ITEM 5. OTHER EVENTS

As previously disclosed, since the end of March 2003 ATX Communications, Inc. (the "Company") has been reviewing and seeking strategic alternatives, including possible recapitalization and/or financing transactions, in order to significantly reduce the Company's overall indebtedness and ensure the Company's ongoing viability and growth. On December 19, 2003, this Company-led process culminated when Leucadia National Corporation ("Leucadia") purchased, at a significant discount, all of the Company's debt obligations under its senior secured credit facility, including \$156,100,000 in principal borrowings then outstanding under the facility. Further, the Company and Leucadia have entered into an amendment to the senior secured credit facility, under which Leucadia has agreed, subject to certain conditions and limitations, to refrain from exercising certain of its rights under the facility. Leucadia's purchase of the Company's senior secured debt was accomplished with the full support of the Company's board of directors and senior management and completes the first step in the recapitalization of the Company. The Company and Leucadia contemplate that a recapitalization of the Company may be implemented via a voluntary Chapter 11 reorganization or, possibly, outside of court. In the event that the Company determines to commence a voluntary reorganization proceeding,

Leucadia has agreed to make additional capital available to the Company at the outset and during the course of such a proceeding, subject to certain conditions. Subject to the terms of the documents filed herewith, Leucadia, an investor in other telecommunications assets, has agreed to work cooperatively with the Company to effectuate the Company's recapitalization so as to preserve and maximize the Company's operations and value.
