PROXY STATEMENT

**Annual Meeting of Unitholders
To Be Held on Tuesday, May 5, 2009**

This Proxy Statement, which was first mailed to our unitholders on or around April 3, 2009, is being furnished to you in connection with the solicitation of proxies by and on behalf of the Board of Directors of Linn Energy, LLC, (Board) for use at our 2009 Annual Meeting of Unitholders (Annual Meeting) or at any adjournments or postponements thereof. The Annual Meeting will be held on Tuesday, May 5, 2009, at 10:00 a.m., Central Standard Time, at the Four Seasons Hotel, 1300 Lamar St., Houston, Texas 77010. You can obtain directions to the Annual Meeting by calling our Investor Relations line at (281) 840-4110. Only holders of record of units at the close of business on March 16, 2009 (the Record Date) were entitled to notice of, and are entitled to vote at, the Annual Meeting and any adjournments or postponements thereof, unless such adjournment or postponement is for more than 30 days, in which event we will set a new record date. Unless the context requires otherwise, the terms our, we, us and similar terms refer to Linn Energy, LLC, together with its consolidated subsidiaries.

Proposals

At our 2009 Annual Meeting of Unitholders, we are asking our unitholders to consider and act upon proposals to: (1) elect five directors to serve until our 2010 Annual Meeting and (2) ratify the appointment of KPMG LLP as our independent auditor for the fiscal year ending December 31, 2009.

Quorum Required

The presence, in person or by proxy, of the holders as of the Record Date of a majority of our outstanding units is necessary to constitute a quorum for purposes of voting on the proposals at the Annual Meeting. Withheld votes, abstentions and broker non-votes will count as present for purposes of establishing a quorum on the proposals.

How to Vote

If you are a holder of our units, you are entitled to one vote at the meeting for each unit that you held as of the Record Date for each proposal and director nominee. If you do not wish to vote for a particular director nominee, you must clearly identify such nominee on your proxy card. Votes withheld will have the same effect as not voting. A plurality of the votes cast by holders of the units present in person or represented by proxy at the meeting and entitled to vote on the election of directors is required to elect each nominee for director. We will include abstentions in the vote totals, which means that they have the same effect on each proposal as a negative vote. However, broker non-votes, if any, though counted for purposes of determining a quorum, will not be included in the vote totals and therefore will not have any effect. For matters other than the election of directors, approval will be determined by a majority of those votes cast affirmatively or negatively by members holding outstanding units and entitled to vote on the matter.

You may vote in person at the Annual Meeting or by proxy. Even if you plan to attend the Annual Meeting, we encourage you to complete, sign and return your proxy card in advance of the Annual Meeting. If you plan to attend the Annual Meeting and wish to vote in person, we will give you a ballot at the meeting. However, please note that if your units are held in street name (in the name of a broker or by a bank or other nominee), you are considered the beneficial owner of these units and proxy materials are being forwarded to you by your broker or nominee, which is considered, with respect to these units, the unitholder of record. As the beneficial owner, you have the right to direct your broker how to vote; however, since you are not the unitholder of record, you may not vote these units in person at the Annual Meeting unless you obtain from your brokerage firm an account statement, letter or other evidence satisfactory to us of your beneficial ownership of the units. Please mail your completed, signed and dated proxy card in the enclosed postage-paid return envelope as soon as possible so that your units may be represented at the Annual Meeting.

Table of Contents**Revoking Your Proxy**

You may revoke your proxy before it is voted at the Annual Meeting as follows: (i) by delivering, before or at the Annual Meeting, a new proxy with a later date; (ii) by delivering, on or before the business day prior to the Annual Meeting, a notice of revocation to our Corporate Secretary at the address set forth in the notice of the Annual Meeting; (iii) by attending the Annual Meeting in person and voting, although your attendance at the Annual Meeting, without actually voting, will not by itself revoke a previously granted proxy; or (iv) if you have instructed a broker to vote your units, you must follow the directions received from your broker to change those instructions.

Outstanding Units Held on Record Date

As of the Record Date, there were 115,102,121 outstanding units entitled to vote at the Annual Meeting.

PROPOSAL ONE: ELECTION OF DIRECTORS

Members of our Board of Directors are elected each year at the annual meeting of unitholders. All five of our current Board members have been nominated to stand for re-election at the Annual Meeting. We encourage our director nominees to attend our annual meetings to provide an opportunity for unitholders to communicate directly with directors about issues affecting our company. We anticipate that all director nominees will attend the Annual Meeting. In 2008, all the current directors attended the annual meeting.

At the Annual Meeting, our unitholders will consider and act upon a proposal to elect five directors to our Board of Directors to serve until the 2010 Annual Meeting of Unitholders. Each of the nominees has consented to serve as a director if so elected. Each nominee who is elected to our Board of Directors will serve in such capacity until his term expires or his successor has been duly elected and qualified or, if earlier, until such director dies, resigns or is removed. The persons named as proxies in the accompanying proxy card, who have been designated by our Board of Directors, intend to vote **FOR** the election of the director nominees unless otherwise instructed by a unitholder in a proxy card. If any of these nominees becomes unable for any reason to stand for election as a director, the persons named as proxies in the accompanying proxy card will vote for the election of such other person or persons as our Board of Directors may recommend and propose to replace such nominee or nominees, or the size of the board may be reduced accordingly; however, the Board is not aware of any circumstances likely to render any nominee unavailable.

Information concerning the five director nominees is set forth below.

OUR BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT UNITHOLDERS VOTE FOR THE ELECTION OF EACH OF THE FIVE NOMINEES FOR DIRECTOR.

THE BOARD OF DIRECTORS AND ITS COMMITTEES

Director Independence

The Nominating and Governance Committee of our Board of Directors reviews director independence on an annual basis and makes a threshold determination as to the status of each director's independence. After this initial determination is made, the Nominating and Governance Committee makes a recommendation to the full Board of Directors, who then

Table of Contents

ultimately determine director independence. This subjective determination is made by considering all direct or indirect business relationships between each director (including his or her immediate family) and our company, as well as relationships with charitable organizations. The full Board of Directors, upon recommendation by the Nominating and Governance Committee, has determined that Messrs. Alcorn, Jacobs, Swoveland and McCoy qualify as independent in accordance with the published listing requirements of The NASDAQ Global Select Market (NASDAQ). The NASDAQ independence definition includes a series of objective tests, including that the director is not an employee of our company and has not engaged in various types of business dealings with our company. In addition, as further required by the NASDAQ rules, the Nominating and Governance Committee has made a subjective determination as to each independent director that no relationships exist which, in the opinion of the Nominating and Governance Committee, would interfere with the exercise of his independent judgment in carrying out the responsibilities of a director. Mr. Linn is not independent by virtue of his role as Chief Executive Officer of our company. During the Board of Director's most recent review of independence, the following relationships were considered:

Mr. Alcorn serves as President of Alcorn Exploration, LLC, a private exploration and production company. Mr. Alcorn is also a member of the board of directors of EOG Resources, Inc.

Mr. Jacobs has served as President of Penneco Oil Company (Penneco), which provides ongoing leasing, marketing, exploration and drilling operations for natural gas and crude oil in Western Pennsylvania and West Virginia. During 2008, we paid approximately \$0.3 million to Penneco for purchases of natural gas. These sales to us represent an amount less than 5% of Penneco's consolidated gross revenues for 2008 and were consummated on arm's length terms. Future purchases are expected to remain under 5% of Penneco's consolidated revenues.

Mr. Swoveland has served as Chief Operating Officer of Coventina Healthcare Enterprises, a medical device company since May 2006.

Mr. McCoy served as Senior Vice President and Chief Financial Officer of Burlington Resources Inc., a publicly traded independent oil and gas company, until its merger with ConocoPhillips in 2006. He is also a member of the boards of directors of Rancher Energy Corp. and BPI Energy, Inc.

After consideration, our Board of Directors has determined that these relationships would not interfere with Messrs. Alcorn, Jacobs, Swoveland or McCoy's independent judgment as Linn Energy Board members.

In addition, the members of the Audit Committee of our Board of Directors each qualify as independent under standards established by the Securities and Exchange Commission (SEC) for members of audit committees, and the Audit Committee includes at least one member who is determined by our Board of Directors to meet the qualifications of an audit committee financial expert in accordance with SEC rules, including that the person meets the relevant definition of an independent director. Mr. Jacobs is the independent director who has been determined to be an audit committee financial expert. Unitholders should understand that this designation is a disclosure requirement of the SEC related to Mr. Jacobs' experience and understanding with respect to certain accounting and auditing matters. The designation does not impose on Mr. Jacobs any duties, obligations or liability that are greater than are generally imposed on him as a member of the Audit Committee and Board of Directors, and his designation as an audit committee financial expert pursuant to this SEC requirement does not affect the duties, obligations or liability of any other member of the Audit Committee or Board of Directors.

Corporate Governance

Our Board of Directors has adopted Corporate Governance Guidelines to assist it in the exercise of its responsibility to provide effective governance over our affairs for the benefit of our unitholders. In addition, we have adopted a Code of Business Conduct and Ethics, which sets forth legal and ethical standards of conduct for all our employees, as well as our directors. We also have adopted a code of ethics which applies to our Chief Executive Officer and Senior Financial Officers. All of these documents are available on our website, www.linnenergy.com, and will be provided free of charge to any unitholder requesting a copy by writing to our Corporate Secretary, Linn Energy, LLC, 600 Travis, Suite 5100, Houston, Texas 77002. If any substantive amendments are made to the Code of

Ethics for Chief Executive Officer and Senior Financial Officers or if we grant any waiver, including any implicit waiver, from a provision of the code, we will disclose the nature of such amendment or waiver within four business days on our website. The information on our website is not, and shall not be deemed to be, a part of this Proxy Statement or incorporated into any other filings we make with the SEC.

Table of Contents**Communications to Our Board of Directors**

Our Board of Directors has a process in place for communication with unitholders. Unitholders should initiate any communications with our Board in writing and send them to our Board of Directors c/o Charlene A. Ripley, Senior Vice President, General Counsel and Corporate Secretary, Linn Energy, LLC, 600 Travis, Suite 5100, Houston, Texas 77002. Meetings of Our Board of Directors; Executive Sessions

Any action required or permitted to be taken at a Board meeting may be taken without a meeting, without prior notice and without a vote if all of the members sign a written consent authorizing the action.

During 2008, our Board of Directors held four regular and eight special meetings. The standing Committees of our Board of Directors held an aggregate of 19 meetings during this period. Each director attended at least 75% of the aggregate number of meetings of the Board and Committees on which he served.

The Corporate Governance Guidelines adopted by our Board of Directors provide that the independent directors will meet in executive session at least quarterly, or more frequently if necessary. The Chairman of our Nominating and Governance Committee will chair the executive sessions of the independent directors.

Committees of Our Board of Directors

Our Board of Directors currently has standing Audit, Compensation, and Nominating and Governance Committees. Each member of these Committees is an independent director in accordance with the NASDAQ listing standards described above and applicable SEC rules. Our Board of Directors has adopted a written charter for each of these Committees, which sets forth each Committee's purposes, responsibilities and authority. Each Committee reviews and assesses on an annual basis the adequacy of its charter and recommends any proposed modifications. These committee charters are available on our website at www.linnenergy.com. You may also contact Charlene A. Ripley, our Senior Vice President, General Counsel and Corporate Secretary at Linn Energy, LLC, 600 Travis, Suite 5100, Houston, Texas 77002, to request paper copies free of charge. Report of the Audit Committee

The Audit Committee oversees the financial reporting process of Linn Energy, LLC on behalf of its Board of Directors. Management has the primary responsibility for the preparation of the financial statements and the reporting process, including the systems of internal control.

With respect to the financial statements for the year ended December 31, 2008, the Audit Committee reviewed and discussed the financial statements of Linn Energy, LLC and the quality of financial reporting with management and the independent auditor. It also discussed with the independent auditor the matters required to be discussed by Statement on Auditing Standards No. 61, as amended (AICPA, *Professional Standards*, Vol. 1, AU section 380), as adopted by the Public Company Accounting Oversight Board in Rule 3200T. The Audit Committee also discussed with the independent auditor its independence from Linn Energy, LLC and received from the independent auditor the written disclosures and the letter from the independent auditor complying with the applicable requirements of the Public Company Accounting Oversight Board regarding the independent auditor's communications with the Audit Committee concerning independence. The Audit Committee determined that the non-audit services provided to Linn Energy, LLC by the independent auditor (discussed below under *Proposal Two: Ratification of Independent Public Accountants*) are compatible with maintaining the independence of the independent auditor.

Based on the reviews and discussions described above, the Audit Committee recommended to our Board of Directors that the financial statements of Linn Energy, LLC be included in the Annual Report on Form 10-K for the year ended December 31, 2008 for filing with the Securities and Exchange Commission.

Notwithstanding anything to the contrary set forth in any of our previous or future filings under the Securities Act of 1933 or the Securities Exchange Act of 1934 that might incorporate this Proxy Statement or future filings with the SEC, in whole or in part, the preceding report shall not be deemed to be soliciting material or to be filed with the SEC or incorporated by reference into any filing except to the extent the foregoing report is specifically incorporated by reference therein.

PROPOSAL TWO: RATIFICATION OF INDEPENDENT PUBLIC ACCOUNTANTS

The Audit Committee of our Board of Directors has selected KPMG LLP to continue as our independent public accountants for 2009. KPMG LLP has served as Linn Energy, LLC's independent auditor since 2005. The Audit Committee has determined to submit KPMG LLP's selection to unitholders for ratification. Unitholder ratification of the selection of

Table of Contents

KPMG LLP as our independent public accountants is not required by our limited liability company agreement or otherwise. We are submitting the selection of KPMG LLP to unitholders for ratification as a matter of good corporate practice. If this selection of auditor is not ratified by a majority of the outstanding units present in person or by proxy and entitled to vote at the Annual Meeting, the Audit Committee will reconsider its selection of auditor. We are advised that no member of KPMG LLP has any direct or material indirect financial interest in our company or, during the past three years, has had any connection with us in the capacity of promoter, underwriter, voting trustee, director, officer or employee. A representative of KPMG LLP will attend the Annual Meeting. The representative will have the opportunity to make a statement if he desires to do so and to respond to appropriate questions.

Audit Fees

The fees for professional services rendered by KPMG LLP for the audit of our annual consolidated financial statements for each of the fiscal years ended December 31, 2007 and 2008, and the reviews of the financial statements included in any of our Quarterly Reports on Forms 10-Q for each of those fiscal years were approximately \$2,555,000 and \$2,220,000 respectively.

Audit-Related Fees

KPMG LLP also received fees for (i) services rendered in connection with an acquisition audit and related regulatory filings, (ii) an audit of our 401(k) Plan, (iii) services in connection with, and a comfort letter for, our senior notes offering, and (iv) providing a consent for our Registration Statement on Form S-8. These fees totaled approximately \$270,000 and \$502,000 for the years ended December 31, 2007 and 2008, respectively.

Tax Fees

We incurred no fees in the fiscal years ended December 31, 2007 and 2008 for tax-related services provided by KPMG LLP.

All Other Fees

We incurred no other fees in the fiscal years ended December 31, 2007 and 2008 for any other services provided by KPMG LLP.

Audit Committee Approval of Audit and Non-Audit Services

The Audit Committee pre-approves all audit and non-audit services to be provided to us by our independent auditors in the upcoming year at the last meeting of each calendar year and at subsequent meetings as necessary. The non-audit services to be provided are specified and shall not exceed a specified dollar limit. During the course of a fiscal year, if additional non-audit services are identified, these services are presented to the Audit Committee for pre-approval. Management is directed to provide a report to the Audit Committee quarterly showing in reasonable detail the services provided by the independent auditors to us since the day of the initial pre-approval, as well as the estimated cost to date of audit and non-audit services. All of the services covered under the caption **Audit-Related Fees** were approved by the Audit Committee and none were provided under the *de minimis* exception of Section 10A of the Securities Exchange Act of 1934, as amended.

Required Vote

Under our limited liability company agreement, unitholder ratification of KPMG LLP as our independent public accountants for 2009 is not required. However, in the event we elect to submit such ratification for unitholder approval, as we have done here, this approval would require the affirmative vote of a majority of the votes cast affirmatively or negatively by members holding outstanding units and entitled to vote on the proposal.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT UNITHOLDERS VOTE FOR APPROVAL OF THE RATIFICATION OF THE SELECTION OF KPMG LLP AS OUR INDEPENDENT PUBLIC ACCOUNTANTS FOR 2009.

In the event of a negative vote on such ratification, the Audit Committee will reconsider its selection. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent auditing firm

at any time during the year if the Audit Committee believes that such a change would be in the best interest of our company and our unitholders.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

Our total compensation package for our Named Officers comprises a combination of base salary, short-term cash incentive compensation, long-term equity incentive compensation and broad-based benefits programs. Our Named Officers discussed below are Michael C. Linn, our Chairman and Chief Executive Officer, Mark E. Ellis, our President and Chief Operating Officer, Kolja Rockov, our Executive Vice President and Chief Financial Officer, Arden L. Walker, Jr., our Senior Vice President-Operations and Chief Engineer, Charlene A. Ripley, our Senior Vice President, General Counsel and Corporate Secretary, and, where applicable, Lisa D. Anderson, our former Chief Accounting Officer. This Compensation Discussion and Analysis addresses the following topics:

the role of our Compensation Committee in establishing executive compensation;

our process for setting executive compensation;

our compensation philosophy and policies regarding executive compensation; and

our compensation decisions for performance during fiscal year 2008 with respect to our Named Officers.

The Compensation Committee

The Compensation Committee of our Board has overall responsibility for the approval, evaluation and oversight of all our compensation plans, policies and programs. The fundamental responsibilities of the Committee are (i) to establish our goals, objectives and policies relevant to the compensation of senior management, and evaluate performance in light of those goals to determine compensation levels, (ii) to approve and administer our incentive compensation plans, (iii) to set compensation levels and make awards under incentive compensation plans that are consistent with our compensation principles and the performance of our company and its senior management and employees, and (iv) to review appropriate disclosures relating to compensation. The Committee also has responsibility for evaluating compensation for service on our Board.

The Compensation Setting Process

Compensation Committee Meetings. Our Compensation Committee holds regular quarterly meetings each year, which coincide with our quarterly Board meetings. It also holds additional meetings as required to carry out its duties. The Committee Chairman works with our General Counsel to establish each meeting agenda.

At the Committee's regularly scheduled fourth quarter meeting, the Committee reviews and discusses a compensation analysis prepared by Towers Perrin (an independent compensation consultant retained by the Committee, please see *Role of Compensation Consultant* below) and considers compensation for the succeeding calendar year.

At the regular first quarter meeting, the Committee:

considers and approves changes in base salary for the upcoming year;

reviews actual results compared to the pre-established performance objectives for the current year to determine annual cash incentive awards for our executive officers under our Employee Incentive Compensation Plan, or EICP;

grants equity awards, either in the form of restricted unit grants or unit option awards or both under the Company's Amended and Restated Long-Term Incentive Plan, as amended, or LTIP;

approves the performance objectives under our EICP for the upcoming year, which may include both quantitative financial objectives and qualitative performance objectives intended to focus on and reward activities that create unitholder value;

Table of Contents

evaluates the compensation paid to our independent directors and, to the extent it deems appropriate, approves any adjustments; and

reviews the summary results of the Board's written evaluations of our Chief Executive Officer, as well as the Chief Executive Officer's self evaluation.

The Committee meets in executive session to consider appropriate compensation for our Chief Executive Officer, and outside the presence of all of our executive officers except for our Chief Executive Officer when considering compensation for our President and Chief Operating Officer. With respect to compensation for all other Named Officers, the Committee meets with our Chief Executive Officer and President and Chief Operating Officer outside the presence of all our other executive officers. When compensation decisions are not being considered, the Committee typically meets in the presence of our Chief Executive Officer, our President and Chief Operating Officer, and our General Counsel. Depending upon the agenda for a particular meeting, the Committee may also invite other officers and a representative of Towers Perrin to participate in Committee meetings. The Committee also regularly meets in executive session without management.

Role of Compensation Consultant. The Committee's Charter grants the Committee the sole and direct authority to retain and terminate compensation advisors and to approve their fees. All such advisors report directly to the Compensation Committee, and all assignments are directed by the Committee Chairman. The Committee has engaged Towers Perrin for the past three years as the Committee's independent compensation consultant to assist the Committee in assessing and determining competitive compensation packages for our executive officers.

In this capacity, Towers Perrin has, from time to time at the Committee's request and under the direction of the Committee Chairman, assembled information regarding (i) compensation trends in the oil and gas industry among independent oil and gas producers, master limited partnerships and limited liability companies, and (ii) relative compensation for similarly-situated executive officers of companies within these groups. In addition to published survey sources, Towers Perrin employs data compiled from the public filings of a peer group of various companies.

In 2007, our compensation peer group included the following: Ultra Petroleum Corp., Newfield Exploration Company, Pioneer Natural Resources Company, Southwestern Energy Company, Range Resources Corporation, Denbury Resources Inc., Forest Oil Corporation, EXCO Resources, Inc., Quicksilver Resources Inc., Energen Corporation, Plains Exploration & Production Company, CNZ Gas Corporation, Petrohawk Energy Corporation, Cabot Oil & Gas Corporation and Cimarex Energy Co. These companies were selected because they are independent oil and gas producers of similar size, based on enterprise value.

Because we have grown substantially in a relatively short period of time, we decided to adjust our list, eliminating some that are no longer optimal for comparison purposes while adding others that are independent oil and gas producers of a similar size, based on enterprise value. Our compensation peer group for 2008 comprises the following: Southwestern Energy Company, Noble Energy, Inc., Pioneer Natural Resources Company, Ultra Petroleum Corp., Range Resources Corporation, Forest Oil Corporation, EXCO Resources, Inc., Petrohawk Energy Corporation, Newfield Exploration Company, Plains Exploration & Production Company, Denbury Resources Inc., Sandridge Energy, Inc., Cimarex Energy Co., Cabot Oil & Gas Corp., Encore Acquisition Company, Comstock Resources, Inc., Atlas Energy Resources, LLC, Berry Petroleum Company, and Stone Energy Corporation.

Role of Executive Officers. Except with respect to his own compensation, each of our Chief Executive Officer and our President and Chief Operating Officer, with advice from our other executive officers as appropriate, plays a significant role in the Compensation Committee's establishment of compensation levels for our executive officers. The most significant aspects of their roles in the process are:

evaluating performance;

recommending EICP award targets and quantitative and qualitative performance objectives under our EICP;

recommending base salary levels, actual EICP awards and LTIP awards; and

advising the Committee with respect to achievement of performance objectives under the EICP.

Table of Contents

Our Executive Compensation Program

Compensation Objectives. Our executive compensation program is intended to align the interests of our executive officers with those of our unitholders by motivating our executive officers to achieve strong financial and operating results, which we believe closely correlate to long-term unitholder value. This alignment of interests is primarily reflected through our executive officers' participation in our EICP and LTIP. In addition, our program is designed to achieve the following objectives:

attract and retain talented executive officers by providing total compensation levels competitive with that of executives holding comparable positions in similarly-situated organizations;

provide total compensation that is justified by individual performance;

provide a performance-based compensation component that balances rewards for short-term and long-term results and is tied to company performance; and

encourage the long-term commitment of our executive officers to us and to our unitholders' long-term interests.

Compensation Strategy. To accomplish our objectives, we seek to offer a total direct compensation program to our executive officers that, when valued in its entirety, serves to attract, motivate and retain executives with the character, experience and professional accomplishments required to grow and develop our company. We seek to align executive compensation with unitholder interests by placing a significant portion of total direct compensation at risk. At risk means the executive officer will not realize value unless performance goals, a portion of which are directly tied to Company financial performance, are achieved (for EICP awards) or as our unit price appreciates (for options and to some extent, restricted units).

Our executive compensation program consists of three principal elements: (i) base salary, (ii) potential for annual cash incentive compensation awards under our EICP based upon the achievement of specific company performance objectives, and (iii) opportunities to earn unit-based awards under our LTIP, which provide long-term incentives that are intended to encourage the achievement of superior results over time and to align the interests of executive officers with those of our unitholders.

To ensure that the total compensation package we offer our executive officers is competitive, Towers Perrin develops an assessment of market levels of compensation through both an analysis of private survey data and information disclosed in peer companies' public filings. While the Committee relies on this data to assess the reasonableness of our executive officers' total compensation, it also considers a number of other factors including: (i) historical compensation levels, (ii) the specific role the executive plays within our company, (iii) the performance of the executive and (iv) the relative compensation levels among our executive officers. There is no pre-established policy or target for the Committee's allocation of total compensation between long-term compensation in the form of LTIP awards and current compensation in the form of base salary and EICP awards. The allocation is generally based upon an analysis of how our peer companies use long-term and short-term compensation to compensate their executive officers. Each year the Committee reviews this peer company data and sets EICP targets and LTIP allocations for that year.

In 2008, the Committee sought to set total direct compensation (including base salary, EICP awards and LTIP awards) for all executive officers between the median and the 75th percentile of compensation paid to similarly situated executives of the companies comprising our 2008 compensation peer group.

2008 Executive Compensation Components

For the fiscal year ended December 31, 2008, the principal components of compensation for Named Officers were:

Short-term compensation:

base salary

employee incentive compensation plan

Long-term equity compensation:

Table of Contents

restricted units

unit option grants

Other benefits.

Base Salary

We provide Named Officers and other employees with a base salary to provide them with a reasonable base level of monthly income relative to their role and responsibilities. Each of our Named Officers has an employment agreement that provides for a minimum level of base salary and upward adjustments in the discretion of the Board. For a summary of the material terms of the Named Officers' employment agreements, please see Narrative Disclosure to the 2008 Summary Compensation Table .

Salary levels are typically considered annually as part of our performance review process as well as upon a promotion or other change in job responsibility. During its review of base salaries for executive officers, the Committee primarily considers:

public and private peer data provided by our outside consultants; and

internal review of the executive's compensation, both individually and relative to other executive officers.

For 2008, the base salary of each of our Named Officers was increased to maintain base salary around the median of our peers.

Employee Incentive Compensation Program**EICP Award Targets**

Our EICP is an annual cash incentive program which provides guidelines for the calculation of annual cash incentive based compensation. The Committee reviews peer data in setting EICP award targets and for 2008, set EICP award targets for each Named Officer as a percentage of base salary to provide total cash compensation between the median and 75th percentile of our peer group.

EICP award targets for our Named Officers in 2008 were set as follows:

Named Officer	% of Base Salary
Michael C. Linn	125%
Mark E. Ellis	100%
Kolja Rockov	85%
Charlene A. Ripley	65%
Arden L. Walker, Jr.	65%

Performance Matrix

To determine actual payout under the EICP, the Committee considers achievement of the pre-established quantitative financial objectives and qualitative performance objectives intended to focus on and reward activities that create unitholder value (Performance Matrix). The Committee uses the objectives that comprise the Performance Matrix as data points in exercising its discretion in the ultimate determination of the overall payout percentage amount. For example, if performance falls outside the established targets on the Performance Matrix on one or more objectives, then the Committee uses discretion to determine the appropriate payout level for that objective.

Table of Contents**Quantitative Objectives**

For 2008, 50% percent of each Named Officer's EICP Award opportunity was based on achievement of the following pre-established quantitative objectives:

- a) Unitholder Return measured by Year End Unit Price, which is defined as the closing price of our units on the last trading day of 2008;
- b) Growth in Distributable Cash Flow Per Unit defined as Distributable Cash Flow per unit for 2008 divided by Distributable Cash Flow per unit for 2007. Distributable Cash Flow per unit is defined as Adjusted EBITDA (defined below) less cash interest expense divided by the weighted average of units outstanding; and
- c) Distribution Coverage Ratio defined as Distributable Cash Flow for 2008 less maintenance capital expenditures divided by total cash distributions.

We defined Adjusted EBITDA as net income (loss) plus:

Net operating cash flow from acquisitions and divestitures, effective date through closing date;

Interest expense;

Depreciation, depletion and amortization;

Impairment of goodwill and long-lived assets;

Write off of deferred financing fees and other;

(Gain) loss on sale of assets, net;

Unrealized (gain) loss on commodity derivatives;

Unrealized (gain) loss on interest rate derivatives;

Realized loss on canceled derivatives;

Unit-based compensation and unit warrant expense;

Exploration costs; and

Income tax (benefit) expense.

The targets and potential payouts determined by the Committee for 2008 based on these quantitative objectives are outlined below:

	Threshold		Acceptable		Excellent		Outstanding	
	Target	Weighting	Target	Weighting	Target	Weighting	Target	Weighting
Year End Unit Price	\$22.00	8.33%	\$24.00	16.67%	\$26.00	33.33%	\$30.00	66.67%
Growth in Distributable Cash Flow Per Unit	42%	8.33%	47%	16.67%	53%	33.33%	63%	66.67%
Distribution Coverage ratio	1.00x	8.33%	1.05x	16.67%	1.10x	33.33%	1.20x	66.67%

Potential Payout

25%

50%

100%

200%

In setting the objectives in January 2008, the Committee determined that the three objectives above should be weighted equally with no individual factor given more importance or weight than the others. See Actual Results below for how the Committee actually weighted the objectives.

Table of Contents**Qualitative Objectives**

The other 50% of the EICP award opportunity was based on our achievement of the following qualitative objectives:

- a) Establish operational accountability;
- b) Design and implement an integrated operational reporting system;
- c) Strengthen financial position;
- d) Enhance core competencies related to the integration of assets and people;
- e) Develop and implement programs and processes for compliance with regulatory requirements and company expectations (corporate, EH&S, IT, HR);
- f) Expand Investor Relations effort;
- g) Formalize strategic planning and budget update processes; and
- h) Create a succession plan program and implement the necessary tools for enhancing employee performance.

Actual Results

50% of the total EICP award opportunity is allocated to the quantitative objectives of the Performance Matrix. Upon completion of the fiscal year, the Committee assessed our performance for each quantitative objective under the Performance Matrix comparing the actual fiscal year results to the pre-determined targets for each objective and an overall percentage amount was calculated for the quantitative portion of the EICP award opportunity. Actual results for 2008 were as follows:

	Actual Result	Actual Weighting
Year End Unit Price	\$14.97	%
Growth in Distributable Cash Flow Per Unit	47%	16.67%
Distribution Coverage Ratio	1.11x	36.67%
Potential Payout		53.34%

As illustrated by the table above, the potential payout under the quantitative portion of the Performance Matrix was 53.34% of the 50% available; however, the Committee also carefully considered the fact that even though our unit price decreased over the year, it performed in the top quartile on a relative basis to that of our peers and determined to award between the Excellent and Outstanding levels overall for the quantitative portion.

Table of Contents

The Committee then reviewed our performance relative to the qualitative objectives, which comprise the other 50% of the total EICP award opportunity under the Performance Matrix, and determined that all objectives were substantially achieved.

Objective	Substantially Achieved
Establish operational accountability	ü
Design and implement an integrated operational reporting system	ü
Strengthen financial position	ü
Enhance core competencies related to the integration of assets and people	ü
Develop and implement programs and processes for compliance with regulatory requirements and company expectations (corporate, EH&S, IT, HR)	ü
Expand Investor Relations effort	ü
Formalize strategic planning and budget update processes	ü
Create a succession plan program and implement the necessary tools for enhancing employee performance	ü

Using its discretion to alter the final percentages determined under the Performance Matrix and considering the factors described below, the Committee determined that an overall award of 125% of each Named Officer's EICP award target was appropriate. In making the determination to award 125%, the Committee considered the following 1) the negative impact on our unit price due to general market conditions resulting from the global economic crisis in 2008; 2) the positive relative performance of our unit price versus our peer companies; 3) the positive decisions made by our senior management, and by Mr. Linn specifically, throughout 2008 that helped maintain our financial strength and liquidity despite difficult market conditions and declining commodity prices, including the strengthening of our hedge positions and the divestitures of non-core assets.

Generally the Committee believes that company performance is a reflection of officer performance in total. The Committee may, however, apply discretion upward or downward to reflect individual performance. For 2008, the Committee did not make any differentiation due to performance; thus each Named Officer received 125% of his or her EICP award target (for example, Mr. Ellis, whose EICP award target was 100% of his base salary, received an award of 125% of his base salary). The Committee also determined to award Mr. Linn an additional bonus of \$500,000 in recognition of the foresight and leadership demonstrated by the strategic decisions he made throughout 2008 necessary to position the company to weather the current economic crisis.

Long-Term Incentive Compensation

Our LTIP encourages participants to focus on our long-term performance and provides an opportunity for executive officers and other employees to increase their stake in our company through grants of our units based on a three-year vesting period. Long-term incentive awards benefit us by:

enhancing the link between the creation of unitholder value and long-term executive incentive compensation;

providing an opportunity for increased equity ownership by executives thereby fostering retention; and

maintaining competitive levels of total compensation.

LTIP awards are typically made in January/February and reflect performance for the previous year. In 2008, because there were not sufficient units available for grant under the LTIP at the time, the restricted unit awards were determined by the Committee in January but not actually granted until the Amended and Restated LTIP was approved

by unitholders in May. In determining the size of the grants generally, the Committee sets the total cash value of each grant such that each Named Officer's LTIP award, when combined with base salary and bonus, would place the executives' total direct compensation between the median and 75th percentile of similarly situated executives in our peer group. In determining the

Table of Contents

individual awards, the Committee considered the market data, the individual performances of each Named Officer over time and how that Named Officer contributed to the goals set forth in the Performance Matrix.

In granting awards in 2008 relating to 2007 performance, the Committee considered our peer companies allocations between options and restricted stock/units and determined based on that review to use a ratio of 20% of total value in options and 80% in restricted unit grants. In granting awards in 2009 relating to 2008 performance, the Committee determined to change that allocation to 10% of total value in options and 90% in restricted units (except for Mr. Linn, discussed below, who received no options). The Committee believes that options help align our Named Officer's interests with those of our unitholders because they expose our Named Officers to downside equity price risk and give them an incentive to take actions on our behalf that bring about an increase in the value of the units. It is also the Committee's view that during periods of unit price volatility, such as that experienced during 2008, restricted units provide some immediate value in the form of quarterly distributions to the officer, whereas options provide long-term incentive but may do little to immediately retain and motivate officers. Because our named officers receive distributions on vested and unvested units at the same rate as all our unitholders, the Committee believes that restricted units closely align management's interests with those of our unitholders, by providing incentive to maintain or increase the level of distributions. The committee considered the relative value of an option award, based on expected present value on the date of grant, versus that of a restricted unit award and determined that a greater number of options must be granted relative to restricted units to achieve the requisite 10% of total value of the LTIP award. For example, in 2009, to achieve the 90-10 ratio, Mr. Ellis was granted 135,765 options and 112,660 restricted units.

When making the 2009 grant, the Committee determined to grant Mr. Linn his entire LTIP award in the form of restricted units, which the Committee believes provide more immediate value, to reward Mr. Linn for his leadership and the foresight demonstrated by the strategic decisions he made throughout 2008 necessary to position the company to weather the current economic crisis.

Restricted Unit Awards

Under the terms of our LTIP, restricted units are subject to a vesting period of at least three years and contain such other terms as the Committee may determine. For our Named Officers, our Executive Restricted Unit Grant Agreement provides for vesting in equal installments over three years and provides that upon termination of employment with us (a) other than for Cause, (b) by the officer with Good Reason, or (c) by reason of death, Disability or retirement (as those terms are defined herein under the section titled "Payments Made Upon Termination Without Cause or For Good Reason"), all restrictions lapse and the grant immediately vests in full.

Participants, including Named Officers, who receive restricted unit grants under the LTIP receive quarterly distributions on all the units awarded (whether vested or unvested), with the units being retained in our custody and subject to restrictions on sale or transfer until vested. The Committee considers the receipt of quarterly distributions when determining the allocation of long-term incentive compensation between restricted units and options, but does not include amounts received from cash distributions in its calculations of total direct compensation.

Option Awards

Options are awarded at the NASDAQ closing price of our units on the date of the grant. The Committee has never granted options with an exercise price that is less than the closing price of our units on the grant date, nor has it granted options which are priced on a date other than the grant date.

Named Officer options granted by the Committee vest in equal installments over the first three years of the ten-year option term, with the vesting date scheduled in January of each year. Upon termination of the Named Officer's employment with us (a) other than for Cause, (b) by the grantee with Good Reason, or (c) by reason of death, Disability or retirement (as those terms are defined herein under the section titled "Payments Made Upon Termination Without Cause or For Good Reason"), the option grant automatically and immediately vests in full. Prior to the exercise of a unit option, the holder has no rights as a unitholder with respect to the units subject to such unit option, including voting rights or the right to receive distributions.

Termination Arrangements and Change in Control Provisions

We maintain employment agreements with our Named Officers to ensure their continued service during the term of the agreement. These agreements are described in more detail elsewhere in this Proxy Statement. Please read

Narrative Disclosure to the 2008 Summary Compensation Table. These agreements provide for severance compensation to be paid if the officer's employment is terminated under certain conditions as outlined in the applicable agreement, such as following a change in control, termination by us without cause, termination by the Named Officer for good reason, termination by us for cause, death or Disability.

The employment and other compensatory agreements between us and our Named Officers and the related severance provisions are designed to meet the following objectives:

Change of Control. In certain scenarios, a merger or acquisition of the company by another person may be in the best interests of our unitholders. We provide severance compensation to the Named Officers if such officer's employment is terminated following a change of control transaction to promote the ability of the officer to act in the best interests of our unitholders even though his or her employment could be terminated as a result of the transaction.

Termination without Cause. If we terminate the employment of certain executive officers without cause as defined in the applicable agreement, we are obligated to pay the officer certain compensation and other benefits as described in greater detail in **Potential Payments Upon Termination or Change of Control** below. We believe these payments are appropriate because the terminated officer is generally bound by confidentiality obligations for five years, and nonsolicitation and non-compete provisions for one year after termination. Both parties have mutually agreed to severance terms that would be in place prior to any termination event. This provides us with more flexibility to make a change in senior management if such a change is in the best interests of the company and its unitholders.

Perquisites

We believe in a simple, straight-forward compensation program and as such, Named Officers are not provided unique perquisites or other personal benefits. The Committee periodically reviews our charitable contributions, the use of aircraft, vehicles and potential perquisites that could result in personal benefits to our Named Officers. Other than our CEO, Named Officers and employees are discouraged from personal use of company-leased aircraft; however, rather than provide incremental compensation through perquisites, all of our employees, including our Named Officers, pay all incremental costs for any personal use of company-leased aircraft. Consistent with the Committee's strategy, no perquisites or other personal benefits exceeded \$10,000 for any of our Named Officers in 2008.

Retirement Savings Plan

All employees, including our Named Officers, may participate in our Retirement Savings Plan, or 401(k) Plan. We provide this plan to help our employees save for retirement in a tax-efficient manner. Employees, including Named Officers, can contribute the maximum amount allowed by law. We currently make a matching contribution equal to 100% of the first 4% of eligible compensation contributed by the employee on a before-tax basis. As contributions are made throughout the year, plan participants become fully vested in the amounts contributed.

Nondiscriminatory Health and Welfare Benefits

All eligible employees, including our Named Officers, may participate in our health and welfare benefit programs, including medical, dental and vision care coverage, disability insurance and life insurance.

Tax and Accounting Implications

Deductibility of Executive Compensation

As part of its role, the Committee reviews and considers the deductibility of executive compensation. We believe that certain unit grants awarded pursuant to performance incentives related to the completion of our initial public offering in

Table of Contents

2006 are generally nondeductible for federal income tax purposes. We believe all other compensation under the applicable Internal Revenue Service regulations is deductible. However, in certain situations, the Committee may approve compensation that will not meet these regulations in order to ensure competitive levels of total compensation for our executive officers and may incur costs that are not deductible for federal income tax reporting purposes.

Accounting for Unit-Based Compensation

We account for unit-based payments for all awards under our LTIP in accordance with the requirements of SFAS No. 123 (revised 2004), *Share-Based Payment* (SFAS 123(R)). The Committee reviews the SFAS 123(R) grant date value in connection with granting equity awards.

COMPENSATION COMMITTEE REPORT

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with management and, based on such review and discussions, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this Proxy Statement.

(1) Mr. Ellis joined our company in December 2006; Mr. Walker joined our company in February 2007; Ms. Ripley joined our company in March 2007; Ms. Anderson joined our company in July 2006 and separated effective May 31, 2008.

- (2) Except for Mr. Linn's 2008 amount and Mr. Walker and Ms. Ripley's 2007 amounts, these amounts represent cash awards under our EICP program for 2006 performance that were paid in 2007. Bonuses for 2006 performance were not based on performance targets that were pre-established and communicated to the Named Officers; for 2007 and beyond, awards under our EICP program are based on pre-established and communicated targets, thus will be identified in column (g) as Non-Equity Incentive Plan Compensation. Mr. Linn's amount for 2008 reflects a special bonus of \$500,000 not based on previously established and communicated performance targets (please read Compensation Discussion and Analysis Employee Incentive Compensation Program beginning on page 12 of this Proxy Statement). Mr. Walker's amount for 2007 includes a) \$185,000 in recruiting and relocation bonuses paid to him upon his joining our company in 2007 and b) \$83,000, which represents the cash value of distributions on restricted units that were awarded under his employment agreement but not formally approved until January 2008 (see note (3) below). Ms. Ripley's amount for 2007 includes a) \$60,000 in recruiting bonuses paid to her upon her joining our company in 2007 and b) \$49,800, which represents the cash value of distributions on restricted units that were awarded under her employment agreement but not formally approved until January 2008 (see note (3) below).
- (3) The amounts in columns (e) and (f) reflect the dollar amounts recognized for financial statement reporting purposes in accordance with SFAS 123(R) of awards pursuant to the LTIP and thus include amounts from awards granted by the Compensation Committee prior to or during 2008. Assumptions used in the calculation of these amounts are included in Note 7 to our audited financial statements for the fiscal year ended December 31, 2008, included in our Annual Report on Form 10-K for the year ended December 31, 2008. In connection with entry into their employment agreements, Mr. Walker was granted 50,000 restricted units and 50,000 options and Ms. Ripley was granted 30,000 restricted units and 30,000 options. Because the employment agreements were not formally approved by the Compensation Committee until January 2008, the awards are not considered granted until that date for

Table of Contents

- purposes of SFAS 123(R); thus the grant date fair value is not included in the summary compensation table for 2007.
- (4) The amounts in column (g) reflect the cash awards approved by the Compensation Committee under our EICP for performance in 2007 and 2008. The 2007 amounts were not actually paid until March 2008 and the 2008 amounts were not actually paid until February 2009.
- (5) No pension or deferred compensation plans are provided for our Named Officers.
- (6) The amount shown in column (i) reflects matching contributions allocated by us to each of our Named Officers pursuant to the Retirement Savings Plan (which is more fully described on page 16 under the heading Retirement and Other Benefits); the 2008 amount shown for Ms. Anderson includes severance pay under her separation agreement (please read Narrative Disclosure to the Summary Compensation Table below for a description of these payments); and the 2007 amount shown for Mr. Walker includes reimbursements for relocation costs in connection with his recruitment to our company.

Distributions paid during 2008 on issued, but unvested units pursuant to the equity awards are not shown in column (i) because the fair value shown in column (e) reflects the value of distributions. Distributions are paid to our Named Officers at the same rate as all unitholders, currently \$2.52 per unit on an annualized basis.

Distributions paid in 2006, 2007 and 2008 are shown below.

Michael C. Linn	337,428	327,000

- (7) We generally do not provide perquisites and other personal benefits exceeding a value of \$10,000 to any Named Officer. In 2007, we made a charitable contribution of \$10,000 benefitting the local private school that Mr. Rockov's children attend, which we deemed an indirect perquisite to Mr. Rockov.

Narrative Disclosure to the 2008 Summary Compensation Table

Michael C. Linn, Chairman and Chief Executive Officer.

We entered into a Third Amended and Restated Employment Agreement with Mr. Linn, effective December 17, 2008, that provides for an annual base salary of \$530,000, subject to annual review and upward adjustment by the Compensation Committee of the Company's Board of Directors (the Compensation Committee). Mr. Linn is entitled to receive incentive compensation payable at the discretion of the Compensation Committee. The Compensation Committee may set, in advance, an annual target bonus. Mr. Linn is eligible for awards under the LTIP at the discretion of the Compensation Committee.

Mr. Linn's agreement contains certain confidentiality and non-compete obligations that restrict his ability to compete with our business for up to one year following his termination, unless the termination occurs within the change of control period (as defined in the agreement) or is a termination without cause or by Mr. Linn for good reason.

In addition, under his prior employment agreement, Mr. Linn received, upon completion of our initial public offering in January 2006, an option to purchase 111,250 units at an exercise price of \$21.00 per unit and a one-time cash bonus in the amount of \$500,000. The unit option award vests in three equal annual installments and is subject to all provisions of our LTIP, and as such will vest in full upon a change of control or a termination without cause, with good reason or upon Mr. Linn's death or Disability. Mr. Linn also received an award of 625,781 units on the first anniversary of the completion of our initial public offering (January 20, 2007), which was fully vested at issuance.

The restricted units and the unit option awards are subject to all provisions of our LTIP, and as such will vest in full upon a change of control or a termination without cause, with good reason or upon Mr. Linn's death or Disability. See Potential Payments Upon

Table of Contents

Termination or Change of Control below. Under the LTIP and the related grant agreements, Mr. Linn receives distributions payable on all vested and unvested restricted units at the same rate as that paid to all unitholders, currently \$2.52 per unit on an annualized basis.

The remaining terms governing Mr. Ellis's compensation under the agreement are the same as Mr. Linn's employment agreement.

The restricted units and the unit option awards are subject to all provisions of our LTIP and the related grant agreements, and as such will vest in full upon a change of control or a termination without cause, with good reason or upon Mr. Rockov's death or Disability. See Potential Payments Upon Termination or Change of Control below. Under the LTIP and the related grant agreements, Mr. Rockov receives distributions payable on all vested and unvested restricted units at the same rate as that paid to all unitholders, currently \$2.52 per unit on an annualized basis.

Charlene A. Ripley, Senior Vice President, General Counsel and Corporate Secretary.

PENSION BENEFITS

We do not provide pension benefits for our Named Officers or other employees. Retirement benefits are provided through the Retirement Savings Plan, as discussed previously.

NON-QUALIFIED DEFERRED COMPENSATION

We do not have a non-qualified deferred compensation plan and as such, no compensation has been deferred by our Named Officers or our other employees. The Retirement Savings Plan is a 401(k) deferred compensation arrangement and a qualified plan under section 401(a) of the Internal Revenue Code (Code).

POTENTIAL PAYMENTS UPON TERMINATION OR CHANGE OF CONTROL

Payments Made Upon Termination For Any Reason

Under each of our Named Officer's employment agreement, regardless of the manner in which his or her employment terminates, the executive will be entitled to receive amounts earned (but unpaid) during his term of employment. Such amounts include:

earned, but unpaid base salary;

unused vacation pay;

amounts contributed and vested through our Retirement Savings Plan; and

any other amounts that may be reimbursable by us to the Named Officer under his or her employment agreement.

Table of Contents**Payments Made Upon Termination Without Cause or for Good Reason**

In addition to the payments described above, in the event of termination by us other than for Cause or termination by the executive for Good Reason except in the event of a change of control, each Named Officer's employment agreement provides for severance payments equal to two times the Named Officer's highest base salary in effect at any time during the 36 months prior to the date of the termination. Each Named Officer will also receive his earned, but unpaid EICP awards determined as follows:

(i) If the Named Officer was employed for the entire previous year but was terminated prior to the Compensation Committee finally determining his or her EICP award for the preceding year, then the Named Officer will be deemed to have been awarded 100% of his target EICP award for that year; or

(ii) If the Named Officer was employed for the entire previous year and the Compensation Committee had already finally determined the EICP award for the preceding year by the date of termination, but it had not yet been paid, then the Named Officer will receive the actual amount of the EICP award; *plus* in either case an amount representing a pro-rata, deemed (assuming an award at 100% of his or her target) EICP award for the fiscal year in which the termination date occurs. We will also pay our portion of COBRA continuation coverage, as well as pay certain costs of continuing medical coverage after the expiration of the maximum required period under COBRA. The footnotes to the table below describes each Named Officer's specific severance payments.

In addition, in the event of termination by us other than for Cause or termination by the Named Officer for Good Reason, all outstanding restricted unit and unit option awards will vest in full.

We will have Cause to terminate the Named Officer's employment by reason of any of the following: a) his or her conviction of, or plea of *nolo contendere* to, any felony or to any crime or offense causing substantial harm to us (whether or not for personal gain) or involving acts of theft, fraud, embezzlement, moral turpitude or similar conduct; b) his or her repeated intoxication by alcohol or drugs during the performance of his or her duties; c) his or her willful and intentional misuse of any of our funds, d) embezzlement by him or her; e) his or her willful and material misrepresentations or concealments on any written reports submitted to us; f) his or her willful and intentional material breach of his or her employment agreement; g) his or her willful and material failure to follow or comply with the reasonable and lawful written directives of the board of directors; or h) conduct constituting a material breach of our then current (A) Code of Business Conduct and Ethics, and any other written policy referenced therein, (B) the Code of Ethics for Chief Executive Officer and Senior Financial Officers, if applicable, provided that in each case the Named Officer knew or should have known such conduct to be a breach.

Good Reason will mean any of the following to which the Named Officer will not consent in writing: (i) a reduction in his or her then current base salary; (ii) failure by us to pay in full on a current basis (A) any of the compensation or benefits described in the Named Officer's employment agreement that are due and owing, or (B) any amounts that are due and owing to the Named Officer under any long-term or short-term or other incentive compensation plans, agreements or awards; (iii) material breach of any provision of the Named Officer's employment agreement by us; (iv) any material reduction in the Named Officer's title, authority or responsibilities; or (v) a relocation of the Named Officer's primary place of employment to a location more than fifty (50) miles from our then current location in Houston, Texas.

If the Named Officer is terminated for Cause or by the officer without Good Reason, the Named Officer will receive only the amounts identified under Payments Made Upon Termination For Any Reason.

Payments Made Upon Death or Disability

In the event of the death or Disability of a Named Officer, he or she will receive amounts earned (but unpaid) during his term of employment as described above. In addition, upon the death or Disability of a Named Officer, all outstanding restricted units and unit option awards will vest in full.

Disability means the earlier of (a) written determination by a physician selected by us and reasonably agreed to by the Named Officer that the Named Officer has been unable to perform substantially his or her usual and customary duties for a period of at least one hundred twenty (120) consecutive days or a non-consecutive period of one hundred eighty (180) days

Table of Contents

during any twelve-month period as a result of incapacity due to mental or physical illness or disease; and (b) Disability as such term is defined in our applicable long-term disability insurance plan.

Payments Made Upon a Termination Following a Change of Control

Our LTIP and the employment agreements with each Named Officer provide certain benefits if his or her employment is terminated by us without Cause (as defined above) or by the Named Officer for Good Reason (as defined above) during the period beginning six (6) months prior to a Change of Control and ending two (2) years following the Change of Control.

In addition to the earned benefits and amounts listed under the heading Payments Made Upon Termination For Any Reason, the Named Officer will receive:

a lump sum severance payment that ranges from two to three times the sum of the Named Officer's base salary at the highest rate in effect at any time during the thirty-six (36) month period immediately preceding the termination date, *plus* the highest EICP award that the Employee was paid in the thirty-six (36) months immediately preceding the Change of Control;

COBRA continuation coverage as described above upon a termination without Cause or for Good Reason.

his or her earned, but unpaid EICP award determined as described above upon a termination without Cause or for Good Reason.

an amount equal to the excise tax charged to the Named Officer as a result of the receipt of any change of control payments.

all restricted unit and unit options awards held by the Named Officer will automatically vest and become exercisable.

With respect to the definition of Change of Control, each of the Named Officers' employment agreements are the same. Change of Control will mean the first to occur of:

1. The acquisition by any individual, entity or group (within the meaning of Section 13(d) (3) or 14(d) (2) of the Securities Exchange Act of 1934, as amended (the Exchange Act)) (a Person) of beneficial ownership (within the meaning of Rule 13d-3 promulgated under the Exchange Act) of thirty-five percent (35%) or more of either (A) the then-outstanding equity interests of Linn Energy (the Outstanding Linn Energy Equity) or (B) the combined voting power of the then-outstanding voting securities of Linn Energy entitled to vote generally in the election of directors (the Outstanding Linn Energy Voting Securities); provided, however, that, for purposes of this Section 1, the following acquisitions will not constitute a Change of Control: (1) any acquisition directly from Linn Energy, (2) any acquisition by Linn Energy, (3) any acquisition by any employee benefit plan (or related trust) sponsored or maintained by Linn Energy or any affiliated company, or (4) any acquisition by any corporation or other entity pursuant to a transaction that complies with Section (3)(A), Section (3)(B) or Section (3)(C) below;
2. Any time at which individuals who, as of the date hereof, constitute the Board (the Incumbent Board) cease for any reason to constitute at least a majority of the Board; provided, however, that any individual becoming a director subsequent to the date hereof whose election, or nomination for election by Linn Energy's Unitholders, was approved by a vote of at least a majority of the directors then comprising the Incumbent Board will be considered as though such individual were a member of the Incumbent Board, but excluding, for this purpose, any such individual whose initial assumption of office occurs as a result of an actual or threatened election contest with respect to the election or removal of directors or other actual or threatened solicitation of proxies or consents by or on behalf of a Person other than the Incumbent Board;
3. Consummation of a reorganization, merger, statutory share exchange or consolidation or similar corporate transaction involving Linn Energy or any of its subsidiaries, a sale or other disposition of all or substantially all of the assets of Linn Energy, or the acquisition of assets or equity interests of another entity by Linn Energy or any of

its subsidiaries (each, a Business Combination), in each case unless, following such Business Combination, (A) all or substantially all of the individuals and entities that were the beneficial owners of the Outstanding Linn Energy Equity and the Outstanding Linn Energy Voting Securities immediately prior to such Business Combination beneficially own, directly or indirectly, more than fifty percent (50%) of the then-outstanding equity interests and the combined voting power of the then-outstanding voting securities entitled to vote generally in the election of

directors, as the case may be, of the corporation resulting from such Business Combination (including, without limitation, a corporation or other entity that, as a result of such transaction, owns Linn Energy or all or substantially all of Linn Energy's assets either directly or through one or more subsidiaries) in substantially the same proportions as their ownership immediately prior to such Business Combination of the Outstanding Linn Energy Equity and the Outstanding Linn Energy Voting Securities, as the case may be, (B) no Person (excluding any corporation resulting from such Business Combination or any employee benefit plan (or related trust) of Linn Energy or such corporation or other entity resulting from such Business Combination) beneficially owns, directly or indirectly, thirty-five percent (35%) or more of, respectively, the then-outstanding equity interests of the corporation or other entity resulting from such Business Combination or the combined voting power of the then-outstanding voting securities of such corporation or other entity, except to the extent that such ownership existed prior to the Business Combination, and (C) at least a majority of the members of the board of directors of the corporation or equivalent body of any other entity resulting from such Business Combination were members of the Incumbent Board at the time of the execution of the initial agreement or of the action of the Board providing for such Business Combination; or

4. Consummation of a complete liquidation or dissolution of Linn Energy.

Excise Taxes

If any benefits payable or otherwise provided under each Named Officer's employment agreement would be subject to the excise tax imposed by Section 4999 of the Code (Excise Tax), then we will provide for the payment of, or otherwise reimburse the executive for, an amount up to such Excise Tax and any related taxes, fees or penalties thereon.

Non-Competition Provisions

The non-competition provisions of the employment agreements of each of the Named Officers are described above in the section of the Proxy Statement titled Narrative Disclosure to the 2008 Summary Compensation Table.

Table of Contents**Quantification of Payments on Termination**

The chart below reflects the amount of compensation to each of our Named Officers in the event of termination of such officer's employment pursuant to his or her employment agreement and our LTIP. The amount of compensation payable to each Named Officer upon voluntary termination with "Good Reason", involuntary termination other than for "Cause", termination following a "Change of Control" and the occurrence of the "Disability" or death of the executive is shown below. The amounts shown are calculated assuming that such termination was effective as of December 31, 2008, and thus include amounts earned through such time (other than amounts payable pursuant to our Retirement Savings Plan) and are estimates of the amounts which would be paid to the executives upon their termination. The actual amounts to be paid out can only be determined at the time of the Named Officer's actual separation from us.

(a) Closing price of units on December 31, 2008 was \$14.97. All awards under the LTIP fully

vest upon termination without cause, good reason, disability or a change of control (as each is defined in the respective employment agreements).

- (1) If Mr. Linn's or Mr. Ellis's employment is terminated without cause or by employee for good reason, each of their employment agreements provides that, in addition to the amounts earned but unpaid, (i) he will receive a lump sum severance payment of two times his base salary at the highest rate in effect at any time during the thirty-six (36) month period immediately preceding the termination (Severance Pay), (ii) we will pay our portion of COBRA continuation coverage, as well as pay certain costs of continuing

medical coverage for Mr. Linn and Mr. Ellis for up to six months after the expiration of the maximum required period under COBRA; and 3) all of Mr. Linn's and Mr. Ellis's granted but unvested awards under the LTIP shall immediately vest.

If Mr. Linn or Mr. Ellis is terminated without cause or by employee for good reason during the period beginning six (6) months prior to a Change of Control and ending two (2) years following a Change of Control (COC Period), each is entitled to the same severance benefits described above, except that 1) the Severance Pay will be three times the sum of a) his highest base salary in effect at any time during the

(Highest Base

up of any Excise Tax (Excise Tax Gross Up) and of any Section 409A penalties and interest.

- (2) In the event of termination without cause or by employee for good reason, Mr. Rockov's employment agreement provides for severance benefits substantially similar to Mr. Linn and Mr. Ellis. If Mr. Rockov is terminated without cause or by employee for good reason during the COC Period, his benefits are substantially similar to Mr. Linn's and Mr. Ellis's except that 1) his Severance Pay is 2.5 times the sum of his Highest Base Salary and Highest EICP Award and 2) the period for continued coverage of medical benefits will be up to twelve months

after the expiration of the maximum required period under COBRA. Mr. Rockov's employment agreement includes the Excise Tax Gross Up but no gross up for penalties or interest under Section 409A.

- (3) In the event of termination without cause or by employee for good reason, Mr. Walker's and Ms. Ripley's employment agreement provides for severance benefits substantially similar to Mr. Linn and Mr. Ellis. If Mr. Walker or Ms. Ripley is terminated without cause or by employee for good reason during the COC Period, each will be entitled to substantially the same benefits as Mr. Linn and Mr. Ellis, except
- 1) Severance Pay shall be two times the sum of his or her Highest Base

Salary and Highest EICP Award, and 2) the period for continued coverage of medical benefits will remain up to six months after the expiration of the maximum required period under COBRA. Mr. Walker's and Ms. Ripley's employment agreements include the Excise Tax Gross Up but no gross up for penalties or interest under Section 409A.

- (4) The amounts listed under Bonus represent each Named Officer's target EICP award for 2008. As described above under Payments Made Upon Termination Without Cause or for Good Reason, if the Named Officer was employed for the entire previous year but was terminated prior to the Compensation Committee finally determining his

or her EICP award for the preceding year (in the hypothetical case presented in the table above, on December 31, 2008), he or she would have received his or her target EICP award. The Compensation Committee determined actual EICP awards for 2008 performance on February 4, 2009; the actual awards for each Named Officer are identified in the Summary Compensation Table, but are not reflected in the table above.

DIRECTOR COMPENSATION

We use a combination of cash and unit-based incentive compensation to attract and retain qualified candidates to serve on our Board. In setting director compensation, we consider the significant amount of time that directors expend in fulfilling their duties to us as well as the skill-level required by us of members of our Board.

Annual Retainer and Fees. In 2008, each independent director (as determined by our Board of Directors pursuant to applicable NASDAQ listing standards) received the following cash compensation for serving on our Board of Directors:

An annual cash retainer of \$40,000, paid in four installments quarterly;

A per meeting fee of \$1,500, payable quarterly;

A per committee meeting fee of \$1,000, payable quarterly; and

Committee chair fees (each payable quarterly) of:

\$11,000 for our Audit Committee chair;

\$5,000 for our Nominating and Governance Committee chair; and

\$5,000 for our Compensation Committee chair.

Phantom Unit Grant. During 2008, the Compensation Committee approved an annual award of phantom units to each of the Company's independent directors. The number of phantom units was determined and the award granted by

the Compensation Committee at the time of the 2008 Annual Meeting of unitholders. Phantom units are granted under the Company's LTIP. Under the terms of the phantom unit grant agreement, the forfeiture restrictions on the phantom units lapse on the first anniversary of the grant date, provided that such director continues to serve on our Board on such date, or such director stood for re-election to our Board but was not elected. Additionally, if a director's service on the Board is terminated for cause at anytime after the grant date and regardless of whether the restricted period has terminated, then all phantom units awarded under the grant agreement shall be forfeited. In February 2009, the Compensation Committee determined to grant

the non-employee directors restricted units instead of phantom unit grants and to change the time of grant from the Annual Meeting to the first meeting of the Compensation Committee of each year.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

In the ordinary course of our business, we purchase products or services from, or engage in other transactions with, various third parties. Occasionally, these transactions may involve entities that are affiliated with one or more members of our Board of Directors. When they occur, these transactions are conducted in the ordinary course and on an arms-length basis.

Review and Approval of Related Party Transactions

We review all relationships and transactions in which our company and our directors and executive officers or their immediate family members are participants to determine whether such persons have a direct or indirect material interest. We have developed and implemented processes and controls to obtain information from our directors and executive officers with respect to related person transactions and for then determining, based on the facts and circumstances, whether we or a related person has a direct or indirect material interest in the transaction. As required under SEC rules, transactions that are determined to be directly or indirectly material to us or a related person are disclosed in our annual proxy statement. In addition, our Audit Committee or Board of Directors (if appropriate) reviews and approves or ratifies or disapproves any related person transaction that is required to be disclosed. In the course of its review of a disclosable related party transaction, consideration is given to:

the nature of the related person's interest in the transaction;

the material terms of the transaction, including, without limitation, the amount and type of transaction;

the importance of the transaction to the related person;

the importance of the transaction to us;

whether the transaction would impair the judgment of a director or executive officer to act in our best interest;
and

any other matters deemed appropriate.

Any director who is a related person with respect to a transaction under review may not participate in the deliberations or vote respecting approval or ratification of the transaction; provided, however, that such director may be counted in determining the presence of a quorum at the meeting where the transaction is considered.

Related Party Transactions

Lehman Brothers Holdings, Inc.

During the year ended December 31, 2008, on an aggregate basis, a group of certain direct or indirect wholly owned subsidiaries of Lehman Brothers Holdings, Inc. (Lehman) owned over 10% of our units, acquired during 2006 and 2007 in our private placements of units. As such, Lehman meets the definition of a related person under SEC rules. During 2008, Lehman subsidiaries provided certain services to us, including participation in our credit facilities and sale of commodity derivative instruments, all of which were consummated on terms equivalent to those that prevail in arm's length transactions.

Table of Contents

In 2008:

We paid distributions on units owned by Lehman of approximately \$18.5 million;

We purchased approximately \$1.3 million in deal contingent oil swaps contracts from Lehman;

We paid Lehman approximately \$18.8 million on settled commodity derivative contracts; and

We paid Lehman, through the administrator of our credit facility, interest on borrowings under our credit facility of approximately \$2.2 million and financing fees of approximately \$1.8 million.

On September 15, 2008, Lehman filed a voluntary petition for reorganization under Chapter 11 of the United States Bankruptcy Code. In September 2008, we terminated all our commodity derivative contracts with Lehman and in October 2008, replaced Lehman as a lender in our credit facility. As of December 31, 2008, the Company had a receivable of approximately \$67.6 million from Lehman for canceled derivative contracts and is pursuing various legal remedies to protect its interests. According to filings made with the SEC by Lehman, Lehman continued to hold approximately 8.2 million Linn Energy units as of August 2008 (please refer to Security Ownership Of Certain Beneficial Owners and Management on page 32 of this Proxy Statement).

Eric P. Linn

Eric P. Linn, brother of our Chairman and Chief Executive Officer, served as President of one of our wholly owned subsidiaries. Effective March 31, 2008, Mr. Linn's employment with us terminated and he executed a Severance Agreement and Release. Under the terms of that agreement, Mr. Linn received approximately \$0.2 million in cash, six months of outplacement services, accelerated vesting of his 10,000 unvested restricted units and his 13,333 unvested options (pursuant to the terms of his award agreements), and payment of his COBRA coverage until December 31, 2008, or until he obtained other comparable health care benefits, whichever was earlier.

Penneco Oil Company

During 2008, we paid we paid approximately \$0.3 million to Penneco Oil Company primarily for purchases of natural gas. Terrence S. Jacobs, one of our non-employee directors, serves as President of Penneco Oil Company, which provides ongoing leasing, marketing, exploration and drilling operations for natural gas and crude oil in Western Pennsylvania and West Virginia. These purchases represent an amount less than 5% of Penneco's consolidated gross revenues and were consummated on arm's length terms.

SECTION 16(A) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our executive officers and directors and persons who own more than 10% of our common units to file reports of ownership and changes in ownership concerning our common units with the SEC and to furnish us with copies of all Section 16(a) forms they file. Based solely upon our review of the Section 16(a) filings that have been received by us, we believe that all filings required to be made under Section 16(a) during 2008 were timely made except for the following late filings by each of our independent directors. Each of George A. Alcorn, Terrence S. Jacobs, Jeffrey C. Swoveland and Joseph P. McCoy, was late in reporting his respective grant of 3,946 phantom units granted on June 9, 2008. Each filed a Form 4 on July 23, 2008 reporting the transaction.
