DIAMONDS TRUST SERIES 1
NOTES TO FINANCIAL STATEMENTS
APRIL 30, 2005 (UNAUDITED)

NOTE 1 -- ORGANIZATION

DIAMONDS Trust Series 1 (the "Trust") is a unit investment trust created under the laws of the State of New York and registered under the Investment Company Act of 1940. The Trust was created to provide investors with the opportunity to purchase units of beneficial interest in the Trust representing proportionate undivided interests in the portfolio of securities consisting of substantially all of the component common stocks, which comprise the Dow Jones Industrial Average (the "DJIA"). Each unit of fractional undivided interest in the Trust is referred to as a "DIAMONDS". The Trust commenced operations on January 14, 1998 upon the initial issuance of 500,000 DIAMONDS (equivalent to ten "Creation Units" -- see Note 4) in exchange for a portfolio of securities assembled to reflect the intended portfolio composition of the Trust.

NOTE 2 -- SIGNIFICANT ACCOUNTING POLICIES

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that effect the reported amounts and disclosures in the financial statements. Actual results could differ from these estimates. The following is a summary of significant accounting policies followed by the Trust.

SECURITY VALUATION

Portfolio securities are valued based on the closing sale price on the exchange which is deemed to be the principal market for the security, except for securities listed on the NASDAQ which are valued at the NASDAQ official closing price. If no closing sale price or official closing price is available, then the security is valued at the previous closing sale price on the exchange which is deemed to be the principal market for the security, or at the previous official closing price if the security is listed on the NASDAQ. If there is no closing sale price available or official closing price available, valuation will be determined by the Trustee in good faith based on available information.

INVESTMENT TRANSACTIONS

Investment transactions are recorded on the trade date. Realized gains and losses from the sale or disposition of securities are recorded on the identified cost basis. Dividend income is recorded on the ex-dividend date.

DISTRIBUTIONS TO UNITHOLDERS

The Trust declares and distributes dividends from net investment income to its unitholders monthly. The Trust will distribute net realized capital gains, if any, at least annually.

Edgar Filing: DIAMONDS TRUST SERIES I - Form N-30D

FEDERAL INCOME TAX

The Trust has qualified and intends to qualify as a "regulated investment company" under Subchapter M of the Internal Revenue Code of 1986, as amended. By so qualifying and electing, the Trust will not be subject to federal income taxes to the extent it distributes its taxable income, including any net realized capital gains, for each fiscal year. In addition, by distributing during each calendar year substantially all of its net investment income and capital gains, if any, the Trust will not be subject to federal excise tax. Income and capital gain distributions are determined in accordance with income tax regulations which may differ from generally

NOTE 2 -- SIGNIFICANT ACCOUNTING POLICIES (CONTINUED)

accepted accounting principles. These differences are primarily due to differing treatments for income equalization, in-kind transactions and losses deferred due to wash sales. Net investment income per share calculations in the financial highlights for all years presented exclude these differences.

During the six months ended April 30, 2005, the Trust reclassified \$432,146,952 of non-taxable security gains realized in the in-kind redemption of Creation Units (Note 4) as an increase to paid in surplus in the Statements of Assets and Liabilities.

At October 31, 2004, the Trust had the following capital loss carryforwards which may be used to offset any net realized gains, expiring October 31:

2007.....	\$ 9,197,094
2008.....	11,386,433
2010.....	2,065,467
2011.....	68,716,435
2012.....	221,260,584

EQUALIZATION

The Funds follow the accounting practice known as "Equalization" by which a portion of the proceeds from sales and costs of reacquiring capital shares, equivalent on a per share basis to the amount of distributable net investment income on the date of the transaction, is credited or charged to undistributed net investment income. As a result, undistributed net investment income per share is unaffected by sales or reacquisitions of capital shares.

NOTE 3 -- TRANSACTIONS WITH THE TRUSTEE AND SPONSOR

In accordance with the Trust Agreement, State Street Bank and Trust Company (the "Trustee") maintains the Trust's accounting records, acts as custodian and transfer agent to the Trust, and provides administrative services, including filing of all required regulatory reports. The Trustee is also responsible for determining the composition of the portfolio of securities which must be delivered and/or received in exchange for the issuance and/or redemption of Creation Units of the Trust, and for adjusting the composition of the Trust's portfolio

from time to time to conform to changes in the composition and/or weighting structure of the DJIA. For these services, the Trustee received a fee at the following annual rates for the six months ended April 30, 2005:

NET ASSET VALUE OF THE TRUST	FEE AS A PERCENTAGE OF NET ASSET VALUE OF THE TRUST
\$0 - \$499,999,999	10/100 of 1% per annum plus or minus the Adjustment Amount
\$500,000,000 - \$2,499,999,999	8/100 of 1% per annum plus or minus the Adjustment Amount
\$2,500,000,000 - and above	6/100 of 1% per annum plus or minus the Adjustment Amount

The Adjustment Amount is the sum of (a) the excess or deficiency of transaction fees received by the Trustee, less the expenses incurred in processing orders for creation and redemption of DIAMONDS and (b) the amounts earned by the Trustee with respect to the cash held by the Trustee for the benefit of the Trust. During the six months ended April 30, 2005, the Adjustment Amount decreased the Trustee's fee by \$44,507.

PDR Services LLC (the "Sponsor", a wholly-owned subsidiary of the American Stock Exchange LLC) agreed to reimburse the Trust for, or assume, the ordinary operating expenses of the Trust which exceeded 18.00/100 of 1% per annum of the daily net asset value of the Trust. The amounts of such reimbursements by the Sponsor for the fiscal years ended October 31, 2002, October 31, 2003, October 31, 2004 and the six-month period ended April 30, 2005 were \$0.

Dow Jones & Company, Inc. ("Dow Jones"), the American Stock Exchange LLC (the "AMEX"), and PDR Services (the "Sponsor") have entered into a License Agreement pursuant to which certain Dow Jones marks may be used in connection with the Trust subject to the payment of license fees.
