**Important Notice About Information in this Prospectus  
Supplement and the Accompanying Prospectus**

This document is in two parts. The first part is the prospectus supplement, which describes the specific terms of the offering. The second part, the base prospectus, gives more general information, some of which may not apply to the offering. Generally, when we refer only to the prospectus, we are referring to both parts combined, and when we refer to the accompanying prospectus, we are referring to the base prospectus.

If the description of the offering varies between the prospectus supplement and the accompanying prospectus, you should rely on the information in the prospectus supplement.

**Special Note on Forward-Looking Statements**

This prospectus supplement and the accompanying prospectus contain or incorporate by reference forward-looking statements within the meaning of the safe harbor provisions of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. These forward-looking statements are not statements of historical fact and represent only our belief as of the date such statements are made. There are a variety of factors, many of which are beyond our control, which affect our operations, performance, business strategy and results and could cause actual reported results and performance to differ materially from the performance and expectations expressed in these forward-looking statements. These factors include, but are not limited to, financial market volatility, actions and initiatives by current and future competitors, general economic conditions, controls and procedures relating to the close of the quarter, the effects of current, pending and future legislation or rulemaking by regulatory or self-regulatory bodies, regulatory actions, and the other risks and uncertainties that are outlined in our Transition Report on Form 10-K for the eleven month transition period ended November 30, 2010 filed with the U.S. Securities and Exchange Commission, or the SEC, on February 2, 2011 and in our Quarterly Report on Form 10-Q for the quarterly period ended February 28, 2011 filed with the SEC on April 6, 2011. You are cautioned not to place undue reliance on forward-looking statements, which speak only as of the date they are made. We do not undertake to update forward-looking statements to reflect the impact of circumstances or events that arise after the date of the forward-looking statements.

**Prospectus Supplement Summary**

*In this prospectus supplement, we refer to our subsidiaries Jefferies & Company, Inc. as Jefferies, Jefferies Execution Services, Inc. as Jefferies Execution, Jefferies Financial Products LLC as JFP, Jefferies International Limited as JIL and Jefferies High Yield Trading, LLC as JHYT.*

**The Company**

Jefferies Group, Inc. and its subsidiaries ( we or us ) operate as a major global securities and investment banking firm serving companies and their investors. We provide investors fundamental research and trade execution in equity, equity-linked and fixed income securities, including investment grade corporate bonds, high yield and distressed securities, government and agency securities, mortgage- and asset-backed securities, municipal securities, bank loans, leveraged loans, and emerging markets debt, as well as derivatives and engage in securities financing and commodities derivative trading activities. We offer companies capital markets, merger and acquisition, restructuring and other financial advisory services. We also provide certain asset management services and products to institutions and other investors.

Our principal operating subsidiary, Jefferies, was founded in 1962 and our principal international operating subsidiary, JIL, was established in the U.K. in 1986. Since 2000, we have pursued a strategy of continued growth and diversification, whereby we have sought to increase our share of the business in each of the markets we serve, while at the same time expanding the breadth of our activities in an effort to mitigate the cyclical nature of the financial markets in which we operate. Our growth plan has been achieved through internal growth supported by the ongoing addition of experienced personnel in targeted areas, as well as the acquisition from time to time of complementary businesses.

As of February 28, 2011, we had 3,082 employees. We maintain offices in more than 25 cities throughout the world and have our executive offices located at 520 Madison Avenue, New York, New York 10022. Our telephone number is (212) 284-2550.

**Recent Developments**

We have agreed to acquire the Prudential Bache Global Commodities Group ( Global Commodities Group ) from Prudential Financial, Inc. ( Prudential Financial ). The Global Commodities Group offers brokerage and clearing services in listed derivatives on all major futures and options exchanges around the world. The Global Commodities Group also offers over-the-counter trading in foreign exchange, base and precious metals and energy and agricultural swap transactions.

The acquisition will include Prudential Bache Commodities LLC, Prudential Bache Securities LLC in the U.S., Bache Commodities Limited in the U.K. and Bache Commodities (Hong Kong) Ltd. in Hong Kong, as well as other assets and liabilities of the Global Commodities Group. The acquired businesses will operate globally as Jefferies Bache after closing of the transaction, which is expected to occur during our third fiscal quarter. Jefferies Bache will have over 400 employees in New York, Chicago, London, Hong Kong and Hamburg.

The purchase price will equal the closing date tangible book value of the businesses acquired, which is estimated to be \$430 million. We will also assume specified liabilities of the Global Commodities Group, including those that are reflected on the closing date balance sheet. We will also agree to pay, or reimburse and indemnify, those affiliates of Prudential Financial Inc. that have provided financial guarantees and other credit support for customers of the Global Commodities Group for amounts those affiliates may later become required to pay under such guarantees and credit support. Prudential Financial will maintain certain guarantees and credit support that are in place as of the closing date for up to 18 months. If the exposure under these guarantees and credit support exceeds stipulated amounts for certain periods, we will be required to post collateral in respect of the excess.

**Table of Contents****Summary Consolidated Financial Data**

The following table sets forth our summary consolidated financial data for the periods presented below. The summary consolidated financial data as of November 30, 2010 and December 31, 2009, for the eleven-month transition period ended November 30, 2010 and for each of the two years in the two-year period ended December 31, 2009 have been derived from our audited consolidated financial statements, incorporated by reference herein. The summary consolidated financial data as of and for the three months ended February 28, 2011 and March 31, 2010 have been derived from our unaudited consolidated financial statements incorporated by reference herein. Our unaudited consolidated financial statements include all adjustments, which include only normal and recurring adjustments, necessary to present fairly the data included therein.

Our historical results are not necessarily indicative of the results of operations for future periods, and our results of operations for the three-month period ended February 28, 2011 are not necessarily indicative of the results that may be expected for the fiscal year ending November 30, 2011. You should read the following summary consolidated financial data in conjunction with Management's Discussion and Analysis of Financial Condition and Results of Operations incorporated by reference in this prospectus supplement and the accompanying prospectus and our consolidated financial statements and related notes incorporated by reference in this prospectus supplement and the accompanying prospectus.

**Risk Factors**

*In addition to the other information contained and incorporated by reference in this prospectus supplement and the accompanying prospectus, you should consider carefully the following factors before deciding to purchase our common stock.*

**Risks Associated with Our Business**

The following factors describe some of the assumptions, risks, uncertainties and other factors that could adversely affect our business or that could otherwise result in changes that differ materially from our expectations. In addition to the factors mentioned in this report, we may also be affected by changes in general economic and business conditions, acts of war, terrorism and natural disasters.

***Our expansion in the commodities business presents various risks.***

Our acquisition of the Global Commodities Group represents a large and significant investment in commodities, beyond the commodities derivative trading business that has been conducted by JFP. We have not previously operated a commodities business of the scale of the Global Commodities Group, which offers brokerage and clearing services in listed derivatives, foreign exchange, and precious and base metal products. There can be no assurance that we will be able to integrate the acquired entities with our own operations successfully or that we will profitably operate the Global Commodities Group's business. The commodities business we are acquiring presents many operational and financial risks, including our obligation to pay, or reimburse and indemnify, those affiliates of Prudential Financial that have provided financial guarantees and other credit support for customers of the Global Commodities Group for amounts those affiliates may later become required to pay under such guarantees and credit support. If these operational and financial risks materialize, they could cause us to experience losses that could affect our profitability and potentially restrict our ability to grow and diversify in other businesses.

***Recent new legislation and new and pending regulation may significantly affect our business.***

Recent market and economic conditions have led to new legislation and regulation affecting the financial services industry, both in the United States and abroad. These new measures include limitations on the types of activities in which certain financial institutions may engage as well as more comprehensive regulation of the over-the-counter derivatives market. In addition, fiduciary standards have been imposed on securities firms in their dealings with states, municipalities, and pension funds, among others, which may affect our municipal securities business.

These legislative and regulatory initiatives will affect not only us, but also our competitors and certain of our customers. These changes could eventually have an effect on our revenue, limit our ability to pursue certain business opportunities, impact the value of assets that we hold, require us to change certain business practices, impose additional costs on us, and otherwise adversely affect our business. Accordingly, we cannot provide assurance that the new legislation and regulation will not eventually have an adverse effect on our business, results of operations, cash flows and financial conditions.

If we do not comply with the new, or existing, legislation and regulations that apply to our operations, we may be subject to fines, penalties or material restrictions on our business in the jurisdiction where any violations occur. In recent years, regulatory oversight and enforcement have increased substantially, imposing additional costs and taxes and increasing the potential risks associated with our operations. As this regulatory trend continues, it could adversely affect our operations and, in turn, our financial results.

***We cannot fully predict the impact of U.K. bank regulation reform on our business.***

On June 17, 2010, the U.K. government announced the breakup of its chief financial regulator, the Financial Services Authority, into three separate agencies, including a bank regulating subsidiary inside the Bank of England. It is unclear what effect this reform will have on our business in the U.K. This reform may result in calls to increase capital and to impose new liquidity requirements, and may impose other additional obligations and taxes on our U.K. operations. As a result, these changes could affect our revenue, limit our ability to pursue business opportunities, impact the value of assets that we hold, require us to change certain of our business practices, impose additional costs on us, or otherwise adversely affect our U.K. businesses. Accordingly, we cannot provide assurance that such reform would not have an adverse effect on our business, results of operations, cash flows or financial condition.

**Table of Contents**

***Changing conditions in financial markets and the economy could result in decreased revenues, losses or other adverse consequences.***

Our net revenues and profits were adversely affected in 2008 by the equity and credit market turmoil. As a global securities and investment banking firm, global changes in the financial markets or economic conditions could adversely affect our business in many ways, including the following:

A market downturn could lead to a decline in the volume of transactions executed for customers and, therefore, to a decline in the revenues we receive from commissions and spreads.

Unfavorable financial or economic conditions could reduce the number and size of transactions in which we provide underwriting, financial advisory and other services. Our investment banking revenues, in the form of financial advisory and underwriting or placement fees, are directly related to the number and size of the transactions in which we participate and could therefore be adversely affected by unfavorable financial or economic conditions.

Adverse changes in the market could lead to losses from principal transactions.

Adverse changes in the market could also lead to a reduction in revenues from asset management fees and investment income from managed funds and losses on our own capital invested in managed funds. Even in the absence of a market downturn, below-market investment performance by our funds and portfolio managers could reduce asset management revenues and assets under management and result in reputational damage that might make it more difficult to attract new investors.

Increases in credit spreads, as well as limitations on the availability of credit, such as occurred during 2008, can affect our ability to borrow on a secured or unsecured basis, which may adversely affect our liquidity and results of operations.

New or increased taxes on compensation payments such as bonuses or on balance sheet items may adversely affect our profits.

***Our principal trading and investments expose us to risk of loss.***

A considerable portion of our revenues is derived from trading in which we act as principal. Although a significant portion of our principal trading is riskless principal in nature, we may incur trading losses relating to the purchase, sale or short sale of high yield, international, convertible, and equity securities and futures and commodities for our own account. In any period, we may experience losses as a result of price declines, lack of trading volume, and illiquidity. From time to time, we may engage in a large block trade in a single security or maintain large position concentrations in a single security, securities of a single issuer, securities of issuers engaged in a specific industry, or securities from issuers located in a particular country or region. In general, because our inventory is marked to market on a daily basis, any downward price movement in these securities could result in a reduction of our revenues and profits. In addition, we may engage in hedging transactions that if not successful, could result in losses.

***Increased competition may adversely affect our revenues and profitability.***

All aspects of our business are intensely competitive. We compete directly with numerous other brokers and dealers, investment banking firms and commercial banks. In addition to competition from firms currently in the securities business, there has been increasing competition from others offering financial services, including automated trading and other services based on technological innovations. Recent changes, such as financial institution consolidations and the U.S. government's involvement with financial institutions through the Emergency Economic Stabilization Act of 2008 and other transactions, may provide a competitive advantage for some of our competitors. We believe that the principal factors affecting competition involve market focus, reputation, the abilities of professional personnel, the ability to execute the transaction, relative price of the service and products being offered, bundling of products and services and the quality of service. Increased competition or an adverse change in our competitive position could lead to a reduction of business and therefore a reduction of revenues and profits. Competition also extends to the hiring and

retention of highly skilled employees. A competitor may be successful in hiring away an employee or group of employees, which may result in our losing business formerly serviced by such employee or employees. Competition can also raise our costs of hiring and retaining the key employees we need to effectively execute our business plan.

**Table of Contents**

***Operational risks may disrupt our business, result in regulatory action against us or limit our growth.***

Our businesses are highly dependent on our ability to process, on a daily basis, a large number of transactions across numerous and diverse markets in many currencies, and the transactions we process have become increasingly complex. If any of our financial, accounting or other data processing systems do not operate properly or are disabled or if there are other shortcomings or failures in our internal processes, people or systems, we could suffer an impairment to our liquidity, financial loss, a disruption of our businesses, liability to clients, regulatory intervention or reputational damage. These systems may fail to operate properly or become disabled as a result of events that are wholly or partially beyond our control, including a disruption of electrical or communications services or our inability to occupy one or more of our buildings. The inability of our systems to accommodate an increasing volume of transactions could also constrain our ability to expand our businesses.

We also face the risk of operational failure or termination of any of the clearing agents, exchanges, clearing houses or other financial intermediaries we use to facilitate our securities transactions. Any such failure or termination could adversely affect our ability to effect transactions and manage our exposure to risk.

In addition, despite the contingency plans we have in place, our ability to conduct business may be adversely impacted by a disruption in the infrastructure that supports our businesses and the communities in which they are located. This may include a disruption involving electrical, communications, transportation or other services used by us or third parties with which we conduct business.

Our operations rely on the secure processing, storage and transmission of confidential and other information in our computer systems and networks. Although we take protective measures and endeavor to modify them as circumstances warrant, our computer systems, software and networks may be vulnerable to unauthorized access, computer viruses or other malicious code, and other events that could have a security impact. If one or more of such events occur, this potentially could jeopardize our or our clients' or counterparties' confidential and other information processed and stored in, and transmitted through, our computer systems and networks, or otherwise cause interruptions or malfunctions in our, our clients', our counterparties' or third parties' operations. We may be required to expend significant additional resources to modify our protective measures or to investigate and remediate vulnerabilities or other exposures, and we may be subject to litigation and financial losses that are either not insured against or not fully covered through any insurance maintained by us.

***Asset management revenue is subject to variability based on market and economic factors and the amount of assets under management.***

Asset management revenue includes revenues we receive from management, administrative and performance fees from funds managed by us, revenues from asset management and performance fees we receive from third party managed funds and accounts, and investment income from our investments in these funds and accounts. These revenues are dependent upon the amount of assets under management and the performance of the funds and accounts. If these funds or accounts do not perform as well as our asset management clients expect, our clients may withdraw their assets from these funds and accounts, which would reduce our revenues. Some of our revenues are derived from our own investments in these funds and accounts. We experience significant fluctuations in our quarterly operating results due to the nature of our asset management business and therefore may fail to meet revenue expectations. Even in the absence of a market downturn, below market investment performance by our funds and portfolio managers could reduce asset management revenues and assets under management and result in reputational damage that might make it more difficult to attract new investors.

***We face numerous risks and uncertainties as we expand our business.***

We expect the growth of our business to come primarily from internal expansion and through acquisitions and strategic partnering. As we expand our business, there can be no assurance that our financial controls, the level and knowledge of our personnel, our operational abilities, our legal and compliance controls and our other corporate support systems will be adequate to manage our business and our growth. The ineffectiveness of any of these controls or systems could adversely affect our business and prospects. In addition, as we acquire new businesses and introduce new products, such as futures trading and the securitization of varying asset classes, we face numerous risks and uncertainties integrating their controls and systems into ours, including financial controls, accounting and data processing systems, management controls and other operations. A failure to integrate these systems and controls, and

even an inefficient integration of these systems and controls, could adversely affect our business and prospects.

***Our international operations subject us to numerous risks which could adversely impact our business in many ways.***

Our business and operations are expanding globally, including the recent expansion of our business in Asia. As we operate in foreign countries, we are subject to legal, regulatory, political, economic and other inherent risks. The laws and regulations applicable to the securities and investment banking industries in these foreign countries differ. Our inability to remain in compliance with applicable laws and regulations in a particular country could have a significant and negative effect on our business and prospects in that country as well as in other countries. A political, economic or financial disruption in a country or region could adversely impact our business and increase volatility in financial markets generally.

***Extensive regulation of our business limits our activities, and, if we violate these regulations, we may be subject to significant penalties.***

The securities industry is subject to extensive laws, rules and regulation in every country in which we operate. In addition, self-regulatory organizations and the securities exchanges, are actively involved in the regulation of broker-dealers. Securities firms are also subject to regulation by myriad regulatory bodies, securities commissions and attorneys general in those foreign jurisdictions and states in which they do business. Broker-dealers are subject to regulations that cover all aspects of the securities business, including sales and trading methods, trade practices among broker-dealers, use and safekeeping of customers' funds and securities, capital structure of securities firms, anti-money laundering efforts, recordkeeping and the conduct of directors, officers and employees. Broker-dealers that engage in commodities and futures transactions are also subject to regulation by related agencies. All such regulatory agencies may conduct administrative proceedings that can result in censure, fine, suspension, expulsion of a broker-dealer or its officers or employees, or revocation of broker-dealer licenses. Additional legislation, changes in rules, changes in the interpretation or enforcement of existing laws and rules, or the entering into businesses that subject us to new rules and regulations may directly affect our mode of operation and our profitability. Furthermore, legislative or regulatory changes that increase capitalization requirements or impose leverage ratio requirements may adversely affect our ability to maintain or grow our business. Continued efforts by market regulators to increase transparency and reduce transaction costs for investors has affected and could continue to affect our trading revenue.

***Legal liability may harm our business.***

Many aspects of our business involve substantial risks of liability, and in the normal course of business, we have been named as a defendant or codefendant in lawsuits involving primarily claims for damages. The risks associated with potential legal liabilities often may be difficult to assess or quantify and their existence and magnitude often remain unknown for substantial periods of time. Jefferies Wealth Management involves an aspect of the business that has historically had more risk of litigation than our institutional business. Additionally, the expansion of our business, including increases in the number and size of investment banking transactions and our expansion into new areas, such as the municipal securities business, imposes greater risks of liability. In addition, unauthorized or illegal acts of our employees could result in substantial liability to us. Substantial legal liability could have a material adverse financial effect or cause us significant reputational harm, which in turn could seriously harm our business and our prospects.

***Our business is subject to significant credit risk.***

In the normal course of our businesses, we are involved in the execution, settlement and financing of various customer and principal securities and derivative transactions. These activities are transacted on a cash, margin or delivery-versus-payment basis and are subject to the risk of counterparty or customer nonperformance. Although transactions are generally collateralized by the underlying security or other securities, we still face the risks associated with changes in the market value of the collateral through settlement date or during the time when margin is extended and the risk of counterparty nonperformance to the extent collateral has not been secured or the counterparty defaults before collateral or margin can be adjusted. We may also incur credit risk in our derivative transactions to the extent such transactions result in uncollateralized credit exposure to our counterparties.

We seek to control the risk associated with these transactions by establishing and monitoring credit limits and by monitoring collateral and transaction levels daily. We may require counterparties to deposit additional collateral or return collateral pledged. In the case of aged securities failed to receive, we may, under industry regulations, purchase the underlying securities in the market and seek reimbursement for any losses from the counterparty.

## **Table of Contents**

### ***Derivative transactions may expose us to unexpected risk and potential losses.***

We are party to a large number of derivative transactions that require us to deliver to the counterparty the underlying security, loan or other obligation in order to receive payment. In a number of cases, we do not hold the underlying security, loan or other obligation and may have difficulty obtaining, or be unable to obtain, the underlying security, loan or other obligation through the physical settlement of other transactions. As a result, we are subject to the risk that we may not be able to obtain the security, loan or other obligation within the required contractual time frame for delivery. This could cause us to forfeit the payments due to us under these contracts or result in settlement delays with the attendant credit and operational risk as well as increased costs to the firm.

### **Risks Associated with the Offering**

#### ***Our share price may fluctuate.***

The market price of our common stock could be subject to significant fluctuations due to a change in sentiment in the market regarding our operations or business prospects, future transaction to which we are a party, this offering, or future sales of our securities. Such risks may be affected by:

operating results that vary from the expectations of management, securities analysts, and investors;

developments in our business or in the financial sector generally;

regulatory, legislative and governmental policy changes affecting our industry generally or our business and operations;

the operating and securities price performance of companies that investors consider to be comparable to us;

announcements of strategic developments, acquisitions, and other material events by us or our competitors;

changes in the credit, mortgage, and real estate markets, including the market for mortgage-related and other asset-backed securities; and

changes in global financial and commodities markets, global economies and general market conditions, such as interest or foreign exchange rates, stock, commodity, credit or asset valuations or volatility.

Stock markets, in general, have experienced since late 2007, and continue to experience, significant price and volume volatility, and the market price of our common stock may continue to be subject to similar market fluctuations that may be unrelated to our operating performance or prospects. Increased volatility could result in a decline in the market price of our common stock.

#### ***There may be future sales or other dilution of our equity, which may adversely affect the market price of our common stock.***

Except as described under "Underwriting," we are not restricted from issuing additional common stock, including securities that are convertible into or exchangeable for, or that represent the right to receive, common stock. The issuance of additional shares of our common stock or securities convertible or exchangeable into shares of our common stock may dilute the ownership interest of our common stockholders adversely. Sales of a substantial number of shares of our common stock or other equity-related securities in the public market could depress the market price of our common stock and impair our ability to raise capital through the sale of additional equity securities. We cannot predict the effect that future sales of our common stock or other equity-related securities would have on the market price of our common stock.

#### ***You may not receive dividends on the common stock.***

Holders of our common stock are only entitled to receive such dividends as our board of directors may declare out of funds legally available for such payments. We are incorporated in Delaware and governed by the Delaware General Corporation Law. Delaware law allows a corporation to pay dividends only out of surplus, as determined under Delaware law or, if there is no surplus, out of net profits for the fiscal year in which the dividend was declared and for the preceding fiscal year. Under Delaware law, however, we cannot pay dividends out of net profits if, after we pay

the dividend, our capital would be less than the capital represented by the outstanding stock of all classes having a preference upon the distribution of assets. During times of financial or market stress, which may adversely impact earnings or alternative methods of raising capital, we may be required or may deem it prudent to reduce dividends on our common stock in order to build or conserve capital. In addition, there may be legislative or regulatory developments resulting in enhanced supervisory standards that could impact our dividend policies in the future. Furthermore, holders of our common stock are subject to the prior dividend rights of holders of our preferred stock or the depositary shares representing such preferred

stock then outstanding. Although we have historically declared cash dividends on our common stock, we are not required to do so and may reduce or eliminate our common stock dividend in the future.

***Certain provisions of Delaware law and our certificate of incorporation and by-laws may delay, deter or prevent a tender offer or takeover attempt that a stockholder might consider to be in its best interest, including offers or attempts that might result in a premium being paid over the market price for its shares.***

We are subject to the provisions of Section 203 of the Delaware General Corporation Law. In general, Section 203 prohibits a publicly held Delaware corporation from engaging in certain business combinations with an interested stockholder for a period of three years after the date of the transaction in which the person became an interested stockholder, subject to certain exceptions. In addition, our by-laws provide that special meetings of stockholders may be called by our Secretary only at the request of a majority of our board of directors or by any person authorized by the board of directors to call a special meeting. Written notice of a special meeting stating the place, date and hour of the meeting and the purposes for which the meeting is called must be given between 10 and 60 days before the date of the meeting, and only business specified in the notice may come before the meeting. In addition, our by-laws provide that directors be elected by a plurality of votes cast at an annual meeting and do not include a provision for cumulative voting for directors. Under cumulative voting, a minority stockholder holding a sufficient percentage of a class of shares may be able to ensure the election of one or more directors.

**Table of Contents****Use of Proceeds**

We estimate that the net proceeds from the issuance and sale of the shares, after deducting the underwriting discounts and commissions, and the expenses relating to the offering, will be approximately \$ million. We intend to use the proceeds for general corporate purposes, including the acquisition of the Global Commodities Group and the further development and diversification of our businesses. We currently anticipate raising additional capital through the issuance of debt securities which we would use for the same general corporate purposes. We consistently review and consider opportunities to expand our business, including possible acquisitions of complementary businesses. We are currently pursuing a number of business initiatives; however, we are not currently a party to any letter of intent or binding agreement to acquire any assets or business other than as described herein.

**Underwriting**

Subject to the terms and conditions contained in an underwriting agreement between us and the underwriters named below, for whom Jefferies & Company, Inc. is acting as representative, we have agreed to sell to the underwriters, and the underwriters severally have agreed to purchase from us, the number of shares of common stock listed opposite their names below.

<b>Underwriters</b>	<b>Number of Shares</b>
Jefferies & Company, Inc.	
 Total	

The underwriters have agreed to purchase all of the shares of common stock sold pursuant to the underwriting agreement if any of these shares are purchased. If an underwriter defaults, the underwriting agreement provides that the purchase commitments of the nondefaulting underwriters may be increased or the underwriting agreement may be terminated.

We have agreed to indemnify the underwriters against certain liabilities, including liabilities under the Securities Act, or to contribute to payments the underwriters may be required to make in respect of those liabilities.

The underwriters are offering the shares of common stock, subject to prior sale, when, as and if issued to and accepted by them, subject to approval of legal matters by their counsel, including the validity of the shares, and other conditions contained in the underwriting agreement, such as the receipt by the underwriters of officer's certificates and legal opinions. The underwriters reserve the right to withdraw, cancel or modify offers to the public and to reject orders in whole or in part.

The prospectus and this prospectus supplement, together with any applicable supplement, may also be used by the underwriters in connection with offers and sales of the offered securities in market-making transactions, including block positioning and block trades, at negotiated prices related to prevailing market prices at the time of sale. The underwriters may act as principals or agents in such transactions.

A portion of the shares of common stock in this offering will be offered to Leucadia National Corporation, which as of the date of this prospectus owns approximately 27.8% of our outstanding common stock. Ian M. Cumming, the Chairman of Leucadia's board of directors, and Joseph S. Steinberg, Leucadia's President, are members of our board of directors.

**Commissions and Discounts**

The underwriters have advised us that they propose initially to offer the shares of common stock to the public at the public offering price per share set forth on the cover page of this prospectus, and to certain dealers at that price less a commission not in excess of \$ \_\_\_\_\_ per share.

The following table shows the public offering price, the underwriting discounts and commissions, and the proceeds, before expenses, to us in connection with this offering.

	<b>Per Share</b>	<b>Total</b>
Public Offering Price	\$ _____	\$ _____
Underwriting Discounts and Commissions	\$ _____	\$ _____
Proceeds to Jefferies Group, Inc. (Before Expenses)	\$ _____	\$ _____

The expenses of the offering, not including the underwriting discounts and commission, are estimated to be \$ \_\_\_\_\_ and are payable by us.

### **Lock-up Agreements**

We, our executive officers and directors, and Leucadia National Corporation, are agreeing, subject to specified exceptions, not to directly or indirectly sell, contract to sell or otherwise dispose of, or enter into any transaction that is designed to, or could be expected to, result in the disposition of any of our ordinary shares or other securities convertible into or exchangeable or exercisable for our ordinary shares or derivatives of our ordinary shares owned by these persons prior to this offering or ordinary shares issuable upon exercise of options or warrants held by these persons for a period of 60 days after the date of this prospectus. Transfers or dispositions can be made during the lock-up period in the case of gifts or for estate planning purposes where the transferee signs a lock-up agreement. We have entered into a similar agreement with the representatives of the underwriters. There are no agreements between the representative and any of our shareholders or affiliates releasing them from these lock-up agreements prior to the expiration of the 60 day period.

The 60 day lock-up period as described above is subject to adjustment only under the following circumstances. If (1) during the last 17 days of the 60 day lock-up period, (a) we release earnings results or (b) material news or a material event relating to us occurs, or (2) prior to the expiration of the 60 day lock-up period, we announce that we will release earnings results during the 16-day period following the last day of the 60 day lock-up period, then, in each case, the 60 day lock-up period will be extended until the expiration of the 18-day period beginning on the date of our release of the earnings results or the occurrence of material news or a material event relating to us, unless the representative, on behalf of the underwriters, waives this extension in writing.

### **Electronic Distribution**

This prospectus in electronic format may be made available on websites or through other online services maintained by the underwriters of the offering, or by their affiliates. Other than the prospectus in electronic format, the information on the underwriters' websites and any information contained in any other website maintained by the underwriters is not part of the prospectus or the registration statement of which this prospectus forms a part, has not been approved or endorsed by us or the underwriters in their capacity as underwriters and should not be relied upon by investors.

Upon receipt of a request by an investor or its representative who has received an electronic prospectus from an underwriter within the period during which there is an obligation to deliver a prospectus, we will promptly transmit, or cause to be transmitted, without charge, a paper copy of the prospectus.

### **Price Stabilization and Short Positions**

Until the distribution of the shares of common stock is completed, SEC rules may limit the underwriters from bidding for and purchasing shares of our common stock. In connection with this offering, the underwriters may engage in transactions that stabilize, maintain or make short sales of our common stock and may purchase our common stock on the open market to cover positions created by short sales. Short sales involve the sale by the underwriters of a greater number of shares than they are required to purchase in this offering. Establishing short sales positions may involve either covered short sales or naked short sales. The underwriters must close out any short position by purchasing shares in the open market. A short position is more likely to be created if the underwriters are concerned that, in the open market after the pricing of this offering, there may be downward pressure on the price of the shares that could adversely affect investors who purchase shares in this offering.

A stabilizing bid is a bid for or the purchase of common stock on behalf of the underwriters in the open market prior to the completion of this offering for the purpose of fixing or maintaining the price of the shares of common stock. A syndicate covering transaction is the bid for or purchase of common stock on behalf of the underwriters to reduce a short position incurred by the underwriters in connection with the offering.

Similar to other purchase transactions, the underwriters' purchases to cover the syndicate short sales may have the effect of raising or maintaining the market price of our shares or preventing or retarding a decline in the market price of our shares. As a result, the price of our shares may be higher than the price that might otherwise exist in the open market.

Neither we nor the underwriters make any representation or prediction as to the direction or magnitude of any effect that the transactions described above may have on the price of our common stock. In addition, neither we nor the underwriters make any representation that the underwriters will engage in these transactions or that any transaction, if

commenced, will not be discontinued without notice.

### **Affiliations**

In the future, the underwriters and their affiliates may provide various investment banking, commercial banking, financial advisory and other services to us and our affiliates for which services they have received, and may in the future receive, customary fees. In the course of their businesses, the underwriters and their affiliates may actively trade our securities or loans for their own accounts or for the accounts of customers, and, accordingly, the underwriters and their affiliates may at any time hold long or short positions in such securities or loans.

### **Notice to Prospective Investors in the European Economic Area**

In relation to each member state of the European Economic Area that has implemented the Prospectus Directive (each, a relevant member state), with effect from and including the date on which the Prospectus Directive is implemented in that relevant member state (the relevant implementation date), an offer of shares of common stock described in this prospectus supplement may not be made to the public in that relevant member state prior to the publication of a prospectus in relation to the shares that has been approved by the competent authority in that relevant member state or, where appropriate, approved in another relevant member state and notified to the competent authority in that relevant member state, all in accordance with the Prospectus Directive, except that, with effect from and including the relevant implementation date, an offer of securities may be offered to the public in that relevant member state at any time:

to any legal entity that is authorized or regulated to operate in the financial markets or, if not so authorized or regulated, whose corporate purpose is solely to invest in securities;

to any legal entity that is authorized or regulated to operate in the financial markets or, if not so authorized or regulated, whose corporate purpose is solely to invest in securities;

to any legal entity that has two or more of (1) an average of at least 250 employees during the last financial year; (2) a total balance sheet of more than 43,000,000 and (3) an annual net turnover of more than 50,000,000, as shown in its last annual or consolidated accounts;

to fewer than 100 natural or legal persons (other than qualified investors as defined below) subject to obtaining the prior consent of the representatives for any such offer; or

in any other circumstances that do not require the publication of a prospectus pursuant to Article 3 of the Prospectus Directive.

Each purchaser of shares of common stock described in this prospectus supplement located within a relevant member state will be deemed to have represented, acknowledged and agreed that it is a qualified investor within the meaning of Article 2(1)(e) of the Prospectus Directive.

For purposes of this provision, the expression an offer to the public in any relevant member state means the communication in any form and by any means of sufficient information on the terms of the offer and the securities to be offered so as to enable an investor to decide to purchase or subscribe the securities, as the expression may be varied in that member state by any measure implementing the Prospectus Directive in that member state, and the expression

Prospectus Directive means Directive 2003/71/EC and includes any relevant implementing measure in each relevant member state.

The sellers of the shares of common stock have not authorized and do not authorize the making of any offer of the shares through any financial intermediary on their behalf, other than offers made by the underwriters with a view to the final placement of the shares as contemplated in this prospectus supplement. Accordingly, no purchaser of the shares, other than the underwriters, is authorized to make any further offer of the shares on behalf of the sellers or the underwriters.

### **Notice to Prospective Investors in the United Kingdom**

This prospectus supplement is only being distributed to, and is only directed at, persons in the United Kingdom that are qualified investors within the meaning of Article 2(1)(e) of the Prospectus Directive that are also (i) investment professionals falling within Article 19(5) of the Financial Services and Markets Act 2000 (Financial Promotion) Order 2005 (the Order ) or (ii) high net worth entities, and other persons to whom it may lawfully be communicated, falling

within Article 49(2)(a) to (d) of the Order (all

### **Notice to Prospective Investors in Hong Kong**

The shares of common stock may not be offered or sold in Hong Kong by means of any document other than (i) in circumstances which do not constitute an offer to the public within the meaning of the Companies Ordinance (Cap. 32, Laws of Hong Kong), or (ii) to professional investors within the meaning of the Securities and Futures Ordinance (Cap. 571, Laws of Hong Kong) and any rules made thereunder, or (iii) in other circumstances which do not result in the document being a prospectus within the meaning of the Companies Ordinance (Cap. 32, Laws of Hong Kong) and no advertisement, invitation or document relating to the shares may be issued or may be in the possession of any person for the purpose of issue (in each case whether in Hong Kong or elsewhere), which is directed at, or the contents of which are likely to be accessed or read by, the public in Hong Kong (except if permitted to do so under the laws of Hong Kong) other than with respect to shares which are or are intended to be disposed of only to persons outside Hong Kong or only to professional investors within the meaning of the Securities and Futures Ordinance (Cap. 571, Laws of Hong Kong) and any rules made thereunder.

### **Notice to Prospective Investors in Japan**

The shares of common stock offered in this prospectus supplement have not been registered under the Securities and Exchange Law of Japan. The shares have not been offered or sold and will not be offered or sold, directly or indirectly, in Japan or to or for the account of any resident of Japan, except (i) pursuant to an exemption from the registration requirements of the Securities and Exchange Law and (ii) in compliance with any other applicable requirements of Japanese law.

### **Notice to Prospective Investors in Singapore**

This prospectus supplement has not been registered as a prospectus with the Monetary Authority of Singapore. Accordingly, this prospectus supplement and any other document or material in connection with the offer or sale, or invitation for subscription or purchase, of the shares of common stock may not be circulated or distributed, nor may the shares be offered or sold, or be made the subject of an invitation for subscription or purchase, whether directly or indirectly, to persons in Singapore other than (i) to an institutional investor under Section 274 of the Securities and Futures Act, Chapter 289 of Singapore (the SFA ), (ii) to a relevant person pursuant to Section 275(1), or any person pursuant to Section 275(1A), and in accordance with the conditions specified in Section 275 of the SFA or (iii) otherwise pursuant to, and in accordance with the conditions of, any other applicable provision of the SFA, in each case subject to compliance with conditions set forth in the SFA.

Where the shares of common stock are subscribed or purchased under Section 275 of the SFA by a relevant person which is:

a corporation (which is not an accredited investor (as defined in Section 4A of the SFA)) the sole business of which is to hold investments and the entire share capital of which is owned by one or more individuals, each of whom is an accredited investor; or

a trust (where the trustee is not an accredited investor) whose sole purpose is to hold investments and each beneficiary of the trust is an individual who is an accredited investor,

shares, debentures and units of shares and debentures of that corporation or the beneficiaries rights and interest (howsoever described) in that trust shall not be transferred within six months after that corporation or that trust has acquired the shares of common stock pursuant to an offer made under Section 275 of the SFA except,

to an institutional investor (for corporations, under Section 274 of the SFA) or to a relevant person defined in Section 275(2) of the SFA, or to any person pursuant to an offer that is made on terms that such shares, debentures and units of shares and debentures of that corporation or such rights and interest in that trust are acquired at a consideration of not less than S\$200,000 (or its equivalent in a foreign currency) for each transaction, whether such amount is to be paid for in cash or by exchange of securities or other assets, and further for corporations, in accordance with the conditions specified in Section 275 of the SFA;

where no consideration is or will be given for the transfer; or

where the transfer is by operation of law.

**Explanatory Note Regarding Financial Statements**

The FASB has issued its Accounting Standards Codification. This Explanatory Note Regarding Financial Statements conforms to reflect how generally accepted accounting principles are now currently organized and presented.

We adopted the FASB's changes to Accounting Standards Codification (ASC) 810, Consolidation, which establishes standards for the accounting and reporting of noncontrolling interests in subsidiaries on January 1, 2009. Prior to January 1, 2009, we reported minority interest within liabilities on our Consolidated Statements of

## **Table of Contents**

Financial Condition. The changes to ASC 810 require an entity to clearly identify and present ownership interests in subsidiaries held by parties other than the entity in the consolidated financial statements within the equity section but separate from the entity's equity and, accordingly, we now present non-controlling interests within stockholders' equity, separately from our own equity. The changes to ASC 810 also require that revenues, expenses, net income or loss, and other comprehensive income or loss be reported in the consolidated financial statements at the consolidated amounts, which include+ amounts attributable to both owners of the parent and noncontrolling interests. Net income or loss and other comprehensive income or loss shall then be attributed to the parent and noncontrolling interests. Prior to January 1, 2009, we recorded minority interest in earnings (loss) of consolidated subsidiaries in the determination of net earnings (loss). These changes were reflected in the financial statements included in our Quarterly Report on Form 10-Q for the first quarter of 2009, filed with the SEC on May 8, 2009 and our Quarterly Report on Form 10-Q, for the second quarter ended June 30, 2009, filed with the SEC on August 6, 2009, both of which are incorporated herein by reference.

In connection with the filing of the registration statement of which this prospectus is a part, we have recast prior financial statements to retrospectively reflect the adoption of the changes to ASC 810. In addition, these recast financial statements reflect the retrospective application of the FASB's changes to ASC 260, Earnings Per Share, also adopted on January 1, 2009. As of January 1, 2009, net earnings are allocated among common shareholders and participating securities based on their right to share in earnings. The adoption of these changes reduced previously reported earnings per share.

These recast financial statements, together with the related recast management's discussion and analysis of financial condition and results of operations and selected financial information for the five years ended December 31, 2008, have been filed with the SEC on a Current Report on Form 8-K, filed June 25, 2009, and incorporated herein by reference. The financial statements, management's discussion and analysis of financial condition and results of operations and selected financial information included in the Current Report on Form 8-K supersede those included in our Annual Report on Form 10-K for 2008, filed on February 27, 2009, and incorporated herein by reference. See Note 12 to the recast financial statements filed with the Current Report on Form 8-K for an explanation of the calculation of earnings per share under ASC 260.

### **Jefferies Group, Inc.**

Jefferies Group, Inc. and its subsidiaries (we, us or our) operate as an independent, full-service global securities and investment banking firm serving companies and their investors. We offer companies capital markets, merger and acquisition, restructuring and other financial advisory services. We provide investors fundamental research and trade execution in equity, equity-linked, and fixed income securities, including corporate bonds, government and agency securities, repo finance, mortgage- and asset-backed securities, municipal bonds, whole loans and emerging markets debt, convertible securities as well as commodities and derivatives. We also provide asset management services and products to institutions and other investors. Effective June 18, 2009, Jefferies was designated as a primary dealer by the Federal Reserve Bank of New York.

Our principal operating subsidiary, Jefferies, was founded in 1962. Since 2000, we have pursued a strategy of continued growth and diversification, whereby we have sought to increase our share of the business in each of the markets we serve, while at the same time expanding the breadth of our activities in an effort to mitigate the cyclical nature of the financial markets in which we operate. Our growth plan has been achieved through internal growth supported by the ongoing addition of experienced personnel in targeted areas, as well as the acquisition from time to time of complementary businesses.

As of June 30, 2009, we had 2,307 employees. We maintain offices in more than 25 cities throughout the world and have our executive offices located at 520 Madison Avenue, New York, New York 10022. Our telephone number there

is (212) 284-2550 and our Internet address is [www.jefferies.com](http://www.jefferies.com).

**Description of Securities We May Offer**

**Debt Securities**

Please note that in this section entitled Debt Securities, references to Jefferies, we, us, ours or our refer only to Jefferies Group, Inc. and not to its consolidated subsidiaries. Also, in this section, references to holders mean those who own debt securities registered in their own names, on the books that Jefferies or the trustee maintains for this purpose, and not those who own beneficial interests in debt securities registered in street name or in debt securities issued in book-entry form through one or more depositories. Owners of beneficial interests in the debt securities should read the section below entitled Book-Entry Procedures and Settlement.

**General**

The debt securities offered by this prospectus will be our unsecured obligations and will be either senior or subordinated debt. We will issue senior debt under a senior debt indenture, and we will issue subordinated debt under a subordinated debt indenture. We sometimes refer to the senior debt indenture and the subordinated debt indenture individually as an indenture and collectively as the indentures. The indentures have been filed with the SEC and are exhibits to the registration statement of which this prospectus forms a part. You can obtain copies of the indentures by following the directions outlined in Where You Can Find More Information , or by contacting the applicable indenture trustee.

A form of each debt security, reflecting the particular terms and provisions of a series of offered debt securities, has been filed with the SEC or will be filed with the SEC at the time of the offering as exhibits to the registration statement of which this prospectus forms a part.

The following briefly summarizes the material provisions of the indentures and the debt securities, other than pricing and related terms disclosed for a particular issuance in an accompanying prospectus supplement. You should read the more detailed provisions of the applicable indenture, including the defined terms, for provisions that may be important to you. You should also read the particular terms of a series of debt securities, which will be described in more detail in an accompanying prospectus supplement. So that you may easily locate the more detailed provisions, the numbers in parentheses below refer to sections in the applicable indenture or, if no indenture is specified, to sections in each of the indentures. Wherever particular sections or defined terms of the applicable indenture are referred to, such sections or defined terms are incorporated into this prospectus by reference, and the statement in this prospectus is qualified by that reference.

Unless otherwise provided for a particular issuance in an accompanying prospectus supplement, the trustee under each of the senior debt indenture and the subordinated debt indenture will be The Bank of New York Mellon.

The indentures provide that our unsecured senior or subordinated debt securities may be issued in one or more series, with different terms, in each case as we authorize from time to time. We also have the right to reopen a previous issue of a series of debt securities by issuing additional debt securities of such series.

**Types of Debt Securities**

We may issue fixed or floating rate debt securities.

Fixed rate debt securities will bear interest at a fixed rate described in the prospectus supplement. This type includes zero coupon debt securities, which bear no interest and are often issued at a price lower than the principal amount. Material federal income tax consequences and other special considerations applicable to any debt securities issued at a discount will be described in the applicable prospectus supplement.

Upon the request of the holder of any floating rate debt security, the calculation agent will provide the interest rate then in effect for that debt security, and, if determined, the interest rate that will become effective on the next interest reset date. The calculation agent's determination of any interest rate, and its calculation of the amount of interest for any interest period, will be final and binding in the absence of manifest error.

All percentages resulting from any interest rate calculation relating to a debt security will be rounded upward or downward, as appropriate, to the next higher or lower one hundred-thousandth of a percentage point. All amounts

## **Table of Contents**

used in or resulting from any calculation relating to a debt security will be rounded upward or downward, as appropriate, to the nearest cent, in the case of U.S. dollars, or to the nearest corresponding hundredth of a unit, in the case of a currency other than U.S. dollars, with one-half cent or one-half of a corresponding hundredth of a unit or more being rounded upward.

In determining the base rate that applies to a floating rate debt security during a particular interest period, the calculation agent may obtain rate quotes from various banks or dealers active in the relevant market, as described in the prospectus supplement. Those reference banks and dealers may include the calculation agent itself and its affiliates, as well as any underwriter, dealer or agent participating in the distribution of the relevant floating rate debt securities and its affiliates, and they may include affiliates of Jefferies.

## **Information in the Prospectus Supplement**

The prospectus supplement for any offered series of debt securities will describe the following terms, as applicable:

the title;

whether the debt is senior or subordinated;

the total principal amount offered;

the percentage of the principal amount at which the debt securities will be sold and, if applicable, the method of determining the price;

the maturity date or dates;

whether the debt securities are fixed rate debt securities or floating rate debt securities;

if the debt securities are fixed rate debt securities, the yearly rate at which the debt security will bear interest, if any, and the interest payment dates;

if the debt security is an original issue discount debt security, the yield to maturity;

if the debt securities are floating rate debt securities, the interest rate basis; any applicable index currency or maturity, spread or spread multiplier or initial, maximum or minimum rate; the interest reset, determination, calculation and payment dates; and the day count used to calculate interest payments for any period;

the date or dates from which any interest will accrue, or how such date or dates will be determined, and the interest payment dates and any related record dates;

if other than in U.S. Dollars, the currency or currency unit in which payment will be made;

any provisions for the payment of additional amounts for taxes;

the denominations in which the currency or currency unit of the securities will be issuable if other than denominations of \$1,000 and integral multiples thereof;

the terms and conditions on which the debt securities may be redeemed at the option of Jefferies;

any obligation of Jefferies to redeem, purchase or repay the debt securities at the option of a holder upon the happening of any event and the terms and conditions of redemption, purchase or repayment;

the names and duties of any co-trustees, depositaries, authenticating agents, calculation agents, paying agents, transfer agents or registrars for the debt securities;

any material provisions of the applicable indenture described in this prospectus that do not apply to the debt securities; and

any other specific terms of the debt securities.

The terms on which a series of debt securities may be convertible into or exchangeable for other securities of Jefferies or any other entity will be set forth in the prospectus supplement relating to such series. Such terms will

## **Table of Contents**

include provisions as to whether conversion or exchange is mandatory, at the option of the holder or at our option. The terms may include provisions pursuant to which the number of other securities to be received by the holders of such series of debt securities may be adjusted.

We will issue the debt securities only in registered form. As currently anticipated, debt securities of a series will trade in book-entry form, and global notes will be issued in physical (paper) form, as described below under *Book-Entry Procedures* and *Settlement*. Unless otherwise provided in the accompanying prospectus supplement, we will issue debt securities denominated in U.S. Dollars and only in denominations of \$1,000 and integral multiples thereof.

The prospectus supplement relating to offered securities denominated in a foreign or composite currency will specify the denomination of the offered securities.

The debt securities may be presented for exchange, and debt securities other than a global security may be presented for registration of transfer, at the principal corporate trust office of The Bank of New York Mellon in New York City. Holders will not have to pay any service charge for any registration of transfer or exchange of debt securities, but we may require payment of a sum sufficient to cover any tax or other governmental charge payable in connection with such registration of transfer (Section 3.05).

*Market-Making Transactions.* If you purchase your debt security or any of our other securities we describe in this prospectus in a market-making transaction, you will receive information about the price you pay and your trade and settlement dates in a separate confirmation of sale. A market-making transaction is one in which Jefferies & Company, Inc. or one of our affiliates resells a security that it has previously acquired from another holder. A market-making transaction in a particular security occurs after the original issuance and sale of the security.

## **Payment and Paying Agents**

Distributions on the debt securities other than those represented by global notes will be made in the designated currency against surrender of the debt securities at the principal corporate trust office of The Bank of New York Mellon in New York City. Payment will be made to the registered holder at the close of business on the record date for such payment. Interest payments will be made at the principal corporate trust office of The Bank of New York Mellon in New York City, or by a check mailed to the holder at his registered address. Payments in any other manner will be specified in the prospectus supplement.

## **Calculation Agents**

Calculations relating to floating rate debt securities and indexed debt securities will be made by the calculation agent, an institution that we appoint as our agent for this purpose. We may appoint one of our affiliates as calculation agent. We may appoint a different institution to serve as calculation agent from time to time after the original issue date of the debt security without your consent and without notifying you of the change. The initial calculation agent will be identified in the prospectus supplement.

## **Senior Debt**

We will issue senior debt securities under the senior debt indenture. Senior debt will rank on an equal basis with all our other unsecured debt except subordinated debt.

## **Subordinated Debt**

We will issue subordinated debt securities under the subordinated debt indenture. Subordinated debt will rank subordinated and junior in right of payment, to the extent set forth in the subordinated debt indenture, to all our senior debt.

If we default in the payment of any principal of, or premium, if any, or interest on any senior debt when it becomes due and payable after any applicable grace period, then, unless and until the default is cured or waived or

## **Table of Contents**

ceases to exist, we cannot make a payment on account of or redeem or otherwise acquire the subordinated debt securities.

If there is any insolvency, bankruptcy, liquidation or other similar proceeding relating to us or our property, then all senior debt must be paid in full before any payment may be made to any holders of subordinated debt securities.

Furthermore, if we default in the payment of the principal of and accrued interest on any subordinated debt securities that is declared due and payable upon an event of default under the subordinated debt indenture, holders of all our senior debt will first be entitled to receive payment in full in cash before holders of such subordinated debt can receive any payments.

Senior debt means:

the principal, premium, if any, and interest in respect of indebtedness of Jefferies for money borrowed and indebtedness evidenced by securities, notes, debentures, bonds or other similar instruments issued by us, including the senior debt securities;

all capitalized lease obligations;

all obligations representing the deferred purchase price of property; and

all deferrals, renewals, extensions and refundings of obligations of the type referred to above;

but senior debt does not include:

subordinated debt securities;

any indebtedness that by its terms is subordinated to, or ranks on an equal basis with, subordinated debt securities; and

indebtedness that is subordinated to a senior debt obligation of ours specified above.

The effect of this last provision is that we may not issue, assume or guarantee any indebtedness for money borrowed which is junior to the senior debt securities and senior to the subordinated debt securities.

## **Covenants**

*Limitations on Liens.* The senior indenture provides that we will not, and will not permit any designated subsidiary to, incur, issue, assume or guarantee any indebtedness for money borrowed if such indebtedness is secured by a pledge of, lien on, or security interest in any shares of common stock of any designated subsidiary, without providing that each series of senior debt securities and, at our option, any other indebtedness ranking equally and ratably with such indebtedness, is secured equally and ratably with (or prior to) such other secured indebtedness (Section 10.08).

*Limitations on Transactions with Affiliates.* The senior indenture provides that we will not, and will not permit any subsidiary to, sell, lease, transfer or otherwise dispose of any of our or its properties or assets to, or purchase any property or asset from, or enter into any transaction, contract, agreement, understanding, loan, advance or guaranty with, or for the benefit of, any affiliate of ours unless:

the transaction with the affiliate is made on terms no less favorable to us or the subsidiary than those that would have been obtained in a comparable transaction with an unrelated person; and

in the case of any affiliate transaction involving consideration in excess of \$25 million in any fiscal year, we deliver to the trustee a certificate to the effect that our board of directors has determined that the transaction complies with the requirements described in the above bullet point and that the transaction has been approved by a majority of the disinterested members of our board of directors.

This covenant will not apply to any employment agreement entered into in the ordinary course of business and consistent with past practices, to any transaction between or among us and our subsidiaries or to transactions entered into prior to the date the notes are issued.

## **Table of Contents**

*Limitations on Mergers and Sales of Assets.* The indentures provide that we will not merge or consolidate or transfer or lease our assets substantially as an entirety, and another person may not transfer or lease its assets substantially as an entirety to us, unless:

either (1) we are the continuing corporation, or (2) the successor corporation, if other than us, is a U.S. corporation and expressly assumes by supplemental indenture the obligations evidenced by the securities issued pursuant to the indenture; and

immediately after the transaction, there would not be any default in the performance of any covenant or condition of the indenture (Section 8.01).

Other than the restrictions described above, the indentures do not contain any covenants or provisions that would protect holders of the debt securities in the event of a highly leveraged transaction.

## **Modification of the Indentures**

Under the indentures, we and the relevant trustee can enter into supplemental indentures to establish the form and terms of any new series of debt securities without obtaining the consent of any holder of debt securities (Section 9.01).

We and the trustee may, with the consent of the holders of at least a majority in aggregate principal amount of the debt securities of a series, modify the applicable indenture or the rights of the holders of the securities of such series.

No such modification may, without the consent of each holder of an affected security:

extend the fixed maturity of any such securities;

reduce the rate or change the time of payment of interest on such securities;

reduce the principal amount of such securities or the premium, if any, on such securities;

change any obligation of ours to pay additional amounts;

reduce the amount of the principal payable on acceleration of any securities issued originally at a discount;

adversely affect the right of repayment or repurchase at the option of the holder;

reduce or postpone any sinking fund or similar provision;

change the currency or currency unit in which any such securities are payable or the right of selection thereof;

impair the right to sue for the enforcement of any such payment on or after the maturity of such securities;

reduce the percentage of securities referred to above whose holders need to consent to the modification or a waiver without the consent of such holders; or

change any obligation of ours to maintain an office or agency (Section 9.02).

## **Defaults**

Each indenture provides that events of default regarding any series of debt securities will be:

our failure to pay required interest on any debt security of such series for 30 days;

our failure to pay principal or premium, if any, on any debt security of such series when due;

our failure to make any required scheduled installment payment for 30 days on debt securities of such series;

our failure to perform for 90 days after notice any other covenant in the relevant indenture other than a covenant included in the relevant indenture solely for the benefit of a series of debt securities other than such series;

**Table of Contents**

our failure to pay beyond any applicable grace period, or the acceleration of, indebtedness in excess of \$10,000,000; and
