premium obtained over the share subscription price and the expenses of the sale will be paid to you by check (provided that, in the case of lapsed share rights only, the amount exceeds £5.00).

There is no guarantee that it will be possible to find other people to acquire the new ordinary shares which your rights entitled you to acquire at a price which results in a payment to you.

26. Will I be entitled to the 2008 fourth interim dividend in respect of my new ADSs or new ordinary shares?

No. Because the record date for the fourth interim dividend for the financial year ended 31 December 2008 of US\$0.10 per ordinary share announced by HSBC on 2 March 2009 is 20 March 2009, which is before the date for issue of the new ADSs and new ordinary shares on 6 April 2009, holders of new ADSs and new ordinary shares will not be entitled to receive this dividend in respect of those shares.

W-12

Table of Contents

27. Will the rights offering affect the future dividends HSBC pays?

HSBC's board of directors intends to continue to pay quarterly interim dividends on the ordinary shares, with a pattern of three equal interim dividends and a variable fourth interim dividend. The level of dividends per ordinary share in the future while reflecting the long-term growth of HSBC's business will depend upon, among other things, expected future earnings, prevailing business conditions and capital requirements. It is envisaged that the first interim dividend in respect of 2009 will be US\$0.08 per ordinary share. The board has rebased the envisaged dividend per ordinary share for the first three interim dividends in respect of 2009 to reflect the impact of the foregoing factors and the impact of the enlarged ordinary share capital resulting from the rights offering.

28. What do I need to do next?

If you are an ADS holder, once you have decided what to do with your ADS rights (i.e., which option you wish to take), you should refer to the instructions accompanying the ADS rights subscription form for help completing your subscription form. You can also telephone the ADS information agent at 1-866-208-3310. Unless you wish to let your ADS rights lapse, you must complete and return the subscription form to the ADS rights agent before the relevant deadline. **Please note that different options have different deadlines.** Please read and complete your subscription form carefully and please ensure that you mail your subscription form in plenty of time to meet the relevant deadline.

If you are a holder of ordinary shares, once you have decided what to do with your share rights (i.e., which option you wish to take), you should refer to Annex A for help completing your PAL. You can also telephone the shareholder helpline at +44 870 702 0137. Unless you wish to let your share rights lapse, you must complete and return the PAL by mail or deliver it in person to Computershare Investor Services PLC before the relevant deadline. A reply-paid envelope has been provided to shareholders for this purpose. **Please note that different options have different deadlines.** Please read and complete your PAL carefully and please ensure that you mail or deliver your completed PAL in plenty of time to meet the relevant deadline. A reply-paid envelope is enclosed with your PAL for you to use when returning your completed PAL.

29. What should I do if I think my ADS holding stated in my ADS subscription form or my shareholding stated in Box A on my PAL is incorrect?

If you have bought or sold ADSs or ordinary shares shortly before 13 March 2009, your transaction might not have been entered on the relevant register in time to appear on the register on the record date. If you are concerned that your holding of ADSs shown in your subscription form or ordinary shares shown Box A on page 1 of your PAL may be incorrect, please call the ADS holder helpline or shareholder helpline (as applicable).

Please be aware that, for legal reasons, the US information agent and the shareholder helpline will only be able to provide information contained in the prospectus and information relating to HSBC's register of members and will not be able to give advice on the merits of the rights offering or to provide financial, tax, legal or investment advice.

30. What happens if I don't return my ADS subscription form or my PAL and payment (if applicable) in time?

The rights offering process must run according to a strict timetable. If your completed ADS subscription form or PAL (as applicable) and payment (if applicable) is received after the relevant deadline, your election will not be processed and your share rights will lapse. If you are mailing your ADS subscription form or PAL and payment (if applicable), you must allow sufficient time for your PAL or subscription form and payment (if applicable) to arrive before the relevant deadline.

Please note that all items sent to, by, from or on behalf of a shareholder or ADS holder, as applicable, are sent entirely at the shareholder's or ADS holder's own risk.

31. Are there any tax implications I need to consider?

If you have any questions on the tax implications of your options under the rights offering, you should contact your duly authorized independent financial/taxation adviser. HSBC cannot provide any tax or other investment advice in relation to the rights offering.

32. Where can I find out further information?

If you are an ADS holder and have any questions on the offering of ADS rights or would like a copy of the prospectus, please telephone BNY Mellon Shareowner Services, which is acting as information agent for the ADS rights offering, at 1-866-208-3310. This helpline is available from 9.00 a.m. to 6.00 p.m. (New York City time) Monday to Friday. Please note that, for legal reasons, the helpline will only be able to provide you with information contained in the prospectus, and will not be able to give advice on the merits of the ADS rights offering or to provide financial, tax, legal or investment advice.

If you are a holder of ordinary shares and need further information or help in completing your PAL, please telephone the shareholder helpline at +44 870 702 0137. Please be aware that, for legal reasons, the shareholder helpline will only be able to provide information contained in the accompanying UK prospectus and information relating to HSBC's register of members, and will not be able to give advice on the merits of the rights offering or to provide financial, tax, legal or investment advice.

33. What if I change my mind?

Any exercise of ADS rights or instructions will be irrevocable upon exercise and may not be cancelled or modified after such exercise or instruction.

Similarly, once you have sent your PAL together with your payment, you cannot withdraw your application or change the number of new ordinary shares that you have applied for, except in the very limited circumstances set out in the accompanying UK prospectus.

34. What happens if I have authorized an attorney to carry out my instructions?

Any forms completed and returned on your behalf by an attorney must be accompanied by a copy of the power of attorney certified by a

solicitor or a notary public.

35. What if I am a beneficial owner of ADSs or ordinary shares but not a registered holder?

If you were a beneficial owner of ADSs or ordinary shares on the record date, please contact your broker or other duly authorized independent financial adviser for advice on what your rights are and how to exercise them.

SUMMARY OF THE RIGHTS OFFERING

The following summary highlights information related to the rights offering contained elsewhere in this prospectus. This summary is not complete and does not contain all of the information that may be important to you. You should read the entire prospectus, including the financial statements and related notes incorporated by reference herein, before making an investment decision. For information on the purpose of and the use of proceeds derived from the rights offering, see Part VI Letter from the Chairman of HSBC in the accompanying UK prospectus.

Holders of ADSs

ADS rights offering

Each holder of HSBC ADSs will receive 5 non-transferable ADS rights for every 12 ADSs it holds on the ADS record date. Each ADS right entitles the holder thereof to subscribe for one new ADS at the ADS subscription price. Fractions of ADS rights will not be issued and, as such, any entitlement to receive a fraction of an ADS right is rounded down to the nearest whole number of ADS rights. However, you may receive a payment in lieu of any fractional ADS entitlement if and to the extent the ADS depository is successful in selling all or part of the aggregate of share rights underlying the aggregate fractional ADS entitlements for an amount that exceeds its expenses. See The Rights Offering Fractional Entitlements.

To the extent you were a registered holder of ADSs on the ADS record date, HSBC has arranged for its ADS depository, The Bank of New York Mellon, which is acting as ADS rights agent in connection with the rights offering, to send you an ADS subscription form showing your entitlement to subscribe for new ADSs.

ADS rights agent

The Bank of New York Mellon.

Transfer of ADS rights

ADS rights are not transferable and may not be exercised by, or sold or assigned to, third parties. However, you may direct the ADS depository to attempt to sell the share rights underlying your ADS rights for you; or you may surrender your ADS rights for delivery of the underlying share rights, all as described below.

The ADS rights will not be listed on the New York Stock Exchange or any other stock exchange.

ADS record date

The ADS record date is the close of business on 13 March 2009. The ADS rights will be credited to the book-entry system of The Depository Trust Company, or DTC, for further credit to the accounts of persons who held ADSs on the ADS record date and registered ADS holders will be sent their ADS subscription forms via first class mail as promptly as practicable after approval of this offering by the General Meeting.

ADS subscription period

Edgar Filing: HSBC HOLDINGS PLC - Form F-3ASR

From 9.00 a.m. (New York City time) on 20 March 2009 to 5.00 p.m.
(New York City time) on 31 March 2009.

ADS subscription price

The estimated ADS subscription price is US\$17.75 per new ADS subscribed. The actual ADS subscription price per new ADS will be the ADS rights agent's cost of the share subscription price of 254 pence in US dollars on or about 1 April 2009, multiplied by five to reflect that each ADS represents five ordinary shares.

W-15

Table of Contents

The estimated ADS subscription price is the US dollar equivalent of the share subscription price, using an exchange rate of £0.7153 per US dollar (as published by Bloomberg at approximately 3.00 p.m. (London time) on 13 March 2009), multiplied by five to reflect that each ADS represents five HSBC ordinary shares. A subscriber of the new ADSs must deposit US\$19.53, or the ADS deposit amount, per new ADS subscribed, which represents 110% of the estimated ADS subscription price, upon the exercise of each ADS right. This additional amount over and above the estimated ADS subscription price is to increase the likelihood that the ADS rights agent will have sufficient funds to pay the final ADS subscription price in light of a possible appreciation of the pound sterling against the US dollar between the date hereof and the end of the ADS subscription period, and to pay applicable UK stamp duty reserve tax of 1.5% of the underlying share subscription price and any currency conversion expenses.

If the actual US dollar price (equal to the sterling share subscription price multiplied by five and converted into US dollars on or about 1 April 2009) plus applicable UK stamp duty reserve tax and any currency conversion expenses is less than the ADS deposit amount, the ADS rights agent will refund such excess to the subscribing ADS rights holder without interest. However, if the actual US dollar price plus applicable UK stamp duty reserve tax and any currency conversion expenses exceeds the ADS deposit amount, the ADS rights agent will not deliver the new ADSs to such subscribing ADS rights holder until it has received payment of the deficiency from the subscriber. The ADS rights agent may sell a portion of the new ADSs that is sufficient to pay any shortfall that is not paid within 14 days of notice of the deficiency. In addition, to the extent that the shortfall of the ADS deposit amount below the actual US dollar price multiplied by five plus the applicable UK stamp duty reserve tax and any currency conversion expenses exceeds 20%, the ADS rights agent may reduce *pro rata* the amount of new shares for which it subscribes, which will reduce the number of new ADSs that will be available for delivery to subscribing ADS rights holders.

Exercise of ADSs

Each holder or beneficial owner of ADS rights may exercise all or only part of its ADS rights. **Subscriptions must be received by the ADS rights agent prior to 5.00 p.m. (New York City time) on 31 March 2009.**

Each beneficial owner of ADS rights who wishes to exercise its ADS rights should consult with the financial intermediary through which it holds its ADSs and ADS rights as to the manner, timing and form of exercise documentation, method of payment of the ADS deposit amount and other related matters required to effect such exercise. The financial intermediary with whom the subscription is made may require any person exercising rights to pay or block the ADS deposit amount for the new ADSs being subscribed for in a deposit account as a condition to accepting

the relevant subscription. You are urged to consult your financial intermediary without delay in case your financial intermediary is unable to act immediately.

Please see [The Rights Offering](#) for further details on how to exercise ADS rights.

W-16

Table of Contents

Exercise of ADS rights and instructions irrevocable Any exercise of ADS rights or instructions to the ADS rights agent will be irrevocable upon exercise and may not be cancelled or modified after such exercise or instructions.

Delivery of new ADSs The new ADSs are expected to be delivered to each ADS subscriber (by credit to its book-entry account at the financial intermediary through which it holds the ADS rights or by direct registration on an uncertificated basis if it is a holder registered directly with the ADS depositary) as soon as practicable on or after 6 April 2009.

Sales of ADS rights by the ADS depositary You may direct the ADS depositary by no later than 5.00 p.m. (New York City time) on 30 March 2009 to attempt to sell the share rights underlying your ADS rights for you. The ADS depositary will, to the extent practicable, attempt to sell the share rights underlying the ADS rights on the London Stock Exchange beginning on the trading day following the day on which the instruction to sell is received until 11.00 a.m. on 3 April 2009 for those ADS holders from whom it receives such instruction. The ADS rights agent will distribute the proceeds, after accounting for the ADS depositary's fees of up to \$0.02 per ADS underlying each ADS right in respect of which such instruction was given and expenses, any applicable taxes and any other applicable fees and expenses of the ADS depositary as provided under the deposit agreement, *pro rata* to the holders of ADS rights by whom it has been directed to make such sales by March 30, 2009.

Surrender of ADS rights for delivery of share rights If you wish to surrender any ADS rights and receive the underlying share rights, you must instruct the ADS rights agent to cancel your ADS rights before 5.00 p.m. (New York City time) on 30 March 2009. Upon payment of any taxes or charges, such as stamp taxes and stock transfer taxes or fees, The Bank of New York Mellon will deliver the underlying share rights to an account you specify.

Unexercised ADS rights Any ADS rights not exercised in accordance with the procedures laid down for acceptance and payment or instructed to be sold by the ADS depositary or surrendered for delivery of share rights, those ADS rights will be deemed to have been declined and will lapse. If possible, the new ordinary shares ultimately underlying your ADS rights will be sold to other people on your behalf, and any net proceeds of the sale in excess of the amount of the share subscription price plus the expenses of such sale will be sent to you by check, after deduction of the ADS depositary's fees, applicable taxes and any currency conversion expenses. There is no guarantee that it will be possible to find other people to acquire the new ordinary shares underlying the new ADSs which your ADS rights entitled you to acquire at a price which results in a payment to you. You will receive compensation for unexercised ADS rights only if and to the extent a premium over the share subscription price, after deducting the joint global coordinators' expenses of procuring such subscribers (including any applicable brokerage and commissions and amounts in respect of UK

value added tax which are not recoverable), can be obtained.

Holder of Ordinary Shares

Share rights

Subject to certain exceptions, each holder of HSBC ordinary shares will receive 5 share rights for every 12 ordinary shares that they hold on the share record date. Each share right entitles the holder thereof to subscribe for one new ordinary share at the share subscription price. If you have received a provisional allotment letter (PAL) in your name, unless you have sold all your ordinary shares shown in Box A on page 1 of your PAL (other than ex-rights) prior to the share ex-rights date, you are entitled to acquire new ordinary shares. RISK FACTORS

You should carefully consider the risks relating to HSBC's business, and the risks relating to investment in HSBC ADSs and HSBC ordinary shares described below, as well as the other information included or incorporated by reference into this prospectus, before making a decision to invest in the ADSs or ordinary shares.

Risks Related to HSBC and its Business

Current economic and market conditions may adversely affect HSBC's results

The global economy has entered the most severe downturn for 80 years, with the financial services industry facing extraordinary turbulence. A shortage of liquidity, lack of funding, pressure on capital and extreme price volatility across a wide range of asset classes are putting financial institutions under considerable pressure. This is leading governments and central banks to undertake unprecedented intervention designed to stabilize the global and domestic financial systems, to stimulate new lending and to support systemically important institutions at risk of failing. Many developed economies have entered recession and growth has slowed in many emerging countries, with serious adverse consequences for asset values, employment, consumer confidence and levels of economic activity. Commodity prices have significantly retrenched, in many cases from recent historical highs, interest rate yield curves have flattened, interest rates have fallen in absolute terms and trade flows have contracted. Global equity markets have experienced severe declines and various currencies, including sterling, have depreciated significantly against the US dollar. Emerging markets have suffered as portfolio investments have been repatriated and cross-border inter-bank funding has been withdrawn. Numerous governments and central banks have responded by proposing programmes to make substantial funds and guarantees available to boost liquidity and confidence in their financial systems, as well as cutting taxes and lowering interest rates. It is not known whether these responses will be effective in addressing the severe economic and market conditions or whether recently proposed measures will be implemented as initially proposed.

HSBC's earnings are affected by global and local economic and market conditions. Dramatic declines in 2007 and 2008 in the housing markets in the US, the UK and elsewhere have combined with increasing unemployment to affect negatively the credit performance of real estate-related exposures, resulting in significant write-downs of asset values by financial institutions, including HSBC. These write-downs, initially of asset-backed securities but spreading to other securities and loans, have caused many financial institutions to seek additional capital, to reduce or eliminate dividends, to merge with larger and stronger competitors or, in some cases, to fail.

A worsening of these conditions may exacerbate the impact of these difficult market conditions on HSBC and other financial institutions and could have an adverse effect on HSBC's operating results. In particular, the HSBC Group may face the following challenges in connection with these events:

HSBC's ability to assess the creditworthiness of its customers or to estimate the values of its assets may be impaired if the models and techniques it uses become less accurate in their predictions of future behavior, valuations or estimates. The process HSBC uses to estimate losses inherent in its credit exposure or assess the value of certain assets requires difficult, subjective and complex judgments. These include forecasts of economic conditions and how predicted economic scenarios might impair the ability of HSBC's borrowers to repay their loans or might affect the value of assets. As a consequence, this process may be less capable of making accurate estimates which, in turn, may undermine the reliability of the process.

The demand for borrowing from creditworthy customers may diminish as economic activity slows.

Lower interest rates will reduce net interest income earned by HSBC on its excess deposits.

HSBC's ability to borrow from other financial institutions or to engage in funding transactions on favorable terms, or at all, could be adversely affected by further disruption in the capital markets or deteriorating investor sentiment.

Market developments may affect consumer confidence and may cause declines in credit card usage and adverse changes in payment patterns, leading to increases in delinquencies and default rates, write-offs and loan impairment charges beyond HSBC's expectations.

W-24

Table of Contents

Loan impairment allowances and write-offs are likely to rise as a result of a deterioration in payment patterns and increased delinquencies and default rates caused by weakening consumer confidence and increased business failures. A worsening of these economic factors may exacerbate the adverse effects of these difficult market conditions on HSBC and others in the financial services industry.

HSBC expects to face increased regulation and supervision of the financial services industry following new or proposed regulatory measures in countries in which it operates.

Trade and capital flows may further contract as a result of protectionist measures being introduced in certain markets.

Increased government ownership and control over financial institutions and further consolidation in the financial industry could significantly alter the competitive landscape.

As a worldwide financial institution, HSBC is exposed to these developments across all its businesses, both directly and through their impact on its customers and clients.

Risks associated with liquidity and funding, which are inherent in HSBC's business, have been greatly increased by the current global market conditions

HSBC's business model depends upon its ability to access financial resources whenever required to meet its obligations. To this end, HSBC seeks to maintain a diversified and stable funding base comprising core retail and corporate customer deposits and institutional balances and to augment this with wholesale funding and portfolios of highly liquid assets diversified by currency and maturity which are held to enable HSBC to respond to unforeseen liquidity requirements. HSBC's earnings are affected by its ability to properly value financial instruments. In certain illiquid markets, determining the value at which financial instruments can be realized is highly subjective, and processes to ascertain value and estimates of value, both of which require substantial elements of judgment, assumptions and estimates (which may change over time), are required. Increased illiquidity adds to uncertainty over the accessibility of financial resources and may reduce capital resources as valuations decline. Rating agencies, which determine HSBC's own credit ratings and thereby influence the HSBC Group's cost of funds, take into consideration management effectiveness and the success with which HSBC's liquidity risk factors are managed. Actions by third parties and independent market participants, such as rating agency downgrades of instruments to which HSBC has exposure, can result in reduced liquidity and valuations of those instruments. While HSBC's liquidity and capital position remains strong, the financial results of the HSBC Group could also be adversely affected in any given period by increased costs of or restrictions on access to the debt capital markets due to a variety of unforeseen market dislocations or interruptions.

The extreme market conditions facing the financial services industry have been reflected in shortages of liquidity, lack of funding, pressure on capital and extreme price volatility across a wide range of asset classes. Illiquidity of these assets has prevented the realization of existing asset positions and has constrained risk distribution in ongoing banking activities. The extreme market conditions have also highlighted the importance of a strong diversified core deposit base leading to increased competition for such deposits and the risk of deposit migration. HSBC's Global Banking and Markets business operates in the markets affected by illiquidity and extreme price volatility, either directly or indirectly, through exposures to securities, loans, derivatives and other commitments, and HSBC has made substantial write-downs and impairments on illiquid legacy credit and structured credit positions. While it is difficult to predict how long the conditions described above will exist and which of HSBC's markets, products and other businesses will be affected, continuation of these factors could have an adverse effect on the HSBC Group's results.

HSBC has significant exposure to counterparty risk

HSBC's ability to engage in routine transactions to fund its operations and manage its risks could be adversely affected by the actions and commercial soundness of other financial services institutions. Financial institutions are extremely interdependent because of trading, clearing, counterparty or other relationships. As a consequence, a default by, or decline in market confidence in, individual institutions, or anxiety about the financial services industry generally, can lead to further individual and/or systemic difficulties, defaults and losses. HSBC has

W-25

Table of Contents

exposure to virtually all major industries and counterparties, and it routinely executes transactions with counterparties in financial services, including brokers and dealers, commercial banks, investment banks, mutual and hedge funds, and other institutional clients. Many of these transactions expose HSBC to credit risk in the event of default by its counterparty or client. Where counterparty risk has been mitigated by taking collateral, HSBC's credit risk may be exacerbated if the collateral it holds cannot be realized or has to be liquidated at prices which are insufficient to recover the full amount of its loan or derivative exposure. The failure of one of HSBC's counterparties could have an adverse effect on its results.

HSBC operates in a highly competitive environment, and competition could intensify as a result of current global market conditions

Consolidation in the financial services industry is increasingly concentrating activity in companies that are capable of offering a wide array of financial products at competitive prices, with globalization exposing HSBC to competition in capital markets and financial services at global and local levels alike. In addition, technological advances, the growth of e-commerce, regulatory developments and public sector participation or guarantees have made it possible for non-deposit taking institutions to offer products and services that traditionally were the preserve of banks. The prominence in recent years of sovereign wealth funds, private equity and hedge funds as alternative sources of funding, which has increased competition for traditional financial institutions, may ease as investors seek safer, more traditional alternatives. Competition may further intensify or the competitive landscape may change as the consolidation of financial services companies continues and others are brought into part or full public ownership in response to the current market conditions. HSBC's ability to grow its businesses, and therefore its earnings, is affected by these competitive pressures and is dependent on HSBC's ability to attract and retain talented and dedicated employees.

HSBC is subject to political and economic risks in the countries in which it operates

HSBC operates through an international network of subsidiaries and affiliates in 86 countries and territories around the world. Its results are therefore subject to the risk of loss from unfavorable political developments, currency fluctuations, social instability and change in government policies on such matters as expropriation, authorizations, international ownership, interest-rate caps, limits on dividend flows and tax in the jurisdictions in which it operates. These factors may also negatively affect revenues from the trading of securities and investment in securities, the effect being accentuated through certain international trading markets, particularly those in emerging market countries, being typically smaller, less liquid and more volatile than developed trading markets. HSBC's subsidiaries and affiliates ability to pay dividends could be restricted by changes to official banking measures, exchange controls and other requirements. Because HSBC prepares its accounts in US dollars, while a substantial part of its assets, liabilities, assets under management, revenues and expenses are denominated in other currencies, changes in foreign exchange rates have an effect on its reported income and shareholders' equity.

Operational risks are inherent in HSBC's business

HSBC is exposed to many types of operational risk, including fraudulent and other criminal activities (both internal and external), breakdowns in processes or procedures and systems failure or non-availability. HSBC is also subject to the risk of disruption of its business arising from events that are wholly or partially beyond its control (for example natural disasters, acts of terrorism, epidemics and transport or utility failures) which may give rise to losses in service to customers and/or economic loss to HSBC. All of these risks are also applicable where HSBC relies on outside suppliers or vendors to provide services to it and its customers.

HSBC is subject to legal risks, which may have an adverse effect on the HSBC Group

Legal risks arise from a variety of sources with the potential to cause harm to the HSBC Group and its ability to operate. These issues require the HSBC Group to deal appropriately with potential conflicts of interest; legal and regulatory requirements; ethical issues; anti-money laundering laws or regulations; privacy laws; information security policies; sales and trading practices; and conduct by companies with which it is associated. Failure to address these issues appropriately may give rise to additional legal and compliance risk to HSBC, with an increase

W-26

Table of Contents

in the number of litigation claims and the amount of damages asserted against HSBC, or subject HSBC to regulatory enforcement actions, fines, or penalties or reputational damage.

Increased regulation of the financial services industry could have an adverse effect on HSBC's operations

HSBC, its subsidiaries and its affiliates are subject to extensive and increasing legislation, regulation, accounting standards and changing interpretations thereof in the various countries in which the HSBC Group operates. From time to time, new laws are introduced, including tax, consumer protection, privacy and other legislation, which affect the environment in which the HSBC Group operates. As a corollary of the recent interventions by governments in response to global economic conditions, it is widely expected that there will be a substantial increase in government regulation and supervision of the financial services industry, including the imposition of higher capital requirements, heightened disclosure standards and restrictions on certain types of transaction structures. If enacted, such new regulations could require additional capital to be injected into HSBC's subsidiaries and affiliates, require HSBC to enter into business transactions that are not otherwise part of its current Group strategy, prevent HSBC from continuing current lines of operations, restrict the type or volume of transactions HSBC may enter into, limit HSBC's subsidiaries and affiliates' ability to declare dividends to HSBC, or set limits on or require the modification of rates or fees that HSBC charges on certain loan or other products. HSBC may also face increased compliance costs and limitations on its ability to pursue business opportunities.

The Basel II Accord's requirement for financial institutions to increase their capital in response to deteriorating market conditions may have secondary effects on lending, which could exacerbate the current market downturn.

In the UK for example, the Banking Act 2009 includes a Special Resolutions Regime which gives wide powers in respect of UK banks and their parent companies to the UK Treasury, the FSA and the Bank of England in circumstances where any such UK bank has encountered, or is likely to encounter, financial difficulties.

The foregoing regulatory measures, alone or in combination, could have an adverse effect on HSBC.

HSBC is subject to tax-related risks in the countries in which it operates, which could have an adverse effect on its operating results

HSBC is subject to the substance and interpretation of tax laws in all countries in which it operates. A number of double taxation agreements entered into between countries also affect the taxation of the HSBC Group. Tax risk is the risk associated with changes in tax law or in the interpretation of tax law. It also includes the risk of changes in tax rates and the risk of consequences arising from failure to comply with procedures required by tax authorities. Failure to manage tax risks could lead to increased tax charges, including financial or operating penalties, for not complying as required with tax laws.

Risks Relating to the Rights Offering, the New Ordinary Shares and the New ADSs

HSBC's ADS price and/or share price may fluctuate and may fall below the subscription price of the new ADS and/or new ordinary shares, respectively, issued upon the exercise of ADS rights and share rights, respectively

The market prices of the new ADS, new ordinary shares (including the nil paid rights and the fully paid rights) and/or the ADSs and ordinary shares could be subject to significant fluctuations due to a change in sentiment in the market regarding the new ordinary shares (including the nil paid rights and the fully paid rights) and/or the ADSs and ordinary shares. Such risks depend on the market's perception of the likelihood of completion of the rights offering, on sales of ADSs and ordinary shares in the market during the offer period or the impression that such sales will take place and/or in response to various facts and events, including any regulatory changes affecting the HSBC Group's

operations, variations in the HSBC Group's operating results and business developments of the HSBC Group and/or its competitors. Stock markets have, from time to time, experienced significant price and volume fluctuations that have affected the market prices for securities and which may be unrelated to the HSBC Group's financial condition, operating performance or prospects. Furthermore, the HSBC Group's financial condition,

W-27

Table of Contents

operating results and prospects from time to time may be below the expectations of market analysts and investors. Any of these events could result in a decline in the market price of the new ordinary shares (including the nil paid rights and the fully paid rights) and/or the ordinary shares.

HSBC cannot give any assurance that the public trading market prices of its ADSs and ordinary shares will not decline below the subscription price of the new ADSs and new ordinary shares, respectively, issued pursuant to the rights offering. Should that occur after the ADS rights and share rights are exercised by their holders, such holders would suffer an immediate unrealized loss as a result. Moreover, there can be no assurance that, following the exercise of rights, a holder will be able to sell new ADSs or new ordinary shares at a price equal to or greater than the applicable subscription price.

Shareholders who do not acquire new ADSs or new ordinary shares (as applicable) in the rights offering will experience dilution in their ownership of HSBC

If holders of ADS rights or share rights (as applicable) do not take up the offer of new ADSs and new ordinary shares, respectively, under the rights offering their proportionate ownership and voting interests in HSBC will be reduced and the percentage that their shares will represent of HSBC's increased share capital after completion of the rights offering will be disproportionately reduced. Even if an existing holder of ADS rights or share rights elects to sell its unexercised ADS rights or share rights (as applicable) or such rights are sold on its behalf, the consideration it receives for them may not be sufficient to compensate such holder fully for the dilution of its percentage ownership of HSBC's share capital that may be caused as a result of the rights offering.

An active trading market in the share rights might not develop

An active trading market in the share rights may not develop on the London Stock Exchange and/or the Hong Kong Stock Exchange during the trading period. In addition, because the trading price of the share rights depends on the trading price of the ordinary shares, the share rights price may be volatile and subject to the same risks as noted elsewhere in this document.

HSBC's ability to continue to pay dividends will depend on the level of profits and cash flows generated by the HSBC Group

Under UK company law, a company can only pay cash dividends to the extent that it has distributable reserves and cash available for this purpose. As a holding company, HSBC's ability to pay dividends in the future is affected by a number of factors, principally its ability to receive sufficient dividends from subsidiaries.

The ability of these subsidiaries to pay dividends or advance moneys to HSBC depends on, among other things, their respective regulatory and capital requirements, statutory reserves and financial and operating performance. These laws and restrictions could limit the payment of dividends and distributions to HSBC by its subsidiaries, which could in future restrict HSBC's ability to fund other operations or to pay a dividend to Shareholders.

HSBC cannot assure you that the listing and admission to trading of the new ordinary shares on the London Stock Exchange or that the issuance of the new ADSs will occur when HSBC expects

Until the ordinary shares underlying the new ADSs are admitted to trading on the London Stock Exchange, you will not be issued any new ADSs for which you subscribed. See *The Rights Offering* for further information on the expected dates of these events. HSBC cannot assure you that the listing and admission to trading of the ordinary shares underlying the new ADSs will take place when anticipated.

The ADS rights will not be admitted to trading on any exchange and will not be transferable

The ADS rights will not be admitted to trading on the New York Stock Exchange or any other exchange and will not be transferable. Unless you surrender your ADS rights for delivery of underlying share rights or instruct The Bank of New York Mellon to sell share rights underlying your ADS rights for you, you will be unable to sell your ADS rights. HSBC cannot assure you that a market in the share rights will develop or that you or The Bank of New York Mellon will have adequate time to arrange purchasers for share rights.

W-28

Table of Contents

You may not receive any value for your rights if you do not exercise or sell them

The ADS subscription period is expected to begin at 9.00 a.m. (New York City time) on 20 March 2009 and expire at 5.00 p.m. (New York City time) on 31 March 2009. The share subscription period begins at 8.00 a.m. (London time) on 20 March 2009 and expires at 11.00 a.m. (London time) on 3 April 2009. If you do not exercise your ADS rights or share rights, or you do not attempt to sell your share rights (including share rights received upon surrender of ADS rights), you will receive compensation only if and to the extent that the joint global coordinators are able to sell new ordinary shares relating to those rights at a premium over the share subscription price, after deducting the joint global coordinators' expenses of procuring such subscribers (including any applicable brokerage and commissions and amounts in respect of UK value added tax which are not recoverable) and the fee of the ADS depository, can be obtained.

The exercise of ADS rights is subject to exchange rate risk

If the US dollar weakens against the pound sterling, holders of ADSs subscribing for new ADSs will be required to pay more than the estimated subscription price of US\$17.75 per new ADS.

The estimated ADS subscription price is US\$17.75 per new ADS subscribed. The estimated ADS subscription price is the US dollar equivalent of the share subscription price, using an exchange rate of £0.7153 per US dollar (as published by Bloomberg at approximately 3.00 p.m. (London time) on 13 March 2009), multiplied by five to reflect that each ADS represents five HSBC ordinary Shares. A subscriber of the new ADSs must deposit US\$19.53 per new ADS subscribed, which represents 110% of the estimated ADS subscription price, upon exercise of each ADS right. This additional amount over and above the estimated ADS subscription price is to increase the likelihood that the ADS rights agent will have sufficient funds to pay the final ADS subscription price in light of a possible appreciation of the pound sterling against the US dollar between the date hereof and the end of the ADS subscription period, and to pay applicable UK stamp duty reserve tax and any currency conversion expenses. If the actual US dollar price (which will be US dollar equivalent, based on the exchange rate published by Bloomberg at approximately 3.00 p.m. (London time) on 1 April 2009, of the share subscription price of 254 pence multiplied by five) plus applicable tax and any currency conversion expenses is less than the ADS deposit amount, the ADS rights agent will refund such excess US dollar subscription price to the subscribing ADS rights holder without interest. However, if there is a deficiency as a result of such conversion, the ADS rights agent will not deliver the new ADSs to such subscribing ADS rights holder until it has received payment of the deficiency. The ADS rights agent may sell a portion of your new ADSs to cover the deficiency if not paid by a specified date.

Table of Contents**DILUTION**

HSBC's net tangible book value as of 31 December 2008 was US\$66,234 million, or US\$5.18 per ordinary share. Net tangible book value is total shareholders' equity excluding goodwill and intangible assets at 31 December 2008. Net tangible book value per share has been calculated as the amount of HSBC's net tangible book value of US\$66,234 million less non-cumulative preference shares of US\$1.4 billion and capital securities of US\$2.1 billion, divided by the number of ordinary shares outstanding.

After giving effect to HSBC's issuance of 5,060,239,065 new ordinary shares pursuant to the rights offering, at an issue price of \$3.61 per new ordinary share, which was the US dollar equivalent of the share subscription price of £2.54 (254 pence) on 27 February 2009 using an exchange rate of £0.7035 per US dollar (as published by Bloomberg at approximately 3.00 p.m. on 27 February 2009), and after deducting the underwriting commission and estimated offering expenses payable by HSBC of an aggregate of approximately US\$0.5 billion (exclusive of value added tax), HSBC's net tangible book value as of 31 December 2008 would have been US\$83,974 million, or \$4.69 per ordinary share. This represents an immediate increase of US\$1.08 per share to new investors in the rights offering, as illustrated by the following table:

Offering price per share		US\$	3.61
Net tangible book value per share before the offering	US\$	5.18	
Decrease per share attributable to new investors	US\$	0.49	
Pro forma net tangible book value per share after the offering		US\$	4.69
Dilution to new investors		(US\$	1.08)

After giving effect to HSBC's sale of 5,060,239,065 new ordinary shares in the rights offering, existing ADS holders or shareholders who do not exercise their ADS rights or share rights, respectively, in the rights offering will be diluted such that a shareholder holding 10% of HSBC's outstanding ordinary share capital prior to the offering will have its shareholding reduced to 5.83% of HSBC's outstanding ordinary share capital following the issuance of 5,060,239,065 new ordinary shares pursuant to the rights offering.

Table of Contents**THE RIGHTS OFFERING****General Information**

HSBC is proposing to raise approximately £12.5 billion (net of expenses) by way of a 5 for 12 rights offering of 5,060,239,065 new ordinary shares at a price of 254 pence (£2.54) per new ordinary share. HSBC has also arranged with The Bank of New York Mellon, the depository for its ADSs, and accordingly the holder of record of the ordinary shares underlying the ADSs, to make available to holders of ADSs at the ADS record date non-transferable ADS rights granted to them under contractual agreement.

Each eligible registered holder of ADSs will be sent a subscription form showing its ADS rights entitlement and instructions relating to the exercise of these ADS rights, instructing the ADS depository to sell the share rights, and the surrender of the ADS rights for delivery of underlying share rights. Each eligible beneficial owner of ADSs will receive a book-entry credit of ADS rights in its DTC participant account and instructions relating to the exercise of the ADS rights, instructing the ADS depository to sell the share rights, and the surrender of the ADS rights for delivery of underlying share rights. Each eligible holder of ordinary shares in certificated form whose registered address is in the United States will be sent a transferable provisional allotment letter evidencing its share rights and containing instruments regarding acceptances and payment procedures and a notice of availability of this prospectus. Eligible holders of ordinary shares in uncertificated form in CREST whose registered address is in the United States will receive a credit to a stock account in respect of their entitlement to share rights and a notice of availability of this prospectus.

Holders of ordinary shares whose registered address is in the United States should read the Questions and Answers About the Rights Offering contained in this prospectus and Part VIII Terms of the Rights Issue beginning on page 26 of the accompanying UK prospectus for more information regarding share rights, the procedures for exercising the share rights, and the transfer of the share rights. Further information about the ADS rights, the procedures for exercising the rights, instructing the ADS depository to sell the share rights, and surrendering the ADS rights for delivery of underlying share rights is set forth below.

Table of Contents

ADS Rights

Each holder of HSBC ADSs will receive 5 non-transferable ADS rights for every 12 ADSs that it owns on the ADS record date. Each ADS right entitles the holder thereof to acquire one new ADS at the ADS subscription price.

ADS Record Date

The ADS record date for the purpose of determining entitlement to ADS rights was the close of business on 13 March 2009. The ADS rights will be credited through the book-entry system of DTC to the accounts of persons who held ADSs in book-entry form on the ADS record date and notices as to ADS rights will be sent via first class mail to registered holders of ADSs as promptly as practicable after the rights offering is approved by the General Meeting.

Fractional Entitlements

The ADS rights agent will not allot ADS rights for fractions of new ADSs. Any entitlement to receive a fraction of an ADS right will be rounded down to the nearest whole number of ADS rights. Fractional ADS rights will be aggregated and the ADS depository will use its reasonable endeavors to procure that all or as many as is reasonably practicable of the share rights underlying these fractional ADS rights are sold through the London Stock Exchange as soon as practicable after admission to trading of the new ordinary shares (nil paid) on the London Stock Exchange. If the share rights are sold at a price in excess of the expenses of sale, including any irrecoverable value added tax, any premium will be paid pro rata to each ADS holder entitled to the proceeds, after deduction of applicable taxes and any currency conversion expenses. Any unsold share rights underlying the aggregated fractional ADS rights (the Unsold Portion) will be deemed to have been declined and will lapse. If possible, the new ordinary shares underlying the Unsold Portion will be sold by the joint global coordinators on behalf of the ADS depository, and any net proceeds of the sale to the ADS depository in excess of the amount of the share subscription price plus the expenses of such sale will be paid pro rata to each ADS holder entitled to the proceeds, after deduction of applicable taxes and any currency conversion expenses. There is no guarantee that it will be possible to sell the new ordinary shares underlying the Unsold Portion at a price which results in a payment to you.

ADS Subscription Period

The ADS rights may be exercised during the period from 9.00 a.m. (New York City time) on 20 March 2009 to 5.00 p.m. (New York City time) on 31 March 2009, referred to as the ADS subscription period. The ADS subscription period ends before the share subscription period.

Any exercise of ADS rights will be irrevocable upon exercise and may not be cancelled or modified after such exercise.

ADS Rights Agent

The Bank of New York Mellon, which is the ADS depository, is acting as the ADS rights agent.

ADS Subscription Price

The estimated ADS subscription price is US\$17.75 per new ADS subscribed. The actual ADS subscription price per new ADS will be the US dollar equivalent, based on the exchange rate published by Bloomberg at approximately 3.00 p.m. (London time) on 1 April 2009, of the share subscription price of 254 pence, multiplied by five to reflect that each ADS represents five HSBC ordinary shares. The estimated ADS subscription price is the US dollar equivalent of the share subscription price, using an exchange rate of £0.7153 per US dollar (as published by

Bloomberg at approximately 3.00 p.m. on 13 March 2009), multiplied by five to reflect that each ADS represents five HSBC ordinary shares. A subscriber of the new ADSs must deposit US\$19.53 per new ADS subscribed, which represents 110% of the estimated ADS subscription price, upon the exercise of each ADS right. This additional amount over and above the estimated ADS subscription price is to increase the likelihood that the ADS rights agent will have sufficient funds to pay the final ADS subscription price in light of a possible appreciation of the pound sterling against the US dollar between the date hereof and the end of the ADS subscription period, and to pay applicable UK stamp duty reserve tax and any currency conversion expenses. HSBC and the ADS depository have agreed that ADS holders that subscribe in this rights offering will not be responsible for the issuance fee payable to the ADS depository under the deposit agreement in connection with the issuance of the new ADSs.

Table of Contents

If the actual US dollar price (equal to the share subscription price multiplied by five and stated in US dollars on or about 1 April 2009) plus applicable UK stamp duty reserve tax of 1.5% of the underlying share subscription price and any currency conversion expenses is less than the ADS deposit amount, the ADS rights agent will refund such excess to the subscribing ADS rights holder without interest. However, if the actual US dollar price plus applicable UK stamp duty reserve tax and any currency conversion expenses exceeds the ADS deposit amount, the ADS rights agent will advance the shortfall to the extent it does not exceed 20% of the amount required to be deposited by such ADS rights holder and will not deliver the new ADSs to such subscribing ADS rights holder until it has received payment of the deficiency. The ADS rights agent may sell a portion of the new ADSs that is sufficient to pay any shortfall that is not paid within 14 days of notice of the deficiency. In addition, to the extent that the shortfall of the ADS deposit amount below the actual US dollar price plus applicable UK stamp duty reserve tax and any currency conversion expenses exceeds 20%, the ADS rights agent shall not be required to advance the amount of that shortfall and may reduce *pro rata* the number of new ordinary shares for which it subscribes, which will reduce the number of new ADSs that will be available for delivery to subscribing ADS rights holders.

ADS Subscription Procedures

You may exercise your ADS rights to acquire new ADSs as follows:

Subscription by brokers and banks

If you hold ADS rights through DTC, you can exercise your ADS rights by delivering completed subscription instructions for new ADSs through DTC's system and instructing DTC to charge your applicable DTC account for the ADS deposit amount for the new ADSs and to deliver such amount to the ADS rights agent. DTC must receive the subscription instructions and the payment of the ADS deposit amount for the new ADSs so as to allow DTC sufficient time to transmit the subscription instructions and payment of the ADS deposit amount to the ADS rights agent prior to the expiration of the ADS subscription period. If the ADS deposit amount instructions and payment with respect to ADS rights are not received by the ADS rights agent by the end of the ADS subscription period, the ADS rights agent will not be authorized to, and consequently will not, accept any delivery or exercise of subscription instructions with respect to those ADS rights.

Subscription by beneficial owners

If you are a beneficial owner of ADS rights and wish to acquire new ADSs but are neither a DTC participant nor a registered holder of ADS rights, you should immediately contact the financial intermediary through which you hold ADS rights to arrange for their exercise and to arrange for payment of the ADS deposit amount. You are urged to consult your financial intermediary without delay in case your financial intermediary is unable to act immediately.

Subscription by registered holders

If you are a holder of ADS rights registered directly with the ADS rights agent, you can exercise your ADS rights by delivering to the ADS rights agent a properly completed ADS subscription form and paying in full the ADS deposit amount for the new ADSs. Payment must be made by certified check or bank draft payable to The Bank of New York Mellon HSBC ADS Rights Offering.

The properly completed ADS subscription form (except in the case of subscriptions submitted through DTC) and payment should be delivered to:

You will elect the method of delivering the ADS subscription form and paying the ADS deposit amount to the ADS rights agent and you will bear any risk associated with it. If you send the ADS subscription form and payment by mail, you should use registered mail, properly insured, with return receipt requested, and allow sufficient time to ensure delivery to the ADS rights agent.

Subscriptions and full payment must be received by the ADS rights agent prior to 5.00 p.m. (New York City time) on 31 March 2009.

HSBC and the ADS rights agent will determine all questions about the timeliness, validity, form and eligibility of any exercise of the right to acquire new ADSs. In HSBC's sole discretion, HSBC may waive any defect or irregularity, or permit you to correct a defect or defects and irregularity within the time it determines. ADS subscriptions will not be considered received or accepted until HSBC has waived all irregularities or you have cured them in time. Neither HSBC nor the ADS rights agent has to notify you of any defect or irregularity in submitting an ADS subscription. HSBC and the ADS rights agent will not incur any liability for failing to do so.

Partial Exercise of ADS Rights

Subject to the requirements for the exercise of ADS rights contained herein, if you are a registered holder of ADS rights and you wish to exercise only a portion of your total ADS rights, you will need to so indicate on the ADS subscription form; and if you are a beneficial owner of ADS rights and wish to exercise only a portion of your total ADS rights, you will need to instruct the financial intermediary through which you hold your ADS rights to debit the ADS rights from the applicable book-entry account and deliver the ADS rights to the ADS rights agent, and further instruct the ADS rights agent to subscribe only for the number of ADS rights that you wish to exercise.

Sales by the ADS Depository

You may direct the ADS depository by no later than 5.00 p.m. (New York City time) on 30 March 2009 to attempt to sell all or a portion of the share rights underlying your ADS rights for you. The ADS depository will, to the extent practicable, attempt to sell share rights underlying ADS rights on the London Stock Exchange beginning on the trading day following the day on which the instruction to sell is received until 11.00 a.m. on 3 April 2009 for those ADS holders from whom it receives such instruction. The ADS rights agent will distribute the proceeds, after accounting for the ADS depository's fees of up to \$0.02 per ADS underlying each ADS right in respect of which such instruction was given and expenses, any applicable taxes and any other applicable expenses of the ADS depository as provided under the deposit agreement, *pro rata* to the holders of ADS rights by whom it has been directed to make such sales. The instruction to sell share rights may be given through the DTC system or by completing and returning an ADS subscription form.

Exchange of ADS Rights for Share Rights

If you wish to surrender any ADS rights and receive the underlying share rights, you must instruct the ADS rights agent to cancel your ADS rights before 5.00 p.m. (New York City time) on 30 March 2009. Upon payment of any taxes or charges, such as stamp taxes and stock transfer taxes or fees, The Bank of New York Mellon will deliver the underlying share rights to an account you specify. Should you decide to so cancel any ADS rights held by you, you will be solely responsible for providing a securities brokerage account in the UK that can accept the rights for your benefit. Furthermore, you will be solely responsible for causing any actions to be taken with respect to those rights, including the timely exercise or sale of the rights. ADS rights may be surrendered for delivery of share rights through the DTC system or by completing and returning an ADS subscription form.

None of HSBC, The Bank of New York Mellon or any of their respective agents (including, without limitation, the custodian for the ADS depository) assumes any responsibility for the required securities brokerage account in the UK or for the execution of any such actions.

Unexercised ADS Rights

Any ADS rights or share rights not exercised in accordance with the procedures laid down for acceptance and payment or instructed to be sold by the ADS depository or surrendered for delivery of share rights will be deemed to have been declined and will lapse. The joint global coordinators will use reasonable endeavors to procure, by not later than 4.30 p.m. (London time) on 8 April 2009, subscribers for all (or as many as possible) of the new ordinary shares underlying the share rights that were not exercised if a premium over the total of the share subscription price

W-39

Table of Contents

(in pounds sterling) and the expenses of procuring such acquirers can be obtained. You will receive compensation for unexercised rights only if and to the extent a premium over the share subscription price, after deducting the joint global coordinators' expenses of procuring such subscribers (including any applicable brokerage and commissions and amounts in respect of UK value added tax which are not recoverable), can be obtained for the ordinary shares underlying the share rights that are not exercised. The aggregate premium (if any) will be paid (without interest) to holders of unexercised rights in proportion to their respective numbers of lapsed rights. The ADS depository will convert these proceeds to US dollars and remit the proceeds *pro rata* to the holders of ADSs to whom the unsubscribed new ADSs had been provisionally allotted, after deduction of the ADS depository's fees of up to \$0.02 per ADS underlying each ADS right that expired unexercised, applicable taxes and any currency conversion expenses.

Notwithstanding the above, the joint global coordinators may cease to endeavor to procure any such subscribers if, in the opinion of the joint global coordinators, it is unlikely that any such subscribers can be so procured at such a price and by such time. If and to the extent that subscribers cannot be procured on the basis outlined above, such unsubscribed for new ordinary shares will be subscribed for by the underwriters as principals pursuant to the underwriting agreement or by sub-underwriters procured by the underwriters, in each case, at the share subscription price and in their respective underwriting proportions.

Any transactions undertaken pursuant to unexercised rights will be deemed to have been undertaken at HSBC's request and none of the joint global coordinators, the underwriters, nor any other person procuring new subscribers, will be responsible for any loss arising from the terms or timing of the subscription or the failure to procure subscribers on the basis described above. Checks for the amount due will be sent at the risk of the person(s) entitled to their registered addresses (the registered address of the first named in the case of joint holders).

Delivery of New ADSs

The ADS depository will receive the new ordinary shares to be represented by the new ADSs on or about 6 April 2009. The ADS depository will then deliver to your broker's account or register in your name the new ADSs subscribed for as soon as practicable thereafter, provided that you have paid the ADS rights agent any shortfall arising from the conversion of the US dollar payment and your payment of the ADS subscription price has cleared.

Transfer of ADS Rights

ADS rights are not transferable and may not be exercised by, or sold or assigned to, third parties. The ADS rights will not be listed on the New York Stock Exchange or any other stock exchange.

DESCRIPTION OF HSBC ADSs

General

The Bank of New York Mellon, as depository, delivers HSBC ADSs. Each HSBC ADS represents an ownership interest in five HSBC ordinary shares which have been deposited with the depository. The principal executive office of The Bank of New York Mellon is located at One Wall Street, New York, NY 10286.

You may hold ADSs either (A) directly (i) by having an American Depositary Receipt, also referred to as an ADR, which is a certificate evidencing a specific number of ADSs, registered in your name, or (ii) by having ADSs registered in your name in the Direct Registration System, or (B) indirectly by holding a security entitlement in ADSs through your broker or other financial institution. If you hold ADSs directly, you are a registered ADS holder, also referred to as an ADS holder. This description assumes you are an ADS holder. If you hold the ADSs indirectly, you must rely on the procedures of your broker or other financial institution to assert the rights of ADS holders described in this section. You should consult with your broker or financial institution to find out what these procedures are.

The Direct Registration System, or DRS, is a system administered by The Depository Trust Company, also referred to as DTC, pursuant to which the depository may register the ownership of uncertificated ADSs, which ownership shall be evidenced by periodic statements sent by the depository to the registered holders of uncertificated ADSs.

The following is a summary of the deposit agreement. Because it is a summary, it does not contain all the information that may be important to holders of HSBC ADSs. For more complete information, the holder should read the entire agreement and the American Depositary Receipt, or ADR, evidencing the HSBC ADSs. Copies of the agreement and the ADR will be available for inspection at the office of The Bank of New York Mellon. The laws of the State of New York govern the deposit agreement.

The term deposited securities, as used in this description, includes HSBC ordinary shares deposited under the deposit agreement and other securities, cash and property received by The Bank of New York Mellon in respect of the HSBC ordinary shares, or in respect of any other securities, property or cash previously received, and held under the deposit agreement.

Deposit and Withdrawal of Deposited Securities

The Bank of New York Mellon will deliver the HSBC ADSs that the holder is entitled to receive against deposits of HSBC ordinary shares. The Bank of New York Mellon will deliver additional HSBC ADSs if the holder or his broker deposits HSBC ordinary shares, along with any appropriate instruments of transfer or endorsement, with the custodian. The Bank of New York Mellon may also require the holder to deliver evidence of necessary governmental approvals and an agreement transferring his right as a shareholder to receive dividends or other property. Upon payment of its fees and of any taxes or charges, such as stamp taxes or stock transfer taxes or fees, The Bank of New York Mellon will register the appropriate number of HSBC ADSs in the names the holder requests and will deliver book-entry HSBC ADSs or, if the holder specifically requests, deliver certificates representing the HSBC ADSs at its New York office to the persons the holder requests.

The holder may submit a written request to withdraw HSBC ordinary shares and turn in his certificated HSBC ADSs, if any, at the New York office of The Bank of New York Mellon. Upon payment of its fees and of any taxes or charges, such as stamp taxes, stock transfer taxes or fees, The Bank of New York Mellon will deliver at the office of its custodian in London the deposited securities underlying the HSBC ADSs, and at The Bank of New York Mellon

New York office any dividends or distributions with respect to the deposited securities represented by the HSBC ADSs, or any proceeds from the sale of any dividends, distributions or rights held by The Bank of New York Mellon. Alternatively, at the holder's request, risk and expense, The Bank of New York Mellon will deliver the deposited securities at its New York office.

Dividends and Other Distributions

The Bank of New York Mellon will pay the holder of HSBC ADSs the cash dividends or other distributions it or the custodian receives on HSBC ordinary shares or other deposited securities, after deducting its fees and

W-42

Table of Contents

expenses (if any). The holder will receive these distributions in proportion to the number of HSBC ordinary shares his HSBC ADSs represent.

Cash

The Bank of New York Mellon will convert any cash dividend or other cash distribution HSBC pays on the HSBC ordinary shares, other than any dividend or distribution paid in US dollars, into US dollars. If that is not possible on a reasonable basis, or if any approval from any government is needed and cannot be obtained, the deposit agreement allows The Bank of New York Mellon to distribute the non-US currency only to those ADS holders to whom it is possible to do so or to hold the non-US currency it cannot convert for the account of the ADS holders who have not been paid. It will not invest the non-US currency and it will not be liable for any interest.

Before making a distribution, The Bank of New York Mellon will deduct any withholding taxes that must be paid under applicable laws. It will distribute only whole US dollars and cents and will round any fractional amounts to the nearest whole cent.

Shares

The Bank of New York Mellon may distribute new HSBC ADSs representing any HSBC ordinary shares HSBC distributes as a dividend or free distribution, and will do so if HSBC requests it to make this distribution. The Bank of New York Mellon will only distribute whole HSBC ADSs. It may sell HSBC ordinary shares which would require it to issue a fractional HSBC ADS and distribute the net proceeds in the same way as it does with cash dividends and distributions paid by HSBC. If The Bank of New York Mellon does not distribute additional cash or HSBC ADSs, each HSBC ADS will also represent the new ordinary shares.

Rights to Receive Additional Shares

If HSBC offers holders of securities any rights to acquire additional HSBC ordinary shares or any other rights, The Bank of New York Mellon may, and will if HSBC so requests, take actions necessary to make these rights available to the holder of HSBC ADSs. If The Bank of New York Mellon determines that it is not legal or not feasible to make these rights available to the holder, The Bank of New York Mellon may sell the rights and allocate the net proceeds to holders' accounts. The Bank of New York Mellon may allow rights that are not distributed or sold to lapse.

If The Bank of New York Mellon makes rights available to the holder of HSBC ADSs, upon instruction from the holder it will exercise the rights and purchase the HSBC ordinary shares on his behalf. The Bank of New York Mellon will then deposit the HSBC ordinary shares and deliver HSBC ADSs to the holder. The Bank of New York Mellon will only exercise rights if the holder pays it the exercise price and any other charges the rights require the holder to pay.

US securities laws may restrict the sale, deposit, cancellation and transfer of the HSBC ADSs issued after exercise of rights. In this case, The Bank of New York Mellon may deliver the HSBC ADSs under a separate restricted deposit agreement which will contain the same provisions as the deposit agreement, except for changes needed to put the restrictions in place. The Bank of New York Mellon will not offer the holder rights unless those rights and the securities to which the rights relate are either exempt from registration or have been registered under the Securities Act with respect to a distribution to the holder. HSBC will have no obligation to register under the Securities Act those rights or the securities to which they relate.

Other Distributions

Edgar Filing: HSBC HOLDINGS PLC - Form F-3ASR

The Bank of New York Mellon will send to the holder anything else HSBC distributes on deposited securities by any means The Bank of New York Mellon thinks is legal, fair and practical. If it cannot make such distribution, The Bank of New York Mellon may decide to sell what HSBC distributed for example by public or private sale and distribute the net proceeds, in the same way as it does with cash dividends and distributions paid by HSBC.

HSBC will have no obligation to take any other action to permit the distribution of ADSs, ordinary shares, rights or anything else to ADS holders.

Reclassifications, Realizations and Mergers

If HSBC:

changes the nominal or par value of any of the HSBC ordinary shares, or reclassifies, splits or consolidates any of the ordinary shares,

distributes securities on any of the ordinary shares which are not in turn distributed to ADS holders, or

recapitalizes, reorganizes, merges, consolidates, sells its assets, or takes any similar action,

the cash, shares or other securities received by The Bank of New York Mellon will become new deposited securities under the deposit agreement. Each HSBC ADS will automatically represent its equal share of the new deposited securities. The Bank of New York Mellon will, if HSBC asks it to, issue new ADSs or ask the holder to surrender his outstanding HSBC ADRs in exchange for new HSBC ADRs identifying the new deposited securities.

Record Dates

Each time a dividend is payable or other distribution is made, or a meeting of shareholders is scheduled, HSBC may set a record date to establish those shareholders who are eligible to receive the dividend or distribution or to attend the meeting. The Bank of New York Mellon will fix a dividend record date relating to the HSBC ADSs, which will be the same as any corresponding record date set by HSBC for ordinary shares or, if a different date, set after consultation with HSBC to the extent practicable.

Voting Rights

The ADS holder may instruct The Bank of New York Mellon, as depository, as to the exercise of voting rights attaching to deposited securities represented by HSBC ADSs.

If requested in writing by HSBC, The Bank of New York Mellon will notify the holder of the upcoming meeting and arrange to deliver relevant materials to him. The materials will (1) describe the meeting time, place and the matters to be voted on and (2) explain how the holder may give instructions for his HSBC ordinary shares to be voted. For instructions to be valid, The Bank of New York Mellon must receive them on or before the date specified in the instructions. The Bank of New York Mellon will, to the extent practical, subject to applicable law and the provisions of HSBC's Memorandum and Articles of Association, vote the HSBC ordinary shares or other deposited securities as the holder instructs. The Bank of New York Mellon will only vote as the holder instructs.

Although The Bank of New York Mellon will try to send the notice of the meeting reasonably in advance of the meeting, HSBC will not be able to assure that the holder will receive the voting materials in time to ensure that the holder can give instructions for his HSBC ordinary shares to be voted. In addition, The Bank of New York Mellon and its agents are not responsible for failing to carry out voting instructions or for the manner of carrying out voting instructions.

Disclosure of Interests

The obligation of a holder of ordinary shares and other persons with an interest in the ordinary shares to disclose information to HSBC under English law and Hong Kong law applies to ADS holders and any other persons with an interest in the HSBC ADSs. The consequence of failure to comply with these provisions will be the same for an ADS holder and any other persons with an interest in the ADS as for a holder of ordinary shares. The Bank of New York

Mellon will co-operate with HSBC's efforts to comply with the disclosure requirements and ownership limitations.

Amendment and Termination of the Deposit Agreement

HSBC may agree with The Bank of New York Mellon to amend, for any reason, the deposit agreement and the HSBC ADSs without the holder's consent. If the amendment adds or increases fees or charges, except for taxes and other governmental charges, or prejudices an important right of ADS holders, it will only become effective 30 days after The Bank of New York Mellon notifies the holder of the amendment. At the time an amendment becomes effective, the holder is considered, by continuing to hold his HSBC ADSs, to agree to the amendment and to be

W-44

Table of Contents

bound by the agreement as amended. However, no amendment will impair the holder's right to receive the deposited securities in exchange for his HSBC ADSs, except as required to comply with applicable law.

The Bank of New York Mellon will terminate the deposit agreement if HSBC asks it to do so in which case it must notify the holder at least 90 days before termination. The Bank of New York Mellon may also terminate the agreement if The Bank of New York Mellon informs HSBC that it would like to resign and HSBC does not appoint a new depositary bank within 90 days.

After termination, The Bank of New York Mellon and its agents will be required to do only the following under the agreement: (1) collect dividends and other distributions on the deposited securities, (2) sell rights offered to holders of deposited securities and (3) deliver shares and other deposited securities upon cancellation of HSBC ADSs. At any time after one year following termination of the deposit agreement, The Bank of New York Mellon may sell any remaining deposited securities. After that, The Bank of New York Mellon will hold the money it received on the sale, as well as any other cash it is holding under the deposit agreement, for the *pro rata* benefit of the ADS holders that have not surrendered their HSBC ADSs. The Bank of New York Mellon will not invest the money and will have no liability for interest. The Bank of New York Mellon's only obligations will be to account for the money and other cash. After termination, HSBC's only obligations will be with respect to indemnification and to pay specified amounts to The Bank of New York Mellon.

Charges of Depositary

HSBC will pay specified fees, charges and expenses of The Bank of New York Mellon as agreed between The Bank of New York Mellon and HSBC. Fees for which the holders of the HSBC ADSs will be responsible include:

Liability of Holder for Taxes

The Bank of New York Mellon may deduct the amount of any taxes owed from any payments to the holder. It may also restrict the transfer of the holder's HSBC ADSs or restrict the withdrawal of the holder's underlying deposited securities until the holder pays any taxes owed on his HSBC ADSs or underlying securities. It may also sell deposited securities, by public or private sale, to pay any taxes owed. The holder will remain liable if the proceeds of the sale are not enough to pay the taxes. If The Bank of New York Mellon sells deposited securities, it will, if appropriate, reduce the number of HSBC ADSs to reflect the sale and pay to the holder any proceeds, or send to the holder any property, remaining after it has paid the taxes.

Limitations on Obligations and Liability to HSBC ADS Holders

The deposit agreement expressly limits HSBC's obligations and the obligations of The Bank of New York Mellon. It also limits HSBC's liability and the liability of The Bank of New York Mellon, HSBC and The Bank of New York Mellon:

are only obligated to take the actions specifically set forth in the deposit agreement without negligence or bad faith;

are not liable if either of them is prevented or delayed by law, any provision of HSBC's Memorandum and Articles of Association or circumstances beyond their control from performing their obligations under the agreement;

are not liable if either of them exercises, or fails to exercise, discretion permitted under the agreement;

may rely upon any advice of or information from any legal counsel, accountants, any person depositing HSBC ordinary shares, any ADS holder or any other person whom they believe in good faith is competent to give them that advice or information.

In the deposit agreement, HSBC and The Bank of New York Mellon agree to indemnify each other under specified circumstances.

Holder's Right to Receive the HSBC Ordinary Shares Underlying HSBC ADSs

The holder of HSBC ADSs has the right to cancel his HSBC ADSs and withdraw the underlying shares at any time, except (i) when The Bank of New York Mellon or HSBC has closed its transfer books (for example, to permit voting at a shareholders' meeting or when HSBC is paying a dividend on the HSBC ordinary shares); (ii) when the holder seeking to withdraw HSBC ordinary shares owes money to pay fees, taxes and similar charges; or (iii) when it is necessary to prohibit withdrawals in order to comply with any laws or governmental regulations that apply to HSBC ADSs or to the withdrawal of HSBC ordinary shares or other deposited securities.

This right of withdrawal may not be limited by any other provision of the deposit agreement.

Inspection of Books and Shareholder Communications

Edgar Filing: HSBC HOLDINGS PLC - Form F-3ASR

The Bank of New York Mellon will keep books at its transfer office in New York City for the registration and transfer of HSBC ADSs which will be open for inspection by the holders of HSBC ADSs and HSBC at all reasonable times. Any reports and communications that HSBC sends to The Bank of New York Mellon or the custodian or otherwise makes available to shareholders are available for inspection by the holders of HSBC ADSs and HSBC at The Bank of New York Mellon's New York City transfer office. The holder of HSBC ADSs has the right to inspect a list, as of a recent date, of the names and addresses of all registered holders of HSBC ADSs.

Pre-Release of HSBC ADSs

The Bank of New York Mellon may deliver HSBC ADSs before deposit of the underlying HSBC ordinary shares. This is called a pre-release of HSBC ADSs. The Bank of New York Mellon may also deliver HSBC ordinary shares prior to the receipt and cancellation of pre-released HSBC ADSs even if the HSBC ADSs are cancelled before the pre-release transaction has been closed out. A pre-release is closed out as soon as the underlying HSBC ordinary shares are delivered to The Bank of New York Mellon. The Bank of New York Mellon may receive HSBC ADSs instead of HSBC ordinary shares to close out a pre-release. The Bank of New York Mellon may pre-release HSBC ADSs only under the following conditions: (1) before or at the time of the pre-release, the person to whom the pre-release is being made must represent to The Bank of New York Mellon in writing that it or its customer, as the case may be, owns the HSBC ordinary shares or HSBC ADSs to be remitted; (2) the pre-release must be fully collateralized with cash or other collateral that The Bank of New York Mellon considers appropriate; (3) The Bank of New York Mellon must be able to close out the pre-release on not more than three business days' notice. The pre-release will be subject to whatever indemnities and credit regulations that The Bank of New York Mellon considers appropriate. In addition, The Bank of New York Mellon will limit the number of HSBC ADSs that may be outstanding at any time as a result of pre-release.

Requirements for Depositary Actions

Before The Bank of New York Mellon will deliver or register the transfer of HSBC ADSs, make a distribution on HSBC ADSs or permit withdrawal of HSBC ordinary shares, HSBC or The Bank of New York Mellon may require:

payment of stock transfer or other taxes or governmental charges and transfer or registration fees charged by third parties for the transfer of any HSBC ordinary shares or other deposited securities, as well as the fees of The Bank of New York Mellon;

production of satisfactory proof of the identity of the person presenting HSBC ordinary shares for deposit or HSBC ADSs upon withdrawal, and of the authenticity of any signature or other information they deem necessary; and

compliance with regulations The Bank of New York Mellon may establish consistent with the deposit agreement, including presentation of transfer documents.

Table of Contents

US FEDERAL INCOME TAXATION

US Taxation Related to US Holders who Acquire, Own or Dispose of Rights to the New ADSs or New Ordinary Shares

The following is a summary of certain material US federal income tax consequences of the acquisition, ownership and disposition of rights to acquire the new ordinary shares or new ADSs pursuant to the rights offering (Rights), new ordinary shares or new ADSs by a US Holder (as defined below). For a summary of certain United Kingdom taxation considerations, please see Part XVI Additional Information 10 Taxation 10.1 United Kingdom taxation in the accompanying UK Prospectus. This summary does not purport to be a comprehensive description of all of the tax considerations that may be relevant to any particular investor, and does not discuss state, local, foreign or other tax laws. In particular, the summary does not deal with Rights, new ordinary shares or new ADSs that are not held as capital assets and does not address the tax treatment of holders that are subject to special rules, such as US expatriates, banks and other financial institutions, insurance companies, dealers in securities or currencies, regulated investment companies, persons that elect mark-to-market treatment, persons holding shares as a position in a synthetic security, straddle or conversion transaction, persons subject to the alternative minimum tax, persons who acquired the shares pursuant to the exercise of employee stock options or otherwise as compensation, individual accounts and other tax deferred accounts, tax exempt entities, persons that own, directly or indirectly, 10% or more of the Company s shares and persons whose functional currency is not the US dollar.

For purposes of this summary, a US Holder is a beneficial owner of Rights, new ordinary shares or new ADSs that is a citizen or resident of the United States, a US domestic corporation, or otherwise subject to US federal income tax on a net income basis with respect to its Rights, new ordinary shares or new ADSs.

A U.S. holder of the ADSs generally will be treated for U.S. federal income tax purposes as the beneficial owner of the shares represented by those ADSs. No gain or loss will be recognized upon an exchange of the ADSs for such shares or on an exchange of rights to new ADSs for the rights to new ordinary shares.

The US federal income tax treatment of a partner in a partnership that holds Rights and new ordinary shares or new ADSs will depend on the status of the partner and the activities of the partnership. Prospective purchasers that are partnerships should consult their tax advisers concerning the US federal income tax consequences to their partners of the acquisition, ownership and disposition of Rights and new ordinary shares or new ADSs by the partnership.

The summary is based on the tax laws of the United States, including the Internal Revenue Code of 1986, as amended (the Code), its legislative history, existing and proposed regulations thereunder, published rulings and court decisions, as well as on the income tax treaty between the United States and the United Kingdom (the Treaty), all as of the date hereof and all subject to change at any time, possibly with retroactive effect.

THE SUMMARY OF US FEDERAL INCOME TAX CONSEQUENCES SET OUT BELOW IS FOR GENERAL INFORMATION ONLY. ALL PROSPECTIVE PURCHASERS SHOULD CONSULT THEIR TAX ADVISERS AS TO THE PARTICULAR TAX CONSEQUENCES TO THEM OF OWNING RIGHTS, NEW ORDINARY SHARES AND NEW ADSS, INCLUDING THEIR ELIGIBILITY FOR THE BENEFITS OF THE TREATY, THE APPLICABILITY AND EFFECT OF STATE, LOCAL, FOREIGN AND OTHER TAX LAWS AND POSSIBLE CHANGES IN TAX LAW.

Taxation in Respect of Rights

Receipt of Rights

The tax consequences of the receipt of Rights by a US Holder are not free from doubt. In particular, it is not clear whether the sale of ordinary shares underlying Rights by the joint global coordinators, and the remittance of the proceeds from that sale to certain holders whose ordinary shares underlying Rights were sold, should be treated as a sale and distribution by the Company, or as a distribution of Rights by the Company and a subsequent sale of those Rights by the relevant holders. If the sale and distribution were considered to be made by the Company, then the receipt of Rights would be taxable to US Holders as a dividend, as described below under Taxation in Respect of new ordinary shares and new ADSs Dividends. However, based on the particular facts relating to the

W-48

Table of Contents

Rights and the sale of ordinary shares underlying Rights by the joint global coordinators, the Company believes it is proper to take the position that a US Holder is not required to include any amount in income for US federal income tax purposes as a result of the receipt of the Rights. It is possible that the IRS will take a contrary view and require a US Holder to include in income the fair market value of the Rights on the date of their distribution. The remainder of this discussion assumes that the receipt of Rights will not be a taxable event for US federal income tax purposes.

The basis and holding period of the Rights will be determined by reference to a US Holder's Existing Ordinary Shares or Existing ADSs. If the fair market value of the Rights is worth 15% or more of the value of the Existing Ordinary Shares or Existing ADSs on the date the Rights are distributed, a US holder will be required to allocate its basis in its Existing Ordinary Shares between the Existing Ordinary Shares or Existing ADSs and the Rights based on the fair market value of each on the distribution date. In the event that the fair market value of the Rights is less than 15% of the value of the Existing Ordinary Shares or Existing ADSs on the date the Rights are distributed, US Holders may elect to allocate their basis in the same manner, and with the same results, as discussed above. In the absence of such election, no basis will be allocated to the Rights. US Holders' holding period with respect to Rights will be the same as their holding period for their Existing Ordinary Shares or Existing ADSs with respect to which the Rights were allocated.

Sale or other disposition of Rights

A US Holder will recognize capital gain or loss on the sale or other disposition of Rights in an amount equal to the difference between such holder's tax basis in the Rights, if any, and the US dollar value of the amount realized from the sale or other disposition. A US Holder will recognize long-term capital gain or loss, subject to taxation at reduced rates for individual taxpayers, if such holder's holding period in the Rights exceeds one year. A US Holder's holding period will include the holding period in the Existing Ordinary Shares or Existing ADSs with respect to which the Rights were allocated. In addition, any gain or loss will generally be treated as arising from US sources. US Holders should consult their own tax advisors as to the US tax and foreign tax credits implications of such sale or other disposition of Rights. The ability to offset capital losses against ordinary income is limited.

A US Holder that receives a payment from the underwriters on account of the sale of new ordinary shares or new ADSs at a premium over the share subscription price will be treated either as having sold the Rights or as having exercised the Rights and sold the new ordinary shares or new ADSs (as described below under *Taxation in respect of new ordinary shares or new ADSs - Sale or other disposition*). A US Holder that receives such a payment should consult its own tax advisers about the US federal income tax treatment of those amounts.

The amount realized on a sale or other disposition of Rights for an amount in a currency other than the US dollar (a foreign currency) will be the US dollar value of this amount on the date of sale or disposition (or in the case of cash basis and electing accrual basis taxpayers, the settlement date, provided that the Rights are traded on an established securities market). On the settlement date, the US Holder will recognize US source foreign currency gain or loss (taxable as ordinary income or loss) equal to the difference (if any) between the US dollar value of the amount received based on the exchange rates in effect on the date of sale or other disposition and the settlement date. However, in the case of Rights traded on an established securities market that are sold by a cash basis US Holder (or an accrual basis US Holder that so elects), the amount realized will be based on the exchange rate in effect on the settlement date for the sale, and no exchange gain or loss will be recognized at that time. If an accrual basis US Holder makes the election described above, it must be applied consistently from year to year and cannot be revoked without the consent of the Internal Revenue Service.

Expiration of Rights

If a US Holder allows the Rights to expire without selling or exercising them and does not receive any proceeds, the allocation of basis to the Rights will be disregarded and such holder will not recognize any loss upon expiration of the Rights.

Exercise of Rights

A US Holder will not recognize taxable income upon the receipt of new ordinary shares or new ADSs pursuant to the exercise of Rights. A US Holder's basis in the new ordinary shares or new ADSs will equal the sum of the US

W-49

Table of Contents

dollar value of the share subscription price determined at the spot rate on the date of exercise and the US Holder's basis, if any, in the Rights exercised to obtain the new ordinary shares or new ADSs. A US Holder's holding period in each new ordinary share or new ADS acquired through the exercise of a Right will begin with and include the date of exercise.

Taxation in Respect of New Ordinary Shares or New ADSs

Dividends

The gross amount of any cash distribution received by a US Holder (including the amount of any UK taxes withheld) with respect to its new ordinary shares or new ADSs generally will be subject to US federal income taxation as foreign-source dividend income. Any dividends paid in a foreign currency will be included in a US Holder's income in a US dollar amount calculated by reference to the exchange rate in effect on the date of a US Holder's receipt of the dividend, regardless of whether the payment is in fact converted into US dollars on such date. If such a dividend is converted into US dollars on the date of receipt, a US Holder generally should not be required to recognize foreign currency gain or loss in respect of the dividend income. Dividends paid on new ordinary shares or new ADSs generally will not be eligible for the dividends received deduction available to US corporate shareholders.

Subject to certain exceptions for short-term and hedged positions, the US dollar amount of dividends received by certain non-corporate US Holders with respect to new ordinary shares or new ADSs before January 1, 2011 will be subject to taxation at a maximum rate of 15% if the dividends are qualified dividends. Dividends received with respect to new ordinary shares or new ADSs will be qualified dividends if the Company (i) is eligible for the benefits of a comprehensive income tax treaty with the United States that the IRS has approved for purposes of the qualified dividend rules and (ii) was not, in the year prior to the year in which the dividend was paid, and is not, in the year in which the dividend is paid, a passive foreign investment company (PFIC). The current Treaty has been approved for purposes of the qualified dividend rules. Based on the Company's audited financial statements and relevant market and shareholder data, the Company believes that it was not treated as a PFIC for US federal income tax purposes with respect to its 2008 taxable year. In addition, based on its current expectations regarding the value and nature of its assets, the sources and nature of its income, and relevant market and shareholder data, the Company does not anticipate becoming a PFIC for its 2009 taxable year or in the foreseeable future.

Dividends received by US Holders generally will constitute passive category income (or, in the case of certain US Holders, general category income) for US foreign tax credit purposes. UK tax withheld from dividends will be treated, up to any applicable reduced rates provided under the Treaty, as a foreign income tax that, subject to generally applicable limitations under US tax law, is eligible for credit against the US federal income tax liability of US Holders or, if they have elected to deduct such taxes, may be deducted in computing taxable income. US Holders are urged to consult their tax advisors regarding the availability of the foreign tax credit under their particular circumstances.

Sale or other disposition

A US Holder will recognize capital gain or loss on the sale, exchange or other disposition of the shares in an amount equal to the US dollar value of the difference between the amount realized for the new ordinary shares or new ADSs and such holder's adjusted tax basis (determined in US dollars) in the new ordinary shares or new ADSs. Such gain or loss generally will be US source gain or loss, and will be long-term capital gain or loss if the new ordinary shares or new ADSs were held for more than one year. The net amount of long-term capital gain recognized by an individual US Holder generally is subject to taxation at a preferential rate. In addition, such gain or loss generally will be US-source gain or loss for US foreign tax credit purposes. Prospective investors should consult their own tax advisors as to the US tax and foreign tax credits implications of such sale or other disposition of new ordinary shares or new ADSs. A US Holder's ability to offset capital losses against ordinary income is limited.

The tax basis of a new ordinary share or new ADS purchased with foreign currency will generally be the US dollar value of the purchase price on the date of purchase, or the settlement date for the purchase, in the case of new ordinary shares or new ADSs traded on an established securities market that are purchased by a cash basis US Holder (or an accrual basis US Holder that so elects). (For the tax basis of a US Holder in new ordinary shares

acquired by exercising Rights, see *Taxation in Respect of Rights-Exercise of Rights* above). The amount realized on a sale or other disposition of new ordinary shares or new ADSs for an amount in foreign currency will be the US dollar value of this amount on the date of sale or disposition. On the settlement date, the US Holder will recognize US source foreign currency gain or loss (taxable as ordinary income or loss) equal to the difference (if any) between the US dollar value of the amount received based on the exchange rates in effect on the date of sale or other disposition and the settlement date. However, in the case of new ordinary shares or new ADSs traded on an established securities market that are sold by a cash basis US Holder (or an accrual basis US Holder that so elects), the amount realized will be based on the exchange rate in effect on the settlement date for the sale, and no exchange gain or loss will be recognized at that time. If an accrual basis US Holder makes the election described above, it must be applied consistently from year to year and cannot be revoked without the consent of the Internal Revenue Service.

Backup withholding and information reporting

Payments of dividends and sales proceeds of Rights, new ordinary shares or new ADSs that are made within the United States or through certain US-related financial intermediaries are subject to information reporting and may be subject to backup withholding unless the holder (i) is a corporation or other exempt recipient or (ii) provides a taxpayer identification number and certifies that no loss of exemption from backup withholding has occurred. Holders that are not US persons generally are not subject to information reporting or backup withholding. However, such a holder may be required to provide a certification of its non-US status in connection with payments received within the United States or through a US-related financial intermediary (generally on Form W-8BEN). Backup withholding is not an additional tax. Amounts withheld as backup withholding may be credited against a holder's US federal income tax liability. A holder may obtain a refund of any excess amounts withheld under the backup withholding rule by filing the appropriate claim for refund with the IRS and furnishing any required information.

UK stamp duty reserve tax

US Holders should note that under UK domestic law there is a charge to stamp duty reserve tax on the issue of new ordinary shares to the ADS depository (or its nominee) calculated at 1.5 per cent of the consideration given for the new ordinary shares. This cost will be borne by the relevant US Holder and, accordingly, the ADS subscription price for such US Holders shall be increased on the terms set out in this prospectus to account for such stamp duty reserve tax. Following the receipt of such additional monies in respect of stamp duty reserve tax, they will be paid to HM Revenue & Customs.

HSBC is aware that all of its directors intend to exercise their rights, in full, to acquire new ordinary shares, other than rights arising in connection with any HSBC ordinary shares HSBC's executive directors hold through the HSBC Holdings UK Share Ownership Plan. In accordance with the basis on which such plan operates, HSBC's executive directors will sell such number of rights during the nil paid dealing period as is required to meet the cost of taking up

the balance of such rights.

Certain of the underwriters and JPMC have advised HSBC that they are currently making a market for HSBC ordinary shares and that they intend to make a market in the share rights. However, there is currently no market for the share rights and HSBC can give you no assurance that a market for the share rights will develop or, if a market does develop, as to how long it will continue. If these market making activities are commenced, they may be discontinued at any time at the sole discretion of the underwriters and without notice. These transactions may be effected on the New York Stock Exchange, the London Stock Exchange or Euronext Paris, in the over-the-counter market or otherwise.

Each underwriter has agreed that neither it nor its affiliates will, without the consent of HSBC, enter into any transaction involving HSBC ordinary shares or securities or derivatives (other than securities or derivatives referencing any existing and established sector or market index in which the weighting of HSBC's ordinary shares does not exceed 8%) that is intended to hedge (or otherwise mitigate the economic risk associated with) the underwriting commitment of such underwriter. The underwriters may, however, enter into transactions in the ordinary course to facilitate client orders or that constitute ordinary course market making activity. Any such transactions shall be undertaken in compliance with applicable securities laws and regulations.

As described above, subject to certain conditions, the joint global coordinators will be required to seek to procure subscribers or, failing that, the underwriters will be required to subscribe for the remaining new ordinary shares, if there are any. This prospectus may be used by the underwriters to make offers and sales, or resales, of the remaining new ordinary shares.

Subject to certain selling restrictions, the several underwriters may offer remaining new ordinary shares to the public at variable prices, which may be less than or in excess of the share subscription price. Any remaining new ordinary shares sold by the underwriters to securities dealers, and any such securities that such dealers may resell to certain other brokers or dealers, may be sold at a discount to the price or prices offered to the public.

HSBC has been advised by the underwriters that one or more of the underwriters are expected to make offers and sales of remaining new ordinary shares through their respective selling agents. Any offers and sales in the United States will be conducted by or through broker-dealers registered with the Securities and Exchange Commission as permitted by applicable regulations.

HSBC has been advised that the underwriters may distribute the remaining new ordinary shares in one or more of the following types of transactions:

transactions, including block trades or consolidated distributions, on one or more of the stock exchanges on which HSBC's securities trade or otherwise;

over-the-counter market transactions;

privately negotiated transactions; or

a combination of any of these transactions.

HSBC has agreed to indemnify the joint global coordinators and the underwriters against certain liabilities, including liabilities under the Securities Act, or to contribute to payments the underwriters may be required to make because of any of those liabilities.

Certain of the joint global coordinators and the underwriters and their respective affiliates have, from time to time, performed, and may in the future perform, various financial advisory, investment banking, commercial banking or other services for HSBC, for which they received or will receive customary fees and expenses. HSBC and its affiliates have, from time to time, performed, and may in the future perform, various financial advisory, investment banking, commercial banking or other services for certain of the joint global coordinators or the underwriters or their respective affiliates, for which they received or will receive customary fees and reimbursement of expenses.

Subscribers for new ordinary shares may be required to pay taxes and other charges in accordance with the laws and practices of their country in addition to the subscription price stated on the cover of this prospectus.

The distribution of this document and/or the Provisional Allotment Letter and/or the transfer of Nil Paid Rights, Fully Paid Rights and/or New Ordinary Shares into a jurisdiction other than the United Kingdom, Hong Kong or Bermuda may be restricted by law and therefore persons into whose possession this document and/or any related documents comes should inform themselves about and observe any such restrictions. Any failure to comply with any such restrictions may constitute a violation of the securities laws of any such jurisdictions. In particular, subject to certain exceptions as agreed with the Company and the Joint Global Coordinators, this document and the Provisional Allotment Letter should not be distributed, forwarded to or transmitted in, into or from any of the Excluded Territories.

Your attention is drawn to the letter from the Chairman of HSBC which is set out in Part VI of this document. You should read the whole of this document. Please refer to Part II of this document for a description of certain important factors, risks and uncertainties that may affect the HSBC Group's business, the Rights Issue and the New Ordinary Shares and which should be taken into account when considering whether to take up rights under the Rights Issue.

The latest time for acceptance and payment in full of entitlements under the Rights Issue in the UK is 11.00 a.m. (UK time), in Hong Kong is 4.00 p.m. (Hong Kong time) and in Bermuda is 11.00 a.m. (Bermuda time) on 3 April 2009. The procedure for acceptance and payment is set out in Part VIII of this document and, for Qualifying Non-CREST Shareholders, Qualifying Non-CCASS Shareholders and Qualifying Bermuda Shareholders, in each case other than (subject to certain exceptions as agreed with the Company and the Joint Global Coordinators) those with registered addresses in any of the Excluded Territories only, will also be set out in the Provisional Allotment Letter. Qualifying CREST Shareholders should refer to paragraph 3.2, and Qualifying CCASS Shareholders should refer to paragraph 4.2, of Part VIII of this document.

The Rights Issue is conditional upon, amongst other things, the passing, without material amendment, of the Resolutions at the General Meeting and UK Admission having become effective by not later than 8.00 a.m. on 20 March 2009 (or such later time and date (being not later than 27 March 2009) as certain of the parties to the Underwriting Agreement may agree). If the conditions to the Rights Issue are not fulfilled or the Underwriting Agreement is terminated prior to UK Admission, the Rights Issue will not proceed. Shareholders and prospective investors should note that any persons who deal in the Ordinary Shares in Bermuda from the Bermuda Ex-Rights Date and in Hong Kong from the HK Ex-Rights Date up until the time that UK Admission occurs bear the risk that the Rights Issue may not proceed. Shareholders and prospective investors should also note that the prices for those Ordinary Shares which are traded on an ex-rights basis may not be directly comparable with the prices for those Ordinary Shares which are still traded cum-rights.

Subject to the passing of the Resolutions, it is expected that Qualifying Non-CREST Shareholders, Qualifying Non-CCASS Shareholders and Qualifying Bermuda Shareholders, other than (subject to certain exceptions as agreed with the Company and the Joint Global Coordinators) those with registered addresses in any of the Excluded Territories, will be sent a Provisional Allotment Letter on 19 March 2009, and that Qualifying CREST Shareholders and Qualifying CCASS Shareholders will receive a credit to their appropriate stock accounts in CREST and CCASS in respect of the Nil Paid Rights to which they are entitled on 20 March 2009 and 23 March 2009, respectively. The Nil Paid Rights credited to stock accounts in CREST are expected to be enabled for settlement by Euroclear UK as soon as practicable after UK Admission.

In making an investment decision, each investor must rely on their own examination, analysis and enquiry of the Company and the terms of the Rights Issue, including the merits and risks involved. None of the Company, the other Banks or United Overseas Bank Limited, or any of their respective representatives, is making any representation to any offeree or acquirer of the Nil Paid Rights, Fully Paid Rights or New Ordinary Shares regarding the legality of an

investment in the Nil Paid Rights, Fully Paid Rights or New Ordinary Shares by such offeree or acquirer under the laws applicable to such offeree or acquirer. Each investor should consult with his or her own advisers as to the legal, tax, business, financial and related aspects of an acquisition of the Nil Paid Rights, Fully Paid Rights or New Ordinary Shares.

SUMMARY

THE FOLLOWING SUMMARY INFORMATION SHOULD BE READ AS AN INTRODUCTION TO, AND IN CONJUNCTION WITH, THE FULL TEXT OF THIS DOCUMENT.

Any investment decision relating to the Rights Issue should be based on a consideration of this document as a whole and not solely this summarised information. 1 Background to and reasons for the Rights Issue

HSBC proposes to raise approximately £12.5 billion (US\$17.7 billion) (net of expenses) by way of a fully underwritten Rights Issue of 5,060,239,065 New Ordinary Shares at 254 pence per share on the basis of 5 New Ordinary Shares for every 12 Existing Ordinary Shares.

HSBC has long maintained a culture of responsibility and conservative risk management which have combined to produce a strong financial position which has enabled it to create valued long-term relationships with customers. These fundamental beliefs are deeply rooted in HSBC's character. The key elements of financial strength are a strong capital base coupled with sustainable and stable funding sources, and in particular a strong and growing deposit base. Those strengths have served HSBC well over the years.

HSBC however today faces unprecedented turmoil in the economic and financial environment, with major uncertainties ahead. The current global economic downturn, combined with extreme volatility in financial markets, means that the financial system remains under stress. Over the past 12 months, many of HSBC's competitors have received significant government capital injections or have raised capital from shareholders and other investors. Higher regulatory capital requirements, in part from the effect of the economic downturn on capital requirements under the Basel II regime, as well as changing market sentiment on appropriate levels of leverage, have also raised expectations regarding capital levels. While HSBC has maintained strong capital ratios, it is now raising the top of its target range for the tier 1 ratio so that the range will be from 7.5 per cent to 10 per cent. The Rights Issue will add 150 basis points to HSBC's capital ratios, strengthening the core equity tier 1 ratio to 8.5 per cent and the tier 1 ratio to 9.8 per cent, in each case on a pro forma basis as at 31 December 2008. The Board is determined that HSBC should maintain its signature financial strength.

Planned internal capital generation remains strong and this capital raising will enhance HSBC's ability to deal with the impact of an uncertain economic environment and to respond to unforeseen events. Importantly, it will also give HSBC options regarding opportunities which the Board believes will present themselves to those with superior financial strength. These may involve organic investment in the continued taking of market share from more capital constrained competitors. There may also be opportunities to grow through targeted acquisitions, by taking advantage of attractive valuations where the opportunities in question align with HSBC's strategy and the risks are understood.

During a period of global financial turmoil, HSBC's business model, the broad base of its earnings, its distinctive character and its brand mean that HSBC remains one of the strongest international banks.

The Board believes that the Rights Issue is in the best interests of Shareholders, helping HSBC strengthen its competitive positioning so that HSBC can better deliver sustained value over time.

The Rights Issue is fully underwritten by Goldman Sachs International, J.P. Morgan and the other Underwriters, subject to the terms and conditions of the Underwriting Agreement.

2 Principal terms and conditions of the Rights Issue

The Company is proposing to offer 5,060,239,065 New Ordinary Shares by way of rights to all Qualifying Shareholders (other than, subject to certain exceptions as agreed with the Company and the Joint Global Coordinators, Qualifying Shareholders with registered addresses in, or who are otherwise known to be residents of, any of the Excluded Territories) on the following basis and otherwise on the terms and conditions set out in this document:

5 New Ordinary Shares for every 12 Existing Ordinary Shares

Table of Contents

held and registered in their name on the Record Date. Entitlements to New Ordinary Shares will be rounded down to the nearest whole number. Fractions of New Ordinary Shares will not be allotted to any Qualifying Shareholders but will be aggregated and sold in the market and an equivalent amount will accrue for the ultimate benefit of the Company. The New Ordinary Shares, when issued and fully paid, will rank for all dividends declared, made or paid after the date of allotment and issue of the New Ordinary Shares (except in respect of the fourth interim dividend of US\$0.10 per Ordinary Share for the financial year ended 31 December 2008 declared by the Company on 2 March 2009 as the New Ordinary Shares are being issued after the record date for this dividend) and otherwise *pari passu* with the Existing Ordinary Shares.

The Issue Price for Shareholders on the UK principal register is 254 pence per New Ordinary Share. The Issue Price for Shareholders on the Hong Kong branch register is HK\$28.00 per New Ordinary Share and for Shareholders on the Bermuda branch register is US\$3.61 per New Ordinary Share, calculated by reference to the £ : HK\$ exchange rate of £1 : HK\$11.0236 and the £ : US\$ exchange rate of £1 : US\$1.42145 respectively, in each case at approximately 3.00 p.m. (UK time) on 27 February 2009, as published by Bloomberg.

The Issue Price for Shareholders on the UK principal register of 254 pence per New Ordinary Share represents a discount of approximately 47.5 per cent to the Closing Price of an Ordinary Share of 484.21 pence on 27 February 2009 (being the last Business Day prior to the announcement of the Rights Issue) and a 39.0 per cent discount to the theoretical ex-rights price based on that Closing Price, in each case adjusted for the fact that the New Ordinary Shares will not rank for the fourth interim dividend in respect of the financial year ended 31 December 2008 of US\$0.10 per Ordinary Share. The unadjusted Closing Price of an Ordinary Share on 27 February 2009 was 491.25 pence.

The Issue Price for Shareholders on the Hong Kong branch register of HK\$28.00 per New Ordinary Share represents a discount of approximately 50.2 per cent to the closing price on the Hong Kong Stock Exchange of an Ordinary Share of HK\$56.17 on 27 February 2009 (being the last Business Day prior to the announcement of the Rights Issue), adjusted for the fact that the New Ordinary Shares will not rank for the fourth interim dividend in respect of the financial year ended 31 December 2008 of US\$0.10 per Ordinary Share. The unadjusted closing price on the Hong Kong Stock Exchange of an Ordinary Share on 27 February 2009 was HK\$56.95.

The completion of the Rights Issue will result in 5,060,239,065 New Ordinary Shares being issued (representing approximately 41.7 per cent of the existing issued ordinary share capital of the Company as at 27 February 2009 (being the latest practicable date prior to the publication of the Circular to Shareholders) and 29.4 per cent of the Enlarged Share Capital immediately following completion of the Rights Issue). Qualifying Shareholders who take up their *pro rata* entitlement in full will suffer no dilution to their interests in the Company. If a Qualifying Shareholder does not take up any of his/her entitlement under the Rights Issue, his/her proportionate shareholding will be diluted by 29.4 per cent.

Applications have been made to the UK Listing Authority and to the London Stock Exchange for the New Ordinary Shares (nil and fully paid) to be admitted to the Official List and to trading on the London Stock Exchange's main market for listed securities respectively, to the Hong Kong Stock Exchange for listing of, and permission to deal in, the New Ordinary Shares (nil and fully paid) on the Main Board of the Hong Kong Stock Exchange, and to the New York Stock Exchange, Euronext Paris and the Bermuda Stock Exchange for listing of the New Ordinary Shares (fully paid). Application has also been made for the ADSs representing New Ordinary Shares to be listed and traded on the New York Stock Exchange. It is expected that UK Admission will become effective and that dealings in the New Ordinary Shares, nil paid, will commence on the London Stock Exchange at 8.00 a.m. on 20 March 2009. It is also expected that HK Admission will become effective at 9.30 a.m. (Hong Kong time) on 20 March 2009 and that dealings in the New Ordinary Shares, nil paid, will commence on the Main Board of the Hong Kong Stock Exchange at 9.30 a.m. (Hong Kong time) on 23 March 2009.

The Rights Issue is conditional, amongst other things, upon:

the Underwriting Agreement having become unconditional in all respects save for the condition relating to UK Admission and not having been terminated in accordance with its terms;

UK Admission becoming effective by not later than 8.00 a.m. on 20 March 2009 (or such later time and date (being not later than 27 March 2009) as certain of the parties to the Underwriting Agreement may agree); and

the passing, without material amendment, of the Resolutions.

The latest time and date for acceptance and payment in full under the Rights Issue is expected to be 11.00 a.m. (UK time) in the UK, 4.00 p.m. (Hong Kong time) in Hong Kong and 11.00 a.m. (Bermuda time) in Bermuda on 3 April 2009.

3 Dividends

The Board intends to continue to pay quarterly interim dividends on the Ordinary Shares, with a pattern of three equal interim dividends with a variable fourth interim dividend. The level of dividends per Ordinary Share in future while reflecting the long-term growth of HSBC's business will depend upon, among other things, expected future earnings, prevailing business conditions and capital requirements. It is envisaged that the first interim dividend in respect of 2009 will be US\$0.08 per Ordinary Share. The Board has rebased the envisaged dividend per share for the first three interim dividends in respect of 2009 to reflect the impact of the foregoing factors and the impact of the enlarged ordinary share capital resulting from the Rights Issue.

4 Current trading and prospects

On 2 March 2009, HSBC published its 2008 Annual Report and Accounts. Business performance in January was strong and ahead of HSBC's expectations; and in February was in line with HSBC's expectations.

5 Working capital

The Company is, and the Directors are, of the opinion that the HSBC Group has sufficient working capital for its present requirements, that is for at least the next 12 months from the date of publication of this document.

PART II

RISK FACTORS

This section describes, amongst other things, the existing and future material risks to the HSBC Group's business. Shareholders should consider carefully the risks described below, together with all other information contained in this document before deciding whether or not to take up rights in the Rights Issue.

These risks represent all of those known to the Directors, as at the date of this document, which the Directors consider to be material. However, they are not the only ones facing the HSBC Group; additional risks not presently known to the Directors, or that the Directors currently consider to be immaterial, could also impair the business of the HSBC Group. If any or a combination of these risks actually occurs, the reputation, business, financial condition and operating results of the HSBC Group could be adversely affected. In such case, the market price of the New Ordinary Shares could decline and Shareholders could lose all or part of their investment.

RISKS RELATED TO THE COMPANY AND ITS BUSINESS

Current economic and market conditions may adversely affect HSBC's results

The global economy has entered the most severe downturn for 80 years, with the financial services industry facing extraordinary turbulence. A shortage of liquidity, lack of funding, pressure on capital and extreme price volatility across a wide range of asset classes are putting financial institutions under considerable pressure. This is leading governments and central banks to undertake unprecedented intervention designed to stabilise the global and domestic financial systems, to stimulate new lending and to support systemically important institutions at risk of failing. Many developed economies have entered recession and growth has slowed in many emerging countries, with serious adverse consequences for asset values, employment, consumer confidence and levels of economic activity. Commodity prices have significantly retrenched, in many cases from recent historical highs, interest rate yield curves have flattened, interest rates have fallen in absolute terms and trade flows have contracted. Global equity markets have experienced severe declines and various currencies, including sterling, have depreciated significantly against the US dollar. Emerging markets have suffered as portfolio investments have been repatriated and cross-border inter-bank funding has been withdrawn. Numerous governments and central banks have responded by proposing programmes to make substantial funds and guarantees available to boost liquidity and confidence in their financial systems, as well as cutting taxes and lowering interest rates. It is not known whether these responses will be effective in addressing the severe economic and market conditions or whether recently proposed measures will be implemented as initially proposed.

HSBC's earnings are affected by global and local economic and market conditions. Dramatic declines in 2007 and 2008 in the housing markets in the US, the UK and elsewhere have combined with increasing unemployment to affect negatively the credit performance of real estate-related exposures, resulting in significant write-downs of asset values by financial institutions, including HSBC. These write-downs, initially of asset-backed securities but spreading to other securities and loans, have caused many financial institutions to seek additional capital, to reduce or eliminate dividends, to merge with larger and stronger competitors or, in some cases, to fail.

A worsening of these conditions may exacerbate the impact of these difficult market conditions on HSBC and other financial institutions and could have an adverse effect on HSBC's operating results. In particular, the HSBC Group may face the following challenges in connection with these events:

HSBC's ability to assess the creditworthiness of its customers or to estimate the values of its assets may be impaired if the models and techniques it uses become less accurate in their predictions of future behaviour, valuations or estimates. The process HSBC uses to estimate losses inherent in its credit exposure or assess the value of certain assets requires difficult, subjective and complex judgements. These include forecasts of economic conditions and how predicted economic scenarios might impair the ability of HSBC's borrowers to repay their loans or might affect the value of assets. As a consequence, this process may be less capable of making accurate estimates which, in turn, may undermine the reliability of the process.

The demand for borrowing from creditworthy customers may diminish as economic activity slows.

Lower interest rates will reduce net interest income earned by HSBC on its excess deposits.

HSBC's ability to borrow from other financial institutions or to engage in funding transactions on favourable terms, or at all, could be adversely affected by further disruption in the capital markets or deteriorating investor sentiment.

Table of Contents

Market developments may affect consumer confidence and may cause declines in credit card usage and adverse changes in payment patterns, leading to increases in delinquencies and default rates, write-offs and loan impairment charges beyond HSBC's expectations.

Loan impairment allowances and write-offs are likely to rise as a result of a deterioration in payment patterns and increased delinquencies and default rates caused by weakening consumer confidence and increased business failures. A worsening of these economic factors may exacerbate the adverse effects of these difficult market conditions on HSBC and others in the financial services industry.

HSBC expects to face increased regulation and supervision of the financial services industry following new or proposed regulatory measures in countries in which it operates.

Trade and capital flows may further contract as a result of protectionist measures being introduced in certain markets.

Increased government ownership and control over financial institutions and further consolidation in the financial industry could significantly alter the competitive landscape.

As a worldwide financial institution, HSBC is exposed to these developments across all its businesses, both directly and through their impact on its customers and clients.

Risks associated with liquidity and funding, which are inherent in HSBC's business, have been greatly increased by the current global market conditions

HSBC's business model depends upon its ability to access financial resources whenever required to meet its obligations. To this end, HSBC seeks to maintain a diversified and stable funding base comprising core retail and corporate customer deposits and institutional balances and to augment this with wholesale funding and portfolios of highly liquid assets diversified by currency and maturity which are held to enable HSBC to respond to unforeseen liquidity requirements. HSBC's earnings are affected by its ability to properly value financial instruments. In certain illiquid markets, determining the value at which financial instruments can be realised is highly subjective, and processes to ascertain value and estimates of value, both of which require substantial elements of judgement, assumptions and estimates (which may change over time), are required. Increased illiquidity adds to uncertainty over the accessibility of financial resources and may reduce capital resources as valuations decline. Rating agencies, which determine HSBC's own credit ratings and thereby influence the HSBC Group's cost of funds, take into consideration management effectiveness and the success with which HSBC's liquidity risk factors are managed. Actions by third parties and independent market participants, such as rating agency downgrades of instruments to which HSBC has exposure, can result in reduced liquidity and valuations of those instruments. While HSBC's liquidity and capital position remains strong, the financial results of the HSBC Group could also be adversely affected in any given period by increased costs of or restrictions on access to the debt capital markets due to a variety of unforeseen market dislocations or interruptions.

The extreme market conditions facing the financial services industry have been reflected in shortages of liquidity, lack of funding, pressure on capital and extreme price volatility across a wide range of asset classes. Illiquidity of these assets has prevented the realisation of existing asset positions and has constrained risk distribution in ongoing banking activities. The extreme market conditions have also highlighted the importance of a strong diversified core deposit base leading to increased competition for such deposits and the risk of deposit migration. HSBC's Global Banking and Markets business operates in the markets affected by illiquidity and extreme price volatility, either directly or indirectly, through exposures to securities, loans, derivatives and other commitments, and HSBC has made substantial

write-downs and impairments on illiquid legacy credit and structured credit positions. While it is difficult to predict how long the conditions described above will exist and which of HSBC's markets, products and other businesses will be affected, continuation of these factors could have an adverse effect on the HSBC Group's results.

HSBC has significant exposure to counterparty risk

HSBC's ability to engage in routine transactions to fund its operations and manage its risks could be adversely affected by the actions and commercial soundness of other financial services institutions. Financial institutions are extremely interdependent because of trading, clearing, counterparty or other relationships. As a consequence, a default by, or decline in market confidence in, individual institutions, or anxiety about the financial services industry generally, can lead to further individual and/or systemic difficulties, defaults and losses. HSBC has exposure to virtually all major industries and counterparties, and it routinely executes transactions with counterparties in financial services, including brokers and dealers, commercial banks, investment banks, mutual and hedge funds, and other institutional clients. Many of these transactions expose HSBC to credit risk in the event

Table of Contents

of default by its counterparty or client. Where counterparty risk has been mitigated by taking collateral, HSBC's credit risk may be exacerbated if the collateral it holds cannot be realised or has to be liquidated at prices which are insufficient to recover the full amount of its loan or derivative exposure. The failure of one of HSBC's counterparties could have an adverse effect on its results.

HSBC operates in a highly competitive environment, and competition could intensify as a result of current global market conditions

Consolidation in the financial services industry is increasingly concentrating activity in companies that are capable of offering a wide array of financial products at competitive prices, with globalisation exposing HSBC to competition in capital markets and financial services at global and local levels alike. In addition, technological advances, the growth of e-commerce, regulatory developments and public sector participation or guarantees have made it possible for non-deposit taking institutions to offer products and services that traditionally were the preserve of banks. The prominence in recent years of sovereign wealth funds, private equity and hedge funds as alternative sources of funding, which has increased competition for traditional financial institutions, may ease as investors seek safer, more traditional alternatives. Competition may further intensify or the competitive landscape may change as the consolidation of financial services companies continues and others are brought into part or full public ownership in response to the current market conditions. HSBC's ability to grow its businesses, and therefore its earnings, is affected by these competitive pressures and is dependent on HSBC's ability to attract and retain talented and dedicated employees.

HSBC is subject to political and economic risks in the countries in which it operates

HSBC operates through an international network of subsidiaries and affiliates in 86 countries and territories around the world. Its results are therefore subject to the risk of loss from unfavourable political developments, currency fluctuations, social instability and change in government policies on such matters as expropriation, authorisations, international ownership, interest-rate caps, limits on dividend flows and tax in the jurisdictions in which it operates. These factors may also negatively affect revenues from the trading of securities and investment in securities, the effect being accentuated through certain international trading markets, particularly those in emerging market countries, being typically smaller, less liquid and more volatile than developed trading markets. HSBC's subsidiaries and affiliates ability to pay dividends could be restricted by changes to official banking measures, exchange controls and other requirements. Because HSBC prepares its accounts in US dollars, while a substantial part of its assets, liabilities, assets under management, revenues and expenses are denominated in other currencies, changes in foreign exchange rates have an effect on its reported income and shareholders' equity.

Operational risks are inherent in HSBC's business

HSBC is exposed to many types of operational risk, including fraudulent and other criminal activities (both internal and external), breakdowns in processes or procedures and systems failure or non-availability. HSBC is also subject to the risk of disruption of its business arising from events that are wholly or partially beyond its control (for example natural disasters, acts of terrorism, epidemics and transport or utility failures) which may give rise to losses in service to customers and/or economic loss to HSBC. All of these risks are also applicable where HSBC relies on outside suppliers or vendors to provide services to it and its customers.

HSBC is subject to legal risks, which may have an adverse effect on the HSBC Group

Legal risks arise from a variety of sources with the potential to cause harm to the HSBC Group and its ability to operate. These issues require the HSBC Group to deal appropriately with potential conflicts of interest; legal and regulatory requirements; ethical issues; anti-money laundering laws or regulations; privacy laws; information security

policies; sales and trading practices; and conduct by companies with which it is associated. Failure to address these issues appropriately may give rise to additional legal and compliance risk to HSBC, with an increase in the number of litigation claims and the amount of damages asserted against HSBC, or subject HSBC to regulatory enforcement actions, fines, or penalties or reputational damage.

Increased regulation of the financial services industry could have an adverse effect on HSBC's operations

HSBC, its subsidiaries and its affiliates are subject to extensive and increasing legislation, regulation, accounting standards and changing interpretations thereof in the various countries in which the HSBC Group operates. From time to time, new laws are introduced, including tax, consumer protection, privacy and other legislation, which affect the environment in which the HSBC Group operates. As a corollary of the recent interventions by governments in response to global economic conditions, it is widely expected that there will be a substantial

Table of Contents

increase in government regulation and supervision of the financial services industry, including the imposition of higher capital requirements, heightened disclosure standards and restrictions on certain types of transaction structures. If enacted, such new regulations could require additional capital to be injected into HSBC's subsidiaries and affiliates, require HSBC to enter into business transactions that are not otherwise part of its current Group strategy, prevent HSBC from continuing current lines of operations, restrict the type or volume of transactions HSBC may enter into, limit HSBC's subsidiaries' and affiliates' ability to declare dividends to HSBC, or set limits on or require the modification of rates or fees that HSBC charges on certain loan or other products. HSBC may also face increased compliance costs and limitations on its ability to pursue business opportunities.

In the UK for example, the Banking Act 2009 includes a Special Resolutions Regime which gives wide powers in respect of UK banks and their parent companies to the UK Treasury, the FSA and the Bank of England in circumstances where any such UK bank has encountered, or is likely to encounter, financial difficulties.

The Basel II Accord's requirement for financial institutions to increase their capital in response to deteriorating market conditions may have secondary effects on lending, which could exacerbate the current market downturn.

The foregoing regulatory measures, alone or in combination, could have an adverse effect on HSBC.

HSBC is subject to tax-related risks in the countries in which it operates, which could have an adverse effect on its operating results

HSBC is subject to the substance and interpretation of tax laws in all countries in which it operates. A number of double taxation agreements entered into between countries also affect the taxation of the HSBC Group. Tax risk is the risk associated with changes in tax law or in the interpretation of tax law. It also includes the risk of changes in tax rates and the risk of consequences arising from failure to comply with procedures required by tax authorities. Failure to manage tax risks could lead to increased tax charges, including financial or operating penalties, for not complying as required with tax laws.

RISKS RELATING TO THE RIGHTS ISSUE AND THE NEW ORDINARY SHARES

HSBC's share price may fluctuate and may fall below the Issue Price of the New Ordinary Shares issued upon the exercise of Nil Paid Rights

The market price of the New Ordinary Shares (including the Nil Paid Rights and the Fully Paid Rights) and/or the Ordinary Shares could be subject to significant fluctuations due to a change in sentiment in the market regarding the New Ordinary Shares (including the Nil Paid Rights and the Fully Paid Rights) and/or the Ordinary Shares. Such risks depend on the market's perception of the likelihood of completion of the Rights Issue, on sales of Ordinary Shares in the market during the offer period or the impression that such sales will take place and/or in response to various facts and events, including any regulatory changes affecting the HSBC Group's operations, variations in the HSBC Group's operating results and business developments of the HSBC Group and/or its competitors. Stock markets have, from time to time, experienced significant price and volume fluctuations that have affected the market prices for securities and which may be unrelated to the HSBC Group's financial condition, operating performance or prospects. Furthermore, the HSBC Group's financial condition, operating results and prospects from time to time may be below the expectations of market analysts and investors. Any of these events could result in a decline in the market price of the New Ordinary Shares (including the Nil Paid Rights and the Fully Paid Rights) and/or the Ordinary Shares.

HSBC cannot give any assurance that the public trading market prices of its Ordinary Shares will not decline below the Issue Price of the New Ordinary Shares issued pursuant to the Rights Issue. Should that occur after the Nil Paid Rights are exercised by their holders, such holders would suffer an immediate unrealised loss as a result. Moreover,

there can be no assurance that, following the exercise of rights, a holder will be able to sell New Ordinary Shares at a price equal to or greater than the Issue Price.

Shareholders who do not acquire New Ordinary Shares in the Rights Issue will experience dilution in their ownership of HSBC

If existing Shareholders do not take up the offer of New Ordinary Shares under the Rights Issue their proportionate ownership and voting interests in HSBC will be reduced and the percentage that their shares will represent of the Company's increased share capital after completion of the Rights Issue will be disproportionately reduced. Even if an existing Shareholder elects to sell his/her unexercised Nil Paid Rights, or such Nil Paid Rights are sold on his/her behalf, the consideration he/she receives for them may not be sufficient to compensate him/her fully for the dilution of his/her percentage ownership of the Company's share capital that may be caused as a result of the Rights Issue.

Table of Contents

An active trading market in the Nil Paid Rights might not develop

An active trading market in the Nil Paid Rights might not develop on the London Stock Exchange and/or the Hong Kong Stock Exchange during the trading period. In addition, because the trading price of the Nil Paid Rights depends on the trading price of the Ordinary Shares, the Nil Paid Rights price may be volatile and subject to the same risks as noted elsewhere in this document.

HSBC's ability to continue to pay dividends will depend on the level of profits and cash flows generated by the HSBC Group

Under UK company law, a company can only pay cash dividends to the extent that it has distributable reserves and cash available for this purpose. As a holding company, HSBC's ability to pay dividends in the future is affected by a number of factors, principally its ability to receive sufficient dividends from subsidiaries. The ability of these subsidiaries to pay dividends or advance moneys to HSBC depends on, among other things, their respective regulatory and capital requirements, statutory reserves and financial and operating performance. These laws and restrictions could limit the payment of dividends and distributions to HSBC by its subsidiaries, which could in future restrict HSBC's ability to fund other operations or to pay a dividend to Shareholders.

IMPORTANT INFORMATION

Restriction on transfers between the Hong Kong and Bermuda branch registers and the UK principal register

Since the UK Ex-Rights Date, the HK Ex-Rights Date and the Bermuda Ex-Rights Date are each fixed for different dates to cater for different regulations and market practices for rights issues in the UK, Hong Kong and Bermuda and because the Issue Price in Hong Kong dollars and United States dollars has been fixed by reference to the relevant exchange rate on 27 February 2009 (being the last Business Day prior to the announcement of the Rights Issue), the Company has instructed the Registrars not to process removals of Ordinary Shares: (i) from the UK principal register to either the Hong Kong branch register or the Bermuda branch register from 8.00 a.m. (UK time) on 2 March 2009 until 8.00 a.m. (UK time) on 20 March 2009; (ii) from the Hong Kong branch register to either the UK principal register or the Bermuda branch register from 9.30 a.m. (Hong Kong time) on 2 March 2009 until 4.30 p.m. (Hong Kong time) on 20 March 2009; and (iii) from the Bermuda branch register to either the UK principal register or the Hong Kong branch register from 9.00 a.m. (Bermuda time) on 2 March 2009 until 9.00 a.m. (Bermuda time) on 20 March 2009. Accordingly, Shareholders will not be able to transfer their Ordinary Shares between the registers during these times.

As the Issue Price for UK Shareholders is in pounds sterling, the Issue Price for HK Shareholders is in Hong Kong dollars and the Issue Price for Bermuda Shareholders is in United States dollars, it will not be possible to transfer Nil Paid Rights from either the Hong Kong branch register or the Bermuda branch register to the UK principal register or vice versa or from the Hong Kong branch register to the Bermuda branch register or vice versa.

Presentation of financial information

The consolidated financial statements of the HSBC Group and the separate financial statements of HSBC have been prepared in accordance with IFRSs as issued by the IASB and as endorsed by the EU. EU-endorsed IFRSs may differ from IFRSs as issued by the IASB, if, at any point in time, new or amended IFRSs have not been endorsed by the EU. At 31 December 2008, there were no unendorsed standards effective for the year ended 31 December 2008 affecting these consolidated and separate financial statements, and there was no difference between IFRSs endorsed by the EU and IFRSs issued by the IASB in terms of their application to HSBC. Accordingly, HSBC's financial statements for the year ended 31 December 2008 are prepared in accordance with IFRSs as issued by the IASB.

Unless otherwise stated, the information presented in this document has been prepared in accordance with IFRSs. HSBC uses the US dollar as its presentation currency because the US dollar and currencies linked to it form the major currency bloc in which HSBC transacts its business.

Certain pro forma information in Part XV of this document is unaudited and may be subject to adjustment. Although HSBC's management does not anticipate any material adjustments, there can be no assurance that any such adjustments will not be material.

CAUTIONARY STATEMENT REGARDING FORWARD-LOOKING STATEMENTS

This document contains certain forward-looking statements with respect to the financial condition, results of operations and business of HSBC.

Statements that are not historical facts, including statements about HSBC's beliefs and expectations, are forward-looking statements. Words such as expects , anticipates , intends , plans , believes , seeks , estimates , and reasonably possible , variations of these words and similar expressions are intended to identify forward-looking statements. These statements are based on current plans, estimates and projections, and therefore undue reliance should not be placed on them. Forward-looking statements speak only as of the date they are made, and it should not be assumed that they have been revised or updated in the light of new information or future events.

Table of Contents

Forward-looking statements involve inherent risks and uncertainties. You are cautioned that a number of factors could cause actual results to differ, in some instances materially, from those anticipated or implied in any forward-looking statement. These factors include, among others:

Changes in general economic conditions in the markets in which HSBC operates, such as:

continuing or deepening recessions and fluctuations in employment;

changes in foreign exchange rates, in both market exchange rates (for example, between the US dollar and sterling) and government-established exchange rates (for example, between the Hong Kong dollar and US dollar);

volatility in interest rates;

volatility in equity markets, including in the smaller and less liquid trading markets in Asia and Latin America;

lack of liquidity in wholesale funding markets;

illiquidity and downward price pressure in national real estate markets, particularly consumer-owned real estate markets;

the length and severity of current market turmoil;

the impact of lower than expected investment returns on the funding of private and public sector defined benefit pensions;

the effect of unexpected changes in actuarial assumptions on longevity which would influence the funding of private and public sector defined benefit pensions; and

consumer perception as to the continuing availability of credit, and price competition in the market segments served by HSBC.

Changes in government policy and regulation, including:

the monetary, interest rate and other policies of central banks and other regulatory authorities, including the Financial Services Authority, the Bank of England, the Hong Kong Monetary Authority, the US Federal Reserve, the SEC, the US Office of the Comptroller of the Currency, the European Central Bank, the People's Bank of China and the central banks of other leading economies and markets where HSBC operates;

expropriation, nationalisation, confiscation of assets and changes in legislation relating to foreign ownership;

initiatives by local, state and national regulatory agencies or legislative bodies to revise the practices, pricing or responsibilities of financial institutions serving their consumer markets;

changes in bankruptcy legislation in the principal markets in which HSBC operates and the consequences thereof;

general changes in government policy that may significantly influence investor decisions in particular markets in which HSBC operates;

extraordinary governmental actions as a result of current market turmoil;

other unfavourable political or diplomatic developments producing social instability or legal uncertainty which in turn may affect demand for HSBC's products and services;

the costs, effects and outcomes of regulatory reviews, actions or litigation, including any additional compliance requirements; and

the effects of competition in the markets where HSBC operates including increased competition from non-bank financial services companies, including securities firms and financial institutions newly taken into state ownership on a full or partial basis.

Factors specific to HSBC:

the success of HSBC in adequately identifying the risks it faces, such as the incidence of loan losses or delinquency, and managing those risks (through account management, hedging and other techniques). Effective risk management depends on, among other things, HSBC's ability through stress testing and other techniques to prepare for events that cannot be captured by the statistical models it uses; and

the success of HSBC in addressing operational, legal and regulatory and litigation challenges.

Table of Contents

In light of these risks, uncertainties and assumptions, the forward-looking events discussed herein might not occur. You are cautioned not to place undue reliance on any forward-looking statements, which speak only as of their dates. Subject to any applicable legal and/or regulatory requirements, HSBC undertakes no obligation to publicly update or revise any forward-looking statements, whether as a result of new information, future events or otherwise.

LETTER FROM THE CHAIRMAN OF HSBC

17 March 2009

Dear Shareholder

Proposed 5 for 12 Rights Issue of 5,060,239,065 New Ordinary Shares at 254 pence each

1 Introduction

On 2 March 2009, HSBC announced that it proposes to raise approximately £12.5 billion (US\$17.7 billion) (net of expenses) by way of a fully underwritten Rights Issue of 5,060,239,065 New Ordinary Shares at 254 pence per share on the basis of 5 New Ordinary Shares for every 12 Existing Ordinary Shares.

Further to the circular sent to Shareholders dated 3 March 2009 convening a general meeting in connection with the Rights Issue, the purpose of this document is to provide Shareholders with further details of the Rights Issue.

2 Background to and reasons for the Rights Issue

HSBC has long maintained a culture of responsibility and conservative risk management which have combined to produce a strong financial position which has enabled it to create valued long-term relationships with customers. These fundamental beliefs are deeply rooted in our character. The key elements of financial strength are a strong capital base coupled with sustainable and stable funding sources, and in particular a strong and growing deposit base. Those strengths have served us well over the years. Today HSBC is well capitalised, liquid and profitable. Our capital strength is supported by a conservative balance sheet characterised by an advances to deposits ratio of 83.6 per cent as at 31 December 2008 and a core funding base that continues to grow.

We are however today facing unprecedented turmoil in the economic and financial environment, with major uncertainties ahead. The current global economic downturn, combined with extreme volatility in financial markets, means that the financial system remains under stress. Over the past 12 months, many of our competitors have received significant government capital injections or have raised capital from shareholders and other investors. Higher regulatory capital requirements, in part from the effect of the economic downturn on capital requirements under the Basel II regime, as well as changing market sentiment on appropriate levels of leverage, have also raised expectations regarding capital levels. While we have maintained strong capital ratios, we are now raising the top of our target range for the tier 1 ratio so that the range will be from 7.5 per cent to 10 per cent. The Rights Issue will add 150 basis points to our capital ratios, strengthening the core equity tier 1 ratio to 8.5 per cent and the tier 1 ratio to 9.8 per cent, in each case on a pro forma basis as at 31 December 2008. We are determined that HSBC should maintain its signature financial strength.

We are continuing to manage the capital allocation within the HSBC Group to concentrate on our core emerging markets and faster growing businesses. In light of continuing losses from our US consumer finance business, we announced on 2 March 2009 further actions in the US to restructure our operations and to put into run off all of our branch-based consumer lending operations, which are branded HFC and Beneficial. We have also closed down most of our structured credit and mortgage-backed securities distribution operations. Outside the US, during 2008 we have sold certain businesses that are not core to our strategy, such as our French regional banks.

We remain confident that HSBC is well-placed in today's environment and that our strength leads to opportunity. Our strategy has served HSBC well and positions it for long-term growth with attractive returns. We continue to combine our position as the world's leading emerging markets bank with an extensive international network across both developed and faster growing markets. At the same time, as the financial system exhibits stress, our competitive position is improving as the capacity and capabilities of financial institutions are constrained by lack of capital and funding, many of them are also focusing more on their respective domestic markets.

Planned internal capital generation remains strong and this capital raising will enhance our ability to deal with the impact of an uncertain economic environment and to respond to unforeseen events. Importantly, it will also give us options regarding opportunities which we believe will present themselves to those with superior financial strength. These may involve organic investment in the continued taking of market share from more capital constrained competitors. There may also be opportunities to grow through targeted acquisitions, by taking advantage of attractive valuations where the opportunities in question align with our strategy and the risks are understood.

As explained below, the Directors have rebased the envisaged dividend per share, for the first three interim dividends in respect of 2009, to reflect the impact of the enlarged ordinary share capital resulting from the Rights Issue, prevailing business conditions and capital requirements. Until the end of 2007, HSBC had grown its dividend per share by 10 per cent or more every year for 15 years, reflecting the strong growth and shareholder returns that the Company has delivered. For 2009, the Directors have carefully considered HSBC's dividend payments in view of the Company's desire to retain its absolute and relative position of capital strength. The current challenges that have left much of the wider financial services sector unable to support cash returns to shareholders have also been factored into this consideration.

The dividend payments envisaged remain substantial and reflect management's long-term confidence in the business. However, they also move the Company to a more conservative position to reflect the uncertain current environment and to retain more capital within the business. HSBC will continue to aim to pay progressive dividends in line with the long-term growth of the business.

During a period of global financial turmoil, our business model, the broad base of our earnings, our distinctive character and our brand mean that we remain one of the strongest international banks.

Your Board believes that the Rights Issue is in the best interests of Shareholders, helping us strengthen our competitive positioning so that we can better deliver sustained value over time.

3 Summary of the principal terms of the Rights Issue

Pursuant to the Rights Issue, the Company is proposing to offer New Ordinary Shares by way of rights to all Qualifying Shareholders (other than, subject to certain exceptions as agreed with the Company and the Joint Global Coordinators, Qualifying Shareholders with registered addresses in any of the Excluded Territories) on the following basis:

5 New Ordinary Shares for every 12 Existing Ordinary Shares

held and registered in their name on the Record Date. Entitlements to New Ordinary Shares will be rounded down to the nearest whole number. Fractions of New Ordinary Shares will not be allotted to Qualifying Shareholders but will be aggregated and sold in the market and an equivalent amount will accrue for the ultimate benefit of the Company.

The Issue Price for Shareholders on the UK principal register is 254 pence per New Ordinary Share. The Issue Price for Shareholders on the Hong Kong branch register is HK\$28.00 per New Ordinary Share, which was calculated by reference to the £ : HK\$ exchange rate of £1 : HK\$11.0236 at approximately 3.00 p.m. (UK time) on 27 February 2009 as published by Bloomberg. The Issue Price for Shareholders on the Bermuda branch register is US\$3.61 per New Ordinary Share, which was calculated by reference to the £ : US\$ exchange rate of £1 : US\$1.42145 at approximately 3.00 p.m. (UK time) on 27 February 2009 as published by Bloomberg.

Edgar Filing: HSBC HOLDINGS PLC - Form F-3ASR

The Issue Price for Shareholders on the UK principal register of 254 pence per New Ordinary Share represents a discount of approximately 47.5 per cent to the Closing Price of an Ordinary Share of 484.21 pence on 27 February 2009 (being the last Business Day prior to the announcement of the Rights Issue) and a 39.0 per cent discount to the theoretical ex-rights price based on that Closing Price, in each case adjusted for the fact that the New Ordinary Shares will not rank for the fourth interim dividend in respect of the financial year ended 31 December 2008 of US\$0.10 per Ordinary Share. The unadjusted Closing Price of an Ordinary Share on 27 February 2009 was 491.25 pence.

The Issue Price for Shareholders on the Hong Kong branch register of HK\$28.00 per New Ordinary Share represents a discount of approximately 50.2 per cent to the closing price on the Hong Kong Stock Exchange of an Ordinary Share of HK\$56.17 on 27 February 2009 (being the last Business Day prior to the announcement of the Rights Issue), adjusted for the fact that the New Ordinary Shares will not rank for the fourth interim dividend in respect of the financial year ended 31 December 2008 of US\$0.10 per Ordinary Share. The unadjusted closing price on the Hong Kong Stock Exchange of an Ordinary Share on 27 February 2009 was HK\$56.95.

Table of Contents

The completion of the Rights Issue will result in 5,060,239,065 New Ordinary Shares being issued (representing approximately 41.7 per cent of the existing issued ordinary share capital of the Company as at 27 February 2009 (being the latest practicable date prior to the publication of the Circular to Shareholders) and 29.4 per cent of the Enlarged Share Capital immediately following completion of the Rights Issue). Qualifying Shareholders who take up their *pro rata* entitlement in full will suffer no dilution to their interests in the Company. If a Qualifying Shareholder does not take up any of his/her entitlement under the Rights Issue, his/her proportionate shareholding will be diluted by 29.4 per cent.

The Rights Issue is conditional upon, amongst other things:

- (i) the Underwriting Agreement having become unconditional in all respects save for the condition relating to UK Admission and not having been terminated in accordance with its terms;
- (ii) UK Admission becoming effective by not later than 8.00 a.m. on 20 March 2009 (or such later time and date (being not later than 27 March 2009) as certain of the parties to the Underwriting Agreement may agree); and
- (iii) the passing, without material amendment, of the Resolutions.

The New Ordinary Shares (nil paid) will be provisionally allotted to all Qualifying Shareholders on 19 March 2009. The provisional allotment is expected to be confirmed on 6 April 2009 and those Qualifying Shareholders entitled to New Ordinary Shares are expected to be entered on the Company's register of members on 6 April 2009.

Holdings of Existing Ordinary Shares in certificated and uncertificated form or on different registers of members will be treated as separate holdings to calculate entitlements under the Rights Issue.

The New Ordinary Shares, when issued and fully paid, will rank for all dividends declared, made or paid after the date of allotment and issue of the New Ordinary Shares (except in respect of the fourth interim dividend of US\$0.10 per Ordinary Share for the financial year ended 31 December 2008 declared by the Company on 2 March 2009, as the New Ordinary Shares are being issued after the record date for this dividend) and otherwise *pari passu* with the Existing Ordinary Shares. The New Ordinary Shares, when issued, will be in registered form and will be capable of being held in certificated form and in uncertificated form through CREST or CCASS.

The Rights Issue is fully underwritten by the Underwriters pursuant to the Underwriting Agreement. The Underwriting Agreement will not be subject to any right of termination after UK Admission (including in respect of any statutory withdrawal rights). The principal terms of the Underwriting Agreement are summarised in paragraph 9.1 of Part XVI of this document.

Applications have been made to the UK Listing Authority and to the London Stock Exchange for the New Ordinary Shares (nil and fully paid) to be admitted to the Official List and to trading on the London Stock Exchange's main market for listed securities respectively, to the Hong Kong Stock Exchange for listing of, and permission to deal in, the New Ordinary Shares (nil and fully paid) on the Main Board of the Hong Kong Stock Exchange, and to the New York Stock Exchange, Euronext Paris and the Bermuda Stock Exchange for listing of the New Ordinary Shares (fully paid). Application has also been made for the ADSs representing New Ordinary Shares to be listed and traded on the New York Stock Exchange. It is expected that UK Admission will become effective and that dealings in the New Ordinary Shares, nil paid, will commence on the London Stock Exchange at 8.00 a.m. on 20 March 2009. It is also expected that HK Admission will become effective at 9.30 a.m. (Hong Kong time) on 20 March 2009 and that dealings in the New Ordinary Shares, nil paid, will commence on the Main Board of the Hong Kong Stock Exchange at 9.30 a.m. (Hong Kong time) on 23 March 2009.

The full terms of the Rights Issue, including the procedure for acceptance and payment and the procedure in respect of rights not taken up, are set out in Part VIII of this document and, in the case of Qualifying Non-CREST Shareholders, Qualifying Non-CCASS Shareholders and Qualifying Bermuda Shareholders, in the Provisional Allotment Letter.

Qualifying Shareholders resident outside the United Kingdom, Hong Kong and Bermuda should refer to paragraph 8 of Part VIII of this document for further information on their ability to participate in the Rights Issue.

4 Intentions of the Directors

The Directors who are entitled to acquire New Ordinary Shares under the Rights Issue intend to take up in full, directly or indirectly, their rights to acquire New Ordinary Shares, other than the rights arising in connection with any Ordinary Shares the executive Directors hold through the Share Ownership Plan. In accordance with the basis on which the Share Ownership Plan operates, the trustees of the plan will sell such number of those rights during the nil paid dealing period as will meet the cost of taking up the balance of such rights.

5 Financial impact of the Rights Issue

As at 31 December 2008, HSBC's core equity tier 1 ratio was 7.0 per cent and its tier 1 ratio was 8.3 per cent. Adjusting for the proceeds of the Rights Issue, the core equity tier 1 ratio and tier 1 ratio would have been approximately 8.5 per cent and 9.8 per cent, respectively, on a pro forma basis as at 31 December 2008. HSBC is now raising the top of its target range for the tier 1 ratio so that the range will be from 7.5 per cent to 10 per cent.

A pro forma statement of net assets illustrating the effect of the Rights Issue on the HSBC Group's net assets as at 31 December 2008 as if the Rights Issue had occurred on this date is set out in Part XV of this document. This information is unaudited and has been prepared for illustrative purposes only. It shows that net proceeds from the Rights Issue of approximately US\$17.7 billion would have led to a pro forma movement in net assets from approximately US\$93.6 billion to US\$111.3 billion as at 31 December 2008.

Under IFRSs, the Rights Issue results in the recognition of a derivative because the Issue Price is principally denominated in pounds sterling, while the Company's functional currency is in US dollars. As a result, the movements in fair values on the derivative up to the allotment date, which are non-cash items, will be recognised in the income statement, with an equal and offsetting movement in equity on allotment of the New Ordinary Shares. This is therefore expected to affect the HSBC Group's net income, which will be recognised in capital in the normal way, and there will be no overall effect on the HSBC Group's capital, distributable reserves or net assets.

6 Dividends

The Directors have declared a fourth interim dividend for 2008 of US\$0.10 per Ordinary Share (in lieu of a final dividend) which, together with the first three interim dividends for 2008 of US\$0.18 per Ordinary Share already paid, will make a total distribution in respect of the year of US\$0.64 per Ordinary Share. The aggregate dividend payments per Ordinary Share for 2008 represent a decrease of 29 per cent in US\$ terms and 15 per cent in sterling terms from the aggregate dividend payments in respect of 2007. The fourth interim dividend for 2008 will be payable on 6 May 2009, with a scrip dividend alternative, to Shareholders on the register on 20 March 2009. As the record date for this dividend is 20 March 2009, the New Ordinary Shares, when issued on 6 April 2009, will not rank for this dividend.

The Board intends to continue to pay quarterly interim dividends on the Ordinary Shares, with a pattern of three equal interim dividends with a variable fourth interim dividend. The level of dividends per Ordinary Share in future while reflecting the long-term growth of HSBC's business will depend upon, among other things, expected future earnings, prevailing business conditions and capital requirements. It is envisaged that the first interim dividend in respect of 2009 will be US\$0.08 per Ordinary Share. The Board has rebased the envisaged dividend per share for the first three interim dividends in respect of 2009 to reflect the impact of the foregoing factors and the impact of the enlarged ordinary share capital resulting from the Rights Issue.

7 Current trading and prospects

On 2 March 2009, HSBC published its 2008 Annual Report and Accounts. Business performance in January was strong and ahead of HSBC's expectations; and in February was in line with HSBC's expectations.

8 HSBC Share Plans

The options and awards granted under the HSBC Share Plans (other than the Share Ownership Plan), as described in paragraph 6 of Part XVI of this document, may be adjusted by the Company as a result of the Rights Issue in accordance with the rules of the relevant plan. Any such adjustments will be subject, where appropriate, to approval

from HM Revenue & Customs or the Irish Revenue Commissioners and a report from the Company's auditor that such proposed adjustments are fair and reasonable. Participants will be contacted separately with further information on how their options and/or awards may be affected by the Rights Issue.

Participants in the Share Ownership Plan will be contacted separately about their rights under the Rights Issue.

9 Restricted Shareholders

The attention of Qualifying Shareholders who have registered addresses outside the United Kingdom, Hong Kong or Bermuda, or who are citizens or residents of countries other than the United Kingdom, Hong Kong or Bermuda, or who are holding Ordinary Shares for the benefit of such persons (including, without limitation, custodians, nominees, trustees and agents) or who have a contractual or other legal obligation to forward this document, a Provisional Allotment Letter and any other document in relation to the Rights Issue to such persons, is drawn to the information which appears in paragraph 8 of Part VIII of this document.

Table of Contents

In particular, Qualifying Shareholders who have registered addresses in or who are resident in, or who are citizens of, countries other than the United Kingdom, Hong Kong or Bermuda, should consult their professional advisers as to whether they require any governmental or other consents or need to observe any other formalities to enable them to take up their entitlements to the Rights Issue.

New Ordinary Shares will be provisionally allotted (nil paid) to all Qualifying Shareholders, including Restricted Shareholders. However, subject to certain exceptions as agreed with the Company and the Joint Global Coordinators, Provisional Allotment Letters will not be sent to Qualifying Non-CREST Shareholders, Qualifying Non-CCASS Shareholders or Qualifying Bermuda Shareholders with registered addresses in, or who are otherwise known to the Company to be residents of, any of the Excluded Territories, nor will the CREST stock accounts of Qualifying CREST Shareholders with registered addresses in, or the CCASS stock accounts of Qualifying CCASS Shareholders with registered addresses in, or who are otherwise known to the Company to be residents of, any of the Excluded Territories be credited with Nil Paid Rights.

10 Structure of the Rights Issue

The Rights Issue has been structured in a way that is expected to have the effect of creating distributable reserves approximately equal to the net proceeds of the Rights Issue less the par value of the New Ordinary Shares issued by the Company. Provided that certain conditions are met, the proceeds of the Rights Issue (after the deduction of certain agreed fees, costs and expenses) will be applied by the Receiving Agent on behalf of the Bank Subscriber to subscribe for redeemable preference shares in Newco, which is a Jersey incorporated company owned by the Company and the Bank Subscriber.

The Company will allot and issue the New Ordinary Shares to those persons entitled thereto in consideration of the Bank Subscriber transferring its holdings of ordinary shares and redeemable preference shares in Newco to the Company. Accordingly, instead of receiving cash as consideration for the issue of the New Ordinary Shares, the Company will own the entire issued share capital of Newco whose only asset will be cash reserves, equal to the net proceeds of the Rights Issue. The Company will be able to redeem the redeemable preference shares in Newco in order to access these cash reserves and, during any interim period prior to redemption, by procuring that Newco lends those cash reserves to the Company.

The Company may elect to implement the Rights Issue without using the structure described above if it deems it to be in the Company's interests to do so.

11 Taxation

Your attention is drawn to paragraphs 10.1 and 10.2 of Part XVI of this document. If you are in any doubt as to your tax position, you should consult your own professional adviser without delay.

12 Further information

Your attention is drawn to the further information set out in Parts II to V and VII to XIX of this document. Shareholders should read the whole of this document and not rely solely on the information set out in this letter. In particular, you should consider carefully the risk factors set out in Part II of this document.

13 General Meeting

On 3 March 2009, Shareholders were sent a circular containing a notice of the General Meeting, which will be held at 10.00 a.m. on 19 March 2009 in the Platinum Suite, ExCel London, One Western Gateway, Royal Victoria Dock, London E16 1XL, United Kingdom. The General Meeting is being held for the purpose of considering and, if thought fit, passing three resolutions. The first resolution is to increase the Company's authorised share capital. The second resolution is to grant the Directors the authority to allot the New Ordinary Shares in connection with the Rights Issue pursuant to section 80 of the UK Companies Act 1985. The third resolution, which is a special resolution, will give the Directors authority to allot on a non-pre-emptive basis, where necessary, the New Ordinary Shares for the purposes of the Rights Issue, including subject to such exclusions or other arrangements as the Directors may deem necessary or expedient in relation to fractional entitlements or securities represented by depositary receipts or having regard to any restrictions, obligations or legal problems under the laws or the requirements of any territory.

14 Action to be taken in respect of the Rights Issue

If the Resolutions are passed, it is intended that:

- (i) if you are a Qualifying Non-CREST Shareholder, Qualifying Non-CCASS Shareholder or Qualifying Bermuda Shareholder (other than, subject to certain exceptions as agreed with the Company and the Joint Global Coordinators, a Shareholder with a registered address in, or who is otherwise known to the Company to

- (iii) if you are a Qualifying CCASS Shareholder, you will not be sent a Provisional Allotment Letter. Your attention is also drawn to paragraph 9(c) of Part VIII of this document.

If you sell or have sold or otherwise transferred all of your Ordinary Shares held (other than ex-rights) in certificated form before 20 March 2009 in the case of Ordinary Shares held on the UK principal register, before 12 March 2009 in the case of Ordinary Shares held on the Hong Kong branch register or before 11 March 2009 in the case of Ordinary Shares held on the Bermuda branch register, please forward this document and any Provisional Allotment Letter, if and when received, at once to the purchaser or for delivery to the purchaser or transferee, except that such documents should not be sent to any jurisdiction where to do so might constitute a violation of local securities laws or regulations, including, but not limited to, the Excluded Territories.

If you sell or have sold or otherwise transferred all or some of your Ordinary Shares (other than ex-rights) held in uncertificated form through CREST before the UK Ex-Rights Date, a claim transaction will automatically be generated by Euroclear UK which, on settlement, will transfer the appropriate number of Nil Paid Rights to the purchaser or transferee.

If you sell or have sold or otherwise transferred only part of your holding of Ordinary Shares (other than ex-rights) held in certificated form before the UK Ex-Rights Date, the HK Ex-Rights Date or the Bermuda Ex-Rights Date, as appropriate, you should refer to the instruction regarding split applications in Part VIII of this document and in the Provisional Allotment Letter.

The procedure for acceptance and payment is set out in Part VIII of this document. Further details also appear on the Provisional Allotment Letter which has been sent to all Qualifying Non-CREST Shareholders, all Qualifying Non-CCASS Shareholders and all Qualifying Bermuda Shareholders (other than, subject to certain exceptions as agreed with the Company and the Joint Global Coordinators, those Qualifying Non-CREST Shareholders, Qualifying Non-CCASS Shareholders and Qualifying Bermuda Shareholders with registered addresses in, or who are otherwise known to the Company to be residents of, any of the Excluded Territories).

If you are in any doubt as to any aspect of the proposals referred to in this document or as to the action you should take, you are recommended to seek your own financial advice immediately from your stockbroker, bank manager, solicitor, accountant, fund manager or other appropriate independent financial adviser, duly authorised under FSMA if

Applications have been made for the Nil Paid Rights and the Fully Paid Rights to be admitted to CREST. Applications have also been made for the Nil Paid Rights to be admitted to CCASS. Euroclear UK requires the Company to confirm to it that certain conditions (imposed by the CREST Manual) are satisfied before Euroclear UK will admit any security to CREST. It is expected that these conditions will be satisfied, in respect of the Nil Paid Rights and the Fully Paid Rights, on UK Admission. As soon as practicable after satisfaction of the conditions, the Company will confirm this to Euroclear UK.

The ISIN for the New Ordinary Shares will be the same as that of the Existing Ordinary Shares being GB0005405286.

- (ii) UK Admission becoming effective by not later than 8.00 a.m. on 20 March 2009 (or such later time and date (being not later than 27 March 2009) as certain of the parties to the Underwriting Agreement may agree); and
- (iii) the passing, without material amendment, of the Resolutions.

The Underwriting Agreement is conditional upon certain conditions being satisfied or not breached prior to UK Admission and may be terminated by Goldman Sachs International, J.P. Morgan Cazenove or J.P. Morgan on behalf of the Banks prior to UK Admission upon the occurrence of certain specified events, in which case the Rights Issue will not proceed. The Underwriting Agreement is not capable of termination following UK Admission. The Underwriters may arrange sub-underwriting for some, all or none of the New Ordinary Shares. A summary of certain terms and conditions of the Underwriting Agreement is contained in paragraph 9.1 of Part XVI of this document.

The Underwriters and any of their respective affiliates may, in accordance with applicable legal and regulatory provisions and subject to the Underwriting Agreement, engage in transactions in relation to the Nil Paid Rights, the Fully Paid Rights, the New Ordinary Shares, the Ordinary Shares and/or related instruments for their own account for the purpose of hedging their underwriting exposure or otherwise. Except as required by applicable law or regulation, the Underwriters do not propose to make any public disclosure in relation to such transactions.

If the conditions of the Rights Issue are not fulfilled or the Underwriting Agreement is terminated prior to UK Admission, the Rights Issue will not proceed and the provisional allotments will lapse. Any Shareholders or other persons who deal in the Ordinary Shares on an ex-rights basis in Bermuda from the Bermuda Ex-Rights Date and in Hong Kong from the HK Ex-Rights Date up until the time that UK Admission occurs bear the risk that the Rights Issue may not proceed. If in any doubt, Shareholders or other persons contemplating dealing in Ordinary Shares in Bermuda or Hong Kong during this period are advised to consult their appropriately authorised independent financial advisers.

Shareholders taking up their rights by completing a Provisional Allotment Letter or by sending a MTM instruction to Euroclear UK will be deemed to have given the representations and warranties set out in paragraph 9 of this Part VIII, unless such requirement is waived by the Company.

The New Ordinary Shares will, when issued and fully paid, rank *pari passu* in all respects with the Existing Ordinary Shares, including the right to receive all dividends or other distributions made, paid or declared after the date of allotment and issue of New Ordinary Shares, except in respect of the fourth interim dividend of US\$0.10 per Ordinary Share for the financial year ended 31 December 2008 announced by the Company on 2 March 2009.

All documents, cheques, banker's drafts or cashier's orders posted to or by Qualifying Shareholders and/or their transferees or renounees (or their agents, as appropriate) will be posted at their own risk.

3 Action to be taken by Shareholders registered on the UK principal register (UK Shareholders)

The action to be taken by UK Shareholders in respect of New Ordinary Shares depends on whether, at the relevant time, the Nil Paid Rights or Fully Paid Rights in respect of which action is to be taken are in certificated form (that is, are represented by Provisional Allotment Letters) or are in uncertificated form (that is, are in CREST).

The action to be taken by HK Shareholders, Bermuda Shareholders and Qualifying Euroclear France Shareholders is set out in paragraphs 4, 5 and 6 of this Part VIII, respectively.

The latest time and date for acceptance and payment in full will be 11.00 a.m. on 3 April 2009.

If the Rights Issue is delayed so that Provisional Allotment Letters cannot be despatched on 19 March 2009, the expected timetable, as set out in Part IV of this document, will be adjusted accordingly and the revised dates will be set out in the Provisional Allotment Letters and announced through a Regulatory Information Service. All references

in this Part VIII should be read as being subject to such adjustment.

Shareholders using such service should note that they will be clients of Computershare Investor Services PLC and not of HSBC or any of the Banks when using this service. Computershare Investor Services PLC rather than HSBC or any of the Banks will therefore be responsible for providing the protections afforded by the UK regulatory regime to clients for whom such services are provided. Neither HSBC nor any of the Banks is providing advice to Shareholders on dealing in Ordinary Shares.

(iv) Qualifying Non-CREST Shareholders who wish to dispose of all of their Nil Paid Rights through the Computershare Dealing Facility

Please note that Computershare Investor Services PLC will charge £5.00 (five pounds) to dispose of the Nil Paid Rights through the Computershare Dealing Facility. The terms and conditions of the Computershare Dealing Facility are set out in a rights issue guide accompanying the Provisional Allotment Letter. Shareholders using such service should note that they will be clients of Computershare Investor Services PLC and not of HSBC or any of the Banks when using this service. Computershare Investor Services PLC rather than HSBC or any of the Banks will therefore be responsible for

providing the protections afforded by the UK regulatory regime to clients for whom such services are provided. Neither HSBC nor any of the Banks is providing advice to Shareholders on dealing in Ordinary Shares.

(v) Discretion as to validity of acceptances

If payment is not received in full by 11.00 a.m. on 3 April 2009, the provisional allotment will be deemed to have been declined and will lapse. However, the Company and the Joint Global Coordinators may elect, but shall not be obliged, to treat as valid: (i) Provisional Allotment Letters and accompanying remittances which are received by post not later than 5.00 p.m. on 3 April 2009 (the cover bearing a legible postmark not later than 11.00 a.m. on 3 April 2009); and (ii) applications in respect of which remittances for the full amount due are received prior to 11.00 a.m. on 3 April 2009 from an authorised person (as defined in section 31(2) of FSMA) specifying the number of

Table of Contents

New Ordinary Shares to be acquired and an undertaking by that person to lodge the relevant Provisional Allotment Letter, duly completed, in due course.

The Company and the Joint Global Coordinators may also (in their absolute discretion) treat a Provisional Allotment Letter as valid and binding on the person(s) by whom or on whose behalf it is lodged even if it is not completed in accordance with the relevant instructions or is not accompanied by a valid power of attorney (where required).

The Company and the Joint Global Coordinators reserve the right to treat as invalid any acceptance or purported acceptance of the New Ordinary Shares that appears to the Company or the Joint Global Coordinators to have been executed in, despatched from, or that provides an address for delivery of definitive share certificates for New Ordinary Shares in, any of the Excluded Territories.

A Qualifying Non-CREST Shareholder who makes a valid acceptance and payment in accordance with this paragraph 3.1(b) is deemed to request that the New Ordinary Shares to which they will become entitled be issued to them on the terms set out in this document and the Provisional Allotment Letter, and subject to the Memorandum of Association of the Company and the Articles.

(vi) Payments

All payments made by Qualifying Non-CREST Shareholders must be in pounds sterling and made by cheque or banker's draft, in either case made payable to HSBC Holdings plc Rights Issue and crossed Account Payee Only. Qualifying Non-CREST Shareholders should write their Shareholder Reference Number (indicated at the top of page 1 of the Provisional Allotment Letter) on the reverse of the cheque or banker's draft. Post-dated cheques and third party cheques (with the exception of building society cheques or banker's drafts where the building society or bank has confirmed the name of the account holder by stamping or endorsing the cheque or draft to such effect) will not be accepted. The account name should be the same as that shown on the application. Cheques or banker's drafts must be drawn on an account at a branch (which must be in the United Kingdom, the Channel Islands or the Isle of Man) of a bank or building society which is either a settlement member of the Cheque and Credit Clearing Company Limited or the CHAPS Clearing Company Limited or which has arranged for its cheques and banker's drafts to be cleared through facilities provided by either of those companies. Such cheques and banker's drafts must bear the appropriate sorting code in the top right-hand corner. Cheques and banker's drafts will be presented for payment on receipt. The Company reserves the right to instruct the Receiving Agent to seek special clearance of cheques and banker's drafts to allow the Company to obtain value for remittances at the earliest opportunity. No interest will accrue on payments made before they are due. Payments via CHAPS, BACS or electronic transfer will not be accepted. Cash will not be accepted. Persons making payment agree that the Trustees will hold such moneys on trust as provided in paragraph 11 of this Part VIII.

It is a term of the Rights Issue that cheques and banker's drafts shall be honoured on first presentation, and the Company and the Joint Global Coordinators may elect to treat as invalid any acceptances in respect of which cheques or banker's drafts are not so honoured. If New Ordinary Shares have already been allotted to Qualifying Non-CREST Shareholders prior to any cheque or banker's draft not being so honoured or such Qualifying Non-CREST Shareholders' acceptances being treated as invalid, the Joint Global Coordinators may, in their absolute discretion as to manner, timing and terms, make arrangements for the sale of such shares on behalf of those Qualifying Non-CREST Shareholders and hold the proceeds of sale (net of the Company's reasonable estimate of any loss that it has suffered as a result of the acceptance being treated as invalid and of the expenses of sale including, without limitation, any stamp duty or SDRT payable on the transfer of such shares, and of all amounts payable by such Qualifying Non-CREST Shareholders pursuant to the terms of the Rights Issue in respect of the acquisition of such shares) on behalf of such Qualifying Non-CREST Shareholders. None of the Company, the Banks nor any other person shall be responsible for, or have any liability for, any loss, expenses or damage suffered by Qualifying Non-CREST Shareholders as a result.

(c) Money Laundering Regulations

To ensure compliance with the Money Laundering Regulations, the Receiving Agent may require, in its absolute discretion, verification of the identity of the person by whom or on whose behalf a Provisional Allotment Letter is lodged with payment (which requirements are referred to below as the verification of identity requirements). If an application is made by a UK regulated broker or intermediary acting as agent and which is itself subject to the Money Laundering Regulations, any verification of identity requirements are the responsibility of such broker or intermediary and not of the Receiving Agent. In such case, the lodging agent s stamp should be inserted on the Provisional Allotment Letter. The person lodging a Provisional Allotment Letter with payment (the applicant), including any person who appears to the Receiving Agent to be acting on behalf of some other person, shall thereby

Table of Contents

be deemed to agree to provide the Receiving Agent and/or the Company with such information and other evidence as they or either of them may require to satisfy the verification of identity requirements. **Submission of a Provisional Allotment Letter will constitute a warranty that the Money Laundering Regulations will not be breached by the acceptance of the remittance and an undertaking by the applicant to provide promptly to the Receiving Agent and/or the Company such information as may be specified by the Receiving Agent and/or the Company as being required for the purpose of the Money Laundering Regulations.**

If the Receiving Agent determines that the verification of identity requirements apply to any applicant or application, the relevant New Ordinary Shares (notwithstanding any other term of the Rights Issue) will not be issued to the relevant applicant unless and until the verification of identity requirements have been satisfied in respect of that applicant or application. The Receiving Agent is entitled, in its absolute discretion, to determine whether the verification of identity requirements apply to any applicant or application and whether such requirements have been satisfied, and none of the Receiving Agent, the Banks nor the Company will be liable to any person for any loss or damage suffered or incurred (or alleged), directly or indirectly, as a result of the exercise of such discretion.

If the verification of identity requirements apply, failure to provide the necessary evidence of identity within a reasonable time may result in delays and potential rejection of an application. If, within a reasonable period of time following a request for verification of identity, the Receiving Agent has not received evidence satisfactory to it as aforesaid, the Company may, in its absolute discretion and without prejudice to the right of the Company to take proceedings to recover any loss suffered by it as a result of failure to provide such evidence, treat the relevant application as invalid, in which event the application moneys will be returned (at the applicant's risk) without interest to the account of the bank or building society on which the relevant cheque or banker's draft was drawn.

The verification of identity requirements will not usually apply if:

- (i) the applicant is an organisation required to comply with the EU Money Laundering Directive 2005/60/EC of the European Parliament and of the EC Council of 26 October 2005 on the prevention of the use of the financial system for the purpose of money laundering and terrorist financing; or
- (ii) the applicant is a regulated United Kingdom broker or intermediary acting as agent and is itself subject to the Money Laundering Regulations; or
- (iii) the applicant (not being an applicant who delivers his/her application in person) makes payment by way of a cheque drawn on an account in the name of such applicant; or
- (iv) the aggregate price for taking up the relevant New Ordinary Shares is less than 15,000 (approximately £14,000).

Where the verification of identity requirements apply, satisfaction of these requirements may be facilitated in the following ways:

- (i) if payment is made by building society cheque (not being a cheque drawn on an account of the applicant) or banker's draft, by the building society or bank endorsing on the cheque or banker's draft the applicant's name and the number of an account held in the applicant's name at such building society or bank, such endorsement being validated by a stamp and an authorised signature; or
- (ii) if the Provisional Allotment Letter is lodged with payment by an agent which is an organisation of the kind referred to in paragraph 3.1(c)(i) above or which is subject to anti-money laundering regulations in a country which is a member of the Financial Action Task Force (the non-European Union members of which are Argentina, Australia, Brazil, Canada, Hong Kong, Iceland, Japan, Mexico, New Zealand, Norway, the Russian

Federation, Singapore, South Africa, Switzerland, Turkey and the United States), the agent should provide with the Provisional Allotment Letter(s) written confirmation that it has that status and written assurance that it has obtained and recorded evidence of the identity of the person for whom it acts and that it will on demand make such evidence available to the Receiving Agent, the Company and/or any relevant regulatory or investigatory authority; or

- (iii) if a Provisional Allotment Letter is lodged by hand by the applicant in person, he/she should ensure that he/she has with him/her evidence of identity bearing his/her photograph (for example, his/her passport) and evidence of his/her address (for example, a utility bill).

To confirm the acceptability of any written assurance referred to in paragraph (ii) above, or in any other case, the applicant should contact the Receiving Agent. The telephone number of the Receiving Agent is 0870 702 0137 (if calling from within the UK), +44 870 702 0137 (if calling from outside the UK), 2862 8699 (if calling from within

Hong Kong), +852 2862 8699 (if calling from outside Hong Kong), 299 6737 (if calling from within Bermuda) or +1 441 299 6737 (if calling from outside Bermuda).

(d) Dealings in Nil Paid Rights

Assuming the Rights Issue becomes unconditional, dealings on the London Stock Exchange in the Nil Paid Rights are expected to commence at 8.00 a.m. on 20 March 2009. A transfer of Nil Paid Rights can be made by renunciation of the Provisional Allotment Letter in accordance with the instructions printed on it and delivery of the Provisional Allotment Letter to the transferee or to a stockbroker, bank or other appropriate financial adviser. The latest time and date for registration of renunciation of Provisional Allotment Letters, nil paid, is 11.00 a.m. on 3 April 2009.

(e) Dealings in Fully Paid Rights

After acceptance of the provisional allotment and payment in full in accordance with the provisions set out in this document and the Provisional Allotment Letter, the Fully Paid Rights may be transferred by renunciation of the relevant fully paid Provisional Allotment Letter and sending the same by post to Corporate Actions 3, Computershare Investor Services, Project 1, Bridgwater Road, Bristol, BS99 6AR (from within the UK) or to Computershare Investor Services PLC, Corporate Actions Overseas, The Pavilions, Bridgwater Road, Bristol, BS99 6BF, United Kingdom (from outside the UK), or delivering by hand (during normal business hours only) to Computershare Investor Services PLC, The Pavilions, Bridgwater Road, Bristol, BS13 8AE, so as to be received as soon as possible and in any event by not later than 11.00 a.m. on 3 April 2009. To do this, Qualifying Non-CREST Shareholders will need to have their fully paid Provisional Allotment Letters returned to them after the acceptance has been effected by the Receiving Agent. However, fully paid Provisional Allotment Letters will not be returned to Qualifying Non-CREST Shareholders unless their return is requested by ticking Box 4 in Form X on page 2 of the Provisional Allotment Letter.

After 3 April 2009, the New Ordinary Shares will be in registered form and transferable in the usual way (see paragraph 3.1(k) of this Part VIII).

(f) Renunciation and splitting of Provisional Allotment Letters

Qualifying Non-CREST Shareholders who wish to transfer all of their Nil Paid Rights or, after acceptance of the provisional allotment and payment in full, Fully Paid Rights, comprised in a Provisional Allotment Letter may (save as required by the laws of certain overseas jurisdictions) renounce such allotment by completing and signing Form X on page 2 of the Provisional Allotment Letter (if it is not already marked "Original Duly Renounced") and passing the entire Provisional Allotment Letter to their stockbroker, bank or other appropriate financial adviser or to the transferee. Once a Provisional Allotment Letter has been renounced, it will become a negotiable instrument in bearer form and the Nil Paid Rights or Fully Paid Rights (as appropriate) comprised in the Provisional Allotment Letter may be transferred by delivery of it to the transferee. The transferee may then register the transfer by completing Form Y on page 2 of the Provisional Allotment Letter and delivering the Provisional Allotment Letter together, in the case of a transferee of Nil Paid Rights, with a cheque or banker's draft for the full amount payable on acceptance by post to Corporate Actions 3, Computershare Investor Services, Project 1, Bridgwater Road, Bristol, BS99 6AR (from within the UK) or to Computershare Investor Services PLC, Corporate Actions Overseas, The Pavilions, Bridgwater Road, Bristol, BS99 6BF, United Kingdom (from outside the UK), or by hand (during normal business hours only) to Computershare Investor Services PLC, The Pavilions, Bridgwater Road, Bristol, BS13 8AE. The latest time and date for registration of renunciation of Provisional Allotment Letters, nil paid or fully paid, is 11.00 a.m. on 3 April 2009.

If a holder of a Provisional Allotment Letter wishes to have only some of the New Ordinary Shares registered in his/her name and to transfer his/her entitlement in respect of the remainder, or wishes to transfer all the Nil Paid

Rights, or (if appropriate) Fully Paid Rights but to different persons, he/she may have the Provisional Allotment Letter split, for which purpose he/she or his/her agent must complete and sign Form X on page 2 of the Provisional Allotment Letter. The Provisional Allotment Letter must then be delivered by post to Corporate Actions 3, Computershare Investor Services, Project 1, Bridgwater Road, Bristol, BS99 6AR (from within the UK) or to Computershare Investor Services PLC, Corporate Actions Overseas, The Pavilions, Bridgwater Road, Bristol, BS99 6BF, United Kingdom (from outside the UK), or by hand (during normal business hours only) to Computershare Investor Services PLC, The Pavilions, Bridgwater Road, Bristol, BS13 8AE, so as to be received as soon as possible and in any event by not later than 3.00 p.m. on 1 April 2009, to be cancelled and exchanged for the split Provisional Allotment Letters required. The number of split Provisional Allotment Letters required and the number of Nil Paid Rights or (as appropriate) Fully Paid Rights to be comprised in each split Provisional Allotment Letter should be

Table of Contents

stated in an accompanying letter. The aggregate of the Nil Paid Rights or (if appropriate) Fully Paid Rights stated in the letter must be equal to the number of New Ordinary Shares provisionally allotted to such holder as stated in Box B on page 1 of the Provisional Allotment Letter. Form X on page 2 of each split Provisional Allotment Letter will be marked "Original Duly Renounced" before issue. Any split Provisional Allotment Letters representing the New Ordinary Shares which a holder wishes to accept should be delivered together with the cheque or banker's draft in pounds sterling for the appropriate amount, in either case made payable to "HSBC Holdings plc Rights Issue" and crossed "Account Payee Only" so as to be received by 11.00 a.m. on 3 April 2009, the latest time and date for acceptance. Any split Provisional Allotment Letters representing New Ordinary Shares which a holder does not wish to take up should be delivered to the renounee(s) or the stockbrokers, bank or other agent through whom the sale or transfer was effected for delivery to the renounee. Persons making payment agree that the Trustees will hold such moneys on trust as provided in paragraph 11 of this Part VIII.

The Company and the Joint Global Coordinators reserve the right to refuse to register any renunciation in favour of any person in respect of which the Company or the Joint Global Coordinators believe such renunciation may violate applicable legal or regulatory requirements, including (without limitation) any renunciation in the name of any person with an address outside the United Kingdom, Hong Kong or Bermuda.

Qualifying Non-CREST Shareholders who wish to take up some of their Nil Paid Rights, without selling or transferring the remainder, should complete and sign Form X on page 2 of the original Provisional Allotment Letter and deliver the Provisional Allotment Letter by post to Corporate Actions 3, Computershare Investor Services, Project 1, Bridgwater Road, Bristol, BS99 6AR (from within the UK) or to Computershare Investor Services PLC, Corporate Actions Overseas, The Pavilions, Bridgwater Road, Bristol, BS99 6BF, United Kingdom (from outside the UK), or by hand (during normal business hours only) to Computershare Investor Services PLC, The Pavilions, Bridgwater Road, Bristol, BS13 8AE, together with a covering letter confirming the number of Nil Paid Rights to be taken up and a cheque or banker's draft in pounds sterling for the appropriate amount (which shall reflect the number of Nil Paid Rights they wish to take up), in either case made payable to "HSBC Holdings plc Rights Issue" and crossed "Account Payee Only" and with the Shareholder Reference Number, which appears on page 1 of the Provisional Allotment Letter, written on the reverse. In this case, the Provisional Allotment Letter and cheque or banker's draft must be received by the Receiving Agent by 11.00 a.m. on 3 April 2009. Accepting Qualifying Non-CREST Shareholders agree that the Trustees will hold such moneys on trust as provided in paragraph 11 of this Part VIII.

(g) Registration in names of Qualifying Non-CREST Shareholders

A Qualifying Non-CREST Shareholder who wishes to have all the New Ordinary Shares to which he/she is entitled registered in his/her name must accept and make payment for such allotment in accordance with the provisions set out in this document and the Provisional Allotment Letter.

(h) Registration in names of persons other than Qualifying Non-CREST Shareholders originally entitled

To register Fully Paid Rights in certificated form in the name of someone other than the Qualifying Non-CREST Shareholder(s) originally entitled, the renounee or his/her agent(s) must complete Form Y on page 2 of the Provisional Allotment Letter and deliver the entire Provisional Allotment Letter by post to Corporate Actions 3, Computershare Investor Services, Project 1, Bridgwater Road, Bristol, BS99 6AR (from within the UK) or the Computershare Investor Services PLC, Corporate Actions Overseas, The Pavilions, Bridgwater Road, Bristol, BS99 6BF, United Kingdom (from outside the UK), or by hand (during normal business hours only) to Computershare Investor Services PLC, The Pavilions, Bridgwater Road, Bristol, BS13 8AE, so as to be received by not later than the latest time and date for registration of renunciations, which is 11.00 a.m. on 3 April 2009. Registration of renunciation cannot be effected unless and until the New Ordinary Shares comprised in a Provisional Allotment Letter are fully paid. If the renounee is a CREST member who wishes to hold his/her New Ordinary Shares in uncertificated form,

his/her Form X and CREST Deposit Form (on the bottom of page 2 of the Provisional Allotment Letter) must be completed and the Provisional Allotment Letter deposited with the CCSS (as this term is defined in the CREST Manual) (see paragraph 3.1(j) below).

(i) Consolidation of Provisional Allotment Letters

The New Ordinary Shares comprised in several Provisional Allotment Letters (duly renounced where applicable) may be registered in the name of one holder (or joint holders) if Form Y on page 2 of the Provisional Allotment Letter is completed on one Provisional Allotment Letter (the Principal Letter) and all the Provisional Allotment Letters are delivered together in one batch. Details of each Provisional Allotment Letter (including the Principal Letter) should be listed in the Consolidated Listing Form adjacent to Forms X and Y on page 2 of the Provisional

Table of Contents

Allotment Letter and the provisional allotment number of the Principal Letter should be entered in the space provided in each of the other Provisional Allotment Letters.

(j) Deposit of Nil Paid Rights or Fully Paid Rights into CREST

The Nil Paid Rights or Fully Paid Rights represented by a Provisional Allotment Letter may be converted into uncertificated form, that is, deposited into CREST (whether such conversion arises as a result of a renunciation of those rights or otherwise). Similarly, Nil Paid Rights or Fully Paid Rights held in CREST may be converted into certificated form, that is, withdrawn from CREST. Subject as provided in the following paragraph or in the Provisional Allotment Letter, normal CREST procedures and timings apply in relation to any such conversion. Please refer to the CREST Manual for details of such procedures.

The procedure for depositing the Nil Paid Rights or Fully Paid Rights represented by a Provisional Allotment Letter into CREST, whether such rights are to be converted into uncertificated form in the name(s) of the person(s) whose name(s) and address(es) appear on page 1 of the Provisional Allotment Letter or in the name(s) of a person or persons to whom the Provisional Allotment Letter has been renounced, is as follows: Form X and the CREST Deposit Form (both on page 2 of the Provisional Allotment Letter) will need to be completed and the Provisional Allotment Letter deposited with the CCSS. In addition, the normal CREST Stock Deposit procedures will need to be carried out, except that: (a) it will not be necessary to complete and lodge a separate CREST Transfer Form (prescribed under the Stock Transfer Act 1963) with the CCSS; and (b) only the whole of the Nil Paid Rights or Fully Paid Rights represented by the Provisional Allotment Letter may be deposited into CREST. Qualifying Non-CREST Shareholders who wish to deposit only some of their Nil Paid Rights or Fully Paid Rights represented by the Provisional Allotment Letter into CREST, must first apply for split Provisional Allotment Letters by following the instructions in paragraph 3.1(f) above. If the rights represented by more than one Provisional Allotment Letter are to be deposited, the CREST Deposit Form on each Provisional Allotment Letter must be completed and deposited. A Consolidation Listing Form (as this term is defined in the Regulations) must not be used.

A holder of the Nil Paid Rights (or, if appropriate, the Fully Paid Rights) represented by a Provisional Allotment Letter who is proposing to convert those rights into uncertificated form (whether following a renunciation of such rights or otherwise) is recommended to ensure that the conversion procedures are implemented in sufficient time to enable the person holding or acquiring the Nil Paid Rights (or, if appropriate, the Fully Paid Rights) in CREST following the conversion to take all necessary steps in connection with taking up the entitlement prior to 11.00 a.m. on 3 April 2009. In particular, having regard to processing times in CREST and on the part of the Receiving Agent, the latest recommended time for depositing a renounced Provisional Allotment Letter (with Form X and the CREST Deposit Form on page 2 of the Provisional Allotment Letter duly completed) with the CCSS (to enable the person holding or acquiring (as appropriate) the Nil Paid Rights (or, if appropriate, the Fully Paid Rights) in CREST as a result of the conversion to take all necessary steps in connection with taking up the entitlement prior to 11.00 a.m. on 3 April 2009) is 3.00 p.m. on 30 March 2009.

When Form X and the CREST Deposit Form (both on page 2 of the Provisional Allotment Letter) have been completed, the title to the Nil Paid Rights or the Fully Paid Rights represented by the Provisional Allotment Letter will cease forthwith to be renounceable or transferable by delivery and, for the avoidance of doubt, any entries in Form Y on page 2 of the Provisional Allotment Letter will not be recognised or acted upon by the Receiving Agent. All renunciations or transfers of the Nil Paid Rights or Fully Paid Rights must be effected through the means of the CREST system once such rights have been deposited into CREST.

CREST sponsored members should contact their CREST sponsors as only their CREST sponsors will be able to take the necessary actions to take up the entitlements or otherwise to deal with the Nil Paid Rights or Fully Paid Rights of CREST sponsored members.

(k) Issue of share certificates in respect of New Ordinary Shares

Definitive share certificates in respect of the New Ordinary Shares to be held in certificated form are expected to be despatched by post by 14 April 2009, at the risk of persons entitled thereto, to Qualifying Non-CREST Shareholders, or their transferees who hold Fully Paid Rights in certificated form, or in the case of joint holdings, to the first-named Shareholders, at their registered address (unless lodging agent details have been completed on page 2 of the Provisional Allotment Letter). After despatch of definitive share certificates, Provisional Allotment Letters will cease to be valid for any purpose whatsoever. Pending despatch of definitive share certificates, instruments of transfer of the New Ordinary Shares will be certified by Computershare Investor Services PLC against the register.

3.2 Action to be taken by Qualifying CREST Shareholders in relation to Nil Paid Rights or Fully Paid Rights in CREST

(a) General

Subject to Shareholders approving the Resolutions (without material amendment) at the General Meeting and subject to paragraph 8 of this Part VIII in relation to certain Restricted Shareholders, each Qualifying CREST Shareholder is expected to receive a credit to his/her CREST stock account of his/her entitlement to Nil Paid Rights on 20 March 2009. The CREST stock account to be credited will be an account under the participant ID and member account ID that apply to the Ordinary Shares held on the Record Date by the Qualifying CREST Shareholder in respect of which the Nil Paid Rights are provisionally allotted.

The maximum number of New Ordinary Shares that a Qualifying CREST Shareholder may take up is that which has been provisionally allotted to that Qualifying CREST Shareholder and for which he/she receives a credit of entitlement into his/her stock account in CREST. The minimum number of New Ordinary Shares a Qualifying CREST Shareholder may take up is one.

The Nil Paid Rights constitute a separate security for the purposes of CREST and can accordingly be transferred, in whole or in part, by means of CREST in the same manner as any other security that is admitted to CREST.

If, for any reason, it is impracticable to credit the stock accounts of Qualifying CREST Shareholders or to enable the Nil Paid Rights by 8.00 a.m. on 20 March 2009, Provisional Allotment Letters shall, unless the Company determines otherwise, be sent out in substitution for the Nil Paid Rights which have not been so credited or enabled and the expected timetable as set out in this document may be adjusted as appropriate. References to dates and times in this document should be read as subject to any such adjustment. The Company will make an appropriate announcement to a Regulatory Information Service giving details of the revised dates but Qualifying CREST Shareholders may not receive any further written communication.

CREST members who wish to take up all or part of their entitlements in respect of, or otherwise to transfer all or part of, their Nil Paid Rights or Fully Paid Rights held by them in CREST should refer to the CREST Manual for further information on the CREST procedures referred to below.

CREST sponsored members should consult their CREST sponsor if they wish to take up their entitlement as only their CREST sponsor will be able to take the necessary action to take up their entitlement or otherwise to deal with their Nil Paid Rights or Fully Paid Rights.

(b) Procedure for acceptance and payment

(i) MTM instructions

CREST members who wish to take up all or part of their entitlement in respect of Nil Paid Rights in CREST must send (or, if they are a CREST sponsored member, procure that their CREST sponsor sends) an MTM instruction to Euroclear UK which, on its settlement, will have the following effect:

- (a) the crediting of a stock account of the Receiving Agent, under the participant ID and member account ID specified below, with the number of Nil Paid Rights to be taken up;
- (b)

the creation of a settlement bank payment obligation (as this term is defined in the CREST Manual), in accordance with the RTGS payment mechanism (as this term is defined in the CREST Manual), in favour of the RTGS settlement bank of the Receiving Agent in pounds sterling in respect of the full amount payable on acceptance in respect of the Nil Paid Rights referred to in paragraph 3.2(b)(i)(a) above; and

- (c) the crediting of a stock account of the accepting CREST member (being an account under the same participant ID and member account ID as the account from which the Nil Paid Rights are to be debited on settlement of the MTM instruction) of the corresponding number of Fully Paid Rights to which the CREST member is entitled on taking up his/her Nil Paid Rights referred to in paragraph 3.2(b)(i)(a) above.

(ii) Contents of MTM instructions

The MTM instruction must be properly authenticated in accordance with Euroclear UK's specifications and must contain, in addition to the other information that is required for settlement in CREST, the following details:

the number of Nil Paid Rights to which the acceptance relates;

the participant ID of the accepting CREST member;

the member account ID of the accepting CREST member from which the Nil Paid Rights are to be debited;

Table of Contents

- the participant ID of the Receiving Agent, in its capacity as a CREST receiving agent. This is 3RA29;
- the member account ID of the Receiving Agent, in its capacity as a CREST receiving agent. This is HSBC;
- the number of Fully Paid Rights that the CREST member is expecting to receive on settlement of the MTM instruction. This must be the same as the number of Nil Paid Rights to which the acceptance relates;
- the amount payable by means of the CREST assured payment arrangements on settlement of the MTM instruction. This must be the full amount payable on acceptance in respect of the number of Nil Paid Rights to which the acceptance relates;
- the intended settlement date (which must be on or before 11.00 a.m. on 3 April 2009);
- the ISIN number for the Fully Paid Rights, which is GB00B60FPP65;
- the ISIN number for the Nil Paid Rights, which is GB00B60DRL02;
- the corporate action number for the Rights Issue. This will be available by viewing the relevant corporate action details in CREST;
- a contact name and telephone number (in the free format shared note field); and
- a priority of at least 80.

(iii) Valid acceptance

An MTM instruction complying with each of the requirements as to authentication and contents set out in paragraph 3.2(b)(ii) above will constitute a valid acceptance where either:

- (a) the MTM instruction settles by not later than 11.00 a.m. on 3 April 2009; or
- (b) at the discretion of the Company and the Joint Global Coordinators: (i) the MTM instruction is received by Euroclear UK by not later than 11.00 a.m. on 3 April 2009; (ii) a number of Nil Paid Rights at least equal to the number of Nil Paid Rights inserted in the MTM instruction is credited to the CREST stock member account of the accepting CREST member specified in the MTM instruction at 11.00 a.m. on 3 April 2009; and (iii) the relevant MTM instruction settles by 2.00 p.m. on 3 April 2009 (or such later time and date as the Company and certain of the Banks may determine).

An MTM instruction will be treated as having been received by Euroclear UK for these purposes at the time at which the instruction is processed by the Network Providers Communications Host (as this term is defined in the CREST Manual) at Euroclear UK of the network provider used by the CREST member (or by the CREST sponsored member's CREST sponsor). This will be conclusively determined by the input time stamp applied to the MTM instruction by the Network Providers Communications Host.

(iv) Representations, warranties and undertakings of CREST members

A CREST member or CREST sponsored member who makes a valid acceptance in accordance with this paragraph 3.2 represents, warrants and undertakes to the Company and the Banks that he/she has taken (or procured to be taken), and

will take (or will procure to be taken), whatever action is required to be taken by him/her or by his/her CREST sponsor (as appropriate) to ensure that the MTM instruction concerned is capable of settlement at 11.00 a.m. on 3 April 2009 and remains capable of settlement at all times after that until 2.00 p.m. on 3 April 2009 (or until such later time and date as the Company and certain of the Banks may determine). In particular, the CREST member or CREST sponsored member represents, warrants and undertakes that at 11.00 a.m. on 3 April 2009 and at all times thereafter that time until 2.00 p.m. on 3 April 2009 (or until such later time and date as the Company and certain of the Banks may determine) there will be sufficient Headroom within the Cap (as those terms are defined in the CREST Manual) in respect of the cash memorandum account to be debited with the amount payable on acceptance to permit the MTM instruction to settle. CREST sponsored members should contact their CREST sponsor if they are in any doubt.

If there is insufficient Headroom within the Cap in respect of the cash memorandum account of a CREST member or CREST sponsored member for such amount to be debited or the CREST member's or CREST sponsored member's acceptance is otherwise treated as invalid and New Ordinary Shares have already been allotted to such CREST member or CREST sponsored member, the Joint Global Coordinators may (in their absolute discretion as to manner, timing and terms) make arrangements for the sale of such New Ordinary Shares on behalf of that CREST member or CREST sponsored member and hold the proceeds of sale (net of the Company's reasonable estimate of any loss that it has suffered as a result of the acceptance being treated as invalid and of the expenses of sale

Table of Contents

including, without limitation, any stamp duty or SDRT payable on the transfer of such New Ordinary Shares, and of all amounts payable by the CREST member or CREST sponsored member pursuant to the terms of the Rights Issue in respect of the acquisition of such shares) on behalf of such CREST member or CREST sponsored member. None of the Company, the Banks nor any other person shall be responsible for, or have any liability for, any loss, expenses or damage suffered by such CREST member or CREST sponsored member as a result.

(v) CREST procedures and timings

CREST members and CREST sponsors (on behalf of CREST sponsored members) should note that Euroclear UK does not make available special procedures in CREST for any particular corporate action.

Normal system timings and limitations will therefore apply in relation to the input of an MTM instruction and its settlement in connection with the Rights Issue. It is the responsibility of the CREST member concerned to take (or, if the CREST member is a CREST sponsored member, to procure that his/her CREST sponsor takes) the action necessary to ensure that a valid acceptance is received as stated above by 11.00 a.m. on 3 April 2009. In this connection, CREST members and (where applicable) CREST sponsors are referred in particular to those paragraphs of the CREST Manual concerning practical limitations of the CREST system and timings.

(vi) CREST member s undertaking to pay

A CREST member or CREST sponsored member who makes a valid acceptance in accordance with the procedures set out in this paragraph 3.2: (a) undertakes to pay to the Receiving Agent, or procure the payment to the Receiving Agent of, the amount payable in pounds sterling on acceptance in accordance with the above procedures or in such other manner as the Receiving Agent may require (it being acknowledged that, where payment is made by means of the RTGS payment mechanism (as this term is defined in the CREST Manual), the creation of a RTGS settlement bank payment obligation in pounds sterling in favour of the Receiving Agent s RTGS settlement bank (as this term is defined in the CREST Manual) in accordance with the RTGS payment mechanism shall, to the extent of the obligation so created, discharge in full the obligation of the CREST member (or CREST sponsored member) to pay to the Receiving Agent the amount payable on acceptance); and (b) requests that the Fully Paid Rights and/or New Ordinary Shares to which he/she will become entitled be issued to him/her on the terms set out in this document and subject to the Memorandum of Association of the Company and the Articles. Persons making payment agree that the Trustees will hold such moneys on trust as provided in paragraph 11 of this Part VIII.

If the payment obligations of the relevant CREST member or CREST sponsored member in relation to such New Ordinary Shares are not discharged in full and such New Ordinary Shares have already been allotted to the CREST member or CREST sponsored member, the Joint Global Coordinators may, in their absolute discretion as to the manner, timing and terms, make arrangements for the sale of such New Ordinary Shares on behalf of that CREST member or CREST sponsored member and hold the proceeds of sale (net of the Company s reasonable estimate of any loss it has suffered as a result of the same and of the expenses of sale including, without limitation, any stamp duty or SDRT payable on the transfer of such New Ordinary Shares, and all amounts payable by such CREST member or CREST sponsored member pursuant to the terms of the Rights Issue in respect of the acquisition of such New Ordinary Shares) or an amount equal to the original payment of the CREST member or CREST sponsored member (whichever is lower) on trust for such CREST member or CREST sponsored member. In these circumstances, none of the Company, the Banks nor any other person shall be responsible for, or have any liability for, any loss, expenses or damage suffered by the CREST member or CREST sponsored member arising as a result.

(vii) Discretion as to rejection and validity of acceptances

The Company may, in its absolute discretion:

- (a) reject any acceptance constituted by an MTM instruction, which is otherwise valid, in the event of breach of any of the representations, warranties and undertakings set out or referred to in this paragraph 3.2. Where an acceptance is made as described in this paragraph 3.2 which is otherwise valid, and the MTM instruction concerned fails to settle by 11.00 a.m. on 3 April 2009 (or by such later time and date as the Company and certain of the Banks may determine), the Company shall be entitled to assume, for the purposes of its right to reject an acceptance as described in this paragraph 3.2, that there has been a breach of the representations, warranties and undertakings set out or referred to in this paragraph 3.2 unless the Company is aware of any reason outside the control of the CREST member or the CREST sponsor (as appropriate) concerned for the failure to settle;

Table of Contents

- (b) treat as valid (and binding on the CREST member or CREST sponsored member concerned) an acceptance which does not comply in all respects with the requirements as to validity set out or referred to in this paragraph 3.2;
- (c) accept an alternative properly authenticated dematerialised instruction from a CREST member or (where applicable) a CREST sponsor as constituting a valid acceptance in substitution for, or in addition to, an MTM instruction and subject to such further terms and conditions as the Company and the Joint Global Coordinators may determine;
- (d) treat a properly authenticated dematerialised instruction (in this sub-paragraph the first instruction) as not constituting a valid acceptance if, at the time at which the Receiving Agent receives a properly authenticated dematerialised instruction giving details of the first instruction, either the Company or the Receiving Agent has received actual notice from Euroclear UK of any of the matters specified in Regulation 35(5)(a) of the Uncertificated Securities Regulations 2001 in relation to the first instruction. These matters include notice that any information contained in the first instruction was incorrect or notice of lack of authority to send the first instruction; and/or
- (e) accept an alternative instruction or notification from a CREST member or CREST sponsored member or (where applicable) a CREST sponsor, or extend the time for acceptance and/or settlement of an MTM instruction (to such time as the Company and certain of the Banks may determine) or any alternative instruction or notification if, for reasons or due to circumstances outside the control of any CREST member or CREST sponsored member or (where applicable) CREST sponsor, the CREST member or CREST sponsored member is unable validly to take up all or part of his/her Nil Paid Rights by means of the above procedures. In normal circumstances, this discretion is only likely to be exercised in the event of any interruption, failure or breakdown of CREST (or of any part of CREST) or on the part of facilities and/or systems operated by the Receiving Agent in connection with CREST.

(c) Money Laundering Regulations

Qualifying CREST Shareholders who hold their Nil Paid Rights in CREST and apply to take up all or part of their entitlement as agent for one or more persons and who are not a UK or EU regulated person or institution (for example, a UK financial institution), then, irrespective of the value of the application, the Receiving Agent is entitled to take reasonable measures to establish the identity of the person or persons (or the ultimate controller of such person or persons) on whose behalf they are making the application. Such holders must therefore contact the Receiving Agent before sending any MTM instruction or other instruction so that appropriate measures may be taken.

Submission of an MTM instruction which constitutes, or which may on its settlement constitute, a valid acceptance as described above constitutes a representation, warranty and undertaking by the applicant to provide promptly to the Receiving Agent any information the Receiving Agent may specify as being required for the purposes of the Money Laundering Regulations or FSMA. Pending the provision of such information and other evidence as the Receiving Agent may require to satisfy the verification or identity requirements, the Receiving Agent, having consulted with the Company and the Joint Global Coordinators, may take, or omit to take, such action as it may determine to prevent or delay settlement of the MTM instruction. If such information and other evidence of identity has not been provided within a reasonable time, then the Receiving Agent will not permit the MTM instruction concerned to proceed to settlement but without prejudice to the right of the Company and/or the Banks to take proceedings to recover any loss suffered by it or them as a result of failure by the applicant to provide such information and other evidence.

(d) Dealings in Nil Paid Rights in CREST

Assuming the Rights Issue becomes unconditional, dealings in the Nil Paid Rights on the London Stock Exchange are expected to commence at 8.00 a.m. on 20 March 2009. A transfer (in whole or in part) of Nil Paid Rights can be made by means of CREST in the same manner as any other security that is admitted to CREST. The Nil Paid Rights are expected to be disabled in CREST after the close of CREST business on 3 April 2009.

(e) Dealings in Fully Paid Rights in CREST

After acceptance of the provisional allotment and payment in full in accordance with the provisions set out in this document, the Fully Paid Rights may be transferred by means of CREST in the same manner as any other security that is admitted to CREST. The last time for settlement of any transfer of Fully Paid Rights in CREST is 11.00 a.m.

Table of Contents

on 3 April 2009. The Fully Paid Rights are expected to be disabled in CREST after the close of CREST business on 3 April 2009.

After 3 April 2009, the New Ordinary Shares will be registered in the name(s) of the person(s) entitled to them in the Company's register of members and will be transferable in the usual way.

(f) Withdrawal of Nil Paid Rights or Fully Paid Rights from CREST

Nil Paid Rights or Fully Paid Rights held in CREST may be converted into certificated form, that is, withdrawn from CREST. Normal CREST procedures (including timings) apply in relation to any such conversion.

The recommended latest time for receipt by Euroclear UK of a properly authenticated dematerialised instruction requesting withdrawal of Nil Paid Rights or, if appropriate, Fully Paid Rights, from CREST is 4.30 p.m. on 27 March 2009, so as to enable the person acquiring or (as appropriate) holding the Nil Paid Rights or, if appropriate, Fully Paid Rights, following the conversion to take all necessary steps in connection with taking up the entitlement prior to 11.00 a.m. on 3 April 2009. It is recommended that you refer to the CREST Manual for details of such procedures.

(g) Issue of New Ordinary Shares in CREST

Fully Paid Rights in CREST are expected to be disabled in CREST after the close of CREST business on 3 April 2009 (the latest date for settlement of transfers of Fully Paid Rights in CREST). New Ordinary Shares will be issued in uncertificated form to those persons registered as holding Fully Paid Rights in CREST at the close of business on the date on which the Fully Paid Rights are disabled. The Receiving Agent will instruct Euroclear UK to credit the appropriate stock accounts of those persons (under the same participant ID and member account ID that applied to the Fully Paid Rights held by those persons) with their entitlements to New Ordinary Shares with effect from the next Business Day (expected to be 6 April 2009).

(h) Right to allot/issue in certificated form

Notwithstanding any other provision of this document, the Company reserves the right to allot and to issue any Nil Paid Rights, Fully Paid Rights or New Ordinary Shares in certificated form. In normal circumstances, this right is only likely to be exercised in the event of an interruption, failure or breakdown of CREST (or of any part of CREST) or of a part of the facilities and/or systems operated by the Receiving Agent in connection with CREST if it has first received the Joint Global Coordinators' written consent.

4 Action to be taken by Shareholders registered on the Hong Kong branch register (HK Shareholders)

The action to be taken by UK Shareholders, Bermuda Shareholders and Qualifying Euroclear France Shareholders is set out in paragraphs 3, 5 and 6, of this Part VIII, respectively.

4.1 Action to be taken by Qualifying Non-CCASS Shareholders

(a) General

Subject to Shareholders approving the Resolutions (without material amendment) at the General Meeting and subject to paragraph 8 of this Part VIII in relation to certain Restricted Shareholders, Provisional Allotment Letters are expected to be despatched to Qualifying Non-CCASS Shareholders on 19 March 2009, which entitle Qualifying Non-CCASS Shareholders to whom they are addressed to take up the number of New Ordinary Shares shown therein.

The latest time and date for acceptance and payment in full is 4.00 p.m. (Hong Kong time) on 3 April 2009.

(b) Procedure for acceptance and payment

(i) Qualifying Non-CCASS Shareholders who wish to accept in full

If a Qualifying Non-CCASS Shareholder wishes to accept all Nil Paid Rights provisionally allotted to him/her as specified in the Provisional Allotment Letter, he/she must lodge the Provisional Allotment Letter, together with a cheque or cashier's order in Hong Kong dollars and in either case made payable to HSBC Holdings plc Rights Issue and crossed Account Payee Only for the full amount payable on acceptance, in accordance with the instructions printed on the Provisional Allotment Letter by post or hand to Computershare Hong Kong Investor Services Limited at Rooms 1712-1716, 17th Floor, Hopewell Centre, 183 Queen's Road East, Hong Kong, so as to be received as soon as possible and in any event by no later than 4.00 p.m. (Hong Kong time) on 3 April 2009. A

Table of Contents

reply-paid envelope is enclosed with the Provisional Allotment Letter for the purpose of returning the Provisional Allotment Letter by post and is for use within Hong Kong only. Qualifying Non-CCASS Shareholders who lodge their Provisional Allotment Letter within Hong Kong by post are recommended to allow at least four working days for delivery. Accepting Qualifying Non-CCASS Shareholders agree that the Trustees will hold such moneys on trust as provided in paragraph 11 of this Part VIII.

It should be noted that unless the Provisional Allotment Letter, together with the appropriate remittance, has been lodged with Computershare Hong Kong Investor Services Limited at Rooms 1712-1716, 17th Floor, Hopewell Centre, 183 Queen's Road East, Hong Kong by 4.00 p.m. (Hong Kong time) on 3 April 2009, whether by the original allottee or any person in whose favour the rights have been validly transferred, that provisional allotment and all rights thereunder will be deemed to have been declined and will lapse.

(ii) Qualifying Non-CCASS Shareholders who wish to accept in part

Qualifying Non-CCASS Shareholders who wish to take up some but not all of their Nil Paid Rights should refer to paragraph 4.1(d) of this Part VIII.

(iii) Discretion as to validity of acceptances

If payment is not received in full by 4.00 p.m. (Hong Kong time) on 3 April 2009, the provisional allotment will be deemed to have been declined and will lapse.

The Company and the Joint Global Coordinators may also (in their absolute discretion) treat a Provisional Allotment Letter as valid and binding on the person(s) by whom or on whose behalf it is lodged even if it is not completed in accordance with the relevant instructions or is not accompanied by a valid power of attorney (where required).

The Company and the Joint Global Coordinators reserve the right to treat as invalid any acceptance or purported acceptance of the New Ordinary Shares that appears to the Company or the Joint Global Coordinators to have been executed in, despatched from or that provides an address for delivery of definitive share certificates for New Ordinary Shares, in any of the Excluded Territories. New Ordinary Shares can only be registered on the Hong Kong branch register if the ultimate allottee has an address in Hong Kong.

A Qualifying Non-CCASS Shareholder who makes a valid acceptance and payment in accordance with this paragraph 4.1(b) is deemed to request that the New Ordinary Shares to which they will become entitled be issued to them on the terms set out in this document and the Provisional Allotment Letter, and subject to the Memorandum of Association of the Company and the Articles.

(iv) Payments

All payments made by Qualifying Non-CCASS Shareholders must be in Hong Kong dollars and made by cheque drawn on a bank account with, or by cashier's order issued by, a licensed bank in Hong Kong and in either case made payable to HSBC Holdings plc Rights Issue and crossed Account Payee Only. Qualifying Non-CCASS Shareholders should write their name and Shareholder Reference Number (indicated at the top of page 1 of the Provisional Allotment Letter) on the back of the cheque or cashier's order. Persons making payment agree that the Trustees will hold such moneys on trust as provided in paragraph 11 of this Part VIII. All cheques and cashier's orders in Hong Kong dollars for the New Ordinary Shares will be presented for payment immediately upon receipt and no interest shall accrue thereon. The Company and the Joint Global Coordinators may elect to treat as invalid any acceptance in respect of which the cheque or cashier's order is dishonoured on first presentation and in such case all rights under the Provisional Allotment Letter will be deemed to have been declined and will lapse. If New Ordinary Shares have

already been allotted to Qualifying Non-CCASS Shareholders prior to any payment not being so honoured or such Qualifying Non-CCASS Shareholders' acceptances being treated as invalid, the Joint Global Coordinators may, in their absolute discretion as to manner, timing and terms, make arrangements for the sale of such shares on behalf of those Qualifying Non-CCASS Shareholders and hold the proceeds of sale (net of the Company's reasonable estimate of any loss that it has suffered as a result of the acceptance being treated as invalid and of the expenses of sale including, without limitation, any stamp duty or SDRT payable on the transfer of such shares, and of all amounts payable by such Qualifying Non-CCASS Shareholders pursuant to the terms of the Rights Issue in respect of the acquisition of such shares) on behalf of such Qualifying Non-CCASS Shareholders. None of the Company, the Banks nor any other person shall be responsible for, or have any liability for, any loss, expenses or damage suffered by Qualifying Non-CCASS Shareholders as a result.

(c) Dealings in Nil Paid Rights

Assuming the Rights Issue becomes unconditional, dealings on the Main Board of the Hong Kong Stock Exchange in the Nil Paid Rights are expected to commence at 9.30 a.m. (Hong Kong time) on 23 March 2009 and will cease at 4.00 p.m. (Hong Kong time) on 31 March 2009. A transfer of Nil Paid Rights can be made by a renunciation of the Provisional Allotment Letter in accordance with the instructions printed on it and delivery of the Provisional Allotment Letter to the transferee or broker. The latest time and date for registration of renunciation of Provisional Allotment Letters, nil paid, is 4.00 p.m. (Hong Kong time) on 3 April 2009.

(d) Transfer and splitting of Provisional Allotment Letters

If a Qualifying Non-CCASS Shareholder wishes to take up only part of his/her Nil Paid Rights under the Provisional Allotment Letter or transfer a part of his/her rights to take up the New Ordinary Shares provisionally allotted to him/her under the Provisional Allotment Letter or to transfer all or part of his/her rights to more than one person, he/she should arrange for splitting of the Provisional Allotment Letter. In order to split the Provisional Allotment Letter, the original Provisional Allotment Letter must be surrendered and lodged in person for cancellation together with a covering letter stating clearly the number of split Provisional Allotment Letters required and the number of Nil Paid Rights to be comprised in each split Provisional Allotment Letter (which, in aggregate, should be equal to the number of New Ordinary Shares provisionally allotted to such holder as stated in Box B of Form A of the Provisional Allotment Letter) by no later than 4.30 p.m. (Hong Kong time) on 26 March 2009 with Computershare Hong Kong Investor Services Limited at Rooms 1712-1716, 17th Floor, Hopewell Centre, 183 Queen's Road East, Hong Kong, who will cancel the original Provisional Allotment Letter and issue split Provisional Allotment Letters in the denominations required. The split Provisional Allotment Letters will be available for collection from Computershare Hong Kong Investor Services Limited at Rooms 1712-1716, 17th Floor, Hopewell Centre, 183 Queen's Road East, Hong Kong from 9.00 a.m. (Hong Kong time) on the second HK Business Day after the surrender of the original Provisional Allotment Letter.

If a Qualifying Non-CCASS Shareholder wishes to transfer all of his/her Nil Paid Rights under the Provisional Allotment Letter (or the split Provisional Allotment Letter, as the case may be) to another person, he/she should complete and sign Form B on page 2 of the Provisional Allotment Letter and hand the Provisional Allotment Letter to the person to or through whom he/she is transferring his/her Nil Paid Rights. The transferee must then complete and sign Form C on page 2 of the Provisional Allotment Letter and lodge the Provisional Allotment Letter intact together with a remittance for the full amount payable on acceptance with Computershare Hong Kong Investor Services Limited to effect the transfer by not later than 4.00 p.m. (Hong Kong time) on 3 April 2009. Persons making payment agree that the Trustees will hold such moneys on trust as provided in paragraph 11 of Part VIII.

The Company and the Joint Global Coordinators reserve the right to refuse to register any transfer in favour of any person in respect of which the Company or the Joint Global Coordinators believe such transfer may violate applicable legal or regulatory requirements, including (without limitation) any transfer to any person who is resident outside the United Kingdom, Hong Kong or Bermuda. New Ordinary Shares can only be registered on the Hong Kong branch register if the ultimate allottee has an address in Hong Kong.

(e) Registration in names of Qualifying Non-CCASS Shareholders

A Qualifying Non-CCASS Shareholder who wishes to have all the New Ordinary Shares to which he/she is entitled registered in his/her name must accept and make payment for such allotment in accordance with the provisions set out in this document and the Provisional Allotment Letter.

4.2 Action to be taken by Qualifying CCASS Shareholders

Qualifying CCASS Shareholders should contact their broker for further details.

4.3 Application for listing on the Main Board of the Hong Kong Stock Exchange

Application has been made to the Hong Kong Stock Exchange for the listing of, and permission to deal in, the New Ordinary Shares, in both nil paid and fully paid forms on the Main Board of the Hong Kong Stock Exchange. The New Ordinary Shares do not constitute a new class of securities to be listed on the Main Board of the Hong Kong Stock Exchange.

Subject to the granting of listing of, and permission to deal in, the New Ordinary Shares in their nil paid and fully paid forms on the Main Board of the Hong Kong Stock Exchange as well as compliance with the stock admission requirements of HKSCC, the New Ordinary Shares in their nil paid and fully paid forms will be accepted as eligible securities by HKSCC for deposit, clearance and settlement in CCASS with effect from the respective commencement date of dealings in the New Ordinary Shares in their nil paid and fully paid forms or such other dates as determined by HKSCC. Settlement of transactions between participants of the Hong Kong Stock Exchange

(iii) Discretion as to validity of acceptances

The Company and the Joint Global Coordinators may also (in their absolute discretion) treat a Provisional Allotment Letter as valid and binding on the person(s) by whom or on whose behalf it is lodged even if it is not completed in accordance with the relevant instructions or is not accompanied by a valid power of attorney (where required).

The Company and the Joint Global Coordinators reserve the right to refuse to register any transfer in favour of any person in respect of which the Company or the Joint Global Coordinators believe such transfer may violate applicable legal or regulatory requirements, including (without limitation) any transfer to any person with an address outside the United Kingdom, Bermuda or Hong Kong. New Ordinary Shares can only be registered on the Bermuda branch register if the ultimate allottee has an address in Bermuda.

Qualifying Bermuda Shareholders who wish to take up some of their Nil Paid Rights, without selling or transferring the remainder, should complete and sign Form X on page 2 of the original Provisional Allotment Letter and deliver it by post to Corporate Shareholder Services, The Bank of Bermuda Limited, 6 Front Street, Hamilton HM 11, Bermuda or by hand (during normal business hours only) by depositing into the designated HSBC Rights Issue Drop Box on the ground floor of The Bank of Bermuda Limited Head Office, 6 Front Street, Hamilton HM 11, Bermuda, together with a covering letter confirming the number of Nil Paid Rights to be taken up and a cheque or local banker's draft drawn on a licensed bank in Bermuda in US dollars for the appropriate amount (which shall reflect the number of rights they wish to take up) and in either case made payable to The Bank of Bermuda Limited re HSBC Holdings plc Rights Issue, so as to be received by 11.00 a.m. (Bermuda time) on 3 April 2009. 6 Action to be taken by Qualifying Euroclear France Shareholders or holders of Euroclear Subscription Rights in relation to Euroclear Subscription Rights

6.1 General

For all enquiries in connection with the procedure for subscription and payment by Qualifying Euroclear France Shareholders or holders of Euroclear Subscription Rights, such persons should refer to their respective Admitted Institutions.

6.2 Procedure for acceptance and payment by Qualifying Euroclear France Shareholders

Ordinary Shares traded on Euronext Paris are registered in the name of Euroclear Nominees Limited which is a CREST member. After the Nil Paid Rights have been credited to the account of Euroclear Nominees Limited in CREST, Euroclear France will credit the accounts of its Admitted Institutions with the relevant number of Euroclear Subscription Rights, reflecting the Nil Paid Rights, on 20 March 2009, and the Admitted Institutions will credit the appropriate securities accounts of the Qualifying Euroclear France Shareholders. Euroclear Nominees Limited, as a Qualifying CREST Shareholder, will be invited to take up its entitlement in respect of the Nil Paid Rights held to its order in CREST. In order to enable Euroclear Nominees Limited to take up such entitlement in accordance with the wishes of holders of Euroclear Subscription Rights, the following procedure for taking up entitlements will apply for holders of Euroclear Subscription Rights. The terms of the Rights Issue apply *mutatis mutandis* to this application process.

To establish the entitlements of Qualifying Euroclear France Shareholders to New Ordinary Shares, tradeable and transferable Euroclear Subscription Rights will be used within the system of Euroclear France, under which each Qualifying Euroclear France Shareholder will receive one Euroclear Subscription Right for each Euroclear Interest held on the UK Record Date, reflecting Nil Paid Rights.

Qualifying Euroclear France Shareholders should be informed by the Admitted Institution through which they hold their Euroclear Interests of the number of New Ordinary Shares for which they are entitled to acquire under the Rights Issue. Any such acquisition will be conditional on the Rights Issue becoming unconditional. Qualifying Euroclear France Shareholders should contact their Admitted Institution if they have received no information in relation to their entitlements. If a holder of Euroclear Subscription Rights wishes to acquire New Ordinary Shares under the Rights

Issue, he/she must instruct his/her Admitted Institution with respect to acquisition and payment in accordance with the procedures of that Admitted Institution, which will be responsible for instructing the French Subscription Agent accordingly.

Applications for New Ordinary Shares must be received by the French Subscription Agent as soon as possible but in any event no later than 10.00 a.m. (Central European time) on 30 March 2009. An Admitted Institution may set an earlier deadline for application by holders of Euroclear Subscription Rights in order to permit the Admitted Institution to communicate this acceptance to the French Subscription Agent in a timely manner. Payment for New Ordinary Shares and delivery of the relevant Euroclear Subscription Rights must be received by the French Subscription Agent by no later than 3.00 p.m. (Central European time) on 31 March 2009.

The Admitted Institution through which application is made will be responsible for passing on the moneys (in pounds sterling) and the Euroclear Subscription Rights as received from holders of Euroclear Subscription Rights to the French Subscription Agent who will, in turn, be responsible for paying to the Trustees on behalf of Euroclear Nominees Limited the aggregate amount (in pounds sterling) as received equal to the product of the number of New

Table of Contents

Ordinary Shares applied for and the Issue Price. It is agreed that the Trustees will hold such moneys on trust as provided in paragraph 11 of this Part VIII. Arrangements will be made to pay to HM Revenue & Customs the amount of 3.81 pence per New Ordinary Share (which will be rounded to the nearest penny) in respect of SDRT to discharge the liability of Euroclear France (or its nominee) to account for the same. This cost will be borne by the relevant Qualifying Euroclear France Shareholders and, accordingly, the Issue Price for such Qualifying Euroclear France Shareholders will be increased by the same amount per New Ordinary Share.

Delivery of the interests in the New Ordinary Shares to holders of Euroclear Subscription Rights who make an application for the New Ordinary Shares will take place through the book-entry facilities of Euroclear France in accordance with the provisions of French laws and regulations and the procedures determined by Euroclear France and its Admitted Institutions from time to time. The timing of the crediting of the interests in and corresponding to the New Ordinary Shares to the securities accounts of holders of Euroclear Subscription Rights may vary depending on the securities account systems of the relevant Admitted Institutions and, if applicable, other banks or financial institutions.

All questions concerning the timelines, validity and form of instruction and payment to the Admitted Institution of a holder of Euroclear Subscription Rights in relation to the subscription of New Ordinary Shares will be determined by such Admitted Institution in accordance with its usual terms of business or as it otherwise notifies such holder of Euroclear Subscription Rights. Any Qualifying Euroclear France Shareholder or holder of Euroclear Subscription Rights who does not wish to acquire any of the New Ordinary Shares to which he/she is entitled under the Rights Issue should not make an application.

6.3 Transfers of Euroclear Subscription Rights in Euroclear France

Transfers of Euroclear Subscription Rights will take place through the book-entry facilities of Euroclear France in accordance with the provisions of French laws and regulations and the procedures determined by Euroclear France and its Admitted Institutions from time to time. The timing of the crediting of the Euroclear Subscription Rights to the securities accounts of any person acquiring Euroclear Subscription Rights may vary depending on the securities account systems of the respective Admitted Institutions and, if applicable, other banks or financial institutions. Euroclear Subscription Rights will not be admitted to listing or trading on Euronext Paris.

6.4 No allotment of Fully Paid Rights

As a result of Admitted Institutions customarily communicating their applications and making their payments only by the end of the offer period there will be no allotment of Fully Paid Rights to holders of Euroclear Subscription Rights who make an application for the New Ordinary Shares.

It is expected that on 6 April 2009, after the Admitted Institutions have made their applications on behalf of the relevant holders of Euroclear Subscription Rights, the French Subscription Agent will allocate the relevant number of New Ordinary Shares to the appropriate Admitted Institutions. Subsequently, the Admitted Institutions will credit the securities accounts of the holders of Euroclear Subscription Rights who make an application for the New Ordinary Shares with the allocated number of New Ordinary Shares, which may then be traded on Euronext Paris.

7 Procedure in respect of New Ordinary Shares not taken up and withdrawal rights

(a) Procedure in respect of New Ordinary Shares not taken up

If an entitlement to New Ordinary Shares is not validly taken up in accordance with the procedure laid down for acceptance and payment in this Part VIII, then that provisional allotment will be deemed to have been declined and

will lapse. The Joint Global Coordinators will use reasonable endeavours to procure, by not later than 4.30 p.m. on 8 April 2009, acquirers for all (or as many as possible) of those New Ordinary Shares not taken up if a premium over the aggregate of the Issue Price (in pounds sterling) and the expenses of procuring such acquirers (including any applicable brokerage, transaction levies, trading fees, commissions, currency conversion costs and amounts in respect of value added tax which are not recoverable) can be obtained.

Notwithstanding the above, the Joint Global Coordinators may cease to endeavour to procure any such acquirers if, in the opinion of the Joint Global Coordinators, it is unlikely that any such acquirers can be so procured at such a price and by such time. If and to the extent that acquirers cannot be procured on the basis outlined above, those New Ordinary Shares will be acquired by the Underwriters as principals pursuant to the Underwriting Agreement or by sub-underwriters procured by the Underwriters, in each case, at the Issue Price (in pounds sterling).

Table of Contents

Any premium over the aggregate of the Issue Price (in pounds sterling) and the expenses of procuring acquirers (including any applicable brokerage, transaction levies, trading fees, commissions, currency conversion costs and amounts in respect of value added tax which are not recoverable) shall be paid (subject as provided in this Part VIII):

- (i) where the Nil Paid Rights were, at the time they lapsed, represented by a Provisional Allotment Letter, to the person whose name and address appeared on page 1 of the Provisional Allotment Letter;
- (ii) where the Nil Paid Rights were, at the time they lapsed, in uncertificated form, to the person having an interest in, or registered as the holder of, those Nil Paid Rights at the time of their disablement in CREST or CCASS; and
- (iii) where an entitlement to New Ordinary Shares was not taken up by a Qualifying Shareholder with an address in any Excluded Territory, to that Shareholder.

Any premium paid to Euroclear France as registered holder of lapsed Nil Paid Rights will be distributed by the French Subscription Agent to the relevant Admitted Institutions, who will credit the relevant premiums to the accounts of the holders of lapsed Euroclear Subscription Rights entitled thereto.

New Ordinary Shares for which acquirers are procured on this basis will be re-allotted to such acquirers and the aggregate of any premiums (being the amount paid by such acquirers after deducting the Issue Price (in pounds sterling) and the expenses of procuring such acquirers, including any applicable brokerage, transaction levies, trading fees, commissions, currency conversion costs and amounts in respect of value added tax which are not recoverable), if any, will be paid (without interest) to those persons entitled (as referred to above) *pro rata* to the relevant lapsed provisional allotments, save that amounts of less than £5.00 (five pounds) per holding, will not be so paid but will be aggregated and retained for the benefit of the Company.

Cheques for the amounts due in pounds sterling for UK Shareholders, in Hong Kong dollars for HK Shareholders and in United States dollars for Bermuda Shareholders will be sent by post, at the risk of the person(s) entitled, to their registered addresses (or in the case of joint holders, to the registered address of the first-named), provided that, where any entitlement concerned was held in CREST, the amount due will, unless the Company (in its absolute discretion) otherwise determines, be satisfied by the Company procuring the creation of an assured payment obligation in favour of the relevant CREST member s (or CREST sponsored member s) RTGS settlement bank in respect of the cash amount concerned in accordance with the RTGS payment mechanism.

Any transactions undertaken pursuant to this paragraph 7 shall be deemed to have been undertaken at the request of the persons entitled to the lapsed provisional allotments and none of the Company, the Banks or any other person procuring acquirers shall be responsible for any loss or damage (whether actual or alleged) arising from the terms or timing of any such acquisition, any decision not to endeavour to procure acquirers or the failure to procure acquirers on the basis described above.

The Joint Global Coordinators will be entitled to retain any brokerage fees, commissions or other benefits received in connection with these arrangements.

Shareholders will not be entitled to apply for New Ordinary Shares in excess of their entitlement.

(b) Withdrawal rights

Persons who have the right to withdraw their acceptances under section 87Q(4) of FSMA after a supplementary prospectus (if any) has been published by the Company, and who wish to exercise such right of withdrawal must do so

by sending a written notice of withdrawal, which must include the full name and address of the person wishing to exercise such right of withdrawal and, if such person is a CREST member, the participant ID and the member account ID of such CREST member, to Computershare Investor Services PLC, Computershare Hong Kong Investor Services Limited and Corporate Shareholder Services, The Bank of Bermuda Limited, in each case no later than two UK business days after the date on which the supplementary prospectus is published. Notice of withdrawal can also be faxed to Computershare Investor Services PLC on 0870 703 6113 (from within the UK) or +44 870 703 6113 (from outside the UK), to Computershare Hong Kong Investor Services Limited on 3186 2965 (from within Hong Kong) or +852 3186 2965 (from outside Hong Kong) or to Corporate Shareholder Services, The Bank of Bermuda on 279 5808 (from within Bermuda) or +1 441 279 5808 (from outside Bermuda). Notice of withdrawal given by any other means or which is deposited with or received by the Receiving Agent after the expiry of such period will not constitute a valid withdrawal. Furthermore, the Company will not permit the exercise of withdrawal rights after payment by the relevant person in respect of their New Ordinary Shares in full and the allotment of the New Ordinary Shares to such person becoming unconditional. In such circumstances, Shareholders are advised to consult their professional advisers. Provisional allotments of entitlements to New Ordinary Shares which are the subject of a valid withdrawal notice will be deemed to be declined. Such entitlements to New Ordinary Shares will

Table of Contents

be subject to the provisions of paragraph 7(a) of this Part VIII as if the entitlement had not been validly taken up. For further details, UK Shareholders should contact Computershare Investor Services PLC on 0870 702 0137 (from within the UK) or +44 870 702 0137 (from outside the UK), HK Shareholders should contact Computershare Hong Kong Investor Services Limited on 2862 8699 (from within Hong Kong) or +852 2862 8699 (from outside Hong Kong) and Bermuda Shareholders should contact Corporate Shareholder Services, The Bank of Bermuda Limited on 299 6737 (from within Bermuda) or +1 441 299 6737 (from outside Bermuda).

8 Restricted Shareholders

The making of the proposed offer of Nil Paid Rights, Fully Paid Rights and/or New Ordinary Shares to persons located or resident in, or who are citizens of, or who have a registered address in countries other than the United Kingdom, Hong Kong or Bermuda may be affected by the laws or regulatory requirements of the relevant jurisdiction. Any Shareholder who is in any doubt as to his/her position should consult an appropriate professional adviser without delay.

This document has been approved by the FSA, being the competent authority in the United Kingdom. The Company has requested that the FSA provides a certificate of approval and a copy of this document to the relevant competent authorities in France, Germany, Greece, Ireland, Malta, the Netherlands and Spain, together, in the case of France, Germany, Greece and Spain with a translation into the appropriate language, of the summary contained in this document, pursuant to the passporting provisions of FSMA. In addition, filings will be made with the relevant regulatory bodies in Australia, India and Malaysia. In the United States, the proposed offer of New Ordinary Shares is being made pursuant to the US Prospectus.

(a) General

The offer of Nil Paid Rights, Fully Paid Rights and/or New Ordinary Shares to persons resident in, or who are citizens of, or who have a registered address in countries other than the United Kingdom, Hong Kong or Bermuda may be affected by the laws of the relevant jurisdiction. Those persons should consult their professional advisers with respect to whether they require any governmental or other consent or need to observe any other formalities to enable them to take up their rights.

It is also the responsibility of any person (including, without limitation, custodians, nominees and trustees) outside the United Kingdom, Hong Kong and Bermuda wishing to take up rights under the Rights Issue to satisfy himself/herself as to the full observance of the laws of any relevant territory in connection therewith, including the obtaining of any governmental or other consents which may be required, the compliance with other necessary formalities and the payment of any issue, transfer or other taxes due in such territories. The comments set out in this paragraph 8 are intended as a general guide only and any Restricted Shareholder who is in doubt as to his/her position should consult his/her professional adviser without delay.

This paragraph 8 sets out the restrictions applicable to Qualifying Shareholders who have registered addresses outside the United Kingdom, Hong Kong or Bermuda, who are citizens or residents of countries other than the United Kingdom, Hong Kong or Bermuda, or who are persons (including, without limitation, custodians, nominees and trustees) who have a contractual or legal obligation to forward this document to a jurisdiction outside the United Kingdom, Hong Kong or Bermuda or who hold Ordinary Shares for the account or benefit of any such person.

New Ordinary Shares have been provisionally allotted to all Qualifying Shareholders, including Restricted Shareholders. However, Provisional Allotment Letters have not been, and will not be, sent to, and Nil Paid Rights will not be credited to CREST or CCASS accounts of, Restricted Shareholders with addresses in, or who are otherwise known to the Company to be residents of, any of the Excluded Territories or to their agent or intermediary except

where the Company and the Joint Global Coordinators are satisfied that such action would not result in a contravention of any registration or other legal requirement in any such jurisdiction.

As required under Rule 13.36(2) of the Hong Kong Listing Rules, the Company has made enquiries regarding the legal restrictions under the applicable securities legislation of the relevant jurisdictions and the requirements of the relevant regulatory body or stock exchange with respect to making the Rights Issue in the Excluded Territories. The Company has obtained advice from legal advisers in each of the Excluded Territories that either (i) this document will be required to be registered or filed with or subject to approval by the relevant authorities in these jurisdictions; or (ii) the Company or Qualifying Shareholders would need to take additional steps to comply with the local legal and regulatory requirements if the Rights Issue were extended to the Shareholders in these jurisdictions.

Having considered the circumstances, the Directors have formed the view that, other than subject to certain limited exceptions as agreed with the Company and the Joint Global Coordinators, it is necessary or expedient to restrict the ability of Shareholders in the Excluded Territories to take up their rights under the Rights Issue due to the time and costs involved in the registration of the document and/or compliance with the relevant local legal or regulatory requirements in those jurisdictions.

Table of Contents

Receipt of this document and/or a Provisional Allotment Letter or the crediting of Nil Paid Rights to a stock account in CREST or CCASS does not and will not constitute an offer in those jurisdictions in which it would be illegal to make an offer and, in those circumstances, this document and/or a Provisional Allotment Letter must be treated as sent for information only and should not be copied or redistributed. No person who receives a copy of this document and/or a Provisional Allotment Letter and/or who receives a credit of Nil Paid Rights to a stock account in CREST or CCASS in any territory other than the United Kingdom, Hong Kong or Bermuda may treat the same as constituting an invitation or offer to him/her, nor should he/she in any event use the Provisional Allotment Letter or deal with Nil Paid Rights or Fully Paid Rights in CREST or Nil Paid Rights in CCASS, in the relevant territory, unless such an invitation or offer could lawfully be made to him/her or the Provisional Allotment Letter or Nil Paid Rights or Fully Paid Rights in CREST or Nil Paid Rights in CCASS could lawfully be used or dealt with without contravention of any registration or other legal or regulatory requirements.

Accordingly, persons (including, without limitations, custodians, nominees and trustees) who receive a copy of this document and/or a Provisional Allotment Letter or whose stock account in CREST is credited with Nil Paid Rights or Fully Paid Rights should not, in connection with the Rights Issue, distribute or send the same in, into or from, or transfer Nil Paid Rights or Fully Paid Rights to any person in, into or from, any of the Excluded Territories. If a Provisional Allotment Letter or a credit of Nil Paid Rights or Fully Paid Rights in CREST is received by any person in any such territory, or by his/her agent or nominee, he/she must not seek to take up the rights referred to in the Provisional Allotment Letter or in this document or renounce the Provisional Allotment Letter or transfer the Nil Paid Rights or Fully Paid Rights in CREST unless the Company and the Joint Global Coordinators determine that such actions would not violate applicable legal or regulatory requirements.

Similarly, persons (including, without limitations, custodians, nominees and trustees) who receive a copy of this document and/or a Provisional Allotment Letter or whose stock account in CCASS is credited with Nil Paid Rights should not, in connection with the Rights Issue, distribute or send the same in, into or from, or transfer Nil Paid Rights to any person in, into or from, any of the Excluded Territories. If a Provisional Allotment Letter or a credit of Nil Paid Rights in CCASS is received by any person in any such territory, or by his/her agent or nominee, he/she must not seek to take up the rights referred to in the Provisional Allotment Letter or in this document or renounce the Provisional Allotment Letter or transfer the Nil Paid Rights in CCASS unless the Company and the Joint Global Coordinators determine that such actions would not violate applicable legal or regulatory requirements.

Any person (including, without limitations, custodians, nominees and trustees) who does forward this document or a Provisional Allotment Letter in, into or from any Excluded Territories (whether under a contractual or legal obligation or otherwise) should draw the recipient's attention to the contents of this paragraph 8.

Subject to sub-paragraph (b) of this paragraph 8, any person (including, without limitation, agents, nominees and trustees) outside the United Kingdom, Hong Kong and Bermuda wishing to take up their rights under the Rights Issue must satisfy himself/herself as to full observance of the applicable laws of any relevant territory including obtaining any requisite governmental or other consents, observing any other requisite formalities and paying any issue, transfer or other taxes due in such territories. **The comments set out in this paragraph 8 are intended as a general guide only and any Qualifying Shareholder who is in any doubt as to his/her position should consult his/her professional adviser without delay.**

The Company and the Joint Global Coordinators reserve the right to treat as invalid and will not be bound to allot or issue any New Ordinary Shares in respect of any acceptance or purported acceptance of the offer of Nil Paid Rights, Fully Paid Rights or New Ordinary Shares which:

(i)

appears to the Company or the Joint Global Coordinators or their agents to have been executed, effected or despatched in a manner which may involve a breach of the laws or regulations of any jurisdiction; or

- (ii) in the case of a Provisional Allotment Letter, provides for an address for delivery of the share certificates in, or, in the case of a credit of New Ordinary Shares in CREST, a CREST member or CREST sponsored member whose registered address is in or, in the case of a credit of New Ordinary Shares in CCASS, a CCASS participant whose address is in, or is otherwise a resident of, any of the Excluded Territories or any other jurisdiction in which it would be unlawful to deliver such share certificates or make such a credit or if the Company or the Joint Global Coordinators believe or their agents believe that the same may violate applicable legal or regulatory requirements.

The attention of Qualifying Shareholders with registered addresses in any of the Excluded Territories or holding Ordinary Shares on behalf of persons with such addresses is drawn to sub-paragraph (b) of this paragraph 8.

Notwithstanding any other provision of this document or the Provisional Allotment Letter, the Company and the Joint Global Coordinators reserve the right to permit any Qualifying Shareholder to take up his/her rights if the

Table of Contents

Company and the Joint Global Coordinators, in their absolute discretion, are satisfied that the transaction in question is exempt from or not subject to the legislation or regulations giving rise to the restrictions in question. If the Company and the Joint Global Coordinators are so satisfied, the Company will arrange for the relevant Qualifying Shareholder to be sent a Provisional Allotment Letter if he/she is a Qualifying Non-CREST Shareholder, a Qualifying Non-CCASS Shareholder or a Qualifying Bermuda Shareholder or, if he/she is a Qualifying CREST Shareholder or a Qualifying CCASS Shareholder, arrange for Nil Paid Rights to be credited to the relevant CREST or CCASS stock account.

Those Shareholders who wish, and are permitted, to take up their entitlement should note that payments must be made as described in paragraphs 3.1(b), 3.2(b), 4.1(b) and 5(b) of this Part VIII.

The provisions of paragraph 7 of this Part VIII will apply to all Restricted Shareholders who do not or are unable to take up New Ordinary Shares provisionally allotted to them. Accordingly, such Restricted Shareholders will be treated as not having taken up their rights to New Ordinary Shares and the Joint Global Coordinators will use reasonable endeavours to procure, on behalf of such Restricted Shareholders, acquirers for the New Ordinary Shares.

Specific restrictions relating to certain jurisdictions are set out below.

(b) Excluded Territories

Provisional Allotment Letters have been and, where relevant, will be posted to Qualifying Non-CREST Shareholders, Qualifying Non-CCASS Shareholders and Qualifying Bermuda Shareholders other than (subject to certain limited exceptions as agreed with the Company and the Joint Global Coordinators) those Qualifying Non-CREST Shareholders, Qualifying Non-CCASS Shareholders and Qualifying Bermuda Shareholders who have addresses in, or who are otherwise residents of, any of the Excluded Territories. Nil Paid Rights have been and, where relevant, will be credited to the CREST stock accounts of Qualifying CREST Shareholders and the CCASS stock accounts of Qualifying CCASS Shareholders other than (subject to certain limited exceptions as agreed with the Company and the Joint Global Coordinators) those Qualifying CREST Shareholders and Qualifying CCASS Shareholders who have addresses in, or are otherwise residents of, any of the Excluded Territories. No offer of, or invitation to take up, New Ordinary Shares is being made by virtue of this document and/or the Provisional Allotment Letters into the Excluded Territories. Qualifying Shareholders in jurisdictions other than the Excluded Territories, subject to the laws of their relevant jurisdiction, accept their rights under the Rights Issue in accordance with the instructions set out in this document and, in the case of Qualifying Non-CREST Shareholders, Qualifying Non-CCASS Shareholders and Qualifying Bermuda Shareholders only, the Provisional Allotment Letter.

Qualifying Shareholders who have registered addresses in or who are resident in, or who are citizens of countries other than the United Kingdom, Hong Kong or Bermuda should consult their appropriate professional advisers whether they require any governmental or other consents or need to observe any other formalities to enable them to take up their Nil Paid Rights or to acquire Fully Paid Rights (UK Shareholders and Bermuda Shareholders only) or New Ordinary Shares.

If you are in any doubt as to your eligibility to accept the offer of New Ordinary Shares or to deal with Nil Paid Rights or Fully Paid Rights, you should contact your appropriate professional adviser immediately.

10 Taxation

Information on taxation with regard to the Rights Issue is set out in paragraph 10 of Part XVI of this document. The information contained in paragraph 10 of Part XVI of this document is intended only as a general guide to the current tax position in the United Kingdom and in Hong Kong respectively. Information on taxation with regard to the Rights Issue in respect of United States federal income taxation is set out under the caption "Taxation" in the US Prospectus. Qualifying Shareholders in the United Kingdom and Hong Kong should consult their own tax advisers regarding the tax treatment of the Rights Issue in light of their own circumstances. **Shareholders who are in any doubt as to their tax position or who are subject to tax in any other jurisdiction should consult an appropriate professional adviser immediately.**

11 Rights Issue structure

The Rights Issue has been structured in a way that is expected to have the effect of realising distributable reserves approximately equal to the net proceeds of the Rights Issue less the par value of the New Ordinary Shares issued by the Company.

The Company and the Bank Subscriber have agreed to subscribe for ordinary shares in Newco. The Bank Subscriber has agreed (conditional upon the Underwriting Agreement having become unconditional in all respects and not having been terminated in accordance with its terms) to subscribe, as principal, for the A Preference Shares (at an aggregate price equal to the A Subscription Price) at a time notified to it by the Company in accordance with the Subscription and Transfer Deed provided always that such time may not be earlier than the last date and time for acceptance and payment in full under the terms of the Rights Issue or later than the time at which dealings in New Ordinary Shares fully paid commence on the London Stock Exchange. The Bank Subscriber has also agreed

Table of Contents

(conditional upon the Underwriting Agreement having become unconditional in all respects and not having been terminated in accordance with its terms and on the transfer by the Bank Subscriber to the Company of the A Preference Shares and of the ordinary shares in Newco held by it at the time of transfer of the A Preference Shares having occurred) to subscribe, as principal, for the B Preference Shares (at an aggregate price equal to the B Subscription Price) at a time notified to it by the Company in accordance with the Subscription and Transfer Deed provided always that such time may not be earlier than the third Dealing Day following the last date for acceptance and payment in full under the terms of the Rights Issue.

The Company will allot and issue the New Ordinary Shares to those persons entitled thereto in consideration of the Bank Subscriber transferring its holding of A Preference Shares, B Preference Shares and ordinary shares in Newco to the Company. Accordingly, instead of receiving cash as consideration for the issue of the New Ordinary Shares, the Company will (following completion of the Rights Issue) own the entire issued share capital of Newco whose only asset will be its cash reserves which will represent an amount equivalent to the net proceeds of the Rights Issue. The Company will be able to utilise this amount by redeeming the A Preference Shares and the B Preference Shares and, during any interim period prior to redemption, by procuring that Newco lends those funds to the Company. The realisation of distributable reserves will facilitate any dividend payment or other return of capital to Shareholders in the future.

Shareholders should note that the Company has the ability to terminate the Subscription and Transfer Deed and to treat the issue of the New Ordinary Shares as an issue of shares for cash should it so elect.

Accordingly, by taking up New Ordinary Shares and submitting payment in respect thereof, Qualifying Shareholders and other persons acquiring New Ordinary Shares agree that:

- (i) subject to paragraph 11(ii) below, each Trustee will hold the funds from time to time standing to the credit of the Acceptance Accounts in its name (together with the benefit of any claims pursuant to cheques and other forms of remittance received by it but which have not yet been cleared, other than where notification that such cheque or remittance has been dishonoured has been made in accordance with the Underwriting Agreement) (the Funds) on trust solely for the purpose of: (i) discharging (at the request of the Bank Subscriber) the obligation of the Bank Subscriber to pay the A Subscription Price immediately on subscription by it of the A Preference Shares; (ii) discharging (at the request of the Bank Subscriber) the obligation of the Bank Subscriber to pay the B Subscription Price immediately on subscription by it of the B Preference Shares; (iii) paying (at the request of the Company) the fees, commissions, costs and expenses of the Banks in relation to the Rights Issue in accordance with the Subscription and Transfer Deed, such fees to be paid partly on subscription of the A Preference Shares and partly on subscription of the B Preference Shares in accordance with the Subscription and Transfer Deed; (iv) paying (to such persons as are entitled thereto under the terms of the Rights Issue) any premium due in accordance with the provisions of paragraph 7(a) of this Part VIII of this document; and (v) where an acceptance received from a Qualifying Shareholder is validly withdrawn pursuant to an exercise of his/her rights under section 87Q of FSMA in accordance with the requirements set out in this document, repaying to such Qualifying Shareholder the amount received in cleared funds in respect of such withdrawn acceptance; or
- (ii) in the event that: (a) the Company terminates the Subscription and Transfer Deed in accordance with its terms; or (b) the A Preference Shares or B Preference Shares are not subscribed by the Bank Subscriber in accordance with the terms of the Subscription and Transfer Deed, each Trustee will hold the Funds on trust: (i) for the purpose of paying (to such persons as are entitled thereto under the terms of the Rights Issue) any premium due in accordance with the provisions of paragraph 7(a) of this Part VIII of this document; (ii) where an acceptance received from a Qualifying Shareholder is validly withdrawn pursuant to an exercise of their rights under section 87Q of FSMA in accordance with the requirements set out in this document, for the purpose of repaying to such Qualifying Shareholder the amount received in cleared funds in respect of such withdrawn acceptance;

and (iii) otherwise for the benefit of the Company absolutely,

and that the above trust arrangements and any non-contractual obligations connected with them shall be governed by and construed in accordance with English law.

12 Times and dates

The Company shall, in its discretion and after consultation with its financial and legal advisers (and with the agreement of certain of the Banks), be entitled to amend the date that Provisional Allotment Letters are despatched or dealings in Nil Paid Rights commence or extend the latest date for acceptance under the Rights Issue and all related dates set out in this document and in such circumstances shall notify the UK Listing Authority and the Hong Kong Stock Exchange, the Bermuda Stock Exchange, the New York Stock Exchange and Euronext Paris and make

Table of Contents

an announcement via the Hong Kong Stock Exchange and on a Regulatory Information Service and, if appropriate, notify Shareholders, but Qualifying Shareholders may not receive any further written communication.

If a supplementary prospectus is issued by the Company two or fewer UK business days prior to the date specified in this document as the latest date for acceptance and payment in full under the Rights Issue (or such later date as may be agreed between the Company and certain of the Banks), the latest date of acceptance under the Rights Issue shall be extended to the date which is three UK business days after the date of issue of the supplementary prospectus (and the dates and times of principal events due to take place following such date shall be extended accordingly).

13 Governing law

The terms and conditions of the Rights Issue as set out in this document and the Provisional Allotment Letter (where appropriate) and any non-contractual obligation related thereto shall be governed by, and construed in accordance with, English law.

14 Jurisdiction

The courts of England and Wales are to have exclusive jurisdiction to settle any dispute which may arise out of or in connection with the Rights Issue, this document or the Provisional Allotment Letter (where appropriate). By accepting rights under the Rights Issue in accordance with the instructions set out in this document and, in the case of Qualifying Non-CREST Shareholders, Qualifying Non-CCASS Shareholders and Qualifying Bermuda Shareholders only, the Provisional Allotment Letter, Qualifying Shareholders irrevocably submit to the jurisdiction of the courts of England and Wales and waive any objection to proceedings in any such court on the ground of venue or on the ground that proceedings have been brought in an inconvenient forum.

PART X

INFORMATION CONCERNING THE NEW ORDINARY SHARES

1 Description of the type and class of securities admitted

The New Ordinary Shares will be ordinary shares with a nominal value of US\$0.50 each. The ISIN of the New Ordinary Shares will be GB0005405286. The New Ordinary Shares will be created under the UK Companies Act 1985, the Memorandum of Association of the Company and the Articles.

2 Listing

Applications have been made to the UK Listing Authority and to the London Stock Exchange for the New Ordinary Shares (nil and fully paid) to be admitted to the Official List and to trading on the London Stock Exchange's main market for listed securities respectively, to the Hong Kong Stock Exchange for listing of, and permission to deal in, the New Ordinary Shares (nil and fully paid) on the Main Board of the Hong Kong Stock Exchange, and to the New York Stock Exchange, Euronext Paris and the Bermuda Stock Exchange for listing of the New Ordinary Shares (fully paid). Application has also been made for the ADSs representing New Ordinary Shares to be listed and traded on the New York Stock Exchange. UK Admission is expected to become effective and dealings in the New Ordinary Shares, nil paid, are expected to commence on 20 March 2009. HK Admission is also expected to become effective on 20 March 2009 and dealings in the New Ordinary Shares, nil paid, are expected to commence on the Main Board of the Hong Kong Stock Exchange on 23 March 2009. Listing of the New Ordinary Shares will not be sought on any stock exchange in connection with the Rights Issue other than the London Stock Exchange, the Main Board of the Hong Kong Stock Exchange, the New York Stock Exchange, Euronext Paris and the Bermuda Stock Exchange as well as the New York Stock Exchange in the form of ADSs representing New Ordinary Shares.

3 Form and currency of the New Ordinary Shares

The New Ordinary Shares will, when issued, be in registered form and will be capable of being held in certificated and uncertificated form.

Title to the certificated New Ordinary Shares will be evidenced by entry in the register of members of the Company and title to uncertificated New Ordinary Shares will, in respect of UK Shareholders, be evidenced by entry in the operator register maintained by Euroclear UK (which forms part of the register of the Company). The registrars of the Company are Computershare Investor Services PLC, Computershare Hong Kong Investor Services Limited and Corporate Shareholder Services, The Bank of Bermuda Limited.

If any New Ordinary Shares are converted to be held in certificated form, share certificates will be issued in respect of those shares in accordance with the Articles and applicable legislation.

The New Ordinary Shares will be denominated in US dollars.

4 Rights attached to the New Ordinary Shares

The New Ordinary Shares will be credited as fully paid and free from all liens, equities, charges, encumbrances and other interests, and when issued and fully paid, will rank *pari passu* in all respects with the Existing Ordinary Shares (except in respect of the fourth interim dividend for the financial year ended 31 December 2008 of US\$0.10 per

Ordinary Share declared by the Company on 2 March 2009) and have the same rights (including voting and dividend rights and rights on a return of capital) and restrictions as the Existing Ordinary Shares, as set out in the Articles. These rights are set out in paragraph 4.2 of Part XVI of this document.

5 Dividends

The Board intends to continue to pay quarterly interim dividends on the Ordinary Shares, with a pattern of three equal interim dividends with a variable fourth interim dividend. The level of dividends per Ordinary Share in future, while reflecting the long-term growth of HSBC's business will depend upon, among other things, expected future earnings, prevailing business conditions and capital requirements. It is envisaged that the first interim dividend in respect of 2009 will be US\$0.08 per Ordinary Share. The Board has rebased the envisaged dividend per share for the first three interim dividends in respect of 2009 to reflect the impact of the foregoing factors and the impact of the enlarged ordinary share capital resulting from the Rights Issue.

Subject to the provisions of the UK Companies Act 2006 and the Articles, the Company may pay dividends upon a recommendation by the Board and approval by a majority of the Shareholders, who have the right to decrease but

Table of Contents

not to increase the amount of the dividend recommended by the Board. Such dividends are known as final dividends and become a debt payable to Shareholders when they are approved by the Shareholders. Subject to the provisions of the UK Companies Act 2006 and the Articles, the Board may declare and pay dividends without Shareholder approval. Such dividends are known as interim dividends and, unlike final dividends, become a debt payable to the Shareholders only upon actual payment. The Board may also pay any dividend payable at a fixed rate at intervals settled by the Board in accordance with the terms of issue of the shares to which such dividend attaches.

The Board normally declares an interim dividend on Ordinary Shares quarterly. Such quarterly interim dividends are usually paid in July, October, January and May.

Dividends are declared in US\$ but are paid in pounds sterling to Shareholders on the UK principal register, in HK\$ to Shareholders on the Hong Kong branch register and in US\$ to Shareholders on the Bermuda branch register unless such Shareholders have elected to receive payment in another of those currencies.

HSBC also operates a scrip dividend scheme (the Scrip Dividend Scheme). Under the Scrip Dividend Scheme, Shareholders (subject to certain exceptions) are able to elect to receive new Ordinary Shares in respect of all or part of their holdings as an alternative to receiving their dividend in cash. Ordinary Shares are issued under the Scrip Dividend Scheme subject to the Articles and rank *pari passu* with the existing issued Ordinary Shares in all respects. Authority for the Scrip Dividend Scheme was renewed at the Annual General Meeting held on 25 May 2007 for a further five-year period.

6 Resolutions, authorisation and approvals relating to the New Ordinary Shares

At the General Meeting, if the Resolutions are passed, the authorised share capital of the Company will be increased from US\$7,500,100,000, £401,500 and 100,000 to US\$10,500,100,000, £401,500 and 100,000 by the creation of an additional 6,000,000,000 Ordinary Shares. Additionally, the Board will be authorised to allot relevant securities (as defined in the UK Companies Act 1985) up to a nominal amount of US\$2,530,200,000 (in the form of New Ordinary Shares), where necessary, on a non-pre-emptive basis, subject to certain exclusions and other arrangements as the Directors deem appropriate, for the purposes of the Rights Issue. Subject to the Rights Issue becoming unconditional, the New Ordinary Shares will be allotted under these authorities.

7 Date of issue and settlement

Subject to the passing of the Resolutions, the New Ordinary Shares will be provisionally allotted on 19 March 2009. The provisional allotment is expected to be confirmed on 6 April 2009 and those persons entitled to New Ordinary Shares are expected to be entered on the Company's register of members on 6 April 2009.

8 Description of restriction on free transferability

Save as set out below, the New Ordinary Shares will be freely transferable.

The Company may, under the UK Companies Act 2006, send out statutory notices to those it knows or has reasonable cause to believe have an interest in its Ordinary Shares, asking for details of those who have an interest and the extent of their interest in a particular holding of Ordinary Shares. When a person receives a statutory notice and fails to provide any information required by the notice within the time specified in it, the Board can, if the Ordinary Shares to which the notice relates represent at least 0.25 per cent in nominal value of the issued shares of their class, refuse to register a transfer of the Ordinary Shares to which the notice relates (other than in specified circumstances). The Company can also apply to the court for an order directing, among other things, that any transfer of the Ordinary Shares which are the subject of the statutory notice is void.

The Directors may also refuse to register the transfer of any Ordinary Shares which are not fully paid (provided such refusal would not prevent dealing in such shares from taking place on an open and proper basis), or if the transfer is not duly stamped, is in favour of more than four joint transferees or not accompanied by the certificate of Ordinary Shares to which the transfer relates (if the shares are held in certificated form).

Table of Contents

9 Mandatory bids, squeeze-out and sell-out rules in relation to the New Ordinary Shares

9.1 Mandatory bids

The City Code and the Hong Kong Code apply to the Company. Under the City Code and the Hong Kong Code, if an acquisition of interests in Ordinary Shares were to increase the aggregate holding of an acquirer and persons acting in concert with it to an interest in Ordinary Shares carrying 30 per cent or more of the voting rights in the Company, the acquirer and, depending upon the circumstances, persons acting in concert with it, would be required (except with the consent of the UK Panel on Takeovers and Mergers and/or a waiver granted by the HK Executive, as appropriate) to make a cash offer for the outstanding Ordinary Shares. A similar obligation to make such a mandatory offer would also arise on the acquisition of any interest in Ordinary Shares by a person holding (together with persons acting in concert with it) an interest in Ordinary Shares carrying between 30 and 50 per cent of the voting rights in the Company if the effect of such acquisition were to increase that person's percentage of the voting rights.

9.2 Squeeze-out

Under the UK Companies Act 2006, if a takeover offer (as defined in section 974 of the UK Companies Act 2006) is made for Ordinary Shares and the offeror were to acquire, or unconditionally contract to acquire, not less than 90 per cent in value of the shares to which the offer relates (the Offer Shares) and not less than 90 per cent of the voting rights attached to the Offer Shares it could, within three months of the last day on which its offer can be accepted, acquire compulsorily the remaining 10 per cent. It would do so by sending a notice to outstanding Shareholders telling them that it will acquire compulsorily their Offer Shares and then, six weeks later, it would execute a transfer of the outstanding Offer Shares in its favour and pay the consideration to the Company, which would hold the consideration on trust for outstanding Shareholders. The consideration offered to the Shareholders whose Offer Shares are acquired compulsorily under the UK Companies Act 2006 must, in general, be the same as the consideration that was available under the takeover offer.

9.3 Sell-out

The UK Companies Act 2006 also gives minority Shareholders a right to be bought out in certain circumstances by an offeror who has made a takeover offer. If a takeover offer related to all the Ordinary Shares and, at any time before the end of the period within which the offer could be accepted, the offeror held or had agreed to acquire not less than 90 per cent of the Ordinary Shares to which the offer related, any holder of Ordinary Shares to which the offer related who had not accepted the offer could, by a written communication to the offeror, require it to acquire those Ordinary Shares.

The offeror is required to give any Shareholder notice of his/her right to be bought out within one month of that right arising. The offeror may impose a time limit on the rights of the minority Shareholders to be bought out, but that period cannot end less than three months after the end of the acceptance period. If a Shareholder exercises his/her rights, the offeror is bound to acquire those Ordinary Shares on the terms of the offer or on such other terms as may be agreed.

10 Public takeover bids in the last and current financial years

There have been no public takeover bids by third parties in respect of the share capital of the Company in the last or current financial year.

11 Taxation

Please see paragraph 10.1 of Part XVI of this document for information relating to UK taxation (including a discussion of UK stamp duty and SDRT which is relevant to holders of New Ordinary Shares, irrespective of their tax residence). Please see paragraph 10.2 of Part XVI of this document for information relating to Hong Kong taxation. Information relating to United States federal income taxation is provided in the US Prospectus under the caption Taxation .
