REPORT OF INDEPENDENT AUDITORS

Plan Administrator of  
Mercantile Bank of West Michigan 401(k) Plan  
Grand Rapids, Michigan

We have audited the accompanying statements of net assets available for benefits of the Mercantile Bank of West Michigan 401(k) Plan ("the Plan") as of December 31, 2002 and 2001, and the related statement of changes in net assets available for benefits for the year ended December 31, 2002. These financial statements are the responsibility of the Plan's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial

statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2002 and 2001, and the changes in net assets available for benefits for the year ended December 31, 2002 in conformity with accounting principles generally accepted in the United States of America.

Our audit was conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements as a whole.

MERCANTILE BANK OF WEST MICHIGAN 401(k) PLAN  
NOTES TO FINANCIAL STATEMENTS  
DECEMBER 31, 2002 AND 2001

NOTE 1 - DESCRIPTION OF PLAN

The following description of the Mercantile Bank of West Michigan 401(k) Plan

## Edgar Filing: MERCANTILE BANK CORP - Form 11-K

(the Plan) is provided for general information purposes only. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

**General:** The Plan was established by the plan sponsor, Mercantile Bank of West Michigan (the Bank), effective January 1, 1998. The Bank acts as trustee for the Plan assets. The Plan is a defined contribution plan which covers all employees who have completed one hour of service. The Plan has a contributory 401(k) portion based on elective contributions from participants in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).

**Contributions:** Elective deferrals by participants under the 401(k) provisions are based on a percentage of their compensation as defined in the Plan agreement which are subject to certain limitations. Employees also may rollover account balances from other plans into their account. The Bank may, at the sole discretion of the Board of Directors, contribute to each participant's account a matching contribution which is a percentage of the participant's elective contribution for the year. For 2002, the Bank made matching contributions equal to 100% of the first 5% of the compensation deferred by each 401(k) participant subject to certain limitations as specified in the Plan agreement.

**Participant Accounts:** Each participant's account is credited with the participant's contributions and allocation of (a) the Bank's contributions and (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the aggregate of the participants' deferrals and rollovers and employer matching contributions. Each participant directs the investment of their account to any of the investment options available under the Plan.

**Retirement, Death and Disability:** A participant is entitled to 100% of his or her account balance upon retirement, death or disability while employed.

**Vesting:** Participants are immediately vested in their elective and employer contributions plus actual earnings thereon.

**Payment of Benefits:** A participant or his or her beneficiary receives a distribution of the participant's account balance in a lump sum. A participant may receive the portion of his or her account invested in Mercantile Bank Corporation in stock or cash.

**Loan Provisions:** The Plan provides that participants can borrow funds against their account balances up to 50% of their vested balance, or \$50,000, whichever is less.

**Expenses:** Substantially all administrative expenses are paid by the Plan sponsor.

NOTE 2 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Investment Valuation and Income Recognition: The Plan's investments are stated at fair value. Mutual fund shares and Mercantile Bank Corporation common stock are traded on national exchanges or quotation exchanges and are valued at the last sales price on the date of valuation. Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Estimates: The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect certain reported amounts and disclosures, and actual results may differ from these estimates.

Risks and Uncertainties for Investments: The Plan has investments in mutual funds and stocks. These investment securities are exposed to various risks, such as interest rate, market and credit risks. Due to the level of risk associated with certain investment securities, it is at least reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits and participants' individual account balances.

Payment of Benefits: Benefits are recorded when paid.

NOTE 3 - PLAN TERMINATION

Although it has not expressed any intent to do so, the Bank has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA.
