On May 24, 2004, a Secured Promissory Note in the amount of \$2,990,000 given by UHF for Unified Housing of McKinney, LLC ( UHM ) to Transcontinental Eldorado, Inc. was assigned from Transcontinental Realty Investors, Inc. ( TCI ) to IORI as a partial payment for TCI's repurchase of 100% of the outstanding common shares of Transcontinental Treehouse Corporation ( Treehouse-IR ) from IORI.

On December 30, 2003, a Secured Promissory Note in the amount of \$6,363,360 given by Housing for Seniors of Humble, LLC ( Humble ) to NLP Lakeshore Villas, LLC ( NLP ) was assigned from American Realty Investors, Inc. ( ARI ) to IORI as a paydown in the amount of \$6,363,360 of certain intercompany receivables.

On December 30, 2003, a Secured Promissory Note in the amount of \$2,000,000 given by Humble to NLP was assigned from ARI to IORI as additional paydown in the amount of \$2,000,000 of certain intercompany receivables.

On October 14, 2003, IORI purchased, sold, and conveyed an office building known as One Hickory Centre, and sold 202 acres of unimproved real property known as the Travelers Land in Dallas County, Texas to Encino Executive Plaza, Ltd. The sale price for One Hickory Centre was \$12,200,000 and Encino Executive Plaza, Ltd. executed a wrap-around promissory note in the amount of \$11,973,025 payable to the order of IORI secured by a Deed of Trust encumbering One Hickory Centre. The remaining difference of which was as a result of prorations and various expenses paid by IORI in connection with the closing of the transaction. The note bears interest at 5.5% per annum. The sale price for the Travelers Land was \$25,000,000. At closing, Encino Executive Plaza, Ltd. executed an all inclusive wrap-around promissory note payable to the order of IORI in the principal amount of \$22,801,987 secured by a Deed of Trust covering the Travelers Land sold and delivered cash to IORI in the amount of \$1,946,715. As with the prior transaction, the difference between the purchase price and the promissory note represented adjustments for various prorations. The note bears interest at 5.5% per annum. Subsequently, IORI made a loan to Encino Executive Plaza, Ltd. in the amount of \$1,567,232 payable upon demand or if no demand is made prior thereto on June 30, 2006 with a market rate of interest. Encino Executive Plaza, Ltd. executed and delivered a promissory note payable to the order of IORI in the stated principal amount of \$1,567,232. The note bears interest at 5.5% per annum.

#### NOTE 4. RECEIVABLE FROM AND PAYABLE TO AFFILIATES

*Related Party.* On September 19, 2002, IORI's Board of Directors authorized the Chief Financial Officer of the Company to advance funds either to or from the Company, through the advisor without interest, in an amount up to \$5.0 million on the condition that such advances shall be repaid in cash or transfers of assets within 90 days. From time-to-time, IORI and its affiliates and related parties have made unsecured advances to each other to fund their respective operations, which generally have not had specific repayment terms and have been reflected in IORI's financial statements as other assets. At March 31, 2005 and 2004, IORI held a receivable of \$261,000 from TCI. IORI had payables of \$1.5 million and \$1.3 million to SWI at March 31, 2005 and December 31, 2004, respectively. See also NOTE 6. RELATED PARTY TRANSACTIONS .

#### NOTE 5. NOTES AND INTEREST PAYABLE

In April 2002, the Company transferred all of its residential properties to partnerships formed with Metra Capital LLC ( Metra ). The properties included the 60-unit Brighton Court, the 92-unit Del Mar, the 68-unit Enclave, the 280-unit Meridian, the 57-unit Signature, the 114-unit Sinclair, located in Midland, Texas, and the 106-unit Treehouse, located in San Antonio, Texas. Innovo Realty, Inc., a subsidiary of Innovo Group, Inc. ( Innovo ) is a limited partner in the partnerships that purchased the properties. A former director of ARI, a related party, controlled approximately 11.67% of the outstanding common stock of Innovo. The transfer constituted 23% of the total assets of IORI as of December 31, 2001. The transfer price for the properties totaled \$26.2 million, of which the Company received \$5.3 million in cash after the payment of \$15.9 million in debt and various closing costs. Management determined to account for the transaction as a refinancing transaction (rather than a sale) in accordance with SFAS No. 66,

Accounting for Sales of Real Estate. At the time of the transaction in April 2002, ARI was a related party to the Company by virtue of ARI's subsidiaries' ownership of approximately 28.5% of the then outstanding common stock of the Company, and the fact that ARI and the Company had the same persons as executive officers. The compensation price for the properties transferred totaled \$26.2 million and possible additional contingent consideration depending upon the sale price of the properties by the Metra Partnerships. The Company also received \$5.2 million in value of 8% in non-recourse, non-convertible preferred stock of Innovo. Based upon the prospect of additional consideration, ultimate continued involvement through the preferred stock and the related-party nature of the former ARI director's involvement, as well as the Company retaining a right to approve the price of any ultimate sale by a Metra partnership of the properties, and a process by which the Company effectively guaranteed a preferential return to the Metra investors, management determined that the transaction must be classified as a financing transaction and not a sale. The Company continued to be able to exert control over the Metra partnerships, and no sale was recorded. The Treehouse

property was subsequently sold to a non-related party

in February 2004, and all of its debts have been repaid to the lenders at the time of the sale. During August 2004, certain entities, including the Company, instituted an action in a Texas state court against Innovo and Metra and others over the process, as well as distribution questions. During April 2005, a resolution of the litigation occurred settling all liabilities remaining from the original partnership arrangements which included a return of the Metra investor equity, prepayment of prospective asset management fees and miscellaneous fees and transaction costs from the Company and the other plaintiffs as a payment of the Preferential Return along with the delegation of management to another entity. Of the payment made, the Company recognized expense of \$56,000 and a reduction of \$41,476,000 in liabilities during the second quarter of 2005.

#### NOTE 6. RELATED PARTY TRANSACTIONS

*Returns on Metra Properties.* As described in Note 5, IORI sold all of its residential properties during 2002 to partnerships controlled by Metra. The partnership agreement for each of these partnerships states that the Metra Partners, as defined, receive cash flow distributions at least quarterly in an amount sufficient to provide them with a fifteen percent cumulative compounded annual rate of return on their invested capital, as well as a cumulative annual amount of 0.50% of the average outstanding balance of the mortgage indebtedness secured by any of these residential

properties. These distributions to the Metra Partners are to have priority over distributions to any of the

other partners. See also ITEM 1. LEGAL PROCEEDINGS in PART II. OTHER INFORMATION concerning resolution of other litigation and a reduction of liabilities of \$1,476,000.

#### NOTE 7. OPERATING SEGMENTS

Significant differences among the accounting policies of the operating segments as compared to the Consolidated Financial Statements principally involve the calculation and allocation of general and administrative expenses. Management evaluates the performance of the operating segments and allocates resources to each of them based on their operating income and cash flow. Items of income that are not reflected in the segments are interest and equity in partnerships totaling \$965,000 and \$579,000 for 2005 and 2004, respectively. Expenses that are not reflected in the segments are general and administrative expenses, advisory fees, and net income fees totaling \$321,000 and \$678,000 for 2005 and 2004, respectively. Excluded from operating segment assets are assets of \$59.8 million at March 31, 2005 and \$52.8 million at March 31, 2004, which are not identifiable with an operating segment. There are no intersegment revenues and expenses and all business is conducted in the United States. Presented below is the operating income and assets of each operating segment.

NOTE 9. DISCONTINUED OPERATIONS

Effective January 1, 2002, IORI adopted Financial Accounting Standards No. 144, Accounting for the Impairment or Disposal of Long-Lived Assets ( SFAS 144 ), which established a single accounting model for the impairment

or disposal of long-lived assets including discontinued operations. This statement requires that the operations related to properties that have been sold, or properties that are intended to be sold, be presented as discontinued operations in the statement of operations for all periods presented, and the properties intended to be sold are to be designated as held for sale on the balance sheet. In the event of a future asset sale, IORI is required to reclassify portions of previously reported operations to discontinued operations within the Statements of Operations. No property was sold during the three months ended March 31, 2005. The following table summarizes revenue and expense information for the properties sold.

Discontinued operations have not been segregated in the consolidated statement of cash flows. Therefore, amounts for certain captions will not agree with respective consolidated statements of operations.

#### NOTE 10. COMMITMENTS AND CONTINGENCIES

*Liquidity.* Management anticipates that IORI will generate excess cash from operations in 2005 due to increased rental rates and occupancy at its properties, however, such excess may not be sufficient to discharge all of IORI's debt obligations as they mature. Management may selectively sell income producing assets, refinance real estate and/or incur additional borrowings against real estate to meet its cash requirements.

*Other Litigation.* IORI is also involved in various other lawsuits arising in the ordinary course of business. Management is of the opinion that the outcome of these lawsuits will have no material impact on the Company's financial condition, results of operations or liquidity.
