QUESTIONS AND ANSWERS ABOUT THE PROXY MATERIALS AND THE ANNUAL MEETING

1. Q: Why am I receiving this Proxy Statement and the other enclosed materials?

A: The Board is providing these materials to you in connection with, and soliciting proxies for use at, the Annual Meeting, which will take place on September 14, 2010. As a stockholder on the Record Date, you are invited to attend the Annual Meeting and you are requested to vote on each of the proposals described in this Proxy Statement. You do not need to attend the Annual Meeting to vote your shares.

2. Q: What information is included in this Proxy Statement?

A: The information included in this Proxy Statement relates to, among other things, the proposals to be voted on at the Annual Meeting, the voting process and the compensation of the Company's directors and executive officers.

3. Q: What proposals will be voted on at the Annual Meeting?

A: (1) The election of the two directors named in this Proxy Statement to serve on the Board until the 2013 Annual Meeting of Stockholders; and

(2) The ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the Company's 2011 fiscal year.

4. Q: How does the Board recommend I vote on each of the proposals?

A: The Board recommends that you vote your shares **FOR** all of its nominees to the Board, and **FOR** the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for the Company's 2011 fiscal year.

5. Q: Who is entitled to vote at the Annual Meeting?

A: Holders of the Company's common stock as of July 27, 2010 are entitled to vote at the Annual Meeting.

6. Q: How many votes is each share of common stock entitled to?

A: Each share of Company common stock outstanding as of the Record Date is entitled to one vote. As of the Record Date, there were 46,434,732 shares of Company common stock issued and outstanding.

7. Q: How do I vote?

A: You can vote in person at the Annual Meeting or by proxy. There are three ways to vote by proxy:

(1) **By Mail** you can vote by mail by completing, signing and dating each proxy card you received and returning it in the postage prepaid envelope provided;

(2) By Telephone you can vote by telephone by calling (866) 540-5760 and following the instructions on the proxy card; or

(3) By Internet you can vote over the Internet at www.proxyvoting.com/kfy by following the instructions on the proxy card.

8. Q: Can I revoke my proxy after I have submitted it?

A. Yes, once you have submitted your proxy, you have the right to revoke your proxy at any time before it is voted by:

(1) Sending a written revocation to the Corporate Secretary;

(2) Submitting a later dated proxy; or

(3) Attending the Annual Meeting and voting in person.

Table of Contents

If your shares are held in the name of a broker, bank or other nominee, you will receive instructions from the holder of record on how to vote your shares. You must follow the instructions of the holder of record in order for your shares to be voted.

9. Q: Who will count the votes?

A: Representatives of BNY Mellon Shareholder Services, the Company's transfer agent, will count the votes and act as the inspector of election at the Annual Meeting.

10. Q: What does it mean if I receive more than one proxy card?

A: It means that your shares are registered differently and are in more than one account. Sign and return (or vote by telephone or over the Internet) all proxy cards to ensure that all your shares are voted.

11. Q: What shares are covered by the enclosed proxy card(s)?

A: The shares on the enclosed proxy card(s) represent all shares owned by you as of the Record Date (if you receive more than one proxy card, however, please see Question 10). These shares include shares (1) held directly in your name as the stockholder of record and (2) held for you as the beneficial owner through a broker, bank or other nominee. If you do not return your proxy card(s) or vote by telephone or over the Internet, your shares may not be voted. If you own shares that are held in our 401(k) plan, you will receive a proxy card for those shares also. While the trustees of the 401(k) plan will vote those shares, you are requested to return that proxy card to advise the trustees of your wishes with respect to the matters to be voted on.

12. Q: What is the difference between holding shares as a stockholder of record and as a beneficial owner ?

A: You are a stockholder of record if your shares are registered directly in your name with the Company's transfer agent. In that case, these proxy materials have been sent directly to you by the Company. As the stockholder of record, you have the right to grant your voting proxy to the Company or to vote in person at the Annual Meeting. We have enclosed a proxy card for you to use.

You are a beneficial owner if your shares are held in a brokerage account, including an Individual Retirement Account, by a bank or other nominee, including our 401(k) plan. If you are considered to be the beneficial owner of shares held in street name, these proxy materials are being forwarded to you by your broker, bank or other nominee, who is considered, with respect to those shares, to be the stockholder of record. As the beneficial owner, you have the right to direct your broker, bank or other nominee on how to vote your shares. However, because you are not the stockholder of record, you may not vote your shares in person at the Annual Meeting. Your broker, bank or other nominee has enclosed a voting instruction card for you to use.

13. Q: What if a beneficial owner does not provide the stockholder of record with voting instructions for a particular proposal?

A: If you are a beneficial owner and you do not provide the stockholder of record with voting instructions for a particular proposal, your shares may constitute broker non-votes with respect to that proposal. Broker non-votes are shares held by a broker, bank or other nominee with respect to which the holder of record

does not have discretionary power to vote on a particular proposal and with respect to which instructions were never received from the beneficial owner. Shares which constitute broker non-votes with respect to a particular proposal will not be considered present and entitled to vote on that proposal at the Annual Meeting even though the same shares will be considered present for purposes of establishing a quorum and may be entitled to vote on other proposals. However, in certain circumstances, such as the appointment of the independent registered public accounting firm, the broker, bank or other nominee has discretionary authority and therefore is permitted to vote your shares even if the broker, bank or other nominee does not receive voting instructions from you. Due to recent changes to these rules, however, the election of directors at the Annual Meeting will not be considered a routine matter and as a result, your broker, bank or other nominee will not have discretion to vote in the election of directors at the Annual Meeting unless you provide applicable instructions to do so. Therefore, we strongly encourage you to follow the voting instructions on the materials you receive.

14. Q: What is the requirement to conduct business at the Annual Meeting?

A: In order to conduct business at the Annual Meeting, a quorum must be established. A quorum is a majority in voting power of the outstanding shares of common stock. A quorum must be present in person or represented by proxy at the Annual Meeting for business to be conducted. As discussed below, abstentions and broker non-votes will be counted for purposes of determining the presence of a quorum.

15. Q: How are votes counted?

A: Shares of common stock that reflect abstentions are treated as present and entitled to vote for the purposes of establishing a quorum and for purposes of determining the outcome of any matter submitted to the stockholders for a vote. However, abstentions do not constitute a vote for or against any matter and thus will be disregarded in the calculation of a plurality. Shares of common stock that reflect broker non-votes are treated as present and entitled to vote for the purposes of establishing a quorum. However, for the purposes of determining the outcome of any matter as to which the broker or nominee has indicated on the proxy that it does not have discretionary authority to vote, those shares will be treated as not present and not entitled to vote with respect to that matter, even though those shares are considered present and entitled to vote for the purposes of establishing a quorum and may be entitled to vote on other matters.

16. Q: What is the voting requirement to approve each proposal?

A: Directors are elected by a plurality. Therefore, the two nominees who receive the most votes will be elected. Abstentions and broker non-votes will not affect the outcome of the election. In respect of Proposal No. 2, to be approved, the proposal must receive the affirmative vote of a majority of the shares of common stock present or represented by proxy and entitled to vote on the proposal. In determining the outcome of this proposal, abstentions have the effect of a negative vote, but broker non-votes will not affect the outcome.

17. Q: What happens if additional matters (other than the proposals described in this Proxy Statement) are presented at the Annual Meeting?

A: The Board is not aware of any additional matters to be presented for a vote at the Annual Meeting; however, if any additional matters are properly presented at the Annual Meeting, your proxy, whether submitted by mail, telephone or over the Internet, gives Gary D. Burnison and Michael A. DiGregorio authority to vote on those matters in their discretion.

18. Q: Who will bear the cost of the proxy solicitation?

A: The entire cost of the proxy solicitation will be borne by the Company. Upon request, we will also reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses for forwarding proxy and solicitation materials to beneficial owners.

PROPOSAL NO. 1 ELECTION OF DIRECTORS

The Board is divided into three classes, with one class elected at each annual meeting of stockholders. Directors of each class are elected to serve for three year terms. At the Annual Meeting, we will elect the two directors named in this Proxy Statement and the Board for the coming year will be comprised of eight directors. The directors elected at the Annual Meeting will serve as Class 2013 Directors for a term of three years. The nominees for election at the Annual Meeting to serve as Class 2013 Directors are Messrs. Gary Burnison and Edward Miller. Detailed biographical information regarding each of these nominees, as well as the other members of the Board whose service will continue beyond the Annual Meeting, is provided under the heading Board of Directors. We do not expect any of the nominees to become unavailable to stand for election, but should this happen the Board will designate a substitute for each unavailable nominee. Proxies voting for any unavailable nominee will be cast for that nominee's substitute. Each of the nominees has consented to be named as a nominee in this Proxy Statement.

Required Vote

Directors are elected by a plurality. Therefore, the two nominees who receive the highest number of votes will be elected as directors.

Recommendation of the Board

The Board unanimously recommends that you vote FOR each of the nominees named above for election as a director.

**PROPOSAL NO. 2 RATIFICATION OF THE APPOINTMENT OF ERNST & YOUNG LLP
AS INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM**

The Audit Committee has approved the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal 2011. Ernst & Young LLP has served as the Company's independent registered public accounting firm since March 2002. Ernst & Young LLP has unrestricted access to the Audit Committee to discuss audit findings and other financial matters. Neither the Company's certificate of incorporation nor its bylaws requires that the stockholders ratify the selection of Ernst & Young LLP as the Company's independent registered public accounting firm. However, we are requesting ratification because we believe it is a matter of good corporate practice. If the Company's stockholders do not ratify the selection, the Audit Committee will reconsider whether or not to retain Ernst & Young LLP, but may, nonetheless, retain Ernst & Young LLP as the Company's independent registered public accounting firm. Even if the selection is ratified, the Audit Committee in their discretion may change the appointment at any time if they determine that such change would be in the best interests of the Company and its stockholders. Representatives of Ernst & Young LLP will attend the Annual Meeting to answer appropriate questions and may also make a statement if they so desire.

Required Vote

Ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm requires the affirmative vote of a majority of those shares present, either in person or by proxy, and entitled to vote.

Recommendation of the Board

The Board unanimously recommends that you vote FOR the ratification of the appointment of Ernst & Young LLP as the Company's independent registered public accounting firm for fiscal 2011.

Table of Contents

THE BOARD OF DIRECTORS

The Board is divided into three classes: (1) Class 2011 Directors, who will serve until the 2011 Annual Meeting of Stockholders; (2) Class 2012 Directors, who will serve until the 2012 Annual Meeting of Stockholders; and (3) Class 2013 Directors, who will serve until the 2013 Annual Meeting of Stockholders. Following the Annual Meeting there will be three Class 2011 Directors, three Class 2012 Directors, and two Class 2013 Directors.

Director Qualifications

The Board believes that the Board, as a whole, should possess a combination of skills, professional experience and diversity of backgrounds necessary to oversee the Company's business. In addition, the Board believes there are certain attributes every director should possess, as reflected in the Board's membership criteria discussed below. Accordingly, the Board and the Nominating and Corporate Governance Committee consider the qualifications of directors and director candidates individually and in the broader context of the Board's overall composition and the Company's current and future needs.

The Nominating and Corporate Governance Committee is responsible for developing and recommending Board membership criteria to the full Board for approval. The criteria, which are set forth in the Company's Corporate Governance Guidelines include a reputation for integrity, honesty and adherence to high ethical standards, strong management experience, current knowledge and contact in the Company's industry or other industries relevant to the Company's business, and the ability to commit sufficient time and attention to Board and committee activities. The Nominating and Corporate Governance Committee seeks a variety of occupational, educational, and personal backgrounds on the Board in order to obtain a range of viewpoints and perspectives and to enhance the diversity of the Board in such areas as professional experience, geography, race, gender, ethnicity and age. While the Nominating and Corporate Governance Committee does not have a formal policy with respect to diversity, the Nominating and Corporate Governance Committee believes that it is essential that Board members represent diverse viewpoints and backgrounds. The Nominating and Corporate Governance Committee periodically evaluates the composition of the Board to assess the skills and experience that are currently represented on the Board, as well as the skills and experience that the Board will find valuable in the future, given the Company's current situation and strategic plans. This periodic assessment enables the Board to update the skills and experience it seeks in the Board as a whole, and in individual directors, as the Company's needs evolve and change over time and to assess effectiveness of efforts at pursuing diversity. In identifying director candidates from time to time, the Nominating and Corporate Governance Committee may establish specific skills and experience that it believes the Company should seek in order to constitute a balanced and effective board.

In evaluating director candidates, and considering incumbent directors for renomination to the Board, the Nominating and Corporate Governance Committee takes into account a variety of factors. These include each nominee's independence, financial literacy, personal and professional accomplishments, and experience, each in light of the composition of the Board as a whole and the needs of the Company in general, and for incumbent directors, past performance on the Board. The table below sets forth information about the two nominees for Class 2013 Directors and the directors whose terms of office continue beyond the Annual Meeting, including each such person's specific experience, qualifications, attributes and skills that led our Board to conclude that such nominee/director should serve on our Board. The process undertaken by the Nominating and Corporate Governance Committee in recommending qualified director candidates is described below under Corporate Governance Board Committees Nominating and Corporate Governance Committee.

CORPORATE GOVERNANCE

The Board held seven meetings during fiscal 2010. Each of the directors attended at least 75% of the Board meetings and the meetings of committees of which they were members in fiscal 2010. Directors are expected to attend each annual meeting of stockholders. All directors attended the 2009 Annual Meeting of Stockholders in person.

Director Independence

The Board has determined that as of the date hereof a majority of the Board is independent under the independence standards of the New York Stock Exchange (NYSE). The Board has determined that the following directors and director-nominees are independent under the independence standards of the NYSE: Kenneth Whipple, Edward Miller, Debra Perry, Gerhard Schulmeyer, Harry You, Denise Kingsmill and George Shaheen and that James Barlett, Patti Hart and Ihno Schneevoigt were each independent within the independence standards of the NYSE during their term of service on the Board in fiscal 2010. For a director to be independent, the Board must affirmatively determine that such director does not have any material relationship with the Company. To assist the Board in its determination, the Board reviews director independence in light of the categorical standards set forth in the NYSE's Listed Company Manual. Under these standards, a director cannot be deemed independent if, among other things:

the director is, or has been within the last three years, an employee of the Company, or an immediate family member is, or has been within the last three years, an executive officer of the Company;

the director has received, or has an immediate family member who received, during any 12 month period within the last three years, more than \$120,000 in direct compensation from the Company, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);

(1) the director or an immediate family member is a current partner of a firm that is the Company's internal or external auditor, (2) the director is a current employee of such a firm, (3) the director has an immediate family member who is a current employee of such a firm and personally works on the Company's audit, or (4) the director or an immediate family member was within the last three years a partner or employee of such firm and personally worked on the Company's audit within that time;

the director or an immediate family member is, or has been within the last three years, employed as an executive officer of another company where any of the Company's present executive officers at the same time serve or served on that company's compensation committee; or

the director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, the Company for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million or 2% of the other company's consolidated gross revenues.

The independent directors of the Board meet regularly in executive sessions outside the presence of management.

Board Leadership Structure

The Company's Corporate Governance Guidelines provide that the Board is free to select its Chair and CEO in the manner it considers to be in the best interests of the Company and that the role of Chair and CEO may be filled by a

single individual or two different persons. This provides the Board with flexibility to decide what leadership structure is in the best interest of the Company at any point in time. Currently, the Board is led by an independent, non-executive Chair, Mr. Kenneth Whipple. The Board has determined that having an independent director serve as Chair of the Board is in the best interests of the Company at this time as it allows the Chair to focus on the effectiveness and independence of the Board while the CEO focuses on executing the Company's strategy and managing the Company's business. In the future, the Board may determine that it is in the best interests of the Company to combine the role of Chair and CEO.

Table of Contents**Board's Oversight of Enterprise Risk and Risk Management**

The Board plays an active role, both as a whole and also at the committee level, in overseeing management of the Company's risks. Management is responsible for the Company's day-to-day risk management activities. The Company, through its internal auditor, has established an enterprise risk framework for identifying, aggregating, quantifying and evaluating risk across the enterprise. The risk framework is integrated with the Company's annual planning, audit scoping and control evaluation management by its internal auditor. The review of risk management is a dedicated periodic agenda item for the Audit Committee, whose responsibilities include periodically reviewing management's financial risk assessment and risk management policies, the Company's major financial risk exposures, and the steps management has taken to monitor and control such exposures. The Company's other Board committees also consider and address risk during the course of their performance of their committee responsibilities. Specifically, the Compensation and Personnel Committee oversees the Company's assessment and management of risk related to the Company's compensation plans, policies and overall philosophy, discussed in more detail below, and the Nominating and Corporate Governance Committee oversees risks associated with operations of the Board and its governance structure. Further, at each Board meeting the General Counsel reports on litigation and other legal risks that may affect the Company. The full Board monitors risks through regular reports from each of the Committee chairs and the General Counsel, and is apprised of particular risk management matters in connection with its general oversight and approval of corporate matters. We believe the division of risk management responsibilities described above provides an effective framework for evaluating and addressing the risks facing the Company, and that our Board leadership structure supports this approach because it allows our independent directors, through the independent committees and non-executive Chair, to exercise effective oversight of the actions of management.

Assessment of Risk Related to Compensation Programs. During fiscal year 2010, the Company completed an inventory of its executive and non-executive compensation programs globally, with particular emphasis on incentive compensation plans and programs. Based on this inventory, the Company evaluated the primary components of its compensation plans and practices to identify whether those components, either alone or in combination, properly balanced compensation opportunities and risk.

Board Committees

Although the full Board considers all major decisions, the Company's bylaws permit the Board to have the following standing committees to more fully address certain areas of importance: (1) an Audit Committee, (2) a Compensation and Personnel Committee and (3) a Nominating and Corporate Governance Committee. The members of the standing committees as of the date hereof are set forth in the table below:

parties in order to help assure the sufficiency and effectiveness of the programs being followed by corporate officers in the area of compliance with legal and regulatory requirements, business conduct and conflicts of interest. The Audit Committee is composed entirely of non-employee directors whom the Board has determined are independent directors under the applicable listing standards of the NYSE and the applicable rules of the Securities and Exchange Commission (SEC). The Board, in its business judgment, has determined that Messrs. You and Shaheen qualify as audit committee financial experts as that term is defined in Item 407(d)(5) of Regulation S-K under the Securities Exchange Act of 1934, as amended (the Exchange Act), and that Ms. Perry is financially literate, under the NYSE rules. The Audit Committee met seven times in fiscal 2010. The Audit Committee operates pursuant to a written charter adopted by the Board, which is available on the Company s website at www.kornferry.com in the Corporate Governance section of the Media & Investors webpage and in print to any stockholder that requests it. Any such request should be addressed to Korn/Ferry International, 1900 Avenue of the Stars, Suite 2600, Los Angeles, California 90067, Attention: Corporate Secretary.

Compensation and Personnel Committee. Among other things, the Compensation and Personnel Committee approves and oversees the Company s compensation programs, including incentive and stock option programs provided to members of the Company s senior management group, including the Company s Chief Executive Officer, Chief Financial Officer and three other most highly compensated executive officers, reviews the compensation of directors for service on the Board and its committees, and approves or recommends to the Board, as required, specific compensation actions, including salary adjustments, annual cash bonuses, stock option grants and employment contracts for the Chief Executive Officer and other members of the Company s senior management group. The Compensation and Personnel Committee may, in its discretion, delegate all or a portion of its duties and responsibilities to a subcommittee consisting solely of members of the Compensation and Personnel Committee who are non-employee directors and outside directors. The Board has determined that all members of the Compensation and Personnel Committee are independent directors under the applicable listing standards of the NYSE. The Compensation and Personnel Committee met five times during fiscal 2010. The Compensation and Personnel Committee operates pursuant to a written charter adopted by the Board, which is available on the Company s website at www.kornferry.com in the Corporate Governance section of the Media & Investors webpage and in print to any stockholder that requests it. Any such request should be addressed to Korn/Ferry International, 1900 Avenue of the Stars, Suite 2600, Los Angeles, California 90067, Attention: Corporate Secretary.

Nominating and Corporate Governance Committee. Among other things, the Nominating and Corporate Governance Committee recommends criteria to the Board for the selection of nominees to the Board, evaluates all proposed nominees, recommends nominees to the Board to fill vacancies on the Board, and, prior to each annual meeting of stockholders, recommends to the Board a slate of nominees for election to the Board by the stockholders at the annual meeting. The Nominating and Corporate Governance Committee also seeks possible nominees for the Board and otherwise serves to aid in attracting qualified nominees to be elected to the Board. In evaluating nominations, the Nominating and Corporate Governance Committee considers a variety of criteria, including business experience and skills, independence, judgment, integrity, the ability to commit sufficient time and attention to Board activities and the absence of potential conflicts with the Company s interests. While the Nominating and Corporate Governance Committee does not have a formal policy with respect to diversity, it also takes into account the diversity of the Board when considering director nominees. The Board has determined that all members of the Nominating and Corporate Governance Committee are independent directors under the applicable listing standards of the NYSE. The Nominating and Corporate Governance Committee met six times in fiscal 2010. The Nominating and Corporate Governance Committee operates pursuant to a written charter adopted by the Board, which is available on the Company s website at www.kornferry.com in the Corporate Governance section of the Media & Investors webpage and in print to any stockholder that requests it. Any such request should be addressed to Korn/Ferry International, 1900 Avenue of the Stars, Suite 2600, Los Angeles, California 90067, Attention: Corporate Secretary. Stockholders may recommend director nominees by mailing submissions to Korn/Ferry International, 1900 Avenue of the Stars, Suite 2600, Los Angeles, California 90067, Attention: Corporate Secretary. Any stockholder recommendations for director are

evaluated in the same manner as all other candidates considered by the Nominating and Corporate Governance Committee.

Code of Business Conduct and Ethics

The Board has adopted a Code of Business Conduct and Ethics that is applicable to all directors, employees and officers (including the Company's Chief Executive Officer, Chief Financial Officer and Principal Accounting Officer). Among other things, the Code of Business Conduct and Ethics requires directors, employees and officers to maintain the confidentiality of all information entrusted to them (except when disclosure is authorized or legally mandated); to deal fairly with the Company's clients, service providers, suppliers, competitors and employees; to protect Company assets; and for those who have a role in the preparation and/or review of information included in the Company's public filings, to report such information accurately and honestly. It also prohibits directors, employees and officers from using or attempting to use their position at the Company to obtain an improper personal benefit. The Code of Business Conduct and Ethics is available on the Company's website at www.kornferry.com in the Corporate Governance section of the Media & Investors webpage and in print to any stockholder that requests it. Any such request should be addressed to Korn/Ferry International, 1900 Avenue of the Stars, Suite 2600, Los Angeles, California 90067, Attention: Corporate Secretary. We intend to post on the Company's website amendments, if any, to the Code of Business Conduct and Ethics, as well as any waivers thereunder, with respect to our officers as required to be disclosed by the SEC rules.

Corporate Governance Guidelines

The Board has adopted Corporate Governance Guidelines, which among other things, impose limits on the number of directorships each member of the Board may hold (the Chief Executive Officer of the Company may not sit on more than two boards of directors of public companies (other than the Company), while all other directors may not sit on more than six boards of directors of public companies (other than the Company)); specifies the criteria to be considered for a director candidates; and requires non-management directors to meet periodically without management. Additionally, the guidelines require that, when a director's principal occupation or business association changes substantially during his or her tenure as a director, that director is required to provide written notice of such change to the chair of the Nominating and Corporate Governance Committee, and agree to resign from the Board if the Board determines to accept such resignation. The Nominating and Corporate Governance Committee must then review and assess the circumstances surrounding such change, and recommend to the Board any appropriate action to be taken. The Corporate Governance Guidelines are available on the Company's website at www.kornferry.com in the Corporate Governance section of the Media & Investors webpage and in print to any stockholder that requests it. Any such request should be addressed to Korn/Ferry International, 1900 Avenue of the Stars, Suite 2600, Los Angeles, California 90067, Attention: Corporate Secretary.

Oversight of Compensation Programs

The Compensation and Personnel Committee of the Board has been delegated authority by the Board for the oversight of compensation for the Company's senior management and the Company's overall compensation programs, including its Performance Award Plan and the Amended and Restated 2008 Plan. The Compensation and Personnel Committee has direct responsibility for determining the compensation of the named executive officers, as defined below.

The Compensation and Personnel Committee retained Towers Watson and Pay Governance LLC as compensation consultants to assist in the assessment of the competitiveness of the named executive officers' compensation taking into consideration the factors discussed below under Executive Compensation Philosophy. In addition to the foregoing, Towers Watson was also engaged by the Company during fiscal 2010 to perform a valuation of our deferred compensation liabilities. The fees for these additional services did not exceed \$120,000. Pay Governance LLC was solely engaged for assistance with the assessment of named executive officers' compensation.

Throughout this Proxy Statement, the individuals who served as the Company's Chief Executive Officer and Chief Financial Officer during fiscal 2010, as well as the other individuals included in the Summary Compensation Table on page 21, are collectively referred to as the named executive officers.

Executive Compensation Philosophy

In establishing and assessing the compensation programs and compensation policies for the named executive officers, the Compensation and Personnel Committee is guided by the following principles:

The total compensation (base salary and annual and long-term incentive payments) of the named executive officers must be competitive with those of other major executive recruiting firms (and to some extent a broader group of human capital companies and similarly sized publicly traded companies), recognizing the Company's size and complexity relative to its peers;

Individual cash bonuses and equity-based awards should be closely tied to the performance of the Company as a whole, as well as to the team and individual performance of the named executive officer; and

The interests of senior management and the Company's stockholders should be closely aligned through direct management ownership of Company common stock, and by providing a meaningful portion of each named executive officer's total compensation in the form of equity-based incentives.

Because a number of the Company's peer organizations are privately-held, precise information regarding executive officer compensation practices among the Company's competitor group is difficult to obtain. In addition, even when such data is available, meaningful differences in size, complexity and organizational structure among the Company's competitor group make direct comparisons of compensation practices problematic. In assessing the competitiveness of the Company's named executive officer compensation, the Compensation and Personnel Committee relies on information obtained from the proxies of publicly-traded competitors, information derived from data obtained from other public sources with respect to competitor organizations, and the general knowledge of the Compensation and Personnel Committee and its consultant with regard to the market for senior management positions. The Company's peer group for the purposes of this analysis consists of the following companies:

Heidrick & Struggles

Kelly Services

Kforce

Edgar Filing: KORN FERRY INTERNATIONAL - Form DEF 14A

True Blue (formerly Labor Ready)
Robert Half

Manpower
Spherion

Towers Watson
Hudson Highland Group

The peer group is primarily selected based upon criteria such as business lines, operating model, revenue size, customer base and entities with which the Company competes for stockholder investment. The difference between the 2009 and 2010 peer group is that MPS Group was eliminated after its acquisition by Adecco.

The Company does not set a relative percentile positioning for total compensation as a target for named executive officer pay levels. Rather, the Company reviews total compensation and the mix of the compensation components relative to the peer group as one of the factors in determining if compensation is adequate to attract and

Table of Contents

retain the named executive officers with the unique set of skills necessary to manage and motivate a global human capital management firm with over 473 consultants operating in more than 76 offices in 36 countries.

Elements of Compensation

The Company's named executive officer compensation program consists of three main elements: (1) base salary, (2) annual incentives, and (3) long term incentives. The Company also provides its named executive officers with perquisites and other benefits such as health insurance and retirement benefits. The Company strives to align the mix and level of each compensation element in a manner that is consistent with attracting, retaining and rewarding the best talent available to achieve its strategic objectives.

Base Salary

Base salary is intended to compensate named executive officers for services rendered during the fiscal year and to provide sufficient fixed cash income for retention and recruiting purposes. Named executive officer base salary levels are reviewed on an annual basis by the Compensation and Personnel Committee. To assess base salary levels, competitive data is compiled for the peer group listed above, and additional data is obtained from other sources with respect to non-public competitor organizations. The Compensation and Personnel Committee also uses its and its compensation consultants' general knowledge of the market for senior management positions in assessing base salary levels. The data gathered regarding the peer group companies is also reviewed and assessed by Towers Watson and Pay Governance LLC. Further, the Compensation and Personnel Committee takes into consideration the results of individual appraisals for each named executive officer and, with respect to the Chief Executive Officer's direct reports, input from the Chief Executive Officer.

In light of the economic environment at the time, effective July 1, 2009, Mr. Burnison requested, and Board agreed to, a temporary salary reduction of \$75,000. This temporary reduction expired on April 30, 2010. Based upon the Company's above market performance in fiscal year 2010, and also taking into consideration competitive data, the Compensation and Personnel Committee increased Mr. Burnison's base salary from \$675,000 to \$700,000 effective May 1, 2010.

There were no changes to the base salaries of the Company's other named executive officers during fiscal year 2010 as the Compensation and Personnel Committee determined based on competitive data and general market knowledge that the base salary levels of the other named executive officers were appropriate.

Annual Bonuses

Annual bonuses are intended to motivate and reward named executive officers for achieving performance and strategic goals over a one-year period. The Compensation and Personnel Committee determines annual bonus amounts based upon a number of factors including performance goals, strategic objectives, competitive data, individual performance, and the terms of employment contracts. While the Compensation and Personnel Committee does not target a particular position relative to its peer group, in determining the annual bonus awards for each named executive officer, the Compensation and Personnel Committee does consider the range of annual incentives that the peer group provides to similarly situated executives and intends that annual bonuses provided to each named executive officer fall within that range. The annual bonus awards for fiscal year 2010 fell within this range. While the Compensation and Personnel Committee does take into consideration performance against performance goals and strategic objectives for the year, it retains discretion in determining actual bonus payouts. Annual bonuses are typically not guaranteed and the level of annual bonus varies from year-to-year depending upon the performance of the Company and the individual. Annual bonuses are typically paid in cash, but the Compensation and Personnel Committee has discretion to pay a portion of the annual bonus in equity or other long-term incentives.

The performance goals with respect to our annual bonus program typically include metrics such as revenue, operating income, earnings per share or earnings per share growth. The Company also typically selects various strategic objectives such as recruiting and retention, productivity of consultants, diversification of revenues, brand awareness and customer satisfaction against which named executive officers are measured. These various factors are not given specific weights; the Compensation and Personnel Committee retains the ability to consider these

Table of Contents

factors as it deems appropriate. The Compensation and Personnel Committee then compares the achievement of the performance goals and strategic objectives against the target and maximum annual bonus amounts as described in the named executive officers' employment contracts.

The performance goals for fiscal 2010 were revenues of \$425 million and break-even cash-flow. The Company for purposes of this performance goal has defined cash-flow as earnings before interest, taxes, depreciation and amortization adding back non-cash amortization of long term compensation. Actual results for fiscal 2010 were revenues of \$572 million and positive cash flow of \$50.5 million. These performance goals were chosen by the Compensation and Personnel Committee in light of the extremely challenging macroeconomic environment that existed at the beginning of fiscal year 2010. Revenue and cash flow are considered appropriate and significant metrics for performance due to their importance to investors and as an indication of the performance of the Company. The Compensation and Personnel Committee also took into consideration the need to preserve the revenue generation capability of the Company in setting the performance goals for fiscal 2010.

The strategic objectives for fiscal 2010 consisted of maintaining the Company's position with regard to recruitment and retention of executives and key employees, increasing the productivity of consultants, diversification of Company revenues, maintaining and expanding brand awareness and increasing client satisfaction. Strong performance against these objectives is considered difficult to achieve, and, despite this, the Company performed very well against the strategic objectives in fiscal 2010 in addition to its strong performance against the financial performance goals.

Consistent with past practice, in determining annual bonus amounts for fiscal 2010, the Compensation and Personnel Committee considered a number of factors, including performance goals, strategic objectives, competitive data, individual performance, and the terms of employment contracts. In assessing performance against the Company's performance goals, the Compensation and Personnel Committee noted the Company's above market performance during fiscal 2010 which surpassed analyst expectations and projections and the Company's stock price growth, year over year, of 53% (based on the stock price at the close of fiscal year 2009 of \$10.59 and the stock price at the close of fiscal year 2010 of \$16.21).

In determining Mr. Burnison's and Mr. DiGregorio's annual bonus for fiscal 2010, the Compensation and Personnel Committee considered the Company's performance against the Company's performance goals and its strategic objectives. Noting the Company's above market performance and the difficulty of the Company's objectives in the economic environment that existed during 2010, the Compensation and Personnel Committee determined that Mr. Burnison and Mr. DiGregorio performed these objectives well. In addition, in determining Mr. Burnison's and Mr. DiGregorio's annual bonus for fiscal 2010, the Compensation and Personnel Committee considered Mr. Burnison's and Mr. DiGregorio's individual performances as Chief Executive Officer and Chief Financial Officer, respectively.

In addition to the factors discussed above, when determining the amount of Mr. McNabb's annual bonus amount for fiscal 2010, the Compensation and Personnel Committee considered the performance of Futurestep relative to the strategic objectives established for Futurestep for the fiscal year, the performance of Futurestep, Mr. McNabb's individual performance, Mr. McNabb's additional responsibilities for worldwide strategic account management, and the transition of leadership responsibilities for Futurestep to Mr. Mulrooney. The strategic objectives established for Futurestep for fiscal 2010 consisted of maintaining the business unit's position with regard to recruitment and retention of executives and key employees, increasing the productivity of consultants, diversifying business unit revenues, maintaining and expanding brand awareness and increasing client satisfaction. The Compensation and Personnel Committee, noting in particular the additional responsibilities of Mr. McNabb regarding worldwide strategic account management during fiscal 2010 and the difficulty of the Futurestep objectives in the economic environment that existed during the fiscal year, determined that Mr. McNabb performed these objectives well.

In addition to the factors described above, when determining the amount of Ms. Dutra's annual bonus amount for fiscal 2010, the Compensation and Personnel Committee first considered the performance of the Leadership and Talent Consulting line of business (LTC) relative to strategic objectives established for LTC for the fiscal year, the performance of LTC and Ms. Dutra's individual performance. The strategic objectives established for LTC for fiscal 2010 consisted of recruitment and retention of executives and key employees, increasing the productivity of

Table of Contents

consultants, integration of acquisitions, maintaining and expanding brand awareness and increasing client satisfaction. The Compensation and Personnel Committee, noting the difficulty of these objectives in the face of challenging economic conditions, determined that Ms. Dutra performed these objectives well.

For Messrs. Burnison, DiGregorio, McNabb, and Ms. Dutra, the Compensation and Personnel Committee awarded annual bonuses as follows: Mr. Burnison \$650,000, Mr. DiGregorio \$622,500, Mr. McNabb \$550,000, and Ms. Dutra \$450,000. Mr. Mulrooney did not receive a bonus for fiscal year 2010.

Long-term Incentives

Long-term incentives are intended to align the named executive officers' interests with those of stockholders and encourage the achievement of the long-term goals of the Company. Long-term incentives are also designed to motivate and help retain top talent. To accomplish these objectives the Compensation and Personnel Committee has discretion to make grants of options, time-based restricted stock or performance award shares under its equity plans (the Performance Award Plan for awards granted prior to passage of the A&R 2008 Plan, and the A&R 2008 Plan for awards granted thereafter) and time-based vesting contributions to the Company's non-qualified deferred compensation plan. In fiscal 2010, the Compensation and Personnel Committee determined to award a mix of time- and performance-based restricted stock. Time-based restricted stock aligns the interests of the named executive officers with stockholders as the future value of the award is dependant upon the Company's performance, but also adds an element of retention as the award is expected to have value even in a difficult economic environment.

The Compensation and Personnel Committee determines long-term incentive award amounts based upon a number of factors including competitive data, total overall compensation provided to each named executive officer, Company performance, historic grants, and the terms of employment agreements, if applicable. The various factors are not given specific weights; the Compensation and Personnel Committee retains discretion to consider items as it deems appropriate. While the Compensation and Personnel Committee does not target a particular position relative to its peer group, in determining the long-term incentive awards for each named executive officer the Compensation and Personnel Committee does consider the range of long-term incentives that the peer group provides to similarly situated executives and intends that long-term incentives provided to each named executive officer fall within that range. The awards for fiscal year 2010 fell within this range.

Historically and in fiscal year 2010, our Chief Executive Officer received annual equity grants equal to 2x his base salary, paid 50% in performance shares and 50% in time-based restricted stock, which amount falls within the range of long-term incentives provided by the peer group companies. The Compensation and Personnel Committee determined for fiscal 2010 that this was an appropriate level of equity grant to motivate our Chief Executive Officer to meet the Company's long-term goals.

In fiscal year 2010, the Company granted the following long term incentive awards:

Mr. Burnison was awarded 69,230 shares of restricted stock, with performance related vesting. The performance shares have a three-year performance period after which the initial award of one-times base salary may increase to two-times base salary or decrease to the point where none of the shares may vest, depending upon the Company's total stockholder return (the TSR) over the three-year performance period relative to the peer group of companies listed above. Such shares are subject to full forfeiture and will only vest if the Company meets certain performance targets at the end of three years from the grant date. If the Company's TSR is less than zero, then the pay-outs will be modified to reduce the percentage of the target.

The table below outlines the vesting of the performance shares relative to the peer group.

* Relative Ranking refers to the Company's TSR over the three-year performance period relative to the TSR of each of the peer group companies over the same three-year performance period.

Mr. Burnison was awarded 69,230 time-based restricted stock grants. The restricted stock awarded vests in four equal annual installments beginning on July 8, 2010. In addition, Mr. Burnison was also awarded 41,030 time-based restricted stock grants. The restricted stock awarded vested on July 8, 2010. Mr. Burnison received such grant in recognition of his performance during fiscal 2009 and the Company's strong performance against strategic performance goals.

Mr. DiGregorio was awarded time-based stock options for 54,600 shares pursuant to the terms of his employment agreement with the Company. The stock options awarded vest in four equal annual installments beginning on June 8, 2010 and have an exercise price of \$11.60.

Based upon the considerations discussed above, time-based stock options were awarded to the other named executive officers in the following amounts: Ms. Dutra, 31,560 stock options and Mr. McNabb, 25,640 stock options. The stock options awarded vest in four equal annual installments beginning on July 8, 2010 and have an exercise price of \$9.75.

Time-based restricted stock grants were awarded to the named executive officers as follows: Ms. Dutra 20,510 shares and Mr. McNabb, 16,670 shares. The restricted stock awarded vests in four equal annual installments beginning on July 8, 2010. These time-based restricted stock grants were awards primarily to further align their interests with the interests of the Company's stockholders and to bring their total compensation within the range paid by peer companies for executive officers in Ms. Dutra's and Mr. McNabb's position.

As discussed in further detail below under "Employment Agreements" pursuant to the employment agreement Mr. Mulrooney entered into on March 29, 2010, Mr. Mulrooney was awarded a equity grant of \$400,000 of restricted shares of the Company.

In fiscal year 2011, the Company granted the following long term incentive awards, in part to reward named executive officer performance in fiscal year 2010.

Mr. Burnison was awarded 42,750 time-based restricted stock grants. The restricted stock awarded vests in four equal annual installments beginning on June 17, 2011. Mr. Burnison was also awarded an additional grant of 34,830 shares of restricted stock in recognition of his performance and the Company's above market performance during fiscal year 2010. This restricted stock award vests in full on June 17, 2011. Mr. Burnison also received 42,750 shares of restricted stock, with performance related vesting to be determined by the Compensation and Personnel Committee.

Time-based restricted stock grants were awarded to the named executive officers as follows: Mr. DiGregorio 12,800, Ms. Dutra 19,200 and Mr. McNabb, 9,600 shares. The restricted stock awarded vests in four equal

annual installments beginning on July 12, 2011. These time-based restricted stock grants were awarded primarily to further align the foregoing named executive officers' interests with the interests of the Company's stockholders and to bring their total compensation within the range paid by peer companies for executive officers in Mr. DiGregorio's, Ms. Dutra's and Mr. McNabb's position.

Mr. DiGregorio, Ms. Dutra and Mr. McNabb also received 12,800, 9,600 and 4,800 shares of restricted stock, respectively, with performance related vesting to be determined by the Compensation and Personnel Committee.

Perquisites and Other Personal Benefits

The Company provides named executive officers the same benefits that are provided to all employees including medical, dental and vision benefits, group term life insurance and participation in the Company's 401(k) plan. In addition, the named executive officers receive benefits provided to all employees at the level of vice president and above including an automobile allowance, participation in the Company's nonqualified deferred compensation plan and reimbursement for medical expenses not reimbursed under the group medical plan, typically up to \$2,500 per annum.

Nonqualified Deferred Compensation Plan

The Company maintains a nonqualified deferred compensation plan, known as the Korn/Ferry International Executive Capital Accumulation Plan (ECAP). Pursuant to the ECAP, the named executive officers, along with all other U.S.-based vice presidents, may defer up to 90% of their salary and/or up to 100% of their annual incentive award into the ECAP. Participants in the ECAP make elections on how they would like their deemed account invested from a set line up of 17 pre-determined mutual funds. At its discretion, the Company may make contributions to the ECAP on behalf of a participant. All Company matching and performance contributions to the ECAP are approved by the Compensation and Personnel Committee including the amounts to the named executive officers disclosed under All Other Compensation in the Summary Compensation Table on page 21.

Stock Ownership Guidelines

To further align the named executive officers' interests with those of our stockholders, in June 2007 the Board and the Nominating and Corporate Governance Committee adopted stock ownership guidelines for the Company. Under the stock ownership guidelines, the Chief Executive Officer is required to own two times his annual salary in common stock of the Company and the Chief Financial Officer is required to own one and one half times his annual salary in common stock of the Company, and all other named executive officers are required to own one time their annual salary in common stock of the Company. Non-employee directors are required to own one time their annual cash retainer received for service on the Board. Stock included for determining satisfaction of the guidelines includes direct stock ownership and does not include unvested restricted stock awards. The named executive officers and directors have five years from the later of effective date of the Company's stock ownership guidelines and the appointment to such position to meet the ownership requirements. As of April 30, 2010, all the named executive officers met the ownership guidelines or are expected to meet the applicable ownership guidelines within the specified time period.

Employment Agreements

Each of the Company's named executive officers is covered by an employment agreement that provides for a minimum annual level of salary, cash bonus potential, and stock option and benefit eligibility. The agreements with Messrs. Burnison, DiGregorio and McNabb, also provide for a severance benefit in the event of a termination of employment without cause or, in the case of certain of the named executive officers, for good reason, as such terms

are defined in the agreements. It is the Compensation and Personnel Committee's belief that such agreements are necessary from a competitive perspective and also contribute to the stability of the management team.

Our change in control benefits for Mr. Burnison include a gross-up payment in connection with Section 280G of the Code (referred to as the Section 280G gross-up). The Section 280G tax on excess parachute payments is assessed, in part, based on Form W-2 income over the five year period (or lesser period if the executive officer has

Table of Contents

not been employed with the employer for a full five years) preceding a termination in connection with a change in control. Thus, the amount of tax imposed varies depending on factors such as whether the executive officer elected to defer compensation or to exercise stock options and how long the executive officer has been employed with the Company. The Section 280G gross-up payment is intended to make certain that the payments and benefits actually received by Mr. Burnison, net of tax, are consistent with our compensation decisions and do not vary arbitrarily due to the operation of the tax rules. For these reasons, we believe that the provision of the Section 280G gross-up payment for Mr. Burnison is appropriate. The Company will no longer provide for Section 280G gross-up payments in future employment and/or severance arrangements.

Please refer to the [Employment Agreements](#) and [Potential Payments Upon Termination or Change of Control](#) for further discussion of these employment agreements.

Financial Restatements

The Company does not currently have a policy requiring a specific course of action with respect to compensation adjustments following later restatements of financial results. Under those circumstances, the Compensation and Personnel Committee would evaluate whether adjustments are appropriate based upon the facts and circumstances surrounding the restatement and existing laws.

Internal Revenue Code Section 162(m)

As one of the factors in the review of compensation matters, the Compensation and Personnel Committee considers the anticipated tax treatment to the Company. The deductibility of some types of compensation for named executive officers depends upon the timing of a named executive officer's vesting or exercise of previously granted rights or on whether such plans qualify as performance-based plans under the provisions of the tax laws. The Compensation and Personnel Committee usually seeks to satisfy the requirements necessary to allow the compensation of its named executive officers to be deductible under Section 162(m) of the Internal Revenue Code, as amended, but may also approve compensation that is not deductible under Section 162(m).

Employment Agreements

Certain elements of compensation set forth in the Summary Compensation Table and Grants of Plan-Based Awards Table reflect the terms of employment agreements entered into between the Company and each of named executive officers that were in effect as of April 30, 2010.

Gary D. Burnison. We entered into an employment agreement with Mr. Burnison dated April 24, 2007 (the Burnison Employment Agreement) pursuant to which Mr. Burnison serves as Chief Executive Officer. Pursuant to the Burnison Employment Agreement, we agreed to provide Mr. Burnison with the following annual compensation: (1) an annual base salary of \$575,000; (2) participation in the Company's annual cash incentive plan with an annual target award of 100% of annual base salary and the ability to earn additional amounts up to a maximum cash award of 200% of annual base salary; and (3) subject to approval of the Board, participation in the Company's equity incentive program, pursuant to which Mr. Burnison was initially eligible to receive (a) a grant of restricted stock with a target grant value of \$900,000; (b) an award of performance shares with a target grant value of 100% of annual base salary; and (c) an annual grant of restricted stock with a target grant value of 100% of annual base salary.

In light of the economic environment at the start of fiscal 2010, Mr. Burnison requested, and the Board agreed to, a temporary salary reduction effective as of July 1, 2009 which was pursuant to a letter agreement dated June 25, 2009. Mr. Burnison's salary was ratably reduced by \$75,000. This salary reduction continued until April 30, 2010. Additionally, in accordance with the Company's furlough policy, Mr. Burnison forewent approximately an

additional \$25,000 of salary during fiscal 2010. The temporary salary reduction had no effect on the calculation of cash and equity awards as well as potential severance and change in control benefits, all of which are calculated based upon Mr. Burnison's salary levels prior to the reduction. The Compensation and Personnel Committee increased Mr. Burnison's base salary from \$675,000 to \$700,000 effective May 1, 2010.

Michael A. DiGregorio. On September 29, 2006, we entered into a letter agreement (the 2006 McNabb Letter Agreement) with Mr. McNabb to extend Mr. McNabb's employment until September 30, 2009, and on June 25, 2009, pursuant to a letter agreement (the 2009 McNabb Letter Agreement), the Company exercised its option to extend Mr. McNabb's employment as Chief Executive Officer of Futurestep, Inc. and Executive Vice President of the Company for an additional 3-year term through September 30, 2012. The Enhanced Wealth Accumulation Plan (EWAP) was established in fiscal 1994. Certain vice presidents elected to participate in a deferral unit that required the participant to contribute a portion of their compensation for an eight year period, or in some cases, make an after tax contribution, in return for defined benefit payments from the Company over a fifteen year period generally at retirement age of 65 or later. In June 2003, the Company amended the EWAP so as not to allow new participants or the purchase of additional deferral units by existing participants.

Please see the Compensation Discussion and Analysis section for further discussion of the Company's nonqualified deferred compensation plan.

Potential Payments Upon Termination or Change of Control

The tables below reflect the amount of compensation that would become payable to each of the named executive officers under existing plans and arrangements if the named executive officer's employment had terminated on April 30, 2010 (pursuant to their employment agreements then in effect), given the named executive officer's compensation and service levels as of such date and, if applicable, based on the Company's closing stock price on that date. These benefits are in addition to benefits available prior to the occurrence of any termination of employment, including benefits under then-exercisable stock options, benefits generally available to salaried employees, such as distributions under the Company's 401(k) plan and pension plan, and previously accrued and vested benefits under the Company's nonqualified deferred compensation plans, as described in the tables above. In addition, in connection with any actual termination of employment, the Company may determine to enter into an agreement or to establish an arrangement providing additional benefits or amounts, or altering the terms of benefits described below, as the Compensation and Personnel Committee determines appropriate. The actual amounts that would be paid upon a named executive officer's termination of employment can be determined only at the time of such named executive officer's separation from the Company. Due to the number of factors that affect the nature and amount of any benefits

provided upon the events discussed below, any actual amounts paid or distributed may be higher or lower than reported below. Factors that could affect these amounts include the timing during the year of any such event, the Company's stock price and the named executive officer's age. Notwithstanding the above provisions, no Change in Control shall be deemed to have occurred if a Business Combination, as described above, is effected and a majority of the Incumbent Directors, through the adoption of a Board resolution, determine that, in substance, no Change in Control has occurred.

In addition, for purposes of the McNabb Employment Agreement, as modified by the 2006 McNabb Letter Agreement, no Change in Control shall be deemed to have occurred upon any sale or other disposition of Futurestep.

(1) Represents the grant date fair value of stock awards granted during the fiscal year ended April 30, 2010, calculated in accordance with Accounting Standards Codification, 718, Compensation-Stock Compensation. The assumptions used to calculate the valuation of the awards are set forth in Note 4 to the notes to consolidated financial statements in our Annual Report of Form 10-K for the fiscal year ended April 30, 2010. During fiscal year 2010, the aggregate restricted stock granted to each director was as follows: 8,070 for Mr. Miller and 4,030 for all other non-employee directors with the exception of Mr. Barlett who resigned during fiscal 2010.

(2)

Mr. Miller elected to receive his annual retainer of \$60,000 in restricted stock units. He received a total of 8,070 restricted stock units in fiscal 2010, 4,030 restricted stock units representing his annual equity grant and 4,040 restricted stock units representing his annual retainer.

- (3) Ms. Perry was Audit Committee Chair during a portion of fiscal 2010, she therefore received \$7,500 or 75% of the \$10,000 annual fee.
- (4) Mr. Whipple received \$60,000 for Board services in fiscal 2010, \$120,000 as compensation as Chair of the Board for fiscal 2010 and \$40,000 as compensation as Chair of the Board for a portion of fiscal 2009 which was paid in fiscal year 2010.

Directors who are also employees or officers do not receive any additional compensation for their service on the Board. The non-employee director compensation program provides for an annual equity award of restricted stock units with a value of approximately \$60,000 to be awarded on the date of each annual meeting of stockholders. The number of units subject to such award is determined by dividing \$60,000 by the closing price of the Company's common stock on the date of such annual meeting of stockholders (rounded to the nearest ten units). The restricted stock awards vest on the day before the following annual meeting of stockholders. Additionally, non-employee directors receive each year \$60,000 either in cash or in restricted stock units, at their election, on the date of each

annual meeting of stockholders. In addition, the Audit Committee chair receives \$10,000 in cash annually, the Compensation and Personnel Committee chair receives \$8,000 in cash annually, and the Nominating and Corporate Governance Committee chair receives \$5,000 in cash annually. The Chair of the Board receives \$120,000 in cash annually. All directors are reimbursed for their out-of-pocket expenses incurred in connection with their duties as directors.

The Audit Committee is directly responsible for the appointment, compensation, retention and oversight of the work of the independent registered public accounting firm. As part of this responsibility, the Audit Committee is required to pre-approve the audit and non-audit services performed by the independent registered public accounting firm in order to help assure that they do not impair the registered public accounting firm's independence from the Company. The Audit Committee may either approve the engagement of the independent registered public accounting firm to provide services or pre-approve services to be provided on a case by case basis. The Audit Committee believes the combination of these two approaches results in an effective and efficient procedure to pre-approve services performed by the independent registered public accounting firm. The Audit Committee will also consider whether the independent registered public accounting firm is best positioned to provide the most effective and efficient service, for reasons such as its familiarity with the Company's business, people, culture, accounting systems, risk profile and other factors, and whether the service might enhance the Company's ability to manage or control risk or improve audit

quality. All such factors will be considered as a whole, and no one factor is determinative. The Audit Committee requires the rotation of its independent registered public accounting firm's audit partners as required by the Sarbanes-Oxley Act and the related rules of the SEC.

All requests or applications for Ernst & Young LLP services are submitted to the Vice President of Internal Audit and include a detailed description of services to be rendered. The detailed descriptions are then reviewed against a list of approved services and sent to the Audit Committee for final approval. All requests or applications for Ernst & Young LLP services receive approval from the Vice President of Internal Audit, prior to the Audit Committee's review and approval.

Report of the Audit Committee

Management of the Company is responsible for the preparation, presentation, and integrity of the consolidated financial statements, maintaining a system of internal controls and having appropriate accounting and financial reporting principles and policies. The independent registered public accounting firm is responsible for planning and carrying out an audit of the consolidated financial statements and an audit of internal control over financial reporting in accordance with the rules of the Public Company Accounting Oversight Board (United States) and expressing an opinion as to the consolidated financial statements conformity with U.S. generally accepted accounting principles (GAAP) and as to internal control over financial reporting. The Audit Committee monitors and oversees these processes and is responsible for selecting and overseeing the Company's independent registered public accounting firm.

As part of the oversight process, the Audit Committee met seven times during fiscal 2010. Throughout the year, the Audit Committee met with the Company's independent registered public accounting firm, management and internal auditor, both together and separately in closed sessions. In the course of fulfilling its responsibilities, the Audit Committee did, among other things, the following:

reviewed and discussed with management and the independent registered public accounting firm the Company's consolidated financial statements for the fiscal year ended April 30, 2010 and the quarters ended July 31, 2009, October 31, 2009 and January 31, 2010;

reviewed management's representations that the Company's consolidated financial statements were prepared in accordance with GAAP and present fairly the results of operations and financial position of the Company;

discussed with the independent registered public accounting firm the matters required by Statement of Auditing Standards No. 61, as amended;

received the written disclosures and letter from the independent registered public accounting firm required by the applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm's communication with the Audit Committee concerning independence, and discussed with the independent registered public accounting firm its independence;

considered whether the provision of non-audit services by the registered public accounting firm to the Company is compatible with maintaining the registered public accounting firm's independence; and

reviewed and discussed with management its assessment and report on the effectiveness of the Company's internal control over financial reporting as of April 30, 2010, which it made based on criteria established in Internal Control-Integrated Framework issued by the Committee of Sponsoring Organizations of the Treadway Commission. The Audit Committee has reviewed and discussed with the Company's independent registered public accounting firm its review and report on the Company's internal control over financial reporting as of April 30, 2010.

Based on the foregoing review and discussions described in this report, the Audit Committee recommended to the Board that the audited consolidated financial statements be included in the Company's Form 10-K for the fiscal year ended April 30, 2010 for filing with the SEC.
