**PROXY STATEMENT
FOR THE
ANNUAL MEETING OF SHAREHOLDERS OF
PENTAIR, INC.
TO BE HELD ON THURSDAY, APRIL 28, 2011**

This Proxy Statement, the accompanying proxy card and our Annual Report to Shareholders are being mailed on or about March 24, 2011. Our Board of Directors (the Board) is soliciting your proxy to vote your shares at the Annual Meeting. The Board is soliciting your proxy to give all shareholders of record the opportunity to vote on matters that will be presented at the Annual Meeting. This Proxy Statement provides you with information on these matters to assist you in voting your shares.

QUESTIONS AND ANSWERS ON THE SOLICITATION AND VOTING

What is a proxy?

A proxy is your legal designation of another person (the proxy) to vote on your behalf. By voting your proxy, you are giving the persons named on the proxy card the authority to vote your shares in the manner you indicate on your proxy card. You vote your proxy by submitting the enclosed proxy card, by telephone or over the Internet.

Why did I receive more than one proxy card?

You will receive multiple proxy cards if you hold your shares in different ways (for example, joint tenancy, trusts, custodial accounts) or in multiple accounts. If your shares are held by a broker (in street name), you will receive your proxy card or other voting information from your broker, and you will return your proxy card or cards or otherwise vote your proxy as indicated in the materials you receive with this Proxy Statement. You should vote your proxy for each separate account you have.

Who is qualified to vote?

You are qualified to receive notice of the Annual Meeting and to vote if you owned shares of our Common Stock at the close of business on our record date of March 4, 2011.

How many shares of Common Stock may vote at the Annual Meeting?

As of March 4, 2011, there were 98,418,510 shares of Common Stock outstanding and entitled to vote. Each share of Common Stock is entitled to one vote on each matter presented.

What is the difference between a shareholder of record and a street name holder?

These terms describe how your shares are held. If your shares are registered directly in your name with Wells Fargo Bank, N.A., our transfer agent, you are a shareholder of record. If your shares are held in the name of a brokerage, bank, trust or other nominee on your behalf, you are a street name holder.

How do I vote my shares?

If you are a shareholder of record, you have three choices. You can vote your proxy:

by mailing in the enclosed proxy card;

over the telephone; or

via the Internet.

Table of Contents

Please refer to the specific instructions set forth on the enclosed proxy card. For security reasons, our electronic voting system has been designed to authenticate your identity as a shareholder.

If you hold your shares in street name, your broker/banker/trustee/nominee will provide you with materials and instructions for voting your shares.

Can I vote my shares in person at the Annual Meeting?

If you are a shareholder of record, you may vote your shares in person at the Annual Meeting. *If you hold your shares in street name,* you must obtain a proxy from your broker, banker, trustee or nominee, giving you the right to vote the shares at the Annual Meeting.

What are the Board's recommendations on how I should vote my shares?

The Board recommends that you vote your shares as follows:

- Proposal 1 **FOR** the election of three nominees for election to our Board with terms expiring at the 2014 Annual Meeting of Shareholders.

- Proposal 2 **FOR** approval of the compensation of our named executive officers as disclosed in this proxy statement.

- Proposal 3 **FOR** holding the advisory vote on the compensation of our named executive officers every year.

- Proposal 4 **FOR** the ratification of the appointment of Deloitte & Touche LLP as our independent registered public accounting firm for the fiscal year ending December 31, 2011.

What are my choices when voting?

- Proposal 1 You may cast your vote in favor of or against electing a nominee as a director, or you may elect to abstain from voting for any or all of the nominees.

- Proposal 2 You may cast your vote in favor of or against the proposal, or you may elect to abstain from voting your shares.

- Proposal 3 You may cast your vote to have the advisory vote on the compensation of our named executive officers every one, two or three years, or you may elect to abstain from voting your shares.

- Proposal 4 You may cast your vote in favor of or against the proposal, or you may elect to abstain from voting your shares.

How would my shares be voted if I do not specify how they should be voted?

If you submit your signed proxy without indicating how you want your shares to be voted, the persons named on the proxy card will vote your shares according to the Board's recommendations that are listed above.

As to any other business that may properly come before the Annual Meeting, the persons named on the proxy card will vote in accordance with their best judgment. We do not presently know of any other business.

If your shares are held in the name of a bank or brokerage firm, the bank or brokerage firm has the discretionary authority to vote your shares in connection with the ratification of our independent registered public accounting firm if you do not timely provide your proxy because this matter is considered routine under the New

Table of Contents

York Stock Exchange (NYSE) listing standards. For the election of directors, the proposal on the compensation of our named executive officers and the proposal on the frequency of an advisory vote on the compensation of our named executive officers, the bank or brokerage firm has no discretionary authority to vote your shares.

What if I do not direct the custodian of my shares how to vote my shares?

If your shares are held by a custodian, such as a bank or brokerage firm, and you do not direct them how to vote, your shares may not be voted at all, or they may be voted only on Proposal 4, ratifying our independent registered public accounting firm for 2011.

We urge you to carefully consider all of the proposals and direct your custodian to vote your shares as you wish. Your custodian may not vote for or against directors without your direction. We are concerned that smaller shareholders may not direct their custodians to vote their shares, which could result in failure to have sufficient votes represented at our annual meeting to constitute a quorum. In the absence of a quorum, the annual meeting of shareholders could not be held as scheduled, and could be delayed.

Further, we believe that the proposals on the ballot for the election of directors, on the compensation of our named executive officers and on the frequency of an advisory vote on the compensation of our named executive officers are important to our company and its shareholders, and deserve careful consideration and voting by all shareholders.

How many shares of Common Stock constitute a quorum for the Annual Meeting?

A majority of the shares of Common Stock outstanding as of March 4, 2011, or 98,418,510 shares, will constitute a quorum at the Annual Meeting.

What vote is required to approve each proposal?

For election of directors, approval by a majority of all shares entitled to vote is necessary for the election of each director. For approval of Proposals 2 and 4, each requires the affirmative vote of a majority of those shares present in person or represented by proxy and entitled to vote at the Annual Meeting. For Proposal 3, the particular frequency of the advisory vote on the compensation of our named executive officers receiving the greatest number of votes cast in favor of such frequency, whether every one, two or three years, will be the frequency of the advisory vote on the compensation of our named executive officers that shareholders approve. Although the outcome of the vote for Proposals 2 and 3 is non-binding, the Board and the Compensation Committee of the Board will review and consider the outcome of these votes when making future compensation decisions for our named executive officers and their determination as to the frequency of future advisory shareholder votes on the compensation of our named executive officers.

How are abstentions and broker non-votes treated?

Abstentions and broker non-votes are counted for purposes of determining the presence or absence of a quorum for the transaction of business at the Annual Meeting. Minnesota law and our Articles of Incorporation provide that abstentions are counted in determining the total number of the votes cast on proposals presented to shareholders, but that abstentions are not treated as votes in favor of proposals voted upon at the Annual Meeting. Broker non-votes are not counted for purposes of determining the total number of votes cast on proposals presented to shareholders.

Can I change my vote after I have submitted my proxy?

You may revoke your proxy by doing one of the following:

by sending a written notice of revocation to our Secretary that is received before the Annual Meeting, stating that you revoke your proxy;

Table of Contents

by delivering a later-dated proxy by telephone, on the Internet, or in writing so that it is received before the Annual Meeting in accordance with the instructions included in the proxy card(s); or

by attending the Annual Meeting and voting your shares in person.

Who will count the votes?

Representatives from Wells Fargo Bank, N.A., our transfer agent, will count the votes and serve as our Inspectors of Election. The Inspectors of Election will be present at the Annual Meeting.

Who pays the cost of this proxy solicitation?

We pay the costs of soliciting proxies sought by the Board. Upon request, we will reimburse brokers, dealers, banks and trustees, or their nominees, for reasonable expenses incurred by them in forwarding proxy materials to beneficial owners of shares of our Common Stock. Morrow & Co., 470 West Avenue, Stamford, Connecticut, is assisting us in the solicitation of proxies at a cost to us of \$8,500, plus expenses.

CORPORATE GOVERNANCE MATTERS

Board Governance

The Board has adopted and regularly reviews and, if appropriate, revises its Corporate Governance Principles and written charters for its Audit Committee, Compensation Committee, Governance Committee and International Committee in accordance with rules of the Securities and Exchange Commission (SEC) and the NYSE. We and our Board continue to be committed to the highest standards of corporate governance and ethics. The Board has adopted Pentair's Code of Business Conduct and Ethics (Code of Conduct) and has designated it as the code of ethics for our Chief Executive Officer and senior financial officers. Copies of all of these documents are available, free of charge, on our website at http://www.pentair.com/About_Corporate_Governance.aspx.

Board Leadership Structure

Our Corporate Governance Principles, which can be found at <http://n3.pentair.prod.atomicplaypen.net/Assets/Board-Governance-Principles.pdf>, describe our policies concerning:

Selection and Composition of the Board

Board Leadership

Board Composition and Performance

Responsibilities of the Board

Board Relationship to Senior Management

Meeting Procedures

Committee Matters

Leadership Development

We do not have a policy requiring the positions of Chairman of the Board and Chief Executive Officer to be held by different persons. Rather, the Board has the discretion to determine whether or not the positions should be combined or split. Since 2002, our Chief Executive Officer has also been the Chairman of the Board. The Board believes that this leadership structure has worked well for several reasons, among them:

We historically have had a super-majority of independent directors; only one or two officers of our company have served at any one time as directors (out of 10 or 11 members of the Board)

Our independent directors meet in executive session without the Chief Executive Officer present at every regular meeting of the Board

Our annual Board Assessment process addresses issues of Board structure and director performance

We have and have had since 2003 an independent member of the Board as our Lead Director

Our Lead Directors have served as an effective communication channel between the independent Board members and the Chief Executive Officer and among the independent Board members

Our Lead Director is selected by the Independent Directors on our Board. His role is to provide independent leadership to the Board, act as liaison between the non-management directors and our company, and ensure that the Board operates independently of management. The principle responsibilities assigned to the Lead Director include:

Chairing the Board in the absence of the Chief Executive Officer;

Presiding over all executive sessions of the Board;

In conjunction with the Chairman of the Compensation Committee, giving annually the Board's performance review of the Chief Executive Officer;

Table of Contents

In conjunction with the Chairman, approving the agenda for Board meetings, including scheduling to assure sufficient time for discussion of all agenda items;

In conjunction with the Chairman and Committee Chairs, ensuring an appropriate flow of information to the Directors;

Holding one-on-one discussions with individual directors where requested by directors or the Board; and

Carrying out other duties as requested by the Board.

Board's Role in Risk Oversight

At the direction of our Board of Directors, we have instituted an enterprise-wide risk management system to assess, monitor and mitigate risks that arise in the course of our business. The Board has determined that the Board of Directors as a whole, and not a separate committee, will oversee our risk management process. Each of our Board Committees has historically focused on specific risks within their areas of responsibility, but the Board believes that the overall enterprise risk management process is more properly overseen by all of the members of the Board. Our chief operating officer, general counsel and head of internal audit are the primary personnel responsible to the Board in the planning, assessment and reporting of our risk profile. The Board reviews an assessment of, and a report on, our risk profile twice a year.

Shareholder and Other Stakeholder Communication with the Board

If you are a shareholder or other stakeholder and wish to communicate with the Board, non-management directors as a group or any individual director, including the Lead Director, you may send a letter addressed to the relevant party, c/o Corporate Secretary, Pentair, Inc., 5500 Wayzata Boulevard, Suite 800, Minneapolis, MN 55416. The Board has instructed the Secretary to forward such communications directly to the addressee(s).

Committees of the Board

The Board has four standing committees: the Audit Committee, the Compensation Committee, the Governance Committee and the International Committee. The International Committee meets once or twice a year. The other committees generally hold meetings when the Board meets and additionally as needed. Management representatives attend each committee meeting. Independent directors generally also meet in executive session without management present at each meeting.

Audit Committee

Role: The Audit Committee is responsible, among other things, for assisting the Board with oversight of our accounting and financial reporting processes and audits of our financial statements. These responsibilities include the integrity of the financial statements, compliance with legal and regulatory requirements, the independence and qualifications of our external auditor and the performance of our internal audit function and of the external auditor. The Audit Committee is directly responsible for the appointment, compensation, terms of engagement (including retention and termination) and oversight of the work of the external auditor. The Audit Committee holds meetings periodically with our independent and internal auditors, the Board and management to review and monitor the adequacy and effectiveness of reporting, internal controls, risk assessment and compliance with our policies.

Meetings: The Audit Committee held eight meetings in 2010.

Members: The members of the Audit Committee are Ronald L. Merriman (Chair), Leslie Abi-Karam, Jerry W. Burris, Charles A. Haggerty and David H. Y. Ho. All members have been determined to be independent under SEC and NYSE rules. Mr. Merriman is a member of the audit committees of Aircastle Limited, Realty Income Corporation and Haemonetics Corporation, each of which is a publicly-traded company. The Board has determined that Mr. Merriman's service on the audit

committees of three other public companies does not impair his ability to effectively serve as Chair of our Audit Committee.

Report: You can find the Audit Committee Report under [Audit Committee Report](#) of this Proxy Statement.

Charter: You can find the Audit Committee Charter at:
<http://n3.pentair.prod.atomicplaypen.net/Assets/Audit-Committee-Charter.pdf>.

Financial

Experts: The Board has unanimously determined that all members of the Audit Committee are financially literate under NYSE rules and at least one member has financial management expertise. In addition, the Board has determined that all members of the Audit Committee qualify as [audit committee financial experts](#) under SEC standards.

Compensation Committee

Role: The Compensation Committee sets and administers the policies that govern executive compensation. This includes establishing and reviewing executive base salaries, administering the Executive Officer Performance Plan and administering equity-based compensation under the Omnibus Stock Incentive Plans. The Compensation Committee also sets the Chief Executive Officer's compensation based on the Board's annual evaluation of the Chief Executive Officer's performance. The Committee has engaged Hewitt Associates, a human resources consulting firm, to aid the Committee in its annual review of our executive and director compensation programs for continuing appropriateness and reasonableness and to make recommendations regarding executive officer and director compensation levels and structures. In reviewing our compensation programs, the Committee also considers other sources to evaluate external market, industry and peer company practices. Aon Corporation, which merged with Hewitt Associates on October 1, 2010, has traditionally provided insurance brokerage and benefit administrative outsourcing services to us. For the year ended December 31, 2010, we paid Aon Corporation approximately \$3.0 million for these services and Hewitt Associates approximately \$260,000 for executive compensation consulting for the Committee. The decision to engage Aon Corporation for insurance brokerage and benefit administrative outsourcing services was made by management prior to the merger with Hewitt Associates and was not approved by the Board or Committee. A more complete description of the Committee's practices can be found under [Compensation Discussion and Analysis](#) under the headings [Compensation Committee Practices](#), [Services of Compensation Consultant](#), [Role of Executive Officers in Compensation Decisions](#), [Setting Executive Compensation](#) and [Comparative Framework](#).

Meetings: The Compensation Committee held five meetings in 2010.

Members: The members of the Compensation Committee are David A. Jones (Chair), Glynis A. Bryan, T. Michael Glenn and William T. Monahan. All members have been determined to be independent under NYSE rules.

Report: You can find the Compensation Committee Report under [Compensation Committee Report](#) of this Proxy Statement.

Charter: You can find the Compensation Committee Charter at:
<http://n3.pentair.prod.atomicplaypen.net/Assets/Compensation-Committee-Charter.pdf>.

Governance Committee

Role: The Governance Committee is responsible for, among other things, identifying individuals qualified to become directors and recommending nominees to the Board for election at annual meetings of shareholders. In addition, the Governance Committee monitors developments in director compensation and, as appropriate, recommends changes in director compensation to the Board. The Governance Committee is also responsible for developing and recommending to the Board our

Table of Contents

corporate governance principles. Finally, the Governance Committee oversees public policy matters and compliance with our Code of Conduct.

Meetings: The Governance Committee held five meetings in 2010.

Members: The members of the Governance Committee are Glynis A. Bryan (Chair), T. Michael Glenn, David A. Jones and William T. Monahan. All members have been determined to be independent under NYSE rules.

Charter: You can find the Governance Committee Charter at:
<http://n3.pentair.prod.atomicplaypen.net/Assets/Governance-Committee-Charter.pdf>.

International Committee

Role: The International Committee reviews the international aspects of our business operations and assists management in formulating growth, development and organizational strategies for our global business units.

Meetings: The International Committee held one meeting in 2010.

Members: The members of the International Committee are David A. Jones (Chair), David H. Y. Ho, Ronald L. Merriman, William T. Monahan and Randall J. Hogan.

Charter: You can find the International Committee Charter at:
<http://n3.pentair.prod.atomicplaypen.net/Assets/International-Committee-Charter.pdf>.

Compensation Committee Interlocks and Insider Participation

During 2010, we did not employ any member of the Compensation Committee as an officer or employee and there were no interlock relationships.

Independent Directors

The Board determines the independence of each director and nominee for election as a director. The Board makes these determinations in accordance with the NYSE rules for independence of directors and our categorical standards of independence included in the Corporate Governance Principles, which you can find at <http://n3.pentair.prod.atomicplaypen.net/Assets/Board-Governance-Principles.pdf>. Based on these standards, the Board affirmatively determined that each of the following non-employee directors and non-employee director nominees is independent and has no material relationship with us, except as a director or shareholder:

- (1) Leslie Abi-Karam
- (2) Glynis A. Bryan
- (3) Jerry W. Burris
- (4) T. Michael Glenn
- (5) Charles A. Haggerty
- (6) David H. Y. Ho
- (7) David A. Jones

(8) Ronald L. Merriman

(9) William T. Monahan

In addition, based on the NYSE standards and our categorical standards of independence included in the Corporate Governance Principles, the Board affirmatively determined that Randall J. Hogan is not independent because he is our Chief Executive Officer.

In determining the independence of directors, our Governance Committee considers circumstances where one of our directors also serves as a director or executive officer of a company that is our customer or supplier. The

Table of Contents

Governance Committee has reviewed each of these relationships, which are set forth below. In each case, the relationship involves sales to or purchases from the organization indicated which (i) amount to less than the greater of \$1 million or 2% of that organization's consolidated gross revenues during each of 2010, 2009 and 2008; and (ii) during all relevant years were not of an amount or nature that impeded the director's exercise of independent judgment.

Director	Relationships Considered
Leslie Abi-Karam	Executive Vice President and President, Mailing Solutions Management, Pitney Bowes Inc.
Glynis A. Bryan	Chief Financial Officer, Insight Enterprises, Inc.
Jerry W. Burris	President, Precision Components, Barnes Group Inc.
T. Michael Glenn	Executive Vice President - Market Development and Corporate Communications, FedEx Corporation

David H. Y. Ho	Former Chairman of the Greater China Region, Nokia Siemens Network and Former President, Nokia China Investment Limited, a subsidiary of Nokia Corporation

Policies and Procedures Regarding Related Person Transactions

Our Board has adopted written policies and procedures regarding related person transactions. For purposes of these policies and procedures:

a related person means any of our directors, executive officers or five-percent shareholders or any of their immediate family members; and

a related person transaction generally is a transaction (including any indebtedness or a guarantee of indebtedness) in which we were or are a participant and the amount involved exceeds \$50,000, and in which a related person had or will have a direct or indirect material interest.

Potential related person transactions must be brought to the attention of the Governance Committee directly or to the General Counsel for transmission to the Governance Committee. Disclosure to the Governance Committee should occur before, if possible, or as soon as practicable after the related person transaction is effected, but in any event as soon as practicable after the executive officer or director becomes aware of the related person transaction. The Governance Committee's decision whether or not to approve or ratify a related person transaction is to be made in light of a number of factors, including the following:

whether the terms of the related person transaction are fair to us and on terms at least as favorable as would apply if the other party was not or did not have an affiliation with any of our directors, executive officers or five-percent shareholders;

whether there are demonstrable business reasons for us to enter into the related person transaction;

whether the related person transaction could impair the independence of a director under the Corporate Governance Principles standards for director independence; and

whether the related person transaction would present an improper conflict of interest for any of our directors or executive officers, taking into account the size of the transaction, the overall financial position of the director

or executive officer, the direct or indirect nature of the interest of the director or executive officer in the transaction, the ongoing nature of any proposed relationship, and any other factors the Committee deems relevant.

We had no related person transactions during 2010. To our knowledge, no related person transactions are currently proposed.

PROPOSAL 1
Election of Certain Directors

Information About Directors

Board Composition

Our Articles of Incorporation currently provide for a Board of eleven members. The Board is divided into three classes with directors serving three-year terms. The beginning date for each term is staggered so that, in any particular year, the term of only one class expires. Vacancies may be filled through appointment by the Board or through election by shareholders at a special meeting of shareholders called for that purpose. Any director appointed by the Board is required to stand for election at the next annual meeting of shareholders or next special meeting of shareholders called for that purpose. Incumbent directors Leslie Abi-Karam, Jerry W. Burris and Ronald L. Merriman are standing for election at the Annual Meeting. There is one fewer nominee for election to the Board than there are available positions on the Board. Regardless of this vacancy, you may vote your shares only for the number of nominees for director named in this Proxy Statement.

Directors Attendance

The Board held eight meetings in 2010. In each of the regularly scheduled meetings, the independent directors also met in executive session, without the Chief Executive Officer or other management present. All directors attended at least 75% of the aggregate of all meetings of the Board and all meetings of the Committees on which they served during the fiscal year ended December 31, 2010. We expect our directors to attend our annual meetings of shareholders. In April 2010, all of the directors then in office attended the 2010 annual meeting of shareholders. William T. Monahan has served as the Board's Lead Director since January 1, 2008 and acts as the presiding director for all executive sessions of the independent directors.

Director Qualifications

The Governance Committee searches for qualified candidates to be a director, reviews the qualifications of each candidate and recommends to the Board the names of qualified candidates to be nominated for election or re-election as directors. The Board reviews the candidates recommended by the Governance Committee and nominates candidates for election or re-election by the shareholders. The Governance Committee recognizes that the contribution of the Board will depend both on the character and capacities of the directors taken individually and on their collective strengths. With this in mind, the Governance Committee evaluates candidates in light of a number of criteria. Directors are chosen with a view to bringing to the Board a variety of experience and backgrounds and establishing a core of business advisers with financial and management expertise. The Governance Committee also considers candidates who have substantial experience outside the business community, such as in the public, academic or scientific communities.

When they consider possible candidates for appointment or election as directors, the Governance Committee and the Board are also guided by the following principles, found in our Board Governance Principles:

the Corporate Governance Principles and the rules adopted by the SEC and the NYSE require that at least a majority of the Board consist of independent directors;

each director should be chosen without regard to sex, sexual orientation, race, religion or national origin;

each director should possess the highest character and integrity and have an inquiring mind, vision and the ability to work well with others;

each director should be free of any conflict of interest which would violate any applicable law or regulation or interfere with the proper performance of the responsibilities of a director;

Table of Contents

each director should possess substantial and significant experience which would be of particular importance to us in the performance of the duties of a director and would increase the diversity of experience, expertise and training of the Board taken as a whole;

each director should have sufficient time available to devote to our affairs in order to carry out the responsibilities of a director; and

each director should be committed to enhancing long-term shareholder value and be willing and able to represent the balanced, best interests of the shareholders as a whole rather than the interests of a special interest group or constituency.

Our Board's policies on director qualifications emphasize our commitment to diversity at the Board level—diversity not only of sex, sexual orientation, race, religion or national origin but also diversity of experience, expertise and training. The Governance Committee in the first instance is charged with observance of these director selection guidelines, and strives in reviewing potential candidates to assess the fit of his or her qualifications with the needs of the Board and our company at that time, given the then current mix of directors' attributes. Board composition, director effectiveness and Board processes, including director recruitment and selection, are all subject areas of our annual Board Assessment.

Shareholder Nominees

Shareholders submitted to the Governance Committee no candidates for nomination for election as a director at the 2011 Annual Meeting. According to our By-Laws, a shareholder must give advance notice and furnish certain information in order to submit a nomination for election as a director. Any shareholder who wishes to present a candidate for consideration by the Governance Committee for election at the 2012 meeting should send a letter identifying the name of the candidate and summary of the candidate's qualifications, along with the other supporting documentation described in Article 1, Section 10 of our By-Laws, to the Governance Committee. A nominee who does not receive a majority of the votes will not be elected to our Board of Directors. The Board has the power to appoint directors to vacant positions, as would arise with respect to a nominee who did not obtain the requisite majority vote. Any such appointee must stand for election at the next annual shareholders' meeting or at the next special shareholders' meeting called for that purpose.

Table of Contents

If elected, each of the three director nominees standing for election at the Annual Meeting will serve on the Board until the Annual Meeting in 2014. If any of the three nominees should become unable to accept election, the persons named on the proxy card as proxies may vote for other person(s) selected by the Board or the named proxies.

Management has no reason to believe that any of the three nominees for election named above will be unable to serve.

COMPENSATION DISCUSSION AND ANALYSIS

Overview of Compensation Program

The Compensation Committee (the Committee) of our Board sets and administers the policies that govern our executive compensation, including:

establishing and reviewing executive base salaries;

overseeing our annual incentive compensation plans;

overseeing our long-term equity-based compensation plan;

approving all awards under those plans; and

annually approving and recommending to the Board all compensation decisions for executive officers, including those for the Chief Executive Officer and the other officers named in the Summary Compensation Table below (collectively, the Named Executive Officers).

The Committee seeks to assure that compensation paid to the Named Executive Officers is fair, reasonable and competitive, and is linked to increasing long-term shareholder value. Only independent directors serve on the Committee.

Compensation Philosophy and Objectives

The Committee believes that the most effective executive compensation program aligns executive initiatives with shareholders' economic interests. The Committee seeks to accomplish this by rewarding the achievement of specific annual, longer-term and strategic goals that create lasting shareholder value. The Committee evaluates both executive performance and executive compensation to attract and retain superior executives in key positions at compensation levels competitive in the marketplace. To achieve the objectives stated below, the Committee provides executive compensation packages containing both cash and equity-based compensation components that reward performance as measured against established goals. The Committee's specific objectives include:

to motivate and reward executives for achieving financial and strategic objectives;

to provide rewards commensurate with individual and company performance;

to encourage innovation and growth;

to attract and retain top-quality executives and key employees; and

to align management and shareholder interests by encouraging employee stock ownership.

To balance these objectives, our executive compensation program uses the following elements:

base salary, to provide fixed compensation competitive in the marketplace;

annual incentive compensation, to reward short-term performance against specific financial targets and individual goals;

long-term incentive compensation, to link management incentives to long-term value creation and shareholder return; and

retirement, perquisites and other benefits, to attract and retain executives over the longer term.

We discuss each of these components below under "2010 Compensation Program Elements" and "Changes in Compensation Program Mix for 2011."

Table of Contents

Compensation Committee Practices

The Committee meets regularly to review, discuss and approve executive compensation and employee benefit plan matters. To ensure it is able to address all of its responsibilities, the Committee establishes an annual agenda at the beginning of each year. In 2010, the Committee held five regular meetings. The Committee has scheduled five regular meetings for 2011. In addition to the regularly scheduled meetings, the Committee holds special meetings when necessary.

Committee members generally receive written materials several days prior to each regularly scheduled meeting. At the close of each regularly scheduled Committee meeting, the Committee conducts an executive session without management present. When appropriate, the Committee also meets in executive session at the close of special meetings. At the Committee's request, the Committee's external compensation consultant reviews committee meeting materials and attends meetings.

In making changes to our compensation programs, the Committee considers our compensation philosophy and objectives, as well as external market, industry and peer company practices. The Committee reviews each element of the executive compensation program annually for continuing appropriateness and reasonableness.

In December 2009 and February 2010, the Committee reviewed and approved executive salaries, equity plan incentive grants and performance measures and related targets for our annual incentive program for 2010. When reviewing proposed awards, the Committee considered our corporate performance for the year and the prior three-year period against the peer group of companies identified as the Comparator Group below under Comparative Framework. The Committee also considered our corporate performance compared to our strategic objectives. The Committee reviewed and approved equity grants for newly hired and promoted employees as required throughout the year. Committee actions relating to executive salaries, incentive awards and long-term compensation, as well as changes to our compensation programs, were submitted to the full Board for ratification and approval.

Services of Compensation Consultant

In 2010, the Committee retained Hewitt Associates, an external compensation consultant (the Compensation Consultant), to advise the Committee on executive compensation issues. See Corporate Governance Matters Committees of the Board Compensation Committee for disclosure relating to services provided to us by affiliates of the Compensation Consultant.

The Committee provides the Compensation Consultant with preliminary instructions regarding the goals of our compensation program and the parameters of the competitive review of our executive compensation programs to be conducted by the Compensation Consultant. The Compensation Consultant provides the Committee with comparative market data on position-specific compensation structures, policies and programs based on analyses of relevant survey data and of the practices of the Comparator Group defined below under Comparative Framework. The Compensation Consultant also provides guidance on industry best practices and advises the Committee in determining appropriate ranges for base salaries, annual incentives and equity compensation for each senior executive position.

Role of Executive Officers in Compensation Decisions

At the request of the Committee, the Chief Executive Officer and the Senior Vice President, Human Resources, generally attend meetings of the Committee, but are not present in executive sessions and do not participate in deliberations of their own compensation. Our human resources group assists the Committee as requested on specific topics regarding compensation, as well as on specific recommendations for compensation for management throughout our company.

The Chief Executive Officer annually reviews with the Committee the performance of each executive officer (other than himself) and presents compensation recommendations based on these reviews to the Committee. The Committee reviews these recommendations with its external compensation consultant and exercises its discretion in adopting, rejecting or changing the compensation proposals. The Committee then recommends the

Table of Contents

final compensation proposals for all Named Executive Officers, including the Chief Executive Officer, to the full Board for its approval.

The Committee employs a formal rating process to evaluate the Chief Executive Officer's performance. As part of this process, the Committee reviews financial and other relevant data related to the performance of the Chief Executive Officer at each meeting of the Board throughout the year. At the end of the year, each independent director provides an evaluation and rating of the Chief Executive Officer's performance in various categories. The Committee Chair submits a consolidated rating report and the Committee's recommendations regarding the Chief Executive Officer's compensation to the independent directors for review and ratification. The Lead Director chairs a discussion with independent Board members in executive session without the Chief Executive Officer present. From that discussion, the Committee finalizes the Chief Executive Officer's performance rating. The Committee Chair and the Lead Director review the final rating results and commentary with the Chief Executive Officer. The Committee takes the performance rating and financial data into account in determining the Chief Executive Officer's compensation and the Board's adoption of goals and objectives for the Chief Executive Officer for the following year.

Setting Executive Compensation

The Committee recognizes the importance of maintaining sound principles for developing and administering compensation and benefits programs. The Committee seeks to carry out its responsibilities by:

holding executive sessions (without management present) at every regular Committee meeting;

requiring clear communication of compensation policy and actions to executives and shareholders;

annually reviewing total annual compensation for all executive officers; and

establishing appropriate guidelines for executive change-in-control agreements.

Comparative Framework

In making its recommendations to the Board concerning executive officer compensation, the Committee annually reviews and evaluates our corporate performance and our executive officers' compensation and equity ownership. The Committee also obtains and reviews comparative data from the Compensation Consultant and a number of third-party sources, including proxy statements, publicly available information and surveys by consulting firms.

The Committee uses external competitive benchmarks that it believes support the guiding principles outlined above for each element of compensation. For 2010, the market for assessing compensation was defined as publicly traded companies with revenue comparable to ours (revenues of approximately \$1 billion – \$6 billion) that are headquartered in the U.S. and engaged in one or more manufacturing sectors (the Comparator Group). The Committee identified these companies as our Comparator Group based upon the analysis and recommendations of the Compensation Consultant. The Comparator Group consisted of business competitors, similarly structured broadly diversified organizations and competitors for executive talent: A. O. Smith Corporation, Amphenol Corporation, Cooper Industries plc, Crane Co., Danaher Corporation, Donaldson Company, Inc., Dover Corporation, Eaton Corporation, Flowsolve Corporation, Hubbell Incorporated, ITT Corporation, Pall Corporation, Parker-Hannifin Corporation, Rockwell Automation, Inc., SPX Corporation and Thomas & Betts Corporation.

2010 Compensation Program Elements

For the fiscal year ended December 31, 2010, the principal components of compensation for Named Executive Officers were:

Base salary;

Annual incentive compensation;

Long-term incentive compensation;

Table of Contents

Retirement and other benefits; and

Perquisites and other personal benefits.

The Committee reviews total compensation for executive officers and the relative levels of each of these forms of compensation, against the Committee's goals to attract, retain and incentivize talented executives and to align the interests of these executives with those of our long-term shareholders.

Base Salaries

We provide Named Executive Officers with a fixed base salary. Focusing on the market value of each position, the Committee's goal is to target approximately the 50th percentile (the Midpoint) of the Comparator Group for executives base salary ranges based on available market data. Market data include published survey data and proxy statement data for our Comparator Group. The Committee establishes each Named Executive Officer's salary within a range of 20% of the Midpoint. Differences in base salaries among the Named Executive Officers and the extent to which a Named Executive Officer's base salary is set at a level other than the Midpoint are decided by the Committee based on various factors, including competitive conditions for the Named Executive Officer's position within the Comparator Group and in the broader employment market, as well as the Named Executive Officer's length of employment, level of responsibility, experience and individual performance.

Due to the uncertain market and economic conditions in late 2008 and their impact on our future performance, the Committee determined in December 2008 to freeze base salaries for most upper management personnel, including all Named Executive Officers, at 2008 levels for 2009. Following a market review by the Compensation Consultant in December 2009 and given improved economic conditions in late 2009, the Committee, with the Board's concurrence, adopted the Chief Executive Officer's recommendation to reinstate merit-pay salary increases for non-executive employees in March 2010, and for all executive officers, including all Named Executive Officers, in July 2010. In addition, our Chief Executive Officer voluntarily agreed to forego payment of 10% of his base salary in May 2009. His salary reverted to the prior salary level in April 2010.

Annual Incentive Compensation Plan

To achieve the objective of providing competitive compensation to attract and retain top talent while linking pay to annual performance, we pay a portion of our executives' cash compensation as incentive compensation tied to annual business performance as measured against annual goals established by the Committee. We pay cash annual incentive compensation to our executive officers, including the Named Executive Officers, under the Executive Officer Performance Plan (EOPP). The Committee has no discretion to increase formula-derived incentive compensation under the EOPP. For 2010, the only participants in the EOPP were our executive officers.

For each EOPP participant, the Committee determined a percentage of that executive's base salary as a targeted level of incentive compensation opportunity, based on the Committee's review of the Compensation Consultant's recommendations, relevant survey data and, in the case of Named Executive Officers other than the Chief Executive Officer, the recommendations of the Chief Executive Officer. Differences in target levels of incentive compensation opportunity among the Named Executive Officers are decided by the Committee based on various factors, including competitive conditions for the Named Executive Officer's position within the Comparator Group and in the broader employment market, as well as the Named Executive Officer's length of employment, level of responsibility and experience. An executive officer's base salary multiplied by the incentive compensation opportunity percentage establishes the target incentive compensation for which the executive officer is eligible. The Committee determined incentive compensation targets in 2010 for all Named Executive Officers. These incentive compensation targets were as follows:

Table of Contents

	Target as a Percent of Salary	Target in Dollars
Randall J. Hogan	150%	\$1,543,035
John L. Stauch	80%	375,912
Michael V. Schrock	100%	548,375
Frederick S. Koury	60%	237,456
Mark C. Borin	60%	183,600
Louis L. Ainsworth	60%	234,930

Actual incentive compensation awarded to each Named Executive Officer may range from 0 to 2 times the target, depending on actual company and individual performance, as described below. The Committee approves performance goals (described below) for each year and sets each executive's incentive compensation opportunity so that if we attain target performance levels, annual cash incentive levels will be between the 50th and 75th percentiles of our Comparator Group. If we attain superior performance levels, cash incentive compensation could exceed the 75th percentile of the Comparator Group; if we do not attain target performance levels for any of the goals, cash incentive compensation will be below the 50th percentile of our Comparator Group.

To establish the performance goals and related targets applied to EOPP payments for the Named Executive Officers, the Committee examined goals that were recommended by the Chief Executive Officer, after consultation with the Chief Financial Officer and certain other executive officers, and that were based solely on objectively determinable financial performance measures. The Committee then assessed these recommendations in light of comparable data of the Comparator Group and relevant survey data. In February 2010, the Committee established the performance goals for 2010 for the EOPP, which the Board then ratified. The EOPP performance goals that applied to the Named Executive Officers consisted of the following quantitative measures:

Operating income, which means the excess of revenues over expenses for normal operating activities. For 2010, the operating income threshold was \$285 million, target was \$320 million and maximum was \$360 million, prior to adjustments specified in the EOPP.

Sales, which means sales excluding the impact of acquisitions and foreign currency exchange. For 2010, the sales threshold was \$2.77 billion, target was \$2.88 billion and maximum was \$3.00 billion, prior to adjustments specified in the EOPP.

Free cash flow, which means cash from operating activities less capital expenditures, including both continuing and discontinued operations, plus proceeds from sale of property and equipment. For 2010, the free cash flow threshold was \$184 million, target was \$232 million and maximum was \$275 million, prior to adjustments specified in the EOPP.

EBITDA, which means earnings before interest, depreciation and amortization. For 2010, EBITDA threshold was \$370 million, prior to adjustments specified in the EOPP.

The Committee believes that these performance goals correlate strongly with two primary corporate objectives: to improve the financial return from our businesses and to strengthen our balance sheet through cash flow improvement and debt reduction.

To provide an added performance incentive, the Committee determined that the amount of incentive compensation related to each performance goal other than EBITDA would be scaled according to the amount by which the measure exceeded or fell short of the target. The Committee also determined that the performance goals for operating income, sales and free cash flow should also have a threshold level below which no incentive compensation would be earned. In the case of the operating income, sales and free cash flow, the amount of incentive compensation for each performance goal was scaled from 0.75 (at the threshold) to 2.0 times (at the maximum) the target according to a formula that was based solely on our corporate performance and was not subject to adjustment or discretion.

In the case of EBITDA, the Committee determined that attainment of this performance goal is a necessary, but not sufficient, condition to trigger an incentive compensation award. If the EBITDA threshold was not attained, no award would be made for this performance goal. However, if the EBITDA threshold was attained, the Named

Table of Contents

Executive Officer became eligible for the EBITDA portion of the award. The Committee retained the discretion to reduce, but not to increase, the amount of any award to a Named Executive Officer, based upon a strategy deployment factor (SDF). The SDF measures an individual executive s performance against expectations in the attainment of corporate strategic goals set by the Board. The SDF is determined by the Committee for each Named Executive Officer based on its assessment of individual performance following consultation with the Chief Executive Officer.

The Committee determined that, for 2010, the performance measures applied to EOPP payments for all Named Executive Officers were to be weighted as follows: operating income: 30%; sales: 30%; free cash flow: 20%; and EBITDA: 20%. The actual incentive compensation of each Named Executive Officer was determined by multiplying the eligible target incentive compensation amount by a multiplier determined as noted above.

Operating income after adjustment for factors specified in the EOPP was \$334.2 million, which exceeded the target but not the maximum. The incentive bonus percentage for the operating income measure amounted to 40.6% of each EOPP participant s target bonus (30% weighting times 1 35.4%).

Sales after adjustment for factors specified in the EOPP were \$3.03 billion, which exceeded the maximum. The incentive bonus percentage for the sales measure amounted to 60% of each EOPP participant s target bonus (30% weighting times 200% at maximum).

Free cash flow after adjustment for factors specified by the EOPP was \$236.2 million, which exceeded the target, but not the maximum. The incentive bonus percentage for the free cash flow measure amounted to 22.0% of each EOPP participant s target bonus (20% weighting times 109.9%).

EBITDA after adjustment for factors specified in the EOPP plan was \$436.8 million, higher than the \$370 million threshold. The Committee determined that each Named Executive Officer s performance in 2010 met or exceeded individual performance expectations. Based on this determination, the Committee exercised its discretion to reduce awards from the maximum based on each Named Executive Officer s SDF, resulting in incentive bonus percentage for the EBITDA measure ranging from 24.0% to 28.0% of each EOPP participant s target for this portion of the award (20% weighting times 120% to 140%).

Based on the foregoing, the Committee awarded EOPP incentive awards to the Named Executive Officers that are reflected in the Non-Equity Incentive Plan Compensation column under Executive Compensation Summary Compensation Table.

2010 Long-Term Incentive Compensation

The Committee emphasizes executive compensation that is tied to building and sustaining our company s value through stock performance over time. We provide long-term compensation to our executives to further the objectives of:

motivating and rewarding executives through share price appreciation;

encouraging innovation and growth;

aligning management and shareholder interests; and

attracting and retaining key executive talent.

In keeping with this philosophy, the Committee awards participants with grants of long-term incentive compensation having a value falling between the 50th and 75th percentiles of competitive compensation programs, based on the Committee s assessment of both published survey data and data from our Comparator Group. If we build and sustain long-term shareholder value through superior performance, ongoing long-term incentive values may exceed the 75th percentile of our Comparator Group.

In 2010, the Committee awarded long-term incentive compensation under the 2008 Pentair, Inc. Omnibus Stock Incentive Plan (the 2008 Omnibus Plan). As it does each year, the Committee used benchmark data

Table of Contents

(including compensation surveys, Comparator Group information and other data provided by the Compensation Consultant) to set competitive target dollar award levels for each Named Executive Officer and for each position or grade level. Differences in target dollar award levels among the Named Executive Officers were decided by the Committee based on various factors, including competitive conditions for the Named Executive Officer's position within the Comparator Group and in the broader employment market, as well as the Named Executive Officer's length of employment, level of responsibility, experience and individual performance. Individual awards generally range between 80 and 120 percent of the target award level, with actual award amounts determined by the Committee based on its assessment of both the executive's individual performance against his or her individual performance goals in the previous year and company performance in the previous year against our strategic plan.

The Committee approved the elements and mix of long-term incentive compensation under the 2008 Omnibus Plan. The Committee granted all Named Executive Officers a mix of the following components: stock options and restricted stock units.

Stock options: The Committee determined that it would grant ten-year stock options, with one third of the options vesting on each of the first, second and third anniversaries of the grant date, as in prior years. For the 2010 grant, stock options constituted 50% of the long-term incentive award's total value.

Restricted stock units: The Committee determined that it would grant restricted stock units, with one-half of the restricted stock units vesting on each of the third and fourth anniversaries of the grant date, as in prior years. Each restricted stock unit represents the right to receive one share of our Common Stock upon vesting and includes one dividend equivalent unit, which, upon vesting, entitles the holder to a cash payment equal to all cash dividends declared on a share of our Common Stock from the date of grant to the date of vesting. An executive officer may elect to defer receipt of restricted stock units upon vesting under our Non-Qualified Deferred Compensation Plan. For the 2010 grant, restricted stock units constituted 50% of the long-term incentive award's total value.

The value of stock options and restricted stock units granted to the Named Executive Officers in 2010 is reflected in the table under "Executive Compensation - Grants of Plan-Based Awards Table." The value of restricted shares that vested for each Named Executive Officer in 2010 and the value of options exercised by each Named Executive Officer in 2010 are shown in the table under "Executive Compensation - Option Exercises and Stock Vested."

The Committee also determined not to award new cash-settled performance units as in 2009 reflecting both the changes in the global economic conditions facing us in 2010 compared to 2009, and the decision by the Committee not to issue the larger number of shares in 2009 that would have been called for as long-term incentive compensation under the Committee's normal policy, as a result of the depressed stock price at the beginning of 2009 compared to 2010.

The Committee reviewed and approved the 2010 grants of long-term incentive compensation for executive officers in December 2009 effective on January 4, 2010. For all other recipients, in February 2010, the Committee reviewed and approved grants that were effective on March 2, 2010. The Committee reviews and approves all equity awards to newly hired or promoted executives at regular meetings throughout the year. As a rule, the Committee grants awards to newly hired or promoted executives that are effective the earlier of the 15th day of the month following the date of hire or promotion or the 15th day of the month following the date of the Committee meeting at which the grant is approved. If the 15th day of such month is a day on which the New York Stock Exchange is not open for trading, then the grant date will be the first day following the 15th day of such month on which the New York Stock Exchange is open for trading. The Committee has also given the Committee Chair and the Chief Executive Officer discretion to grant equity awards to newly hired or promoted executives as required throughout the year, within the guidelines of the long-term incentive plan. The Committee then ratifies these grants at its next meeting. All options are granted at fair market value based on the closing stock price on the effective day of grant.

Table of Contents**Prior Long-Term Incentive Grants**

In 2009, the Committee granted cash-settled performance units to the Named Executive Officers. Each performance unit entitles the holder to a cash payment following the end of a three-year performance period, if we achieve specified company performance goals set forth in the 2008 Omnibus Plan. The performance goals are selected by the Committee at the beginning of each year of the performance period. Depending on our actual performance during each year in the three-year performance period, we might pay a target of 100%, a threshold of 75%, a maximum of 125%, or a minimum of 0%, with respect to the cash-settled performance units, contingent upon the participant's remaining employed by us on the third anniversary of the grant date or having retired at or after age 60 with a minimum of ten years' service. Eligible executive officers may elect to defer receipt of the cash payment under our Non-Qualified Deferred Compensation Plan.

For 2009, the Committee selected a performance metric of achievement of an EBITDA target equal to \$434.9 million. In 2009, our EBITDA was below the target level at \$357.9 million, or 82% of target. For 2010, the Committee selected a performance metric of achievement of an EBITDA target equal to \$420.0 million. In 2010, our EBITDA was above the target level at \$436.8 million, or 104% of target. Because the performance units reflect a cumulative three-year performance period, however, the results of any one year are not determinative of the amount that may be paid out at the end of the performance period. The actual value of these performance units at final payout in 2012 will reflect our performance during each year in the three-year performance period, and may be above, below or at the target value for the entire performance period.

Changes in Compensation Program Mix for 2011

The Committee believes that one of the strengths of our compensation program is its consistency; therefore, the Committee did not change in 2010 its compensation philosophy or objectives as described above under Compensation Philosophy and Objectives. In light of recent economic and market conditions, however, the Committee did revise the mix of elements of the compensation program for the Named Executive Officers and the broader management team for 2011. After review of our short- and long-term incentive plans, our preliminary 2011 operating plan, our financial position and current market trends for executive compensation prepared by the Compensation Consultant, management and the Committee modified our compensation program from that in 2010 primarily to establish a cash-settled performance unit as a part of long-term incentive compensation.

The Committee believes that these changes will both enable our company to retain and attract talented management and to further management alignment with shareholder interests.

Base Salaries

The Committee undertook its annual review of base salaries for the Named Executive Officers and other management personnel, in accordance with its normal procedures. Following a market review by the Compensation Consultant, the Committee, with the Board's concurrence, approved annual merit increases to base salary for each executive officer effective January 1, 2011.

Annual Incentive Compensation

The Committee also reviewed the Company's cash incentive plans and approved performance measures and goals for 2011. The Committee determined that operating income, sales and cash flow generation would be the three primary operating measures used to determine cash incentive compensation amounts for 2011. The sales performance payout will be contingent upon achieving a segment level return on sales threshold. These measures correlate strongly with two primary corporate objectives: to improve the financial return from our businesses, and to strengthen our balance sheet through cash flow improvement and debt reduction. In addition, the Committee also approved an EBITDA target to be used with SDFs in assessing individual performance for the year. The performance measures (and related target amounts) applicable to all Named Executive Officers for 2011 will be weighted as follows: operating income 40%, sales 20%, cash flow 20% and EBITDA (SDF) 20%.

No changes are being made in the administration of the EOPP, the setting of incentive compensation opportunity targets, the methodology for calculating actual incentive compensation payouts or the Committee's

Table of Contents

procedures for reviewing and approving awards under the plan, as described above under Annual Incentive Compensation Plan.

Long-Term Incentive Compensation

The Committee approved in December 2010 the elements and mix of long-term incentive compensation for 2011 under the 2008 Omnibus Plan. The Committee granted all Named Executive Officers a mix of the following components: stock options, restricted stock units and cash-settled performance units.

Stock options: The Committee determined that it would grant ten-year stock options, with one third of the options vesting on each of the first, second and third anniversaries of the grant date, as in prior years. However, the mix of stock options for the 2011 grant was reduced to one-third of the long-term incentive award's total value.

Restricted stock units: The Committee determined that it would grant restricted stock units, with one-half of the restricted stock units vesting on each of the third and fourth anniversaries of the grant date, as in prior years. Each restricted stock unit represents the right to receive one share of our Common Stock upon vesting and includes one dividend equivalent unit, which, upon vesting, entitles the holder to a cash payment equal to all cash dividends declared on a share of our Common Stock from the date of grant to the date of vesting. An executive officer may elect to defer receipt of restricted stock units upon vesting under our Non-Qualified Deferred Compensation Plan. However, the mix of restricted stock units for the 2011 grant was reduced to one-third of the long-term incentive award's total value.

Cash-settled performance units: The Committee determined that it would also grant cash-settled performance units in 2011, reflecting the desire of the Committee to grant performance-based awards but also to limit the number of shares of our Common Stock that are issued pursuant to long-term incentive awards. Each performance unit entitles the holder to a cash payment following the end of a three-year performance period, if we achieve specified company performance goals set forth in the 2008 Omnibus Plan. The performance goals selected by the Committee for the 2011 to 2013 performance period were revenue growth and return on invested capital, each weighted 50%.

Depending on cumulative company performance over the three-year performance period, we will pay nothing if a threshold is not met, 50% of the target value if the threshold is met, 100% of the target value if the target is met and 200% of the target value if the maximum is met. Eligible executive officers may elect to defer receipt of the cash payment under our Non-Qualified Deferred Compensation Plan. For the 2011 grant, the value of cash-settled performance units awarded constituted one-third of the long-term incentive award's total value.

Stock Ownership Guidelines

The Committee and the Board have established stock ownership guidelines for the Named Executive Officers and other executives to motivate them to become significant shareholders and to further encourage long-term performance and growth. The Committee monitors our executives' compliance with these stock ownership guidelines and periodically reviews the definition of stock ownership to reflect the practices of companies in the Comparator Group. For 2010, stock ownership included stock owned by the officer both directly and indirectly, the pro-rated portion of unvested restricted stock, restricted stock units, and shares held in our employee stock ownership plan or our employee stock purchase plan. The Committee determined that, over a period of five years from appointment, key employees should accumulate and hold Common Stock equal to a multiple of base salary as follows:

Table of Contents

Executive Level	Stock Ownership Guidelines (as a multiple of salary)
Chief Executive Officer	5x base salary
President, Chief Operating Officer; Executive Vice President and Chief Financial Officer	3x base salary
Senior Vice President, Human Resources; Senior Vice President and General Counsel	2.5x base salary

Retirement and Other Benefits

The Named Executive Officers and other executives and employees participate in the Pentair, Inc. Pension Plan, the Pentair, Inc. Retirement Savings and Stock Incentive Plan, the Pentair, Inc. Supplemental Executive Retirement Plan and the Pentair, Inc. Restoration Plan. We also provide other benefits such as medical, dental and life insurance and disability coverage to employees, including the Named Executive Officers. We aim to provide employee and executive benefits at levels that reflect competitive market levels at the 50th percentile of similar benefits given by our Comparator Group.

The Pentair, Inc. Pension Plan, the Pentair, Inc. Retirement Savings and Stock Incentive Plan, the Pentair, Inc. Supplemental Executive Retirement Plan and the Pentair, Inc. Restoration Plan were all amended in 2008 to comply with final regulations under Internal Revenue Code Section 409A. As a result of these amendments, benefits vested prior to January 1, 2005 are separated from benefits earned after January 1, 2005, and may offer different distribution or other options to participants as described below.

The Pentair, Inc. Pension Plan

The Pentair, Inc. Pension Plan (the "Pension Plan") is a funded, tax-qualified, noncontributory defined-benefit pension plan that covers certain employees, including the Named Executive Officers. Participation in the Pension Plan is restricted to those Named Executive Officers and other employees who were hired on or before December 31, 2007. Benefits under the Pension Plan are based upon an employee's years of service and highest average earnings in any five-year period during the ten-year period preceding the employee's retirement (or, in the case of an employee with more than five years but less than ten years of service, during any five-year period preceding the employee's retirement). No additional benefits may be earned under the Pension Plan after December 31, 2017. Benefits under the Pension Plan are payable after retirement in the form of an annuity.

Compensation covered by the Pension Plan for the Named Executive Officers equals the amounts set forth in the Salary column under Executive Compensation Summary Compensation Table and 2009 incentive compensation paid in March 2010 set forth in the Non-Equity Incentive Plan Compensation column under Executive Compensation Summary Compensation Table. The amount of annual earnings that may be considered in calculating benefits under the Pension Plan is limited by law. For 2010, the annual limitation was \$245,000.

Table of Contents

Benefits under the Pension Plan are calculated as an annuity equal to the sum of:

1.0 percent of the participant's highest final average earnings multiplied by years of service; and

0.5 percent of such earnings in excess of Primary Social Security compensation.

Years of service under these formulas cannot exceed 35. Contributions to the Pension Plan are made entirely by us and are paid into a trust fund from which the benefits for all participants will be paid.

The Pentair Supplemental Executive Retirement and Restoration Plan

The Pentair, Inc. Supplemental Executive Retirement Plan (SERP) and the Pentair, Inc. Restoration Plan (Restoration Plan) are unfunded, nonqualified defined benefit pension plans for all executive officers and other key executives selected by the Committee who were hired or became a participant on or before December 31, 2007.

Benefits under these two Plans vest upon the completion of five years of benefit service (all service following initial participation). These Plans are combined for all administrative, accounting and other purposes. Each of the Named Executive Officers participate in the SERP and each of the Named Executive Officers other than Mr. Borin participate in the Restoration Plan. All Named Executive Officers other than Mr. Stauch and Mr. Borin are fully vested in these Plans.

Benefits under the SERP are based upon the number of an employee's years of service following initial participation and the highest average earnings for a five calendar-year period (ending with retirement). Benefits vested as of December 31, 2004, are payable after retirement in the form of either a 15-year certain annuity or, at the participant's option, a 100% joint and survivor annuity. Benefits earned after December 31, 2004, are payable after retirement in the form of a 15-year certain annuity. No additional benefits may be earned under the SERP after December 31, 2017. Compensation covered by the SERP and the Restoration Plan for the Named Executive Officers equals the amounts set forth in the 2010 Salary and Non-Equity Incentive Plan Compensation columns under Executive Compensation Summary Compensation Table.

Benefits under the SERP are calculated as:

final average compensation as defined above; multiplied by

benefit service percentage, which equals 15% multiplied by years of benefit service.

As discussed above, the Pension Plan limits retirement benefits for compensation earned in excess of the annual limitation imposed by Internal Revenue Code Section 401(a)(17), which was \$245,000 in 2010. The Restoration Plan is designed to provide retirement benefits based on compensation earned by participants in excess of this annual limitation. The only participants in the Restoration Plan are those executive officers and other selected key leaders who participate in the SERP. Restoration Plan benefits are combined and administered with those payable under the SERP and are paid in the same manner and at the same time.

Benefits under the Restoration Plan are calculated as:

final average compensation as defined above, less compensation below the annual limitation amount in each year; multiplied by

earned benefit service percentage (which is weighted based on age at the time of service), in accordance with the following table:

Service Age	Percentage
Under 25	4%
25-34	5.5%
35-44	7%
45-54	9%
55 or over	12%

The benefit percentages calculated above are added and the resulting percentage is multiplied by the covered compensation amount. Benefits vested as of December 31, 2004 are payable after retirement in the form of

Table of Contents

a 15-year certain annuity or, at the participant's option, a 100% joint and survivor annuity. Benefits earned after December 31, 2004 are payable after retirement in the form of a 15-year certain annuity. No additional benefits may be earned under the Restoration Plan after December 31, 2017.

The present value of the combined accumulated benefits for the Named Executive Officers under both the SERP and the Restoration Plan is set forth in the table under "Executive Compensation - Pension Benefits."

The Pentair Retirement Savings and Stock Incentive Plan

The Pentair Retirement Savings and Stock Incentive Plan ("RSIP/ESOP Plan") is a tax-qualified 401(k) retirement savings plan, with a companion Employee Stock Ownership Plan ("ESOP") component. Participating employees may contribute up to 50 percent of base salary and incentive compensation on a before-tax basis and 15 percent of compensation on an after-tax basis, into their 401(k) plan ("RSIP"). We normally match an amount equal to one dollar for each dollar contributed to the RSIP by participating employees on the first one percent, and 50 cents for each dollar contributed to the RSIP by participating employees on the next five percent, of their regular earnings. In addition, after the first year of employment, we contribute to the ESOP an amount equal to 1 1/2 % of cash compensation (salary and incentive compensation) for each participant in the RSIP, to incent employees to make contributions to our retirement plan. The RSIP/ESOP Plan limits the amount of cash compensation considered for contribution purposes to the maximum imposed by Internal Revenue Code Section 401(a)(17), which was \$245,000 in 2010.

Participants in the RSIP/ESOP Plan are allowed to invest their account balances in a number of possible mutual fund investments. Our Common Stock is not a permitted investment choice under the RSIP. We make ESOP contributions in our Common Stock. Participants may sell and immediately reinvest stock contributions within the ESOP into any other investment vehicles offered under the RSIP/ESOP Plan. In addition, ESOP balances, but not RSIP balances, may be reinvested into the Company's Common Stock, effective in 2009.

Fidelity Investments Institutional Services Co. provides these investment vehicles for participants and handles all allocation and accounting services for the Plan. We do not guarantee or subsidize any investment earnings under the Plan.

Amounts deferred, if any, under the RSIP/ESOP Plan by the Named Executive Officers are included in the "Salary and Non-Equity Incentive Plan Compensation" columns under "Executive Compensation - Summary Compensation Table." Pentair matching contributions allocated to the Named Executive Officers under the RSIP/ESOP Plan are included in the "All Other Compensation" column under "Executive Compensation - Summary Compensation Table." Matching contributions are generally made a year in arrears.

We determined to temporarily suspend in June 2009 all matching contributions to participant accounts under the RSIP/ESOP Plan as a result of worsening economic conditions and uncertainty about future company performance. We reinstated matching contributions to participant accounts in 2010, effective January 1 for the ESOP and April 1 for the RSIP. All Named Executive Officers were subject to the suspension of contributions in 2009 and benefited from their reinstatement on the same basis as other participants in 2010.

Medical, Dental, Life Insurance and Disability Coverage

Employee benefits such as medical, dental, life insurance and disability coverage are available to all U.S.-based participants through our active employee plans. In addition to these benefits to active employees, we provide post-retirement medical, dental and life insurance coverage to certain retirees in accordance with the legacy company plans which applied at the time the employees were hired. We provide up to one and a half times annual salary (up to \$2,000,000) in life insurance, and up to \$10,000 per month in long-term disability coverage. The cost of the active employee benefits in 2010 for the Named Executive Officers was as follows:

Table of Contents

Officer	Cost of Benefits
Randall J. Hogan	\$13,140
John L. Stauch	\$13,203
Michael V. Schrock	\$12,796
Frederick S. Koury	\$12,351
Mark C. Borin	\$12,724
Louis L. Ainsworth	\$ 5,437

The value of these benefits is not required to be included in the Summary Compensation Table since they are made available to all of our U.S. salaried employees.

Other Paid Time-Off Benefits

We also provide vacation and other paid holidays to all employees, including the Named Executive Officers, which we have determined to be comparable to those provided at other large companies.

Deferred Compensation

We sponsor a non-qualified deferred compensation program, called the Sidekick Plan, for our U.S. executives within or above the pay grade that has a median annual salary of \$121,100 in 2010. This plan permits executives to defer up to 25% of their base salary and 75% of their annual cash incentive compensation. We normally make contributions in two tranches to the Sidekick Plan on behalf of participants similar to our contributions under the RSIP/ESOP Plan with respect to each participant's contributions from that portion of his or her income above the maximum imposed by Internal Revenue Code Section 401(a)(17), which was \$245,000 in 2010, but below the Sidekick Plan's compensation limit of \$700,000.

Participants in the Sidekick Plan are allowed to invest their account balances in a number of possible mutual fund investments. Fidelity Investments Institutional Services Co. provides these investment vehicles for participants and handles all allocation and accounting services for the Plan. We do not guarantee or subsidize any investment earnings under the Plan, and our Common Stock is not a permitted investment choice under the Plan.

Amounts deferred, if any, under the Sidekick Plan by the Named Executive Officers are included in the Salary and Non-Equity Incentive Plan Compensation columns under Executive Compensation Summary Compensation Table. Our contributions allocated to the Named Executive Officers under the Sidekick Plan are included in the All Other Compensation column under Executive Compensation Summary Compensation Table.

We determined to temporarily suspend in May and June 2009 the matching contributions to participant accounts under the Sidekick Plan as a result of worsening economic conditions and uncertainty about future company performance. We determined to reinstate matching contributions at the beginning of 2010, effective in January and April. All Named Executive Officers were subject to the suspension of contributions in 2009 and benefited from their reinstatement on the same basis as other participants in 2010.

Perquisites and Other Personal Benefits

We provide Named Executive Officers with a perquisite program (the Flex Perq Program) under which the Named Executive Officers receive a cash perquisite allowance in an amount that the Committee believes is customary, reasonable and consistent with our overall compensation program to better enable us to attract and retain superior employees for key positions. The Committee periodically reviews market data provided by the Compensation Consultant to assess the levels of perquisites provided to Named Executive Officers.

For 2010, the total aggregate annual allowance under the Flex Perq Program was \$35,000 for the Chief Executive Officer and the President and Chief Operating Officer, and \$30,000 for all other participants. In addition to the allowance provided under the Flex Perq Program, we provided reimbursement for an annual executive physical and related expenses for the Chief Executive Officer and President and Chief Operating Officer.

Table of Contents

These amounts are included in the All Other Compensation column under Executive Compensation Summary Compensation Table and are set forth in more detail in footnote 5 to that table.

Severance and Change-in-Control Benefits

We provide severance and change-in-control benefits to selected executives to provide for continuity of management upon a threatened or completed change in control. These benefits are designed to provide economic protection to key executives following a change in control of our company so that our executives can remain focused on our business without undue personal concern. We believe that the security that these benefits provide helps our key executives to remain focused on our on-going business and reduces the key executive's concerns about future employment. We also believe that these benefits allow our executives to consider the best interests of our company and its shareholders due to the economic security afforded by these benefits.

We provide the following severance and change-in-control benefits to our executive officers:

We have entered into agreements with our key corporate executives and other key leaders, including all Named Executive Officers, that provide for contingent benefits upon a change in control.

The EOPP provides that, upon a change in control, each EOPP participant is entitled to receive any outstanding and unpaid award for the year before the change of control as well as an award for the then-current year calculated on the basis of the executive's base salary immediately before the change of control and assuming that the year's EOPP targets have been attained.

The 2008 Omnibus Plan and its predecessors provide that, upon a change in control, all outstanding options granted under such plans that are unvested become fully vested.

The 2008 Omnibus Plan and its predecessors provide that, upon a change in control, all restrictions applicable to outstanding shares of restricted stock granted under such plans shall automatically lapse and any dividends declared but unpaid with respect to such restricted stock shall be paid to the executive within 10 days of the date of the change of control.

The 2008 Omnibus Plan and its predecessors provide that, upon a change in control, all restrictions applicable to outstanding restricted stock units and dividend equivalent units granted under such plans shall automatically lapse and any dividends declared but unpaid with respect to such dividend equivalent units shall be paid to the executive within 10 days of the date of the change of control.

The 2008 Omnibus Plan provides that, upon a change in control, all cash-settled performance units for which the performance period has not expired will be cancelled in exchange for a cash payment equal to the amount that would have been due under such awards if the performance goals measured at the time of the change of control were to continue to be achieved at the same rate through the end of the performance period, or if higher, assuming the target performance goals had been met at the time of the change of control.

Upon certain types of terminations of employment (other than a termination following a change in control), severance benefits may be paid to the Named Executive Officers at the discretion of the Committee.

We explain these benefits more fully below under Executive Compensation Potential Payments Upon Termination Or Change In Control.

Retention Agreements

We entered into a Confidentiality and Non-Competition Agreement dated as of January 6, 2005, with Michael Schrock, our President and Chief Operating Officer. The Confidentiality and Non-Competition Agreement requires Mr. Schrock to devote his full-time and energy to furthering our business and prohibits Mr. Schrock, during or after his term of employment, from disclosing or using, for his own benefit or the benefit of another party, confidential information that he may learn or acquire during his employment. The Confidentiality and Non-Competition Agreement also contains a covenant against competition by Mr. Schrock for two years following his last day of

employment with us. It does not contain severance provisions.

Impact of Tax Considerations

Section 162(m) of the Internal Revenue Code places a limit of \$1,000,000 on the amount of compensation that we may deduct in any one year with respect to each of our five most highly paid executive officers. There is an exception to the \$1,000,000 limitation for performance-based compensation meeting certain requirements, including periodic shareholder approval of the benefit plans under which we pay such performance-based compensation. Annual cash incentive compensation generally is performance-based compensation meeting those requirements and, as such, is fully deductible.

The Committee also considers the impact of other tax provisions, such as the restrictions on deferred compensation set forth in Section 409A of the Internal Revenue Code, and attempts to structure compensation in a tax-efficient manner, both for the Named Executive Officers and for our company. To maintain flexibility in compensating executive officers in a manner designed to promote varying corporate goals, the Committee has not adopted a policy requiring all compensation to be deductible.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis set forth above with management and, based on such review and discussions, the Compensation Committee recommended to the Board that the Compensation Discussion and Analysis be included in this proxy statement and incorporated by reference into our Annual Report on Form 10-K for the year ended December 31, 2010.

Table of Contents**OPTION EXERCISES AND STOCK VESTED TABLE**

The following table shows a summary of the stock options exercised by the Named Executive Officers in 2010 and the restricted stock or restricted stock units vested for the Named Executive Officers during 2010.

Name	Option awards		Stock awards	
	Number of shares acquired on exercise (#)	Value realized on exercise (\$)(1)	Number of shares acquired on vesting (#)(2)	Value realized on vesting (\$)(3)

Mark C. Borin	0	0	878	29,913
Louis L. Ainsworth	4,370	35,572	45,002	1,561,464

- (1) Reflects the amount calculated by multiplying the number of options exercised by the difference between the market price of our Common Stock on the exercise date and the exercise price of options.
- (2) With respect to Mr. Hogan's shares acquired on vesting, 26,540 shares were vested solely for the purpose of us withholding such shares to satisfy tax withholding obligations as a result of Mr. Hogan attaining 10 years of service and age 55, which permits certain shares of restricted stock to vest prior to retirement.
- (3) Reflects the amount calculated by multiplying the number of shares vested by the market price of our Common Stock on the vesting date.

PENSION BENEFITS

Listed below are the number of years of credited service and present value of accumulated pension benefits as of December 31, 2010 for each of the Named Executive Officers under the Pentair, Inc. Pension Plan, the Pentair, Inc. Supplemental Executive Retirement Plan and the Pentair, Inc. Restoration Plan, which are described in detail under Compensation Discussion and Analysis – Retirement and Other Benefits. The disclosed amounts are actuarial estimates only and do not necessarily reflect the actual amounts that will be paid to the Named Executive Officers, which will only be known at the time that they become eligible for payment.

	Pentair, Inc. Pension Plan	14	469,078	15,255
	Pentair, Inc. Supplemental Executive Retirement Plan	14	1,959,873	0

(1) The Supplemental Executive Retirement Plan benefits, which include amounts under the Restoration Plan, are payable following retirement at age 55 or later in the form of an annuity. The actuarial present values above were calculated using the following methods and assumptions:

Except for Mr. Ainsworth's calculations, the Pension Plan present values were based on the accrued benefit payable at age 65 and were calculated as of December 31, 2010. Mr. Ainsworth's calculations are based on the actual pension amounts (and forms) he is receiving or has elected to receive.

Table of Contents

Except as noted above for Mr. Ainsworth, present values for the Pension Plan are based on a life-only annuity. Present values for the Supplemental Executive Retirement Plan are based on a 180-month-certain only annuity.

The present value of Pension Plan benefits as of December 31, 2010 was calculated assuming a 5.90% interest rate and the male and female RP2000 mortality table, projected 15 years for post-retirement decrements with no pre-retirement mortality used.

The present value of Supplemental Executive Retirement Plan benefits as of December 31, 2010 was calculated assuming a 5.90% interest rate.

(2) Mr. Borin was hired after December 31, 2007 and therefore is not eligible to participate in the Pension Plan.

The actual amount of pension benefits ultimately paid to a Named Executive Officer may vary based on a number of factors, including differences from the assumptions used to calculate the amounts.

NONQUALIFIED DEFERRED COMPENSATION TABLE

The following table sets forth the contributions, earnings, distributions and year-end balances for each of the Named Executive Officers under our Sidekick Plan described under Compensation Discussion and Analysis Retirement and Other Benefits Deferred Compensation. Contributions we make to the Sidekick Plan are intended to make up for contributions to our RSIP/ESOP Plan (including our matching contributions) for cash compensation above the maximum imposed by Internal Revenue Code Section 401(a)(17), which was \$245,000 in 2010. Because the Internal Revenue Code does not permit contributions on amounts in excess of that limit under a tax-qualified plan, the Sidekick Plan is designed to permit matching contributions on compensation in excess of the maximum imposed by Internal Revenue Code Section 401(a)(17). We make these matching contributions to the Sidekick Plan on amounts in excess of the maximum imposed by Internal Revenue Code Section 401(a)(17), but below the \$700,000 compensation limit contained in our Sidekick Plan (such contributions by a Named Executive Officer, Covered Sidekick Compensation).

The amounts set forth in the column Executive Contributions in 2010 reflect the amount of cash compensation each Named Executive Officer deferred in 2010 under the Sidekick Plan. The amount set forth in the Aggregate Withdrawals/Distributions column reflects a payment to Mr. Ainsworth after his retirement.

The amounts set forth in the column Registrant Contributions in 2010 are the totals of contributions we made in 2010 under the Sidekick Plan for the account of each Named Executive Officer. These amounts, in addition to contributions we made under the RSIP/ESOP Plan, are included in the Summary Compensation Table in the column labeled All Other Compensation above. The contributions we made are derived from some or all of the following sources:

Matching contributions equal to one dollar for each dollar contributed up to one percent of Covered Sidekick Compensation, and 50 cents for each incremental dollar contributed up to six percent, deferred in 2009 by each Named Executive Officer; we normally make these contributions one year in arrears. Matching contributions

were suspended for all participants in June 2009 and were reinstated in April 2010.

Table of Contents

A discretionary contribution of up to 1¹/₂ % of Covered Sidekick Compensation earned in 2009 for each Named Executive Officer; we normally make these contributions one year in arrears. Matching contributions were suspended for all participants in May 2009 and were reinstated in January 2010.

The amounts set forth in the column Aggregate Earnings/(Loss) in 2010 reflect the amount of investment earnings realized by each Named Executive Officer on the mutual fund investments chosen that are offered to participants in our RSIP/ESOP Plan and Sidekick Plan. Fidelity Investments Institutional Services Co. provides these investment vehicles for participants and handles all allocation and accounting services for these plans. We do not guarantee or subsidize any investment earnings in either Plan.

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE IN CONTROL

Except for the following items, we have no agreements, arrangements, or plans that entitle executive officers to severance, perquisites, or other enhanced benefits upon termination of their employment; such payments or benefits (other than following a change in control) would be in the discretion of the Compensation Committee.

Restricted stock vesting: Restriction periods on grants of restricted stock under the Pentair, Inc. Omnibus Stock Incentive Plan approved by our shareholders in 2004 and terminated in May 2008 (the 2004 Omnibus Plan) automatically lapse upon the retirement of a Named Executive Officer who has also attained 10 years of service and age 55. The value of unvested restricted stock granted prior to 2009 is reflected in the Outstanding Equity Awards at December 31, 2010 table above. As of December 31, 2010, Mr. Hogan and Mr. Schrock were the only Named Executive Officers who had attained 10 years of service and age 55.

Stock option vesting: Upon the retirement of a Named Executive Officer who has also attained 10 years of service and age 55, unvested options granted under the 2004 Omnibus Plan continue to vest according to the schedule in effect prior to retirement and, once vested, remain exercisable until the earlier of the expiration or the five-year anniversary of the Named Executive Officer's retirement date. Upon the retirement of a Named Executive Officer who has also attained 10 years of service and age 60, unvested options granted under the 2008 Omnibus Plan continue to vest according to the schedule in effect prior to retirement and, once vested, remain exercisable until the earlier of the expiration or the five-year anniversary of the Named Executive Officer's retirement date. All such options are reflected in the Stock Option Vesting column of the table under the heading Quantification of Compensation Payable upon Change in Control below. As of December 31, 2010, Mr. Hogan and Mr. Schrock were the only Named Executive Officers who had attained 10 years of service and age 55 and no Named Executive Officers had attained the age of 60.

Restricted stock unit vesting: Restriction periods on grants of restricted stock units under the 2008 Omnibus Plan automatically lapse upon the retirement of a Named Executive Officer who has also attained 10 years of service and age 60. The value of such restricted stock units granted in 2010 is reflected in the Outstanding Equity Awards at December 31, 2010 table above. As of December 31, 2010, no Named Executive Officers had attained the age of 60.

Cash-settled performance unit vesting: Upon the retirement of a Named Executive Officer who has also attained 10 years of service and age 60, cash-settled performance units granted under the 2008 Omnibus Plan vest. Payments to retired Named Executive Officers will be based upon actual Company performance to the date of expiration of the performance period, and will be paid in the year following the expiration. As of December 31, 2010, no Named Executive Officers had attained the age of 60.

Certain benefits upon a change in control described under the heading Change in Control Agreements below.

Change in Control Agreements

We have entered into agreements with certain key corporate executives and business division leaders, including all Named Executive Officers, that provide for contingent benefits upon a change in control. These agreements are intended to provide for continuity of management upon a change in control. The agreements provide

Table of Contents

that covered executive officers could be entitled to certain severance benefits following a change in control. If, following such a change in control, the executive officer is involuntarily terminated for any reason, other than for disability or for cause, or if such executive officer terminates his or her employment for good reason, then the executive officer is entitled to certain severance payments.

Under these agreements, a change in control is deemed to have occurred if:

any person is or becomes the beneficial owner of securities representing 20% (or 30% in the case of Mr. Borin and Mr. Stauch) or more of our outstanding shares of Common Stock or combined voting power;

a majority of our board of directors changes in a manner that has not been approved by at least two-thirds of the incumbent directors or successor directors nominated by at least two-thirds of the incumbent directors;

we consummate a merger, consolidation or share exchange with any other entity (or the issuance of voting securities in connection with a merger, consolidation or share exchange) which our shareholders have approved and in which our shareholders control less than 50% of combined voting power after the merger, consolidation or share exchange; or

we consummate a plan of complete liquidation or dissolution or an agreement for the sale or disposition of all or substantially all of our assets which our shareholders have approved.

Under these agreements, the term cause means:

engaging in intentional conduct that causes us demonstrable and serious financial injury;

conviction of a felony; or

continuing willful and unreasonable refusal by an officer to perform his or her duties or responsibilities.

Under these agreements, the term good reason means:

a breach of the agreement by us;

any reduction in an officer's base salary, percentage of base salary available as incentive compensation or bonus opportunity or benefits;

an officer's removal from, or any failure to reelect or reappoint him or her to serve in, any of the positions held with us on the date of the change in control or any other positions to which he or she is thereafter elected, appointed or assigned, except in the event that such removal or failure to reelect or reappoint relates to our termination of an officer's employment for cause or by reason of disability;

a good faith determination by an officer that there has been a material adverse change in his or her working conditions or status relative to the most favorable working conditions or status in effect during the 180-day period prior to the change in control, or, to the extent more favorable to him or her, those in effect at any time while employed after the change in control, including but not limited to a significant change in the nature or scope of his or her authority, powers, functions, duties or responsibilities or a significant reduction in the level of support services, staff, secretarial and other assistance, office space and accoutrements, but in each case excluding for this purpose an isolated, insubstantial and inadvertent event not occurring in bad faith that we remedy within 10 days after receipt of notice thereof (this provision applies to the agreements of all Named Executive Officers other than Mr. Borin and Mr. Stauch);

relocation of an officer's principal place of employment to a location more than 35 miles from his or her principal place of employment on the date 180 days prior to the change in control;

imposition of a requirement that an officer travel on business 20% in excess of the average number of days per month he or she was required to travel during the 180-day period prior to the change in control;

39

Table of Contents

our failure to cause a successor to assume an officer's agreement; or

only in the case of the Chief Executive Officer, a voluntary termination for any reason within 30 days following the first anniversary of any change of control.

The benefits under these agreements include:

upon any change in control:

incentive compensation awards for the year in question to be paid at target under the EOPP for Named Executive Officers⁽¹⁾;

immediate vesting of all unvested stock options and termination of all restrictions on restricted stock awards issued under the 2004 Omnibus Plan or 2008 Omnibus Plan, without regard to either plan's forfeiture provisions⁽¹⁾;

cash-settled performance awards to be paid at one-third of target if the award cycle has been in effect less than 12 months, at two-thirds of the then-current value if the award cycle has been in effect for between 12 and 24 months, and at the then-current value if the award cycle has been in effect for 24 months or more months, in each case as if all performance or incentive requirements and periods had been satisfied⁽¹⁾; and

in certain cases, reimbursement of any excise taxes triggered by payments to the executive and any additional taxes on this reimbursement.

⁽¹⁾ Benefits pursuant to these compensation plans are also applicable to all other participants.

upon termination of the executive by us other than for death, disability or cause or by the executive for good reason, after a change in control:

severance payable upon termination in an amount equal to 300% (for the Chief Executive Officer) or 250% (for the other Named Executive Officers) of annual base salary plus the greater of the executive's target bonus for the year in question or bonus received in the prior year;

replacement coverage for company-provided group medical, dental and life insurance policies for up to three years;

the cost of an executive search agency not to exceed 10% of the executive's annual base salary;

the accelerated accrual and vesting of benefits under the SERP (for those executives who have been made participants of such plan); and for executives having fewer than seven years of participation in the SERP, up to three additional years of service can be credited, up to a maximum of seven years of service; and

up to \$15,000 in fees and expenses of consultants and legal or accounting advisors.

In the case of each Named Executive Officer, the agreement also requires the executive to devote his or her best efforts to us or our successor during the three-year period, to maintain the confidentiality of our information during and following employment and to refrain from competitive activities for a period of one year following termination of employment with us or our successor.

Change in Control Provisions of Incentive Plans

The EOPP also contains provisions that apply in the event of a change in control. For the year in which a change in control occurs, awards for such year are determined by using the participant's annual base salary as in effect immediately before the change in control and by assuming the performance goals for that year have been attained at target levels. Such awards must be paid to the participant within 10 days of the change in control. In addition, certain requirements are modified or eliminated, including the requirement that a participant remain employed through the end of the applicable incentive period, completion of an annual audit, review and approval by the Compensation Committee. The EOPP also includes a provision that eliminates the Compensation Committee's discretion to reduce

awards.

Table of Contents

The 2004 Omnibus Plan provides that, upon a change in control, unless otherwise provided in an agreement between us and the executive that discusses the effect of a change of control on the executive's awards:

all outstanding options granted under the 2004 Omnibus Plan that are unvested become fully vested; and

all restrictions applicable to outstanding shares of restricted stock granted under the Plan shall automatically lapse and any dividends declared but unpaid with respect to such restricted stock shall be paid to the executive within 10 days of the date of the change of control.

The 2008 Omnibus Plan provides that, upon a change in control, unless otherwise provided in an agreement between us and the executive that discusses the effect of a change of control on the executive's awards:

all outstanding options granted under the 2008 Omnibus Plan that are unvested become fully vested;

all restrictions applicable to outstanding shares of restricted stock granted under the 2008 Omnibus Plan shall automatically lapse and any dividends declared but unpaid with respect to such restricted stock shall be paid to the executive within 10 days of the date of the change of control;

all restrictions applicable to outstanding restricted stock units and dividend equivalent units granted under the 2008 Omnibus Plan shall automatically lapse and any dividends declared but unpaid with respect to such dividend equivalent units shall be paid to the executive within 10 days of the date of the change of control; and

all cash-settled performance units for which the performance period has not expired will be cancelled in exchange for a cash payment equal to the amount that would have been due under such awards if the performance goals measured at the time of the change of control were to continue to be achieved at the same rate through the end of the performance period, or if higher, assuming the target performance goals had been met at the time of the change of control.

Benefits pursuant to these compensation plans are also applicable to all other participants.

Quantification of Compensation Payable upon Change in Control

The amount of compensation payable to each Named Executive Officer (other than Mr. Ainsworth) upon a change of control and termination of the executive by us other than for death, disability or cause or by the executive for good reason after a change in control is shown below. The amounts shown assume that such termination was effective as of December 31, 2010, and thus are estimates of the amounts that would be paid out to the executives upon a change in control or their termination following a change in control. The actual amounts to be paid out can only be determined at the time of such change in control or executive's separation.

Table of Contents

The amounts above assume that:

our Common Stock was valued at \$36.51, the closing market price for our Common Stock on December 31, 2010;

outplacement services fees are the maximum possible under the change in control agreements (10% of annual base salary) for each executive officer, except for Mr. Hogan and Mr. Schrock, for which outplacement services are assumed to be \$50,000;

legal and accounting advisor fees are the maximum possible under the change in control agreements for each executive officer; and

medical, dental and life insurance coverage will continue for three years after termination at the current cost per year for each executive.

Under certain circumstances, as reflected above, we may pay to an executive covered by a change in control agreement an excise tax gross up. In determining the amount of any such gross up included in the tables above, we made the following material assumptions: an excise tax rate of 20% under Section 280G of the Internal Revenue Code, a combined federal and state individual tax rate of 41.9%, and we would be able to overcome any presumption that grants of stock options or restricted stock units in 2010 were made in contemplation of a change in control pursuant to regulations promulgated under the Internal Revenue Code. In addition, no excise tax gross up will be made if the portion of the payments treated as parachute payments received by an executive in the event of a change of control can be reduced by not more than 10% and escape an excise tax. In that event, the payments will be reduced to the highest qualifying amount and no gross up will be paid. Furthermore, it was assumed that no value will be attributed to any non-competition agreement. At the time of any such change in control, a value may be attributed, which would result in a reduction of amounts subject to the excise tax.

Executive Retirement

Effective on August 1, 2010, Louis L. Ainsworth retired as our Senior Vice President, General Counsel and Secretary and became eligible for the normal retirement benefits we provide to our executive officers. These included benefits under the Pension Plan, the SERP, the Restoration Plan and other benefits described above under the heading Compensation Discussion and Analysis Retirement and Other Benefits. Under the terms of the 2004 Omnibus Plan and 2008 Omnibus Plan, the restriction period applicable to all outstanding awards of restricted stock granted to Mr. Ainsworth lapsed at the time of his retirement. The fair market value of these restricted shares is reflected in the Option Exercises and Stock Vested Table above. In addition, all outstanding option awards, whether or not vested at the time of his retirement, will continue to vest under their normal vesting schedule and be exercisable until the earlier of the expiration date specified at the time the award was made or the fifth anniversary of his retirement date.

Risk Considerations in Compensation Decisions

The Committee believes that payment for performance is an important part of its compensation philosophy, but recognizes the risk that incentivizing specific measures of performance may pose to the performance of the Company as a whole if personnel were to act in ways designed primarily to maximize their compensation. Therefore the Committee annually reviews several factors in establishing compensation programs, setting compensation levels and selecting target measures for variable compensation programs.

The relative values of base salaries, annual cash bonuses and long-term equity grants for employees

The mix of incentive target performance measures for each business and for the Company as a whole under the Company's annual cash bonus programs

The relative weighting of target performance measures for each business and the Company as a whole

The impact of these performance measures on the Company's financial results

The likelihood that achievement of performance metrics could have material adverse impacts on Company financial performance in succeeding fiscal periods

PROPOSAL 2

Advisory Vote on the Compensation of the Named Executive Officers

Executive compensation is an important matter to us, the Board and the Compensation Committee and to our shareholders. As required by Section 14A of the Securities Exchange Act of 1934, we are asking our shareholders to vote, on a non-binding, advisory basis, on a resolution approving the compensation of the Named Executive Officers as disclosed under Compensation Discussion and Analysis and the compensation tables and narrative discussion under Executive Compensation contained in this Proxy Statement.

As we describe in detail under Compensation Discussion and Analysis and the compensation tables and narrative discussion under Executive Compensation contained in this Proxy Statement, we have designed our executive compensation programs to align executive and shareholder interests by rewarding the achievement of specific annual, longer-term and strategic goals that create long-term shareholder value. We utilize our executive compensation programs to provide competitive compensation within our peer group that will motivate and reward executives for achieving financial and strategic objectives, provide rewards commensurate with performance to incentivize the Named Executive Officers to perform at their highest levels, encourage innovation and growth, attract and retain the Named Executive Officers and other key executives and align our executive compensation with shareholders' interests through the use of equity-based incentive awards.

The Compensation Committee has overseen the development and implementation of our executive compensation programs in line with these compensation objectives. The Compensation Committee also continuously reviews, evaluates and updates our executive compensation programs to ensure that we provide competitive compensation that motivates the Named Executive Officers to perform at their highest levels while increasing long-term value to our shareholders. With these compensation objectives in mind, the Compensation Committee has taken compensation actions including the following:

Approving merit base salary increases for the Named Executive Officers effective July 2010 only once economic conditions and our financial performance had improved, targeting approximately the 50th percentile of our peer group.

Linking the annual cash incentive for the Named Executive Officers to performance goals that correlated strongly with two primary corporate objectives of improving the financial return from our businesses and strengthening our balance sheet through cash flow improvement and debt reduction.

Having approximately 84% of the total 2010 compensation disclosed in the Summary Compensation Table for the Named Executive Officers (excluding the increase in pension value and non-qualified deferred compensation earnings) consist of annual and longer-term incentives, including the cash annual incentive and restricted stock units and stock option grants, that were at risk if certain performance goals were not satisfied or were subject to our future performance.

Requiring executive officers to maintain certain stock ownership levels through the establishment of stock ownership guidelines.

Generally limiting perquisites to a limited annual cash allowance and not providing tax reimbursements on such perquisites.

The Compensation Committee's compensation actions like those described above demonstrate our continued commitment to align executive compensation with shareholders' interests while providing competitive compensation to attract, motivate and retain the Named Executive Officers and other key executives. We will continue to review and adjust our executive compensation programs with these goals in mind to ensure the long-term success of our company and generate increased long-term value to our shareholders.

The Board and the Compensation Committee request the support of our shareholders for the compensation of the Named Executive Officers as disclosed in this Proxy Statement. This advisory vote on the compensation of

Table of Contents

the Named Executive Officers gives our shareholders the opportunity to make their opinions known about our executive compensation programs. As we seek to align our executive compensation programs with the interests of our shareholders while continuing to retain key talented executives that drive our company's success, we ask that our shareholders approve the compensation of the Named Executive Officers as disclosed in this Proxy Statement. Accordingly, for the reasons we discuss above, the Board and the Compensation Committee recommend that shareholders vote in favor of the following resolution:

RESOLVED, that the shareholders approve, on an advisory basis, the compensation of the Named Executive Officers as disclosed pursuant to Item 402 of Regulation S-K, including under Compensation Discussion and Analysis and the compensation tables and narrative discussion under Executive Compensation contained in the Proxy Statement.

This vote on the compensation of the Named Executive Officers is advisory and not binding on us, the Board or the Compensation Committee. Although the outcome of this advisory vote on the compensation of the Named Executive Officers is non-binding, the Board and the Compensation Committee will review and consider the outcome of this vote when making future compensation decisions for the Named Executive Officers.

**EACH OF THE BOARD AND THE COMPENSATION COMMITTEE UNANIMOUSLY
RECOMMENDS A VOTE FOR PROPOSAL 2.
PROPOSAL 3**

Advisory Vote on the Frequency of the Advisory Vote on the Compensation of Our Named Executive Officers

As required by Section 14A of the Securities Exchange Act of 1934, we are seeking a vote, on a non-binding, advisory basis, on a resolution regarding the frequency of the advisory vote on the compensation of our named executive officers as disclosed pursuant to the executive compensation disclosure rules of the SEC. Shareholders may vote to approve holding an advisory vote on the compensation of our named executive officers every one, two or three years.

The Board and the Compensation Committee have given serious consideration to the recommended frequency of the advisory vote on the compensation of our named executive officers. After considering the benefits and consequences of each option for holding the advisory vote on the compensation of our named executive officers, the Board and the Compensation Committee recommend that shareholders approve holding the advisory vote on the compensation of our named executive officers every year.

We believe an annual advisory vote on the compensation of our named executive officers will allow us to obtain information on shareholders' views of the compensation of our named executive officers on a more consistent basis. In addition, we believe an annual advisory vote on the compensation of our named executive officers will provide the Board and the Compensation Committee with frequent input from shareholders on our compensation programs for our named executive officers. Finally, we believe an annual advisory vote on the compensation of our named executive officers promotes corporate transparency while also allowing shareholders frequent direct input on our compensation philosophy, policies and programs.

For the reasons discussed above, the Board and the Compensation Committee recommend that shareholders vote in favor of holding an advisory vote on the compensation of our named executive officers at an annual meeting of shareholders every year. When voting on this advisory vote on the frequency of the advisory vote on the compensation of our named executive officers, shareholders should understand that they are not voting for or against the recommendation of the Board and the Compensation Committee to hold the advisory vote every year. Rather, shareholders will have the option to vote whether to approve holding future advisory votes on the compensation of our named executive officers every one, two or three years, or to abstain entirely from voting on the matter.

Table of Contents

The option that receives the most votes from shareholders will be considered by the Board and the Compensation Committee as the shareholders' recommendation as to the frequency of future shareholder advisory votes on the compensation of our named executive officers. However, the outcome of this vote on the frequency of future shareholder advisory votes on the compensation of our named executive officers is advisory and not binding on us, the Board or the Compensation Committee. Accordingly, the Board and the Compensation Committee may choose to hold the advisory vote on the compensation of our named executive officers on a more or less frequent basis than the option recommended by shareholders. Nevertheless, the Board and the Compensation Committee will review and consider the outcome of this vote when making its determination as to the frequency of future advisory shareholder votes on the compensation of our named executive officers.

RECOMMENDS A VOTE FOR HOLDING THE ADVISORY VOTE ON THE COMPENSATION
OF OUR NAMED EXECUTIVE OFFICERS ONCE EVERY YEAR.**

Table of Contents**DIRECTOR COMPENSATION**

We use a combination of cash and equity-based incentive compensation to attract and retain qualified directors. Compensation of our directors reflects our belief that a significant portion of directors' compensation should be tied to long-term growth in shareholder value.

Mr. Hogan, our only employee-director, is not and will not be separately compensated for service as a member of the Board.

In view of the global economic recession in 2009, our non-employee directors voluntarily reduced their Board retainer by 10%, from \$40,000 to \$36,000. The Board Retainer was reinstated at the annual rate of \$40,000 effective April 1, 2010 and, as a result, each non-employee Board member received a pro-rated Board retainer in the amount of \$39,000 in 2010. Non-employee director compensation for 2010 was as set forth below.

Annual Retainers

Annual retainers for non-employee directors' service on the Board and Board Committees are as follows:

Board Retainer	\$40,000
Lead Director Supplemental Retainer	20,000
Audit Committee Chair Supplemental Retainer	20,000
Compensation Committee Chair Supplemental Retainer	10,000
Governance Committee Chair Supplemental Retainer	5,000
International Committee Chair Supplemental Retainer	5,000
Audit Committee Retainer	9,000
Other Committee Retainer (per committee)	4,000

Attendance Fees

For Board meetings, we paid each director \$2,000 for personal attendance and \$500 for attendance by telephone (or video conference). For committee meetings lasting less than two hours, we paid directors \$1,500 for personal attendance (\$2,000 for committee Chairs), and \$500 for attendance by telephone (or video conference). For committee meetings lasting longer than two hours, we paid the directors \$2,500 (\$3,000 for committee Chairs) for personal attendance and \$1,000 for attendance by telephone (or video conference). For our management's annual strategic planning meeting, we paid each director \$2,000 for personal attendance and \$500 for attendance by telephone.

Deferred Compensation

Under the Pentair, Inc. Compensation Plan for Non-Employee Directors, our non-employee directors may elect to defer payment of all or a portion of their annual retainers and meeting fees in the form of share units. The value of a share unit is equal to the market value of a share of Common Stock. Share units carry no voting or investment power. We currently match 15% of the amount of any annual retainer that is deferred. A portion of our directors' fees also may be paid directly in the form of share units under the equity compensation provisions of the Plan; however, no director was paid in that manner in 2010.

Equity Awards

Non-employee directors also receive a grant of options and restricted stock units under the 2008 Omnibus Plan as a part of their compensation. Options granted are exercisable at the closing price of our stock on the date of grant, have a ten-year term and vest in one-third increments on the first, second and third anniversaries of the grant date. Restricted stock units granted vest in one-third increments on each of the first, second and third anniversaries of the grant date. Each restricted stock unit represents the right to receive one share of our Common Stock upon vesting and includes one dividend equivalent unit, which, upon vesting, entitles the holder to a cash payment equal to all cash dividends declared on a share of our Common Stock from the date of grant to the date of vesting. Non-employee directors may elect to defer receipt of restricted stock units upon vesting under our Compensation Plan for

Non-Employee Directors. All of our non-employee directors received option and restricted stock unit grants in 2010. Future grants of equity awards for non-employee directors will also be made under the 2008 Omnibus Plan, including those granted in January 2011.

Stock Ownership Guidelines

Within five years after election, non-employee directors are expected to acquire and hold our Common Stock or stock equivalents having a value equal to five times the annual board retainer for non-employee directors.

Table of Contents**PROPOSAL 4****Ratification of Appointment of Deloitte & Touche LLP
as Our Independent Registered Public Accounting Firm for 2011**

Our Audit Committee has approved the appointment of Deloitte & Touche LLP as our independent registered public accounting firm to audit our consolidated financial statements for the year ending December 31, 2011. We are seeking the shareholders' ratification of such action. If the shareholders do not ratify the appointment of Deloitte & Touche LLP, the Audit Committee will make another appointment effective for the subsequent fiscal year. Even if the shareholders ratify the appointment, the Audit Committee, in its discretion, may select a new independent auditor at any time that it believes such change would be in our best interests and in the best interests of our shareholders.

We expect that representatives of Deloitte & Touche LLP will attend the Annual Meeting and be available to make a statement or respond to appropriate questions.

**EACH OF THE BOARD AND THE AUDIT COMMITTEE UNANIMOUSLY
RECOMMENDS A VOTE FOR PROPOSAL 4.
AUDIT COMMITTEE DISCLOSURE**

Audit Committee Pre-approval Policy

The Audit Committee reviews and approves the external auditor's engagement and audit plan, including fees, scope, staffing and timing of work. In addition, the Audit Committee Charter limits the types of non-audit services that may be provided by the independent auditor. Any permitted non-audit services to be performed by the independent auditor must be pre-approved by the Audit Committee after the Committee is advised of the nature of the engagement and particular services to be provided. The Committee pre-approved audit fees and all permitted non-audit services of the independent auditor in 2010. Responsibility for this pre-approval may be delegated to one or more members of the Committee; all such approvals, however, must be disclosed to the Audit Committee at its next regularly scheduled meeting. The Audit Committee may not delegate authority for pre-approvals to management.

Service Fees Paid to the Independent Registered Public Accounting Firm

We engaged Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu and their respective affiliates (collectively, the Deloitte Entities) to provide various audit, audit-related, tax and other permitted non-audit services to us during fiscal years 2009 and 2010. Their fees for these services were as follows (in thousands):

AUDIT COMMITTEE REPORT

In connection with the financial statements for the fiscal year ended December 31, 2010, the Audit Committee has: reviewed and discussed our audited financial statements for the fiscal year ended December 31, 2010, with management;

Based upon these reviews and discussions, the Audit Committee recommended to the Board that our audited financial statements be included in the Annual Report on Form 10-K for the year ended December 31, 2010 filed with the Securities and Exchange Commission. The Board has approved this inclusion.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Our executive officers, directors and 10% shareholders are required under the Securities Exchange Act of 1934 to file reports of ownership and changes in ownership with the Securities and Exchange Commission and furnish copies of these reports to us.

We have reviewed copies of reports furnished to us, or written representations that no reports were required. Based solely on these reports, we believe that during 2010 our executive officers and directors complied with all such filing requirements.

SHAREHOLDER PROPOSALS FOR THE 2012 ANNUAL MEETING OF SHAREHOLDERS

The deadline for submitting a shareholder proposal for inclusion in our proxy statement and form of proxy for our 2012 Annual Meeting of Shareholders pursuant to Rule 14a-8 of the SEC is November 25, 2011. A shareholder who otherwise intends to present business at the 2012 Annual Meeting must comply with the requirements set forth in our By-Laws. The By-Laws state, among other things, that to bring business before an annual meeting, a shareholder must give written notice that complies with the By-Laws to our Secretary not less than 45 days nor more than 70 days prior to the first annual anniversary of the date when we first mailed our proxy statement to shareholders in connection with the immediately preceding annual meeting. Accordingly, we must receive notice of a shareholder proposal submitted under our By-Laws between January 14, 2012 and February 8, 2012. If the notice is received after February 8, 2012, then the notice will be considered untimely and we are not required to present such proposal at the 2012 Annual Meeting. If the Board chooses to present a proposal submitted under our By-Laws at the 2012 Annual Meeting, then the persons named in the proxies solicited by the Board for the 2012 Annual Meeting may exercise discretionary voting power with respect to such proposal. Shareholder proposals should be sent to us at our principal executive offices: 5500 Wayzata Boulevard, Suite 800, Minneapolis, MN 55416, Attention: Corporate Secretary.
