PROCEDURAL QUESTIONS ABOUT THE MEETING

Q. What am I voting on?

- A. Proposal 1:** Election of twelve directors to serve until the next annual meeting of stockholders, or until their successors are duly elected and qualified.

Q. Who can vote?

- A.** Our stockholders as of the close of business on the record date, March 10, 2008, can vote at the annual meeting. Each share of our common stock gets one vote. Votes may not be cumulated. As of March 10, 2008, there were 95,372,559 shares of our common stock outstanding.

Q. How do I vote before the meeting?

- A.** By completing, signing and returning the enclosed proxy card in the enclosed envelope.

Q. May I vote at the meeting?

- A.** You may vote at the meeting if you attend in person. If you hold your shares through an account with a bank or broker, you must obtain a legal proxy from the bank or broker in order to vote at the meeting. Even if you plan to attend the meeting, we encourage you to vote your shares by proxy.

Q. Can I change my mind after I vote?

- A.** You may change your vote at any time before the polls close at the meeting by (1) signing another proxy card with a later date and returning it to us prior to the meeting, (2) voting at the meeting if you are a registered stockholder or have obtained a legal proxy from your bank or broker or (3) sending a notice to our Corporate Secretary prior to the meeting stating that you are revoking your proxy.

Q. What if I return my proxy card but do not provide voting instructions?

- A.** Proxies that are signed and returned but do not contain instructions will be voted (1) FOR the election of the twelve nominees for director, and in accordance with the best judgment of the named proxies on any other matters properly brought before the meeting.

Q. Will my shares be voted if I do not provide my proxy instruction form?

- A.** If you are a registered stockholder and do not provide a proxy, you must attend the meeting in order to vote your shares. If you hold shares through an account with a bank or broker, your shares may be voted even if you do not provide voting instructions on your instruction form. Brokers have the authority under New York Stock Exchange rules to vote shares for which their customers do not provide voting instructions on certain routine matters such as the election of directors.

Q. May stockholders ask questions at the meeting?

- A.**

Yes. Our representatives will answer stockholders' questions of general interest at the end of the meeting. In order to give a greater number of stockholders an opportunity to ask questions, individuals or groups may be allowed to ask only one question and repetitive or follow-up questions may not be permitted.

Q. How many votes must be present to hold the meeting?

A. Your shares are counted as present at the meeting if you attend the meeting and vote in person or if you properly return a proxy card. In order for us to conduct our meeting, a majority of our outstanding shares of common stock as of March 10, 2008 must be present in person or by proxy at the meeting (47,686,280). This is referred to as a quorum. Abstentions and broker non-votes will be counted for purposes of establishing a quorum at the meeting.

Q. How many votes are needed to approve the proposal?

A. Regarding proposal 1, the twelve nominees receiving the highest number of For votes will be elected as directors. This number is called a plurality. Shares not voted, whether by marking Abstain on the proxy card or otherwise, will have no impact on the election of directors.

Our Board of Directors has four standing committees: the Audit Committee, the Compensation and Management Development Committee, the Nominating and Corporate Governance Committee and the Executive Committee. The Board of Directors approved a charter for each of the Audit, Compensation and Management Development, and Nominating and Corporate Governance committees, which charters are available on our website, www.penskeautomotive.com under the tab Corporate Governance or in print (see Corporate Governance Guidelines below). The principal responsibilities of each committee are described below. Collectively, our directors attended over 90% of our board and committee meetings in 2007 and the only director who did not attend 75% of these meetings was Mr. Noto, who attended 71% of our Board meetings. All of our directors are encouraged to attend the annual meeting and all did attend the annual meeting in 2007.

Table of Contents

Audit Committee. The purpose of this committee is to assist the Board of Directors in fulfilling its oversight responsibility relating to (1) the integrity of our financial statements and financial reporting process and our systems of internal accounting and financial controls; (2) the performance of the internal audit function; (3) the engagement of the Company's independent registered public accounting firms and the evaluation of their qualifications, independence and performance; (4) the annual independent audit of our financial statements, and (5) the fulfillment of the other responsibilities set out in the Audit Committee charter. The Board of Directors has confirmed that all members of the Audit Committee are independent and financially literate under the New York Stock Exchange rules and applicable law, and each is an audit committee financial expert, as that term is defined in Securities and Exchange Commission rules. Mr. Steinhart serves on the audit committee of three other public companies. In 2008, the Board determined that Mr. Steinhart's simultaneous service on four public company audit committees would not impair his ability to effectively serve as a member of our audit committee.

Compensation and Management Development Committee. The purpose of this committee is to assist the Board of Directors in discharging its responsibility relating to compensation of our directors, executive officers and such other employees as this committee may determine, succession planning and related matters. Each committee member is independent under the New York Stock Exchange guidelines and our guidelines for director independence.

Nominating and Corporate Governance Committee. The purpose of this committee is to identify individuals qualified to become members of the Board of Directors, to recommend Director nominees for each annual meeting of stockholders and nominees for election to fill any vacancies on the Board of Directors and to address related matters. This committee also develops and recommends to the Board of Directors corporate governance principles and is responsible for leading the annual review of our corporate governance policies and the Board of Directors performance. Each committee member is independent under the New York Stock Exchange guidelines and our guidelines for director independence.

Executive Committee. Our Executive Committee's primary function is to assist our Board of Directors by acting upon matters when the Board of Directors is not in session. The Executive Committee has the full power and authority of the Board of Directors, except to the extent limited by law or our certificate of incorporation or bylaws.

Corporate Governance Guidelines. The Nominating and Corporate Governance Committee also makes recommendations concerning our corporate governance guidelines, which are posted on our website, www.penskeautomotive.com, under the tab Corporate Governance. These guidelines, and the other documents referenced in this section, are also available in print without charge to any stockholder who requests them by calling our investor relations department at 248-648-2500 or 866-715-5289.

Lead Director. One of our governance principles is that we have an independent Lead Director, who is responsible for coordinating the activities of the other outside Directors, including the establishment of the agenda for executive sessions of the outside Directors, and who shall preside at their meetings. These sessions generally occur as part of each Board meeting and include, at least annually, a session comprised of only our independent directors. Our Lead Director is currently H. Brian Thompson. He may be contacted by leaving a message at the following telephone number: 800-469-1634. All messages will be reviewed by our Corporate Secretary's office and all (other than frivolous messages) will be forwarded to the Lead Director. Any written communications to the Board of Directors may be sent care of the Corporate Secretary to our principal executive office. These communications (other than frivolous messages) will also be forwarded to the Lead Director.

Code of Conduct. We have also adopted a Code of Business Conduct and Ethics, applicable to all of our employees and directors, which is posted on our website at

Table of Contents

www.penskeautomotive.com under the tab Corporate Governance and is available in print (see Corporate Governance Guidelines above). We plan to disclose waivers, if any, for our executive officers or directors from the code on our website, www.penskeautomotive.com.

Director Independence. A majority of our Board of Directors is independent and each of the members of our audit, compensation and nominating committees is independent. The Board of Directors has determined that Ms. McWaters and Messrs. Barr, Eisenson, Lovejoy, Mita, Steinhart and Thompson are each independent in accordance with the listing requirements of the New York Stock Exchange, as well as with the more stringent requirements of our guidelines for independent directors found in our corporate governance guidelines which are available on our website www.penskeautomotive.com and are set forth below. As required by New York Stock Exchange rules, our Board of Directors made an affirmative determination as to each independent director that no material relationship exists which, in the opinion of the Board of Directors, would interfere with the exercise of independent judgment in carrying out the responsibilities of a director. In making these determinations, the Board of Directors reviewed and discussed information provided by the directors and us with regard to each director's business and personal activities as they may relate to us and our management.

For a director to be considered independent under our corporate governance guidelines, the Board of Directors must determine that the director does not have any direct or indirect material relationship with us (including any parent or subsidiary in a consolidated group with us). In addition to applying these guidelines, the Board of Directors considers relevant facts and circumstances in making an independence determination, and not merely from the standpoint of the director, but also from that of persons or organizations with which the director has an affiliation. With respect to our independent directors, the Board considered the transactions, relationships and arrangements described under Related Party Transactions in its independence determination, as well as any direct or indirect co-investments with Transportation Resource Partners, an affiliate of Penske Corporation, which co-investments do not involve the Company.

Under our guidelines, a director will not be independent if:

1. the director is employed by us, or an immediate family member is one of our executive officers;
2. the director receives any direct compensation from us, other than director fees and forms of deferred compensation for prior service (provided such compensation is not contingent in any way on continued service);
3. the director is affiliated with or employed by our independent registered public accounting firms (or internal auditors), or an immediate family member is affiliated with or employed in a professional capacity by our independent registered public accounting firms (or internal auditors); or
4. an executive officer of ours serves on the compensation committee of the board of directors of a company that employs the director or an immediate family member as an executive officer.

A director also will not be independent if, at the time of the independence determination, the director is an executive officer or employee, or if an immediate family member is an executive officer, of another company that does business with us and the sales by that company to us or purchases by that company from us, in any single fiscal year during the evaluation period, are more than the greater of one percent of the annual revenues of that company or \$1 million. Furthermore, a director will not be independent if, at the time of the independence determination, the director is an executive officer or employee, or an immediate family member is an executive officer, of another company that is indebted to us, or to which we are indebted, and the total amount of either company's indebtedness to the other at the end of

Table of Contents

the last completed fiscal year is more than one percent of the other company's total consolidated assets. Finally, a director will not be independent if, at the time of the independence determination, the director serves as an officer, director or trustee of a charitable organization, and our charitable contributions to the organization are more than the greater of \$250,000 or one percent of that organization's total annual charitable receipts during its last completed fiscal year.

Under the New York Stock Exchange rules, if a company is controlled, it need not have a majority of independent directors or solely independent compensation or nominating committees. We are a controlled company because more than 50% of the voting power for the election of directors is collectively held by Penske Corporation, Mitsui & Co. and their affiliates. These entities are considered a group due to the provisions of the stockholders agreement between these parties described under Related Party Transactions. Even though we are a controlled company, we are fully compliant with the New York Stock Exchange rules for non-controlled companies. A majority of our Board of Directors is independent and each of our nominating, audit and compensation committees is comprised solely of independent directors.

Director Nominees. The Nominating and Corporate Governance Committee believes that director candidates should have certain minimum qualifications, including having personal integrity, loyalty to Penske Automotive and concern for its success and welfare, willingness to apply sound and independent business judgment and time available for Penske Automotive matters. Experience in at least one of the following is also desired: high level of leadership experience in business or administration, breadth of knowledge concerning issues affecting Penske Automotive, willingness to contribute special competence to board activities, accomplishments within the director's respective field, and experience reading and understanding financial statements. The Nominating and Corporate Governance Committee retains the right to modify these qualifications from time to time.

The Nominating and Corporate Governance Committee's process for identifying and evaluating nominees is as follows: in the case of incumbent directors whose terms of office are set to expire, the committee reviews such directors' overall service to Penske Automotive during their term. In the case of new director candidates, the committee uses its network of contacts to compile potential candidates, but may also engage, if it deems appropriate, a professional search firm. The committee considers whether the nominee would be independent and meets with each candidate individually to discuss and consider his or her qualifications and, if approved, recommends the candidate to the Board.

The Nominating and Corporate Governance Committee will consider director candidates recommended by stockholders. Stockholder proposals for nominees should be addressed to our Corporate Secretary, Penske Automotive Group, 2555 Telegraph Road, Bloomfield Hills, MI 48302, and must comply with the procedures outlined below. The committee's evaluation of stockholder-proposed candidates will be the same as for any other candidates.

Stockholders who wish to recommend individuals for consideration by the committee to become nominees for election to the Board may do so by submitting a written recommendation to our Corporate Secretary. Submissions must include sufficient biographical information concerning the recommended individual, including age, employment history with employer names and a description of the employer's business, whether such individual can read and understand basic financial statements and a list of board memberships and other affiliations of the nominee. The submission must be accompanied by a written consent of the individual to stand for election and serve if elected by the stockholders, a statement of any relationships between the person recommended and the person submitting the recommendation, a statement of any relationships between the candidate and any automotive retailer, manufacturer or supplier and proof of ownership by the person submitting the recommendation of 500 shares of

our common stock for one year. Recommendations received by November 10, 2008, will be considered for nomination at the 2009 annual meeting of stockholders. Recommendations received after November 10, 2008 will be considered for nomination at the 2010 annual meeting of stockholders.

Compensation Committee Interlocks and Insider Participation. During 2007, the Compensation and Management Development Committee was comprised of H. Brian Thompson (Chairman), Eustace Mita and William Lovejoy. As more fully discussed under Related Party Transactions, Mr. Mita is an investor in Transportation Resource Partners, which is affiliated with Penske Corporation. In addition, Mr. Mita's son was formerly employed by us as a regional manager for which he was compensated \$316,000 in 2007, which compensation is commensurate with his peers.

COMPENSATION DISCUSSION AND ANALYSIS (CD&A)

I. General Information

Our Compensation Committee. Our compensation committee is comprised of three independent directors, as determined by our Board of Directors pursuant to the listing requirements of the New York Stock Exchange, as well as the more stringent requirements of our corporate governance guidelines. See *Our Corporate Governance Director Independence* for a discussion of these independence requirements. Our committee's primary responsibilities are to:

- Determine all elements of our executive officers' compensation;
- Review and recommend compensation for other members of senior management;
- Review and recommend our compensation and benefit policies for our employees generally;
- Administer our equity incentive plans;
- Make recommendations to the Board of Directors with respect to director compensation; and
- Review our management progression and succession plans.

These responsibilities are set out in the committee's charter which you can find on our website www.penskeautomotive.com. This charter is reviewed annually by our corporate governance committee and Board of Directors. The compensation committee retains the authority to delegate its duties to a subcommittee, though it did not do so in 2007. Proposed committee meeting agendas are prepared by management and sent to the committee prior to every meeting along with material for committee review. The final agenda for each meeting is determined by the committee chairman. The committee met six times during 2007, and each meeting is typically concluded with an executive session including only the committee members.

Outside Advisors and Consultants. Our compensation committee has the authority to hire outside consultants and advisors at their discretion, and it has full access to any of our employees. While it may do so in the future, neither the committee nor company management has retained any outside consultants to assist them in fulfilling their duties in the past several years.

Role of Executive Officers. The committee relies on our senior management to assist in fulfilling many of its duties, in particular our Executive Vice President - Human Resources and Chief Executive Officer, each of whom attend part of most committee meetings. These executives make recommendations concerning our compensation policies generally, certain specific elements of compensation for senior management (such as restricted stock awards and bonuses) as well as report to the committee as to company personnel and developments. Our Chief Executive Officer also makes specific compensation recommendations concerning our other executive officers and certain other employees. Our Chief Executive Officer does not participate in determining his own compensation except as noted below under *Chief Executive Officer Compensation*.

II. Compensation Philosophy

Our compensation program is designed to motivate and reward our executive officers and other key employees to enhance long-term stockholder value and to attract and retain the highest quality executive and key employee talent

available. We believe our executive

Table of Contents

compensation should be aligned with increasing the value of our common stock and promoting our key strategies, values and long term financial and operational objectives.

Our compensation program has evolved over time. At several times during each year, the program is reviewed in whole or in part with respect to various factors, including: competitive benchmarking; the tax and accounting treatment of certain elements of employee compensation; and recent trends regarding executive compensation. We evaluate the effectiveness of our program generally based on our ability to motivate our executives to deliver superior company wide performance and to retain them on a cost-effective basis.

The majority of our executive and employee compensation is payable in cash in the short-term, and is comprised principally of salary and cash bonuses, which we believe is typical within our industry. We use cash compensation as the majority of our compensation because we believe it provides the most flexibility for our employees and it is less dilutive to existing stockholders than equity compensation. The committee also recognizes that stock prices may also reflect factors other than long-term performance, such as general economic conditions and varying attitudes among investors toward the stock market in general and toward retail companies specifically. However, we also provide long-term compensation in the form of restricted stock awards for certain employees. Our restricted stock program awards typically vest over four years, with 70% of any award vesting in the third and fourth years. We believe this long term compensation helps to align management's goals with those of our other stockholders and provides a long-term retention inducement for our key employees, as discussed below under the heading Restricted Stock.

We do not have any required stock ownership guidelines for our employees. We monitor the stock ownership of our key executives and believe the weighted vesting of our restricted stock awards will contribute to our executive officers holding a significant equity position in our company.

Determination of Amounts. The committee reviews and determines all aspects of compensation for our executive officers. In making decisions regarding non-CEO compensation, the committee receives input from our Chief Executive Officer. The committee reviews annual salary adjustments with a view toward maintaining external compensation competitiveness. External competitiveness is benchmarked against each of the other publicly traded automotive retailers. We are the second largest publicly traded automotive retailer and the only one with international operations. While we benchmark our compensation, we do not target a specific quartile of pay for our executive officers as compared to our peers as we believe each of our executive officer's circumstances and challenges is unique to the individual and we base our compensation accordingly.

Management Incentive Plan. Section 162(m) of the Internal Revenue Code of 1986, as amended, generally imposes a \$1 million per year ceiling on the tax-deductibility of remuneration paid to any one of the named executive officers of a public company (except for the chief financial officer), unless the remuneration is treated as performance-based or is otherwise exempt from the provisions of Section 162(m). We have designed our Management Incentive Plan, which was approved by our stockholders in 2004, to provide for the payment of performance-based compensation that is qualified within the meaning of Section 162(m) of the Internal Revenue Code.

We expect to continue to issue awards under the Management Incentive Plan for our Chief Executive Officer, as well as any other officers for whom we believe this plan would provide a key motivation to advance specific annual objectives of the Company, while also maximizing the tax deductibility of our compensation expense. For any awards under the Management Incentive Plan, the compensation committee reserves negative discretion to reduce (but not increase) the payout under the award. While the committee intends to maximize the tax-efficiency of its compensation programs generally, it retains flexibility in the manner in which it

Table of Contents

awards compensation to act in our best interests, including awarding compensation that may not be tax deductible.

III. Our Compensation Program

Our compensation program primarily consists of four elements:

base salary;

annual cash bonus payment;

restricted stock awards; and

employee health care and other benefits, such as the use of a company vehicle.

Base Salary. We pay base salary to set a baseline level of compensation for all senior management. The salary levels for our executive officers are determined by scope of job responsibility, experience, individual performance, historical salary levels and the benchmarking information discussed earlier under *Determination of Amounts*. The committee approves salary levels for executive officers and certain key employees in order to maintain external compensation competitiveness using the benchmarks noted above, and to reflect the performance of those employees in the prior year and to reflect any change in the employee's level of responsibility within the organization. The committee also considers our achievement of corporate objectives and general economic factors.

Annual Bonus Payments. Each member of our senior management is also eligible to receive an annual discretionary bonus payment. In 2007, our Chief Executive Officer and President received only the amounts resulting from their performance based awards described below under *Chief Executive Officer Compensation* and *President Compensation*. We pay annual bonuses to provide an incentive for future performance and as a reward for performance during the prior year. Discretionary bonus payments are determined in varying degrees based on three criteria:

Evaluation of an individual's performance in the prior year;

Evaluation of the annual performance of an individual's business unit; and

Company-wide performance and the attainment of corporate objectives in the prior year.

Since the annual bonus is based in part on our company-wide performance, we believe the annual bonus also focuses employees on our corporate goals designed to increase stockholder value.

Restricted Stock. The committee believes that the interests of senior management should be closely aligned with those of our stockholders. Therefore, each member of senior management is eligible to receive an incentive equity award because we believe equity grants effectively align management's goals with those of our other stockholders. In 2007 restricted stock granted to our Chief Executive Officer and President resulted solely from their performance based awards described below under *Chief Executive Officer Compensation* and *President Compensation*.

In 2007 and 2008, we issued incentive compensation to our senior management team in the form of restricted stock under our 2002 Equity Compensation Plan. Our restricted stock grants for management typically vest over four years at a rate of 15%, 15%, 20% and 50% per annum, respectively. These shares are subject to forfeiture in the event the executive departs from the Company. We believe vesting the majority of the awards in the third and fourth years provides a longer-term incentive and more closely aligns the incentives for management with the interests of our

long-term stockholders. We employ this form of compensation in part because many of our initiatives may take several years to show benefits, such as building

Table of Contents

premium facilities. These initiatives may be costly in the short-term, but we believe they will provide benefits for years to come. We also believe that weighted vesting of these awards provides an additional incentive to retain our valuable employees due to the value that may be created over time. Our restricted stock awards are designed to mirror our other outstanding stock and thus enable the recipients to vote with our other stockholders and receive dividends.

Restricted stock grants are generally discretionary (other than those awarded to our Chief Executive Officer or others under our Management Incentive Plan discussed above), and are based upon a guideline range that takes into account the responsibilities of executive officers and other key employees whose contributions and skills are important to our long-term success. In 2007, the committee granted approximately 250,000 shares of restricted stock to employees (representing about 0.26% of our current outstanding equity), some of which have reverted back to us as employees have departed from our company. These amounts include the restricted stock granted to our Chief Executive Officer in lieu of any cash bonus. From time-to-time, the committee also approves special equity awards based on an employee's outstanding contributions, commencement of employment or other factors.

Other Compensation. We may provide our employees with selected other benefits or perquisites in order to attract and retain highly skilled employees. All of our employees are entitled to a number of benefits such as company contributions toward health and welfare benefits, company matching under our 401(k) plan, and company-sponsored life insurance. Our corporate employees are also entitled to a company-sponsored lunch. We believe these benefits manifest our concern for our employees and provide an inducement and retention advantage. With respect to health and welfare benefits, the committee believes that our employees should receive a meaningful benefit package commensurate with those of other automotive retailers, recognizing the increasing cost of those benefits in recent years.

As we are an automotive retailer, our senior management is typically provided the use of a company vehicle, company-sponsored automobile insurance, and a tax gross-up relating to these amounts. We typically contribute a monthly allowance toward a lease payment for a company vehicle selected by the employee. The vehicle must be leased from one of our dealerships and the allowance is based on an employee's position within our company. In some circumstances, we purchase a vehicle outright if we believe this will be more cost effective over the life of the vehicle's use. We have valued the use of company vehicles in the following disclosure tables based on the value of our lease payments or, in situations where we have purchased a vehicle or provided a demonstrator vehicle, on IRS guidelines. We also pay for maintenance and repairs on the vehicles, which costs are included in those tables. Similar to any company providing its products to employees, we provide these vehicles as an inducement and retention benefit.

From time to time, we may adopt other benefits for our senior management, such as payment for a country club membership or tax gross-ups for certain items. We review these benefits on a case-by-case basis and believe, if limited in scope, such benefits can provide an incentive to long term performance and help retain our valuable employees. The value of these other types of perquisites are quantified based on our cost.

Other Forms of Compensation. The committee has also reviewed various other forms of executive compensation for our management, such as stock options and supplemental retirement plans. Currently, the committee is of the view that salary, bonus and restricted stock awards should provide the principal components of management compensation and that these forms of compensation best align management's goals with those of our stockholders. Therefore, after review, the committee has determined not to issue or grant stock options, allow for deferred compensation in the form of a deferral of salary or bonus, or any retirement benefit (other than under our defined contribution plans that are available to all qualified employees).

Table of Contents

The committee considers the advisability of these additional types of compensation periodically and retains the flexibility to implement other forms of compensation in the future.

No Employment Agreements, Change of Control and Severance Compensation. None of our current executive officers have been provided an employment agreement, nor are they entitled to any severance compensation or compensation upon a change of control, except as set forth below under President Compensation. We believe our mix of short-term and long-term compensation provides a retention incentive that makes an employment contract unnecessary, while providing us maximum flexibility with respect to managing our executive officers. Our lack of pre-arranged severance compensation is consistent with our performance based compensation philosophy, and provides us the flexibility to enter into a post-employment arrangement with an employee based on the circumstances existing upon departure. We have entered into consulting agreements with our departing senior management on a case-by-case basis, as we believe it may be important to have continuing access to these employee's institutional knowledge base and guidance. In these events, we have typically obtained a non-compete agreement with these individuals.

With respect to a change in control, none of our current executive officers have been guaranteed any change of control payments. However, our outstanding equity awards provide that, in the event of a change of control, the compensation committee has the discretion to accelerate, vest or rollover any outstanding equity awards.

IV. 2007 Compensation

2007 compensation is noted in the tables following this section. In reviewing individual compensation, the committee employs a form of tally sheet designed to capture all elements of compensation.

Chief Executive Officer Compensation. In determining the compensation of Mr. Penske, the committee considered the company performance noted below, and also reviewed the CEO compensation and the financial performance of our peer companies. The committee also considered Mr. Penske's previous year's compensation. Based on their review, the committee proposed an increase in Mr. Penske's base salary in 2007. However, for the third consecutive year, Mr. Penske declined the salary increase in order to align a greater percentage of his compensation with company performance and the value of our common stock. Therefore, the committee maintained Mr. Penske's base salary at \$750,000 in 2007. In February 2008, Mr. Penske's salary was increased to \$1.0 million retroactive to January 1, 2008.

In 2008, the committee awarded Mr. Penske 89,267 shares of restricted stock valued at \$1.68 million based on the closing price on the New York Stock Exchange on the date of approval (\$18.82). These shares vest over a four year period at a rate of 15%, 15%, 20% and 50% with the final vesting in June 2012, subject to forfeiture in the event Mr. Penske departs from the Company. These shares resulted from a performance based award which had been granted to Mr. Penske in March of 2007 under our Management Incentive Plan discussed above. The maximum potential amount Mr. Penske could have earned pursuant to this award was \$3.0 million, though the committee reserved discretion to reduce (but not increase) the payout under these awards. Mr. Penske achieved 56% of the performance metrics noted

below, which entitled Mr. Penske to the \$1.68 million. The specific 2007 performance objectives and related performance were as follows:

(1) In March 2007, we redeemed \$300 million of our 9.625% Senior Subordinated notes resulting in a \$0.13 cent cost per share. Absent this item, this objective would have been satisfied.

In March 2008, the committee established a similar award for Mr. Penske with respect to 2008 with a maximum potential payout of \$3.0 million in the form of a restricted stock grant. The performance objectives for 2008 are as follows:

Objective	% of award
return on equity of 11%(1)	11%

- (2) This performance target shall exclude the impact of identifiable changes due solely to changes in foreign exchange rates.

President Compensation. At the beginning of 2007, Roger S. Penske, Jr., was promoted from Executive Vice President Eastern Operations to President. Subsequent to this promotion, Mr. Penske retained direct oversight responsibility for our U.S. East operations. For that reason, Mr. Penske, Jr.'s bonus and restricted stock award was based on specific objectives relating to the performance of our U.S. East operations. We believe tying Mr. Penske, Jr.'s compensation to the performance of the East region served as an incentive to Mr. Penske, Jr. with regard to that area's performance, while his accumulated restricted stock represented a key incentive for company-wide performance.

Specifically, Mr. Penske, Jr. was paid a cash bonus paid in March 2008 of \$547,946 which was based on a percentage of actual 2007 East region pre-tax earnings, as adjusted to exclude gains and losses attributable to the sale or shutdown of dealerships in the East region in 2007 (as these losses did not reflect operating performance). The payment levels were set in advance as compared to our internal budget. If our East region pre-tax earnings were below \$42.0 million, Mr. Penske, Jr. was to receive no bonus. If our East region pre-tax earnings were in excess of \$42.0 million, Mr. Penske, Jr. was to receive one percent of East region pre-tax earnings and, for pre-tax earnings in excess of \$55.0 million, he was to receive two percent of the excess above \$55.0 million.

Mr. Penske, Jr. also received a performance based award in March of 2007 under our Management Incentive Plan discussed above. The maximum potential amount Mr. Penske, Jr. could have earned pursuant to this award was \$300,000 in the form of a restricted stock grant in 2008, though the committee reserved discretion to reduce (but not increase) the payout under this award. Mr. Penske, Jr. achieved 10% of the performance metrics noted below with respect to that performance based award, which entitled Mr. Penske, Jr. to a \$30,000 restricted stock award. As a result, in 2008, the committee awarded Mr. Penske, Jr. 1,594 shares of restricted stock valued at \$30,000 based on the closing price on the New York Stock Exchange on the date of approval (\$18.82). These shares vest over a four year period at a rate of 15%, 15%, 20% and 50% with the final vesting in June 2012. The metrics noted below were designed to drive incremental improvement over the prior year and may not necessarily compare to similarly titled consolidated results. The specific 2007 performance objectives related to the performance of the East region and were as follows:

East Region Objective	Result	% of award	Achievement
same store gross profit increase of 12.2%	4.6%	20%	0%
same store service and parts gross profit increase of 8.2%	7.2%	20%	0%
personnel compensation as a% of gross profit no more than 45.4%	46.5%	20%	0%
selling, general and administrative expense as a% of gross profit of no more than 84.9%	89.4%	20%	0%
employee turnover of no more than 35%	36%	10%	0%
customer satisfaction scores exceed manufacturer objectives at 80% of our East region franchises	Exceeds	10%	10%
Total		100%	10%

On February 29, 2008, we announced that Mr. Penske, Jr. will be departing from our Company effective March 31, 2008. In connection with his departure, we approved the vesting of Mr. Penske, Jr.'s outstanding restricted stock at that time. For the 2008 period through March 31, 2008, Mr. Penske will continue to receive his current salary and a bonus based on the East region pre-tax earnings as compared to our internal budget as described above for 2007.

Other Executive Officer Compensation. Each of our other executive officers received the stock awards and bonuses set forth in the tables below. Messrs. Kurnick, O Shaughnessy and Sharp also received 11,000, 11,000 and 2,500 restricted shares, respectively, vesting over four years at a rate of 15%, 15%, 20% and 50%. These amounts were determined based on the principles set forth above. Mr. Kurnick, our Vice Chairman, is also the President of Penske Corporation and he receives a substantial amount of total compensation from Penske Corporation, our controlling stockholder. While Mr. Kurnick devotes a substantial amount of time and effort to our company, his total compensation paid by us does reflect that he devotes efforts to Penske Corporation. Mr. Kurnick did not receive a cash bonus in 2008 relating to 2007 for this reason.

This represents the shares of restricted stock issued to Mr. Penske in March 2007 resulting from his attainment of goals outlined in his 2006 incentive award. Note that this table reflects two years of awards to Mr. Penske: the 2006 award actually received in 2007 and the total potential award for 2007, paid in 2008.

- (3) Note that this table reflects two years of equity awards to Mr. Penske, Jr., the restricted stock award actually received in 2007 and the total potential award for 2007, paid in 2008. See the following narrative discussion for an explanation of the \$300,000 equity incentive plan award.
- (4) Mr. Penske, Jr. was awarded a bonus of \$547,946 in 2008 resulting from a non-equity incentive plan award granted in March 2007. As described in more detail in the following narrative discussion, Mr. Penske Jr.'s bonus for 2007 was based on a percentage of the pre-tax earnings of our East region, and therefore no threshold, target or maximum amount is applicable to this award.

Narrative Discussion of Summary Compensation Table and Plan Based Awards

Mr. Penske's Performance Based Award. The amounts set forth in the two preceding tables reflect payments and awards to our named executive officers based on the principles and descriptions discussed under Compensation Discussion and Analysis. Mr. Penske received a performance based award in 2007. The award was issued under our Management Incentive Plan and was based on performance targets to be achieved in 2007. A maximum potential payout of \$3.0 million in the form of shares of restricted stock was available under the award. The payment of the award in 2008 was \$1.68 million in the form of 89,267 shares of restricted common stock vesting over four years at a rate of 15%, 15%, 20% and 50% valued on

the date of grant of the restricted stock award. The objective performance targets of Mr. Penske's award are described in the CD&A Chief Executive Officer Compensation.

Mr. Penske, Jr.'s Awards. Mr. Penske, Jr. received a performance based award in 2007 issued under our Management Incentive Plan and based on performance targets to be achieved in 2007. A maximum potential payout of \$300,000 in the form of shares of restricted stock was available under the award. The payment of the award in 2008 was \$30,000 in the form of 1,594 shares of restricted common stock vesting over four years at a rate of 15%, 15%, 20% and 50% valued on the date of grant of the restricted stock award. The objective performance targets of Mr. Penske Jr.'s award are described in the CD&A President Compensation.

Mr. Penske, Jr.'s 2007 cash bonus paid in March 2008 was \$547,946, which was based on a percentage of actual 2007 East region pre-tax earnings, as adjusted to exclude gains and losses attributable to the sale or shutdown of dealerships in the East region in 2007 (as these losses did not reflect operating performance). The payment levels were set in advance as compared to our internal budget as discussed above under CD&A-President Compensation.

Other Restricted Stock Awards. The other equity awards noted in the table were each issued to our named executive officers as part of an annual grant of restricted stock pursuant to the terms of the 2002 Equity Compensation Plan. These awards vest annually over four years at a rate of 15%, 15%, 20% and 50% and are issued based on principles described in the CD&A Restricted Stock.

Pension Benefits and Nonqualified Deferred Compensation

We do not offer our executives any pension plans or nonqualified deferred compensation plans.

Potential Termination Payments

None of our named executive officers is employed under an employment agreement and none have any contractual severance or termination payments.

Director Compensation

The Board of Directors believes that its members should receive a mix of cash and equity compensation, with the option to receive all compensation in the form of equity. The Board of Directors approves changes to director compensation only upon the recommendation of the compensation committee, which is composed solely of independent directors. Only directors who are not our paid employees, who we call outside directors, are eligible for director compensation, unless otherwise noted.

Annual Fee and Restricted Stock Award. Each outside director receives an annual fee of \$40,000, except for audit committee members, who receive \$45,000. These fees are payable, at the option of each outside director, in cash or common stock valued on the date of receipt (generally in March of the year subsequent to service). For 2007 service, our outside directors also received an annual grant of 4,000 shares of restricted stock during the first quarter of 2008. These restricted shares vest on the one-year anniversary of the date of grant. Our Board of Directors has changed the equity compensation they are entitled to receive in 2009 relating to 2008 service from restricted stock to stock.

Table of Contents

Option to Defer Receipt until Termination of Board Service. Under our Non-Employee Director Compensation Plan, the annual fee and restricted stock awards may be deferred in either the form of cash (for the annual fee) and/or deferred stock. Each deferred stock unit is equal in value to a share of common stock and ultimately paid in cash after a director retires. These stock units do not have voting rights, but do generate dividend equivalents in the form of additional stock units which are credited to the director's account on the date dividends are paid. All fees deferred in cash are held in our general funds and interest on such deferred fees is credited to the director's account at the then current U.S. 90-day Treasury bill rate on a quarterly basis.

Charitable Donation Matching Program. All directors are also eligible to participate in a charitable matching gift program. Under this program, we will match up to \$25,000 per year in contributions by each director to institutions qualified as tax-exempt organizations under 501(c)(3) of the Internal Revenue Code and other institutions approved at the discretion of management. We may decline to match any contribution to an institution with goals that are incompatible with ours, or due to conflicts with our director independence policy. This program is not available for matching of political contributions. While the contributions are directed by our directors, we retain the tax deduction for these contributions.

Other Amounts. As part of our director continuing education program, each director is eligible to be reimbursed by us for the cost and expenses relating to one education seminar per year. These amounts are excluded from the table below. Each outside director also is entitled to the use of a vehicle, as well as the cost of routine maintenance and repairs and company-sponsored automobile insurance relating to that vehicle. All directors are also entitled to reimbursement for their reasonable out-of-pocket expenses in connection with their travel to, and attendance at, meetings of the Board of Directors or its committees. Because we expect attendance at all meetings, and a substantial portion of the Board of Directors' work is done outside of formal meetings, we do not pay meeting fees.

Director Compensation Table

Our directors who are also our employees (Messrs. Kurnick, Ishikawa, and Penske) receive no additional cash compensation for serving as directors, though they are eligible for the charitable matching program noted above.

AUDIT COMMITTEE REPORT

The Audit Committee of the Board of Directors is responsible for providing independent, objective oversight of our accounting functions and internal controls. The Audit Committee acts under a written charter adopted and approved by the Board of Directors. The Audit Committee is comprised only of independent directors as set forth in the listing requirements of the New York Stock Exchange, the more stringent requirements of our corporate governance guidelines and the Securities and Exchange Commission's additional independence requirements. In addition, our Board of Directors has determined that each of our committee members is an audit committee financial expert, as defined by Securities and Exchange Commission rules. In accordance with the Audit Committee charter, the Audit Committee has the sole authority to retain and terminate our independent registered public accounting firms and is responsible for recommending to the Board of Directors that our financial statements be included in our annual report on Form 10-K.

The Audit Committee took a number of steps in making this recommendation for our 2007 annual report. First, the Audit Committee discussed with our independent registered public accounting firms those matters required to be discussed by Statement on Auditing Standards No. 61, including information regarding the scope and results of their audits. These communications and discussions are intended to assist the Audit Committee in overseeing the financial reporting and disclosure process. Second, the Audit Committee discussed with the independent registered public accounting firms their independence and received letters and written disclosures from the independent registered public accounting firms required by Independence Standards Board Standard No. 1. These discussions and disclosures assisted the Audit Committee in evaluating such independence. Finally, the Audit Committee reviewed and discussed the annual audited financial statements with our management and the independent registered public accounting firms in advance of the public release of operating results, and before the filing of our annual and quarterly reports with the Securities and Exchange Commission.

Based on the foregoing, as well as on the review and discussions referred to above, and such other matters deemed relevant and appropriate by the Audit Committee, the Audit Committee recommended to the Board of Directors that our audited financial statements be included in our 2007 annual report on Form 10-K as filed with the SEC on February 25, 2008.

Deloitte & Touche LLP, the member firms of Deloitte Touche Tohmatsu, and their respective affiliates (collectively referred to as "Deloitte") will audit our consolidated financial statements for 2008 and perform other services. In 2007, Deloitte did not audit certain of our subsidiaries which own certain of our international operations and their opinions, insofar as they relate to those operations, are based solely on the reports of the independent auditor of those operations, KPMG Audit PLC ("KPMG"). This arrangement will continue in 2008. We refer to Deloitte and KPMG collectively as our independent registered public accounting firms. We paid the independent registered public accounting firms the following fees for the enumerated services in 2006 and 2007, all of which services were approved by our Audit Committee.

Audit Fees. Audit Fees in the table below include the aggregate fees for professional services rendered by the independent registered public accounting firms in connection with the audits of our consolidated financial statements, including the audits of management's assessment of internal control over financial reporting included in our annual report on Form 10-K, reviews of the consolidated condensed financial statements included in our quarterly reports on Form 10-Q, and other services normally provided in connection with statutory or regulatory engagements.

Audit Related Fees. Audit Related Fees in the table below include the aggregate fees for professional services rendered by the independent registered public accounting firms in connection with registration statements, acquisition due diligence, their assurance services related to benefit plans and accounting research and consultation.

Tax Fees. Tax Fees in the table below include aggregate fees for professional services rendered by the independent registered public accounting firms in connection with tax compliance, planning and advice.

All Other Fees. All Other Fees in the table below include aggregate fees for all other services rendered by the independent registered public accounting firms. These fees related primarily to employee benefit plan advisory services.

The Audit Committee has considered the nature of the above-listed services provided by the independent registered public accounting firms and determined that they are compatible with their provision of independent audit services. The Audit Committee has discussed these services with the independent registered public accounting firms and management and determined that they are permitted under the Code of Professional Conduct of the American Institute

of Certified Public Accountants and the auditor independence requirements of the Securities and Exchange Commission.

Pre-approval Policy. The Audit Committee has adopted a policy requiring pre-approval of audit and non-audit services provided by the independent registered public accounting firms. The primary purpose of this policy is to ensure that we engage our public accountants only to

provide audit and non-audit services with a view toward maintaining independence. The Audit Committee is required to pre-approve all services relating to work performed for us by our independent registered public accounting firms and related fees. The Audit Committee must also approve fees incurred for pre-approved services that are in excess of the approved amount prior to payment. Pre-approval of audit and non-audit services may be given at any time up to a year before commencement of the specified service. Engagement of the independent registered public accounting firms and their fees for the annual audit must be approved by the entire Audit Committee. The Chairman of the Audit Committee may independently approve services if the estimated fee for the service is less than 10% of the total estimated audit fee, or if the excess fees for pre-approved services are less than 20% of the approved fees for that service; provided, however, that no such pre-approval may be granted with respect to any service prohibited by applicable law or that otherwise appears reasonably likely to compromise the independent registered public accounting firms' independence. Any pre-approval granted pursuant to this delegation of authority is reviewed with the Audit Committee at its next regularly scheduled meeting. Our independent registered public accounting firms are prohibited from performing any service prohibited by applicable law.

It is anticipated that a representative of Deloitte will be present at the annual meeting with the opportunity to make a statement and to answer appropriate questions.

RELATED PARTY TRANSACTIONS

Our Board of Directors has adopted a written policy with respect to the approval of related party transactions. Under the policy, related party transactions over \$5,000 are to be approved by a majority of either the members of our Audit Committee or our disinterested Board members. At each regularly scheduled meeting, our Audit Committee reviews any proposed new related party transactions for approval and reviews the status of previously approved transactions. The disinterested members of our Board of Directors typically review new material transactions for approval. Each of the transactions noted below was approved by our Board of Directors or Audit Committee pursuant to this policy.

Entities affiliated with Roger S. Penske, our Chairman of the Board and Chief Executive Officer, are parties to a stockholders agreement described below. Mr. Penske is also Chairman of the Board and Chief Executive Officer of Penske Corporation, and, through entities affiliated with Penske Corporation, our largest stockholder. The parties to the stockholders agreement are International Motor Cars Group, II, L.L.C. (IMCGII), Mitsui & Co., Ltd., Mitsui & Co, (USA), Inc. (collectively, Mitsui), Penske Corporation and Penske Automotive Holdings Corp. We refer to IMCGII, Penske Corporation and Penske Automotive Holdings Corp. as the Penske affiliated companies.

In connection with a sale of shares of our common stock to Mitsui in March 2004, Mitsui and the Penske affiliated companies agreed to certain standstill provisions. Until termination of the stockholders agreement discussed below, among other things and with some exceptions, the parties have agreed not to acquire or seek to acquire any of our capital stock or assets, enter into or propose business combinations involving us, participate in a proxy contest with respect to us or initiate or propose any stockholder proposals with respect to us. Notwithstanding the prior sentence, the purchase agreement permits (1) any transaction approved by either a majority of disinterested members of our Board of Directors or a majority of our disinterested stockholders, (2) in the case of Mitsui, the acquisition of securities if, after giving effect to such acquisition, its beneficial ownership in us is less than or equal to 49%, (3) in the case of the Penske affiliated companies, the acquisition of securities if, after giving effect to such acquisition, their aggregate beneficial ownership in us is less than or equal to 65%, and (4) the acquisition of securities resulting from equity grants by the Board of Directors to individuals for compensatory purposes.

Table of Contents

We have also agreed to grant Mitsui the right to an observer to our Board of Directors as long as it owns at least 2.5% of our outstanding common stock, and the right to have an appointee designated as a senior vice president of Penske Automotive, as long as it owns at least 10% of our outstanding common stock. Mr. Hiroshi Ishikawa, one of our directors, has been appointed as our Executive Vice President International Business Development. We also agreed not to take any action that would restrict the ability of a stockholder to propose, nominate or vote for any person as a director of us, subject to specified limitations.

Stockholders Agreement. Simultaneously with this purchase, Mitsui and the Penske affiliated companies entered into a stockholders agreement. Under this stockholders agreement, the Penske affiliated companies agreed to vote their shares for one director who is a representative of Mitsui. In turn, Mitsui agreed to vote its shares for up to fourteen directors voted for by the Penske affiliated companies. In addition, the Penske affiliated companies agreed that if they transfer any of our shares of common stock, Mitsui would be entitled to tag along by transferring a pro rata amount of its shares upon similar terms and conditions, subject to certain limitations. This agreement terminates on its tenth anniversary, upon the mutual consent of the parties or when either party no longer owns any of our common stock.

Registration Rights Agreements. We have granted the Penske affiliated companies registration rights. Pursuant to our agreements, the Penske affiliated companies each may require us on three occasions to register all or part of our common stock held by them, subject to specified limitations. They are also entitled to request inclusion of all or any part of their common stock in any registration of securities by us on Forms S-1 or S-3 under the Securities Act of 1933, as amended (the Securities Act). In connection with the purchase of shares by Mitsui discussed above, we have granted registration rights to Mitsui. Under our agreement, Mitsui may require us on two occasions to register all or part of its common stock, subject to specified limitations. Mitsui also is entitled to request inclusion of all or any part of its common stock in any registration of securities by us on Forms S-1 or S-3 under the Securities Act.

Other Related Party Interests. Several of our directors and officers are affiliated with Penske Corporation or related entities. Mr. Penske is a managing member of Transportation Resource Partners, an organization that undertakes investments in transportation-related industries. Richard J. Peters, one of our directors, is a director of Penske Corporation and a managing director of Transportation Resource Partners. Robert H. Kurnick, Jr., our Vice Chairman and a director, is also the President and a director of Penske Corporation. Mr. Ishikawa, one of our directors, serves as our Executive Vice President International Business Development and in a similar capacity for Penske Corporation. Our President, Roger S. Penske, Jr., also serves as a director of Penske Corporation and is the son of our Chairman and Chief Executive Officer. These employees or directors receive salary, bonus or other compensation from Penske Corporation or its affiliates unrelated to their service at Penske Automotive. Our directors, Eustace W. Mita and Lucio A. Noto are each investors in Transportation Resources Partners.

Other Transactions. From time to time, we pay and/or receive fees from Penske Corporation and its affiliates for services rendered in the normal course of business, including rents paid to Automotive Group Realty, LLC (AGR), as described below, payments to third parties by Penske Corporation on our behalf which we then reimburse them, payments to third parties made by us on behalf of Penske Corporation which they then reimburse to us, and payments relating to the use of aircraft from Penske Jet, Inc. These transactions are reviewed quarterly by our Audit Committee and reflect the provider's cost or an amount mutually agreed upon by both parties. Aggregate payments relating to such transactions amounted to \$3.9 million paid by us and \$0.2 million received by us in 2007, excluding the payments to AGR discussed below.

We are currently a tenant under a number of non-cancelable lease agreements with AGR and its subsidiaries. AGR is a wholly owned subsidiary of Penske Corporation. The aggregate amount paid by us to AGR in 2007 under these leases was \$0.5 million. The aggregate amount of all contractual payments from us to AGR under these leases from January 2008 through termination in 2014 is \$2.3 million, with an additional \$3.9 million due in the event we exercised all of our optional extensions under the leases through 2024.

We and Penske Corporation have entered into a joint insurance agreement which provides that, with respect to our joint insurance policies (which includes our property policy), available coverage with respect to a loss shall be paid to each party as stipulated in the policies. In the event of losses by us and Penske Corporation that exceed the limit of liability for any policy or policy period, the total policy proceeds will be allocated based on the ratio of premiums paid.

We have continuing investments in three companies controlled by Transportation Resource Partners (TRP), an organization discussed above: a provider of outsourced vehicle management solutions (QEK), a mobile vehicle washing company and an auctioneer of powersport vehicles. In 2007, we paid QEK approximately \$0.3 million, relating principally to the preparation and delivery of new vehicles in the U.K., and we received from QEK \$0.1 million of management fees and \$4.5 million as part of a pro rata dividend to its stockholders.

We are also party to an operating agreement with Roger S. Penske, Jr. relating to his 10% ownership investment in one of our subsidiaries, HBL, LLC, which is a holding company for five of our franchises in Virginia. From time to time, we provide HBL with working capital and other debt financing. In addition, we make periodic pro rata distributions from HBL pursuant to which Mr. Penske, Jr. was paid approximately \$1.0 million in 2007. In connection with the appointment of our subsidiary, smart USA Distributor, LLC as exclusive distributor for the smart fortwo vehicles, in 2007 we appointed HBL as a smart franchisee. We also appointed Penske Motor Group, a California based automotive retailer separate from us but also controlled by Penske Corporation and a subsidiary of UAG Connecticut I, which is affiliated with one of our directors as discussed below, as smart franchisees.

Our officers, directors and their affiliates periodically purchase, lease or sell vehicles from our dealerships on fair market terms. Additionally, we hire automotive technicians who have graduated from Universal Technical Institute (UTI), a provider of technical education, whose Chief Executive Officer is Kimberly McWaters, one of our directors. We make no payments to UTI for these graduates and hire them on the same terms as other employers. UTI provided \$36,500 of technician training services to us in 2007.

In 2007, we employed the son of Eustace Mita, one of our directors, and the son-in-law of Paul Walters, our former Executive Vice President Human Resources, as general or regional managers, for which they were compensated \$316,000 and \$261,000, respectively. The compensation of these individuals was commensurate with their peers . Mr. Mita s son is no longer employed by us. For 2007, Mr. Ishikawa received total compensation from us of approximately \$168,800 in his capacity as Executive Vice President International Business Development, as well as 2,500 shares of restricted stock with a grant date fair value of \$53,900.

An entity controlled by one of our directors, Lucio A. Noto (the Investor), owns a 10% interest in one of our subsidiaries, UAG Connecticut I, LLC (UAG Connecticut I), which entitles the Investor to 20% of the operating profits of UAG Connecticut I. From time to time, we provide UAG Connecticut I with working capital and other debt financing. In addition, we make periodic pro rata distributions from UAG Connecticut I pursuant to which the Investor was paid approximately \$1.4 million during 2007. In addition, the Investor paid us approximately \$0.5 million in 2007 pursuant to its option to purchase up to a 20% interest in UAG Connecticut I.
