PROPOSAL 1

Election of Directors

Our Certificate of Incorporation divides our Board into three classes, each consisting as nearly as possible of one-third of the members of the whole Board. There are currently two members of each class. The members of each class serve for three years following their election, with one class being elected each year.

Two Class III directors are to be elected at the 2010 Annual Meeting. In accordance with our bylaws, directors are elected by a plurality of the votes cast. Accordingly, abstentions and broker non-votes marked on proxy cards will not be counted in the election. The Class III directors will serve until the 2013 Annual Meeting of Shareholders or until a successor has been duly elected and qualified. The directors of Classes I and II will continue to serve their terms of office, which will expire at the Annual Meetings of Shareholders to be held in 2011 and 2012, respectively.

The persons named in the accompanying proxy intend to vote all proxies received in favor of the election of the nominees named below, except in any case where authority to vote for the directors is withheld. Although we have no reason to believe that the nominees will be unable to serve as directors, if either nominee withdraws or otherwise becomes unavailable to serve, the persons named as proxies will vote for any substitute nominee our Board designates.

Corporate Governance

During 2009, our Board of Directors held five meetings of the full Board and 20 meetings of the committees of the Board. Each director attended at least 75% of the aggregate number of meetings of the Board and meetings of the committees of the Board on which he served. In addition, we have a policy that directors are encouraged to attend the annual meeting. Last year, all of our directors attended our annual meeting. In 2009, the nonemployee directors met in regularly scheduled executive sessions without management present, and similar sessions are scheduled for 2010. The chairmen of the Audit Committee, Compensation Committee and Nominating and Corporate Governance Committee chair these executive sessions on a rotating basis. Interested parties may communicate directly with the nonemployee directors by sending a letter to the Board of Directors (independent members), c/o Corporate Secretary, Oceaneering International, Inc., 11911 FM 529, Houston, Texas 77041-3000.

Under rules adopted by the New York Stock Exchange, our Board of Directors must have a majority of independent directors. A director qualifies as independent only if the Board affirmatively determines that the director has no material relationship with us. In evaluating each director's independence, the Board considered relationships and transactions between each director, his family members and any business, charity or other entity in which the director has an interest, on the one hand, and us and our senior management, on the other hand. As a result of this review, the Board affirmatively determined that all our directors are independent, except for Mr. Huff, who had served as our Chief Executive Officer until May 2006, and Mr. Collins, who is our President and Chief Executive Officer.

We have three standing committees of our Board of Directors: the Audit Committee; the Compensation Committee; and the Nominating and Corporate Governance Committee. Our Board of Directors has determined that each member of these committees is independent in accordance with the requirements of the New York Stock Exchange. Our Board has also determined that each member of the Audit Committee meets the independence requirements for service on an audit committee that the SEC has established.

The Audit Committee

The Audit Committee, which is comprised of Messrs. Hooker (Chairman), Hughes and Pappas, held 11 meetings during 2009. Our Board of Directors determined that all members of the Audit Committee are audit committee financial experts as defined in the applicable rules of the SEC. For information relating to the background of each member of the Audit Committee, see the biographical information under Proposal 1 Election of Directors and

Continuing Directors. The Audit Committee is appointed by our Board of Directors, on the recommendation of the Nominating and Corporate Governance Committee, to assist the Board in its oversight of:

the integrity of our financial statements;

our compliance with legal and regulatory requirements;

the independence, qualifications and performance of our independent auditors;

the performance of our internal audit functions; and

the adequacy of our internal control over financial reporting.

Our management is responsible for our internal controls and preparation of our consolidated financial statements. Our independent auditors are responsible for performing an independent audit of the consolidated financial statements and internal controls over financial reporting and issuing reports thereon. The Audit Committee is responsible for overseeing the conduct of these activities and, subject to shareholder ratification, appointing our independent auditors. As stated above and in the Audit Committee Charter, the Audit Committee's responsibility is one of oversight. The Audit Committee is not providing any expert or special assurance as to Oceaneering's financial statements or any professional certification as to the independent auditor's work.

In discharging its duties, the Audit Committee reviews and approves the scope of the annual audit, non-audit services to be performed by the independent auditors and the independent auditors' audit and non-audit fees; reviews and discusses with management (including the senior internal auditor) and the independent auditors the annual audit of our internal control over financial reporting; recommends to our Board of Directors that the audited financial statements be included in the Annual Report on Form 10-K for filing with the SEC; meets independently with our internal auditors, independent auditors and management; reviews the general scope of our accounting, financial reporting, annual audit and internal audit programs and matters relating to internal control systems, as well as the results of the annual audit and interim financial statements, auditor independence issues and the adequacy of the Audit Committee charter; and reviews with management and the independent auditors any correspondence with regulators or governmental agencies and any published reports that raise material issues regarding our financial statements or accounting policies. A copy of the Audit Committee charter is available on the Corporate Governance page of our Web site (www.oceaneering.com). Any shareholder who so requests may obtain a written copy of the charter from us. The report of the Audit Committee is included in this Proxy Statement under the heading Report of the Audit Committee.

The Compensation Committee

The Compensation Committee, which is comprised of Messrs. Pappas (Chairman) and DesRoche, held six meetings during 2009. The Compensation Committee is appointed by our Board of Directors to:

assist the Board in discharging its responsibilities relating to: (1) compensation of our executive officers and nonemployee directors; and (2) employee benefit plans and practices; and

produce or assist management with the preparation of any reports that may be required from time to time by the rules of the NYSE or the SEC to be included in our proxy statements for our annual meetings of shareholders or annual reports on Form 10-K.

Specific duties and responsibilities of the Compensation Committee include: overseeing our executive and key employee compensation plans and benefit programs; reviewing and approving objectives relevant to the compensation of executives and key employees, including administration of annual bonus plans, long-term incentive plans, supplemental executive retirement plan and severance, termination and change-of-control arrangements; approving employment agreements for key executives; reviewing and making recommendations to the Board regarding the director and officers' indemnification and insurance matters; evaluating the performance of executives and key employees, including our Chief Executive Officer; recommending to the Board the compensation for the Board and committees of the Board; and annually evaluating its own performance and its charter.

Since 2004, the Compensation Committee has engaged Mercer, a nationally recognized human resource consulting firm, to assist the Compensation Committee in its administration of compensation for our executive officers. Mercer assisted the Compensation Committee in the design and particulars of our existing long-term incentive program, as well as the 2010 Incentive Plan described in this Proxy Statement and to be voted on at the annual meeting. Mercer performed a market analysis of total direct compensation (the sum of salary, annual incentive bonus and long-term incentive compensation) and retirement plan value for our executives and other key employees and compensation for nonemployee directors among peer group companies and other survey data, see "Compensation Discussion and Analysis - The Role of the Compensation Consultant" in this Proxy Statement. The Compensation Committee approved the form and amounts of our 2009 long-term incentive program and compensation for our executive officers and other key employees, and recommended to the Board the forms and amounts of compensation for nonemployee directors.

A copy of the Compensation Committee charter is available on the Corporate Governance page of our Web site (www.oceaneering.com). Any shareholder who so requests may obtain a written copy of the charter from us. The report of the Compensation Committee is included in this Proxy Statement under the heading "Report of the Compensation Committee."

The Nominating and Corporate Governance Committee

The Nominating and Corporate Governance Committee, which is comprised of Messrs. Hughes (Chairman), DesRoche and Hooker, held three meetings during 2009. The Nominating and Corporate Governance Committee is appointed by our Board of Directors to:

identify individuals qualified to become directors of Oceaneering;

recommend to our Board candidates to fill vacancies on our Board or to stand for election to the Board by our shareholders;

recommend to our Board a director to serve as Chairman of the Board;

recommend to our Board committee assignments for directors;

periodically assess the performance of our Board and its committees;

periodically review with our Board succession planning with respect to our Chief Executive Officer and other executive officers;

evaluate related-person transactions in accordance with our policy regarding such transactions; and

periodically review and assess the adequacy of our corporate governance policies and procedures.

The Nominating and Corporate Governance Committee operates under a written charter adopted by our Board of Directors. A copy of this charter and a copy of our Corporate Governance Guidelines are available on the Corporate Governance page of our Web site (www.oceaneering.com). Any shareholder who so requests may obtain a written copy of each of these documents from us.

The Nominating and Corporate Governance Committee solicits ideas for potential Board candidates from a number of sources, including members of our Board of Directors and our executive officers. The Committee also has authority to select and compensate a third-party search firm to help identify candidates, if it deems it advisable to do so.

The Nominating and Corporate Governance Committee will also consider nominees recommended by shareholders in accordance with our bylaws. In assessing the qualifications of all prospective nominees to the Board, the Nominating and Corporate Governance Committee will consider, in addition to criteria set forth in our bylaws, each nominee's personal and professional integrity, experience, skills, ability and willingness to devote the time and effort necessary to be an effective board member, and commitment to acting in the best interests of Oceaneering and its shareholders. Consideration also will be given to the Board's diversity and having an appropriate mix of backgrounds and skills. In that regard, our Corporate Governance Guidelines provide that any search for potential director candidates should consider diversity as to gender, ethnic background and personal and professional experiences.

A shareholder who wishes to recommend a nominee for director should comply with the procedures specified in our bylaws, as well as applicable securities laws and regulations of the New York Stock Exchange. The Nominating and Corporate Governance Committee will consider all candidates identified through the processes described above, whether identified by the Committee or by a shareholder, and will evaluate each of them on the same basis.

As to each person a shareholder proposes to nominate for election as a director, our bylaws provide that the nomination notice must:

include the name, age, business address and principal occupation or employment of that person, the number of shares of Common Stock beneficially owned or owned of record by that person and any other information relating to that person that is required to be disclosed under Section 14 of the Securities Exchange Act of 1934, as amended (the Exchange Act), and the related SEC rules and regulations; and

be accompanied by the written consent of the person to be named in the proxy statement as a nominee and to serve as a director if elected.

Leadership Structure and Board Risk Oversight

We currently have a leadership structure that includes separate individuals serving as our Chief Executive Officer and Chairman of the Board. Our Board believes this structure is appropriate in the existing circumstances, as Messrs. Collins and Huff, our Chief Executive Officer and Chairman of the Board, respectively, currently serve our company in separate and distinct roles. Our Board believes it is appropriate to retain the flexibility to combine those two positions in the future, should future circumstances result in a situation in which our Board determines that such a combination is appropriate.

The members of each of the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee include only persons whom the Board has affirmatively determined are independent. Accordingly, neither our Chief Executive Officer nor the Chairman of the Board is a member of any of those Board committees. None of the Chairmen of our Board committees serves as Chairman of more than one of those committees. As discussed above, our Board of Directors has determined that all members of the Audit Committee are audit committee financial experts as defined in the applicable rules of the SEC. Although our Board believes the current membership and leadership structure for our Board committees is appropriate in the existing circumstances, our Board also believes it is appropriate to retain the flexibility to change Board committee memberships and leadership in the future, should future circumstances warrant such a change in the view of our Board.

Our Board oversees our financial-related risks primarily through the Audit Committee and our risks associated with compensation policies and practices for executive officers and key employees primarily through the Compensation Committee. Our Board believes that the current structure of our Audit Committee, with all members being independent and audit committee financial experts, and our Compensation Committee, with all members being independent, provides for an efficient and effective means of overseeing these risks. Our Board oversees our strategic and operations-related risks through the entire Board. Our Board believes that the relative levels of experience and independence of our Board members, collectively, support the Board's ability to effectively oversee these risks at the

entire Board level.

Compensation Committee Interlocks and Insider Participation

No member of the Compensation Committee has served as one of our officers or employees at any time. None of our executive officers serve as a member of the compensation committee of any other company that has an executive officer serving as a member of our Board. None of our executive officers serve as a member of the board of directors of any other company that has an executive officer serving as a member of our Compensation Committee.

Code of Ethics

Our Board of Directors adopted a code of ethics that applies to our Chief Executive Officer, Chief Financial Officer, Chief Accounting Officer and Treasurer, and a code of business conduct and ethics that applies to all our officers, directors and employees. Each is available on the Corporate Governance page of our Web site (www.oceaneering.com). Any shareholder who so requests may obtain a printed copy of these codes from us. Any change in or waiver of these codes of ethics will be disclosed on our Web site.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Exchange Act requires our directors, executive officers and persons who own more than 10% of our Common Stock to file with the SEC and the New York Stock Exchange initial reports of ownership and reports of changes in ownership of Common Stock. Based solely on a review of the copies of such reports furnished to us and representations that no other reports were required, we believe that all our directors and executive officers complied on a timely basis with all applicable filing requirements under Section 16(a) of the Exchange Act during 2009.

REPORT OF THE AUDIT COMMITTEE

The Audit Committee of Oceaneering International, Inc.'s Board of Directors is comprised of the three directors named below. Each member of the Audit Committee is an independent director as defined by applicable Securities and Exchange Commission rules and New York Stock Exchange listing standards. The Committee met 11 times during the year ended December 31, 2009. The Committee reviewed and discussed with management and Ernst & Young LLP, Oceaneering's independent registered public accounting firm, the interim financial information included in Oceaneering's quarterly reports on Form 10-Q for the periods ended March 31, 2009, June 30, 2009 and September 30, 2009, prior to their being filed with the Securities and Exchange Commission. In addition, the Committee reviewed and discussed with management and Ernst & Young all of Oceaneering's earnings releases in 2009 prior to the public release of those earnings releases.

The Committee reviewed and discussed with management and Ernst & Young Oceaneering's consolidated financial statements for the year ended December 31, 2009. Members of management represented to the Committee that Oceaneering's consolidated financial statements were prepared in accordance with generally accepted accounting principles. The Committee discussed with Ernst & Young matters required to be discussed by Statement on Auditing Standards No. 61, *Communication with Audit Committees*, as amended, as adopted by the Public Company Accounting Oversight Board in Rule 3200T. The Committee also reviewed and discussed with management and Ernst & Young management's report and Ernst & Young's report on internal control over financial reporting in accordance with Section 404 of the Sarbanes-Oxley Act.

Ernst & Young provided to the Committee the written disclosures and the letter required by the applicable requirements of the Public Company Accounting Oversight Board regarding Ernst & Young's communications with the Committee concerning Ernst & Young's independence, and the Committee discussed with Ernst & Young their independence from Oceaneering. The Committee concluded that Ernst & Young's provision of non-audit services to Oceaneering and its affiliates is compatible with Ernst & Young's independence.

Based on the Committee's discussions with management and the independent auditors and the Committee's review of the items referred to above, the Committee recommended to Oceaneering's Board of Directors that Oceaneering's audited consolidated financial statements as of and for the year ended December 31, 2009 be included in the Form 10-K for the year ended December 31, 2009 filed with the SEC.

COMPENSATION DISCUSSION AND ANALYSIS

The following discussion and analysis contains statements regarding future individual and company performance goals and measures. These goals and measures are disclosed in the limited context of Oceaneering's compensation programs and should not be understood to be statements of management's expectations or estimates of results or other guidance. Oceaneering cautions investors not to apply these statements to other contexts.

The following Compensation Discussion and Analysis, or CD&A, provides information regarding the compensation programs in place for our Chief Executive Officer, Chief Financial Officer and three other most highly compensated executive officers during 2009. We refer to these five individuals in this CD&A as the Named Executive Officers. This CD&A includes information regarding, among other things, the objectives of our compensation program, the achievements that the compensation program is designed to reward, the elements of the compensation program (including the reasons why we employ each element and how we determine amounts paid) and how each element fits into our overall compensation objectives.

Compensation Philosophy and Objectives

Our executive compensation program is designed to attract and retain key executives, motivate them to achieve our short-term and long-term objectives without subjecting us to excessive and unnecessary risks, and reward them for superior performance. We use several different compensation elements in the executive compensation program which are geared to both our short-term and long-term performance. The following principles influence the design and administration of our executive compensation program.

Compensation Should Be Related to Performance

The Compensation Committee of our Board of Directors (the Committee) and our Board of Directors believe that a significant portion of a Named Executive Officer's direct compensation should be tied to overall company performance, measured against financial goals and objectives.

Under the performance-based portions of our compensation arrangements, our basic philosophy is that, in years when performance is better than the objectives established for the relevant performance period, Named Executive Officers should be paid more than the target awards and, when our performance does not meet planned objectives, incentive award payments should be less than such targets, in the absence of unusual circumstances.

Compensation Programs Should Motivate Executives to Remain With Us

We believe that there is significant value to our shareholders for Named Executive Officers to remain with our company over time. Our business is built significantly by executives who can develop and maintain customer relationships over time. Also, value is built by executives who understand the unique business and technical aspects of our industry. For these reasons, a significant element of our historical executive compensation arrangements has been long-term incentive compensation arrangements, with awards that have provided for vesting over several years. In addition, we provide several of our executive officers with some financial security in the event of a change of control, to promote long-term retention. We also provide for long-term benefits through retirement plans (see Post-Employment Compensation Programs below).

Incentive Compensation Should Represent a Significant Part of an Executive's Total Direct Compensation

We believe that the portion of a Named Executive Officer's total compensation that varies with our overall performance objectives should increase as the scope and level of the individual's business responsibilities and role in the organization increase. We believe that more than one-half of the total direct compensation (the sum of annual base salary, annual incentive bonus and long-term incentive compensation) of the Named Executive Officers should be at risk against short- and long-term performance goals, and our Chief Executive Officer should be subject to a greater amount of such risk than other Named Executive Officers.

Incentive Compensation Should Balance Short-Term and Long-Term Performance

We strive to maintain an executive compensation program that balances short-term, or annual, results and long-term success. To reinforce the importance of this balancing, we regularly provide the Named Executive Officers both annual and long-term incentives. We believe we should avoid disproportionately large short-term or annual incentives that could encourage the Named Executive Officers to take excessive and unnecessary risks. The value for participants in our long-term incentive plans generally increases at higher levels of responsibility, as executives in these leadership roles have the greatest influence on our strategic direction and results over time.

Beginning in 2006, the Committee adopted our current approach to long-term incentives, in which awards of service-based restricted stock units and performance units are made to our executive officers and other key employees. Assuming restricted stock value based on grant date value established by the Financial Accounting Standards Board's Accounting Standards Codification Topic 718 - Stock Compensation (FASB ASC Topic 718) and performance units notionally valued at \$100 per unit for achievement of performance goals at target level, the Committee believes that the performance units should account for more than one-half of the total annual long-term incentive compensation of the Named Executive Officers and the service-based restricted stock units should account for the balance. The Committee believes that this approach promotes our philosophy of rewarding executives for growing shareholder value over time. Upon vesting, settlement of the restricted stock units will be made in shares of our common stock, with some shares withheld to satisfy withholding tax requirements. Upon vesting, the value of the performance units will be paid in cash.

Compensation Levels Should Be Competitive

The Committee reviews competitive compensation information as part of its process in establishing total direct compensation and retirement plan values that are competitive. In making compensation decisions, the Committee considers all elements of compensation when setting each element of compensation. The Committee assesses each element of base salary, annual incentive bonus, long-term incentive compensation and retirement plan values against a combination of available information from the most recent proxy statements of a peer group of publicly traded companies and survey data from the energy and general industries.

The Role of the Compensation Committee

The Committee has the primary authority to establish compensation for the Named Executive Officers and other key employees and administers all our executive compensation plans and agreements. The Committee annually reviews corporate goals and objectives, and sets the compensation levels for Named Executive Officers based on the Committee's evaluation. Our Chief Executive Officer assists the Committee by providing annual recommendations regarding the compensation of the Named Executive Officers and other key employees, excluding himself. The Committee can exercise its discretion in modifying or accepting these recommendations. The Chief Executive Officer attends Committee meetings. However, the Committee also meets in executive session without the Chief Executive Officer or other members of management present.

The Committee reviews comparative compensation information compiled by a compensation consultant as described in *The Role of the Compensation Consultant* below; however, the Committee does not base its decisions on targeting compensation to specific benchmarks. Comparative compensation is one factor used by the Committee in making its compensation decisions. Overall, however, our compensation program for Named Executive Officers is intended to create a total compensation opportunity that, on average, is competitive with the 50th percentile in the aggregate of appropriate competitive comparative compensation for a Named Executive Officer as discussed in *The Role of the Compensation Consultant* below. For additional information regarding the role and responsibility of the Committee, see *Proposal 1 Election of Directors The Compensation Committee* above.

The Role of the Compensation Consultant

In 2009, the Committee retained Mercer (the *Compensation Consultant*) to: (1) review the peer group of companies used for comparison purposes in 2008 and assess its continued validity; (2) conduct a review of our total direct compensation and value provided under the retirement plan programs for the Named Executive Officers and other key employees relative to proxy statement data of the peer group of companies and survey data; (3) conduct a pay-for-performance analysis to assess the alignment of executive pay and company performance for Oceaneering and the peer group of companies identified; (4) assess Oceaneering's compensation for nonemployee directors relative to

compensation programs of a peer group of companies; (5) assist in consideration of the 2010 Incentive Plan; and (6) assist in our assessment of whether payments made pursuant to change-of-control agreements could result in excise taxes

pursuant to Section 4999 of the Internal Revenue Code, assuming a change-of-control occurred on December 31, 2009 (see Post-Employment Compensation Programs Change-of-Control Agreements and Potential Payments on Termination or Change of Control below). The Committee has engaged the Compensation Consultant to assist the Committee since 2004. In 2009, the Committee made the decision to continue the engagement of the Compensation Consultant without reliance on any recommendation from management. The Compensation Consultant's only work for Oceaneering in 2009 was at the direction of the Committee, except for some accounting-related assistance and non-executive compensation advice provided in 2009, for which the Compensation Consultant was paid approximately \$2,500.

The Compensation Consultant assessed the continuing validity of the peer group of companies used for comparison purposes in the review it conducted for the Committee in 2008 and recommended a list of 21 publicly traded companies as the peer group for comparison purposes in 2009 (collectively, the Compensation Peer Group). The Compensation Peer Group is comprised of the same companies identified as the peer group in 2008.

The companies included in the Compensation Peer Group were approved for inclusion by the Committee, primarily due to their operational focus broadly within the oilfield services industry and the belief that we compete with these companies for talent and for stockholder investment. The companies comprising the Compensation Peer Group in 2009 were:

BJ Services Company	Global Industries, Ltd.	Pride International, Inc.
Bristow Group Inc.	Helix Energy Solutions Group, Inc.	Rowan Companies, Inc.
Cameron International Corporation	Key Energy Services, Inc.	Smith International, Inc.
Diamond Offshore Drilling, Inc.	McDermott International, Inc.	Superior Energy Services, Inc.
ENSCO International plc	National Oilwell Varco, Inc.	Tidewater Inc.
Exterran Holdings, Inc.	Noble Corporation	Transocean Ltd.
FMC Technologies, Inc.	Oil States International, Inc.	Weatherford International Ltd.

The sources of the survey data used by the Compensation Consultant were (1) the 2009 U.S. Global Premium Executive Remuneration Suite, which combines all of the Compensation Consultant's executive compensation survey data (except for healthcare organizations) for approximately 430 executive-level positions in which approximately 2,470 organizations participated; (2) Mercer's 2009 Total Compensation Survey for the Energy Sector, which reports pay for all segments of the energy business for approximately 550 positions in which approximately 275 organizations participated; and (3) a 2009 Survey Report on Top Management Compensation prepared by Watson Wyatt Data Services, which features data across multiple industries and geographies for approximately 125 executive positions in which approximately 2,275 organizations participate (collectively, the Compensation Surveys).

The Compensation Consultant identified the 25th, 50th and 75th percentile for base salary, annual bonus incentive, long-term incentive compensation and retirement plan value, individually and in the aggregate for the comparable position of each of our Named Executive Officers from a blend of compensation information identified for the Compensation Peer Group from the most recent proxy statements filed with the SEC as of September 2009 by the companies comprising the Compensation Peer Group (weighted at 50%) and from the Compensation Surveys (weighted at 50% with each component weighted equally), except that the Compensation Peer Group information was used exclusively for evaluating retirement plan value, as retirement plan value information was not available in the Compensation Surveys.

2009 Executive Compensation Components

For 2009, the primary components of our compensation program for Named Executive Officers were:

- annual base salary;

- annual incentive awards paid in cash;

- long-term incentive programs comprised of restricted stock units and performance units; and

retirement plan.

Based on the Compensation Surveys and Compensation Peer Group disclosure data discussed in The Role of the Compensation Consultant above, the Total Compensation Annual Value (the sum of the above primary components of our compensation program) in 2009 for our Named Executive Officers in the aggregate and our Chief Executive Officer was estimated as 16% below the median.

Annual Base Salary

The Committee considers annual base salary levels in the fourth quarter of each year, for changes to become effective as of the first day of the following year, as well as upon a promotion or significant change in job responsibility. Each year, our Chief Executive Officer recommends base salaries for the other Named Executive Officers based on historical levels of base salaries, with adjustments he subjectively deems appropriate based on the overall performance of the Named Executive Officer, including a review of contributions and performance, over the past year. In reviewing the Chief Executive Officer's recommendations and in deciding base salaries for all Named Executive Officers, the Committee considers each officer's level of responsibility, experience, tenure, performance and the comparative compensation information provided by the Compensation Consultant. The Committee's evaluation of each Named Executive Officer also takes into account an evaluation of Oceaneering's overall performance. In December 2008, the Committee approved a salary increase of 6.8% for Mr. Collins and, as recommended by Mr. Collins, salary increases ranging from 6.5% to 8.7% for the other Named Executive Officers. Those salary increases took effect as of January 1, 2009.

Annual Incentive Awards Paid in Cash

In March of each year, the Committee approves a performance-based annual cash bonus award program under a shareholder-approved Incentive Plan for our executive officers. The cash bonus award opportunities under that program for our Named Executive Officers have generally been based on a comparison of our net income for the year to target net income for that year. For participating employees other than executive officers, the cash bonuses have generally been based upon the level of achievement of a combination of our net income, financial and non-financial goals of our applicable profit center for that employee and individual goals. For each participant, the maximum award achievable is a percentage of the participant's annual salary as of March 31 of the year of the program. In March of each year, the Committee also approves the final bonus amounts under the cash bonus award program for the previous year.

In March 2009, the Committee approved a cash bonus award program for 2009. Under this program, bonuses were determined by a comparison of our net income in calendar year 2009 to target net income for that year. The maximum cash pay-out under the program for each Named Executive Officer was a specified percentage of that executive's base salary as of March 1, 2009. As recommended by our Chief Executive Officer and approved by the Committee (1) the target amount for our net income in 2009 was \$198.7 million, an amount that was \$0.7 million less than the net income we achieved in 2008 and that equated to the high-end of our then-published earnings per share guidance range for 2009; and (2) the net income amount in 2009 necessary to achieve the maximum bonuses under the program was 110% of the target amount, or \$218.5 million. Under the program, attainment of the target amount would have resulted in a payout of 90% of the maximum amount payable to the Named Executive Officer. For any award in the program to be payable, more than 70% of the target net income for 2009 had to be achieved. The Named Executive Officers in the program for 2009 and their respective maximum payouts as a percentage of base salary were: Mr. Collins 150%; Mr. McEvoy 125%; Messrs. Migura and Haubenreich 100%. Mr. Kerins was designated an executive officer of Oceaneering in August 2009, and he participated in this program as a profit center executive at a maximum bonus level of 60% of his base salary. These amounts reflected no change in the maximum percentage of base salary from 2008. For 2009, approximately one-third of the targeted annual and long-term performance-based incentive compensation of the Named Executive Officers was at risk against annual incentive performance goals.

The following table notes the percentage of maximum payout to a Named Executive Officer under the program for the percentage of target net income achieved. The Committee had the discretion to award an amount less than that calculated.

In March 2010, the Committee approved the final bonuses under the 2009 Cash Bonus Award Program. For 2009, the Company achieved the second highest net income in its history, which was 5.5% below the record net income achieved in 2008. This level of net income in 2009 was 5.2% less than the target performance goal for 2009 and the Committee awarded bonuses to Mr. Collins of approximately 82% and to each of Messrs. McEvoy, Migura, Haubenreich and Kerins of approximately 85% of their individual maximum bonus amounts that could be paid under the program. The amount awarded to Mr. Collins equaled the total cash bonus awarded to him in 2008. In addition, the Committee approved an additional merit bonus to Mr. Kerins based on Oceaneering's achievement in 2009 of record ROV operating income for the sixth consecutive year.

Awards made to the Named Executive Officers for performance in 2009 are reflected in the Bonus and Non-Equity Incentive Plan Compensation columns of the Summary Compensation Table below.

Long-Term Incentive Compensation

Prior to 2006, we granted stock options annually and restricted stock or stock unit awards every three years to our executive officers and other key employees. However, in 2006 the Committee decided, in light of the expense recognition requirements established by FASB ASC Topic 718, to refrain from using stock options as an employee compensation element for our executive officers and other employees for the foreseeable future and to instead use annual grants of service-based restricted stock unit awards and performance unit awards. Accordingly, no stock options were awarded in 2009. In April 2009, the Committee adopted a policy that Oceaneering will not provide U.S. federal income tax gross-up payments to any of its directors or executive officers in connection with future awards of restricted stock or stock units (although, as discussed below under Change-of-Control Agreements, the Change-of-Control Agreements we have with four of our Named Executive Officers provide for tax gross-ups for federal excise taxes on so-called parachute payments, which could apply to such future awards). This policy formalized our approach to U.S. federal income tax gross-up payments with respect to such awards since 2004. The policy has no effect on previously outstanding awards (granted in 2002 and 2004) that provide for tax gross-up payments.

In deciding upon a methodology for determining the elements of our long-term incentive program, the Committee established the following objectives:

deliver competitive economic value;

reduce annual share utilization;

preserve the alignment of the executive's financial and shareholding interest with those of our shareholders, generally;

attract and retain executives and other key employees;

focus management attention on specific performance measures that have a strong correlation with the creation of shareholder value; and

provide that a majority of an executive's total direct compensation is performance-based.

In order to achieve these objectives in 2009, the Committee decided to continue to utilize our long-term incentive program, which delivers value through two vehicles: restricted stock unit awards; and performance unit awards. The Committee expects to continue its practice of considering these long-term incentive awards in late February of each year. Long-term incentive awards to new employees or in connection with other events such as promotions will be considered at the next scheduled Committee meeting after the hire date or after the event occasioning the consideration of the award.

In February 2009, performance units and service-based restricted stock unit awards, comprising an estimated 76% and 24%, respectively, of the estimated grant date total long-term incentive value, were awarded to the Named Executive Officers. The restricted stock units are scheduled to vest in full on the third anniversary of the award date, subject to earlier vesting if the employee meets certain age or age and years of service requirements or in the event of the termination or constructive termination of an employee's employment in connection with a change of control of Oceaneering or due to death or disability. No part of these awards to Named Executive Officers vested during 2009 by reason of any of the early vesting provisions, except that one-third of the awards to Messrs. Collins and Haubenreich vested in December 2009 as a result of them having met certain age and years of service requirements. Each restricted stock unit represents the equivalent of one share of our common stock. Settlement of vested restricted stock units will be made in shares of our common stock, with some shares withheld to satisfy withholding tax requirements. The aggregate grant date fair value of restricted stock units awarded to Named Executive Officers is reflected in the "Stock Awards" column of the "Summary Compensation Table" and "Grant Date Fair Value of Stock and Stock Option Awards" column of the "Grants of Plan-Based Awards" table below.

The performance units awarded in February 2009 are scheduled to vest in full on the third anniversary of the award date, subject to similar early vesting terms as are applicable to the restricted stock units. The Committee approved specific financial goals and measures based on cumulative cash flow from operations and a comparison of return on invested capital and cost of capital for the three-year period of January 1, 2009 through December 31, 2011 to be used as the basis for the final value of the performance units. The measures were selected because of our belief that they have a strong correlation with the creation of shareholder value. The amount of cumulative cash flow from operations during this three-year performance period necessary to achieve the target level goal for this measure is \$1.3 billion. This amount was selected because it was three times the annual cash flow from operations then expected to be achieved in 2009. The amounts to be achieved by Oceaneering to reach the threshold and maximum are \$300 million less and \$150 million more, respectively, than the target level amount. Oceaneering's return on invested capital must exceed its cost of capital over this three-year performance period by 30% for the target level goal to be achieved for this performance measure. For the threshold level to be achieved, the return on invested capital must equal our estimated cost of capital, and for the maximum level to be achieved the return on invested capital it must be 60% in excess of our estimated cost of capital. The final value of each performance unit may range from \$0 to \$125, with the threshold, target and maximum levels of achievement of goals valued at \$75, \$100 and \$125, respectively. If the

calculated unit value exceeds \$100, the Committee retains discretion to reduce such value to any amount above or equal to \$100. The value of vested performance units will be payable in cash.

The determination of the final value of each performance unit is based on the application of the following grid (with interpolation between the specified levels):

Cumulative Cash Flow	Unit Values			
	Below Threshold	Threshold	Target	Maximum
Maximum	\$62.50	\$100.00	\$112.50	\$125.00
Target	\$50.00	\$87.50	\$100.00	\$112.50
Threshold	\$37.50	\$75.00	\$87.50	\$100.00
Below Threshold	\$0.00	\$37.50	\$50.00	\$62.50

Return on Invested Capital/Cost of Capital

The estimated future payout of the performance unit awards to Named Executive Officers if each of the performance measures is achieved at the threshold, target or maximum level is reflected in the Estimated Future Payouts Under Non-Equity Incentive Plan Awards column of the Grants of Plan-Based Awards table below.

For 2009, approximately 70% of the targeted total direct compensation of Mr. Collins, our Chief Executive Officer, was at risk against short- and long-term performance goals and approximately 61-67% was at risk for each of the other Named Executive Officers.

Post-Employment Compensation Programs

Retirement Plans

We maintain a 401(k) plan and a Supplemental Executive Retirement Plan (SERP). All of our employees who meet the eligibility requirements may participate in our 401(k) plan. Messrs. Collins, McEvoy, Migura and Haubenreich elected not to participate in our 401(k) plan in 2009. Participation in our SERP includes Named Executive Officers and other key employees selected for participation by the Committee. Our SERP was established to provide a benefit to our executives and other key employees in excess of Internal Revenue Code limits for our 401(k) plan, in order to attract and motivate participants to remain with us and provide retirement plan values that are competitive with those provided by companies within the Compensation Peer Group. Under our SERP, we credit each participant's notional account with a percentage determined by the Committee of the participant's base salary, subject to vesting. A participant may elect to defer a portion of base salary and annual bonus for accrual pursuant to our SERP. Amounts accrued under our SERP are adjusted for earnings and losses as if they were invested in one or more investment vehicles selected by the participant from those designated as alternatives by the Committee. A participant's interest in the plan is generally distributable upon termination. The percentages of base salary credited for Named Executive Officers in 2009 were: Mr. Collins 50%; Mr. McEvoy 50%; Messrs. Migura and Haubenreich 40% each; and Mr. Kerins 25%. These amounts reflected no change in the percentage of base salary credited from 2008. Please see the Non-Qualified Deferred Compensation table and accompanying narrative for further information about our SERP and contributions to the Named Executive Officers' accounts.

Change-of-Control Agreements

In 2001, we entered into Change-of-Control Agreements (each, a Change-of-Control Agreement) with Messrs. Collins, McEvoy, Migura and Haubenreich, each of whom are Named Executive Officers, replacing each of their respective prior senior executive severance agreements. In December 2008, we amended these Change-of-Control Agreements to clarify certain provisions and provide for compliance with Section 409A of the Internal Revenue Code.

The payment and benefits under our Change-of-Control Agreements did not influence and were not influenced by the other elements of compensation, as the change-of-control payments and benefits serve different objectives and due to the fact that a change of control or other triggering event may never occur. We generally limit eligibility for change-of-control agreement participation to those Named Executive Officers whose full support and sustained contribution would be important to the successful completion of a change of control. We believe the benefits provided by the Change-of-Control Agreements help promote long-term retention by providing some financial security to these Named Executive Officers against the risk of loss of employment which could result following a change of control of our company. The Change-of-Control Agreements entitle the individual to receive a severance package, described below, in the event of the occurrence of both a change of control and a termination of the executive's employment by us without cause (as defined below) or by the executive for good reason (as defined below) during a period of time beginning a year prior to the occurrence or, in some cases, the contemplation by the Board of a change in control (the Effective Date) and ending two years following the Effective Date. For purposes of the Change-of-Control Agreements, a change of control is defined as occurring if:

any person is or becomes the beneficial owner (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of our securities representing 20% or more of the combined voting power of our outstanding voting securities, other than through the purchase of voting securities directly from a private placement by us;

the current members of our Board, or subsequent members approved by at least two-thirds of the current members, no longer comprise a majority of our Board;

our company is merged or consolidated with another corporation or entity, and our shareholders own less than 60% of the outstanding voting securities of the surviving or resulting corporation or entity;

there has been a consummation of either a tender offer or exchange offer by a person other than us for the ownership of 20% or more of our voting securities; or

there has been a disposition of all or substantially all of our assets.

As defined in each Change-of-Control Agreement, cause for termination by Oceaneering means conviction by a court of competent jurisdiction, from which conviction no further appeal can be taken, of a felony-grade crime involving moral turpitude related to service with us.

As defined in each Change-of-Control Agreement, good reason for termination by the executive includes:

any adverse change in status, title, duties or responsibilities;

any reduction in annual base salary, SERP contribution level by us, annual bonus opportunity or aggregate long-term compensation, all as may be increased subsequent to date of the Change-of-Control Agreement;

any relocation;

the failure of a successor to assume the Change-of-Control Agreement;

any prohibition by us against the individual engaging in outside activities permitted by the Change-of-Control Agreement;

any purported termination by us that does not comply with the terms of the Change-of-Control Agreement; or

any default by us in the performance of our obligations under the Change-of-Control Agreement.

The severance package provided for in each such executive's Change-of-Control Agreement consists of an amount equal to three times the sum of:

the executive's highest annual rate of base salary during the then-current year or any of the three years preceding the year of termination;

an amount equal to the maximum award the executive is eligible to receive under the then-current annual bonus plan; and

an amount equal to the maximum percentage of the executive's annual base salary contributed by us for him in our SERP for the then-current year multiplied by the executive's highest annual rate of base salary.

A minimum aggregate amount payable for these items is stated in each such executive's agreement, which amount was calculated using the year-end December 31, 2001 amounts for each component.

The severance provisions also provide that, for each applicable individual:

any outstanding stock options would vest immediately and become exercisable or the individual may elect to be paid an amount equal to the spread between the exercise price and the higher market value for the shares of our common stock underlying those options;

the benefits under all compensation plans, including restricted stock agreements, restricted stock unit agreements and performance unit agreements, would be paid as if all contingencies for payment and maximum levels of performance had been met; and

the applicable individual would receive benefits under all other plans he then participates in for three years.

The Change-of-Control Agreements provide that, if any payments made thereunder would cause the recipient to be liable for an excise tax because the payment is a parachute payment (as defined in the Internal Revenue Code), then we will pay the individual an additional amount to make the individual whole for that tax liability.

Perquisites

We provide our Named Executive Officers with perquisites and other benefits that we believe are reasonable and consistent with our overall compensation program to enable us to attract and retain employees for key positions. The Committee periodically reviews the levels of perquisites and other personal benefits provided to our executive officers. The perquisites provided to the Named Executive Officers in 2009 and our incremental cost to provide those perquisites are set forth in the All Other Compensation column of the Summary Compensation Table below and the related footnotes to that table.

Stock Ownership Guidelines

To align the interests of our directors, executive officers and shareholders, we believe our directors and executive officers should have a significant financial stake in Oceaneering. To further that goal, our Board adopted stock ownership guidelines in November 2007, requiring that our nonemployee directors, chief executive officer, executive vice president and senior vice presidents maintain minimum ownership interests in Oceaneering. Our nonemployee directors are generally expected to own not less than a fixed number of shares equal to five times the current annual cash retainer generally paid to nonemployee directors divided by the closing price of our stock on the date of adoption of the policy.

Our chief executive officer, executive vice president and senior vice presidents are generally expected to own not less than a fixed number of shares equal to a multiple of their current annual base salary divided by the closing price of our stock on the date of adoption of the policy. The multiple of current annual base salary used to determine the fixed number of shares is as provided in the following table.

	Level	Base Salary Multiple
Chief Executive Officer		5
Executive Vice President		3
Corporate Senior Vice Presidents		3
Other Senior Vice Presidents		2

The following forms of ownership are recognized in determining the number of shares of our stock owned by a nonemployee director or executive officer for purposes of satisfying the stock ownership guidelines:

direct ownership of shares;

indirect ownership of shares, including stock or stock equivalents held in our retirement plan; and

vested and unvested shares of restricted stock or stock units held under our long-term incentive programs.

A nonemployee director or executive has three years from the later of the date of adoption of the policy or the initial date of election or appointment to comply with stock ownership guidelines. The time period for satisfying such ownership requirement by an executive may be extended at the discretion of our Chief Executive Officer for an additional period of up to two years. In the event that a nonemployee director or executive does not meet the stock ownership level within the specified time period, he or she will be prohibited from selling any stock acquired through vesting of restricted stock or restricted stock units or upon exercise of stock options, except to pay for applicable taxes or the exercise price, until he or she satisfies the requirements. Each of our current nonemployee directors and Named Executive Officers is covered by this policy and currently satisfies the stock ownership guidelines applicable to him.

Tax Deductibility of Pay

Section 162(m) of the Internal Revenue Code generally disallows a deduction to public companies to the extent of excess annual compensation over \$1 million paid to certain executive officers, except for qualified performance-based compensation. Our 2009 annual cash bonus program and 2009 performance unit program are intended to qualify as performance-based compensation under Section 162(m). Our general policy, where consistent with business objectives, is to preserve the deductibility of compensation to executive officers. We may authorize forms of compensation that might not be deductible if we believe they are in the best interests of Oceaneering and its shareholders. Our 2009 service-based restricted stock unit awards are not considered performance-based under Section 162(m) and, accordingly, are subject to the \$1 million limit on deductibility. All or a portion of the value, when vested, of these restricted stock unit awards may not be deductible.

Compliance With Internal Revenue Code Section 409A

Section 409A of the Internal Revenue Code, which was enacted in 2004 and generally became effective in 2005, can impose significant additional taxes on the recipient of nonqualified deferred compensation arrangements that do not meet specified requirements regarding both form and operation. Some of the arrangements between Oceaneering and its executive officers and other employees provide, or might be considered to provide, nonqualified deferred compensation. In 2008, the Committee concluded that changes to some of these arrangements were appropriate, so that our employees will not be subject to the additional Section 409A taxes. Section 409A required arrangements subject to Section 409A to be in compliance with the form requirements of Section 409A by December 31, 2008. Accordingly, in December 2008, the Committee recommended and the Board authorized amendments to each of our Incentive Plans, 2002 Restricted Stock Unit Agreements, SERP and Change-of-Control Agreements. The amendments generally clarified various provisions of such plans and agreements to provide for compliance with Section 409A. The amendments addressed the time and form of payment requirements of Section 409A, imposed a six-month delay where required under the Change-of-Control Agreements and, in some instances, eliminated discretionary provisions applicable to Oceaneering or the participants/employees. Additionally, the SERP was amended to allow for a transition election under Section 409A, whereby participants could elect certain early withdrawals from their post-2004 balances. The Committee had previously adjusted some of our compensation arrangements to comply with Section 409A.

Nonqualified Deferred Compensation

Our SERP is an unfunded, defined contribution plan for selected executives and key employees of Oceaneering, including the Named Executive Officers. Pursuant to our SERP, U.S. participants, including the Named Executive Officers, may defer up to 85% of their base salaries and 90% of their annual cash bonus amounts. We credit a participant's notional account with a determined percentage of the participant's base salary, subject to vesting. Benefits under our SERP are based on the participant's vested portion of his or her notional account balance at the time of termination of employment. A participant vests in our credited amounts at the rate of 33% each year, subject to accelerated vesting upon the soonest to occur of: (1) the date the participant has completed ten years of participation; (2) the date that the sum of the participant's age and years of participation equals 65; (3) the date of termination of employment by reason of death or disability; and (4) within two years following a change of control. The Named Executive Officers are fully vested in their SERP accounts. All participants are fully vested in deferred base salary and bonus.

The table below shows the investment options available to all participants and the annual rate of return for each investment for the year ended December 31, 2009, as reported by the administrator of our SERP.

Potential Payments on Termination or Change of Control

As described in the Compensation Discussion and Analysis above, Messrs. Collins, McEvoy, Migura and Haubenreich have Change-of-Control Agreements. Upon a change of control of Oceaneering, each of them may be subject to certain excise taxes pursuant to Section 4999 of the Internal Revenue Code. Pursuant to their Change-of-Control Agreements, we have agreed to reimburse those Named Executive Officers for all such excise taxes that may be imposed and any income taxes and excise taxes that may become payable as a result of the reimbursement. Based on the amounts shown in the Change of Control column in the following tables, none of the Named Executive Officers would be subject to an excise tax liability. However, whether an excise tax liability will arise in the future will depend on the facts and circumstances in existence at the time a change-of-control payment becomes payable. All of the outstanding long-term incentive agreements of the Named Executive Officers have

provisions for settlement in the event of death, disability or a change of control, except the 2002 restricted stock unit agreements of Messrs. Collins, McEvoy, Migura and Haubenreich have no provision for settlement in the event of a change of control.

Assuming a December 31, 2009 termination date and, where applicable, using the closing sale price of our Common Stock of \$58.52 as reported by the New York Stock Exchange on that date, the tables below show potential payments to each of the Named Executive Officers under the existing contracts, agreements, plans or arrangements, whether written or unwritten, in the event of a termination of such executive's employment, including amounts payable pursuant to benefits or awards in which the Named Executive Officers are already vested. As used in the agreements referenced in the table below, the term Change of Control has the same meaning as the Change-of-Control Agreements define that term. For a summary of that definition, see Compensation Discussion and Analysis Change-of-Control Agreements above.

Director Compensation

During 2009, we paid our nonemployee directors, on a quarterly basis, an annual retainer of \$80,000 with additional annual retainers of \$15,000 to the Chairman of the Audit Committee and \$8,000 to each of the Chairmen of

the Compensation Committee and the Nominating and Corporate Governance Committee. During 2009, we did not pay nonemployee directors any additional amount for attendance at meetings of the Board or a Committee of the Board. Mr. Huff, the Chairman of the Board, did not receive the above board fees in 2009 pursuant to the terms of his 2009 Chairman Restricted Stock Unit and Performance Unit Agreements. For a description of Mr. Huff's compensation as a nonemployee director, see Service Agreement and Change-of-Control Agreement with Mr. Huff below.

During 2009, besides payment of annual retainers and meeting fees, our nonemployee directors were also allowed to participate in health care coverage the same as provided to employees in our basic medical plans. Nonemployee directors could elect to participate in the health care plan without payment of any monthly premium and participate in a supplemental medical plan at no cost to the director. We paid the Medicare premium for Mr. Hughes. Mr. Huff's Amended Service Agreement provides for medical coverage on an after-tax basis to Mr. Huff, his spouse and children for their lives. All directors are provided a group personal excess liability insurance policy at no cost to the directors and they are reimbursed for their travel and other expenses involved in attendance at Board and committee meetings and activities.

In 2009, our nonemployee directors participated in our shareholder-approved 2005 Incentive Plan. Under this plan in 2009, our nonemployee directors, Messrs. DesRoche, Hooker, Hughes and Pappas, were each awarded 8,000 shares of restricted stock. The restricted stock awards are scheduled to vest in full on the first anniversary of the award date, subject to (1) earlier vesting on a change of control or the termination of the director's service due to death, and (2) such other terms as are set forth in the award agreement. Under this plan in 2009, Mr. Huff was awarded 10,000 restricted common stock units and 10,000 performance units in accordance with the terms of his 2009 Chairman Restricted Stock Unit and Performance Unit Agreements. The restricted stock units and performance units awarded to Mr. Huff are scheduled to vest on a pro-rata basis within three years from the award date by reason of Mr. Huff having attained retirement age as of the award date with a final vesting date in August 2011, subject to (a) earlier vesting by reason of Mr. Huff's cessation of service as Chairman and (b) such other terms as set forth in the award agreement. The performance units awarded to Mr. Huff have the same performance goals and measures over the same time period and with the same range of values payable as the performance units made to executive officers. As provided in Mr. Huff's 2009 Chairman Restricted Stock Unit and Performance Unit Agreements, he is not eligible in 2009 for any retainers or meeting fees applicable to nonemployee directors. For more information on these restricted common stock unit and performance unit awards, see Compensation Discussion and Analysis Long-Term Incentive Compensation. For information about stock ownership guidelines for nonemployee directors, see Compensation Discussion and Analysis Stock Ownership Guidelines.

The table below summarizes the compensation we paid to our nonemployee directors during the year ended December 31, 2009.

Mr. DesRoche: perquisites and other personal benefits totaling \$34,574 comprised of: provision of excess liability insurance; and premium and costs reimbursed for a supplemental medical insurance plan (\$33,163).

Mr. Hughes: perquisites and other personal benefits totaling \$28,570 comprised of: provision of excess liability insurance; personal use of a company-owned fishing camp; annual premium for basic health care provided by us; Medicare premium paid by us; and premium and costs reimbursed for a supplemental medical insurance plan.

Mr. Hooker and Mr. Pappas: perquisites and other personal benefits totaling \$1,661 each comprised of provision of excess liability insurance and premium for a supplemental medical insurance plan.

Service Agreement and Change-of-Control Agreement with Mr. Huff

As we previously disclosed, we entered into a Service Agreement with Mr. Huff in 2001 (the Service Agreement), when Mr. Huff was serving as our Chairman of the Board and Chief Executive Officer. The Service Agreement replaced Mr. Huff's prior employment agreement. As did the prior employment agreement, the Service Agreement provided medical coverage on an after-tax basis to Mr. Huff, his spouse and children during his employment with us and thereafter for their lives. The Service Agreement provided for a specific employment period (which, as subsequently amended, extended through December 30, 2006), followed by a specific service period ending no later than August 15, 2011 (the Post-Employment Service Period), during which time it was contemplated that Mr. Huff,

would serve as nonexecutive Chairman of our Board of Directors.

The Service Agreement provided that, following the completion of Mr. Huff's employment period, we could request that he serve as Chairman of the Board during the Post-Employment Service Period, and if he refused to serve and we were fulfilling our obligations under the Service Agreement, no salary or benefits not previously vested as of the time of his refusal would have been payable to him under the Service Agreement. If Mr. Huff was not requested to serve as Chairman of the Board or if he did serve as Chairman of the Board for any portion of the Post-Employment Service Period and his service as Chairman of the Board thereafter terminated at any time and for any reason (other than his refusal to serve during the Post-Employment Service Period), including by reason of his death or disability, or our failure to fulfill our obligations under the Service Agreement, he would be entitled to receive various severance benefits. During the Post-Employment Service Period under the Service Agreement, for so long as Mr. Huff was serving as Chairman of the Board, his annual rate of cash compensation would have been equal to 50% of his highest annual base salary during the employment period (or \$400,000 per year). In addition, throughout that period, Mr. Huff would have continued to receive certain perquisites and administrative assistance, and he would have continued to participate in various benefit plans; however, he would not have been eligible for subsequent grants or contributions made under any such plan after the completion of his employment period.

In 2006, the Compensation Committee of our Board of Directors determined that it would approve timely modifications to the Service Agreement to address changes in the tax law and anticipated additional guidance from the Internal Revenue Service regarding nonqualified deferred compensation arrangements under Section 409A of the Internal Revenue Code. In the absence of appropriate modifications, the impact of these tax law changes could have resulted in a 20% additional tax payable by Mr. Huff, at least some of which would have been recoverable by Mr. Huff from us under tax reimbursement provisions of the Service Agreement. In December 2006, acting pursuant to a recommendation of the Compensation Committee, our Board of Directors approved an amendment and restatement of the Service Agreement (the Amended Service Agreement). Although the principal purpose for entering into the Amended Service Agreement was to address issues arising under Section 409A of the Internal Revenue Code, the Amended Service Agreement also clarified or resolved other issues that existed under the Service Agreement.

The Amended Service Agreement, among other things, provides for:

the commencement of the Post-Employment Service Period on December 31, 2006;

various payments, including annual payments of \$540,000 in 2009 and 2010 (as long as Mr. Huff is continuing to serve as our Chairman of the Board), in lieu of the perquisites to which Mr. Huff would have been entitled;

a tax-protection clause, to ensure that Mr. Huff will not be impacted adversely by taxes under Section 409A of the Internal Revenue Code, provided that Mr. Huff agreed to changes in the Amended Service Agreement and his separate Change-of-Control Agreement to satisfy the requirements of the applicable provisions of Section 409A and applicable Treasury Regulations, unless such changes would cause more than insubstantial harm to him;

the eligibility of Mr. Huff to receive long-term incentive plan awards provided that, for any year that Mr. Huff receives a long-term incentive award in excess of awards applicable to our other nonemployee directors, Mr. Huff will not receive an additional long-term incentive award equal to the award granted to our other nonemployee directors for that year;

the entitlement for Mr. Huff to receive, after 2008, the same pay as our other nonemployee directors during the period that Mr. Huff continues to serve as one of our directors, (in addition to the \$400,000 amount per year while Mr. Huff continues to serve as Chairman of the Board during the Post-Employment Service Period), to provide compensation for the understanding that Mr. Huff would provide services in addition to those normally provided by a chairman of the board; and

in the event of Mr. Huff's disability, the provision of the same acceleration of payment of the benefits payable to him for the ten years following the Post-Employment Service Period as would be available in the event of his death or a change of control (a lump-sum, undiscounted payment).

In December 2008, acting pursuant to a recommendation of the Compensation Committee, our Board of Directors approved an amendment of the Amended Service Agreement to address requirements of Section 409A of the Internal Revenue Code. The amendment addressed the time and form of payment requirements of Section 409A and removed the dollar limitation on reimbursement of legal fees.

Also as part of the negotiated arrangements relating to Mr. Huff's retirement benefits, the Compensation Committee authorized and approved our establishment of an irrevocable grantor trust, commonly known as a rabbi trust, to provide Mr. Huff greater assurance that we would set aside an adequate source of funds to fund the payment of the post-retirement benefits under the Amended Service Agreement, including the medical coverage benefits payable to Mr. Huff, his spouse and their children for their lives. In connection with establishment of the rabbi trust, we contributed to the trust a life insurance policy on the life of Mr. Huff which we had previously obtained and we agreed to continue to pay the premiums due on that policy. When the life insurance policy matures, the proceeds of the policy will become assets of the trust. If the value of trust assets exceeds \$4 million, as adjusted by the consumer price index, at any time after January 1, 2012, the excess may be paid to us. However, because the trust is irrevocable, the assets of the trust are generally not otherwise available to fund our future operations until the trust terminates, which is not expected to occur during the lives of Mr. Huff, his spouse or his children. Furthermore, no tax deduction will be available for our contributions to the trust; however, we may benefit from future tax deductions for benefits actually paid from the trust (although benefit payments from the trust are not expected to occur in the near term, because we expect to make direct payments of those benefits for the foreseeable future).

As we previously described, in 2001 we entered into a Change-of-Control Agreement with Mr. Huff, who was then serving as our Chairman of the Board and Chief Executive Officer, upon terms and conditions substantially the same as the Change-of-Control Agreement described in the Compensation Discussion and Analysis Change-of-Control Agreements, except as described below. Mr. Huff's Change-of-Control Agreement replaced his prior senior executive and supplemental senior executive agreements. While Mr. Huff is nonexecutive Chairman of the Board, a termination

of his service for any reason other than his refusal to serve as nonexecutive Chairman of the Board would entitle Mr. Huff to the severance package under his agreement. The calculated minimum amount for determining the amount of the severance package under the change of control agreement described in the Compensation Discussion and Analysis Change-of-Control Agreements is applicable to Mr. Huff for any termination occurring during his service as nonexecutive Chairman of the Board. Any payment of the change-of-control severance package to Mr. Huff would not

reduce any benefits or compensation due Mr. Huff under the Amended Service Agreement; provided, however, that the benefit in the Change-of-Control Agreement regarding benefits under compensation plans and other benefits payable for three years are not provided under the Change-of-Control Agreement to Mr. Huff to the extent they are duplicative of benefits provided to him under the Amended Service Agreement.

Assuming a December 31, 2009 termination date of Mr. Huff serving as our Chairman of the Board (for reasons other than his refusal to serve as our Chairman of the Board) for any reason other than we have failed to fulfill our obligations under his Amended Service Agreement, and, where applicable using the closing sale price of our Common Stock of \$58.52 on December 31, 2009 (as reported by the New York Stock Exchange), potential payments to Mr. Huff consist of: \$8,000,000, which reflects \$800,000 per year payable in advance for ten years provided in the event of Mr. Huff's death, disability or a change of control, all unpaid amounts would be accelerated and become payable in a non-discounted lump-sum payment; \$10,297,937, which reflects: (1) the value of shares of Common Stock that would be delivered for each outstanding vested and unvested restricted stock unit pursuant to Mr. Huff's Amended Service Agreement, his 2002, 2007, 2008 and 2009 Restricted Stock Unit Agreements and his Change-of-Control Agreement; (2) the value of the tax-assistance payment that would be provided pursuant to his Amended Service Agreement, his 2002 Restricted Stock Agreement and, if applicable, his Change-of-Control Agreement; and (3) a cash payment for outstanding performance units under his 2007, 2008 and 2009 Performance Unit Agreements at the maximum goal level of \$125 per unit, pursuant to his Amended Service Agreement. If termination of Mr. Huff's service as our Chairman of the Board is the result of a change of control, an additional amount of \$4,650,000 would be payable as described above. Based upon these amounts, Mr. Huff would not be subject to an excise tax liability. However, whether an excise tax liability will arise in the future will depend on the facts and circumstances in existence at the time a change-of-control payment becomes payable. We have agreed to reimburse Mr. Huff for all such excise taxes that may be imposed and any income taxes and excise taxes that may become payable as a result of the reimbursement.

Assuming a December 31, 2009 termination date of Mr. Huff serving as our Chairman of the Board as a result of his refusal to serve as our Chairman of the Board for any reason other than we have failed to fulfill our obligations under his Amended Service Agreement, Mr. Huff would not receive the above described severance payments; would forfeit all unvested restricted stock units and performance units that were awarded to him and potential payments to Mr. Huff would have consisted of \$5,627,667, which reflects: (1) the value of shares of common stock using the closing sale price of our common stock of \$58.52 per share on December 31, 2009 (as reported by the New York Stock Exchange), that would be delivered for each outstanding vested restricted stock unit under Mr. Huff's 2007, 2008 and 2009 Restricted Stock Unit Agreements; and (2) a cash payment for outstanding vested performance units under Mr. Huff's 2007, 2008 and 2009 Performance Unit Agreements at the target goal level of \$100 per unit, pursuant to the Amended Service Agreement. These outstanding restricted stock units and performance units are vested by reason of Mr. Huff having met age and years of service requirements.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Our Board of Directors adopted a written policy with respect to related-person transactions to document procedures pursuant to which such transactions are reviewed and approved or ratified. The policy applies to any transaction in which (1) Oceaneering or any of its subsidiaries is a participant; (2) any related person has a direct or indirect material interest; and (3) the amount involved exceeds \$120,000, but excludes any transaction that does not require disclosure under Item 404(a) of Regulation S-K promulgated by the SEC. Under the policy, related persons include our directors, nominees to become a director, executive officers, beneficial owners of 5% or more of our voting securities, immediate family members of any of the foregoing persons, and any entity in which any of the foregoing persons is employed as an executive officer or is a partner or principal or in a similar position or in which such person has a 5% or greater beneficial ownership. Our policy includes a process to monitor related-person transactions and, if a determination is made that a proposed transaction or category of transaction is a related person transaction, a submission is made to the Nominating and Corporate Governance Committee, which will consider all of the relevant facts and circumstances available and evaluate whether to approve or ratify the transaction.

Except as set forth in this Proxy Statement, no director or executive officer of Oceaneering or nominee for election as a director of Oceaneering, or holder of more than 5% of the outstanding shares of Common Stock, and no member

of the immediate family of any such director, nominee, officer or security holder, to our knowledge, had any material interest in any transaction during the year ended December 31, 2009, or in any currently proposed transaction, to which Oceaneering or any subsidiary of Oceaneering was or is a party in which the amount involved exceeds \$120,000.

No director or executive officer of Oceaneering who has served in such capacity since January 1, 2009 or any associate of any such director or officer, to the knowledge of the executive officers of Oceaneering, has any material interest in any matter proposed to be acted on at the 2010 Annual Meeting of Shareholders, other than as described in this Proxy Statement.

PROPOSAL 2

Approval of the 2010 Incentive Plan

Our Board of Directors adopted the 2010 Incentive Plan of Oceaneering International, Inc. (the 2010 Incentive Plan) on February 19, 2010, subject to the approval of our stockholders at the 2010 Annual Meeting. The Board of Directors believes the 2010 Incentive Plan will be important in achieving the benefits arising from ownership of shares of Common Stock by key employees of Oceaneering and its subsidiaries and directors of Oceaneering. The 2010 Incentive Plan is an important part of the compensation program for those eligible persons and we believe it will help us attract and retain highly qualified employees and directors. Share ownership through the 2010 Incentive Plan will encourage the sense of proprietorship and create additional incentives for employees and directors to use their best efforts to contribute to the achievement of our long-term success. Approval of the 2010 Incentive Plan will allow us to continue to make awards which are deductible under Code Section 162(m). The following description of the 2010 Incentive Plan is a summary of various provisions and is qualified in its entirety by reference to the 2010 Incentive Plan, which is attached to this Proxy Statement as Appendix A.

Summary of the 2010 Incentive Plan

The 2010 Incentive Plan is designed to help us attract and retain key employees and directors, to encourage the sense of proprietorship of those persons in our company and to stimulate the active interest of those persons in the development and financial success of Oceaneering and its subsidiaries. The 2010 Incentive Plan is administered by the Compensation Committee of our Board of Directors (the Committee), except that our full Board of Directors administers awards for our nonemployee directors. The 2010 Incentive Plan provides for various types of awards to be granted to participants. Under the 2010 Incentive Plan, options to purchase shares of Common Stock and stock appreciation rights may be granted; however, per share exercise prices cannot be less than the fair market value per share of our Common Stock on the date of grant. Options and stock appreciation rights must have fixed terms no longer than seven years. Repricing of options and stock appreciation rights is prohibited under the 2010 Incentive Plan; similarly, options and stock appreciation rights may not be cancelled in exchange for cash or other awards. In addition, the 2010 Incentive Plan permits grants of shares of Common Stock or of rights to receive shares of Common Stock, or their cash equivalent or a combination of both, including restricted and unrestricted stock, on such terms as the Committee may determine. Any stock award which is not performance-based generally must be restricted for at least one year and earlier vesting of such stock award is limited to events of death, disability, retirement or Change of Control (as defined below). A stock award made in lieu of salary or bonus is not subject to the one-year restriction. The 2010 Incentive Plan also provides for cash awards.

Shares Reserved. The 2010 Incentive Plan currently provides that the number of shares of Common Stock as to which awards may be granted is 1,600,000 shares. There are up to 529,500 shares of Common Stock that are subject to awards as of March 19, 2010 under the 2005 Incentive Plan of Oceaneering International, Inc. (the 2005 Incentive Plan). However, if any of the awards outstanding under the 2005 Incentive Plan are cancelled, terminated, forfeited or expire unexercised, these shares will also be available for awards under the 2010 Incentive Plan. No further awards will be made under the 2005 Incentive Plan (assuming stockholders timely approve the 2010 Incentive Plan). Oceaneering adopted prior incentive plans in 2002. Under those plans, 72,200 shares of Common Stock remain subject to outstanding awards as of March 19, 2010. Those shares are not available for awards under the 2010 Incentive Plan, and no additional awards may be made under those prior incentive plans. Awards outstanding under the 2005 Incentive Plan and the prior incentive plans include 600,700 shares subject to restricted stock and stock unit awards and 1,000 shares subject to options with the weighted average exercise price of \$16.955 and the weighted average remaining contractual life of 2.2 years. For additional information on awards made and shares reserved under all our equity compensation plans, see the information under the caption Equity Compensation Plan Information in the Compensation of Executive Officers section of this proxy statement.

Although the 2010 Incentive Plan allows for the grant of options and stock appreciation rights, we expect to continue to deliver long-term incentives through the grant of restricted stock, restricted stock units, and performance units.

Award Limits. Under the 2010 Incentive Plan, no participant may be granted, in any one-year period: options or SARs that are exercisable for more than 600,000 shares of Common Stock; stock awards covering more than 600,000 shares of Common Stock; or cash awards having a value greater than \$10,000,000.

Adjustments. The 2010 Incentive Plan provides for appropriate adjustments in the number of shares of Common Stock subject to awards and available for future awards, as well as the maximum award limits under the 2010 Incentive Plan, in the event of changes in our outstanding Common Stock by reason of a merger, stock split or certain other events.

Selection of Participants. The Committee selects the employee participants and determines the number and type of awards to be granted to each such participant, and the full Board of Directors makes the same determinations with respect to nonemployee directors. Participants who may be granted awards under the 2010 Incentive Plan include any employee of Oceaneering or any of its subsidiaries and any nonemployee director of Oceaneering. As of December 31, 2009, Oceaneering and its subsidiaries collectively had approximately 7,900 employees, including six executive officers of Oceaneering, and Oceaneering had five nonemployee directors.

Awards may be granted as alternatives to or in replacement of (1) awards outstanding under the 2010 Incentive Plan or any other plan or arrangement of Oceaneering or any of its subsidiaries, or (2) awards outstanding under a plan or arrangement of a business or entity all or part of which is acquired by Oceaneering or any of its subsidiaries; provided, however, that except for adjustments to account for certain corporate transactions, the grant price of any option or stock appreciation right shall not be decreased, including by means of issuance of a substitute option or stock appreciation right with a lower grant price or by exchange of an option or stock appreciation right for cash or other awards. The Committee may include provisions in awards for the payment or crediting of interest or dividend equivalents, including converting those credits into deferred share equivalents.

Stock Options. The Committee determines, in connection with each option granted to employees, the exercise price, whether that price is payable in cash (and whether that may include proceeds of a sale assisted by a third party) or shares of Common Stock or both, the terms and conditions of exercise, the expiration date, whether the option will qualify as an incentive stock option under the Internal Revenue Code of 1986, as amended (the Code) or a nonqualified stock option, restrictions on transfer of the option, and other provisions not inconsistent with the 2010 Incentive Plan. The term of an option will not exceed seven years from the date of grant. The full Board of Directors makes the same determinations with respect to nonqualified options granted to nonemployee directors.

Stock Appreciation Rights. The Committee is authorized to grant stock appreciation rights, or SARs, to employees and the full Board of Directors may grant SARs to nonemployee directors. Every SAR entitles the participant, on exercise of the SAR, to receive in cash or shares of Common Stock a value equal to the excess of the fair market value of a specified number of shares of Common Stock, at the time of exercise, over the exercise price established by the Committee or Board of Directors, as applicable. The term of a SAR will not exceed seven years from the date of grant. A SAR may be granted in tandem with an option, subject to such terms and restrictions as established by the Committee or Board of Directors, as applicable.

Stock Awards and Cash Awards. The 2010 Incentive Plan authorizes the Committee to grant employees stock awards (consisting of shares of Common Stock or of a right to receive shares of Common Stock, or their cash equivalent or a combination of both, in the future) and cash awards, and the Board of Directors is authorized to make such grants to nonemployee directors. Those awards may be subject to the terms and conditions, restrictions and contingencies, not inconsistent with the 2010 Incentive Plan, as may be determined by the Committee or Board of Directors, as applicable. Among other things, stock awards and cash awards under the 2010 Incentive Plan can be conditioned on the achievement of single or multiple performance goals.

Performance Awards. Any award available under the 2010 Incentive Plan may be made as a performance award. Performance awards not intended to qualify as qualified performance-based compensation under Code Section 162(m) will be based on achievement of such goals and will be subject to such terms, conditions and restrictions as the Committee (or the Board of Directors with respect to nonemployee director awards) will determine. Performance awards granted under the 2010 Incentive Plan that are intended to qualify as qualified performance-based compensation under Code Section 162(m) will be paid, vested or otherwise deliverable solely on account of the attainment of one or more pre-established, objective performance goals established by the Committee. The

performance goals may be cumulative, annual or end-of-performance period goals, may be relative to a peer group or based on changes or maintenance relative to stated values, and may be based on any one or more of the following measures: absolute and/or relative return measures (including, but not limited to, return on assets, capital, invested capital, equity, sales or revenues); absolute or relative safety performance or measurements; book value per share; cash flow (including, but not limited to, operating cash flow,

free cash flow or cash flow return on capital or investments); controlling or reducing various business costs; credit rating; customer satisfaction; debt to capital ratio; earnings or derivatives thereof (including, but not limited to, earnings before interest and taxes, earnings before interest, taxes, depreciation and amortization, and earnings per share); economic value added (or an equivalent measure); gross operating or net margins; income (including, but not limited to, operating income and net income); maintaining certain levels of debt and interest expense; market share; revenue; and stock price measure (including, but not limited to, stock price, growth measure and total stockholder return). Unless otherwise stated, a performance goal need not be based on an increase or positive result under a particular business criterion and could include, for example, maintaining the status quo or limiting economic losses (measured, in each case, by reference to specific business criteria).

The performance measures described above are included in the 2010 Incentive Plan to enable the Committee to make stock awards or cash awards that qualify as qualified performance-based compensation under Code Section 162(m). The Committee can satisfy such requirements by, among other things, including provisions in awards that will make them payable solely on account of the attainment of one or more pre-established, objective performance goals based on performance measures that have been approved by our stockholders. Although the Committee does not have to include such provisions in awards, the inclusion of such provisions and compliance with certain other requirements of Code Section 162(m) would enable us to take a tax deduction for the related compensation that we might not otherwise be able to take.

Director Awards. The Board of Directors may grant nonemployee directors of Oceaneering generally awards in accordance with the same terms governing all other awards under the 2010 Incentive Plan; however, incentive options may not be granted to non-employee directors.

Accelerated Vesting on a Change of Control. The treatment of awards on the occurrence of a Change of Control will be determined in the sole discretion of the Committee or the Board of Directors and will be described in the applicable award agreements. Such treatment may include the acceleration of vesting or the lapse of restrictions on the occurrence of a Change of Control or upon termination of employment following a Change of Control. In general, for purposes of the 2010 Incentive Plan, a Change of Control is defined as occurring if:

- (a) any person is or becomes the beneficial owner (as defined in Rule 13d-3 under the Exchange Act), directly or indirectly, of our securities representing 20% or more of the combined voting power of our outstanding voting securities, other than through the purchase of voting securities directly from a private placement by us;
 - the current members of our Board, or subsequent members approved by at least two-thirds of the current members, no longer comprise a majority of our Board;
 - our company is merged or consolidated with another corporation or entity, and our shareholders own less than 60% of the outstanding voting securities of the surviving or resulting corporation or entity;
 - the consummation of either a tender offer or exchange offer by a person other than us for the ownership of 20% or more of our voting securities; or
 - there has been a disposition of all or substantially all of our assets; and
- (b) no change of control shall be deemed to occur unless the event would be considered a change of control under Code Section 409A.

Transferability. Except as otherwise specified in a participant's award agreement, no award granted pursuant to, and no right to payment under, the 2010 Incentive Plan will be assignable or transferable by a participant except by will or by the laws of descent and distribution or pursuant to a qualified domestic relations order, and any right granted under the 2010 Incentive Plan will be exercisable during a participant's lifetime only by the participant or by the participant's guardian or legal representative.

Duration; Plan Amendments. The 2010 Incentive Plan has a term of ten years from the date of stockholder approval. The Board of Directors may at any time amend, suspend or terminate the 2010 Incentive Plan (and the Committee may amend or modify an Award Agreement) but in doing so cannot adversely affect any outstanding award without the participant's written consent or make any amendment without stockholder approval, to the extent such stockholder approval is required by applicable legal requirements. If the stockholders of the Company fail to approve the 2010 Incentive Plan on or before June 30, 2010, the 2010 Incentive Plan will be of no force and effect, any awards made under the 2010 Incentive Plan will be null and void, and awards may be made under the 2005 Incentive Plan.

Certain Federal Income Tax Consequences of Awards Under the 2010 Incentive Plan

The following summary is based on current interpretations of existing federal income tax laws. The discussion below is not purported to be complete, and it does not discuss the tax consequences arising in the context of the participant's death or the income tax laws of any local, state or foreign country in which a participant's income or gain may be taxable.

Options. Some of the options issuable under the 2010 Incentive Plan may constitute incentive stock options within the meaning of Code Section 422, while other options granted under the 2010 Incentive Plan may be nonqualified stock options. The Code provides for special tax treatment of stock options qualifying as incentive stock options, which may be more favorable to employees than the tax treatment accorded nonqualified stock options. On grant of either form of option, the optionee will not recognize income for tax purposes and Oceaneering will not receive any deduction. Generally, on the exercise of an incentive stock option, the optionee will recognize no income for U.S. federal income tax purposes. However, the difference between the exercise price of the incentive stock option and the fair market value of the shares at the time of exercise is a tax preference item that may require payment of an alternative minimum tax. On the sale of shares of Common Stock acquired by exercise of an incentive stock option (assuming that the sale does not occur within two years of the date of grant of the option or within one year from the date of exercise), any gain will be taxed to the optionee as long-term capital gain. In contrast, on the exercise of a nonqualified option, the optionee recognizes taxable income (subject to withholding) in an amount equal to the difference between the fair market value of the shares of Common Stock acquired on the date of exercise and the exercise price. On any sale of those shares by the optionee, any difference between the sale price and the fair market value of the shares on the date of exercise of the nonqualified option will be treated generally as capital gain or loss. No deduction is available to Oceaneering on the exercise of an incentive stock option (although a deduction may be available if the employee sells the shares acquired on exercise before the applicable holding period expires); however, on exercise of a nonqualified stock option, Oceaneering is entitled to a deduction in an amount equal to the income recognized by the employee. Except in the case of the death or disability of an optionee, an optionee has three months after termination of employment in which to exercise an incentive stock option and retain favorable tax treatment on exercise. An option exercised more than three months after an optionee's termination of employment other than on death or disability of an optionee cannot qualify for the tax treatment accorded incentive stock options. Any such option would be treated as a nonqualified stock option for tax purposes.

Stock Appreciation Rights. The amount of any cash or the fair market value of any shares of Common Stock received by the holder on the exercise of SARs under the 2010 Incentive Plan will be subject to ordinary income tax in the year of receipt, and Oceaneering will be entitled to a deduction for that amount.

Stock Awards. A grant of shares of Common Stock that is not subject to vesting restrictions will result in taxable income for federal income tax purposes to the participant at the time of grant in an amount equal to the fair market value of the shares. A grant of a right to receive shares of Common Stock or cash in lieu of the shares will result in taxable income for federal income tax purposes to the participant at the time the award is settled in an amount equal to the fair market value of the shares or the amount of cash awarded. Oceaneering will be entitled to a corresponding deduction at that time for the amount included in the participant's income.

Generally, a grant of shares of Common Stock under the 2010 Incentive Plan subject to vesting and transfer restrictions will not result in taxable income to the participant for federal income tax purposes or a tax deduction to Oceaneering in the year of grant. The value of the shares will generally be taxable to the participant as compensation income in the year in which the restrictions on the shares lapse. Such value will be the fair market value of the shares

as to which the restrictions lapse on the date those restrictions lapse. Any participant, however, may elect pursuant to Code Section 83(b) to treat the fair market value of the restricted shares on the date of grant as compensation income in the year of grant, provided the Committee permits the election and the participant makes the election pursuant to Code Section 83(b) within 30 days after the date of grant. In any case, Oceaneering will receive a deduction for federal income tax purposes corresponding in amount to the amount of compensation included in the participant's income in the year in which that amount is so included.

A participant's tax basis in vested shares of Common Stock purchased under the 2010 Incentive Plan is equal to the sum of the price paid for the shares, if any, and the amount of ordinary income recognized by the participant on the transfer of vested shares. The participant's holding period for the shares begins just after the transfer to the participant of vested shares. If a participant sells shares, any difference between the amount realized in the sale and the participant's tax basis in the shares is taxed as long-term or short-term capital gain or loss (provided the shares are held as a capital asset on the date of sale), depending on the participant's holding period for the shares.

Cash Awards. Cash awards under the 2010 Incentive Plan are taxable income to the participant for federal income tax purposes at the time of payment. The participant will have compensation income equal to the amount of cash paid, and Oceaneering will have a corresponding deduction for federal income tax purposes.

Certain Tax Code Limitations on Deductibility. In order for Oceaneering to deduct the amounts described above, such amounts must constitute reasonable compensation for services rendered or to be rendered and must be ordinary and necessary business expenses. The ability to obtain a deduction for future payments under the 2010 Incentive Plan could also be limited by Code Section 280G, which provides that certain excess parachute payments made in connection with a change of control of an employer are not deductible. The ability to obtain a deduction for amounts paid under the 2010 Incentive Plan could also be affected by Code Section 162(m), which limits the deductibility, for U.S. federal income tax purposes, of compensation paid to certain employees to \$1 million during any taxable year. However, certain exceptions apply to this limitation in the case of qualified performance-based compensation. It is intended that the approval of the 2010 Incentive Plan by our stockholders will satisfy the stockholder approval requirement for the performance-based exception and we will be able to comply with the requirements of the Code and Treasury Regulation Section 1.162-27, as it relates to the grant and payment of certain performance-based awards (including options and SARs) under the 2010 Incentive Plan, so as to be eligible for the performance-based exception. In certain cases, Oceaneering may determine it is in its best interests to not satisfy the requirements for the performance-based exception.

Code Section 409A. Code Section 409A generally provides that deferred compensation subject to Code Section 409A that does not meet the requirements for an exemption from Code Section 409A must satisfy specific requirements, both in operation and in form, regarding: (1) the timing of payment; (2) the election of deferrals; and (3) restrictions on the acceleration of payment. Failure to comply with Code Section 409A may result in the early taxation (plus interest) to the participant of deferred compensation and the imposition of a 20% penalty on the participant on the deferred amounts included in the participant's income. We intend to structure awards under the Plan to be exempt from or comply with Code Section 409A.

Awards Granted Under the 2010 Incentive Plan

The benefits that will be received under the 2010 Incentive Plan by particular individuals or groups are not determinable at this time. Although not necessarily indicative of future grants that may be made under the 2010 Incentive Plan, please see the above "Grants of Plan-Based Awards" table with respect to awards of restricted stock units and performance units to Named Executive Officers in 2009.

Vote Required and Board Recommendation

In accordance with our bylaws, the adoption of the proposal to approve the 2010 Incentive Plan requires the affirmative vote of a majority of the shares of Common Stock present in person or by proxy and entitled to vote on this proposal at the 2010 Annual Meeting. Because abstentions are counted as present for purposes of the vote on this proposal but are not votes "FOR" this proposal, they have the same effect as votes "AGAINST" this proposal. Broker non-votes will have no effect on the vote.

The Board of Directors urges the stockholders to vote FOR approval of the 2010 Incentive Plan. The persons named in the accompanying proxy intend to vote such proxy FOR approval of the 2010 Incentive Plan, unless a contrary choice is set forth thereon or unless an abstention or broker non-vote is indicated thereon.

PROPOSAL 3

Ratification of Appointment of Independent Auditors

Subject to ratification by the shareholders, the Audit Committee of the Board of Directors has appointed Ernst & Young LLP, independent certified public accountants, as independent auditors of Oceaneering for the year ending December 31, 2010. Representatives of Ernst & Young LLP will be present at the meeting, will be given the opportunity to make a statement if they so desire and will be available to respond to appropriate questions of any shareholders.

In accordance with our bylaws, the approval of the proposal to ratify the appointment of Ernst & Young LLP as independent auditors of Oceaneering for the year ending December 31, 2010 requires the affirmative vote of a majority of the shares of Common Stock voted on this proposal at the meeting. Accordingly, abstentions and broker non-votes marked on proxy cards will not be included in the tabulation of votes cast on this proposal.

The persons named in the accompanying proxy intend to vote such proxy in favor of the ratification of the appointment of Ernst & Young LLP as independent auditors of Oceaneering for the year ending December 31, 2010, unless a contrary choice is set forth thereon or unless an abstention or broker non-vote is indicated thereon.

The following table shows the fees incurred by Oceaneering for the audit and other services provided by Ernst & Young LLP for 2009 and 2008.

Fees Incurred by Oceaneering for Ernst & Young LLP	2009	2008
Audit Fees (1)	\$ 2,232,000	\$ 2,526,000
Audit-Related Fees (2)	58,000	142,000
Tax Fees (3)	24,000	34,000
All Other Fees (4)	2,000	2,000
Total	\$ 2,316,000	\$ 2,704,000

- (1) Audit Fees represent fees for professional services provided in connection with:
- (a) the audit of our financial statements for the years indicated and the reviews of our financial statements included in our Forms 10-Q during those years; and (b) audit services provided in connection with other statutory

or regulatory filings.

- (2) Audit-Related Fees consisted of accounting, consultation services, employee benefit plan audits, services related to due diligence for business transactions, and statutory and regulatory compliance.
- (3) Tax Fees consisted of tax compliance and consultation fees.
- (4) All Other Fees consisted of a subscription to Ernst & Young LLP's informational on-line service.

The Audit Committee has concluded that Ernst & Young LLP's provision of services that were not related to the audit of our financial statements in 2009 was compatible with maintaining that firm's independence from us.

The Audit Committee has established a policy that requires pre-approval of the audit and non-audit services performed by our independent auditors. Unless a service proposed to be provided by the independent auditors has been pre-approved by the Audit Committee under its pre-approval policies and procedures, it will require specific pre-approval of the engagement terms by the Audit Committee. Under the policy, pre-approved service categories are generally provided for up to 12 months and must be detailed as to the particular services provided and sufficiently specific and objective so that no judgments by management are required to determine whether a specific service falls within the scope of what has been pre-approved. In connection with any pre-approval of services, the independent auditors are required to provide detailed back-up documentation concerning the specific services to be provided. The Audit Committee does not delegate to management any of its responsibilities to pre-approve services performed by our independent auditors.

None of the services related to the Audit-Related Fees, Tax Fees or All Other Fees described above were approved by the Audit Committee pursuant to the waiver of pre-approval provisions set forth in applicable rules of the SEC.

The Audit Committee has delegated to the Chairman of the Audit Committee the authority to pre-approve audit-related and non-audit-related services not prohibited by law to be performed by Ernst & Young LLP, provided that the Chairman is required to report any decisions to pre-approve such audit-related or non-audit-related services and fees to the full Audit Committee at its next regular meeting.

The Committee may make an Award to an individual who it expects to become an employee of the Company or any of its Subsidiaries within the six months following the date the Award is made, with such Award being subject to the individual's actually becoming an employee within such time period, and subject to such other terms and conditions as may be established by the Committee. The Committee may correct any defect or supply any omission or reconcile any inconsistency in this Plan or in any Award in the manner and to the extent the Committee deems necessary or desirable to further the purposes of this Plan. Any decision of the Committee in the interpretation and administration of this Plan shall lie within its sole and absolute discretion and shall be final, conclusive and binding on all parties concerned.

Awards may consist of those listed in this paragraph 8 and may be granted singly, in combination or in tandem. Awards may also be made in combination or in tandem with, in replacement of, or as alternatives to, grants or rights under this Plan or any other plan of the Company or any of its Subsidiaries, including this Plan of any acquired entity; provided that, except as contemplated in paragraph 15 hereof, no Option or SAR may be issued in exchange for the cancellation of an Option or SAR, respectively, with a higher exercise price nor may the exercise price of any Option or SAR be reduced. All or part of an Award may be subject to conditions established by the Committee, which may include, but are not limited to, continuous service with the Company and its Subsidiaries, achievement of specific business objectives, increases in specified indices, attainment of specified growth rates and other measurements of performance. Upon the termination of employment by a Participant who is an Employee, any unexercised, deferred, unvested or unpaid Awards shall be treated as set forth in the applicable Award Agreement.

The price at which shares of Common Stock may be purchased upon the exercise of an Option shall be not less than the Fair Market Value of the Common Stock on the date of grant. The term of an Option shall not exceed seven years from the date of grant. Subject to the foregoing provisions, the terms, conditions and limitations applicable to any Options awarded pursuant to this Plan, including the term of any Options and the date or dates upon which such Options become exercisable, shall be determined by the Committee.

The strike price for a SAR shall not be less than the Fair Market Value of the Common Stock on the date on which the SAR is granted. The term of a SAR shall not exceed seven years from the date of grant. Subject to the foregoing limitations, the terms, conditions and limitations applicable to any SARs awarded pursuant to this Plan, including the term of any SARs and the date or dates upon which such SARs become exercisable, shall be determined by the Committee. As of the date of grant of a SAR, the Committee may specifically designate that the Award will be paid (i) only in cash, (ii) only in Common Stock, or (iii) in such other form or combination of forms as the Committee may elect or permit at the time of exercise.

(c) *Stock Award.* An Award may be in the form of a Stock Award. The terms, conditions and limitations applicable to any Stock Awards granted pursuant to this Plan shall be determined by the Committee, subject to the limitations specified below. Any Stock Award which is not a Performance Award shall have a minimum Restriction Period of one year from the date of grant, provided that (i) the Committee may provide for earlier vesting following a Change of Control or upon termination of a Participant's employment or service by reason of death, disability or retirement, (ii) such one-year minimum Restriction Period shall not apply to a Stock Award that is granted in lieu of salary or bonus, and (iii) vesting of a Stock Award may occur incrementally over the one-year minimum Restriction Period.

(e) *Performance Award.* Without limiting the type or number of Awards that may be made under the other provisions of this Plan, an Award may be in the form of a Performance Award. The terms, conditions and limitations applicable to any Performance Awards granted to Participants pursuant to this Plan shall be determined by the Committee, subject to the limitations specified below. Any Stock Award which is a Performance Award shall have a minimum Restriction Period of one year from the date of grant, provided that the Committee may provide for earlier vesting following a Change of Control, or upon a termination of a Participant's employment or service by reason of death, disability

Appendix A

or retirement. The Committee shall set Performance Goals in its discretion which, depending on the extent to which such Performance Goals are met, will determine the value and/or amount of Performance Awards that will be paid out to the Participant and/or the portion of an Award that may be exercised.

(i) **Nonqualified Performance Awards.** Performance Awards granted to Employees or Directors that are not intended to qualify as qualified performance-based compensation under Section 162(m) of the Code shall be based on achievement of such Performance Goals and be subject to such terms, conditions and restrictions as the Committee or its delegate shall determine.

(ii) **Qualified Performance Awards.** Performance Awards granted to Employees under this Plan that are intended to qualify as qualified performance-based compensation under Section 162(m) of the Code shall be paid, vested or otherwise deliverable solely on account of the attainment of one or more pre-established, objective Performance Goals established by the Committee prior to the earlier to occur of (1) 90 days after the commencement of the period of service to which the Performance Goal relates and (2) the lapse of 25% of the period of service (as scheduled in good faith at the time the goal is established), and in any event while the outcome is substantially uncertain. A Performance Goal is objective if a third party having knowledge of the relevant facts could determine whether the goal is met. Such a Performance Goal may be based on one or more business criteria that apply to the Employee, one or more business units, divisions or sectors of the Company, or the Company as a whole, and if so desired by the Committee, by comparison with a peer group of companies. A Performance Goal may include one or more of the following: absolute and/or relative return measures (including, but not limited to, return on assets, capital, invested capital, equity, sales or revenues); absolute or relative safety performance or measurements; book value per share; cash flow (including, but not limited to, operating cash flow, free cash flow or cash flow return on capital or investments); controlling or reducing various business costs; credit rating; customer satisfaction; debt to capital ratio; earnings or derivatives thereof (including, but not limited to, earnings before interest and taxes, earnings before interest, taxes, depreciation and amortization, and earnings per share); economic value added (or an equivalent measure); gross operating or net margins; income (including, but not limited to, operating income and net income); maintaining certain levels of debt and interest expense; market share; revenue; and stock price measure (including, but not limited to, stock price, growth measure and total stockholder return). Unless otherwise stated, such a Performance Goal need not be based upon an increase or positive result under a particular business criterion and could include, for example, maintaining the status quo or limiting economic losses (measured, in each case, by reference to specific business criteria). In interpreting Plan provisions applicable to Qualified Performance Awards, it is the intent of this Plan to conform with the standards of Section 162(m) of the Code and Treasury Regulation §1.162-27(e)(2)(i), as to grants to those Employees whose compensation is, or is likely to be, subject to Section 162(m) of the Code, and the Committee in establishing such goals and interpreting this Plan shall be guided by such provisions. Prior to the payment of any compensation based on the achievement of Performance Goals applicable to Qualified Performance Awards, the Committee must certify in writing that applicable Performance Goals and any of the material terms thereof were, in fact, satisfied. Subject to the foregoing provisions, the terms, conditions and limitations applicable to any Qualified Performance Awards made pursuant to this Plan shall be determined by the Committee.

9. *Awards to Directors.* The Board may grant a Nonemployee Director of the Company one or more Awards and establish the terms thereof in accordance with paragraph 8 and consistent with the provisions therein for the granting of Awards to Employees by the Committee. Any such Award shall be subject to the applicable terms, conditions and limitations set forth in this Plan and the applicable Award Agreement. Upon the termination of service by a Participant who is a Nonemployee Director, any unexercised, deferred, unvested or unpaid Awards shall be treated as set forth in the applicable Award Agreement.

Appendix A**10. Award Payment; Dividends and Dividend Equivalents.**

(a) *General.* Payment of Awards may be made in the form of cash or Common Stock, or a combination thereof, and may include such restrictions as the Committee shall determine, including, in the case of Common Stock, restrictions on transfer and forfeiture provisions. If payment of an Award is made in the form of Restricted Stock, the applicable Award Agreement relating to such shares shall specify whether such shares are to be issued at the beginning or end of the Restriction Period. In the event that shares of Restricted Stock are to be issued at the beginning of the Restriction Period, the certificates evidencing such shares (to the extent that such shares are so evidenced) shall contain appropriate legends and restrictions that describe the terms and conditions of the restrictions applicable thereto. In the event that shares of Restricted Stock are to be issued at the end of the Restriction Period, the right to receive such shares shall be evidenced by book entry registration or in such other manner as the Committee may determine.

(b) *Dividends, Dividend Equivalents and Interest.* Rights to dividends or Dividend Equivalents may be extended to and made part of any Award consisting of shares of Common Stock or units denominated in shares of Common Stock, subject to such terms, conditions and restrictions as the Committee may establish; provided that no such dividends or Dividend Equivalents shall be paid with respect to unvested Performance Awards. The Committee may also establish rules and procedures for the crediting of interest on deferred cash payments, dividends or Dividend Equivalents.

11. *Stock Option Exercise.* The price at which shares of Common Stock may be purchased under an Option shall be paid in full at the time of exercise in cash or, if elected by the Participant, the Participant may purchase such shares by means of tendering Common Stock or surrendering another Award, including Restricted Stock, valued at Fair Market Value on the date of exercise, or any combination thereof. The Committee shall determine acceptable methods for Participants to tender Common Stock or other Awards. The Committee may provide for procedures to permit the exercise or purchase of such Awards by use of the proceeds to be received from the sale of Common Stock issuable pursuant to an Award. Unless otherwise provided in the applicable Award Agreement, in the event shares of Restricted Stock are tendered as consideration for the exercise of an Option, a number of the shares issued upon the exercise of the Option, equal to the number of shares of Restricted Stock used as consideration therefor, shall be subject to the same restrictions as the Restricted Stock so submitted as well as any additional restrictions that may be imposed by the Committee.

12. *Taxes.* The Company shall have the right to deduct applicable taxes from any Award payment and withhold an appropriate amount of cash or number of shares of Common Stock or a combination thereof for payment of taxes required by law or to take such other action as may be necessary in the opinion of the Company to satisfy all obligations for withholding of such taxes. The Committee may also permit withholding to be satisfied by the transfer to the Company of shares of Common Stock theretofore owned by the holder of the Award with respect to which withholding is required. If shares of Common Stock are used to satisfy tax withholding, such shares shall be valued based on the Fair Market Value when the tax withholding is required to be made.

13. *Amendment, Modification, Suspension or Termination.* The Board may amend, modify, suspend or terminate this Plan (and the Committee may amend or modify an Award Agreement) for the purpose of meeting or addressing any changes in legal requirements or for any other purpose permitted by applicable law, except that (i) no amendment or alteration that would adversely affect the rights of any Participant under any Award previously granted to such Participant shall be made without the consent of such Participant and (ii) no amendment or alteration shall be effective prior to its approval by the stockholders of the Company to the extent stockholder approval is otherwise required by applicable legal requirements. Notwithstanding any provision in this Plan to the contrary, this Plan shall not be amended or terminated in such manner that would cause this Plan or any amounts or benefits payable hereunder to fail to comply with or be exempt from Section 409A, and any such amendment or termination that may reasonably be expected to result in such failure shall be of no force or effect.

14. *Assignability.* Unless otherwise determined by the Committee and provided in the Award Agreement, no Award or any other benefit under this Plan shall be assignable or otherwise transferable. Any attempted assignment of an Award or any other benefit under this Plan in violation of this paragraph 14 shall be null and void.

15. Adjustments.

(a) The existence of outstanding Awards shall not affect in any manner the right or power of the Company or its stockholders to make or authorize any or all adjustments, recapitalizations, reorganizations or other changes in the capital stock of the Company or its business or any merger or consolidation of the Company, or any issue of bonds, debentures, preferred or prior preference stock (whether or not such issue is prior to, on a parity with or junior to the Common Stock) or the dissolution or liquidation of the Company, or any sale or transfer of all or any part of its assets or business, or any other corporate act or proceeding of any kind, whether or not of a character similar to that of the acts or proceedings enumerated above.

(b) In the event of any subdivision or consolidation of outstanding shares of Common Stock, declaration of a dividend payable in shares of Common Stock or other stock split, then (i) the number of shares of Common Stock reserved under this Plan, (ii) the number of shares of Common Stock available under this Plan for Incentive Options and Stock Awards, (iii) the number of shares of Common Stock covered by outstanding Awards in the form of Common Stock or units denominated in Common Stock, (iv) the exercise or other price in respect of such Awards, (v) the Stock Based Award Limitations, and (vi) the appropriate Fair Market Value and other price determinations for such Awards shall each be proportionately adjusted by the Committee to reflect such transaction. In the event of any other recapitalization or capital reorganization of the Company, any consolidation or merger of the Company with another corporation or entity, the adoption by the Company of any plan of exchange affecting the Common Stock or any distribution to holders of Common Stock of securities or property (other than normal cash dividends or dividends payable in Common Stock), the Committee shall make appropriate adjustments to (1) the number of shares of Common Stock covered by Awards in the form of Common Stock or units denominated in Common Stock, (2) the exercise or other price in respect of such Awards, (3) the appropriate Fair Market Value and other price determinations for such Awards, (4) the number of shares of Common Stock available under this Plan for Incentive Options and Stock Awards, and (5) the Stock Based Award Limitations to give effect to such transaction; provided that such adjustments shall only be such as are necessary to maintain the proportionate interest of the holders of the Awards and preserve, without exceeding, the value of such Awards.

(c) In the event of a corporate merger, consolidation, acquisition of property or stock, separation, reorganization or liquidation, the Committee may make such adjustments to Awards or other provisions for the disposition of Awards as it deems equitable, and shall be authorized, in its discretion, to (i) provide for the substitution of a new Award or other arrangement (which, if applicable, may be exercisable for such property or stock as the Committee determines) for an Award or the assumption of the Award (and for awards not granted under this Plan), regardless of whether in a transaction to which Section 424(a) of the Code applies, (ii) provide, prior to the transaction, for the acceleration of the vesting and exercisability of, or lapse of restrictions with respect to, the Award and, if the transaction is a cash merger, provide for the termination of any portion of the Award that remains unexercised at the time of such transaction, (iii) provide for the acceleration of the vesting and exercisability of an Award and the cancellation thereof in exchange for such payment as the Committee, in its sole discretion, determines is a reasonable approximation of the value thereof, (iv) cancel any Awards and direct the Company to deliver to the Participants who are the holders of such Awards cash in an amount that the Committee shall determine in its sole discretion is equal to the Fair Market Value of such Awards as of the date of such event, which, in the case of any Option, shall be the amount equal to the excess of the Fair Market Value of a share as of such date over the per-share exercise price for such Option (for the avoidance of doubt, if such exercise price is less than such Fair Market Value, the Option may be canceled for no consideration), or (v) cancel Awards that are Options and give the Participants who are the holders of such Awards notice and opportunity to exercise prior to such cancellation.

(d) No adjustment authorized by this paragraph 15 shall be made in such manner that would result in this Plan or any amounts or benefits payable hereunder to fail to comply with or be exempt

Appendix A

from Section 409A, and any such adjustment that may reasonably be expected to result in such failure shall be of no force or effect.

16. *Restrictions.* No Common Stock or other form of payment shall be issued or made with respect to any Award unless the Company shall be satisfied based on the advice of its counsel that such issuance or other payment will be in compliance with all applicable federal and state securities laws. Certificates evidencing shares of Common Stock delivered under this Plan (to the extent that such shares are so evidenced) may be subject to such stop transfer orders and other restrictions as the Committee may deem advisable under the rules, regulations and other requirements of the Securities and Exchange Commission, any securities exchange or transaction reporting system upon which the Common Stock is then listed or to which it is admitted for quotation and any applicable federal or state securities law. The Committee may cause a legend or legends to be placed upon such certificates (if any) to make appropriate reference to such restrictions.

17. *Unfunded Plan.* This Plan shall be an unfunded plan. Although bookkeeping accounts may be established with respect to Participants who are entitled to cash, Common Stock or rights thereto under this Plan, any such accounts shall be used merely as a bookkeeping convenience. The Company shall not be required to segregate any assets that may at any time be represented by cash, Common Stock or rights thereto, nor shall this Plan be construed as providing for such segregation, nor shall the Company, the Board or the Committee be deemed to be a trustee of any cash, Common Stock or rights thereto to be granted under this Plan. Any liability or obligation of the Company to any Participant with respect to an Award of cash, Common Stock or rights thereto under this Plan shall be based solely upon any contractual obligations that may be created by this Plan and any Award Agreement, and no such liability or obligation of the Company shall be deemed to be secured by any pledge or other encumbrance on any property of the Company. None of the Company, the Board or the Committee shall be required to give any security or bond for the performance of any obligation that may be created by this Plan.

18. *Section 409A.* Notwithstanding anything in this Plan to the contrary, if any Plan provision or Award under this Plan would result in the imposition of an additional tax under Section 409A, that Plan provision or Award will be reformed to avoid imposition of the additional tax, including that any Award subject to 409A held by a specified employee that is settled upon termination of employment (for reasons other than death) shall be delayed in payment until the expiration of six months, and no action taken to comply with Section 409A shall be deemed to adversely affect the Participant's rights to an Award. Awards made under this Plan are intended to comply with or be exempt from Section 409A, and ambiguous provisions hereof, if any, shall be construed and interpreted in a manner consistent with such intent. No payment, benefit or consideration shall be substituted for an Award if such action would result in the imposition of taxes under Section 409A.

19. *Governing Law.* This Plan and all determinations made and actions taken pursuant hereto, to the extent not otherwise governed by mandatory provisions of the Code or the securities laws of the United States, shall be governed by and construed in accordance with the laws of the State of Delaware.

20. *Effectiveness.* This Plan, as approved by the Board on February 19, 2010, shall be effective as of the Effective Date. This Plan shall continue in effect for a term of 10 years commencing on the Effective Date, unless earlier terminated by action of the Board.

Notwithstanding the foregoing, the adoption of this Plan is expressly conditioned upon the approval by the holders of a majority of shares of Common Stock present, or represented, and entitled to vote at a meeting of the Company's stockholders on or before June 30, 2010. If the stockholders of the Company should fail to so approve this Plan on or before such date, (i) this Plan shall not be of any force or effect, (ii) any grants of Awards hereunder shall be null and void, and (iii) awards may be made under the Prior Plan.
