rate set at auctions, normally held weekly. In most instances dividends are also paid weekly, 27 on the day following the end of the rate period. The rate set at auction will not exceed the Maximum Rate. See "Description of MuniPreferred -- Dividends and Dividend Periods -- General." The table below also shows the date from which dividends on the MuniPreferred shares will accumulate at the initial rate, the dividend payment date for the initial rate period and the day on which dividends will normally be paid. If dividends are payable on a Monday or Tuesday and that day is not a business day, then your dividends will be paid on the first business day that falls after that day. If dividends are payable on a Wednesday, Thursday or Friday and that day is not a business day, then your dividends will be paid on the first business day prior to that day. Finally, the table below shows number of days of the initial rate period for the MuniPreferred. Subsequent rate periods generally will be seven days. The dividend payment date for special rate periods of more than 28 days will be set out in the notice designating a special rate period. See "Description of MuniPreferred -- Dividends and Dividend Periods -- Designation of Special Rate Periods."

Taxation..... Because under normal circumstances the Fund will invest substantially all of its assets in municipal bonds that pay interest exempt from regular federal income tax, the income you receive will ordinarily be similarly exempt. Your income may be subject to state and local taxes. All or a portion of the income from these bonds will be subject to the federal alternative minimum tax, so MuniPreferred shares may not be a suitable investment if you are subject to this tax or would become subject to such tax by investing in MuniPreferred shares. Taxable income or gain earned by the Fund will be allocated proportionately to holders of MuniPreferred shares and Common Shares, based on the percentage of total dividends paid to each class for that year. Accordingly, certain specified MuniPreferred dividends may be subject to regular federal income tax on income or gains attributed to the Fund. The Fund intends to notify shareholders, before any applicable auction for a rate period of 28 days or less, of the amount of any taxable income and gain for regular federal income tax purposes to be paid for the period relating to that auction. For longer periods, the Fund may notify shareholders. In certain circumstances, the Fund will make shareholders whole for taxes owing on dividends paid to shareholders that include taxable income and gain. See "Tax Matters." Ratings..... Shares of each series of MuniPreferred will be issued with a rating of "aaa" from Moody's and "AAA" from S&P. Because the Fund is required to maintain at least one of these ratings, it must own portfolio securities of a sufficient value and with adequate credit quality to meet the rating agencies' guidelines. See "Description of MuniPreferred -- Rating Agency Guidelines and Asset Coverage." 3 8 Redemption..... Although the Fund does not ordinarily redeem MuniPreferred shares, it may be required to redeem shares if, for example, the Fund does not meet an asset coverage ratio required by law or to correct a failure to meet a rating agency guideline in a timely manner. The Fund voluntarily may redeem MuniPreferred shares in certain conditions. See "Description of MuniPreferred -- Redemption" and "Description of MuniPreferred -- Rating Agency Guidelines and Asset Coverage." Liquidation Preference..... The liquidation preference of the shares of each series of MuniPreferred will be \$25,000 per share plus accumulated but unpaid dividends, if any, thereon. See "Description of MuniPreferred -- Liquidation." Voting Rights..... The holders of Preferred Shares, including MuniPreferred, voting as a separate class, have the right to elect at least two trustees at all times and to elect a majority of the trustees in the event two years' dividends on the Preferred Shares are unpaid. In each case, the remaining trustees will be elected by holders of shares of Common Shares and shares of Preferred Shares, including MuniPreferred, voting together as a single class. The holders of shares of Preferred Shares, including MuniPreferred, will vote as a separate class or classes on certain	

other matters as required under the Declaration of Trust, the Investment Company Act of 1940 (the "1940 Act") and Massachusetts law. See "Description of MuniPreferred -- Voting Rights" and "Certain Provisions in the Declaration of Trust." 4 9 FINANCIAL HIGHLIGHTS Information contained in the table below under the headings "Per Share Operating Performance" and "Ratios/Supplemental Data" shows the unaudited operating performance of the Fund from the commencement of the Fund's operations on , 2001 until , 2001. Since the Fund was recently organized and commenced operations on , 2001, the table covers less than weeks of operations, during which a substantial portion of the Fund's portfolio was held in temporary investments pending investment in municipal bonds that meet the Fund's investment objectives and policies. Accordingly, the information presented may not provide a meaningful picture of the Fund's operating performances. (UNAUDITED) -----

Underrated municipal bonds are those whose ratings do not, in Nuveen Advisory's opinion, reflect their true creditworthiness. Undervalued municipal bonds are bonds that, in Nuveen Advisory's opinion, are worth more than the value assigned to them in the marketplace. Nuveen Advisory may at times believe that bonds associated with a particular municipal market sector (for example, electric utilities), or issued by a particular municipal issuer, are undervalued. Nuveen Advisory may purchase such a bond for the Fund's portfolio because it represents a market sector or issuer that Nuveen Advisory considers undervalued, even if the value of the particular bond appears to be consistent with the value of similar bonds. Municipal bonds of particular types (e.g., hospital bonds, industrial revenue bonds or bonds issued by a particular municipal issuer) may be undervalued because there is a temporary excess of supply in that market sector, or because of a general decline in the market price of municipal bonds of the market sector for reasons that do not apply to the particular municipal bonds that are considered undervalued. The Fund's investment in underrated or undervalued municipal bonds will be based on Nuveen Advisory's belief that their yield is higher than that available on bonds bearing equivalent levels of interest rate risk, credit risk and other forms of risk, and that their prices will ultimately rise (relative to the market) to reflect their true value. The Fund attempts to increase its portfolio value relative to the municipal bond market by prudent selection of municipal bonds regardless of the direction the market may move. Any capital appreciation realized by the Fund will generally result in the distribution of taxable capital gains to Common Shareholders. Under normal market conditions, the Fund will invest its net assets in a portfolio of municipal bonds that are exempt from regular federal and New Jersey income taxes. Under normal market conditions, the Fund expects to be fully invested (at least 95% of its assets) in such tax-exempt municipal bonds. After the completion of the offering through March 31, 2002, the Fund may invest in Out of State Bonds, provided that no more than 10% of the Fund's investment income during that time may be derived from Out of State Bonds. The Fund will purchase Out of State Bonds if other suitable investments are not available. Investment in Out of State Bonds would result in a portion of your dividends being subject to New Jersey income taxes. For more information, see the statement of additional information. The Fund will invest at least 80% of its net assets in investment grade quality municipal bonds. Investment grade quality means that such bonds are rated, at the time of investment, within the four highest grades (Baa or BBB or better by Moody's, S&P or Fitch) or are unrated but judged to be of comparable quality by Nuveen Advisory. The Fund may invest up to 20% of its net assets in municipal bonds that are rated, at the time of investment, Ba/BB or B by Moody's, S&P or Fitch or that are unrated but judged to be of comparable quality by Nuveen Advisory. Bonds of below investment grade quality (Ba/BB or below) are commonly referred to as junk bonds. Bonds of below investment grade quality are regarded as having predominately speculative characteristics with respect to capacity to pay interest and repay principal. The foregoing credit quality policies apply only at the time a security is purchased, and the Fund is not required to dispose of a security in the event that a rating agency downgrades its assessment of the credit characteristics of a particular issue. In determining whether to retain or sell such a security, Nuveen Advisory may consider such factors as Nuveen Advisory's assessment of the credit quality of the issuer of such security, the price at which such security could be sold and the rating, if any, assigned to such security by other rating agencies. A general description of Moody's, S&P's and Fitch's ratings of municipal bonds is set forth in Appendix B to the statement of additional information. See "-- Municipal Bonds" below for a general description of the economic and credit characteristics of municipal issuers in New Jersey. The Fund may also invest in securities of other open- or closed-end investment companies that invest primarily in municipal bonds 8 13 of the types in which the Fund may invest directly. See "-- Other Investment Companies" and "-- Initial Portfolio Composition." The Fund may purchase municipal bonds that are additionally secured by insurance, bank credit agreements, or escrow accounts. The credit quality of companies which provide such credit enhancements will affect the value of those securities. Although the insurance feature reduces certain financial risks, the premiums for insurance and the higher market price paid for insured obligations may reduce the Fund's income. Insurance generally will be obtained from insurers with a claims-paying ability rated Aaa by Moody's or AAA by S&P or Fitch. The insurance feature does not guarantee the market value of the insured obligations or the net asset value of the Common Shares. Upon Nuveen Advisory's recommendation, during temporary defensive periods and in order to keep the Fund's cash fully invested, including the period during which the net proceeds of the

offering are being invested, the Fund may invest up to 100% of its net assets in short-term investments including high quality, short-term securities that may be either tax-exempt or taxable. The Fund intends to invest in taxable short-term investments only in the event that suitable tax-exempt short-term investments are not available at reasonable prices and yields. Investment in taxable short-term investments would result in a portion of your dividends being subject to regular federal and New Jersey income taxes. For more information, see the statement of additional information. The Fund cannot change its investment objectives without the approval of the holders of a "majority of the outstanding" Common Shares and MuniPreferred voting together as a single class, and of the holders of a "majority of the outstanding" MuniPreferred voting as a separate class. A "majority of the outstanding," means (i) 67% or more of the shares present at a meeting, if the holders of more than 50% of the shares are present or represented by proxy, or (ii) more than 50% of the shares, whichever is less. See "Description of MuniPreferred -- Voting Rights" for additional information with respect to the voting rights of holders of MuniPreferred shares. If you are, or as a result of investment in the Fund would become, subject to the federal alternative minimum tax, the Fund may not be a suitable investment for you because the Fund expects that a substantial portion of its investments will pay interest that is taxable under the federal alternative minimum tax. Special rules apply to corporate holders. In addition, capital gains distributions will be subject to capital gains taxes. See "Tax Matters." MUNICIPAL BONDS General. Municipal bonds are either general obligation or revenue bonds and typically are issued to finance public projects (such as roads or public buildings), to pay general operating expenses, or to refinance outstanding debt. Municipal bonds may also be issued for private activities, such as housing, medical and educational facility construction, or for privately owned industrial development and pollution control projects. General obligation bonds are backed by the full faith and credit, or taxing authority, of the issuer and may be repaid from any revenue source; revenue bonds may be repaid only from the revenues of a specific facility or source. The Fund also may purchase municipal bonds that represent lease obligations. These carry special risks because the issuer of the bonds may not be obligated to appropriate money annually to make payments under the lease. In order to reduce this risk, the Fund will only purchase municipal bonds representing lease obligations where Nuveen Advisory believes the issuer has a strong incentive to continue making appropriations until maturity. The municipal bonds in which the Fund will invest are generally issued by the State of New Jersey, a city in New Jersey, or a political subdivision of such State or City, and pay interest that, in the opinion of bond counsel to the issuer (or on the basis of other authority believed by Nuveen Advisory to be reliable), is exempt from regular federal and New Jersey income taxes, although the interest may be subject to the federal alternative minimum tax. The Fund may invest in municipal bonds issued by United States possessions (such as Puerto Rico or Guam) that are exempt from regular federal and New Jersey income taxes. Through March 31, 2002, the Fund may also invest in Out Of State Bonds subject to the limitations described under "-- Investment Objectives and Policies." 9 14 The yields on municipal bonds depend on a variety of factors, including prevailing interest rates and the condition of the general money market and the municipal bond market, the size of a particular offering, the maturity of the obligation and the rating of the issue. The market value of municipal bonds will vary with changes in interest rate levels and as a result of changing evaluations of the ability of their issuers to meet interest and principal payments. The Fund will primarily invest in municipal bonds with long-term maturities in order to maintain a weighted average maturity of 15-30 years, but the weighted average maturity of obligations held by the Fund may be shortened, depending on market conditions. Special Considerations Relating to New Jersey Municipal Bonds. The following information provides only a brief summary of the complex factors affecting the financial situation in New Jersey (the "State") and is derived from sources that are generally available to investors and is believed to be accurate. It is based in part on information obtained from various State and local agencies in New Jersey. Additional information regarding the factors affecting the financial situation in New Jersey may be found in the statement of additional information. It should be noted that the creditworthiness of obligations issued by local New Jersey issuers may be unrelated to the creditworthiness of obligations issued by the State of New Jersey, and that there is no obligation on the part of the State to make payment on such local obligations in the event of default. It should be noted that the creditworthiness of obligations issued by local New Jersey issuers may be unrelated to the creditworthiness of obligations issued by the State of New Jersey, and that there is no obligation on the part of the State to make payment on such local obligations in the event of default. New Jersey's economic base remains among the most diverse in the country. The State's economic growth rates continue to outpace regional growth rates, although they remain below the national average. The State has recovered the jobs it lost during the national recession of the early 1990's, which severely affected New Jersey and much of the Northeast region. As a result, the State's

unemployment rate has dropped to record low levels registering approximately 3.9% in 2000, down from approximately 4.6% the previous year. Although its income growth rate lagged or just equaled the national rate, New Jersey remains one of the country's wealthiest states, with a per capita income of \$36,106 in 1999, ranking it second among the states in per capita income. New Jersey's general obligation bonds were rated Aa1 by Moody's, AA+ by S&P and AA+ by Fitch. These ratings reflect the State's credit quality only, and do not indicate the creditworthiness of other tax-exempt securities in which the Fund may invest. Furthermore, it cannot be assumed that the State will maintain its current credit ratings. The foregoing information constitutes only a brief summary of some of the general factors which may impact certain issuers of municipal bonds and does not purport to be a complete or exhaustive description of all adverse conditions to which the issuers of municipal bonds held by the Fund are subject. Additionally, many factors including national economic, social and environmental policies and conditions, which are not within the control of the issuers of the municipal bonds, could affect or could have an adverse impact on the financial condition of the issuers. The Fund is unable to predict whether or to what extent such factors or other factors may affect the issuers of the municipal bonds, the market value or marketability of the municipal bonds or the ability of the respective issuers of the municipal bonds acquired by the Fund to pay interest on or principal of the municipal bonds. This information has not been independently verified.

WHEN-ISSUED AND DELAYED DELIVERY TRANSACTIONS The Fund may buy and sell municipal bonds on a when-issued or delayed delivery basis, making payment or taking delivery at a later date, normally within 15 to 45 days of the trade date. This type of transaction may involve an element of risk because no interest accrues on the bonds prior to settlement and, since bonds are subject to market fluctuations, the value of the bonds at the time of delivery may be less (or more) than cost. A separate account of the Fund will be established with its custodian consisting of cash, cash equivalents, or liquid securities having a market value at all times at least equal to the amount of the commitment.

10 15 OTHER INVESTMENT COMPANIES The Fund may invest up to 10% of its net assets in securities of other open- or closed-end investment companies that invest primarily in municipal bonds of the types in which the Fund may invest directly. The Fund generally may invest in other investment companies either during periods when it has large amounts of uninvested cash, such as the period shortly after the Fund receives the proceeds of the offering of its Common Shares or MuniPreferred Shares, or during periods when there is a shortage of attractive, high-yielding municipal bonds available in the market. However, due to current New Jersey tax regulations, the Fund does not currently intend to invest in other investment companies. As a shareholder in an investment company, the Fund will bear its ratable share of that investment company's expenses, and would remain subject to payment of the Fund's advisory and administrative fees with respect to assets so invested. Common Shareholders would therefore be subject to duplicative expenses to the extent the Fund invests in other investment companies. Nuveen Advisory will take expenses into account when evaluating the investment merits of an investment in the investment company relative to available municipal bond investments. In addition, the securities of other investment companies may also be leveraged and will therefore be subject to the same leverage risks described herein. As described in the prospectus in the section entitled "Risks," the net asset value and market value of leveraged shares will be more volatile and the yield to shareholders will tend to fluctuate more than the yield generated by unleveraged shares.

INITIAL PORTFOLIO COMPOSITION If current market conditions persist, the Fund expects that approximately [85%] of its initial portfolio will consist of investment grade quality municipal bonds, rated as such at the time of investment, meaning that such bonds are rated by national rating agencies within the four highest grades of the investment grade category or are unrated but judged to be of comparable quality by Nuveen Advisory (approximately 50% in Aaa/AAA; 20% in Aa/AA; 10% in A; and 15% in Baa/BBB). The Fund will generally select obligations which may not be redeemed at the option of the issuer for approximately seven to nine years from the date of purchase by the Fund. See the statement of additional information under "Other Investment Policies and Techniques -- Portfolio Trading and Turnover Rate." Subject to market availability, the Fund would likely seek to invest approximately 5% of its initial portfolio in municipal bonds that are, at the time of investment, either rated below investment grade or that are unrated but judged to be of comparable quality by Nuveen Advisory. See "-- Investment Objectives and Policies."

RISK FACTORS Risk is inherent in all investing. Investing in any investment company security involves risk, including the risk that you may receive little or no return on your investment or even that you may lose part or all of your investment. Therefore, before investing you should consider carefully the following risks that you assume when you invest in MuniPreferred shares.

INTEREST RATE RISK The Fund issues MuniPreferred shares, which pay dividends based on short-term interest rates, and uses the proceeds to buy municipal bonds, which pay interest based on long-term yields. Long-term

municipal bond yields are typically, although not always, higher than short-term interest rates. Both long-term and short-term interest rates may fluctuate. If short-term interest rates rise, MuniPreferred rates may rise so that the amount of dividends paid to MuniPreferred shareholders exceeds the income from the portfolio securities purchased with the proceeds from the sale of MuniPreferred shares. Because income from the Fund's entire investment portfolio (not just the portion of the portfolio purchased with the proceeds of the MuniPreferred share offering) is available to pay MuniPreferred dividends, however, MuniPreferred dividend rates would need to greatly exceed the Fund's net portfolio income before the Fund's ability to pay MuniPreferred dividends would be jeopardized. If long-term rates rise, the value of the Fund's investment portfolio will decline, reducing the amount of assets serving as asset coverage for the MuniPreferred shares.

11 16 AUCTION RISK You may not be able to sell your MuniPreferred shares at an auction if the auction fails; that is, if there are more MuniPreferred shares offered for sale than there are buyers for those shares. Also, if you place hold orders (orders to retain MuniPreferred shares) at an auction only at a specified rate, and that bid rate exceeds the rate set at the auction, you will not retain your MuniPreferred shares. Finally, if you buy shares or elect to retain shares without specifying a rate below which you would not wish to continue to hold those shares, and the auction sets a below-market rate, you may receive a lower rate of return on your shares than the market rate. See "Description of MuniPreferred" and "The Auction -- Auction Procedures."

SECONDARY MARKET RISK If you try to sell your MuniPreferred shares between auctions, you may not be able to sell any or all of your shares, or you may not be able to sell them for \$25,000 per share or \$25,000 per share plus accumulated dividends. If the Fund has designated a special rate period (a rate period of more than 7 days), changes in interest rates could affect the price you would receive if you sold your shares in the secondary market. Broker-dealers that maintain a secondary trading market for MuniPreferred shares are not required to maintain this market, and the Fund is not required to redeem shares either if an auction or an attempted secondary market sale fails because of a lack of buyers. MuniPreferred shares are not registered on a stock exchange or the NASDAQ stock market. If you sell your MuniPreferred shares to a broker-dealer between auctions, you may receive less than the price you paid for them, especially when market interest rates have risen since the last auction. Accrued MuniPreferred dividends, however, should at least partially compensate for the increased market interest rates.

RATINGS AND ASSET COVERAGE RISK While Moody's and S&P assign ratings of "aaa" or "AAA" to MuniPreferred shares, the ratings do not eliminate or necessarily mitigate the risks of investing in MuniPreferred shares. A rating agency could downgrade MuniPreferred shares, which may make your shares less liquid at an auction or in the secondary market, though probably with higher resulting dividend rates. If a rating agency downgrades MuniPreferred shares, the Fund will alter its portfolio or redeem MuniPreferred shares. The Fund may voluntarily redeem MuniPreferred shares under certain circumstances. See "Description of MuniPreferred -- Rating Agency Guidelines and Asset Coverage" for a description of the asset maintenance tests the Fund must meet.

INFLATION RISK Inflation is the reduction in the purchasing power of money resulting from the increase in the price of goods and services. Inflation risk is the risk that the inflation adjusted (or "real") value of your MuniPreferred investment or the income from that investment will be worth less in the future. As inflation occurs, the real value of the MuniPreferred shares and distributions declines. In an inflationary period, however, it is expected that, through the auction process, MuniPreferred dividend rates would increase, tending to offset this risk.

CREDIT RISK Credit risk is the risk that an issuer of a municipal bond will become unable to meet its obligation to make interest and principal payments. In general, lower rated municipal bonds carry a greater degree of credit risk. If rating agencies lower their ratings of municipal bonds in the Fund's portfolio, the value of those bonds could decline, which could jeopardize the rating agencies' ratings of the MuniPreferred. Because the primary source of income for the Fund is the interest and principal payments on the municipal bonds in which it invests, any default by an issuer of a municipal bond could have a negative impact on the Fund's ability to pay dividends on the MuniPreferred shares and could result in the redemption of some or all of the MuniPreferred shares. In addition, the Fund may invest up to 20% of its net assets in municipal bonds that are rated Ba/BB or B by Moody's, S&P or Fitch or that are unrated but judged to be of comparable quality by Nuveen Advisory. Bonds rated Ba/BB or B are regarded as having predominately speculative characteristics with respect to capacity to pay interest and repay principal, and these bonds are commonly referred to as "junk bonds." The 12 17 prices of these bonds are more sensitive to negative developments, such as a decline in the issuer's revenues or a general economic downturn, than are the prices of higher grade securities.

CONCENTRATION IN NEW JERSEY ISSUERS The Fund's policy of investing primarily in municipal obligations of issuers located in New Jersey makes the Fund more susceptible to adverse economic, political or regulatory occurrences affecting such issuers. For unique considerations relating to

New Jersey municipal bonds, see "The Fund's Investments -- Municipal Bonds -- Special Considerations Relating to New Jersey Municipal Bonds." **INCOME RISK** The Fund's income is based primarily on the interest it earns from its investments, which can vary widely over the short- and long-term. If interest rates drop, the Fund's income available over time to make dividend payments with respect to the MuniPreferred could drop as well if the Fund purchases securities with lower interest coupons. This risk is magnified when prevailing short-term interest rates increase and the Fund holds residual interest municipal bonds. **CALL RISK** If interest rates fall, it is possible that issuers of callable bonds with higher interest coupons will "call" (or prepay) their bonds before their maturity date. If a call were exercised by the issuer during a period of declining interest rates, the Fund is likely to replace such called security with a lower yielding security. **NON-DIVERSIFICATION** Because the Fund is classified as "non-diversified" under the 1940 Act, it can invest a greater portion of its assets in obligations of a single issuer. As a result, the Fund will be more susceptible than a more widely diversified fund to any single corporate, economic, political or regulatory occurrence. See "The Fund's Investments." In addition, the Fund must satisfy certain asset diversification rules in order to qualify as a regulated investment company for federal income tax purposes. **HOW THE FUND MANAGES RISK INVESTMENT LIMITATIONS** The Fund has adopted certain investment limitations designed to limit investment risk and maintain portfolio diversification. These limitations are fundamental and may not be changed without the approval of the holders of a majority of the outstanding Common Shares and MuniPreferred voting together as a single class, and the approval of the holders of a majority of the outstanding MuniPreferred voting as a separate class. Among other restrictions, the Fund may not invest more than 25% of total Fund assets in securities of issuers in any one industry, except that this limitation does not apply to municipal bonds backed by the assets and revenues of governments or political subdivisions of governments. The Fund is subject to guidelines which are more limiting than the investment restriction set forth above in order to obtain and maintain ratings from Moody's or S&P on the MuniPreferred. See "Investment Objectives -- Investment Restrictions" for a complete list of the fundamental and non-fundamental investment policies of the Fund. **QUALITY INVESTMENTS** The Fund will invest at least 80% of its net assets in bonds of investment grade quality at the time of investment. Investment grade quality means that such bonds are rated by national rating agencies within the four highest grades (Baa or BBB or better by Moody's, S&P or Fitch) or are unrated but judged to be of comparable quality by Nuveen Advisory. **13 18 HEDGING STRATEGIES** The Fund may use various investment strategies designed to limit the risk of bond price fluctuations and to preserve capital. These hedging strategies include using financial futures contracts, options on financial futures or options based on either an index of long-term municipal securities or on taxable debt securities whose prices, in the opinion of Nuveen Advisory, correlate with the prices of the Fund's investments. Successful implementation of most hedging strategies would generate taxable income and the Fund has no present intention to use these strategies. **MANAGEMENT OF THE FUND TRUSTEES AND OFFICERS** The Board of Trustees is responsible for the management of the Fund, including supervision of the duties performed by Nuveen Advisory. There are seven trustees of the Fund, one of whom is an "interested person" (as defined in the 1940 Act) and six of whom are not "interested persons." The names and business addresses of the trustees and officers of the Fund and their principal occupations and other affiliations during the past five years are set forth under "Management of the Fund" in the statement of additional information. **INVESTMENT ADVISER** Nuveen Advisory, 333 West Wacker Drive, Chicago, Illinois 60606, serves as the investment adviser to the Fund. In this capacity, Nuveen Advisory is responsible for the selection and ongoing monitoring of the municipal bonds in the Fund's investment portfolio, managing the Fund's business affairs and providing certain clerical, bookkeeping and administrative services. Nuveen Advisory serves as investment adviser to investment portfolios with more than \$35 billion in assets under management. See the statement of additional information under "Management of the Fund -- Investment Adviser." Nuveen Advisory is responsible for execution of specific investment strategies and day-to-day investment operations. Nuveen Advisory manages the Fund using a team of analysts and portfolio managers that focus on a specific group of funds. Thomas C. Spalding is the portfolio manager of the Fund and will provide daily oversight for, and execution of, the Fund's investment activities. Mr. Spalding has been a Vice President of Nuveen Advisory since 1990. Mr. Spalding is also a Chartered Financial Analyst and currently manages investments for eight Nuveen-sponsored investment companies. Nuveen Advisory is a wholly owned subsidiary of Nuveen, 333 West Wacker Drive, Chicago, Illinois 60606. Founded in 1898, Nuveen and its affiliates have over \$61 billion of net assets under management or surveillance. Nuveen is a subsidiary of The John Nuveen Company which, in turn, is a majority-owned subsidiary of The St. Paul Companies, Inc., a publicly traded company which is principally engaged in providing property-liability insurance through subsidiaries. 14 19

INVESTMENT MANAGEMENT AGREEMENT Pursuant to an investment management agreement between Nuveen Advisory and the Fund, the Fund has agreed to pay for the services and facilities provided by Nuveen Advisory an annual management fee, payable on a monthly basis, according to the following schedule: AVERAGE DAILY NET ASSETS* MANAGEMENT FEE ----- Up to \$125 million..... .6500% \$125 million to \$250 million..... .6375% \$250 million to \$500 million..... .6250% \$500 million to \$1 billion..... .6125% \$1 billion to \$2 billion..... .6000% \$2 billion and over..... .5750% ----- * Including net assets attributable to MuniPreferred shares. In addition to the fee of Nuveen Advisory, the Fund pays all other costs and expenses of its operations, including compensation of its trustees (other than those affiliated with Nuveen Advisory), custodian, transfer agency and dividend disbursing expenses, legal fees, expenses of independent auditors, expenses of repurchasing shares, expenses of preparing, printing and distributing shareholder reports, notices, proxy statements and reports to governmental agencies, and taxes, if any. For the first ten years of the Fund's operation, Nuveen Advisory has contractually agreed to reimburse the Fund for fees and expenses in the amounts, and for the time periods, set forth below: PERCENTAGE REIMBURSED (AS A PERCENTAGE YEAR ENDING OF AVERAGE MARCH 31, DAILY NET ASSETS) ----- 2001*..... 0.30% 2002..... 0.30% 2003..... 0.30% 2004..... 0.30% 2005..... 0.30% 2006..... 0.30% PERCENTAGE REIMBURSED (AS A PERCENTAGE YEAR ENDING OF AVERAGE MARCH 31, DAILY NET ASSETS) ----- 2007..... 0.25% 2008..... 0.20% 2009..... 0.15% 2010..... 0.10% 2011..... 0.05% ----- * From the commencement of operations. Nuveen Advisory has not agreed to reimburse the Fund for any portion of its fees and expenses beyond March 31, 2011. LEGAL PROCEEDINGS A lawsuit brought in June, 1996 (Green et al. v. Nuveen Advisory Corp., et al.) by certain individual common shareholders of six leveraged closed-end funds sponsored by Nuveen is currently pending in federal district court. The plaintiffs allege that the leveraged closed-end funds engaged in certain practices that violated various provisions of the 1940 Act and common law. The plaintiffs also alleged, among other things, breaches of fiduciary duty by the funds' trustees and Nuveen Advisory and various misrepresentations and omissions in prospectuses and shareholder reports relating to the use of leverage through the issuance and periodic auctioning of preferred stock and the basis of the calculation and payment of management fees to Nuveen Advisory and Nuveen. Plaintiffs also filed a motion to certify defendant and plaintiff cases. The defendants are vigorously defending the case and filed motions to dismiss the entire lawsuit asserting that the claims are without merit and to oppose certification of any classes. By opinion dated March 30, 1999, the court granted most of the defendants' motion to dismiss and denied plaintiffs' motion to certify defendant and plaintiff classes. The court dismissed all claims against the funds, the funds' trustees and Nuveen. The court dismissed these claims without prejudice (which means the plaintiff can refile and they can correct the 15 20 defect that led to the claim being dismissed) on the ground that the claims should have been brought as derivative claims on behalf of the funds. The only remaining claim is brought under Section 36(b) of the 1940 Act against Nuveen Advisory, and relates solely to advisory fees Nuveen Advisory received from the six relevant funds. Discovery is underway on that single claim. While the Fund cannot assure that the litigation will be decided in Nuveen Advisory's favor, Nuveen Advisory believes a decision, if any, against it would have no material adverse effect on the Fund or the ability of Nuveen Advisory to perform its duties under the investment management agreement. DESCRIPTION OF MUNIPREFERRED The following is a brief description of the terms of the shares of MuniPreferred. This description does not purport to be complete and is subject to and qualified in its entirety by reference to the more detailed description of the shares of MuniPreferred in the Fund's Statement Establishing and Fixing the Rights and Preferences of Municipal Auction Rate Cumulative Preferred Shares (the "Statement") attached as Appendix A to the statement of additional information. GENERAL The Fund's Declaration authorizes the issuance of an unlimited number of preferred shares, par value \$.01 per share, in one or more classes or series, with rights as determined by the Board of Trustees without the approval of common shareholders. The Statement currently authorizes the issuance of 10,000 shares of MuniPreferred Series . All shares of MuniPreferred will have a liquidation preference of \$25,000 per share plus an amount equal to accumulated but unpaid dividends (whether or not earned or declared). The shares of MuniPreferred of each series will rank on parity with shares of any other series of MuniPreferred, and with shares of any other series of preferred shares of the Fund, as to the payment of dividends and the distribution of assets upon liquidation. All shares of MuniPreferred carry one vote per share on all matters on which such shares are entitled to be voted. Shares of MuniPreferred are, when issued, fully paid and non-assessable and have no preemptive, conversion or

rights to cumulative voting. DIVIDENDS AND DIVIDEND PERIODS General. The initial Rate Period of shares of a series of MuniPreferred of a particular series will be a period consisting of days. Any Subsequent Rate Period of shares of a series of MuniPreferred will be a Minimum Rate Period (7 Rate Period Days), unless the Fund, subject to certain conditions, designates such Subsequent Rate Period as a Special Rate Period. See "-- Designation of Special Rate Periods" below. Dividends on shares of each series of MuniPreferred shall be payable, when, as and if declared by the Board out of funds legally available therefor in accordance with the Declaration, including the Statement, and applicable law, on shares of MuniPreferred, Series , on , 2001, and thereafter on each ; provided, however, that (i) if the Monday or the Tuesday on which dividends would otherwise be payable as set forth above is not a Business Day, then such dividends shall be payable on such shares on the first Business Day that falls after such Monday or Tuesday, as the case may be; (ii) if the Wednesday, Thursday or Friday on which dividends would otherwise be payable as set forth above is not a Business Day, then such dividends shall be payable on such shares on the first Business Day that falls prior to such Wednesday, Thursday or Friday, as the case may be; and (iii) the Fund may specify different Dividend Payment Dates in respect of any Special Rate Period of more than 28 Rate Period Days. The amount of dividends per share payable on shares of a series of MuniPreferred on any date on which dividends shall be payable on shares of such series shall be computed by multiplying the Applicable Rate for shares of such series in effect for such Dividend Period or Dividend Periods or part thereof for which dividends have not been paid by a fraction, the numerator of which shall be the number of days in such Dividend Period or Dividend Periods or part thereof and the denominator of which shall be 365 if such Dividend Period consists of 7 Rate Period Days and 360 for all other Dividend Periods, and applying the rate obtained against \$25,000. 16 21 Dividends will be paid through the Securities Depository on each Dividend Payment Date in accordance with its normal procedures, which currently provide for it to distribute dividends in next-day funds to Agent Members, who in turn are expected to distribute such dividend payments to the persons for whom they are acting as agents. Each of the current Broker-Dealers, however, has indicated to the Fund that such Broker-Dealer or the Agent Member designated by such Broker-Dealer will make such dividend payments available in same-day funds on each Dividend Payment Date to customers that use such Broker-Dealer or its designee as Agent Member. Dividends on shares of each series of MuniPreferred will accumulate from the Date of Original Issue thereof. The dividend rate for shares of MuniPreferred of a particular series for the initial Rate Period for such shares shall be % per annum for Series . For each Subsequent Rate Period of shares of MuniPreferred of a particular series, the dividend rate for such shares will be the Applicable Rate for such shares that the Auction Agent advises the Fund results from an Auction, except as provided below. The Applicable Rate that results from an Auction for shares of any series of MuniPreferred will not be greater than the Maximum Rate for shares of such series, which is: (a) in the case of any Auction Date which is not the Auction Date immediately prior to the first day of any proposed Special Rate Period, the product of (i) the Reference Rate on such Auction Date for the next Rate Period of shares of such series and (ii) the Rate Multiple on such Auction Date, unless shares of such series have or had a Special Rate Period (other than a Special Rate Period of 28 Rate Period Days or fewer) and an Auction at which Sufficient Clearing Bids existed has not yet occurred for a Minimum Rate Period of shares of such series after such Special Rate Period, in which case the higher of: (A) the dividend rate on shares of such series for the then-ending Rate Period; and (B) the product of (x) the higher of (I) the Reference Rate on such Auction Date for a Rate Period equal in length to the then-ending Rate Period of shares of such series, if such then-ending Rate Period was 364 Rate Period Days or fewer, or the Treasury Note Rate on such Auction Date for a Rate Period equal in length to the then-ending Rate Period of shares of such series, if such then-ending Rate Period was more than 364 Rate Period Days, and (II) the Reference Rate on such Auction Date for a Rate Period equal in length to such Special Rate Period of shares of such series, if such Special Rate Period was 364 Rate Period Days or fewer, or the Treasury Note Rate on such Auction Date for a Rate Period equal in length to such Special Rate Period, if such Special Rate Period was more than 364 Rate Period Days and (y) the Rate Multiple on such Auction Date; or (b) in the case of any Auction Date which is the Auction Date immediately prior to the first day of any proposed Special Rate Period, the product of (i) the highest of (x) the Reference Rate on such Auction Date for a Rate Period equal in length to the then-ending Rate Period of shares of such series, if such then-ending Rate Period was 364 Rate Period Days or fewer, or the Treasury Note Rate on such Auction Date for a Rate Period equal in length to the then-ending Rate Period of shares of such series, if such then-ending Rate Period was more than 364 Rate Period Days, (y) the Reference Rate on such Auction Date for the Special Rate Period for which the Auction is being held if such Special Rate Period is 364 Rate Period Days or fewer or the Treasury Note Rate on such Auction Date for the Special Rate Period for which the

Auction is being held if such Special Rate Period is more than 364 Rate Period Days, and (z) the Reference Rate on such Auction Date for Minimum Rate Periods and (ii) the Rate Multiple on such Auction Date. If an Auction for any Subsequent Rate Period of shares of any series of MuniPreferred is not held for any reason other than as described below, the dividend rate on shares of such series for such Subsequent Rate Period will be the Maximum Rate for shares of such series on the Auction Date for such Subsequent Rate Period. If the Fund fails to pay in a timely manner to the Auction Agent the full amount of any dividend on, or the redemption price of, any shares of any series of MuniPreferred during any Rate Period thereof (other than any Special Rate Period of more than 364 Rate Period Days or any Rate Period succeeding any Special Rate 17 22 Period of more than 364 Rate Period Days during which such a failure occurred that has not been cured), but, prior to 12:00 Noon on the third Business Day next succeeding the date such failure occurred, such failure shall have been cured and the Fund shall have paid a late charge, as described more fully in the Statement, no Auction will be held in respect of shares of such series for the first Subsequent Rate Period thereof thereafter and the dividend rate for shares of such series for such Subsequent Rate Period will be the Maximum Rate for shares of such series on the Auction Date for such Subsequent Rate Period. If the Fund fails to pay in a timely manner to the Auction Agent the full amount of any dividend on, or the redemption price of, any shares of any series of MuniPreferred during any Rate Period thereof (other than any Special Rate Period of more than 364 Rate Period Days or any Rate Period succeeding any Special Rate Period of more than 364 Rate Period Days during which such a failure occurred that has not been cured), and, prior to 12:00 Noon on the third Business Day next succeeding the date on which such failure occurred, such failure shall not have been cured or the Fund shall not have paid a late charge, as described more fully in the Statement, no Auction will be held in respect of shares of such series for the first Subsequent Rate Period thereof thereafter (or for any Rate Period thereof thereafter to and including the Rate Period during which such failure is so cured and such late charge so paid) (such late charge to be paid only in the event Moody's is rating such shares at the time the Fund cures such failure), and the dividend rate for shares of such series for each such Subsequent Rate Period shall be a rate per annum equal to the Maximum Rate for shares of such series on the Auction Date for such Subsequent Rate Period (but with the prevailing rating for shares of such series, for purposes of determining such Maximum Rate, being deemed to be "Below 'ba3'/BB2"). If the Fund fails to pay in a timely manner to the Auction Agent the full amount of any dividend on, or the redemption price of, any shares of any series of MuniPreferred during a Special Rate Period thereof of more than 364 Rate Period Days, or during any Rate Period thereof succeeding any Special Rate Period of more than 364 Rate Period Days during which such a failure occurred that has not been cured, and such failure shall not have been cured or the Fund shall not have paid a late charge, as described more fully in the Statement, no Auction will be held in respect of shares of such series for such Subsequent Rate Period thereof (or for any Rate Period thereof thereafter to and including the Rate Period during which such failure is so cured and such late charge so paid) (such late charge to be paid only in the event Moody's is rating such shares at the time the Fund cures such failure), and the dividend rate for shares of such series for each such Subsequent Rate Period shall be a rate per annum equal to the Maximum Rate for shares of such series on the Auction Date for each such Subsequent Rate Period (but with the prevailing rating for shares of such series, for purposes of determining such Maximum Rate, being deemed to be "Below 'ba3'/BB2"). A failure to pay dividends on, or the redemption price of, shares of any series of MuniPreferred shall have been cured with respect to any Rate Period thereof if, within the respective time periods described in the Statement, the Fund shall have paid to the Auction Agent (a) all accumulated and unpaid dividends on the shares of such series and (b) without duplication, the redemption price for shares, if any, of such series for which notice of redemption has been mailed by the Fund; provided, however, that the foregoing clause (b) shall not apply to the Fund's failure to pay the redemption price in respect of shares of MuniPreferred when the related notice of redemption provides that redemption of such shares is subject to one or more conditions precedent and any such condition precedent shall not have been satisfied at the time or times and in the manner specified in such notice of redemption. Gross-up Payments. Holders of shares of MuniPreferred are entitled to receive, when, as and if declared by the Board, out of funds legally available therefor in accordance with the Declaration of Trust, including the Statement, and applicable law, dividends in an amount equal to the aggregate Gross-up Payments in accordance with the following: If, in the case of any Minimum Rate Period or any Special Rate Period of 28 Rate Period Days or fewer, the Fund allocates any net capital gain or other income taxable for regular federal income tax purposes to a dividend paid on shares of MuniPreferred without having given advance notice thereof to the Auction Agent as described below under "The Auction -- Auction Procedures" (a "Taxable Allocation") solely by reason of the fact that such allocation is made retroactively as a result of the redemption of all or a portion of

the outstanding shares of MuniPreferred or the liquidation of the Fund, the Fund will, prior to the end of the 18²³ calendar year in which such dividend was paid, provide notice thereof to the Auction Agent and direct the Fund's dividend disbursing agent to send such notice with a Gross-up Payment to each holder of shares (initially Cede & Co., as nominee of the Securities Depository) that was entitled to such dividend payment during such calendar year at such holder's address as the same appears or last appeared on the stock books of the Fund. If, in the case of any Special Rate Period of more than 28 Rate Period Days, the Fund makes a Taxable Allocation to a dividend paid on shares of MuniPreferred, the Fund shall, prior to the end of the calendar year in which such dividend was paid, provide notice thereof to the Auction Agent and direct the Fund's dividend disbursing agent to send such notice with a Gross-up Payment to each holder of shares that was entitled to such dividend payment during such calendar year at such holder's address as the same appears or last appeared on the stock books of the Fund. A "Gross-up Payment" means payment to a holder of shares of MuniPreferred of an amount which, when taken together with the aggregate amount of Taxable Allocations made to such holder to which such Gross-up Payment relates, would cause such holder's dividends in dollars (after federal income tax consequences) from the aggregate of such Taxable Allocations and the related Gross-up Payment to be equal to the dollar amount of the dividends which would have been received by such holder if the amount of the aggregate Taxable Allocations would have been excludable from the gross income of such holder. Such Gross-up Payment shall be calculated: (a) without consideration being given to the time value of money; (b) assuming that no holder of shares of MuniPreferred is subject to the federal alternative minimum tax with respect to dividends received from the Fund; and (c) assuming that each Taxable Allocation and each Gross-up Payment (except to the extent such Gross-up Payment is designated as an exempt-interest dividend under Section 852(b)(5) of the Internal Revenue Code or successor provisions) would be taxable in the hands of each holder of shares of MuniPreferred at the maximum marginal combined regular federal and New Jersey income tax rate applicable to ordinary income (taking into account the federal income tax deductibility of state and local taxes paid or incurred) or net capital gain, as applicable, or the maximum marginal regular federal corporate income tax rate applicable to ordinary income or net capital gain, as applicable, whichever is greater, in effect at the time such Gross-up Payment is made. Restrictions on Dividends and Other Distributions. Except as otherwise described herein, for so long as any shares of MuniPreferred are outstanding, the Fund may not declare, pay or set apart for payment any dividend or other distribution (other than a dividend or distribution paid in, or in options, warrants or rights to subscribe for or purchase, its shares of Common Shares) in respect of its Common Shares or other shares of the Fund ranking prior to, or on parity with, shares of MuniPreferred as to the payments of dividends or the distribution of assets upon dissolution, liquidation or winding up, or call for redemption, redeem, purchase or otherwise acquire for consideration any Common Shares or other such junior shares or other such parity shares (except by conversion into or exchange for shares of the Fund ranking junior to the shares of MuniPreferred as to the payment of dividends and the distribution of assets upon liquidation), unless (a) full cumulative dividends on shares of each series of MuniPreferred through its most recently ended Dividend Period shall have been paid or shall have been declared and sufficient funds for the payment thereof deposited with the Auction Agent and (b) the Fund shall have redeemed the full number of shares of MuniPreferred required to be redeemed by any provision for mandatory redemption pertaining thereto. Except as otherwise described herein, for so long as any shares of MuniPreferred are outstanding, the Fund may not declare, pay or set apart for payment any dividend or other distribution (other than a dividend or distribution paid in shares of, or in options, warrants or rights to subscribe for or purchase, Common Shares or other shares, if any, ranking junior to shares of MuniPreferred as to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up) in respect of Common Shares or any other shares of the Fund ranking junior to shares of MuniPreferred as to the payment of dividends or the distribution of assets upon dissolution, liquidation or winding up, or call for redemption, redeem, purchase or otherwise acquire for consideration any Common Shares or any other such junior shares (except by conversion into or exchange for shares of the Fund ranking junior to shares of MuniPreferred as to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up), unless immediately after such transaction the Discounted Value of the 19²⁴ Fund's portfolio would at least equal the MuniPreferred Basic Maintenance Amount in accordance with guidelines of the rating agency or agencies then rating the shares of MuniPreferred. Except as set forth in the next sentence, no dividends shall be declared or paid or set apart for payment on the shares of any class or series of Fund shares ranking, as to the payment of dividends, on a parity with shares of MuniPreferred for any period unless full cumulative dividends have been or contemporaneously are declared and paid on the shares of each series of MuniPreferred through its most recent Dividend Payment Date.

When dividends are not paid in full upon the shares of each series of MuniPreferred through its most recent Dividend Payment Date or upon the shares of any other class or series of shares ranking on a parity as to the payment of dividends with shares of MuniPreferred through their most recent respective dividend payment dates, all dividends declared upon shares of MuniPreferred and any such other class or series of shares ranking on a parity as to the payment of dividends with shares of MuniPreferred shall be declared pro rata so that the amount of dividends declared per share on shares of MuniPreferred and such other class or series of shares shall in all cases bear to each other the same ratio that accumulated dividends per share on the shares of MuniPreferred and such other class or series of shares bear to each other.

Designation of Special Rate Periods. The Fund, at its option, may designate any succeeding Subsequent Rate Period of shares of a series of MuniPreferred as a Special Rate Period consisting of a specified number of Rate Period Days evenly divisible by seven and not more than 1,820 (approximately 5 years), subject to certain adjustments. A designation of a Special Rate Period shall be effective only if, among other things, (a) the Fund shall have given certain notices to the Auction Agent, (b) an Auction for shares of such series shall have been held on the Auction Date immediately preceding the first day of such proposed Special Rate Period and Sufficient Clearing Bids for shares of such series shall have existed in such Auction and (c) if the Fund shall have mailed a notice of redemption with respect to any shares of such series, the redemption price with respect to such shares shall have been deposited with the Auction Agent.

REDEMPTION Mandatory Redemption. In the event the Fund does not timely cure a failure to maintain (a) a Discounted Value of its portfolio equal to the MuniPreferred Basic Maintenance Amount or (b) the 1940 Act MuniPreferred Asset Coverage, in each case in accordance with the requirements of the rating agency or agencies then rating the shares of MuniPreferred, shares of MuniPreferred will be subject to mandatory redemption on a date specified by the Board out of funds legally available therefor in accordance with the Declaration of Trust, including the Statement, and applicable law, at the redemption price of \$25,000 per share plus an amount equal to accumulated but unpaid dividends thereon (whether or not earned or declared) to (but not including) the date fixed for redemption. Any such redemption will be limited to the number of shares of MuniPreferred necessary to restore the required Discounted Value or the 1940 Act MuniPreferred Asset Coverage, as the case may be.

Optional Redemption. Shares of MuniPreferred of each series are redeemable, at the option of the Fund: (a) as a whole or from time to time in part, on the second Business Day preceding any Dividend Payment Date for shares of such series, out of funds legally available therefor in accordance with the Declaration of Trust, including the Statement, and applicable law, at the redemption price of \$25,000 per share plus an amount equal to accumulated but unpaid dividends thereon (whether or not earned or declared) to (but not including) the date fixed for redemption; provided, however, that (i) shares of such series may not be redeemed in part if after such partial redemption fewer than 250 shares of such series would remain outstanding; (ii) shares of a series of MuniPreferred are redeemable by the Fund during the Initial Rate Period thereof only on the second Business Day next preceding the last Dividend Payment Date for such Initial Rate Period; and (iii) the notice establishing a Special Rate Period of shares of such series, as delivered to the Auction Agent and filed with the Secretary of the Fund, may provide that shares of such series shall not be redeemable during the whole or any part of such Special Rate Period (except as provided in clause (b) below) or shall be redeemable during the whole or any part 20 25 of such Special Rate Period only upon payment of such redemption premium or premiums as shall be specified therein; and (b) as a whole but not in part, out of funds legally available therefor in accordance with the Declaration of Trust, including the Statement, and applicable law, on the first day following any Dividend Period thereof included in a Rate Period of more than 364 Rate Period Days if, on the date of determination of the Applicable Rate for shares of such series for such Rate Period, such Applicable Rate equaled or exceeded on such date of determination the Treasury Note Rate for such Rate Period, at a redemption price of \$25,000 per share plus an amount equal to accumulated but unpaid dividends thereon (whether or not earned or declared) to (but not including) the date fixed for redemption. Notwithstanding the foregoing, if any dividends on shares of a series of MuniPreferred (whether or not earned or declared) are in arrears, no shares of such series shall be redeemed unless all outstanding shares of such series are simultaneously redeemed, and the Fund shall not purchase or otherwise acquire any shares of such series; provided, however, that the foregoing shall not prevent the purchase or acquisition of all outstanding shares of such series pursuant to the successful completion of an otherwise lawful purchase or exchange offer made on the same terms to, and accepted by, holders of all outstanding shares of such series.

LIQUIDATION Subject to the rights of holders of any series or class or classes of shares ranking on a parity with shares of MuniPreferred with respect to the distribution of assets upon liquidation of the Fund, upon a liquidation of the Fund, whether voluntary or involuntary, the holders of shares of MuniPreferred then outstanding will be entitled

to receive and to be paid out of the assets of the Fund available for distribution to its shareholders, before any payment or distribution shall be made on the Common Shares, an amount equal to the liquidation preference with respect to such shares (\$25,000 per share), plus an amount equal to all dividends thereon (whether or not earned or declared) accumulated but unpaid to (but not including) the date of final distribution in same-day funds, together with any applicable Gross-up Payments in connection with the liquidation of the Fund. After the payment to the holders of shares of MuniPreferred of the full preferential amounts provided for as described herein, the holders of shares of MuniPreferred as such shall have no right or claim to any of the remaining assets of the Fund. Neither the sale of all or substantially all the property or business of the Fund, nor the merger or consolidation of the Fund into or with any other corporation nor the merger or consolidation of any other corporation into or with the Fund, shall be a liquidation, whether voluntary or involuntary, for the purposes of the foregoing paragraph.

RATING AGENCY GUIDELINES AND ASSET COVERAGE The Fund is required under the 1940 Act and Moody's and S&P guidelines to maintain assets having in the aggregate a Discounted Value at least equal to the MuniPreferred Basic Maintenance Amount. Moody's and S&P have each established separate guidelines for determining Discounted Value. To the extent any particular portfolio holding does not satisfy the applicable rating agency's guidelines, all or a portion of such holding's value will not be included in the calculation of Discounted Value (as defined by such rating agency). The Moody's and S&P guidelines do not impose any limitations on the percentage of the Fund's assets that may be invested in holdings not eligible for inclusion in the calculation of the Discounted Value of the Fund's portfolio. The amount of such assets included in the portfolio at any time may vary depending upon the rating, diversification and other characteristics of the eligible assets included in the portfolio, although it is not anticipated that in the normal course of business the value of such assets would exceed 20% of the Fund's total assets. The MuniPreferred Basic Maintenance Amount includes the sum of (a) the aggregate liquidation preference of shares of MuniPreferred then outstanding and (b) certain accrued and projected payment obligations of the Fund. The Fund is also required under the 1940 Act and rating agency guidelines to maintain, with respect to shares of MuniPreferred, as of the last Business Day of each month in which any such shares are outstanding, asset coverage of at least 200% with respect to senior securities which are shares, including MuniPreferred (or 21 26 such other asset coverage as may in the future be specified in or under the 1940 Act as the minimum asset coverage for senior securities which are shares of a closed-end investment company as a condition of declaring dividends on its common shares) ("1940 Act MuniPreferred Asset Coverage"). Based on the composition of the portfolio of the Fund and market conditions as of , 2001, 1940 Act MuniPreferred Asset Coverage with respect to shares of MuniPreferred, assuming the issuance on the date thereof of all shares of MuniPreferred offered hereby and giving effect to the deduction of sales load and offering costs related thereto estimated at \$, would have been computed as follows: Value of Fund assets less liabilities not constituting senior securities \$ ----- = ----- = % Senior securities representing indebtedness plus liquidation \$ value of the shares of MuniPreferred In the event the Fund does not timely cure a failure to maintain (a) a Discounted Value of its portfolio equal to the MuniPreferred Basic Maintenance Amount or (b) the 1940 Act MuniPreferred Asset Coverage, in each case in accordance with the requirements of the rating agency or agencies then rating the shares of MuniPreferred, the Fund will be required to redeem shares of MuniPreferred as described under "Redemption -- Mandatory Redemption" above. The Fund may, but is not required to, adopt any modifications to the guidelines that may hereafter be established by Moody's or S&P. Failure to adopt any such modifications, however, may result in a change in the ratings described above or a withdrawal of ratings altogether. In addition, any rating agency providing a rating for the shares of MuniPreferred may, at any time, change or withdraw any such rating. The Board may, without shareholder approval, amend, alter or repeal any or all of the definitions and related provisions which have been adopted by the Fund pursuant to the rating agency guidelines in the event the Fund receives written confirmation from Moody's or S&P, or both, as appropriate, that any such amendment, alteration or repeal would not impair the ratings then assigned by Moody's and S&P to shares of MuniPreferred. As recently described by Moody's and S&P, a preferred stock rating is an assessment of the capacity and willingness of an issuer to pay preferred stock obligations. The ratings on the shares of MuniPreferred are not recommendations to purchase, hold or sell those shares, inasmuch as the ratings do not comment as to market price or suitability for a particular investor. The rating agency guidelines described above also do not address the likelihood that an owner of shares of MuniPreferred will be able to sell such shares in an Auction or otherwise. The ratings are based on current information furnished to Moody's and S&P by the Fund and the Adviser and information obtained from other sources. The ratings may be changed, suspended or withdrawn as a result of changes in, or the unavailability of, such

information. The Common Shares have not been rated by a nationally recognized statistical rating organization. A rating agency's guidelines will apply to shares of MuniPreferred only so long as such rating agency is rating such shares. The Fund will pay certain fees to Moody's or S&P, or both, for rating shares of MuniPreferred. VOTING RIGHTS Except as otherwise provided in this prospectus and in the statement of additional information, in the Declaration of Trust or as otherwise required by law, holders of shares of MuniPreferred will have equal voting rights with holders of Common Shares and any Preferred Shares (one vote per share) and will vote together with holders of Common Shares and any Preferred Shares as a single class. In connection with the election of the Fund's trustees, holders of outstanding Preferred Shares, including MuniPreferred, voting as a separate class, are entitled to elect two of the Fund's trustees, and the remaining trustees are elected by holders of Common Shares and Preferred Shares, including MuniPreferred, voting together as a single class. In addition, if at any time dividends (whether or not earned or declared) on outstanding Preferred Shares, including MuniPreferred, shall be due and unpaid in an amount equal to two full years' dividends thereon, and sufficient cash or specified securities shall not have been deposited with the Auction Agent for the payment of such dividends, then, as the sole remedy of holders of outstanding Preferred 22 27 Shares, including MuniPreferred, the number of trustees constituting the Board shall be automatically increased by the smallest number that, when added to the two trustees elected exclusively by the holders of Preferred Shares, including shares of MuniPreferred, as described above, would constitute a majority of the Board as so increased by such smallest number, and at a special meeting of shareholders which will be called and held as soon as practicable, and at all subsequent meetings at which trustees are to be elected, the holders of Preferred Shares, including shares of MuniPreferred, voting as a separate class, will be entitled to elect the smallest number of additional trustees that, together with the two trustees which such holders will be in any event entitled to elect, constitutes a majority of the total number of trustees of the Fund as so increased. The terms of office of the persons who are trustees at the time of that election will continue. If the Fund thereafter shall pay, or declare and set apart for payment, in full, all dividends payable on all outstanding Preferred Shares, including MuniPreferred, the voting rights stated in the second preceding sentence shall cease, and the terms of office of all of the additional trustees elected by the holders of Preferred Shares, including MuniPreferred (but not of the trustees with respect to whose election the holders of Common Shares were entitled to vote or the two trustees the holders of Preferred Shares have the right to elect in any event), will terminate automatically. So long as any shares of MuniPreferred are outstanding, the Fund will not, without the affirmative vote or consent of the holders of at least a majority of the shares of MuniPreferred outstanding at the time (voting as a separate class): (a) authorize, create or issue any class or series of stock ranking prior to or on a parity with shares of MuniPreferred with respect to the payment of dividends or the distribution of assets upon liquidation, or authorize, create or issue additional shares of any series of MuniPreferred (except that, notwithstanding the foregoing, but subject to certain rating agency approvals, the Board, without the vote or consent of the holders of MuniPreferred, may from time to time authorize and create, and the Fund may from time to time issue, additional shares of any series of MuniPreferred or classes or series of Preferred Shares ranking on a parity with shares of MuniPreferred with respect to the payment of dividends and the distribution of assets upon liquidation; provided, however, that if Moody's or S&P is not then rating the shares of MuniPreferred, the aggregate liquidation preference of all Preferred Stock of the Fund outstanding after any such issuance, exclusive of accumulated and unpaid dividends, may not exceed \$) or (b) amend, alter or repeal the provisions of the Declaration of Trust, including the Statement, whether by merger, consolidation or otherwise, so as to affect any preference, right or power of such shares of MuniPreferred or the holders thereof; provided, however, that (i) none of the actions permitted by the exception to (a) above will be deemed to affect such preferences, rights or powers, (ii) a division of a share of MuniPreferred will be deemed to affect such preferences, rights or powers only if the terms of such division adversely affect the holders of shares of MuniPreferred and (iii) the authorization, creation and issuance of classes or series of stock ranking junior to shares of MuniPreferred with respect to the payment of dividends and the distribution of assets upon liquidation will be deemed to affect such preferences, rights or powers only if Moody's or S&P is then rating shares of MuniPreferred and such issuance would, at the time thereof, cause the Fund not to satisfy the 1940 Act MuniPreferred Asset Coverage or the MuniPreferred Basic Maintenance Amount. So long as any shares of MuniPreferred are outstanding, the Fund shall not, without the affirmative vote or consent of the holders of at least 66 2/3% of the shares of MuniPreferred outstanding at the time, voting as a separate class, file a voluntary application for relief under federal bankruptcy law or any similar application under state law for so long as the Fund is solvent and does not foresee becoming insolvent. If any action set forth above would adversely affect the rights of one or more series (the "Affected Series") of MuniPreferred in a

manner different from any other series of MuniPreferred, the Fund will not approve any such action without the affirmative vote or consent of the Holders of at least a majority of the shares of each such Affected Series outstanding at the time, in person or by proxy, either in writing or at a meeting (each such Affected Series voting as a separate class). The Board may, without shareholder approval, amend, alter or repeal any or all of the definitions and related provisions which have been adopted by the Fund 23 28 pursuant to the rating agency guidelines in the event the Fund receives written confirmation from Moody's or S&P, or both, as appropriate, that any such amendment, alteration or repeal would not impair the ratings then assigned by Moody's and S&P to shares of MuniPreferred. Unless a higher percentage is provided for in the Declaration of Trust (see "Certain Provisions in the Declaration of Trust"), (A) the affirmative vote of the holders of at least a majority of the Preferred Shares, including MuniPreferred, outstanding at the time, voting as a separate class, shall be required to approve any conversion of the Fund from a closed-end to an open-end investment company and (B) the affirmative vote of the holders of a majority of the outstanding Preferred Shares, including MuniPreferred, voting as a separate class, shall be required to approve any plan of reorganization (as such term is used in the 1940 Act) adversely affecting such shares. The affirmative vote of the holders of a majority of the outstanding Preferred Shares, including MuniPreferred, voting as a separate class, shall be required to approve any action not described in the preceding sentence requiring a vote of security holders of the Fund under Section 13(a) of the 1940 Act. The foregoing voting provisions will not apply with respect to shares of MuniPreferred if, at or prior to the time when a vote is required, such shares shall have been (i) redeemed or (ii) called for redemption and sufficient funds shall have been deposited in trust to effect such redemption. THE AUCTION GENERAL The Statement provides that, except as otherwise described herein, the Applicable Rate for the shares of each series of MuniPreferred, including the shares of New MuniPreferred to be issued in this offering, for each Rate Period of shares of such series after the Initial Rate Period thereof shall be equal to the rate per annum that the Auction Agent advises has resulted on the Business Day preceding the first day of such Subsequent Rate Period (an "Auction Date") from implementation of the auction procedures (the "Auction Procedures") set forth in the Statement and summarized below, in which persons determine to hold or offer to sell or, based on dividend rates bid by them, offer to purchase or sell shares of such series. Each periodic implementation of the Auction Procedures is referred to herein as an "Auction." See the Statement for a more complete description of the Auction process. Auction Agency Agreement. The Fund has entered into an Auction Agency Agreement (the "Auction Agency Agreement") with the Auction Agent (currently, Bankers Trust Company) which provides, among other things, that the Auction Agent will follow the Auction Procedures for purposes of determining the Applicable Rate for shares of each series of MuniPreferred so long as the Applicable Rate for shares of such series is to be based on the results of an Auction. The Auction Agent may terminate the Auction Agency Agreement upon notice to the Fund on a date no earlier than 45 days after such notice. If the Auction Agent should resign, the Fund will use its best efforts to enter into an agreement with a successor Auction Agent containing substantially the same terms and conditions as the Auction Agency Agreement. The Fund may remove the Auction Agent provided that prior to such removal the Fund shall have entered into such an agreement with a successor Auction Agent. Broker-Dealer Agreements. Each Auction requires the participation of one or more Broker-Dealers. The Auction Agent has entered into agreements (collectively, the "Broker-Dealer Agreements") with several Broker-Dealers selected by the Fund, which provide for the participation of those Broker-Dealers in Auctions for shares of MuniPreferred. The Auction Agent after each Auction for shares of MuniPreferred will pay to each Broker-Dealer, from funds provided by the Fund, a service charge at the annual rate of 1/4 of 1% in the case of any Auction immediately preceding a Rate Period of less than one year, or a percentage agreed to by the Fund and the Broker-Dealers in the case of any Auction immediately preceding a Rate Period of one year or longer, of the purchase price of shares of MuniPreferred placed by such Broker-Dealer at such Auction. For the purposes of the preceding sentence, shares of MuniPreferred will be placed by a Broker-Dealer if such shares were (a) the subject of Hold Orders deemed to have been submitted to the Auction Agent by the Broker-Dealer and were 24 29 acquired by such Broker-Dealer for its own account or were acquired by such Broker-Dealer for its customers who are Beneficial Owners or (b) the subject of an Order submitted by such Broker-Dealer that is (i) a Submitted Bid of an Existing Holder that resulted in such Existing Holder continuing to hold such shares as a result of the Auction or (ii) a Submitted Bid of a Potential Holder that resulted in such Potential Holder purchasing such shares as a result of the Auction or (iii) a valid Hold Order. The Fund may request the Auction Agent to terminate one or more Broker-Dealer Agreements at any time, provided that at least one Broker-Dealer Agreement is in effect after such termination. AUCTION PROCEDURES Prior to the Submission Deadline on each Auction Date for shares of a series of

MuniPreferred, each customer of a Broker-Dealer who is listed on the records of that Broker-Dealer (or, if applicable, the Auction Agent) as a holder of shares of such series (a "Beneficial Owner") may submit orders ("Orders") with respect to shares of such series to that Broker-Dealer as follows: - Hold Order -- indicating its desire to hold shares of such series without regard to the Applicable Rate for shares of such series for the next Rate Period thereof. - Bid -- indicating its desire to sell shares of such series at \$25,000 per share if the Applicable Rate for shares of such series for the next Rate Period thereof is less than the rate specified in such Bid (also known as a hold-at-a-rate order). - Sell Order -- indicating its desire to sell shares of such series at \$25,000 per share without regard to the Applicable Rate for shares of such series for the next Rate Period thereof. A Beneficial Owner may submit different types of Orders to its Broker-Dealer with respect to shares of a series of MuniPreferred then held by such Beneficial Owner. A Beneficial Owner of shares of such series that submits a Bid with respect to shares of such series to its Broker-Dealer having a rate higher than the Maximum Rate for shares of such series on the Auction Date therefor will be treated as having submitted a Sell Order with respect to such shares to its Broker-Dealer. A Beneficial Owner of shares of such series that fails to submit an Order with respect to such shares to its Broker-Dealer will be deemed to have submitted a Hold Order with respect to such shares of such series to its Broker-Dealer; provided, however, that if a Beneficial Owner of shares of such series fails to submit an Order with respect to shares of such series to its Broker-Dealer for an Auction relating to a Rate Period of more than 28 Rate Period Days, such Beneficial Owner will be deemed to have submitted a Sell Order with respect to such shares to its Broker-Dealer. A Sell Order shall constitute an irrevocable offer to sell the shares of MuniPreferred subject thereto. A Beneficial Owner that offers to become the Beneficial Owner of additional shares of MuniPreferred is, for purposes of such offer, a Potential Beneficial Owner as discussed below. A customer of a Broker-Dealer that is not a Beneficial Owner of shares of a series of MuniPreferred but that wishes to purchase shares of such series, or that is a Beneficial Owner of shares of such series that wishes to purchase additional shares of such series (in each case, a "Potential Beneficial Owner"), may submit Bids to its Broker-Dealer in which it offers to purchase shares of such series at \$25,000 per share if the Applicable Rate for shares of such series for the next Rate Period thereof is not less than the rate specified in such Bid. A Bid placed by a Potential Beneficial Owner of shares of such series specifying a rate higher than the Maximum Rate for shares of such series on the Auction Date therefor will not be accepted. The Broker-Dealers in turn will submit the Orders of their respective customers who are Beneficial Owners and Potential Beneficial Owners to the Auction Agent, designating themselves (unless otherwise permitted by the Fund) as Existing Holders in respect of shares subject to Orders submitted or deemed submitted to them by Beneficial Owners and as Potential Holders in respect of shares subject to Orders submitted to them by Potential Beneficial Owners. However, neither the Fund nor the Auction Agent will be responsible for a Broker-Dealer's failure to comply with the foregoing. Any Order placed with the Auction Agent by a Broker-Dealer as or on behalf of an Existing Holder or a Potential Holder will be treated in the same manner as an Order placed with a Broker-Dealer by a Beneficial Owner or Potential Beneficial Owner. Similarly, any failure by a Broker-Dealer to submit to the Auction Agent an Order in respect of any shares of 25 30 MuniPreferred held by it or customers who are Beneficial Owners will be treated in the same manner as a Beneficial Owner's failure to submit to its Broker-Dealer an Order in respect of shares of MuniPreferred held by it. A Broker-Dealer may also submit Orders to the Auction Agent for its own account as an Existing Holder or Potential Holder, provided it is not an affiliate of the Fund. If Sufficient Clearing Bids for shares of a series of MuniPreferred exist (that is, the number of shares of such series subject to Bids submitted or deemed submitted to the Auction Agent by Broker-Dealers as or on behalf of Potential Holders with rates equal to or lower than the Maximum Rate for shares of such series is at least equal to the number of shares of such series subject to Sell Orders submitted or deemed submitted to the Auction Agent by Broker-Dealers as or on behalf of Existing Holders), the Applicable Rate for shares of such series for the next succeeding Rate Period thereof will be the lowest rate specified in the Submitted Bids which, taking into account such rate and all lower rates bid by Broker-Dealers as or on behalf of Existing Holders and Potential Holders, would result in Existing Holders and Potential Holders owning the shares of such series available for purchase in the Auction. If Sufficient Clearing Bids for shares of a series of MuniPreferred do not exist, the Applicable Rate for shares of such series for the next succeeding Rate Period thereof will be the Maximum Rate for shares of such series on the Auction Date therefor. In such event, Beneficial Owners of shares of such series that have submitted or are deemed to have submitted Sell Orders may not be able to sell in such Auction all shares of such series subject to such Sell Orders. If Broker-Dealers submit or are deemed to have submitted to the Auction Agent Hold Orders with respect to all Existing Holders of shares of a series of MuniPreferred, the Applicable Rate for shares of such series for the next succeeding

Rate Period thereof will be the All Hold Order Rate. The Auction Procedures include a pro rata allocation of shares for purchase and sale, which may result in an Existing Holder continuing to hold or selling, or a Potential Holder purchasing, a number of shares of a series of MuniPreferred that is fewer than the number of shares of such series specified in its Order. To the extent the allocation procedures have that result, Broker-Dealers that have designated themselves as Existing Holders or Potential Holders in respect of customer Orders will be required to make appropriate pro rata allocations among their respective customers. Settlement of purchases and sales will be made on the next Business Day (also a Dividend Payment Date) after the Auction Date through the Securities Depository. Purchasers will make payment through their Agent Members in same-day funds to the Securities Depository against delivery to their respective Agent Members. The Securities Depository will make payment to the sellers' Agent Members in accordance with the Securities Depository's normal procedures, which now provide for payment against delivery by their Agent Members in same-day funds. The Auctions for shares of MuniPreferred, Series will normally be held every and each Subsequent Rate Period of shares of such series will normally begin on the following . Whenever the Fund intends to include any net capital gain or other income taxable for regular federal income tax purposes in any dividend on shares of MuniPreferred, the Fund shall, in the case of Minimum Rate Periods or Special Rate Periods of 28 Rate Period Days or fewer, and may, in the case of any other Special Rate Period, notify the Auction Agent of the amount to be so included not later than the Dividend Payment Date next preceding the Auction Date on which the Applicable Rate for such dividend is to be established. Whenever the Auction Agent receives such notice from the Fund, it will be required in turn to notify each Broker-Dealer, who, on or prior to such Auction Date, in accordance with its Broker-Dealer Agreement, will be required to notify its customers who are Beneficial Owners and Potential Beneficial Owners believed by it to be interested in submitting an Order in the Auction to be held on such Auction Date. SECONDARY MARKET TRADING AND TRANSFER OF MUNIPREFERRED The Broker-Dealers are expected to maintain a secondary trading market in shares of MuniPreferred outside of Auctions, but are not obligated to do so, and may discontinue such activity at any time. There can be no assurance that such secondary trading market in shares of MuniPreferred will provide owners with liquidity of investment. The shares of MuniPreferred are not registered on any stock exchange or on the Nasdaq Stock Market. Investors who purchase shares in an Auction for a Special Rate Period should note that 26 31 because the dividend rate on such shares will be fixed for the length of such Rate Period, the value of the shares may fluctuate in response to changes in interest rates, and may be more or less than their original cost if sold on the open market in advance of the next Auction therefor, depending upon market conditions. A Beneficial Owner or an Existing Holder may sell, transfer or otherwise dispose of shares of MuniPreferred only in whole shares and only (1) pursuant to a Bid or Sell Order placed with the Auction Agent in accordance with the Auction Procedures, (2) to a Broker-Dealer or (3) to such other persons as may be permitted by the Fund; provided, however, that (a) a sale, transfer or other disposition of shares of MuniPreferred from a customer of a Broker-Dealer who is listed on the records of that Broker-Dealer as the holder of such shares to that Broker-Dealer or another customer of that Broker-Dealer shall not be deemed to be a sale, transfer or other disposition for purposes of the foregoing if such Broker-Dealer remains the Existing Holder of the shares so sold, transferred or disposed of immediately after such sale, transfer or disposition and (b) in the case of all transfers other than pursuant to Auctions, the Broker-Dealer (or other person, if permitted by the Fund) to whom such transfer is made shall advise the Auction Agent of such transfer. DESCRIPTION OF COMMON SHARES In addition to the shares of MuniPreferred, the Declaration authorizes the issuance of an unlimited number of Common Shares, par value \$.01 per share. All Common Shares have equal rights to the payment of dividends and the distribution of assets upon liquidation. Common Shares are fully paid and, subject to matters discussed in "Certain Provisions in the Declaration of Trust," non-assessable when issued and have no preemptive, conversion rights or rights to cumulative voting. Whenever MuniPreferred shares are outstanding, Common Shareholders will not be entitled to receive any distributions from the Fund unless all accrued dividends on MuniPreferred shares have been paid, and unless asset coverage (as defined in the 1940 Act) with respect to MuniPreferred shares would be at least 200% after giving effect to the distributions. CERTAIN PROVISIONS IN THE DECLARATION OF TRUST Under Massachusetts law, shareholders could, under certain circumstances, be held personally liable for the obligations of the Fund. However, the Declaration contains an express disclaimer of shareholder liability for debts or obligations of the Fund and requires that notice of such limited liability be given in each agreement, obligation or instrument entered into or executed by the Fund or the trustees. The Declaration further provides for indemnification out of the assets and property of the Fund for all loss and expense of any shareholder held personally liable for the obligations of the Fund. Thus, the risk

of a shareholder incurring financial loss on account of shareholder liability is limited to circumstances in which the Fund would be unable to meet its obligations. The Fund believes that the likelihood of such circumstances is remote. The Declaration includes provisions that could limit the ability of other entities or persons to acquire control of the Fund or to convert the Fund to open-end status. Specifically, the Declaration requires a vote by holders of at least two-thirds of the Common Shares and MuniPreferred shares, voting together as a single class, except as described below, to authorize (1) a conversion of the Fund from a closed-end to an open-end investment company, (2) a merger or consolidation of the Fund, or a series or class of the Fund, with any corporation, association, trust or other organization or a reorganization or recapitalization of the Fund, or a series or class of the Fund, (3) a sale, lease or transfer of all or substantially all of the Fund's assets (other than in the regular course of the Fund's investment activities), (4) in certain circumstances, a termination of the Fund, or a series or class of the Fund, or (5) removal of trustees by shareholders, and then only for cause, unless, with respect to (1) through (4), such transaction has already been authorized by the affirmative vote of two-thirds of the total number of trustees fixed in accordance with the Declaration or the Bylaws, in which case the affirmative vote of the holders of at least a majority of the Fund's Common Shares and MuniPreferred shares outstanding at the time, voting together as a single class, is required; provided, however, that where only a particular class or series is affected (or, in the case of removing a trustee, when the trustee has been elected by only one class), only the required vote by the applicable class or series will be required. Approval of shareholders is not required, however, for any transaction, whether deemed a merger, consolidation, reorganization or otherwise whereby the Fund issues Common Shares in connection with the acquisition of assets (including those subject to liabilities) from any other investment company or similar entity. None of the foregoing provisions may be amended except by the vote of at least two-thirds of the Common Shares and MuniPreferred shares, voting together as a single class. In the case of the conversion of the Fund to an open-end investment company, or in the case of any of the foregoing transactions constituting a plan of reorganization which adversely affects the holders of MuniPreferred shares, the action in question will also require the affirmative vote of the holders of at least two-thirds of the Fund's MuniPreferred shares outstanding at the time, voting as a separate class, or, if such action has been authorized by the affirmative vote of two-thirds of the total number of trustees fixed in accordance with the Declaration or the Bylaws, the affirmative vote of the holders of at least a majority of the Fund's MuniPreferred shares outstanding at the time, voting as a separate class. The votes required to approve the conversion of the Fund from a closed-end to an open-end investment company or to approve transactions constituting a plan of reorganization which adversely affects the holders of MuniPreferred shares are higher than those required by the 1940 Act. The Board of Trustees believes that the provisions of the Declaration relating to such higher votes are in the best interest of the Fund and its shareholders. See the statement of additional information under "Certain Provisions in the Declaration of Trust." Reference should be made to the Declaration on file with the SEC for the full text of these provisions.

REPURCHASE OF COMMON SHARES; CONVERSION TO OPEN-END FUND The Fund is a closed-end investment company and as such its shareholders will not have the right to cause the Fund to redeem their shares. Instead, the Fund's Common Shares will trade in the open market at a price that will be a function of several factors, including dividend levels (which are in turn affected by expenses), net asset value, call protection, dividend stability, portfolio credit quality, relative demand for and supply of such shares in the market, general market and economic conditions and other factors. Because shares of closed-end investment companies may frequently trade at prices lower than net asset value, the Fund's Board of Trustees has currently determined that, at least annually, it will consider action that might be taken to reduce or eliminate any material discount from net asset value in respect of Common Shares, which may include the repurchase of such shares in the open market or in private transactions, the making of a tender offer for such shares at net asset value, or the conversion of the Fund to an open-end investment company. The Fund cannot assure you that its Board of Trustees will decide to take any of these actions, or that share repurchases or tender offers will actually reduce market discount. If the Fund converted to an open-end company, it would be required to redeem all MuniPreferred shares then outstanding (requiring in turn that it liquidate a portion of its investment portfolio), and the Fund's Common Shares would no longer be listed on the American Stock Exchange. In contrast to a closed-end investment company, shareholders of an open-end investment company may require the company to redeem their shares at any time (except in certain circumstances as authorized by or under the 1940 Act) at their net asset value, less any redemption charge that is in effect at the time of redemption. See the statement of additional information under "Certain Provisions in the Declaration of Trust" for a discussion of the voting requirements applicable to the conversion of the Fund to an open-end company. Before deciding whether to take any

action if the Common Shares trade below net asset value, the Board would consider all relevant factors, including the extent and duration of the discount, the liquidity of the Fund's portfolio, the impact of any action that might be taken on the Fund or its shareholders, and market considerations. Based on these considerations, even if the Fund's shares should trade at a discount, the Board of Trustees may determine that, in the interest of the Fund and its shareholders, no action should be taken. See the statement of additional information under "Repurchase of Fund Shares; Conversion to Open-End Fund" for a further discussion of possible action to reduce or eliminate such discount to net asset value.

28 33 TAX MATTERS FEDERAL INCOME TAX MATTERS The discussion below and in the statement of additional information provides general tax information. Because tax laws are complex and often change, you should consult your tax advisor about the tax consequences of an investment in the MuniPreferred. The Fund intends to qualify as a regulated investment company under Subchapter M of the Internal Revenue Code of 1986, as amended (the "Code"), and intends to distribute substantially all of its net income and gains to its shareholders. The Fund will not be subject to any federal income tax to the extent its earnings are so distributed. The Fund primarily invests in municipal bonds from issuers located in New Jersey or in municipal bonds whose income is otherwise exempt from regular federal and New Jersey income taxes. Substantially all of the Fund's dividends to the Common Shareholders and MuniPreferred shareholders will qualify as "exempt-interest dividends." A shareholder treats an exempt-interest dividend as interest on state and local bonds exempt from regular federal income tax. Some or all of an exempt-interest dividend, however, may be subject to federal alternative minimum tax imposed on the shareholder. Different federal alternative tax rules apply to individuals and to corporations. In addition to exempt-interest dividends, the Fund also may distribute to its shareholders amounts that are treated as long-term capital gain or ordinary income. The Fund will allocate distributions to shareholders that are treated as tax-exempt interest and as long-term capital gain and ordinary income, if any, proportionately among the Common Shares and MuniPreferred shares. The Fund intends to notify MuniPreferred shareholders in advance if it will allocate to them income that is not exempt from regular federal income tax. In certain circumstances the Fund will make payments to MuniPreferred shareholders to offset the tax effects of the taxable distribution. See "Description of MuniPreferred -- Dividends and Dividend Periods -- Gross-Up Payments." The sale or other disposition of Common Shares or shares of MuniPreferred of the Fund will normally result in capital gain or loss to shareholders. Present law taxes both long-term and short-term capital gains of corporations at the rates applicable to ordinary income. For non-corporate taxpayers, under current law short-term capital gains and ordinary income will be taxed at a maximum rate of 39.6% while long-term capital gains will generally be taxed at a maximum rate of 20%. Because of certain limitations on itemized deductions and the deduction for personal exemptions applicable to higher income taxpayers, the effective rate of tax may be higher in certain circumstances. Losses realized by a shareholder on the sale or exchange of shares of the Fund held for six months or less are disallowed to the extent of any distribution of exempt-interest dividends received with respect to such shares, and, if not disallowed, such losses are treated as long-term capital losses to the extent of any distribution of long-term capital gain received with respect to such shares. Under certain circumstances, a shareholder's holding period may have to restart after, or may be suspended for, any periods during which the shareholder's risk of loss is diminished as a result of holding one or more other positions in substantially similar or related property, or through certain options or short sales. Any loss realized on a sale or exchange of shares of the Fund will be disallowed to the extent those shares of the Fund are replaced by other shares within a period of 61 days beginning 30 days before and ending 30 days after the date of disposition of the original shares. In that event, the basis of the replacement shares of the Fund will be adjusted to reflect the disallowed loss. Although dividends generally will be treated as distributed when paid, dividends declared in October, November or December, payable to shareholders of record on a specified date in one of those months and paid during the following January will be treated as having been distributed by the Fund (and received by the shareholders) on December 31 of the year declared. The Fund is required in certain circumstances to withhold 31% of taxable dividends and certain other payments paid to non-corporate holders of the Fund's shares who do not furnish to the Fund their correct taxpayer identification number (in the case of individuals, their social security number) and certain certifications, or who are otherwise subject to backup withholding. The statement of additional information contains a more detailed summary of the federal tax rules that apply to the Fund and its shareholders. Legislative, judicial or administrative action may change the tax rules that apply to the Fund or its shareholders and any such change may be retroactive. You should consult with your tax adviser about federal income tax matters.

29 34 NEW JERSEY TAX MATTERS The Fund is designed to provide tax benefits to investors who are residents of New Jersey. See "The Fund." Reference in this Prospectus and Statement

of Additional Information to New Jersey income tax shall mean the tax imposed under the New Jersey Gross Income Tax Act (the "New Jersey Gross Income Tax"). Assuming compliance with the provisions more fully described in Statement of Additional Information under Appendix D, the Fund's distributions will not be subject to the New Jersey Gross Income Tax to the extent they are attributable to interest or gains from obligations of the State of New Jersey and its political subdivisions, and agencies or instrumentalities thereof or United States government securities exempt from State tax by United States law. Distributions of the Fund will be subject to the New Jersey Gross Income Tax, however, to the extent the Fund makes distributions attributable to other obligations. If a shareholder realizes a net gain from the sale of shares of the Fund, the net gain will not be subject to the New Jersey Gross Income Tax. If a shareholder realizes a loss from the sale of shares of the Fund, the shareholder may not be able to use the loss to offset other New Jersey gains. The treatment of corporate shareholders of the Fund differs from that described above. Corporate shareholders should refer to the Statement of Additional Information for more detailed information and are urged to consult their tax advisor. The fund will be subject to the New Jersey Corporation Business Tax only if it has sufficient nexus with New Jersey for purposes of the New Jersey Corporation Business Tax. If it is subject to the New Jersey Corporation Business Tax, it does not expect to pay a material amount of such tax. Please refer to the Statement of Additional Information for more detailed information.

TAXABLE EQUIVALENT YIELD TABLE The taxable equivalent yield is the current yield you would need to earn on a taxable investment in order to equal a stated tax-free yield for federal regular income tax purposes on a municipal investment. To assist you to more easily compare municipal investments like the Fund with taxable alternative investments, the table below presents the taxable equivalent yield for a range of hypothetical tax-free yields assuming the stated marginal Federal tax rates for 2001 listed below: TAXABLE EQUIVALENT OF TAX-FREE YIELDS

TAX-FREE YIELD	TAX RATE 4.00%	4.50%	5.00%	5.50%	6.00%	6.50%	-----	-----	-----

To the extent the Fund were to invest in federally taxable investments (which it does not expect to do), its taxable equivalent yield would be lower. NEW JERSEY (STATE ONLY) The following tables show the approximate taxable yields for individuals that are equivalent to tax-free yields under combined Federal and New Jersey state taxes, using published 2001 marginal Federal tax rates and marginal New Jersey tax rates currently available and scheduled to be in effect. Please note that the table does not reflect (i) any federal or state limitations on the amounts of allowable itemized deductions, phase-outs of personal or dependent exemption credits or other allowable credits, (ii) any local taxes imposed, or (iii) any taxes other than personal income taxes. The table assumes that federal taxable income is equal to state income subject to tax, and in cases where more than one state rate falls within a federal bracket, the highest state rate corresponding to the highest income within that federal bracket is used. The numbers in the Combined Tax Rate column are rounded to the nearest one-tenth of one percent. A-1 39

-----S-27 The date of this statement of additional information is _____, _____, 2001. 41 INVESTMENT OBJECTIVES The Fund's investment objective is to provide current income exempt from regular federal and New Jersey income tax, and to enhance portfolio value relative to the municipal bond market by investing in tax-exempt municipal bonds that the Fund's investment adviser Nuveen Advisory Corp. ("Nuveen Advisory") believes are underrated or undervalued or that represent municipal market sectors that are undervalued. The Fund's investment in underrated or undervalued municipal bonds will be based on Nuveen Advisory's belief that their yield is higher than that available on bonds bearing equivalent levels of interest rate risk, credit risk and other forms of risk, and that their prices will ultimately rise (relative to the market) to reflect their true value. The Fund attempts to increase its portfolio value relative to the municipal bond market by prudent selection of municipal bonds, regardless of the direction the market may move. Any capital appreciation realized by the Fund will generally result in the distribution of taxable capital gains to Common Shareholders and MuniPreferred shareholders. The Fund's investment objectives are fundamental policies of the Fund. The Fund has not established any limit on the percentage of its portfolio that may be invested in municipal bonds subject to the alternative minimum tax provisions of federal tax law, and the Fund expects that a substantial portion of the income it produces will be includable in alternative minimum taxable income. MuniPreferred shares therefore would not ordinarily be a suitable investment for investors who are subject to the federal alternative minimum tax or who would become subject to such tax by purchasing MuniPreferred shares. The suitability of an investment in MuniPreferred

shares will depend upon a comparison of the after-tax yield likely to be provided from the Fund with that from comparable tax-exempt investments not subject to the alternative minimum tax, and from comparable fully taxable investments, in light of each such investor's tax position. Special considerations apply to corporate investors. See "Tax Matters." INVESTMENT RESTRICTIONS Except as described below, the Fund, as a fundamental policy, may not, without the approval of the holders of a majority of the outstanding Common Shares and MuniPreferred Shares voting together as a single class, and of the holders of a majority of the outstanding MuniPreferred shares voting as a separate class: 1. Issue senior securities, as defined in the Investment Company Act of 1940, other than MuniPreferred shares, except to the extent permitted under the Investment Company Act of 1940 and except as otherwise described in the prospectus; 2. Borrow money, except from banks for temporary or emergency purposes or for repurchase of its shares, and then only in an amount not exceeding one-third of the value of the Fund's total assets (including the amount borrowed) less the Fund's liabilities (other than borrowings); 3. Act as underwriter of another issuer's securities, except to the extent that the Fund may be deemed to be an underwriter within the meaning of the Securities Act of 1933 in connection with the purchase and sale of portfolio securities; 4. Invest more than 25% of its total assets in securities of issuers in any one industry; provided, however, that such limitation shall not apply to municipal bonds other than those municipal bonds backed only by the assets and revenues of non-governmental users; S-1 42 5. Purchase or sell real estate, but this shall not prevent the Fund from investing in municipal bonds secured real estate or interests therein or foreclosing upon and selling such security; 6. Purchase or sell physical commodities unless acquired as a result of ownership of securities or other instruments (but this shall not prevent the Fund from purchasing or selling options, futures contracts, derivative instruments or from investing in securities or other instruments backed by physical commodities); 7. Make loans, other than by entering into repurchase agreements and through the purchase of municipal bonds or short-term investments in accordance with its investment objectives, policies and limitations; 8. Purchase any securities (other than obligations issued or guaranteed by the United States Government or by its agencies or instrumentalities), if as a result more than 10% of the Fund's total assets would then be invested in securities of a single issuer or if as a result the Fund would hold more than 10% of the outstanding voting securities of any single issuer; provided that, with respect to 50% of the Fund's assets, the Fund may invest up to 25% of its assets in the securities of any one issuer. For purposes of the foregoing, "majority of the outstanding," when used with respect to particular shares of the Fund, means (i) 67% or more of the shares present at a meeting, if the holders of more than 50% of the shares are present or represented by proxy, or (ii) more than 50% of the shares, whichever is less. For the purpose of applying the limitation set forth in subparagraph (8) above, an issuer shall be deemed the sole issuer of a security when its assets and revenues are separate from other governmental entities and its securities are backed only by its assets and revenues. Similarly, in the case of a non-governmental issuer, such as an industrial corporation or a privately owned or operated hospital, if the security is backed only by the assets and revenues of the non-governmental issuer, then such non-governmental issuer would be deemed to be the sole issuer. Where a security is also backed by the enforceable obligation of a superior or unrelated governmental or other entity (other than a bond insurer), it shall also be included in the computation of securities owned that are issued by such governmental or other entity. Where a security is guaranteed by a governmental entity or some other facility, such as a bank guarantee or letter of credit, such a guarantee or letter of credit would be considered a separate security and would be treated as an issue of such government, other entity or bank. When a municipal bond is insured by bond insurance, it shall not be considered a security that is issued or guaranteed by the insurer; instead, the issuer of such municipal bond will be determined in accordance with the principles set forth above. The foregoing restrictions do not limit the percentage of the Fund's assets that may be invested in municipal bonds insured by any given insurer. Under the Investment Company Act of 1940, the Fund may invest only up to 10% of its total assets in the aggregate in shares of other investment companies and only up to 5% of its total assets in any one investment company, provided the investment does not represent more than 3% of the voting stock of the acquired investment company at the time such shares are purchased. As a shareholder in any investment company, the Fund will bear its ratable share of that investment company's expenses, and would remain subject to payment of the Fund's management, advisory and administrative fees with respect to assets so invested. Common Shareholders would therefore be subject to duplicative expenses to the extent the Fund invests in other investment companies. In addition, the securities of other investment companies may also be leveraged and will therefore be subject to the same leverage risks described herein. As described in the prospectus in the section entitled "Risks," the net asset value and S-2 43 market value of leveraged shares will be more volatile and the yield to shareholders will tend to fluctuate more than the yield generated by

unleveraged shares. In addition to the foregoing fundamental investment policies, the Fund is also subject to the following non-fundamental restrictions and policies, which may be changed by the Board of Trustees. The Fund may not: 1. Sell securities short, unless the Fund owns or has the right to obtain securities equivalent in kind and amount to the securities sold at no added cost, and provided that transactions in options, futures contracts, options on futures contracts, or other derivative instruments are not deemed to constitute selling securities short. 2. Purchase securities of open-end or closed-end investment companies except in compliance with the Investment Company Act of 1940 or any exemptive relief obtained thereunder. 3. Enter into futures contracts or related options or forward contracts, if more than 30% of the Fund's net assets would be represented by futures contracts or more than 5% of the Fund's net assets would be committed to initial margin deposits and premiums on futures contracts and related options. 4. Purchase securities when borrowings exceed 5% of its total assets if and so long as MuniPreferred Shares are outstanding. 5. Purchase securities of companies for the purpose of exercising control. 6. Invest in inverse floating rate securities (which are securities that pay interest at rates that vary inversely with changes in prevailing short-term tax-exempt interest rates and which represent a leveraged investment in an underlying municipal bond). The restrictions and other limitations set forth above will apply only at the time of purchase of securities and will not be considered violated unless an excess or deficiency occurs or exists immediately after and as a result of an acquisition of securities.

INVESTMENT POLICIES AND TECHNIQUES The following information supplements the discussion of the Fund's investment objectives, policies, and techniques that are described in the prospectus.

INVESTMENT IN MUNICIPAL BONDS PORTFOLIO INVESTMENTS The New Jersey Fund will invest its net assets in a portfolio of municipal bonds that are exempt from regular federal and New Jersey income tax. Under normal market conditions, and except for the temporary investments described below, the Fund expects to be fully invested (at least 95% of its assets) in such tax-exempt municipal bonds described above. Through March 31, 2002, the Fund may invest in municipal bonds that are exempt from regular federal income tax but not from the Fund's particular state income tax ("Out of State Bonds"), provided that no more than 10% of the Fund's investment income during that time may be derived from Out of State Bonds.

S-3 44 The Fund will invest at least 80% of its net assets in municipal bonds that at the time of investment are investment grade quality. Investment grade quality bonds are bonds rated within the four highest grades (Baa or BBB or better by Moody's, S&P or Fitch) or bonds that are unrated but judged to be of comparable quality by Nuveen Advisory. The Fund may invest up to 20% of its net assets in municipal bonds that are, at the time of investment, rated Ba/BB or B by Moody's, S&P or Fitch or unrated but judged to be of comparable quality by Nuveen Advisory. Bonds of below investment grade quality (Ba/BB or below) are commonly referred to as "junk bonds." Issuers of bonds rated Ba/BB or B are regarded as having current capacity to make principal and interest payments but are subject to business, financial or economic conditions which could adversely affect such payment capacity. Municipal bonds rated Baa or BBB are considered "investment grade" securities; municipal bonds rated Baa are considered medium grade obligations which lack outstanding investment characteristics and have speculative characteristics, while municipal bonds rated BBB are regarded as having adequate capacity to pay principal and interest. Municipal bonds rated AAA in which the Fund may invest may have been so rated on the basis of the existence of insurance guaranteeing the timely payment, when due, of all principal and interest. Municipal bonds rated below investment grade quality are obligations of issuers that are considered predominately speculative with respect to the issuer's capacity to pay interest and repay principal according to the terms of the obligation and, therefore, carry greater investment risk, including the possibility of issuer default and bankruptcy and increased market price volatility. Municipal bonds rated below investment grade tend to be less marketable than higher-quality bonds because the market for them is less broad. The market for unrated municipal bonds is even narrower. During periods of thin trading in these markets, the spread between bid and asked prices is likely to increase significantly and the Fund may have greater difficulty selling its portfolio securities. The Fund will be more dependent on Nuveen Advisory's research and analysis when investing in these securities. A general description of Moody's, S&P's and Fitch's ratings of municipal bonds is set forth in Appendix B hereto. The ratings of Moody's, S&P and Fitch represent their opinions as to the quality of the municipal bonds they rate. It should be emphasized, however, that ratings are general and are not absolute standards of quality. Consequently, municipal bonds with the same maturity, coupon and rating may have different yields while obligations of the same maturity and coupon with different ratings may have the same yield. The Fund will primarily invest in municipal bonds with long-term maturities in order to maintain a weighted average maturity of 15-30 years, but the average weighted maturity of obligations held by the Fund may be shortened, depending on market conditions. As a result, the Fund's portfolio at any given time may include both long-term and

intermediate-term municipal bonds. Moreover, during temporary defensive periods (e.g., times when, in Nuveen Advisory's opinion, temporary imbalances of supply and demand or other temporary dislocations in the tax-exempt bond market adversely affect the price at which long-term or intermediate-term municipal bonds are available), and in order to keep the Fund's cash fully invested, including the period during which the net proceeds of the offering are being invested, the Fund may invest any percentage of its net assets in short-term investments including high quality, short-term securities that may be either tax-exempt or taxable and up to 10% of its net assets in securities of other open or closed-end investment companies that invest primarily in municipal bonds of the type in which the Fund may invest directly. The Fund intends to invest in taxable short-term investments only in the event that suitable tax-exempt short-term investments are not available at reasonable prices and yields. Tax-exempt short-term investments include various obligations issued by state and local governmental issuers, such as tax-exempt notes (bond anticipation notes, tax anticipation notes and revenue anticipation notes or other such municipal bonds maturing in three years or less from the date of issuance) and municipal commercial paper. The Fund will invest only in taxable short-term investments which are U.S. Government securities or securities rated within the highest grade by Moody's, S&P or Fitch, and which mature within one year from the date of purchase or carry a variable or floating rate of interest. See Appendix B for a general description of Moody's, S&P's and Fitch's ratings of securities in such S-4 45 categories. Taxable short-term investments of the Fund may include certificates of deposit issued by U.S. banks with assets of at least \$1 billion, or commercial paper or corporate notes, bonds or debentures with a remaining maturity of one year or less, or repurchase agreements. See "Other Investment Policies and Techniques -- Repurchase Agreements." To the extent the Fund invests in taxable investments, the Fund will not at such times be in a position to achieve its investment objective of tax-exempt income. The foregoing policies as to ratings of portfolio investments will apply only at the time of the purchase of a security, and the Fund will not be required to dispose of securities in the event Moody's, S&P or Fitch downgrades its assessment of the credit characteristics of a particular issuer. Nuveen Advisory seeks to enhance portfolio value relative to the municipal bond market by investing in tax-exempt municipal bonds that it believes are underrated or undervalued or that represent municipal market sectors that are undervalued. Underrated municipal bonds are those whose ratings do not, in Nuveen Advisory's opinion, reflect their true creditworthiness. Undervalued municipal bonds are bonds that, in Nuveen Advisory's opinion, are worth more than the value assigned to them in the marketplace. Nuveen Advisory may at times believe that bonds associated with a particular municipal market sector (for example, electric utilities), or issued by a particular municipal issuer, are undervalued. Nuveen Advisory may purchase such a bond for the Fund's portfolio because it represents a market sector or issuer that Nuveen Advisory considers undervalued, even if the value of the particular bond is consistent with the value of similar bonds. Municipal bonds of particular types or purposes (e.g., hospital bonds, industrial revenue bonds or bonds issued by a particular municipal issuer) may be undervalued because there is a temporary excess of supply in that market sector, or because of a general decline in the market price of municipal bonds of the market sector for reasons that do not apply to the particular municipal bonds that are considered undervalued. The Fund's investment in underrated or undervalued municipal bonds will be based on Nuveen Advisory's belief that their yield is higher than that available on bonds bearing equivalent levels of interest rate risk, credit risk and other forms of risk, and that their prices will ultimately rise (relative to the market) to reflect their true value. The Fund has not established any limit on the percentage of its portfolio investments that may be invested in municipal bonds subject to the federal alternative minimum tax provisions of federal tax laws and the Fund expects that a substantial portion of the current income it produces will be includable in alternative minimum taxable income. Special considerations apply to corporate investors. See "Tax Matters." Also included within the general category of municipal bonds described in the Fund's prospectus are participations in lease obligations or installment purchase contract obligations (hereinafter collectively called "Municipal Lease Obligations") of municipal authorities or entities. Although a Municipal Lease Obligation does not constitute a general obligation of the municipality for which the municipality's taxing power is pledged, a Municipal Lease Obligation is ordinarily backed by the municipality's covenant to budget for, appropriate and make the payments due under the Municipal Lease Obligation. However, certain Municipal Lease Obligations contain "non-appropriation" clauses which provide that the municipality has no obligation to make lease or installment purchase payments in future years unless money is appropriated for such purpose on a yearly basis. In the case of a "non-appropriation" lease, the Fund's ability to recover under the lease in the event of non-appropriation or default will be limited solely to the repossession of the leased property, without recourse to the general credit of the lessee, and disposition or releasing of the property might prove difficult. In order to reduce this risk, the Fund will only

purchase Municipal Lease Obligations where Nuveen Advisory believes the issuer has a strong incentive to continue making appropriations until maturity. Upon Nuveen Advisory's recommendation, during temporary defensive periods and in order to keep the Fund's cash fully invested, including the period during which the net proceeds of the offering are S-5 46 being invested, the Fund may invest up to 100% of its net assets in short-term investments including high quality, short-term securities that may be either tax-exempt or taxable. To the extent the Fund invests in taxable short-term investments, the Fund will not at such times be in a position to achieve that portion of its investment objective of seeking current income exempt from regular federal income tax. For further information, see "Short-Term Investments" below. Obligations of issuers of municipal bonds are subject to the provisions of bankruptcy, insolvency and other laws affecting the rights and remedies of creditors, such as the Bankruptcy Reform Act of 1978. In addition, the obligations of such issuers may become subject to the laws enacted in the future by Congress, state legislatures or referenda extending the time for payment of principal or interest, or both, or imposing other constraints upon enforcement of such obligations or upon municipalities to levy taxes. There is also the possibility that, as a result of legislation or other conditions, the power or ability of any issuer to pay, when due, the principal of and interest on its municipal bonds may be materially affected. The Fund also may invest up to 10% of its net assets in securities of other open or closed-end investment companies that invest primarily in municipal bonds of the type in which the Fund may invest directly. The Fund will generally select obligations which may not be redeemed at the option of the issuer for approximately seven to nine years. SHORT-TERM INVESTMENTS SHORT-TERM TAXABLE FIXED INCOME SECURITIES For temporary defensive purposes or to keep cash on hand fully invested, the Fund may invest up to 100% of its net assets in cash equivalents and short-term taxable fixed-income securities, although the Fund intends to invest in taxable short-term investments only in the event that suitable tax-exempt short-term investments are not available at reasonable prices and yields. Short-term taxable fixed income investments are defined to include, without limitation, the following: (1) U.S. government securities, including bills, notes and bonds differing as to maturity and rates of interest that are either issued or guaranteed by the U.S. Treasury or by U.S. government agencies or instrumentalities. U.S. government agency securities include securities issued by (a) the Federal Housing Administration, Farmers Home Administration, Export-Import Bank of the United States, Small Business Administration, and the Government National Mortgage Association, whose securities are supported by the full faith and credit of the United States; (b) the Federal Home Loan Banks, Federal Intermediate Credit Banks, and the Tennessee Valley Authority, whose securities are supported by the right of the agency to borrow from the U.S. Treasury; (c) the Federal National Mortgage Association, whose securities are supported by the discretionary authority of the U.S. government to purchase certain obligations of the agency or instrumentality; and (d) the Student Loan Marketing Association, whose securities are supported only by its credit. While the U.S. government provides financial support to such U.S. government-sponsored agencies or instrumentalities, no assurance can be given that it always will do so since it is not so obligated by law. The U.S. government, its agencies, and instrumentalities do not guarantee the market value of their securities. Consequently, the value of such securities may fluctuate. (2) Certificates of Deposit issued against funds deposited in a bank or a savings and loan association. Such certificates are for a definite period of time, earn a specified rate of return, and are normally negotiable. The issuer of a certificate of deposit agrees to pay the amount deposited plus interest to the bearer of the certificate on the date specified thereon. Under current FDIC regulations, the maximum insurance payable as to any one certificate of deposit is \$100,000; therefore, certificates of deposit purchased by the Fund may not be fully insured. S-6 47 (3) Repurchase agreements, which involve purchases of debt securities. At the time the Fund purchases securities pursuant to a repurchase agreement, it simultaneously agrees to resell and redeliver such securities to the seller, who also simultaneously agrees to buy back the securities at a fixed price and time. This assures a predetermined yield for the Fund during its holding period, since the resale price is always greater than the purchase price and reflects an agreed-upon market rate. Such actions afford an opportunity for the Fund to invest temporarily available cash. The Fund may enter into repurchase agreements only with respect to obligations of the U.S. government, its agencies or instrumentalities; certificates of deposit; or bankers' acceptances in which the Fund may invest. Repurchase agreements may be considered loans to the seller, collateralized by the underlying securities. The risk to the Fund is limited to the ability of the seller to pay the agreed-upon sum on the repurchase date; in the event of default, the repurchase agreement provides that the Fund is entitled to sell the underlying collateral. If the value of the collateral declines after the agreement is entered into, and if the seller defaults under a repurchase agreement when the value of the underlying collateral is less than the repurchase price, the Fund could incur a loss of both principal and interest. The investment adviser monitors the value of the

collateral at the time the action is entered into and at all times during the term of the repurchase agreement. The investment adviser does so in an effort to determine that the value of the collateral always equals or exceeds the agreed-upon repurchase price to be paid to the Fund. If the seller were to be subject to a federal bankruptcy proceeding, the ability of the Fund to liquidate the collateral could be delayed or impaired because of certain provisions of the bankruptcy laws. (4) Commercial paper, which consists of short-term unsecured promissory notes, including variable rate master demand notes issued by corporations to finance their current operations. Master demand notes are direct lending arrangements between the Fund and a corporation. There is no secondary market for such notes. However, they are redeemable by the Fund at any time. Nuveen Advisory will consider the financial condition of the corporation (e.g., earning power, cash flow, and other liquidity ratios) and will continuously monitor the corporation's ability to meet all of its financial obligations, because the Fund's liquidity might be impaired if the corporation were unable to pay principal and interest on demand. Investments in commercial paper will be limited to commercial paper rated in the highest categories by a major rating agency and which mature within one year of the date of purchase or carry a variable or floating rate of interest. **SHORT-TERM TAX-EXEMPT FIXED INCOME SECURITIES** Short-term tax-exempt fixed-income securities are securities that are exempt from regular federal income tax and mature within three years or less from the date of issuance. Short-term tax-exempt fixed income securities are defined to include, without limitation, the following: Bond Anticipation Notes ("BANs") are usually general obligations of state and local governmental issuers which are sold to obtain interim financing for projects that will eventually be funded through the sale of long-term debt obligations or bonds. The ability of an issuer to meet its obligations on its BANs is primarily dependent on the issuer's access to the long-term municipal bond market and the likelihood that the proceeds of such bond sales will be used to pay the principal and interest on the BANs. Tax Anticipation Notes ("TANs") are issued by state and local governments to finance the current operations of such governments. Repayment is generally to be derived from specific future tax revenues. TANs are usually general obligations of the issuer. A weakness in an issuer's capacity to raise taxes due to, among other things, a decline in its tax base or a rise in delinquencies, could adversely affect the issuer's ability to meet its obligations on outstanding TANs. S-7 48 Revenue Anticipation Notes ("RANs") are issued by governments or governmental bodies with the expectation that future revenues from a designated source will be used to repay the notes. In general, they also constitute general obligations of the issuer. A decline in the receipt of projected revenues, such as anticipated revenues from another level of government, could adversely affect an issuer's ability to meet its obligations on outstanding RANs. In addition, the possibility that the revenues would, when received, be used to meet other obligations could affect the ability of the issuer to pay the principal and interest on RANs. Construction Loan Notes are issued to provide construction financing for specific projects. Frequently, these notes are redeemed with funds obtained from the Federal Housing Administration. Bank Notes are notes issued by local government bodies and agencies, such as those described above to commercial banks as evidence of borrowings. The purposes for which the notes are issued are varied but they are frequently issued to meet short-term working capital or capital-project needs. These notes may have risks similar to the risks associated with TANs and RANs. Tax-Exempt Commercial Paper ("Municipal Paper") represents very short-term unsecured, negotiable promissory notes, issued by states, municipalities and their agencies. Payment of principal and interest on issues of municipal paper may be made from various sources, to the extent the funds are available therefrom. Maturities of municipal paper generally will be shorter than the maturities of TANs, BANs or RANs. There is a limited secondary market for issues of Municipal Paper. Certain municipal bonds may carry variable or floating rates of interest whereby the rate of interest is not fixed but varies with changes in specified market rates or indices, such as a bank prime rate or a tax-exempt money market index. While the various types of notes described above as a group represent the major portion of the tax-exempt note market, other types of notes are available in the marketplace, and the Fund may invest in such other types of notes to the extent permitted under its investment objectives, policies and limitations. Such notes may be issued for different purposes and may be secured differently from those mentioned above. **HEDGING STRATEGIES** The Fund may periodically engage in hedging transactions. Hedging is a term used for various methods of seeking to preserve portfolio capital value by offsetting price changes in one investment through making another investment whose price should tend to move in the opposite direction. It may be desirable and possible in various market environments to partially hedge the portfolio against fluctuations in market value due to interest rate fluctuations by investment in financial futures and index futures as well as related put and call options on such instruments. Both parties entering into an index or financial futures contract are required to post an initial deposit of 1% to 5% of the total contract price. Typically, option holders enter

into offsetting closing transactions to enable settlement in cash rather than take delivery of the position in the future of the underlying security. The Fund will only sell covered futures contracts, which means that the Fund segregates assets equal to the amount of the obligations. Rating agency guidelines may limit the Fund's ability to engage in hedging transactions. These transactions present certain risks. In particular, the imperfect correlation between price movements in the futures contract and price movements in the securities being hedged creates the possibility that losses on the hedge by the Fund may be greater than gains in the value of the securities in the Fund's portfolio. In addition, futures and options markets may not be liquid in all circumstances. As a result, in volatile markets, the Fund may not be able to close out the transaction without incurring losses substantially greater than the initial deposit. Finally, the potential deposit requirements in futures S-8 49 contracts create an ongoing greater potential financial risk than do options transactions, where the exposure is limited to the cost of the initial premium. Losses due to hedging transactions will reduce yield. Net gains, if any, from hedging and other portfolio transactions will be distributed as taxable distributions to shareholders. The Fund will not make any investment (whether an initial premium or deposit or a subsequent deposit) other than as necessary to close a prior investment if, immediately after such investment, the sum of the amount of its premiums and deposits would exceed 5% of the Fund's net assets. The Fund will invest in these instruments only in markets believed by Nuveen Advisory to be active and sufficiently liquid. Successful implementation of most hedging strategies would generate taxable income, and the Fund has no present intention to use these strategies. For further information regarding these investment strategies and risks presented thereby, see Appendix C to this statement of additional information. **FACTORS PERTAINING TO NEW JERSEY** Factors pertaining to New Jersey are set forth in Appendix D. **OTHER INVESTMENT POLICIES AND TECHNIQUES**

ILLIQUID SECURITIES The Fund may invest in illiquid securities (i.e., securities that are not readily marketable), including, but not limited to, restricted securities (securities the disposition of which is restricted under the federal securities laws), securities that may only be resold pursuant to Rule 144A under the Securities Act of 1933, as amended (the "Securities Act"); and repurchase agreements with maturities in excess of seven days. Restricted securities may be sold only in privately negotiated transactions or in a public offering with respect to which a registration statement is in effect under the Securities Act. Where registration is required, the Fund may be obligated to pay all or part of the registration expenses and a considerable period may elapse between the time of the decision to sell and the time the Fund may be permitted to sell a security under an effective registration statement. If, during such a period, adverse market conditions were to develop, the Fund might obtain a less favorable price than that which prevailed when it decided to sell. Illiquid securities will be priced at a fair value as determined in good faith by the Board of Trustees or its delegate. **PORTFOLIO TRADING AND TURNOVER RATE** Portfolio trading may be undertaken to accomplish the investment objectives of the Fund in relation to actual and anticipated movements in interest rates. In addition, a security may be sold and another of comparable quality purchased at approximately the same time to take advantage of what Nuveen Advisory believes to be a temporary price disparity between the two securities. Temporary price disparities between two comparable securities may result from supply and demand imbalances where, for example, a temporary oversupply of certain bonds may cause a temporarily low price for such bonds, as compared with other bonds of like quality and characteristics. The Fund may also engage to a limited extent in short-term trading consistent with its investment objectives. Securities may be sold in anticipation of a market decline (a rise in interest rates) or purchased in anticipation of a market rise (a decline in interest rates) and later sold, but the Fund will not engage in trading solely to recognize a gain. Subject to the foregoing, the Fund will attempt to achieve its investment objectives by prudent selection of municipal bonds with a view to holding them for investment. While there can be no assurance thereof, the Fund anticipates that its annual portfolio turnover rate will generally not exceed S-9 50 100%. However, the rate of turnover will not be a limiting factor when the Fund deems it desirable to sell or purchase securities. Therefore, depending upon market conditions, the annual portfolio turnover rate of the Fund may exceed 100% in particular years. **OTHER INVESTMENT COMPANIES** The Fund may invest in securities of other open or closed-end investment companies that invest primarily in municipal bonds of the types in which the Fund may invest directly. The Fund generally expects to invest in other investment companies either during periods when it has large amounts of uninvested cash, such as the period shortly after the Fund receives the proceeds of the offering of its Common Shares or MuniPreferred Shares, or during periods when there is a shortage of attractive, high-yielding municipal bonds available in the market. As a shareholder in an investment company, the Fund will bear its ratable share of that investment company's expenses, and would remain subject to payment of the Fund's management, advisory and administrative fees with respect to assets so invested. Common Shareholders would

therefore be subject to duplicative expenses to the extent the Fund invests in other investment companies. Nuveen Advisory will take expenses into account when evaluating the investment merits of an investment in the investment company relative to available municipal bond investments. In addition, the securities of other investment companies may also be leveraged and will therefore be subject to the same leverage risks described herein. The net asset value and market value of leveraged shares will be more volatile and the yield to shareholders will tend to fluctuate more than the yield generated by unleveraged shares.

WHEN-ISSUED AND DELAYED DELIVERY TRANSACTIONS The Fund may buy and sell municipal bonds on a when-issued or delayed delivery basis, making payment or taking delivery at a later date, normally within 15-45 days of the trade date. On such transactions the payment obligation and the interest rate are fixed at the time the buyer enters into the commitment. Beginning on the date the Fund enters into a commitment to purchase securities on a when-issued or delayed delivery basis, the Fund is required under rules of the Securities and Exchange Commission to maintain in a separate account liquid assets, consisting of cash, cash equivalents or liquid securities having a market value at all times of at least equal to the amount of the commitment. Income generated by any such assets which provide taxable income for federal income tax purposes is includable in the taxable income of the Fund and, to the extent distributed, will be taxable distributions to shareholders. The Fund may enter into contracts to purchase municipal bonds on a forward basis (i.e., where settlement will occur more than 60 days from the date of the transaction) only to the extent that the Fund specifically collateralizes such obligations with a security that is expected to be called or mature within sixty days before or after the settlement date of the forward transaction. The commitment to purchase securities on a when-issued, delayed delivery or forward basis may involve an element of risk because no interest accrues on the bonds prior to settlement and at the time of delivery the market value may be less than cost.

REPURCHASE AGREEMENTS As temporary investments, the Fund may invest in repurchase agreements. A repurchase agreement is a contractual agreement whereby the seller of securities (U.S. Government securities or municipal bonds) agrees to repurchase the same security at a specified price on a future date agreed upon by the parties. The agreed-upon repurchase price determines the yield during the Fund's holding period. Repurchase agreements are considered to be loans collateralized by the underlying security that is the subject of the repurchase contract. Income generated from transactions in repurchase agreements will be taxable, if any. See "Tax Matters" for information relating to the allocation of taxable income between Common Shares and MuniPreferred Shares, if any. The Fund will only enter into repurchase agreements with registered securities dealers or domestic banks that, in the opinion of Nuveen Advisory, present S-10 51 minimal credit risk. The risk to the Fund is limited to the ability of the issuer to pay the agreed-upon repurchase price on the delivery dates; however, although the value of the underlying collateral at the time the transaction is entered into always equals or exceeds the agreed-upon repurchase price, if the value of the collateral declines there is a risk of loss of both principal and interest. In the event of default, the collateral may be sold but the Fund might incur a loss if the value of the collateral declines, and might incur disposition costs or experience delays in connection with liquidating the collateral. In addition, if bankruptcy proceedings are commenced with respect to the seller of the security, realization upon the collateral by the Fund may be delayed or limited. Nuveen Advisory will monitor the value of the collateral at the time the transaction is entered into and at all times subsequent during the term of the repurchase agreement in an effort to determine that such value always equals or exceeds the agreed-upon repurchase price. In the event the value of the collateral declines below the repurchase price, Nuveen Advisory will demand additional collateral from the issuer to increase the value of the collateral to at least that of the repurchase price, including interest.

ZERO COUPON BONDS The Fund may invest in zero coupon bonds. A zero coupon bond is a bond that does not pay interest for its entire life. The market prices of zero coupon bonds are affected to a greater extent by changes in prevailing levels of interest rates and thereby tend to be more volatile in price than securities that pay interest periodically. In addition, because the Fund accrues income with respect to these securities prior to the receipt of such interest, it may have to dispose of portfolio securities under disadvantageous circumstances in order to obtain cash needed to pay income dividends in amounts necessary to avoid unfavorable tax consequences.

S-11 52 MANAGEMENT OF THE FUND TRUSTEES AND OFFICERS The management of the Fund, including general supervision of the duties performed for the Fund under the Management Agreement, is the responsibility of the Board of Trustees of the Fund. The number of trustees of the Fund is currently set at seven, one of whom is an "interested" person (as the term "interested" persons is defined in the Investment Company Act of 1940) and six of whom are not "interested" persons. None of the trustees who are not "interested" persons of the Fund has ever been a director or employee of, or consultant to, Nuveen or its affiliates. The names and business addresses of the trustees and officers of the Fund and their principal occupations and other affiliations during

the past five years are set forth below, with those trustees who are "interested" persons of the Fund indicated by an asterisk. POSITIONS AND OFFICES PRINCIPAL OCCUPATIONS DURING NAME AND ADDRESS BIRTHDATE WITH THE FUND PAST FIVE YEARS -----

Based on the estimated compensation to be earned by the independent trustees for the period from inception through the end of the Fund's first full fiscal year for services to the Fund. ** Based on the estimated compensation paid to the trustees for the one year period ending 12/31/00 for services to the open-end and closed-end funds advised by Nuveen Advisory. The Fund has no employees. Its officers are compensated by Nuveen Advisory or Nuveen. INVESTMENT ADVISER Nuveen Advisory acts as investment adviser to the Fund, with responsibility for the overall management of the Fund. Its address is 333 West Wacker Drive, Chicago, Illinois 60606. Nuveen Advisory is also responsible for managing the Fund's business affairs and providing day-to-day administrative services to the Fund. For additional information regarding the management services performed by Nuveen Advisory, see "Management of the Fund" in the Fund's prospectus. Nuveen Advisory is a wholly owned subsidiary of Nuveen, which is also a co-managing underwriter of the Fund's shares. Nuveen is sponsor of the Nuveen Defined Portfolios, registered unit investment trusts, is the principal underwriter for the Nuveen Mutual Funds, and has served as co-managing underwriter for the shares of the Nuveen Exchange-Traded Funds. Over 1,300,000 individuals have invested to date in Nuveen's funds and trusts. Founded in 1898, Nuveen brings over a century of expertise to the municipal bond market. According to data from Strategic Insight, Nuveen is the leading sponsor of exchange-traded municipal bond funds as measured by

number of funds (59) and fund assets under management (\$__ billion at _____, 2001). Overall, Nuveen and its affiliates have over \$__ billion in assets under management or surveillance. Nuveen is a subsidiary of The John Nuveen Company which, in turn, is approximately 77% owned by The St. Paul Companies, Inc. ("St. Paul"). St. Paul is a publicly traded company located in St. Paul, Minnesota, and is principally engaged in providing property-liability insurance through subsidiaries.

S-15 56 Pursuant to an investment management agreement between Nuveen Advisory and the Fund, the Fund has agreed to pay for the services and facilities provided by Nuveen Advisory an annual management fee, payable on a monthly basis, according to the following schedule: AVERAGE DAILY NET ASSETS(1) MANAGEMENT FEE ----- Up to \$125 million..... .6500% \$125 million to \$250 million..... .6375% \$250 million to \$500 million..... .6250% \$500 million to \$1 billion..... .6125% \$1 billion to \$2 billion..... .6000% \$2 billion and over..... .5750% ----- (1) Including net assets attributable to MuniPreferred Shares. All fees and expenses are accrued daily and deducted before payment of dividends to investors. The investment management agreement has been approved by a majority of the disinterested trustees of the Fund and the sole shareholder of the Fund. For the first ten years of the Fund's operation, Nuveen Advisory has contractually agreed to reimburse the Fund for fees and expenses in the amounts, and for the time periods, set forth below:

(1) Including net assets attributable to MuniPreferred Shares. (2) From the commencement of operations. Reducing Fund expenses in this manner will tend to increase the amount of income available for the Common Shareholders. Nuveen Advisory has not agreed to reimburse the Fund for any portion of its fees and expenses beyond March 31, 2011. The Fund, Nuveen Advisory, Nuveen Investments, Salomon Smith Barney, Inc. and other related entities have adopted codes of ethics which essentially prohibit certain of their personnel, including the Nuveen fund portfolio manager, from engaging in personal investments which compete or interfere with, or attempt to take advantage of a client's, including the Fund's, anticipated or actual portfolio transactions, and are designed to assure that the interests of clients, including Fund shareholders, are placed before the interests of personnel in connection with personal investment transactions. Text-only versions of the codes of ethics can be viewed online or downloaded from the EDGAR Database on the SEC's internet web site at www.sec.gov. You may also review and copy those documents by visiting the SEC's Public Reference Room in Washington, DC. Information on the operation of the Public Reference Room may be obtained by calling the SEC at 202-942-8090. In addition, copies of the codes of ethics S-16 57 may be obtained, after mailing the appropriate duplicating fee by writing to the SEC's Public Reference Section, 450 5th Street, N.W., Washington, DC 20549-0102 or by e-mail request at publicinfo@sec.gov.

PORTFOLIO TRANSACTIONS Nuveen Advisory is responsible for decisions to buy and sell securities for the Fund and for the placement of the Fund's securities business, the negotiation of the prices to be paid for principal trades and the allocation of its transactions among various dealer firms. Portfolio securities will normally be purchased directly from an underwriter or in the over-the-counter market from the principal dealers in such securities, unless it appears that a better price or execution may be obtained through other means. Portfolio securities will not be purchased from Nuveen or its affiliates except in compliance with the 1940 Act. The Fund expects that substantially all portfolio transactions will be effected on a principal (as opposed to an agency) basis and, accordingly, does not expect to pay any brokerage commissions. Purchases from underwriters will include a commission or concession paid by the issuer to the underwriter, and purchases from dealers will include the spread between the bid and asked price. On occasion, the Fund may clear portfolio transactions through Nuveen. It is the policy of Nuveen Advisory to seek the best execution under the circumstances of each trade. Nuveen Advisory evaluates price as the primary consideration, with the financial condition, reputation and responsiveness of the dealer considered secondary in determining best execution. Given the best execution obtainable, it will be Nuveen Advisory's practice to select dealers which, in addition, furnish research information (primarily credit analyses of issuers and general economic reports) and statistical and other services to Nuveen Advisory. It is not possible to place a dollar value on information and statistical and other services received from dealers. Since it is only supplementary to Nuveen Advisory's own research efforts, the receipt of research information is not expected to reduce significantly Nuveen Advisory's expenses. While Nuveen Advisory will be primarily responsible for the placement of the business of the Fund, the policies and practices of Nuveen Advisory in this regard must be consistent with the foregoing and will, at

all times, be subject to review by the Board of Trustees of the Fund. Nuveen Advisory may manage other investment accounts and investment companies for other clients which have investment objectives similar to those of the Fund. Subject to applicable laws and regulations, Nuveen Advisory seeks to allocate portfolio transactions equitably whenever concurrent decisions are made to purchase or sell securities by the Fund and another advisory account. In making such allocations the main factors to be considered will be the respective investment objectives, the relative size of portfolio holdings of the same or comparable securities, the availability of cash for investment and the size of investment commitments generally held. While this procedure could have a detrimental effect on the price or amount of the securities available to the Fund from time to time, it is the opinion of the Board of Trustees that the benefits available from Nuveen Advisory's organization will outweigh any disadvantage that may arise from exposure to simultaneous transactions. Under the 1940 Act, the Fund may not purchase portfolio securities from any underwriting syndicate of which Nuveen is a member except under certain limited conditions set forth in Rule 10f-3. The rule sets forth requirements relating to, among other things, the terms of an issue of municipal bonds purchased by the Fund, the amount of municipal bonds which may be purchased in any one issue and the assets of the Fund that may be invested in a particular issue. In addition, purchases of securities made pursuant to the terms of the Rule must be approved at least quarterly by the Board of Trustees, including a majority of the members thereof who are not interested persons of the Fund.

S-17 58 NET ASSET VALUE The Fund's net asset value per share is determined as of the close of trading (normally 4:00 p.m. Eastern time) on each day the New York Stock Exchange is open for business. Net asset value is calculated by taking the fair value of the Fund's total assets, including interest or dividends accrued but not yet collected, less all liabilities, and dividing by the total number of shares outstanding. The result, rounded to the nearest cent, is the net asset value per share. In determining net asset value, expenses are accrued and applied daily and securities and other assets for which market quotations are available are valued at market value. The prices of municipal bonds are provided by a pricing service and based on the mean between the bid and asked price. When price quotes are not readily available (which is usually the case for municipal bonds), the pricing service establishes a fair market value based on prices of comparable municipal bonds. All valuations are subject to review by the Fund's Board of Trustees or its delegate, Nuveen Advisory.

ADDITIONAL INFORMATION CONCERNING THE AUCTIONS FOR MUNIPREFERRED GENERAL Auction Agency Agreement. The Fund has entered into an Auction Agency Agreement (the "Auction Agency Agreement") with the Auction Agent (currently, Bankers Trust Company) which provides, among other things, that the Auction Agent will follow the Auction Procedures for purposes of determining the Applicable Rate for shares of each series of MuniPreferred so long as the Applicable Rate for shares of such series is to be based on the results of an Auction. Broker-Dealer Agreements. Each Auction requires the participation of one or more Broker-Dealers. The Auction Agent has entered into agreements (collectively, the "Broker-Dealer Agreements") with several Broker-Dealers selected by the Fund, which provide for the participation of those Broker-Dealers in Auctions for shares of MuniPreferred. See "Broker-Dealers" below.

Securities Depository. The Depository Trust Company ("DTC") will act as the Securities Depository for the Agent Members with respect to shares of each series of MuniPreferred. One certificate for all of the shares of each series of MuniPreferred will be registered in the name of Cede, as nominee of the Securities Depository. Such certificate will bear a legend to the effect that such certificate is issued subject to the provisions restricting transfers of shares of MuniPreferred contained in the Statement. The Fund will also issue stop-transfer instructions to the transfer agent for shares of each series of MuniPreferred. Prior to the commencement of the right of holders of preferred shares to elect a majority of the Fund's trustees, as described under "Description of MuniPreferred -- Voting Rights" in the prospectus, Cede will be the holder of record of all shares of each series of MuniPreferred and owners of such shares will not be entitled to receive certificates representing their ownership interest in such shares. DTC, a New York-chartered limited purpose trust company, performs services for its participants (including the Agent Members), some of whom (and/or their representatives) own DTC. DTC maintains lists of its participants and will maintain the positions (ownership interests) held by each such participant (the "Agent Member") in shares of MuniPreferred, whether for its own account or as a nominee for another person.

S-18 59 CONCERNING THE AUCTION AGENT The Auction Agent is acting as agent for the Fund in connection with Auctions. In the absence of bad faith or negligence on its part, the Auction Agent will not be liable for any action taken, suffered, or omitted or for any error of judgment made by it in the performance of its duties under the Auction Agency Agreement and will not be liable for any error of judgment made in good faith unless the Auction Agent will have been negligent in ascertaining the pertinent facts. The Auction Agent may rely upon, as evidence of the identities of the Existing Holders of shares of MuniPreferred, the Auction Agent's registry of

Existing Holders, the results of Auctions and notices from any Broker-Dealer (or other Person, if permitted by the Fund) with respect to transfers described under "The Auction -- Secondary Market Trading and Transfer of MuniPreferred" in the prospectus and notices from the Fund. The Auction Agent is not required to accept any such notice for an Auction unless it is received by the Auction Agent by 3:00 p.m., New York City time, on the Business Day preceding such Auction. The Auction Agent may terminate the Auction Agency Agreement upon notice to the Fund on a date no earlier than 45 days after such notice. If the Auction Agent should resign, the Fund will use its best efforts to enter into an agreement with a successor Auction Agent containing substantially the same terms and conditions as the Auction Agency Agreement. The Fund may remove the Auction Agent provided that prior to such removal the Fund shall have entered into such an agreement with a successor Auction Agent. **BROKER-DEALERS** The Auction Agent after each Auction for shares of MuniPreferred will pay to each Broker-Dealer, from funds provided by the Fund, a service charge at the annual rate of 1/4 of 1% in the case of any Auction immediately preceding a Rate Period of less than one year, or a percentage agreed to by the Fund and the Broker-Dealers in the case of any Auction immediately preceding a Rate Period of one year or longer, of the purchase price of shares of MuniPreferred placed by such Broker-Dealer at such Auction. For the purposes of the preceding sentence, shares of MuniPreferred will be placed by a Broker-Dealer if such shares were (a) the subject of Hold Orders deemed to have been submitted to the Auction Agent by the Broker-Dealer and were acquired by such Broker-Dealer for its own account or were acquired by such Broker-Dealer for its customers who are Beneficial Owners or (b) the subject of an Order submitted by such Broker-Dealer that is (i) a Submitted Bid of an Existing Holder that resulted in such Existing Holder continuing to hold such shares as a result of the Auction or (ii) a Submitted Bid of a Potential Holder that resulted in such Potential Holder purchasing such shares as a result of the Auction or (iii) a valid Hold Order. The Fund may request the Auction Agent to terminate one or more Broker-Dealer Agreements at any time, provided that at least one Broker-Dealer Agreement is in effect after such termination. The Broker-Dealer Agreement provides that a Broker-Dealer (other than an affiliate of the Fund) may submit Orders in Auctions for its own account, unless the Fund notifies all Broker-Dealers that they may no longer do so, in which case Broker-Dealers may continue to submit Hold Orders and Sell Orders for their own accounts. Any Broker-Dealer that is an affiliate of the Fund may submit Orders in Auctions, but only if such Orders are not for its own account. If a Broker-Dealer submits an Order for its own account in any Auction, it might have an advantage over other Bidders because it would have knowledge of all Orders submitted by it in that Auction; such Broker-Dealer, however, would not have knowledge of Orders submitted by other Broker-Dealers in that Auction. **S-19 60 CERTAIN PROVISIONS IN THE DECLARATION OF TRUST** Under Massachusetts law, shareholders could, under certain circumstances, be held personally liable for the obligations of the Fund. However, the Declaration contains an express disclaimer of shareholder liability for debts or obligations of the Fund and requires that notice of such limited liability be given in each agreement, obligation or instrument entered into or executed by the Fund or the trustees. The Declaration further provides for indemnification out of the assets and property of the Fund for all loss and expense of any shareholder held personally liable for the obligations of the Fund. Thus, the risk of a shareholder incurring financial loss on account of shareholder liability is limited to circumstances in which the Fund would be unable to meet its obligations. The Fund believes that the likelihood of such circumstances is very remote. The Declaration includes provisions that could limit the ability of other entities or persons to acquire control of the Fund. Specifically, the Declaration requires a vote by holders of at least two-thirds of the Common Shares and MuniPreferred Shares, voting together as a single class, except as described below, to authorize (1) a conversion of the Fund from a closed-end to an open-end investment company, (2) a merger or consolidation of the Fund, or a series or class of the Fund, with any corporation, association, trust or other organization or a reorganization or recapitalization of the Fund, or a series or class of the Fund, (3) a sale, lease or transfer of all or substantially all of the Fund's assets (other than in the regular course of the Fund's investment activities), (4) in certain circumstances, a termination of the Fund, or a series or class of the Fund or (5) removal of trustees, and then only for cause, unless, with respect to (1) through (4), such transaction has already been authorized by the affirmative vote of two-thirds of the total number of trustees fixed in accordance with the Declaration or the By-laws, in which case the affirmative vote of the holders of at least a majority of the Fund's Common Shares and MuniPreferred Shares outstanding at the time, voting together as a single class, is required, provided, however, that where only a particular class or series is affected (or, in the case of removing a trustee, when the trustee has been elected by only one class), only the required vote by the applicable class or series will be required. Approval of shareholders is not required, however, for any transaction, whether deemed a merger, consolidation, reorganization or

otherwise whereby the Fund issues shares in connection with the acquisition of assets (including those subject to liabilities) from any other investment company or similar entity. None of the foregoing provisions may be amended except by the vote of at least two-thirds of the Common Shares and MuniPreferred Shares, voting together as a single class. In the case of the conversion of the Fund to an open-end investment company, or in the case of any of the foregoing transactions constituting a plan of reorganization which adversely affects the holders of MuniPreferred Shares, the action in question will also require the affirmative vote of the holders of at least two-thirds of the Fund's MuniPreferred Shares outstanding at the time, voting as a separate class, or, if such action has been authorized by the affirmative vote of two-thirds of the total number of trustees fixed in accordance with the Declaration or the By-laws, the affirmative vote of the holders of at least a majority of the Fund's MuniPreferred Shares outstanding at the time, voting as a separate class. The votes required to approve the conversion of the Fund from a closed-end to an open-end investment company or to approve transactions constituting a plan of reorganization which adversely affects the holders of MuniPreferred Shares are higher than those required by the 1940 Act. The Board of Trustees believes that the provisions of the Declaration relating to such higher votes are in the best interest of the Fund and its shareholders. Reference should be made to the Declaration on file with the Securities and Exchange Commission for the full text of these provisions. The Declaration provides that the obligations of the Fund are not binding upon the trustees of the Fund individually, but only upon the assets and property of the Fund, and that the trustees shall not be liable for errors of judgment or mistakes of fact or law. Nothing in the Declaration, however, protects a S-20 61 trustee against any liability to which he would otherwise be subject by reason of willful misfeasance, bad faith, gross negligence or reckless disregard of the duties involved in the conduct of his office.

REPURCHASE OF COMMON SHARES; CONVERSION TO OPEN-END FUND The Fund is a closed-end investment company and as such its shareholders will not have the right to cause the Fund to redeem their shares. Instead, the Fund's Common Shares will trade in the open market at a price that will be a function of several factors, including dividend levels (which are in turn affected by expenses), net asset value, call protection, price, dividend stability, relative demand for and supply of such shares in the market, general market and economic conditions and other factors. Because shares of a closed-end investment company may frequently trade at prices lower than net asset value, the Fund's Board of Trustees has currently determined that, at least annually, it will consider action that might be taken to reduce or eliminate any material discount from net asset value in respect of Common Shares, which may include the repurchase of such shares in the open market or in private transactions, the making of a tender offer for such shares at net asset value, or the conversion of the Fund to an open-end investment company. There can be no assurance, however, that the Board of Trustees will decide to take any of these actions, or that share repurchases or tender offers, if undertaken, will reduce market discount. Notwithstanding the foregoing, at any time when the Fund's MuniPreferred Shares are outstanding, the Fund may not purchase, redeem or otherwise acquire any of its Common Shares unless (1) all accrued MuniPreferred Shares dividends have been paid and (2) at the time of such purchase, redemption or acquisition, the net asset value of the Fund's portfolio (determined after deducting the acquisition price of the Common Shares) is at least 200% of the liquidation value of the outstanding MuniPreferred Shares (expected to equal the original purchase price per share plus any accrued and unpaid dividends thereon). Any service fees incurred in connection with any tender offer made by the Fund will be borne by the Fund and will not reduce the stated consideration to be paid to tendering shareholders. Subject to its investment limitations, the Fund may borrow to finance the repurchase of shares or to make a tender offer. Interest on any borrowings to finance share repurchase transactions or the accumulation of cash by the Fund in anticipation of share repurchases or tenders will reduce the Fund's net income. Any share repurchase, tender offer or borrowing that might be approved by the Board of Trustees would have to comply with the Securities Exchange Act of 1934, as amended, and the 1940 Act and the rules and regulations thereunder. Although the decision to take action in response to a discount from net asset value will be made by the Board of the Fund at the time it considers such issue, it is the Board's present policy, which may be changed by the Board, not to authorize repurchases of Common Shares or a tender offer for such shares if (1) such transactions, if consummated, would (a) result in the delisting of the Common Shares from the American Stock Exchange, or (b) impair the Fund's status as a regulated investment company under the Internal Revenue Code of 1986, as amended (which would make the Fund a taxable entity, causing the Fund's income to be taxed at the corporate level in addition to the taxation of shareholders who receive dividends from the Fund) or as a registered closed-end investment company under the 1940 Act; (2) the Fund would not be able to liquidate portfolio securities in an orderly manner and consistent with the Fund's investment objectives and policies in order to repurchase shares; or (3) there is, in the Board's judgment, any (a)

material legal action or proceeding instituted or threatened challenging such transactions or otherwise materially adversely affecting the Fund, (b) general suspension of or limitation on prices for trading securities on the American Stock Exchange, (c) declaration of a banking moratorium by federal or state authorities or any suspension of payment by United States or state banks in which the Fund invests, (d) material limitation affecting the Fund or the issuers of its portfolio securities by federal or state authorities on the extension of credit by lending institutions or on the exchange of foreign S-21 62 currency, (e) commencement of war, armed hostilities or other international or national calamity directly or indirectly involving the United States, or (f) other event or condition which would have a material adverse effect (including any adverse tax effect) on the Fund or its shareholders if shares were repurchased. The Board of Trustees of the Fund may in the future modify these conditions in light of experience. Conversion to an open-end company would require the approval of the holders of at least two-thirds of the Fund's Common Shares and MuniPreferred Shares outstanding at the time, voting together as a single class, and of the holders of at least two-thirds of the Fund's MuniPreferred Shares outstanding at the time, voting as a separate class, provided, however, that such separate class vote shall be a majority vote if the action in question has previously been approved, adopted or authorized by the affirmative vote of two-thirds of the total number of trustees fixed in accordance with the Declaration or By-laws. See the prospectus under "Certain Provisions in the Declaration of Trust" for a discussion of voting requirements applicable to conversion of the Fund to an open-end company. If the Fund converted to an open-end company, it would be required to redeem all MuniPreferred Shares then outstanding, and the Fund's Common Shares would no longer be listed on the American Stock Exchange. Shareholders of an open-end investment company may require the company to redeem their shares on any business day (except in certain circumstances as authorized by or under the 1940 Act) at their net asset value, less such redemption charge, if any, as might be in effect at the time of redemption. In order to avoid maintaining large cash positions or liquidating favorable investments to meet redemptions, open-end companies typically engage in a continuous offering of their shares. Open-end companies are thus subject to periodic asset in-flows and out-flows that can complicate portfolio management. The Board of Trustees of the Fund may at any time propose conversion of the Fund to an open-end company depending upon their judgment as to the advisability of such action in light of circumstances then prevailing. The repurchase by the Fund of its shares at prices below net asset value will result in an increase in the net asset value of those shares that remain outstanding. However, there can be no assurance that share repurchases or tenders at or below net asset value will result in the Fund's shares trading at a price equal to their net asset value. Nevertheless, the fact that the Fund's shares may be the subject of repurchase or tender offers at net asset value from time to time, or that the Fund may be converted to an open-end company, may reduce any spread between market price and net asset value that might otherwise exist. In addition, a purchase by the Fund of its Common Shares will decrease the Fund's total assets which would likely have the effect of increasing the Fund's expense ratio. Any purchase by the Fund of its Common Shares at a time when MuniPreferred Shares are outstanding will increase the leverage applicable to the outstanding Common Shares then remaining. Before deciding whether to take any action if the Fund's Common Shares trade below net asset value, the Board of the Fund would consider all relevant factors, including the extent and duration of the discount, the liquidity of the Fund's portfolio, the impact of any action that might be taken on the Fund or its shareholders and market considerations. Based on these considerations, even if the Fund's shares should trade at a discount, the Board of Trustees may determine that, in the interest of the Fund and its shareholders, no action should be taken.

TAX MATTERS FEDERAL INCOME TAX MATTERS The following discussion of federal income tax matters is based upon the advice of Vedder, Price, Kaufman & Kammholz, special counsel to the Fund. S-22 63 The Fund intends to qualify under Subchapter M of the Internal Revenue Code of 1986, as amended (the "Code"), as a regulated investment company and to satisfy conditions which enable dividends on Common Shares or shares of MuniPreferred which are attributable to interest on Municipal Obligations to be exempt from federal income tax in the hands of owners of such stock, subject to the possible application of the alternative minimum tax. To qualify under Subchapter M for tax treatment as a regulated investment company, the Fund must, among other things: (a) distribute to its shareholders at least 90% of the sum of (i) its investment company taxable income (as that term is defined in the Code determined without regard to the deduction for dividends paid) and (ii) its net tax-exempt income (the excess of its gross tax-exempt interest income over certain disallowed deductions) and (b) diversify its holdings so that, at the end of each fiscal quarter of the Fund (i) at least 50% of the market value of the Fund's assets is represented by cash, cash items, U.S. government securities, securities of other regulated investment companies, and other securities, with these other securities limited, with respect to any one issuer, to an amount not greater in value than 5% of the Fund's total

assets, and to not more than 10% of the outstanding voting securities of such issuer, and (ii) not more than 25% of the market value of the Fund's assets is invested in the securities of any one issuer (other than U.S. government securities or securities of other regulated investment companies) or two or more issuers controlled by the Fund and engaged in the same, similar or related trades or businesses. In meeting these requirements of Subchapter M of the Code, the Fund may be restricted in the utilization of certain of the investment techniques described under "Investment Policies and Techniques" and "Other Investment Policies and Techniques" above. If in any year the Fund should fail to qualify under Subchapter M for tax treatment as a regulated investment company, the Fund would incur a regular federal corporate income tax upon its taxable income for that year, and distributions to its shareholders would be taxable to such holders as ordinary income to the extent of the earnings and profits of the Fund. A regulated investment company that fails to distribute, by the close of each calendar year, an amount equal to the sum of 98% of its ordinary taxable income for such year and 98% of its capital gain net income for the one year period ending October 31 in such year, plus any shortfalls from the prior year's required distribution, is liable for a 4% excise tax on the excess of the required distribution for such calendar year over the distributed amount for such calendar year. To avoid the imposition of this excise tax, the Fund generally intends to make the required distributions of its ordinary taxable income, if any, and its capital gain net income, to the extent possible, by the close of each calendar year. The Fund intends to qualify to pay "exempt-interest" dividends, as defined in the Code, on its Common Shares and shares of MuniPreferred by satisfying the requirement that at the close of each quarter of its taxable year, at least 50% of the value of its total assets consist of tax-exempt municipal bonds. Exempt-interest dividends are dividends or any part thereof (other than a capital gain dividend) paid by the Fund which are attributable to interest on municipal bonds and are so designated by the Fund. Exempt-interest dividends will be exempt from federal income tax, subject to the possible application of the federal alternative minimum tax. Insurance proceeds received by the Fund under any insurance policies in respect of scheduled interest payments on defaulted municipal bonds, as described herein, will generally be excludable from federal gross income under Section 103(a) of the Code. In the case of non-appropriation by a political subdivision, however, there can be no assurance that payments made by the issuer representing interest on such "non-appropriation" municipal lease obligations will be excludable from gross income for federal income tax purposes. See "Investment Policies and Techniques" above. Gains of the Fund that are attributable to market discount on certain municipal obligations acquired after April 30, 1993 are treated as ordinary income. Distributions to shareholders by the Fund of net income received, if any, from taxable temporary investments and net short-term capital gains, if any, realized by the Fund will be taxable to its shareholders as ordinary income. Distributions by the Fund of net capital gain (i.e., the excess of net long-term capital gains over net short-term capital loss), if any, are taxable as long-term capital gain, regardless of the length of time the shareholder has owned Common Shares or shares of MuniPreferred of the Fund. The amount of taxable income allocable to the Fund's shares of S-23 64 MuniPreferred will depend upon the amount of such income realized by the Fund, but is not generally expected to be significant. Except for dividends paid on shares of MuniPreferred which include an allocable portion of any net capital gain or other taxable income, the Fund anticipates that all other dividends paid on shares of its MuniPreferred will constitute exempt-interest dividends for federal income tax purposes. Distributions, if any, in excess of the Fund's earnings and profits will first reduce the adjusted tax basis of a shareholder's shares and, after that basis has been reduced to zero, will constitute capital gain to the shareholder (assuming the shares are held as a capital asset). As long as the Fund qualifies as a regulated investment company under the Code, no part of its distributions to shareholders will qualify for the dividend-received deduction available to corporate shareholders. The Internal Revenue Service (the "IRS") requires that a regulated investment company that has two or more classes of shares must designate to each such class proportionate amounts of each type of its income for each tax year based upon the percentage of total dividends distributed to each class for such year. The Fund intends each year to allocate, to the fullest extent practicable, net tax-exempt interest, net capital gain and other taxable income, if any, between its Common Shares and shares of MuniPreferred in proportion to the total dividends paid to each class with respect to such year. To the extent permitted under applicable law, the Fund reserves the right to make special allocations of income within a class, consistent with the objectives of the Fund. The Fund will, in the case of a Minimum Rate Period or a Special Rate Period of 28 Rate Period Days, and may, in the case of any other Special Rate Period, notify the Auction Agent of the amount of any net capital gain or other income taxable for regular federal income tax purposes to be included in any dividend on shares of its MuniPreferred prior to the Auction establishing the Applicable Rate for such dividend. If (a) in the case of any Minimum Rate Period or any Special Rate Period of 28

Rate Period Days or fewer, the Fund allocates any net capital gains or other income taxable for regular federal income tax purposes to a dividend paid on shares of MuniPreferred without having given advance notice thereof to the Auction Agent as required by the Statement solely by reason of the fact that such allocation is made retroactively as a result of the redemption of all or a portion of the outstanding shares of its MuniPreferred or the liquidation of the Fund or (b) in the case of any Special Rate Period of more than 28 Rate Period Days, the Fund allocates any net capital gains or other taxable income for regular federal income tax purposes to shares of its MuniPreferred without having given advance notice thereof as described above, the Fund will make certain payments to owners of shares of its MuniPreferred to which such allocation was made to offset the federal income tax effect thereof as described under "Description of MuniPreferred -- Dividends and Dividend Periods -- Gross-up Payments" in the prospectus. In order for any distributions to owners of the Fund's shares of MuniPreferred to be eligible to be treated as exempt-interest dividends, such shares of MuniPreferred must be treated as stock for federal income tax purposes. Nuveen Advisory believes the shares of MuniPreferred should be treated as stock for federal income tax purposes. If at any time when the Fund's shares of MuniPreferred are outstanding the Fund fails to meet the MuniPreferred Basic Maintenance Amount or the 1940 Act MuniPreferred Asset Coverage, the Fund will be required to suspend distributions to holders of its Common Shares until such maintenance amount or asset coverage, as the case may be, is restored. See "Description of MuniPreferred -- Dividends and Dividend Periods -- Restrictions on Dividends and Other Distributions" in the prospectus. This may prevent the Fund from distributing at least 90% of its investment company taxable income and net tax-exempt income (as that term is defined in the Code determined without regard to the deduction for dividends paid), and may therefore jeopardize the Fund's qualification for taxation as a regulated investment company or cause the Fund to incur a tax liability or a non-deductible 4% excise tax on the undistributed taxable income (including gain), or both. Upon failure to meet the MuniPreferred Basic Maintenance Amount or the 1940 Act MuniPreferred Asset Coverage, the Fund will be required to redeem its shares of MuniPreferred in order to maintain or restore such maintenance amount or asset S-24 65 coverage and avoid the adverse consequences to the Fund and its shareholders of failing to qualify as a regulated investment company. There can be no assurance, however, that any such redemption would achieve such objectives. The Code provides that interest on indebtedness incurred or continued to purchase or carry the Fund's shares to which exempt-interest dividends are allocated is not deductible. Under rules used by the IRS for determining when borrowed funds are considered used for the purpose of purchasing or carrying particular assets, the purchase or ownership of shares may be considered to have been made with borrowed funds even though such funds are not directly used for the purchase or ownership of such shares. The interest on private activity bonds in most instances is not federally tax-exempt to a person who is a "substantial user" of a facility financed by such bonds or a "related person" of such "substantial user." As a result, the Fund may not be an appropriate investment for shareholders who are considered either a "substantial user" or a "related person" within the meaning of the Code. In general, a "substantial user" of a facility includes a "non-exempt person who regularly uses a part of such facility in his trade or business." "Related persons" are in general defined to include persons among whom there exists a relationship, either by family or business, which would result in a disallowance of losses in transactions among them under various provisions of the Code (or if they are members of the same controlled group of corporations under the Code), including a partnership and each of its partners (and certain members of their families), an S corporation and each of its shareholders (and certain members of their families) and various combinations of these and other relationships. The foregoing is not a complete description of all of the provisions of the Code covering the definitions of "substantial user" and "related person." The Fund may, at its option, redeem shares of its MuniPreferred in whole or in part, and is required to redeem shares of its MuniPreferred to the extent required to maintain the MuniPreferred Basic Maintenance Amount and the 1940 Act MuniPreferred Asset Coverage. Gain or loss, if any, resulting from a redemption of the shares of MuniPreferred will be taxed as gain or loss from the sale or exchange of the shares of MuniPreferred under Section 302 of the Code rather than as a dividend, but only if the redemption distribution (a) is deemed not to be essentially equivalent to a dividend, (b) is in complete redemption of an owner's interest in the Fund, (c) is substantially disproportionate with respect to the owner, or (d) with respect to non-corporate owners, is in partial liquidation of the Fund. For purposes of (a), (b) and (c) above, an owner's ownership of the Common Shares will be taken into account. Nonresident alien individuals and certain foreign corporations and other entities ("foreign investors") generally are subject to U.S. withholding tax at the rate of 30% (or possibly a lower rate provided by an applicable tax treaty) on distributions of taxable net investment income and net short-term capital gain. To the extent received by foreign investors, exempt-interest dividends, distributions of net

long-term capital gain and gain from the sale or other disposition of the shares of MuniPreferred generally are exempt from U.S. taxation. Different tax consequences may result if the owner is engaged in a trade or business in the United States or, in the case of an individual, is present in the United States for more than 182 days during a taxable year. Although dividends generally will be treated as distributed when paid, dividends declared in October, November or December, payable to shareholders of record on a specified date in one of those months and paid during the following January will be treated as having been distributed by the Fund (and received by the shareholders) on December 31 of the year declared. Certain of the Fund's investment practices are subject to special provisions of the Code that, among other things, may defer the use of certain deductions or losses of the Fund and affect the holding period of securities held by the Fund and the character of the gains or losses realized by the Fund. These provisions may also require the Fund to recognize income or gain without receiving cash with which to S-25 66 make distributions in the amounts necessary to satisfy the requirements for maintaining regulated investment company status and for avoiding income and excise taxes. The Fund will monitor its transactions and may make certain tax elections in order to mitigate the effect of these rules and prevent disqualification of the Fund as a regulated investment company. The sale or other disposition of Common Shares or shares of MuniPreferred of the Fund (other than redemptions, the rules for which are describe above) will normally result in capital gain or loss to shareholders. Present law taxes both long-term and short-term capital gains of corporations at the rates applicable to ordinary income. For non-corporate taxpayers, however, under current law short-term capital gains and ordinary income will be taxed at a maximum rate of 39.6% while long-term capital gains generally will be taxed at a maximum rate of 20%. However, because of the limitations on itemized deductions and the deduction for personal exemptions applicable to higher income taxpayers, the effective rate of tax may be higher in certain circumstances. Losses realized by a shareholder on the sale or exchange of shares of the Fund held for six months or less are disallowed to the extent of any distribution of exempt-interest dividends received with respect to such shares, and, if not disallowed, such losses are treated as long-term capital losses to the extent of any distribution of long-term capital gain received with respect to such shares. Under certain circumstances, a shareholder's holding period may have to restart after, or may be suspended for any periods during which the shareholder's risk of loss is diminished as a result of holding one or more other positions in substantially similar or related property, or through certain options or short sales. Any loss realized on a sale or exchange of shares of the Fund will be disallowed to the extent those shares of the Fund are replaced by other shares within a period of 61 days beginning 30 days before and ending 30 days after the date of disposition of the original shares. In that event, the basis of the replacement shares of the Fund will be adjusted to reflect the disallowed loss. Federal tax law imposes an alternative minimum tax with respect to corporations, individuals, trusts and estates. Interest on certain Municipal Obligations, such as bonds issued to make loans for housing purposes or to private entities (but not to certain tax-exempt organizations such as universities and non-profit hospitals) is included as an item of tax preference in determining the amount of a taxpayer's alternative minimum taxable income. To the extent that the Fund receives income from Municipal Obligations subject to the federal alternative minimum tax, a portion of the dividends paid by it, although otherwise exempt from federal income tax, will be taxable to its shareholders to the extent that their tax liability is determined under the alternative minimum tax. The Fund will annually supply a report indicating the percentage of the Fund's income attributable to Municipal Obligations subject to the federal alternative minimum tax. In addition, for certain corporations, alternative minimum taxable income is increased by 75% of the difference between an alternative measure of income ("adjusted current earnings") and the amount otherwise determined to be the alternative minimum taxable income. Interest on all Municipal Obligations, and therefore all distributions by the Fund that would otherwise be tax-exempt, is included in calculating a corporation's adjusted current earnings. Certain small corporations are not subject to the alternative minimum tax. Tax-exempt income, including exempt-interest dividends paid by the Fund, is taken into account in calculating the amount of social security and railroad retirement benefits that may be subject to federal income tax. The Fund is required in certain circumstances to withhold 31% of taxable dividends and certain other payments paid to non-corporate holders of the Fund's shares who do not furnish to the Fund their correct taxpayer identification number (in the case of individuals, their social security number) and certain certifications, or who are otherwise subject to backup withholding. S-26 67 The Code provides that every shareholder required to file a tax return must include for information purposes on such return the amount of tax-exempt interest received during the taxable year, including any exempt-interest dividends received from the Fund. The value of Common Shares acquired pursuant to the Fund's Dividend Reinvestment Plan will generally be excluded from gross income to the extent that the cash amount reinvested would be excluded from gross income. The foregoing

is a general summary of the provisions of the Code and regulations thereunder presently in effect as they directly govern the taxation of the Fund and its shareholders. These provisions are subject to change by legislative or administrative action, and any such change may be retroactive. Moreover, the foregoing does not address many of the factors that may be determinative of whether an investor will be liable for the alternative minimum tax. Shareholders are advised to consult their own tax advisers for more detailed information concerning the federal income tax consequences of purchasing, holding and disposing of Fund shares. The Fund shall pay to the Auction Agent, not later than 12:00 Noon, New York City time, on the Business Day next preceding each Dividend Payment Date for shares of a series of MuniPreferred, an aggregate amount of funds available on the next Business Day in The City of New York, New York, equal to the dividends to be paid to all Holders of shares of such series on such Dividend Payment Date. (h) AUCTION AGENT AS TRUSTEE OF DIVIDEND PAYMENTS BY FUND. All moneys paid to the Auction Agent for the payment of dividends (or for the payment of any Late Charge) shall be held in trust for the payment of such dividends (and any such Late Charge) by the Auction Agent for the benefit of the Holders specified in paragraph (i) of this Section 2. Any moneys paid to the Auction Agent in accordance with the foregoing but not applied by the Auction Agent to the payment of dividends (and any such Late Charge) will, to the extent permitted by law, be repaid to the Fund at the end of 90 days from the date on which such moneys were so to have been applied. (i) DIVIDENDS PAID TO HOLDERS. Each dividend on shares of MuniPreferred shall be paid on the Dividend Payment Date therefor to the Holders thereof as their names appear on the record books of the Fund on the Business Day next preceding such Dividend Payment Date. (j) DIVIDENDS CREDITED AGAINST EARLIEST ACCUMULATED BUT UNPAID DIVIDENDS. Any dividend payment made on shares of MuniPreferred shall first be credited against the earliest accumulated but unpaid dividends due with respect to such shares. Dividends in arrears for any past Dividend Period may be declared and paid at any time, without reference to any regular Dividend Payment Date, to the Holders as their names appear on the record books of the Fund on such date, not exceeding 15 days preceding the payment date thereof, as may be fixed by the Board of Trustees. (k) DIVIDENDS DESIGNATED AS EXEMPT-INTEREST DIVIDENDS. Dividends on shares of MuniPreferred shall be designated as exempt-interest dividends up to the amount of tax-exempt income of the Fund, to the extent permitted by, and for purposes of, Section 852 of the Code. 3. GROSS-UP PAYMENTS. Holders of shares of MuniPreferred shall be entitled to receive, when, as and if declared by the Board of Trustees, out of funds legally available therefor, dividends in an amount equal to the aggregate Gross-up Payments as follows: A-24 93 (a) MINIMUM RATE PERIODS AND SPECIAL RATE PERIODS OF 28 RATE PERIOD DAYS OR FEWER. If, in the case of any Minimum Rate Period or any Special Rate Period of 28 Rate Period Days or fewer, the Fund allocates any net capital gains or other income taxable for Federal income tax purposes to a dividend paid on shares of

MuniPreferred without having given advance notice thereof to the Auction Agent as provided in Section 5 of Part II of this Statement (such allocation being referred to herein as a "Taxable Allocation") solely by reason of the fact that such allocation is made retroactively as a result of the redemption of all or a portion of the outstanding shares of MuniPreferred or the liquidation of the Fund, the Fund shall, prior to the end of the calendar year in which such dividend was paid, provide notice thereof to the Auction Agent and direct the Fund's dividend disbursing agent to send such notice with a Gross-up Payment to each Holder of such shares that was entitled to such dividend payment during such calendar year at such Holder's address as the same appears or last appeared on the record books of the Fund. (b) SPECIAL RATE PERIODS OF MORE THAN 28 RATE PERIOD DAYS. If, in the case of any Special Rate Period of more than 28 Rate Period Days, the Fund makes a Taxable Allocation to a dividend paid on shares of MuniPreferred, the Fund shall, prior to the end of the calendar year in which such dividend was paid, provide notice thereof to the Auction Agent and direct the Fund's dividend disbursing agent to send such notice with a Gross-up Payment to each Holder of shares that was entitled to such dividend payment during such calendar year at such Holder's address as the same appears or last appeared on the record books of the Fund. (c) NO GROSS-UP PAYMENTS IN THE EVENT OF A REALLOCATION. The Fund shall not be required to make Gross-up Payments with respect to any net capital gains or other taxable income determined by the Internal Revenue Service to be allocable in a manner different from that allocated by the Fund. 4. DESIGNATION OF SPECIAL RATE PERIODS. (a) LENGTH OF AND PRECONDITIONS FOR SPECIAL RATE PERIOD. The Fund, at its option, may designate any succeeding Subsequent Rate Period of shares of a series of MuniPreferred as a Special Rate Period consisting of a specified number of Rate Period Days evenly divisible by seven and not more than 1,820, subject to adjustment as provided in paragraph (b) of this Section 4. A designation of a Special Rate Period shall be effective only if (A) notice thereof shall have been given in accordance with paragraph (c) and subparagraph (d)(i) of this Section 4, (B) an Auction for shares of such series shall have been held on the Auction Date immediately preceding the first day of such proposed Special Rate Period and Sufficient Clearing Bids for shares of such series shall have existed in such Auction, and (C) if any Notice of Redemption shall have been mailed by the Fund pursuant to paragraph (c) of Section 11 of this Part I with respect to any shares of such series, the Redemption Price with respect to such shares shall have been deposited with the Auction Agent. In the event the Fund wishes to designate any succeeding Subsequent Rate Period for shares of a series of MuniPreferred as a Special Rate Period consisting of more than 28 Rate Period Days, the Fund shall notify S&P (if S&P is then rating such series) and Moody's (if Moody's is then rating such series) in advance of the commencement of such Subsequent Rate Period that the Fund wishes to designate such Subsequent Rate Period as a Special Rate Period and shall provide S&P (if S&P is then rating such series) and Moody's (if Moody's is then rating such series) with such documents as either may request. (b) ADJUSTMENT OF LENGTH OF SPECIAL RATE PERIOD. In the event the Fund wishes to designate a Subsequent Rate Period as a Special Rate Period, but the day following what would otherwise be the last day of such Special Rate Period is not (a) a Tuesday that is a Business Day in the case of a series of MuniPreferred designated as "Series M MuniPreferred" in Section 1 of Appendix A hereto, (b) a Wednesday that is a Business Day in the case of a series of MuniPreferred designated as "Series T A-25 94 MuniPreferred" in Section 1 of Appendix A hereto, (c) a Thursday that is a Business Day in the case of a series of MuniPreferred designated as "Series W MuniPreferred" in Section 1 of Appendix A hereto, (d) a Friday that is a Business Day in the case of a series of MuniPreferred designated as "Series TH MuniPreferred" in Section 1 of Appendix A hereto, or (e) a Monday that is a Business Day in the case of a series of MuniPreferred designated as "Series F MuniPreferred" in Section 1 of Appendix A hereto, then the Fund shall designate such Subsequent Rate Period as a Special Rate Period consisting of the period commencing on the first day following the end of the immediately preceding Rate Period and ending (a) on the first Monday that is followed by a Tuesday that is a Business Day preceding what would otherwise be such last day, in the case of Series M MuniPreferred, (b) on the first Tuesday that is followed by a Wednesday that is a Business Day preceding what would otherwise be such last day, in the case of Series T MuniPreferred, (c) on the first Wednesday that is followed by a Thursday that is a Business Day preceding what would otherwise be such last day, in the case of Series W MuniPreferred, (d) on the first Thursday that is followed by a Friday that is a Business Day preceding what would otherwise be such last day, in the case of Series TH MuniPreferred, and (e) on the first Sunday that is followed by a Monday that is a Business Day preceding what would otherwise be such last day, in the case of Series F MuniPreferred. (c) NOTICE OF PROPOSED SPECIAL RATE PERIOD. If the Fund proposes to designate any succeeding Subsequent Rate Period of shares of a series of MuniPreferred as a Special Rate Period pursuant to paragraph (a) of this Section 4, not less than 20 (or such

lesser number of days as may be agreed to from time to time by the Auction Agent) nor more than 30 days prior to the date the Fund proposes to designate as the first day of such Special Rate Period (which shall be such day that would otherwise be the first day of a Minimum Rate Period), notice shall be (i) published or caused to be published by the Fund in a newspaper of general circulation to the financial community in The City of New York, New York, which carries financial news, and (ii) mailed by the Fund by first-class mail, postage prepaid, to the Holders of shares of such series. Each such notice shall state (A) that the Fund may exercise its option to designate a succeeding Subsequent Rate Period of shares of such series as a Special Rate Period, specifying the first day thereof and (B) that the Fund will, by 11:00 A.M., New York City time, on the second Business Day next preceding such date (or by such later time or date, or both, as may be agreed to by the Auction Agent) notify the Auction Agent of either (x) its determination, subject to certain conditions, to exercise such option, in which case the Fund shall specify the Special Rate Period designated, or (y) its determination not to exercise such option. (d) NOTICE OF SPECIAL RATE PERIOD. No later than 11:00 A.M., New York City time, on the second Business Day next preceding the first day of any proposed Special Rate Period of shares of a series of MuniPreferred as to which notice has been given as set forth in paragraph (c) of this Section 4 (or such later time or date, or both, as may be agreed to by the Auction Agent), the Fund shall deliver to the Auction Agent either: (i) a notice ("Notice of Special Rate Period") stating (A) that the Fund has determined to designate the next succeeding Rate Period of shares of such series as a Special Rate Period, specifying the same and the first day thereof, (B) the Auction Date immediately prior to the first day of such Special Rate Period, (C) that such Special Rate Period shall not commence if (1) an Auction for shares of such series shall not be held on such Auction Date for any reason or (2) an Auction for shares of such series shall be held on such Auction Date but Sufficient Clearing Bids for shares of such series shall not exist in such Auction, (D) the scheduled Dividend Payment Dates for shares of such series during such Special Rate Period and (E) the Special Redemption Provisions, if any, applicable to shares of such series in respect of such Special Rate Period, such notice to be accompanied by a MuniPreferred Basic Maintenance Report showing that, as of the third Business Day next preceding such proposed Special Rate Period, Moody's Eligible Assets (if Moody's is then rating such series) and S&P Eligible Assets A-26 95 (if S&P is then rating such series) each have an aggregate Discounted Value at least equal to the MuniPreferred Basic Maintenance Amount as of such Business Day (assuming for purposes of the foregoing calculation that (a) the Maximum Rate is the Maximum Rate on such Business Day as if such Business Day were the Auction Date for the proposed Special Rate Period, and (b) the Moody's Discount Factors applicable to Moody's Eligible Assets are determined by reference to the first Exposure Period longer than the Exposure Period then applicable to the Fund, as described in the definition of Moody's Discount Factor herein); or (ii) a notice stating that the Fund has determined not to exercise its option to designate a Special Rate Period of shares of such series and that the next succeeding Rate Period of shares of such series shall be a Minimum Rate Period. (e) FAILURE TO DELIVER NOTICE OF SPECIAL RATE PERIOD. If the Fund fails to deliver either of the notices described in subparagraphs (d)(i) or (d)(ii) of this Section 4 (and, in the case of the notice described in subparagraph (d)(i) of this Section 4, a MuniPreferred Basic Maintenance Report to the effect set forth in such subparagraph (if either Moody's or S&P is then rating the series in question)) with respect to any designation of any proposed Special Rate Period to the Auction Agent by 11:00 A.M., New York City time, on the second Business Day next preceding the first day of such proposed Special Rate Period (or by such later time or date, or both, as may be agreed to by the Auction Agent), the Fund shall be deemed to have delivered a notice to the Auction Agent with respect to such Special Rate Period to the effect set forth in subparagraph (d)(ii) of this Section 4. In the event the Fund delivers to the Auction Agent a notice described in subparagraph (d)(i) of this Section 4, it shall file a copy of such notice with the Secretary of the Fund, and the contents of such notice shall be binding on the Fund. In the event the Fund delivers to the Auction Agent a notice described in subparagraph (d)(ii) of this Section 4, the Fund will provide Moody's (if Moody's is then rating the series in question) and S&P (if S&P is then rating the series in question) a copy of such notice. 5. VOTING RIGHTS. (a) ONE VOTE PER SHARE OF MUNIPREFERRED. Except as otherwise provided in the Declaration of Trust or as otherwise required by law, (i) each Holder of shares of MuniPreferred shall be entitled to one vote for each share of MuniPreferred held by such Holder on each matter submitted to a vote of shareholders of the Fund, and (ii) the holders of outstanding Preferred Shares, including each share of MuniPreferred, and of Common Shares shall vote together as a single class; provided, however, that, at any meeting of the shareholders of the Fund held for the election of trustees, the holders of outstanding Preferred Shares, including MuniPreferred, represented in person or by proxy at said meeting, shall be entitled, as a class, to the exclusion of the holders of all other securities and classes of shares of beneficial interest of

the Fund, to elect two trustees of the Fund, each Preferred Share, including each share of MuniPreferred, entitling the holder thereof to one vote. Subject to paragraph (b) of this Section 5, the holders of outstanding Common Shares and Preferred Shares, including MuniPreferred, voting together as a single class, shall elect the balance of the trustees. (b) VOTING FOR ADDITIONAL TRUSTEES. (i) VOTING PERIOD. During any period in which any one or more of the conditions described in subparagraphs (A) or (B) of this subparagraph (b)(i) shall exist (such period being referred to herein as a "Voting Period"), the number of trustees constituting the Board of Trustees shall be automatically increased by the smallest number that, when added to the two trustees elected exclusively by the holders of Preferred Shares, including shares of MuniPreferred, would constitute a majority of the Board of Trustees as so increased by such smallest number; and the holders of Preferred Shares, including MuniPreferred, shall be entitled, voting as a class on a one-vote-per-share basis (to the exclusion of the holders of all other A-27 96 securities and classes of shares of beneficial interest of the Fund), to elect such smallest number of additional trustees, together with the two trustees that such holders are in any event entitled to elect. A Voting Period shall commence: (A) if at the close of business on any dividend payment date accumulated dividends (whether or not earned or declared) on any outstanding Preferred Share, including MuniPreferred, equal to at least two full years' dividends shall be due and unpaid and sufficient cash or specified securities shall not have been deposited with the Auction Agent for the payment of such accumulated dividends; or (B) if at any time holders of Preferred Shares are entitled under the 1940 Act to elect a majority of the trustees of the Fund. Upon the termination of a Voting Period, the voting rights described in this subparagraph (b)(i) shall cease, subject always, however, to the reversion of such voting rights in the Holders upon the further occurrence of any of the events described in this subparagraph (b)(i). (ii) NOTICE OF SPECIAL MEETING. As soon as practicable after the accrual of any right of the holders of Preferred Shares to elect additional trustees as described in subparagraph (b)(i) of this Section 5, the Fund shall notify the Auction Agent and the Auction Agent shall call a special meeting of such holders, by mailing a notice of such special meeting to such holders, such meeting to be held not less than 10 nor more than 20 days after the date of mailing of such notice. If the Fund fails to send such notice to the Auction Agent or if the Auction Agent does not call such a special meeting, it may be called by any such holder on like notice. The record date for determining the holders entitled to notice of and to vote at such special meeting shall be the close of business on the fifth Business Day preceding the day on which such notice is mailed. At any such special meeting and at each meeting of holders of Preferred Shares held during a Voting Period at which trustees are to be elected, such holders, voting together as a class (to the exclusion of the holders of all other securities and classes of shares of beneficial interest of the Fund), shall be entitled to elect the number of trustees prescribed in subparagraph (b)(i) of this Section 5 on a one-vote-per-share basis. (iii) TERMS OF OFFICE OF EXISTING TRUSTEES. The terms of office of all persons who are trustees of the Fund at the time of a special meeting of Holders and holders of other Preferred Shares to elect trustees shall continue, notwithstanding the election at such meeting by the Holders and such other holders of the number of trustees that they are entitled to elect, and the persons so elected by the Holders and such other holders, together with the two incumbent trustees elected by the Holders and such other holders of Preferred Shares and the remaining incumbent trustees elected by the holders of the Common Shares and Preferred Shares, shall constitute the duly elected trustees of the Fund. (iv) TERMS OF OFFICE OF CERTAIN TRUSTEES TO TERMINATE UPON TERMINATION OF VOTING PERIOD. Simultaneously with the termination of a Voting Period, the terms of office of the additional trustees elected by the Holders and holders of other Preferred Shares pursuant to subparagraph (b)(i) of this Section 5 shall terminate, the remaining trustees shall constitute the trustees of the Fund and the voting rights of the Holders and such other holders to elect additional trustees pursuant to subparagraph (b)(i) of this Section 5 shall cease, subject to the provisions of the last sentence of subparagraph (b)(i) of this Section 5. A-28 97 (c) HOLDERS OF MUNIPREFERRED TO VOTE ON CERTAIN OTHER MATTERS. (i) INCREASES IN CAPITALIZATION. So long as any shares of MuniPreferred are outstanding, the Fund shall not, without the affirmative vote or consent of the Holders of at least a majority of the shares of MuniPreferred outstanding at the time, in person or by proxy, either in writing or at a meeting, voting as a separate class: (a) authorize, create or issue any class or series of shares ranking prior to or on a parity with shares of MuniPreferred with respect to the payment of dividends or the distribution of assets upon dissolution, liquidation or winding up of the affairs of the Fund, or authorize, create or issue additional shares of any series of MuniPreferred (except that, notwithstanding the foregoing, but subject to the provisions of paragraph (c) of Section 10 of this Part I, the Board of Trustees, without the vote or consent of the Holders of MuniPreferred, may from time to time authorize and create, and the Fund may from time to time issue additional shares of, any series of MuniPreferred, or classes or series of Preferred Shares ranking on

a parity with shares of MuniPreferred with respect to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up of the affairs of the Fund; provided, however, that if Moody's or S&P is not then rating the shares of MuniPreferred, the aggregate liquidation preference of all Preferred Shares of the Fund outstanding after any such issuance, exclusive of accumulated and unpaid dividends, may not exceed the amount set forth in Section 10 of Appendix A hereto) or (b) amend, alter or repeal the provisions of the Declaration, or this Statement, whether by merger, consolidation or otherwise, so as to affect any preference, right or power of such shares of MuniPreferred or the Holders thereof; provided, however, that (i) none of the actions permitted by the exception to (a) above will be deemed to affect such preferences, rights or powers, (ii) a division of a share of MuniPreferred will be deemed to affect such preferences, rights or powers only if the terms of such division adversely affect the Holders of shares of MuniPreferred and (iii) the authorization, creation and issuance of classes or series of shares ranking junior to shares of MuniPreferred with respect to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up of the affairs of the Fund, will be deemed to affect such preferences, rights or powers only if Moody's or S&P is then rating shares of MuniPreferred and such issuance would, at the time thereof, cause the Fund not to satisfy the 1940 Act MuniPreferred Asset Coverage or the MuniPreferred Basic Maintenance Amount. So long as any shares of MuniPreferred are outstanding, the Fund shall not, without the affirmative vote or consent of the Holders of at least 66²% of the shares of MuniPreferred outstanding at the time, in person or by proxy, either in writing or at a meeting, voting as a separate class, file a voluntary application for relief under Federal bankruptcy law or any similar application under state law for so long as the Fund is solvent and does not foresee becoming insolvent. If any action set forth above would adversely affect the rights of one or more series (the "Affected Series") of MuniPreferred in a manner different from any other series of MuniPreferred, the Fund will not approve any such action without the affirmative vote or consent of the Holders of at least a majority of the shares of each such Affected Series outstanding at the time, in person or by proxy, either in writing or at a meeting (each such Affected Series voting as a separate class). (ii) 1940 ACT MATTERS. Unless a higher percentage is provided for in the Declaration, (A) the affirmative vote of the Holders of at least a majority of the Preferred Shares, including MuniPreferred, outstanding at the time, voting as a separate class, shall be required to approve any conversion of the Fund from a closed-end to an open-end investment company and (B) the affirmative vote of the Holders of a "majority of the outstanding Preferred Shares," including MuniPreferred, voting as a separate class, shall be required to approve any plan of reorganization (as such term is used in the 1940 Act) adversely affecting such shares. The affirmative vote of the Holders of a "majority of the outstanding Preferred Shares," including MuniPreferred, voting as a separate class, shall be required to approve any action not described in A-29 98 the first sentence of this Section 5(c)(ii) requiring a vote of security holders of the Fund under Section 13(a) of the 1940 Act. For purposes of the foregoing, "majority of the outstanding Preferred Shares" means (i) 67% or more of such shares present at a meeting, if the Holders of more than 50% of such shares are present or represented by proxy, or (ii) more than 50% of such shares, whichever is less. In the event a vote of Holders of MuniPreferred is required pursuant to the provisions of Section 13(a) of the 1940 Act, the Fund shall, not later than ten Business Days prior to the date on which such vote is to be taken, notify Moody's (if Moody's is then rating the shares of MuniPreferred) and S&P (if S&P is then rating the shares of MuniPreferred) that such vote is to be taken and the nature of the action with respect to which such vote is to be taken. The Fund shall, not later than ten Business Days after the date on which such vote is taken, notify Moody's (if Moody's is then rating the shares of MuniPreferred) of the results of such vote. (d) BOARD MAY TAKE CERTAIN ACTIONS WITHOUT SHAREHOLDER APPROVAL. The Board of Trustees, without the vote or consent of the shareholders of the Fund, may from time to time amend, alter or repeal any or all of the definitions of the terms listed below, or any provision of this Statement viewed by Moody's or S&P as a predicate for any such definition, and any such amendment, alteration or repeal will not be deemed to affect the preferences, rights or powers of shares of MuniPreferred or the Holders thereof; provided, however, that the Board of Trustees receives written confirmation from Moody's (such confirmation being required to be obtained only in the event Moody's is rating the shares of MuniPreferred and in no event being required to be obtained in the case of the definitions of (x) Deposit Securities, Discounted Value, Receivables for Municipal Obligations Sold, Issue Type Category and Other Issues as such terms apply to S&P Eligible Assets and (y) S&P Discount Factor, S&P Eligible Asset, S&P Exposure Period and S&P Volatility Factor) and S&P (such confirmation being required to be obtained only in the event S&P is rating the shares of MuniPreferred and in no event being required to be obtained in the case of the definitions of (x) Discounted Value, Receivables for Municipal Obligations Sold, Issue Type Category and Other Issues as such terms apply to Moody's

Eligible Assets, and (y) Moody's Discount Factor, Moody's Eligible Asset, Moody's Exposure Period and Moody's Volatility Factor) that any such amendment, alteration or repeal would not impair the ratings then assigned by Moody's or S&P, as the case may be, to shares of MuniPreferred: Deposit Securities Moody's Volatility Factor Discounted Value 1940 Act Cure Date Escrowed Bonds 1940 Act MuniPreferred Asset Coverage Issue Type Category Other Issues Market Value Quarterly Valuation Date Maximum Potential Gross-up Payment Liability Receivables for Municipal Obligations Sold MuniPreferred Basic Maintenance Amount S&P Discount Factor MuniPreferred Basic Maintenance Cure Date S&P Eligible Asset MuniPreferred Basic Maintenance Report S&P Exposure Period Moody's Discount Factor S&P Volatility Factor Moody's Eligible Asset Valuation Date Moody's Exposure Period Volatility Factor Section 13 of Appendix A hereto (e) VOTING RIGHTS SET FORTH HEREIN ARE SOLE VOTING RIGHTS. Unless otherwise required by law, the Holders of shares of MuniPreferred shall not have any relative rights or preferences or other special rights other than those specifically set forth herein. (f) NO PREEMPTIVE RIGHTS OR CUMULATIVE VOTING. The Holders of shares of MuniPreferred shall have no preemptive rights or rights to cumulative voting. A-30 99 (g) VOTING FOR TRUSTEES SOLE REMEDY FOR FUND'S FAILURE TO PAY DIVIDENDS. In the event that the Fund fails to pay any dividends on the shares of MuniPreferred, the exclusive remedy of the Holders shall be the right to vote for trustees pursuant to the provisions of this Section 5. (h) HOLDERS ENTITLED TO VOTE. For purposes of determining any rights of the Holders to vote on any matter, whether such right is created by this Statement, by the other provisions of the Declaration, by statute or otherwise, no Holder shall be entitled to vote any share of MuniPreferred and no share of MuniPreferred shall be deemed to be "outstanding" for the purpose of voting or determining the number of shares required to constitute a quorum if, prior to or concurrently with the time of determination of shares entitled to vote or shares deemed outstanding for quorum purposes, as the case may be, the requisite Notice of Redemption with respect to such shares shall have been mailed as provided in paragraph (c) of Section 11 of this Part I and the Redemption Price for the redemption of such shares shall have been deposited in trust with the Auction Agent for that purpose. No share of MuniPreferred held by the Fund or any affiliate of the Fund (except for shares held by a Broker-Dealer that is an affiliate of the Fund for the account of its customers) shall have any voting rights or be deemed to be outstanding for voting or other purposes. 6. 1940 ACT MUNIPREFERRED ASSET COVERAGE. The Fund shall maintain, as of the last Business Day of each month in which any share of MuniPreferred is outstanding, the 1940 Act MuniPreferred Asset Coverage. 7. MUNIPREFERRED BASIC MAINTENANCE AMOUNT. (a) So long as shares of MuniPreferred are outstanding, the Fund shall maintain, on each Valuation Date, and shall verify to its satisfaction that it is maintaining on such Valuation Date, (i) S&P Eligible Assets having an aggregate Discounted Value equal to or greater than the MuniPreferred Basic Maintenance Amount (if S&P is then rating the shares of MuniPreferred) and (ii) Moody's Eligible Assets having an aggregate Discounted Value equal to or greater than the MuniPreferred Basic Maintenance Amount (if Moody's is then rating the shares of MuniPreferred). (b) On or before 5:00 P.M., New York City time, on the third Business Day after a Valuation Date on which the Fund fails to satisfy the MuniPreferred Basic Maintenance Amount, and on the third Business Day after the MuniPreferred Basic Maintenance Cure Date with respect to such Valuation Date, the Fund shall complete and deliver to S&P (if S&P is then rating the shares of MuniPreferred), Moody's (if Moody's is then rating the shares of MuniPreferred) and the Auction Agent (if either S&P or Moody's is then rating the shares of MuniPreferred) a MuniPreferred Basic Maintenance Report as of the date of such failure or such MuniPreferred Basic Maintenance Cure Date, as the case may be, which will be deemed to have been delivered to the Auction Agent if the Auction Agent receives a copy or telecopy, telex or other electronic transcription thereof and on the same day the Fund mails to the Auction Agent for delivery on the next Business Day the full MuniPreferred Basic Maintenance Report. The Fund shall also deliver a MuniPreferred Basic Maintenance Report to (i) the Auction Agent (if either Moody's or S&P is then rating the shares of MuniPreferred) as of (A) the fifteenth day of each month (or, if such day is not a Business Day, the next succeeding Business Day) and (B) the last Business Day of each month, (ii) Moody's (if Moody's is then rating the shares of MuniPreferred) and S&P (if S&P is then rating the shares of MuniPreferred) as of any Quarterly Valuation Date, in each case on or before the third Business Day after such day, and (iii) S&P, if and when requested for any Valuation Date, on or before the third Business Day after such request. A failure by the Fund to deliver a MuniPreferred Basic Maintenance Report pursuant to the preceding sentence shall be deemed to be delivery of a MuniPreferred Basic Maintenance Report indicating the Discounted Value for all assets of the Fund is less than the MuniPreferred Basic Maintenance Amount, as of the relevant Valuation Date. A-31 100 (c) Within ten Business Days after the date of delivery of a MuniPreferred Basic

Maintenance Report in accordance with paragraph (b) of this Section 7 relating to a Quarterly Valuation Date, the Fund shall cause the Independent Accountant to confirm in writing to S&P (if S&P is then rating the shares of MuniPreferred), Moody's (if Moody's is then rating the shares of MuniPreferred) and the Auction Agent (if either S&P or Moody's is then rating the shares of MuniPreferred) (i) the mathematical accuracy of the calculations reflected in such Report (and in any other MuniPreferred Basic Maintenance Report, randomly selected by the Independent Accountant, that was delivered by the Fund during the quarter ending on such Quarterly Valuation Date), (ii) that, in such Report (and in such randomly selected Report), the Fund determined in accordance with this Statement whether the Fund had, at such Quarterly Valuation Date (and at the Valuation Date addressed in such randomly-selected Report), S&P Eligible Assets (if S&P is then rating the shares of MuniPreferred) of an aggregate Discounted Value at least equal to the MuniPreferred Basic Maintenance Amount and Moody's Eligible Assets (if Moody's is then rating the shares of MuniPreferred) of an aggregate Discounted Value at least equal to the MuniPreferred Basic Maintenance Amount (such confirmation being herein called the "Accountant's Confirmation"), (iii) that, in such Report (and in such randomly selected Report), the Fund determined whether the Fund had, at such Quarterly Valuation Date (and at the Valuation Date addressed in such randomly selected Report) in accordance with this Statement, S&P Eligible Assets of an aggregate Discounted Value at least equal to the MuniPreferred Basic Maintenance Amount and Moody's Eligible Assets of an aggregate Discounted Value at least equal to the MuniPreferred Basic Maintenance Amount, (iv) with respect to the S&P ratings on Municipal Obligations, the issuer name, issue size and coupon rate listed in such Report, that the Independent Accountant has requested that S&P verify such information and the Independent Accountant shall provide a listing in its letter of any differences, (v) with respect to the Moody's ratings on Municipal Obligations, the issuer name, issue size and coupon rate listed in such Report, that such information has been verified by Moody's (in the event such information is not verified by Moody's, the Independent Accountant will inquire of Moody's what such information is, and provide a listing in its letter of any differences), (vi) with respect to the bid or mean price (or such alternative permissible factor used in calculating the Market Value) provided by the custodian of the Fund's assets to the Fund for purposes of valuing securities in the Fund's portfolio, the Independent Accountant has traced the price used in such Report to the bid or mean price listed in such Report as provided to the Fund and verified that such information agrees (in the event such information does not agree, the Independent Accountant will provide a listing in its letter of such differences) and (vii) with respect to such confirmation to Moody's and S&P, that the Fund has satisfied the requirements of Section 13 of this Statement (such confirmation is herein called the "Accountant's Confirmation"). (d) Within ten Business Days after the date of delivery of a MuniPreferred Basic Maintenance Report in accordance with paragraph (b) of this Section 7 relating to any Valuation Date on which the Fund failed to satisfy the MuniPreferred Basic Maintenance Amount, and relating to the MuniPreferred Basic Maintenance Cure Date with respect to such failure to satisfy the MuniPreferred Basic Maintenance Amount, the Fund shall cause the Independent Accountant to provide to S&P (if S&P is then rating the shares of MuniPreferred), Moody's (if Moody's is then rating the shares of MuniPreferred) and the Auction Agent (if either S&P or Moody's is then rating the shares of MuniPreferred) an Accountant's Confirmation as to such MuniPreferred Basic Maintenance Report. (e) If any Accountant's Confirmation delivered pursuant to paragraph (c) or (d) of this Section 7 shows that an error was made in the MuniPreferred Basic Maintenance Report for a particular Valuation Date for which such Accountant's Confirmation was required to be delivered, or shows that a lower aggregate Discounted Value for the aggregate of all S&P Eligible Assets (if S&P is then rating the shares of MuniPreferred) or Moody's Eligible Assets (if Moody's is then rating the shares of MuniPreferred), as the case may be, of the Fund was determined by the Independent Accountant, the calculation or determination made by such Independent Accountant shall be final and conclusive and shall be binding on the Fund, and the Fund shall accordingly amend and deliver the MuniPreferred Basic A-32 101 Maintenance Report to S&P (if S&P is then rating the shares of MuniPreferred), Moody's (if Moody's is then rating the shares of MuniPreferred) and the Auction Agent (if either S&P or Moody's is then rating the shares of MuniPreferred) promptly following receipt by the Fund of such Accountant's Confirmation. (f) On or before 5:00 p.m., New York City time, on the first Business Day after the Date of Original Issue of any shares of MuniPreferred, the Fund shall complete and deliver to S&P (if S&P is then rating the shares of MuniPreferred) and Moody's (if Moody's is then rating the shares of MuniPreferred) a MuniPreferred Basic Maintenance Report as of the close of business on such Date of Original Issue. Within five Business Days of such Date of Original Issue, the Fund shall cause the Independent Accountant to confirm in writing to S&P (if S&P is then rating the shares of MuniPreferred) (i) the mathematical accuracy of the calculations reflected in such Report and (ii) that the Discounted Value of S&P

Eligible Assets reflected thereon equals or exceeds the MuniPreferred Basic Maintenance Amount reflected thereon.

(g) On or before 5:00 p.m., New York City time, on the third Business Day after either (i) the Fund shall have redeemed Common Shares or (ii) the ratio of the Discounted Value of S&P Eligible Assets or the Discounted Value of Moody's Eligible Assets to the MuniPreferred Basic Maintenance Amount is less than or equal to 105% or (iii) whenever requested by Moody's and S&P, the Fund shall complete and deliver to S&P (if S&P is then rating the shares of MuniPreferred) or Moody's (if Moody's is then rating the shares of MuniPreferred), as the case may be, a MuniPreferred Basic Maintenance Report as of the date of either such event. 8. [RESERVED]. 9. RESTRICTIONS ON DIVIDENDS AND OTHER DISTRIBUTIONS. (a) DIVIDENDS ON PREFERRED SHARES OTHER THAN MUNIPREFERRED. Except as set forth in the next sentence, no dividends shall be declared or paid or set apart for payment on the shares of any class or series of shares of beneficial interest of the Fund ranking, as to the payment of dividends, on a parity with shares of MuniPreferred for any period unless full cumulative dividends have been or contemporaneously are declared and paid on the shares of each series of MuniPreferred through its most recent Dividend Payment Date. When dividends are not paid in full upon the shares of each series of MuniPreferred through its most recent Dividend Payment Date or upon the shares of any other class or series of shares of beneficial interest of the Fund ranking on a parity as to the payment of dividends with shares of MuniPreferred through their most recent respective dividend payment dates, all dividends declared upon shares of MuniPreferred and any other such class or series of shares of beneficial interest ranking on a parity as to the payment of dividends with shares of MuniPreferred shall be declared pro rata so that the amount of dividends declared per share on shares of MuniPreferred and such other class or series of shares of beneficial interest shall in all cases bear to each other the same ratio that accumulated dividends per share on the shares of MuniPreferred and such other class or series of shares of beneficial interest bear to each other (for purposes of this sentence, the amount of dividends declared per share of MuniPreferred shall be based on the Applicable Rate for such share for the Dividend Periods during which dividends were not paid in full).

(b) DIVIDENDS AND OTHER DISTRIBUTIONS WITH RESPECT TO COMMON SHARES UNDER THE 1940 ACT. The Board of Trustees shall not declare any dividend (except a dividend payable in Common Shares), or declare any other distribution, upon the Common Shares, or purchase Common Shares, unless in every such case the Preferred Shares have, at the time of any such declaration or purchase, an asset coverage (as defined in and determined pursuant to the 1940 Act) of at least 200% (or such other asset coverage as may in the future be specified in or under the 1940 Act as the minimum asset coverage for senior securities which are shares or stock of a closed-end investment company as a A-33 102 condition of declaring dividends on its common shares or stock) after deducting the amount of such dividend, distribution or purchase price, as the case may be. (c) OTHER RESTRICTIONS ON DIVIDENDS AND OTHER DISTRIBUTIONS. For so long as any share of MuniPreferred is outstanding, and except as set forth in paragraph (a) of this Section 9 and paragraph (c) of Section 12 of this Part I, (A) the Fund shall not declare, pay or set apart for payment any dividend or other distribution (other than a dividend or distribution paid in shares of, or in options, warrants or rights to subscribe for or purchase, Common Shares or other shares, if any, ranking junior to the shares of MuniPreferred as to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up) in respect of the Common Shares or any other shares of the Fund ranking junior to or on a parity with the shares of MuniPreferred as to the payment of dividends or the distribution of assets upon dissolution, liquidation or winding up, or call for redemption, redeem, purchase or otherwise acquire for consideration any Common Shares or any other such junior shares (except by conversion into or exchange for shares of the Fund ranking junior to the shares of MuniPreferred as to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up), or any such parity shares (except by conversion into or exchange for shares of the Fund ranking junior to or on a parity with MuniPreferred as to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up), unless (i) full cumulative dividends on shares of each series of MuniPreferred through its most recently ended Dividend Period shall have been paid or shall have been declared and sufficient funds for the payment thereof deposited with the Auction Agent and (ii) the Fund has redeemed the full number of shares of MuniPreferred required to be redeemed by any provision for mandatory redemption pertaining thereto, and (B) the Fund shall not declare, pay or set apart for payment any dividend or other distribution (other than a dividend or distribution paid in shares of, or in options, warrants or rights to subscribe for or purchase, Common Shares or other shares, if any, ranking junior to shares of MuniPreferred as to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up) in respect of Common Shares or any other shares of the Fund ranking junior to shares of MuniPreferred as to the payment of dividends or the distribution of assets upon dissolution, liquidation or winding up, or call for

redemption, redeem, purchase or otherwise acquire for consideration any Common Shares or any other such junior shares (except by conversion into or exchange for shares of the Fund ranking junior to shares of MuniPreferred as to the payment of dividends and the distribution of assets upon dissolution, liquidation or winding up), unless immediately after such transaction the Discounted Value of Moody's Eligible Assets (if Moody's is then rating the shares of MuniPreferred) and S&P Eligible Assets (if S&P is then rating the shares of MuniPreferred) would each at least equal the MuniPreferred Basic Maintenance Amount. 10. RATING AGENCY RESTRICTIONS. For so long as any shares of MuniPreferred are outstanding and Moody's or S&P, or both, are rating such shares, the Fund will not, unless it has received written confirmation from Moody's or S&P, or both, as appropriate, that any such action would not impair the ratings then assigned by such rating agency to such shares, engage in any one or more of the following transactions: (a) buy or sell futures or write put or call options except as provided in Section 13 of Appendix A hereto; (b) borrow money, except that the Fund may, without obtaining the written confirmation described above, borrow money for the purpose of clearing securities transactions if (i) the MuniPreferred Basic Maintenance Amount would continue to be satisfied after giving effect to such borrowing and (ii) such borrowing (A) is privately arranged with a bank or other person and is evidenced by a promissory note or other evidence of indebtedness that is not intended to be publicly distributed or (B) is for "temporary purposes," is evidenced by a promissory note or other evidence of indebtedness and is in an amount not exceeding 5 per centum of the value of the total assets of the Fund at the time of the A-34 103 borrowing; for purposes of the foregoing, "temporary purpose" means that the borrowing is to be repaid within sixty days and is not to be extended or renewed; (c) issue additional shares of any series of MuniPreferred or any class or series of shares ranking prior to or on a parity with shares of MuniPreferred with respect to the payment of dividends or the distribution of assets upon dissolution, liquidation or winding up of the Fund, or reissue any shares of MuniPreferred previously purchased or redeemed by the Fund; (d) engage in any short sales of securities; (e) lend securities; (f) merge or consolidate into or with any other corporation; (g) change the pricing service (currently J.J. Kenny) referred to in the definition of Market Value; or (h) enter into reverse repurchase agreements. 11.

REDEMPTION. (a) OPTIONAL REDEMPTION. (i) Subject to the provisions of subparagraph (v) of this paragraph (a), shares of MuniPreferred of any series may be redeemed, at the option of the Fund, as a whole or from time to time in part, on the second Business Day preceding any Dividend Payment Date for shares of such series, out of funds legally available therefor, at a redemption price per share equal to the sum of \$25,000 plus an amount equal to accumulated but unpaid dividends thereon (whether or not earned or declared) to (but not including) the date fixed for redemption; provided, however, that (1) shares of a series of MuniPreferred may not be redeemed in part if after such partial redemption fewer than 500 shares of such series remain outstanding; (2) unless otherwise provided in Section 11 of Appendix A hereto, shares of a series of MuniPreferred are redeemable by the Fund during the Initial Rate Period thereof only on the second Business Day next preceding the last Dividend Payment Date for such Initial Rate Period; and (3) subject to subparagraph (ii) of this paragraph (a), the Notice of Special Rate Period relating to a Special Rate Period of shares of a series of MuniPreferred, as delivered to the Auction Agent and filed with the Secretary of the Fund, may provide that shares of such series shall not be redeemable during the whole or any part of such Special Rate Period (except as provided in subparagraph (iv) of this paragraph (a)) or shall be redeemable during the whole or any part of such Special Rate Period only upon payment of such redemption premium or premiums as shall be specified therein ("Special Redemption Provisions"). (ii) A Notice of Special Rate Period relating to shares of a series of MuniPreferred for a Special Rate Period thereof may contain Special Redemption Provisions only if the Fund's Board of Trustees, after consultation with the Broker-Dealer or Broker-Dealers for such Special Rate Period of shares of such series, determines that such Special Redemption Provisions are in the best interest of the Fund. (iii) If fewer than all of the outstanding shares of a series of MuniPreferred are to be redeemed pursuant to subparagraph (i) of this paragraph (a), the number of shares of such series to be redeemed shall be determined by the Board of Trustees, and such shares shall be A-35 104 redeemed pro rata from the Holders of shares of such series in proportion to the number of shares of such series held by such Holders. (iv) Subject to the provisions of subparagraph (v) of this paragraph (a), shares of any series of MuniPreferred may be redeemed, at the option of the Fund, as a whole but not in part, out of funds legally available therefor, on the first day following any Dividend Period thereof included in a Rate Period consisting of more than 364 Rate Period Days if, on the date of determination of the Applicable Rate for shares of such series for such Rate Period, such Applicable Rate equaled or exceeded on such date of determination the Treasury Note Rate for such Rate Period, at a redemption price per share equal to the sum of \$25,000 plus an amount equal to accumulated but unpaid dividends thereon (whether or not earned or declared) to (but not including) the date

fixed for redemption. (v) The Fund may not on any date mail a Notice of Redemption pursuant to paragraph (c) of this Section 11 in respect of a redemption contemplated to be effected pursuant to this paragraph (a) unless on such date (a) the Fund has available Deposit Securities with maturity or tender dates not later than the day preceding the applicable redemption date and having a value not less than the amount (including any applicable premium) due to Holders of shares of MuniPreferred by reason of the redemption of such shares on such redemption date and (b) the Discounted Value of Moody's Eligible Assets (if Moody's is then rating the shares of MuniPreferred) and the Discounted Value of S&P Eligible Assets (if S&P is then rating the shares of MuniPreferred) each at least equal the MuniPreferred Basic Maintenance Amount, and would at least equal the MuniPreferred Basic Maintenance Amount immediately subsequent to such redemption if such redemption were to occur on such date. For purposes of determining in clause (b) of the preceding sentence whether the Discounted Value of Moody's Eligible Assets at least equals the MuniPreferred Basic Maintenance Amount, the Moody's Discount Factors applicable to Moody's Eligible Assets shall be determined by reference to the first Exposure Period longer than the Exposure Period then applicable to the Fund, as described in the definition of Moody's Discount Factor herein. (b) MANDATORY REDEMPTION. The Fund shall redeem, at a redemption price equal to \$25,000 per share plus accumulated but unpaid dividends thereon (whether or not earned or declared) to (but not including) the date fixed by the Board of Trustees for redemption, certain of the shares of MuniPreferred, if the Fund fails to have either Moody's Eligible Assets with a Discounted Value or S&P Eligible Assets with a Discounted Value greater than or equal to the MuniPreferred Basic Maintenance Amount or fails to maintain the 1940 Act MuniPreferred Asset Coverage, in accordance with the requirements of the rating agency or agencies then rating the shares of MuniPreferred, and such failure is not cured on or before the MuniPreferred Basic Maintenance Cure Date or the 1940 Act Cure Date, as the case may be. The number of shares of MuniPreferred to be redeemed shall be equal to the lesser of (i) the minimum number of shares of MuniPreferred, together with all other Preferred Shares subject to redemption or retirement, the redemption of which, if deemed to have occurred immediately prior to the opening of business on the Cure Date, would have resulted in the Fund's having both Moody's Eligible Assets with a Discounted Value and S&P Eligible Assets with a Discounted Value greater than or equal to the MuniPreferred Basic Maintenance Amount or maintaining the 1940 Act MuniPreferred Asset Coverage, as the case may be, on such Cure Date (provided, however, that if there is no such minimum number of shares of MuniPreferred and other Preferred Shares the redemption or retirement of which would have had such result, all shares of MuniPreferred and Preferred Shares then outstanding shall be redeemed), and (ii) the maximum number of shares of MuniPreferred, together with all other Preferred Shares subject to redemption or retirement, that can be redeemed out of funds expected to be legally available therefor in accordance with the Declaration and applicable law. In determining the shares of MuniPreferred required to be redeemed in accordance with the foregoing, the Fund shall allocate the A-36 105 number required to be redeemed to satisfy the MuniPreferred Basic Maintenance Amount or the 1940 Act MuniPreferred Asset Coverage, as the case may be, pro rata among shares of MuniPreferred and other Preferred Shares (and, then, pro rata among each series of MuniPreferred) subject to redemption or retirement. The Fund shall effect such redemption on the date fixed by the Fund therefor, which date shall not be earlier than 20 days nor later than 40 days after such Cure Date, except that if the Fund does not have funds legally available for the redemption of all of the required number of shares of MuniPreferred and other Preferred Shares which are subject to redemption or retirement or the Fund otherwise is unable to effect such redemption on or prior to 40 days after such Cure Date, the Fund shall redeem those shares of MuniPreferred and other Preferred Shares which it was unable to redeem on the earliest practicable date on which it is able to effect such redemption. If fewer than all of the outstanding shares of a series of MuniPreferred are to be redeemed pursuant to this paragraph (b), the number of shares of such series to be redeemed shall be redeemed pro rata from the Holders of shares of such series in proportion to the number of shares of such series held by such Holders. (c) NOTICE OF REDEMPTION. If the Fund shall determine or be required to redeem shares of a series of MuniPreferred pursuant to paragraph (a) or (b) of this Section 11, it shall mail a Notice of Redemption with respect to such redemption by first class mail, postage prepaid, to each Holder of the shares of such series to be redeemed, at such Holder's address as the same appears on the record books of the Fund on the record date established by the Board of Trustees. Such Notice of Redemption shall be so mailed not less than 20 nor more than 45 days prior to the date fixed for redemption. Each such Notice of Redemption shall state: (i) the redemption date; (ii) the number of shares of MuniPreferred to be redeemed and the series thereof; (iii) the CUSIP number for shares of such series; (iv) the Redemption Price; (v) the place or places where the certificate(s) for such shares (properly endorsed or assigned for transfer, if the Board of Trustees shall so require and

the Notice of Redemption shall so state) are to be surrendered for payment of the Redemption Price; (vi) that dividends on the shares to be redeemed will cease to accumulate on such redemption date; and (vii) the provisions of this Section 11 under which such redemption is made. If fewer than all shares of a series of MuniPreferred held by any Holder are to be redeemed, the Notice of Redemption mailed to such Holder shall also specify the number of shares of such series to be redeemed from such Holder. The Fund may provide in any Notice of Redemption relating to a redemption contemplated to be effected pursuant to paragraph (a) of this Section 11 that such redemption is subject to one or more conditions precedent and that the Fund shall not be required to effect such redemption unless each such condition shall have been satisfied at the time or times and in the manner specified in such Notice of Redemption. (d) **NO REDEMPTION UNDER CERTAIN CIRCUMSTANCES.** Notwithstanding the provisions of paragraphs (a) or (b) of this Section 11, if any dividends on shares of a series of MuniPreferred (whether or not earned or declared) are in arrears, no shares of such series shall be redeemed unless all outstanding shares of such series are simultaneously redeemed, and the Fund shall not purchase or otherwise acquire any shares of such series; provided, however, that the foregoing shall not prevent the purchase or acquisition of all outstanding shares of such series pursuant to the successful completion of an otherwise lawful purchase or exchange offer made on the same terms to, and accepted by, Holders of all outstanding shares of such series. (e) **ABSENCE OF FUNDS AVAILABLE FOR REDEMPTION.** To the extent that any redemption for which Notice of Redemption has been mailed is not made by reason of the absence of legally available funds therefor in accordance with the Declaration and applicable law, such redemption shall be made as soon as practicable to the extent such funds become available. Failure to redeem shares of MuniPreferred shall be deemed to exist at any time after the date specified for redemption in a Notice of Redemption when the Fund shall have failed, for any reason whatsoever, to deposit in trust with the Auction Agent the Redemption Price with respect to any shares for which such Notice of Redemption has been mailed; provided, however, that the foregoing shall not apply in the case of the Fund's failure to A-37 106 deposit in trust with the Auction Agent the Redemption Price with respect to any shares where (1) the Notice of Redemption relating to such redemption provided that such redemption was subject to one or more conditions precedent and (2) any such condition precedent shall not have been satisfied at the time or times and in the manner specified in such Notice of Redemption. Notwithstanding the fact that the Fund may not have redeemed shares of MuniPreferred for which a Notice of Redemption has been mailed, dividends may be declared and paid on shares of MuniPreferred and shall include those shares of MuniPreferred for which a Notice of Redemption has been mailed. (f) **AUCTION AGENT AS TRUSTEE OF REDEMPTION PAYMENTS BY FUND.** All moneys paid to the Auction Agent for payment of the Redemption Price of shares of MuniPreferred called for redemption shall be held in trust by the Auction Agent for the benefit of Holders of shares so to be redeemed. (g) **SHARES FOR WHICH NOTICE OF REDEMPTION HAS BEEN GIVEN ARE NO LONGER OUTSTANDING.** Provided a Notice of Redemption has been mailed pursuant to paragraph (c) of this Section 11, upon the deposit with the Auction Agent (on the Business Day next preceding the date fixed for redemption thereby, in funds available on the next Business Day in The City of New York, New York) of funds sufficient to redeem the shares of MuniPreferred that are the subject of such notice, dividends on such shares shall cease to accumulate and such shares shall no longer be deemed to be outstanding for any purpose, and all rights of the Holders of the shares so called for redemption shall cease and terminate, except the right of such Holders to receive the Redemption Price, but without any interest or other additional amount, except as provided in subparagraph (e)(i) of Section 2 of this Part I and in Section 3 of this Part I. Upon surrender in accordance with the Notice of Redemption of the certificates for any shares so redeemed (properly endorsed or assigned for transfer, if the Board of Trustees shall so require and the Notice of Redemption shall so state), the Redemption Price shall be paid by the Auction Agent to the Holders of shares of MuniPreferred subject to redemption. In the case that fewer than all of the shares represented by any such certificate are redeemed, a new certificate shall be issued, representing the unredeemed shares, without cost to the Holder thereof. The Fund shall be entitled to receive from the Auction Agent, promptly after the date fixed for redemption, any cash deposited with the Auction Agent in excess of (i) the aggregate Redemption Price of the shares of MuniPreferred called for redemption on such date and (ii) all other amounts to which Holders of shares of MuniPreferred called for redemption may be entitled. Any funds so deposited that are unclaimed at the end of 90 days from such redemption date shall, to the extent permitted by law, be repaid to the Fund, after which time the Holders of shares of MuniPreferred so called for redemption may look only to the Fund for payment of the Redemption Price and all other amounts to which they may be entitled. The Fund shall be entitled to receive, from time to time after the date fixed for redemption, any interest on the funds so deposited. (h) **COMPLIANCE WITH APPLICABLE LAW.** In

effecting any redemption pursuant to this Section 11, the Fund shall use its best efforts to comply with all applicable conditions precedent to effecting such redemption under the 1940 Act and any applicable Massachusetts law, but shall effect no redemption except in accordance with the 1940 Act and any applicable Massachusetts law. (i) **ONLY WHOLE SHARES OF MUNIPREFERRED MAY BE REDEEMED.** In the case of any redemption pursuant to this Section 11, only whole shares of MuniPreferred shall be redeemed, and in the event that any provision of the Declaration would require redemption of a fractional share, the Auction Agent shall be authorized to round up so that only whole shares are redeemed. 12. **LIQUIDATION RIGHTS.** (a) **RANKING.** The shares of a series of MuniPreferred shall rank on a parity with each other, with shares of any other series of MuniPreferred and with shares of any other series of A-38 107 Preferred Shares as to the distribution of assets upon dissolution, liquidation or winding up of the affairs of the Fund. (b) **DISTRIBUTIONS UPON LIQUIDATION.** Upon the dissolution, liquidation or winding up of the affairs of the Fund, whether voluntary or involuntary, the Holders of shares of MuniPreferred then outstanding shall be entitled to receive and to be paid out of the assets of the Fund available for distribution to its shareholders, before any payment or distribution shall be made on the Common Shares or on any other class of shares of the Fund ranking junior to the MuniPreferred upon dissolution, liquidation or winding up, an amount equal to the Liquidation Preference with respect to such shares plus an amount equal to all dividends thereon (whether or not earned or declared) accumulated but unpaid to (but not including) the date of final distribution in same day funds, together with any payments required to be made pursuant to Section 3 of this Part I in connection with the liquidation of the Fund. After the payment to the Holders of the shares of MuniPreferred of the full preferential amounts provided for in this paragraph (b), the Holders of MuniPreferred as such shall have no right or claim to any of the remaining assets of the Fund. (c) **PRO RATA DISTRIBUTIONS.** In the event the assets of the Fund available for distribution to the Holders of shares of MuniPreferred upon any dissolution, liquidation, or winding up of the affairs of the Fund, whether voluntary or involuntary, shall be insufficient to pay in full all amounts to which such Holders are entitled pursuant to paragraph (b) of this Section 12, no such distribution shall be made on account of any shares of any other class or series of Preferred Shares ranking on a parity with the shares of MuniPreferred with respect to the distribution of assets upon such dissolution, liquidation or winding up unless proportionate distributive amounts shall be paid on account of the shares of MuniPreferred, ratably, in proportion to the full distributable amounts for which holders of all such parity shares are respectively entitled upon such dissolution, liquidation or winding up. (d) **RIGHTS OF JUNIOR SHARES.** Subject to the rights of the holders of shares of any series or class or classes of shares ranking on a parity with the shares of MuniPreferred with respect to the distribution of assets upon dissolution, liquidation or winding up of the affairs of the Fund, after payment shall have been made in full to the Holders of the shares of MuniPreferred as provided in paragraph (b) of this Section 12, but not prior thereto, any other series or class or classes of shares ranking junior to the shares of MuniPreferred with respect to the distribution of assets upon dissolution, liquidation or winding up of the affairs of the Fund shall, subject to the respective terms and provisions (if any) applying thereto, be entitled to receive any and all assets remaining to be paid or distributed, and the Holders of the shares of MuniPreferred shall not be entitled to share therein. (e) **CERTAIN EVENTS NOT CONSTITUTING LIQUIDATION.** Neither the sale of all or substantially all the property or business of the Fund, nor the merger or consolidation of the Fund into or with any Massachusetts business trust or corporation nor the merger or consolidation of any Massachusetts business trust or corporation into or with the Fund shall be a dissolution, liquidation or winding up, whether voluntary or involuntary, for the purposes of this Section 12. 13. **MISCELLANEOUS.** (a) **AMENDMENT OF APPENDIX A TO ADD ADDITIONAL SERIES.** Subject to the provisions of paragraph (c) of Section 10 of this Part I, the Board of Trustees may, by resolution duly adopted, without shareholder approval (except as otherwise provided by this Statement or required by applicable law), amend Appendix A hereto to (1) reflect any amendments hereto which the Board of Trustees is entitled to adopt pursuant to the terms of this Statement without shareholder approval or (2) add additional series of MuniPreferred or additional shares of a series of MuniPreferred (and terms relating thereto) to the series and shares of MuniPreferred theretofore described thereon. Each such additional series and all such additional shares shall be governed by the terms of this Statement. A-39 108 (b) **APPENDIX A INCORPORATED BY REFERENCE.** Appendix A hereto is incorporated in and made a part of this Statement by reference thereto. (c) **NO FRACTIONAL SHARES.** No fractional shares of MuniPreferred shall be issued. (d) **STATUS OF SHARES OF MUNIPREFERRED REDEEMED, EXCHANGED OR OTHERWISE ACQUIRED BY THE FUND.** Shares of MuniPreferred which are redeemed, exchanged or otherwise acquired by the Fund shall return to the status of authorized and unissued Preferred Shares without designation as to series. (e)

BOARD MAY RESOLVE AMBIGUITIES. To the extent permitted by applicable law, the Board of Trustees may interpret or adjust the provisions of this Statement to resolve any inconsistency or ambiguity or to remedy any formal defect, and may amend this Statement with respect to any series of MuniPreferred prior to the issuance of shares of such series. (f) HEADINGS NOT DETERMINATIVE. The headings contained in this Statement are for convenience of reference only and shall not affect the meaning or interpretation of this Statement. (g) NOTICES. All notices or communications, unless otherwise specified in the By-Laws of the Fund or this Statement, shall be sufficiently given if in writing and delivered in person or mailed by first-class mail, postage prepaid. A-40 109 PART II 1. ORDERS. (a) Prior to the Submission Deadline on each Auction Date for shares of a series of MuniPreferred: (i) each Beneficial Owner of shares of such series may submit to its Broker-Dealer by telephone or otherwise information as to: (A) the number of Outstanding shares, if any, of such series held by such Beneficial Owner which such Beneficial Owner desires to continue to hold without regard to the Applicable Rate for shares of such series for the next succeeding Rate Period of such shares; (B) the number of Outstanding shares, if any, of such series held by such Beneficial Owner which such Beneficial Owner offers to sell if the Applicable Rate for shares of such series for the next succeeding Rate Period of shares of such series shall be less than the rate per annum specified by such Beneficial Owner; and/or (C) the number of Outstanding shares, if any, of such series held by such Beneficial Owner which such Beneficial Owner offers to sell without regard to the Applicable Rate for shares of such series for the next succeeding Rate Period of shares of such series; and (ii) one or more Broker-Dealers, using lists of Potential Beneficial Owners, shall in good faith for the purpose of conducting a competitive Auction in a commercially reasonable manner, contact Potential Beneficial Owners (by telephone or otherwise), including Persons that are not Beneficial Owners, on such lists to determine the number of shares, if any, of such series which each such Potential Beneficial Owner offers to purchase if the Applicable Rate for shares of such series for the next succeeding Rate Period of shares of such series shall not be less than the rate per annum specified by such Potential Beneficial Owner. For the purposes hereof, the communication by a Beneficial Owner or Potential Beneficial Owner to a Broker-Dealer, or by a Broker-Dealer to the Auction Agent, of information referred to in clause (i)(A), (i), (B), (i), (C) or (ii) of this paragraph (a) is hereinafter referred to as an "Order" and collectively as "Orders" and each Beneficial Owner and each Potential Beneficial Owner placing an Order with a Broker-Dealer, and such Broker-Dealer placing an Order with the Auction Agent, is hereinafter referred to as a "Bidder" and collectively as "Bidders"; an Order containing the information referred to in clause (i)(A) of this paragraph (a) is hereinafter referred to as a "Hold Order" and collectively as "Hold Orders"; an Order containing the information referred to in clause (i)(B) or (ii) of this paragraph (a) is hereinafter referred to as a "Bid" and collectively as "Bids"; and an Order containing the information referred to in clause (i)(C) of this paragraph (a) is hereinafter referred to as a "Sell Order" and collectively as "Sell Orders." (b) (i) (i) A Bid by a Beneficial Owner or an Existing Holder of shares of a series of MuniPreferred subject to an Auction on any Auction Date shall constitute an irrevocable offer to sell: 110 (A) the number of Outstanding shares of such series specified in such Bid if the Applicable Rate for shares of such series determined on such Auction Date shall be less than the rate specified therein; (B) such number or a lesser number of Outstanding shares of such series to be determined as set forth in clause (iv) of paragraph (a) of Section 4 of this Part II if the Applicable Rate for shares of such series determined on such Auction Date shall be equal to the rate specified therein; or (C) the number of Outstanding shares of such series specified in such Bid if the rate specified therein shall be higher than the Maximum Rate for shares of such series, or such number or a lesser number of Outstanding shares of such series to be determined as set forth in clause (iii) of paragraph (b) of Section 4 of this Part II if the rate specified therein shall be higher than the Maximum Rate for shares of such series and Sufficient Clearing Bids for shares of such series do not exist. (ii) A Sell Order by a Beneficial Owner or an Existing Holder of shares of a series of MuniPreferred subject to an Auction on any Auction Date shall constitute an irrevocable offer to sell: (A) the number of Outstanding shares of such series specified in such Sell Order; or (B) such number or a lesser number of Outstanding shares of such series as set forth in clause (iii) of paragraph (b) of Section 4 of this Part II if Sufficient Clearing Bids for shares of such series do not exist; provided, however, that a Broker-Dealer that is an Existing Holder with respect to shares of a series of MuniPreferred shall not be liable to any Person for failing to sell such shares pursuant to a Sell Order described in the proviso to paragraph (c) of Section 2 of this Part II if (1) such shares were transferred by the Beneficial Owner thereof without compliance by such Beneficial Owner or its transferee Broker-Dealer (or other transferee person, if permitted by the Fund) with the provisions of Section 7 of this Part II or (2) such Broker-Dealer has informed the Auction Agent pursuant to the terms of its Broker-Dealer Agreement that, according to such Broker-Dealer's records, such Broker-Dealer believes it is not

the Existing Holder of such shares. (iii) A Bid by a Potential Beneficial Holder or a Potential Holder of shares of a series of MuniPreferred subject to an Auction on any Auction Date shall constitute an irrevocable offer to purchase: (A) the number of Outstanding shares of such series specified in such Bid if the Applicable Rate for shares of such series determined on such Auction Date shall be higher than the rate specified therein; or (B) such number or a lesser number of Outstanding shares of such series as set forth in clause (v) of paragraph (a) of Section 4 of this Part II if the Applicable Rate for shares of such series determined on such Auction Date shall be equal to the rate specified therein. (c) No Order for any number of shares of MuniPreferred other than whole shares shall be valid. A-42 111 2.

SUBMISSION OF ORDERS BY BROKER-DEALERS TO AUCTION AGENT. (a) Each Broker-Dealer shall submit in writing to the Auction Agent prior to the Submission Deadline on each Auction Date all Orders for shares of MuniPreferred of a series subject to an Auction on such Auction Date obtained by such Broker-Dealer, designating itself (unless otherwise permitted by the Fund) as an Existing Holder in respect of shares subject to Orders submitted or deemed submitted to it by Beneficial Owners and as a Potential Holder in respect of shares subject to Orders submitted to it by Potential Beneficial Owners, and shall specify with respect to each Order for such shares: (i) the name of the Bidder placing such Order (which shall be the Broker-Dealer unless otherwise permitted by the Fund); (ii) the aggregate number of shares of such series that are the subject of such Order; (iii) to the extent that such Bidder is an Existing Holder of shares of such series: (A) the number of shares, if any, of such series subject to any Hold Order of such Existing Holder; (B) the number of shares, if any, of such series subject to any Bid of such Existing Holder and the rate specified in such Bid; and (C) the number of shares, if any, of such series subject to any Sell Order of such Existing Holder; and (iv) to the extent such Bidder is a Potential Holder of shares of such series, the rate and number of shares of such series specified in such Potential Holder's Bid. (b) If any rate specified in any Bid contains more than three figures to the right of the decimal point, the Auction Agent shall round such rate up to the next highest one thousandth (.001) of 1%. (c) If an Order or Orders covering all of the Outstanding shares of MuniPreferred of a series held by any Existing Holder is not submitted to the Auction Agent prior to the Submission Deadline, the Auction Agent shall deem a Hold Order to have been submitted by or on behalf of such Existing Holder covering the number of Outstanding shares of such series held by such Existing Holder and not subject to Orders submitted to the Auction Agent; provided, however, that if an Order or Orders covering all of the Outstanding shares of such series held by any Existing Holder is not submitted to the Auction Agent prior to the Submission Deadline for an Auction relating to a Special Rate Period consisting of more than 28 Rate Period Days, the Auction Agent shall deem a Sell Order to have been submitted by or on behalf of such Existing Holder covering the number of outstanding shares of such series held by such Existing Holder and not subject to Orders submitted to the Auction Agent. (d) If one or more Orders of an Existing Holder is submitted to the Auction Agent covering in the aggregate more than the number of Outstanding shares of MuniPreferred of a series subject to an Auction held by such Existing Holder, such Orders shall be considered valid in the following order of priority: A-43 112 (i) all Hold Orders for shares of such series shall be considered valid, but only up to and including in the aggregate the number of Outstanding shares of such series held by such Existing Holder, and if the number of shares of such series subject to such Hold Orders exceeds the number of Outstanding shares of such series held by such Existing Holder, the number of shares subject to each such Hold Order shall be reduced pro rata to cover the number of Outstanding shares of such series held by such Existing Holder; (ii) (A) any Bid for shares of such series shall be considered valid up to and including the excess of the number of Outstanding shares of such series held by such Existing Holder over the number of shares of such series subject to any Hold Orders referred to in clause (i) above; (B) subject to subclause (A), if more than one Bid of an Existing Holder for shares of such series is submitted to the Auction Agent with the same rate and the number of Outstanding shares of such series subject to such Bids is greater than such excess, such Bids shall be considered valid up to and including the amount of such excess, and the number of shares of such series subject to each Bid with the same rate shall be reduced pro rata to cover the number of shares of such series equal to such excess; (C) subject to subclauses (A) and (B), if more than one Bid of an Existing Holder for shares of such series is submitted to the Auction Agent with different rates, such Bids shall be considered valid in the ascending order of their respective rates up to and including the amount of such excess; and (D) in any such event, the number, if any, of such Outstanding shares of such series subject to any portion of Bids considered not valid in whole or in part under this clause (ii) shall be treated as the subject of a Bid for shares of such series by or on behalf of a Potential Holder at the rate therein specified; and (iii) all Sell Orders for shares of such series shall be considered valid up to and including the excess of the number of Outstanding shares of such series held by such Existing Holder over the sum of shares of such series subject to valid

Hold Orders referred to in clause (i) above and valid Bids referred to in clause (ii) above. (e) If more than one Bid for one or more shares of a series of MuniPreferred is submitted to the Auction Agent by or on behalf of any Potential Holder, each such Bid submitted shall be a separate Bid with the rate and number of shares therein specified. (f) Any Order submitted by a Beneficial Owner or a Potential Beneficial Owner to its Broker-Dealer, or by a Broker-Dealer to the Auction Agent, prior to the Submission Deadline on any Auction Date, shall be irrevocable. 3.

DETERMINATION OF SUFFICIENT CLEARING BIDS, WINNING BID RATE AND APPLICABLE RATE. (a) Not earlier than the Submission Deadline on each Auction Date for shares of a series of MuniPreferred, the Auction Agent shall assemble all valid Orders submitted or deemed submitted to it by the Broker-Dealers in respect of shares of such series (each such Order as submitted or deemed submitted by a Broker-Dealer being hereinafter referred to individually as a "Submitted Hold Order," a "Submitted Bid" or a "Submitted Sell Order," as the case may be, or as a "Submitted Order" and collectively as "Submitted Hold Orders," "Submitted Bids" or "Submitted Sell Orders," as the case may be, or as "Submitted Orders") and shall determine for such series: A-44 113 (i) the excess of the number of Outstanding shares of such series over the number of Outstanding shares of such series subject to Submitted Hold Orders (such excess being hereinafter referred to as the "Available MuniPreferred" of such series); (ii) from the Submitted Orders for shares of such series whether: (A) the number of Outstanding shares of such series subject to Submitted Bids of Potential Holders specifying one or more rates equal to or lower than the Maximum Rate for shares of such series; exceeds or is equal to the sum of: (B) the number of Outstanding shares of such series subject to Submitted Bids of Existing Holders specifying one or more rates higher than the Maximum Rate for shares of such series; and (C) the number of Outstanding shares of such series subject to Submitted Sell Orders (in the event such excess or such equality exists (other than because the number of shares of such series in subclauses (B) and (C) above is zero because all of the Outstanding shares of such series are subject to Submitted Hold Orders), such Submitted Bids in subclause (A) above being hereinafter referred to collectively as "Sufficient Clearing Bids" for shares of such series); and (iii) if Sufficient Clearing Bids for shares of such series exist, the lowest rate specified in such Submitted Bids (the "Winning Bid Rate" for shares of such series) which if: (A) (I) each such Submitted Bid of Existing Holders specifying such lowest rate and (II) all other such Submitted Bids of Existing Holders specifying lower rates were rejected, thus entitling such Existing Holders to continue to hold the shares of such series that are subject to such Submitted Bids; and (B) (I) each such Submitted Bid of Potential Holders specifying such lowest rate and (II) all other such Submitted Bids of Potential Holders specifying lower rates were accepted; would result in such Existing Holders described in subclause (A) above continuing to hold an aggregate number of Outstanding shares of such series which, when added to the number of Outstanding shares of such series to be purchased by such Potential Holders described in subclause (B) above, would equal not less than the Available MuniPreferred of such series. (b) Promptly after the Auction Agent has made the determinations pursuant to paragraph (a) of this Section 3, the Auction Agent shall advise the Fund of the Maximum Rate for shares of the series of MuniPreferred for which an Auction is being held on the Auction Date and, based on such determination, the Applicable Rate for shares of such series for the next succeeding Rate Period thereof as follows: (i) if Sufficient Clearing Bids for shares of such series exist, that the Applicable Rate for all shares of such series for the next succeeding Rate Period thereof shall be equal to the Winning Bid Rate for shares of such series so determined; A-45 114 (ii) if Sufficient Clearing Bids for shares of such series do not exist (other than because all of the Outstanding shares of such series are subject to Submitted Hold Orders), that the Applicable Rate for all shares of such series for the next succeeding Rate Period thereof shall be equal to the Maximum Rate for shares of such series; or (iii) if all of the Outstanding shares of such series are subject to Submitted Hold Orders, that the Applicable Rate for all shares of such series for the next succeeding Rate Period thereof shall be as set forth in Section 12 of Appendix A hereto. 4. **ACCEPTANCE AND REJECTION OF SUBMITTED BIDS AND SUBMITTED SELL ORDERS AND ALLOCATION OF SHARES.** Existing Holders shall continue to hold the shares of MuniPreferred that are subject to Submitted Hold Orders, and, based on the determinations made pursuant to paragraph (a) of Section 3 of this Part II, the Submitted Bids and Submitted Sell Orders shall be accepted or rejected by the Auction Agent and the Auction Agent shall take such other action as set forth below: (a) If Sufficient Clearing Bids for shares of a series of MuniPreferred have been made, all Submitted Sell Orders with respect to shares of such series shall be accepted and, subject to the provisions of paragraphs (d) and (e) of this Section 4, Submitted Bids with respect to shares of such series shall be accepted or rejected as follows in the following order of priority and all other Submitted Bids with respect to shares of such series shall be rejected: (i) Existing Holders' Submitted Bids for shares of such series specifying any rate that is higher than the Winning Bid Rate for shares of such series shall be accepted,

thus requiring each such Existing Holder to sell the shares of MuniPreferred subject to such Submitted Bids; (ii) Existing Holders' Submitted Bids for shares of such series specifying any rate that is lower than the Winning Bid Rate for shares of such series shall be rejected, thus entitling each such Existing Holder to continue to hold the shares of MuniPreferred subject to such Submitted Bids; (iii) Potential Holders' Submitted Bids for shares of such series specifying any rate that is lower than the Winning Bid Rate for shares of such series shall be accepted; (iv) each Existing Holder's Submitted Bid for shares of such series specifying a rate that is equal to the Winning Bid Rate for shares of such series shall be rejected, thus entitling such Existing Holder to continue to hold the shares of MuniPreferred subject to such Submitted Bid, unless the number of Outstanding shares of MuniPreferred subject to all such Submitted Bids shall be greater than the number of shares of MuniPreferred ("remaining shares") in the excess of the Available MuniPreferred of such series over the number of shares of MuniPreferred subject to Submitted Bids described in clauses (ii) and (iii) of this paragraph (a), in which event such Submitted Bid of such Existing Holder shall be rejected in part, and such Existing Holder shall be entitled to continue to hold shares of MuniPreferred subject to such Submitted Bid, but only in an amount equal to the number of shares of MuniPreferred of such series obtained by multiplying the number of remaining shares by a fraction, the numerator of which shall be the number of Outstanding shares of MuniPreferred held by such Existing Holder subject to such Submitted Bid and the denominator of which shall be the aggregate number of Outstanding shares of MuniPreferred subject to such Submitted Bids made by all such Existing Holders that specified a rate equal to the Winning Bid Rate for shares of such series; and (v) each Potential Holder's Submitted Bid for shares of such series specifying a rate that is equal to the Winning Bid Rate for shares of such series shall be accepted A-46 115 but only in an amount equal to the number of shares of such series obtained by multiplying the number of shares in the excess of the Available MuniPreferred of such series over the number of shares of MuniPreferred subject to Submitted Bids described in clauses (ii) through (iv) of this paragraph (a) by a fraction, the numerator of which shall be the number of Outstanding shares of MuniPreferred subject to such Submitted Bid and the denominator of which shall be the aggregate number of Outstanding shares of MuniPreferred subject to such Submitted Bids made by all such Potential Holders that specified a rate equal to the Winning Bid Rate for shares of such series. (b) If Sufficient Clearing Bids for shares of a series of MuniPreferred have not been made (other than because all of the Outstanding shares of such series are subject to Submitted Hold Orders), subject to the provisions of paragraph (d) of this Section 4, Submitted Orders for shares of such series shall be accepted or rejected as follows in the following order of priority and all other Submitted Bids for shares of such series shall be rejected: (i) Existing Holders' Submitted Bids for shares of such series specifying any rate that is equal to or lower than the Maximum Rate for shares of such series shall be rejected, thus entitling such Existing Holders to continue to hold the shares of MuniPreferred subject to such Submitted Bids; (ii) Potential Holders' Submitted Bids for shares of such series specifying any rate that is equal to or lower than the Maximum Rate for shares of such series shall be accepted; and (iii) Each Existing Holder's Submitted Bid for shares of such series specifying any rate that is higher than the Maximum Rate for shares of such series and the Submitted Sell Orders for shares of such series of each Existing Holder shall be accepted, thus entitling each Existing Holder that submitted or on whose behalf was submitted any such Submitted Bid or Submitted Sell Order to sell the shares of such series subject to such Submitted Bid or Submitted Sell Order, but in both cases only in an amount equal to the number of shares of such series obtained by multiplying the number of shares of such series subject to Submitted Bids described in clause (ii) of this paragraph (b) by a fraction, the numerator of which shall be the number of Outstanding shares of such series held by such Existing Holder subject to such Submitted Bid or Submitted Sell Order and the denominator of which shall be the aggregate number of Outstanding shares of such series subject to all such Submitted Bids and Submitted Sell Orders. (c) If all of the Outstanding shares of a series of MuniPreferred are subject to Submitted Hold Orders, all Submitted Bids for shares of such series shall be rejected. (d) If, as a result of the procedures described in clause (iv) or (v) of paragraph (a) or clause (iii) of paragraph (b) of this Section 4, any Existing Holder would be entitled or required to sell, or any Potential Holder would be entitled or required to purchase, a fraction of a share of a series of MuniPreferred on any Auction Date, the Auction Agent shall, in such manner as it shall determine in its sole discretion, round up or down the number of shares of MuniPreferred of such series to be purchased or sold by any Existing Holder or Potential Holder on such Auction Date as a result of such procedures so that the number of shares so purchased or sold by each Existing Holder or Potential Holder on such Auction Date shall be whole shares of MuniPreferred. (e) If, as a result of the procedures described in clause (v) of paragraph (a) of this Section 4, any Potential Holder would be entitled or required to purchase less than a whole share of a series of MuniPreferred on any Auction Date, the Auction Agent

shall, in such manner as it shall A-47 116 determine in its sole discretion, allocate shares of MuniPreferred of such series for purchase among Potential Holders so that only whole shares of MuniPreferred of such series are purchased on such Auction Date as a result of such procedures by any Potential Holder, even if such allocation results in one or more Potential Holders not purchasing shares of MuniPreferred of such series on such Auction Date. (f) Based on the results of each Auction for shares of a series of MuniPreferred, the Auction Agent shall determine the aggregate number of shares of such series to be purchased and the aggregate number of shares of such series to be sold by Potential Holders and Existing Holders and, with respect to each Potential Holder and Existing Holder, to the extent that such aggregate number of shares to be purchased and such aggregate number of shares to be sold differ, determine to which other Potential Holder(s) or Existing Holder(s) they shall deliver, or from which other Potential Holder(s) or Existing Holder(s) they shall receive, as the case may be, shares of MuniPreferred of such series. Notwithstanding any provision of the Auction Procedures or the Settlement Procedures to the contrary, in the event an Existing Holder or Beneficial Owner of shares of a series of MuniPreferred with respect to whom a Broker-Dealer submitted a Bid to the Auction Agent for such shares that was accepted in whole or in part, or submitted or is deemed to have submitted a Sell Order for such shares that was accepted in whole or in part, fails to instruct its Agent Member to deliver such shares against payment therefor, partial deliveries of shares of MuniPreferred that have been made in respect of Potential Holders' or Potential Beneficial Owners' Submitted Bids for shares of such series that have been accepted in whole or in part shall constitute good delivery to such Potential Holders and Potential Beneficial Owners. (g) Neither the Fund nor the Auction Agent nor any affiliate of either shall have any responsibility or liability with respect to the failure of an Existing Holder, a Potential Holder, a Beneficial Owner, a Potential Beneficial Owner or its respective Agent Member to deliver shares of MuniPreferred of any series or to pay for shares of MuniPreferred of any series sold or purchased pursuant to the Auction Procedures or otherwise.

5. NOTIFICATION OF ALLOCATIONS. Whenever the Fund intends to include any net capital gains or other income taxable for Federal income tax purposes in any dividend on shares of MuniPreferred, the Fund shall, in the case of a Minimum Rate Period or a Special Rate Period of 28 Rate Period Days or fewer, and may, in the case of any other Special Rate Period, notify the Auction Agent of the amount to be so included not later than the Dividend Payment Date next preceding the Auction Date on which the Applicable Rate for such dividend is to be established. Whenever the Auction Agent receives such notice from the Fund, it will be required in turn to notify each Broker-Dealer, who, on or prior to such Auction Date, in accordance with its Broker-Dealer Agreement, will be required to notify its Beneficial Owners and Potential Beneficial Owners of shares of MuniPreferred believed by it to be interested in submitting an Order in the Auction to be held on such Auction Date.

6. AUCTION AGENT. For so long as any shares of MuniPreferred are outstanding, the Auction Agent, duly appointed by the Fund to so act, shall be in each case a commercial bank, trust company or other financial institution independent of the Fund and its affiliates (which however, may engage or have engaged in business transactions with the Fund or its affiliates) and at no time shall the Fund or any of its affiliates act as the Auction Agent in connection with the Auction Procedures. If the Auction Agent resigns or for any reason its appointment is terminated during any period that any shares of MuniPreferred are outstanding, the Board of Trustees shall use its best efforts promptly thereafter to appoint another qualified commercial bank, trust company or financial institution to act as the Auction Agent. The Auction Agent's registry of Existing Holders of shares of a series of MuniPreferred shall be conclusive and binding on the Broker-Dealers. A Broker-Dealer may inquire of the Auction Agent between 3:00 p.m. on the Business Day preceding an Auction for shares of a series of MuniPreferred and 9:30 a.m. on the Auction Date for such Auction to ascertain the number of shares of such series in respect of which the Auction Agent has determined such Broker-Dealer to be an Existing Holder. If such Broker-Dealer A-48 117 believes it is the Existing Holder of fewer shares of such series than specified by the Auction Agent in response to such Broker-Dealer's inquiry, such Broker-Dealer may so inform the Auction Agent of that belief. Such Broker-Dealer shall not, in its capacity as Existing Holder of shares of such series, submit Orders in such Auction in respect of shares of such series covering in the aggregate more than the number of shares of such series specified by the Auction Agent in response to such Broker-Dealer's inquiry.

7. TRANSFER OF SHARES OF MUNIPREFERRED. Unless otherwise permitted by the Fund, a Beneficial Owner or an Existing Holder may sell, transfer or otherwise dispose of shares of MuniPreferred only in whole shares and only pursuant to a Bid or Sell Order placed with the Auction Agent in accordance with the procedures described in this Part II or to a Broker-Dealer, provided, however, that (a) a sale, transfer or other disposition of shares of MuniPreferred from a customer of a Broker-Dealer who is listed on the records of that Broker-Dealer as the holder of such shares to that Broker-Dealer or another customer of that

Broker-Dealer shall not be deemed to be a sale, transfer or other disposition for purposes of this Section 7 if such Broker-Dealer remains the Existing Holder of the shares so sold, transferred or disposed of immediately after such sale, transfer or disposition and (b) in the case of all transfers other than pursuant to Auctions, the Broker-Dealer (or other Person, if permitted by the Fund) to whom such transfer is made shall advise the Auction Agent of such transfer.

8. GLOBAL CERTIFICATE. Prior to the commencement of a Voting Period, (i) all of the shares of a series of MuniPreferred outstanding from time to time shall be represented by one global certificate registered in the name of the Securities Depository or its nominee and (ii) no registration of transfer of shares of a series of MuniPreferred shall be made on the books of the Fund to any Person other than the Securities Depository or its nominee. "GROSS-UP PAYMENT" means payment to a Holder of shares of MuniPreferred of an amount which, when taken together with the aggregate amount of Taxable Allocations made to such Holder to which such Gross-up Payment relates, would cause such Holder's dividends in dollars (after Federal income tax consequences) from the aggregate of such Taxable Allocations and the related Gross-up Payment to be equal to the dollar amount of the dividends which would have been received by such Holder if the amount of such aggregate Taxable Allocations would have been excludable from the gross A-50 119 income of such Holder. Such Gross-up Payment shall be calculated (i) without consideration being given to the time value of money; (ii) assuming that no

Holder of shares of MuniPreferred is subject to the Federal alternative minimum tax with respect to dividends received from the Fund; and (iii) assuming that each Taxable Allocation and each Gross-up Payment (except to the extent such Gross-up Payment is designated as an exempt-interest dividend under Section 852(b)(5) of the Code or successor provisions) would be taxable in the hands of each Holder of shares of MuniPreferred at the maximum marginal combined regular Federal and New Jersey personal income tax rate applicable to ordinary income (taking into account the Federal income tax deductibility of state and local taxes paid or incurred) or net capital gains, as applicable, or the maximum marginal regular Federal corporate income tax rate applicable to ordinary income or net capital gains, as applicable, whichever is greater, in effect at the time such Gross-up Payment is made. BBB by S&P, Moody's Eligible Assets shall be calculated without including cash, and Municipal Obligations rated

MIG-1, VMIG-1 or P-1 or, if not rated by Moody's, rated A-1+/AA or SP-1+/AA by S&P, shall be considered to have a long-term rating of A. When the Fund sells a Municipal Obligation and agrees to repurchase such Municipal Obligation at a future date, such Municipal Obligation shall be valued at its Discounted Value for purposes of determining Moody's Eligible Assets, and the amount of the repurchase price of such Municipal Obligation shall be included as a liability for purposes of calculating the MuniPreferred Basic Maintenance Amount. When the Fund purchases a Moody's Eligible Asset and agrees to sell it at a future date, such Eligible Asset shall be valued at the amount of cash to be received by the Fund upon such future date, provided that the counterparty to the transaction has a long-term debt rating of at least A2 from Moody's and the transaction has a term of no more than 30 days, otherwise such Eligible Asset shall be valued at the Discounted Value of such Eligible Asset. Notwithstanding the foregoing, an asset will not be considered a Moody's Eligible Asset to the extent it is (i) subject to any material lien, mortgage, pledge, security interest or security agreement of any kind (collectively, "Liens"), except for (a) Liens which are being contested in good faith by appropriate proceedings and which Moody's has indicated to the Fund will not affect the status of such asset as a Moody's Eligible Asset, (b) Liens for taxes that are not then due and payable or that can be paid thereafter without penalty, (c) Liens to secure payment for services rendered or cash advanced to the Fund by Nuveen Advisory Corp., Chase Manhattan Bank or the Auction Agent and (d) Liens by virtue of any repurchase agreement; or (ii) deposited irrevocably for the payment of any liabilities for purposes of determining the MuniPreferred Basic Maintenance Amount. "OTHER ISSUES" shall have the respective meanings specified in the definition of "Issue Type Category." "RATE MULTIPLE," for shares of a series of MuniPreferred on any Auction Date for shares of such series, shall mean the percentage, determined as set forth below, based on the prevailing rating of A-53 122 shares of such series in effect at the close of business on the Business Day next preceding such Auction Date: PREVAILING RATING PERCENTAGE ----- "aa3"/AA-- or higher..... 110% "a3"/A--..... 125% "baa3"/BBB--..... 150% "ba3"/BB--..... 200% Below "ba3"/BB--..... 250% provided, however, that in the event the Fund has notified the Auction Agent of its intent to allocate income taxable for Federal income tax purposes to shares of such series prior to the Auction establishing the Applicable Rate for shares of such series, the applicable percentage in the foregoing table shall be divided by the quantity 1 minus the maximum marginal combined regular Federal and New Jersey personal income tax rate applicable to ordinary income (taking into account the Federal income tax deductibility of state and local taxes paid or incurred) or the maximum marginal regular Federal corporate income tax rate applicable to ordinary income, whichever is greater. For purposes of this definition, the "prevailing rating" of shares of a series of MuniPreferred shall be (i) "aa3"/AA-- or higher if such shares have a rating of "aa3" or better by Moody's and AA-- or better by S&P or the equivalent of such ratings by such agencies or a substitute rating agency or substitute rating agencies selected as provided below, (ii) if not "aa3"/AA-- or higher, then "a3"/A-- if such shares have a rating of "a3" or better by Moody's and A-- or better by S&P or the equivalent of such ratings by such agencies or a substitute rating agency or substitute rating agencies selected as provided below, (iii) if not "aa3"/AA-- or higher or "a3"/A--, then "baa3"/BBB-- if such shares have a rating of "baa3" or better by Moody's and BBB-- or better by S&P or the equivalent of such ratings by such agencies or a substitute rating agency or substitute rating agencies selected as provided below, (iv) if not "aa3"/AA-- or higher, "a3"/A-- or "baa3"/BBB--, then "ba3"/BB-- if such shares have a rating of "ba3" or better by Moody's and BB-- or better by S&P or the equivalent of such ratings by such agencies or a substitute rating agency or substitute rating agencies selected as provided below, and (v) if not "aa3"/AA-- or higher, "a3"/A--, "baa3"/BBB--, or "ba3"/BB--, then Below "ba3"/BB--; provided, however, that if such shares are rated by only one rating agency, the prevailing rating will be determined without reference to the rating of any other rating agency. The Fund shall take all reasonable action necessary to enable either S&P or Moody's to provide a rating for shares of MuniPreferred. If neither S&P nor Moody's shall make such a rating available, the party set forth in Section 7 of Appendix A or its successor shall select at least one nationally recognized statistical rating organization (as that term is used in the rules and regulations of the Securities and Exchange Commission under the Securities Exchange Act of 1934, as amended from time to time) to act as a substitute rating agency in respect of shares of the series of MuniPreferred set forth opposite such party's name in Section 7 of Appendix A and the Fund shall take all reasonable action to enable such rating agency to provide a rating for such shares. "S&P DISCOUNT FACTOR" shall mean, for purposes of determining the Discounted Value of any S&P Eligible Asset, the percentage determined by reference to the rating on such asset and the shortest Exposure Period set forth opposite such rating that is the same length as or is longer than the S&P Exposure Period, in accordance with the table set forth below: A-54 123 RATING CATEGORY

 for short-term Municipal Obligations will be 115%, so long as such Municipal Obligations are rated A-1+ or SP-1+ by
 S&P and mature or have a demand feature exercisable within 30 days or less, or 120% so long as such Municipal
 Obligations are rated A-1 or SP-1 by S&P and mature or have a demand feature exercisable in 30 days or less or
 125% if such Municipal Obligations are not rated by S&P but are rated equivalent to A-1+ or SP-1+ by another
 nationally recognized statistical rating organization, on a case by case basis; provided, however, that any such
 non-S&P rated short-term Municipal Obligations which have demand features exercisable within 30 days or less must
 be backed by a letter of credit, liquidity facility or guarantee from a bank or other financial institution with a
 short-term rating of at least A-1+ from SP and further provided that such non-S&P rated short-term Municipal
 Obligations may comprise no more than 50% of short-term Municipal Obligations that qualify as S&P Eligible
 Assets; provided, however, that Municipal Obligations not rated by S&P but rated equivalent to BBB or lower by
 another nationally recognized statistical rating organization, rated BB+ or lower by S&P or non-rated (such Municipal
 Obligations are hereinafter referred to as "High Yield Securities") may comprise no more than 20% of the short-term
 Municipal Obligations that qualify as S&P Eligible Assets; (ii) the S&P Discount Factor for Receivables for
 Municipal Obligations Sold that are due in more than five Business Days from such Valuation Date will be the S&P
 Discount Factor applicable to the Municipal Obligations sold; (iii) no S&P Discount Factor will be applied to cash or
 to Receivables for Municipal Obligations Sold if such receivables are due within five Business Days of such
 Valuation Date; and (iv) except as set forth in clause (i) above, in the case of any Municipal Obligation that is not
 rated by S&P but qualifies as an S&P Eligible Asset pursuant to clause (iii) of that definition, such Municipal
 Obligation will be deemed to have an S&P rating one full rating category lower than the S&P rating category that is
 the equivalent of the rating category in which such Municipal Obligation is placed by a nationally recognized
 statistical rating organization. "Receivables for Municipal Obligations Sold," for purposes of calculating S&P Eligible
 Assets as of any Valuation Date, means the book value of receivables for Municipal Obligations sold as of or prior to
 such Valuation Date. The Fund may adopt S&P Discount Factors for Municipal Obligations other than Municipal
 Obligations provided that S&P advises the Fund in writing that such action will not adversely affect its then current
 rating on the MuniPreferred. For purposes of the foregoing, Anticipation Notes rated SP-1+ or, if not rated by S&P,
 equivalent to A-1+ or SP-1+ by another nationally recognized statistical rating organization, on a case by case basis,
 which do not mature or have a demand feature at par exercisable in 30 days and which do not have a long-term rating,
 shall be considered to be short-term Municipal Obligations. "S&P ELIGIBLE ASSET" shall mean cash (excluding
 any cash irrevocably deposited by the Fund for the payment of any liabilities within the meaning of MuniPreferred
 Basic Maintenance Amount), Receivables for Municipal Obligations Sold or a Municipal Obligation owned by the
 Fund that (i) is interest bearing and pays interest at least semi-annually; (ii) is payable with respect to principal and
 interest in U.S. Dollars; (iii) is publicly rated BBB or higher by S&P or, if not rated by S&P but rated equivalent or
 higher to an A by another nationally recognized statistical rating organization, on a case by case basis; (iv) is not
 subject to a covered call or put option written by the Fund; (v) except for Inverse Floaters, is not part of a private
 placement of Municipal Obligations; and (vi) except for Inverse Floaters, A-55 124 is part of an issue of Municipal
 Obligations with an original issue size of at least \$10 million or, if of an issue with an original issue size below \$10
 million (but in no event below \$5 million), is issued by an issuer with a total of at least \$50 million of securities
 outstanding. Solely for purposes of this definition, the term "Municipal Obligation" means any obligation the interest
 on which is exempt from regular Federal income taxation and which is issued by any of the fifty United States, the
 District of Columbia or any of the territories of the United States, their subdivisions, counties, cities, towns, villages,
 school districts and agencies (including authorities and special districts created by the states), and federally sponsored
 agencies such as local housing authorities. Notwithstanding the foregoing limitations: (1) Municipal Obligations
 (excluding Escrowed Bonds) of any one issuer or guarantor (excluding bond insurers) shall be considered S&P
 Eligible Assets only to the extent the Market Value of such Municipal Obligations (including short-term Municipal
 Obligations) does not exceed 10% of the aggregate Market Value of S&P Eligible Assets, provided that 2% is added
 to the applicable S&P Discount Factor for every 1% by which the Market Value of such Municipal Obligations
 exceeds 5% of the aggregate Market Value of S&P Eligible Assets. High Yield Securities of any one issuer shall be

considered S&P Eligible Assets only to the extent the Market Value of such Municipal Obligations does not exceed 5% of the aggregate Market Value of S&P Eligible Assets; (2) Municipal Obligations (excluding Escrowed Bonds) of any one Issue Type Category shall be considered S&P Eligible Assets only to the extent the Market Value of such Municipal Obligations does not exceed 25% of the aggregate Market Value of S&P Eligible Assets; provided, however, that Municipal Obligations falling within the utility Issue Type Category will be broken down into three sub-categories and such Municipal Obligations will be considered S&P Eligible Assets to the extent the Market Value of such Municipal Obligations in each sub-category does not exceed 25% of the aggregate Market Value of S&P Eligible Assets per each sub-category provided that the total utility Issue Type Category does not exceed 60% of the Aggregate Market Value of S&P Eligible Assets; provided, however, that Municipal Obligations falling within the transportation Issue Type Category will be broken down into two sub-categories and such Municipal Obligations will be considered S&P Eligible Assets to the extent the Market Value of such Municipal Obligations in both sub-categories combined does not exceed 40% of the aggregate Market Value of S&P Eligible Assets (exposure to transportation sub-category (i) described in the definition of Issue Type Category is limited to 25% of the aggregate Market Value of S&P Eligible Assets, provided, however, exposure to transportation sub-category (ii) can exceed the 25% limit to the extent that exposure to transportation sub-category (i) is reduced, for a total exposure up to and not exceeding 40% of the aggregate Market Value of S&P Eligible Assets for the transportation Issue Type Category); and provided, however, that the general obligation issues will be considered S&P Eligible Assets only to the extent the Market Value of such general obligation issues does not exceed 50% of the aggregate Market Value of S&P Eligible Assets; (3) Municipal Obligations not rated by S&P shall be considered S&P Eligible Assets only to the extent the Market Value of such Municipal Obligations does not exceed 50% of the aggregate Market Value of S&P Eligible Assets; provided, however, that High Yield Securities shall be considered S&P Eligible Assets only to the extent the Market Value of such Municipal Obligations does not exceed 20% of the aggregate Market Value of S&P Eligible Assets; and (4) Out of State Bonds shall be considered S&P Eligible Assets only to the extent that the Market Value of such Municipal Obligations does not exceed 20% of the aggregate Market Value of S&P Eligible Assets.

Except as otherwise provided in paragraph (d) of Section 2 of Part I of this Statement, dividends shall be payable on shares of: Series __ MuniPreferred, for the Initial Rate Period on _____, _____, 2001, and on each _____ thereafter. SECTION 10. AMOUNT FOR PURPOSES OF SUBPARAGRAPH (C)(I) OF SECTION 5 OF PART I OF THIS STATEMENT. \$_____. SECTION 11. REDEMPTION PROVISIONS APPLICABLE TO INITIAL RATE PERIODS. Not applicable. SECTION 12. APPLICABLE RATE FOR PURPOSES OF SUBPARAGRAPH (B)(III) OF SECTION 3 OF PART II OF THIS STATEMENT. For purposes of subparagraph (b)(iii) of Section 3 of Part II of this Statement, the Applicable Rate for shares of such series for the next succeeding Rate Period of shares of such series shall be equal to the lesser of the Kenny Index (if such Rate Period consists of fewer than 183 Rate Period Days) or the product of (A)(I) the "AA" Composite Commercial Paper Rate on such Auction Date for such Rate Period, if such Rate Period consists of fewer than 183 Rate Period Days; (II) the Treasury Bill Rate on such Auction Date for such Rate Period, if such Rate Period consists of more than 182 but fewer than 365 Rate Period Days; or (III) the Treasury Note Rate on such Auction Date for such Rate Period, if such Rate Period is more than 364 Rate Period Days (the rate described in the foregoing clause (A)(I), (II) or (III), as applicable, being referred to herein as the "Benchmark Rate") and (B) 1 minus the maximum marginal combined regular Federal and New Jersey personal income tax rate applicable to ordinary income (taking into account the Federal income tax deductibility of state and local taxes paid or incurred) or the maximum marginal regular Federal corporate income tax rate applicable to ordinary income, whichever is greater; provided, however, that if the Fund has notified the Auction Agent of its intent to allocate to shares of such series in such Rate Period any net capital gains or other income taxable for Federal income tax purposes ("Taxable Income"), the Applicable Rate for shares of such series for such Rate Period will be (i) if the Taxable Yield Rate (as defined below) is greater than the Benchmark Rate, then the

Benchmark Rate, or (ii) if the Taxable Yield Rate is less than or equal to the Benchmark Rate, then the rate equal to the sum of (x) the lesser of the Kenny Index (if such Rate Period consists of fewer than 183 Rate Period Days) or the product of the Benchmark Rate multiplied by the factor set forth in the preceding clause (B) and (y) the product of the maximum marginal combined regular Federal and New Jersey personal income tax rate applicable to ordinary income (taking into account the Federal income tax deductibility of state and local taxes paid or incurred) or the maximum marginal regular A-57 126 Federal corporate income tax applicable to ordinary income, whichever is greater, multiplied by the Taxable Yield Rate. For purposes of the foregoing, Taxable Yield Rate means the rate determined by (a) dividing the amount of Taxable Income available for distribution per such share of MuniPreferred by the number of days in the Dividend Period in respect of which such Taxable Income is contemplated to be distributed, (b) multiplying the amount determined in (a) above by 365 (in the case of a Dividend Period of 7 Rate Period Days) or 360 (in the case of any other Dividend Period), and (c) dividing the amount determined in (b) above by \$25,000.

SECTION 13. CERTAIN OTHER RESTRICTIONS AND REQUIREMENTS. (a) For so long as any MuniPreferred are rated by S&P, the Fund will not purchase or sell futures contracts, write, purchase or sell options on futures contracts or write put options (except covered put options) or call options (except covered call options) on portfolio securities unless it receives written confirmation from S&P that engaging in such transactions will not impair the ratings then assigned to the MuniPreferred by S&P, except that the Fund may purchase or sell futures contracts based on the Bond Buyer Municipal Bond Index (the "Municipal Index") or United States Treasury Bonds or Notes ("Treasury Bonds") and write, purchase or sell put and call options on such contracts (collectively, "S&P Hedging Transactions"), subject to the following limitations: (i) the Fund will not engage in any S&P Hedging Transaction based on the Municipal Index (other than transactions which terminate a futures contract or option held by the fund by the Fund's taking an opposite position thereto ("Closing Transactions")), which would cause the Fund at the time of such transaction to own or have sold the least of (A) more than 1,000 outstanding futures contracts based on the Municipal Index, (B) outstanding futures contracts based on the Municipal Index exceeding in number 25% of the quotient of the Market Value of the Fund's total assets divided by \$1,000 or (C) outstanding futures contracts based on the Municipal Index exceeding in number 10% of the average number of daily traded futures contracts based on the Municipal Index in the 30 days preceding the time of effecting such transaction as reported by The Wall Street Journal; (ii) the Fund will not engage in any S&P Hedging Transaction based on Treasury Bonds (other than Closing Transactions) which would cause the Fund at the time of such transaction to own or have sold the lesser of (A) outstanding futures contracts based on Treasury Bonds exceeding in number 50% of the quotient of the Market Value of the Fund's total assets divided by \$100,000 (\$200,000 in the case of the two-year United States Treasury Note) or (B) outstanding futures contracts based on Treasury Bonds exceeding in number 10% of the average number of daily traded futures contracts based on Treasury Bonds in the 30 days preceding the time of effecting such transaction as reported by The Wall Street Journal. (iii) the Fund will engage in Closing Transactions to close out any outstanding futures contract which the Fund owns or has sold or any outstanding option thereon owned by the Fund in the event (A) the Fund does not have S&P Eligible Assets with an aggregate Discounted Value equal to or greater than the MuniPreferred Basic Maintenance Amount on two consecutive Valuation Dates and (B) the Fund is required to pay Variation Margin on the second such Valuation Date; (iv) the Fund will engage in a Closing Transaction to close out any outstanding futures contract or option thereon in the month prior to the delivery month under the terms of such futures contract or option thereon unless the Fund holds the securities deliverable under such terms; and A-58 127 (v) when the fund writes a futures contract or option thereon, it will either maintain an amount of cash, cash equivalents or high grade (rated A or better by S&P), fixed-income securities in a segregated account with the Fund's custodian, so that the amount so segregated plus the amount of Initial Margin and Variation Margin held in the account of or on behalf of the Fund's broker with respect to such futures contract or option equals the Market Value of the futures contract or option, or, in the event the Fund writes a futures contract or option thereon which requires delivery of an underlying security, it shall hold such underlying security in its portfolio. For purposes of determining whether the Fund has S&P Eligible Assets with a Discounted Value that equals or exceeds the MuniPreferred Basic Maintenance Amount, the Discounted Value of cash or securities held for the payment of Initial Margin or Variation Margin shall be zero and the aggregate Discounted Value of S&P Eligible Assets shall be reduced by an amount equal to (i) 30% of the aggregate settlement value, as marked to market, of any outstanding futures contracts based on the Municipal Index which are owned by the Fund plus (ii) 25% of the aggregate settlement value, as marked to market, of any outstanding futures contracts based on Treasury Bonds which contracts are owned by the Fund. (b) For so long as any

MuniPreferred are rated by Moody's, the Fund will not buy or sell futures contracts, write, purchase or sell call options on futures contracts or purchase put options on futures contracts or write call options (except covered call options) on portfolio securities unless it receives written confirmation from Moody's that engaging in such transactions would not impair the ratings then assigned to the MuniPreferred by Moody's, except that the Fund may purchase or sell exchange-traded futures contracts based on the Municipal Index or Treasury Bonds and purchase, write or sell exchange-traded put options on such futures contracts and purchase, write or sell exchange-traded call options on such futures contracts (collectively, "Moody's Hedging Transactions"), subject to the following limitations: (i) the Fund will not engage in any Moody's Hedging Transaction based on the Municipal Index (other than Closing Transactions), which would cause the Fund at the time of such transaction to own or have sold (A) outstanding futures contracts based on the Municipal Index exceeding in number 10% of the average number of daily traded futures contracts based on the Municipal Index in the 30 days preceding the time of effecting such transaction as reported by The Wall Street Journal or (B) outstanding futures contracts based on the Municipal Index having a Market Value exceeding 50% of the Market Value of all Municipal Bonds constituting Moody's Eligible Assets owned by the Fund (other than Moody's Eligible Assets already subject to a Moody's Hedging Transaction); (ii) the Fund will not engage in any Moody's Hedging Transaction based on Treasury Bonds (other than Closing Transactions) which would cause the Fund at the time of such transaction to own or have sold (A) outstanding futures contracts based on Treasury Bonds having an aggregate Market Value exceeding 20% of the aggregate Market Value of Moody's Eligible Assets owned by the Fund and rated Aa by Moody's (or, if not rated by Moody's but rated by S&P, rated AAA by S&P) or (B) outstanding futures contracts based on Treasury Bonds having an aggregate Market Value exceeding 40% of the aggregate Market Value of all Municipal Bonds constituting Moody's Eligible Assets owned by the Fund (other than Moody's Eligible Assets already subject to a Moody's Hedging Transaction) and rated Baa or A by Moody's (or, if not rated by Moody's but rated by S&P, rated A or AA by S&P) (for purposes of the foregoing clauses (i) and (ii), the Fund shall be deemed to own the number of futures contracts that underlie any outstanding options written by the Fund); (iii) the Fund will engage in Closing Transactions to close out any outstanding futures contract based on the Municipal Index if the amount of open interest in the Municipal Index as reported by The Wall Street Journal is less than 5,000; (iv) the Fund will engage in a Closing Transaction to close out any outstanding futures contract by no later than the fifth Business Day of the month in which such contract expires and will engage in a Closing Transaction to close out any outstanding option on a futures contract by no later than the first Business Day of the month in which such option expires; (v) the Fund will engage in Moody's Hedging Transactions only with respect to futures contracts or options thereon having the next settlement date or the settlement date immediately thereafter; (vi) the Fund will not engage in options and futures transactions for leveraging or speculative purposes and will not write any call options or sell any futures contracts for the purpose of hedging the anticipated purchase of an asset prior to completion of such purchase; and (vii) the Fund will not enter into an option or futures transaction unless, after giving effect thereto, the Fund would continue to have Moody's Eligible Assets with an aggregate Discounted Value equal to or greater than the MuniPreferred Basic Maintenance Amount. For purposes of determining whether the Fund has Moody's Eligible Assets with an aggregate Discounted Value that equals or exceeds the MuniPreferred Basic Maintenance Amount, the Discounted Value of Moody's Eligible Assets which the Fund is obligated to deliver or receive pursuant to an outstanding futures contract or option shall be as follows: (i) assets subject to call options written by the Fund which are either exchange-traded and "readily reversible" or which expire within 49 days after the date as of which such valuation is made shall be valued at the lesser of (a) Discounted Value and (b) the exercise price of the call option written by the Fund; (ii) assets subject to call options written by the Fund not meeting the requirements of clause (i) of this sentence shall have no value; (iii) assets subject to put options written by the Fund shall be valued at the lesser of (A) the exercise price and (B) the Discounted Value of the subject security; (iv) futures contracts shall be valued at the lesser of (A) settlement price and (B) the Discounted Value of the subject security, provided that, if a contract matures within 49 days after the date as of which such valuation is made, where the Fund is the seller the contract may be valued at the settlement price and where the Fund is the buyer the contract may be valued at the Discounted Value of the subject securities; and (v) where delivery may be made to the Fund with any security of a class of securities, the Fund shall assume that it will take delivery of the security with the lowest Discounted Value. For purposes of determining whether the Fund has Moody's Eligible Assets with an aggregate Discounted Value that equals or exceeds the MuniPreferred Basic Maintenance Amount, the following amounts shall be subtracted from the aggregate Discounted Value of the Moody's Eligible Assets held by the Fund: (i) 10% of the exercise price of a written call

option; (ii) the exercise price of any written put option; (iii) where the Fund is the seller under a futures contract, 10% of the settlement price of the futures contract; (iv) where the Fund is the purchaser under a futures contract, the settlement price of assets purchased under such futures contract; (v) the settlement price of the underlying futures contract if the Fund writes put options on a futures contract; and (vi) 105% of the Market Value of the underlying futures contracts if the Fund writes call options on a futures contract and does not own the underlying contract. (c) For so long as any MuniPreferred are rated by Moody's, the Fund will not enter into any contract to purchase securities for a fixed price at a future date beyond customary settlement time A-60 129 (other than such contracts that constitute Moody's Hedging Transactions that are permitted under Section 13(b) of this Statement), except that the Fund may enter into such contracts to purchase newly-issued securities on the date such securities are issued ("Forward Commitments"), subject to the following limitation: (i) the Fund will maintain in a segregated account with its custodian cash, cash equivalents or short-term, fixed-income securities rated P-1, MTG-1 or VMIG-1 by Moody's and maturing prior to the date of the Forward Commitment with a Market Value that equals or exceeds the amount of the Fund's obligations under any Forward Commitments to which it is from time to time a party or long-term fixed income securities with a Discounted Value that equals or exceeds the amount of the Fund's obligations under any Forward Commitment to which it is from time to time a party; and (ii) the Fund will not enter into a Forward Commitment unless, after giving effect thereto, the Fund would continue to have Moody's Eligible Assets with an aggregate Discounted Value equal to or greater than the MuniPreferred Maintenance Amount. For purposes of determining whether the Fund has Moody's Eligible Assets with an aggregate Discounted Value that equals or exceeds the MuniPreferred Basic Maintenance Amount, the Discounted Value of all Forward Commitments to which the Fund is a party and of all securities deliverable to the Fund pursuant to such Forward Commitments shall be zero. APPENDIX B RATINGS OF INVESTMENTS Standard & Poor's Corporation--A brief description of the applicable Standard & Poor's Corporation ("S&P") rating symbols and their meanings (as published by S&P) follows: A Standard & Poor's issue credit rating is a current opinion of the creditworthiness of an obligor with respect to a specific financial obligation, a specific class of financial obligations, or a specific financial program. It takes into consideration the creditworthiness of guarantors, insurers, or other forms of credit enhancement on the obligation. The issue credit rating is not a recommendation to purchase, sell, or hold a financial obligation, inasmuch as it does not comment as to market price or suitability for a particular investor. Issue credit ratings are based on current information furnished by the obligors or obtained by Standard & Poor's from other sources it considers reliable. Standard & Poor's does not perform an audit in connection with any credit rating and may, on occasion, rely on unaudited financial information. Credit ratings may be changed, suspended, or withdrawn as a result of changes in, or unavailability of, such information, or based on other circumstances. Issue credit ratings can be either long term or short term. Short-term ratings are generally assigned to those obligations considered short term in the relevant market. In the U.S., for example, that means obligations with an original maturity of no more than 365 days including commercial paper. Short-term ratings are also used to indicate the creditworthiness of an obligor with respect to put features on long-term obligations. The result is a dual rating, in which the short-term ratings address the put feature, in addition to the usual long-term rating. Medium-term notes are assigned long-term ratings. **LONG-TERM ISSUE CREDIT RATINGS** Issue credit ratings are based in varying degrees, on the following considerations: 1. Likelihood of payment -- capacity and willingness of the obligor to meet its financial commitment on an obligation in accordance with the terms of the obligation; 2. Nature of and provisions of the obligation; and 3. Protection afforded by, and relative position of, the obligation in the event of bankruptcy, reorganization, or other arrangement under the laws of bankruptcy and other laws affecting creditors' rights. The issue ratings definitions are expressed in terms of default risk. As such, they pertain to senior obligations of an entity. Junior obligations are typically rated lower than senior obligations, to reflect the lower priority in bankruptcy, as noted above. AAA An obligation rated "AAA" has the highest rating assigned by Standard & Poor's. The obligor's capacity to meet its financial commitment on the obligation is extremely strong. AA An obligation rated "AA" differs from the highest-rated obligations only in small degree. The obligor's capacity to meet its financial commitment on the obligation is very strong. B-1 131 A An obligation rated "A" is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher-rated categories. However, the obligor's capacity to meet its financial commitment on the obligation is still strong. BBB An obligation rated "BBB" exhibits adequate protection parameters. However, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity of the obligor to meet its financial commitment on the obligation. BB, B, CCC, CC, and C Obligations rated "BB", "B", "CCC", "CC", and "C"

are regarded as having significant speculative characteristics. "BB" indicates the least degree of speculation and "C" the highest. While such obligations will likely have some quality and protective characteristics, these may be outweighed by large uncertainties or major exposures to adverse conditions. BB An obligation rated "BB" is less vulnerable to nonpayment than other speculative issues. However, it faces major ongoing uncertainties or exposure to adverse business, financial, or economic conditions, which could lead to the obligor's inadequate capacity to meet its financial commitment on the obligation. B An obligation rated "B" is more vulnerable to nonpayment than obligations rated "BB", but the obligor currently has the capacity to meet its financial commitment on the obligation. Adverse business, financial, or economic conditions will likely impair the obligor's capacity or willingness to meet its financial commitment on the obligation. CCC An obligation rated "CCC" is currently vulnerable to nonpayment and is dependent upon favorable business, financial, and economic conditions for the obligor to meet its financial commitment on the obligation. In the event of adverse business, financial, or economic conditions, the obligor is not likely to have the capacity to meet its financial commitment on the obligation. CC An obligation rated "CC" is currently highly vulnerable to nonpayment. C The "C" rating may be used to cover a situation where a bankruptcy petition has been filed or similar action has been taken, but payments on this obligation are being continued. D An obligation rated "D" is in payment default. The "D" rating category is used when payments on an obligation are not made on the date due even if the applicable grace period has not expired, unless Standard & Poor's believes that such payments will be made during such grace period. The "D" rating also will be used upon the filing of a bankruptcy petition or the taking of a similar action if payments on an obligation are jeopardized. Plus (+) or minus (-). The ratings from "AA" to "CCC" may be modified by the addition of a plus or minus sign to show relative standing within the major rating categories. B-2 132 c The "c" subscript is used to provide additional information to investors that the bank may terminate its obligation to purchase tendered bonds if the long-term credit rating of the issuer is below an investment-grade level and/or the issuer's bonds are deemed taxable. p The letter "p" indicates that the rating is provisional. A provisional rating assumes the successful completion of the project financed by the debt being rated and indicates that payment of debt service requirements is largely or entirely dependent upon the successful, timely completion of the project. This rating, however, while addressing credit quality subsequent to completion of the project, makes no comment on the likelihood of or the risk of default upon failure of such completion. The investor should exercise his own judgment with respect to such likelihood and risk. * Continuance of the ratings is contingent upon Standard & Poor's receipt of an executed copy of the escrow agreement or closing documentation confirming investments and cash flows. r The "r" highlights derivative, hybrid, and certain other obligations that Standard & Poor's believes may experience high volatility or high variability in expected returns as a result of noncredit risks. Examples of such obligations are securities with principal or interest return indexed to equities, commodities, or currencies; certain swaps and options; and interest-only and principal-only mortgage securities. The absence of an "r" symbol should not be taken as an indication that an obligation will exhibit no volatility or variability in total return. N.R. Not rated. Debt obligations of issuers outside the United States and its territories are rated on the same basis as domestic corporate and municipal issues. The ratings measure the creditworthiness of the obligor but do not take into account currency exchange and related uncertainties. Bond Investment Quality Standards Under present commercial bank regulations issued by the Comptroller of the Currency, bonds rated in the top four categories ("AAA", "AA", "BBB", commonly known as investment-grade ratings) generally are regarded as eligible for bank investment. Also, the laws of various states governing legal investments impose certain rating or other standards for obligations eligible for investment by savings banks, trust companies, insurance companies, and fiduciaries in general. SHORT-TERM ISSUE CREDIT RATINGS NOTES A Standard & Poor's note rating reflects the liquidity factors and market access risks unique to notes. Notes due in three years or less will likely receive a note rating. Notes maturing beyond three years will most likely receive a long-term debt rating. The following criteria will be used in making that assessment: o Amortization schedule -- the larger the final maturity relative to other maturities, the more likely it will be treated as a note; and o Source of payment -- the more dependent the issue is on the market for its refinancing, the more likely it will be treated as a note. B-3 133 Note rating symbols are as follows: SP-1 Strong capacity to pay principal and interest. An issue determined to possess a very strong capacity to pay debt service is given a plus (+) designation. SP-2 Satisfactory capacity to pay principal and interest, with some vulnerability to adverse financial and economic changes over the term of the notes. SP-3 Speculative capacity to pay principal and interest. A note rating is not a recommendation to purchase, sell, or hold a security inasmuch as it does not comment as to market price or suitability for a particular investor. The ratings are based on current information furnished to S&P by the issuer or obtained by

S&P from other sources it considers reliable. S&P does not perform an audit in connection with any rating and may, on occasion, rely on unaudited financial information. The ratings may be changed, suspended, or withdrawn as a result of changes in or unavailability of such information or based on other circumstances. COMMERCIAL PAPER An S&P commercial paper rating is a current assessment of the likelihood of timely payment of debt having an original maturity of no more than 365 days. Ratings are graded into several categories, ranging from "A-1" for the highest quality obligations to "D" for the lowest. These categories are as follows: A-1 A short-term obligation rated "A-1" is rated in the highest category by Standard & Poor's. The obligor's capacity to meet its financial commitment on the obligation is strong. Within this category, certain obligations are designated with a plus sign (+). This indicates that the obligor's capacity to meet its financial commitment on these obligations is extremely strong. A-2 A short-term obligation rated "A-2" is somewhat more susceptible to the adverse effects of changes in circumstances and economic conditions than obligations in higher rating categories. However, the obligor's capacity to meet its financial commitment on the obligation is satisfactory. A-3 A short-term obligation rated "A-3" exhibits adequate protection parameters. However, adverse economic conditions or changing circumstances are more likely to lead to a weakened capacity of the obligor to meet its financial commitment on the obligation. B A short-term obligation rated "B" is regarded as having significant speculative characteristics. The obligor currently has the capacity to meet its financial commitment on the obligation; however, it faces major ongoing uncertainties which could lead to the obligor's inadequate capacity to meet its financial commitment on the obligation. C A short-term obligation rated "C" is currently vulnerable to nonpayment and is dependent upon favorable business, financial, and economic conditions for the obligor to meet its financial commitment on the obligation. D A short-term obligation rated "D" is in payment default. The "D" rating category is used when payments on an obligation are not made on the date due even if the applicable grace period has not expired, unless Standard & Poor's believes that such payments will be B-4 134 made during such grace period. The "D" rating also will be used upon the filing of a bankruptcy petition or the taking of a similar action if payments on an obligation are jeopardized. A commercial rating is not a recommendation to purchase, sell, or hold a security inasmuch as it does not comment as to market price or suitability for a particular investor. The ratings are based on current information furnished to S&P by the issuer or obtained by S&P from other sources it considers reliable. S&P does not perform an audit in connection with any rating and may, on occasion, rely on unaudited financial information. The ratings may be changed, suspended, or withdrawn as a result of changes in or unavailability of such information or based on other circumstances. Moody's Investors Service, Inc.--A brief description of the applicable Moody's Investors Service, Inc. ("Moody's") rating symbols and their meanings (as published by Moody's) follows: MUNICIPAL BONDS Aaa Bonds which are rated "Aaa" are judged to be of the best quality. They carry the smallest degree of investment risk and are generally referred to as "gilt edged." Interest payments are protected by a large or by an exceptionally stable margin and principal is secure. While the various protective elements are likely to change, such changes as can be visualized are most unlikely to impair the fundamentally strong position of such issues. Aa Bonds which are rated "Aa" are judged to be of high quality by all standards. Together with the "Aaa" group they comprise what are generally known as high grade bonds. They are rated lower than the best bonds because margins of protection may not be as large as in "Aaa" securities or fluctuation of protective elements may be of greater amplitude or there may be other elements present which make the long-term risks appear somewhat larger than in "Aaa" securities. A Bonds which are rated "A" possess many favorable investment attributes and are to be considered as upper medium grade obligations. Factors giving security to principal and interest are considered adequate, but elements may be present which suggest a susceptibility to impairment sometime in the future. Baa Bonds which are rated "Baa" are considered as medium grade obligations, i.e., they are neither highly protected nor poorly secured. Interest payments and principal security appear adequate for the present but certain protective elements may be lacking or may be characteristically unreliable over any great length of time. Such bonds lack outstanding investment characteristics and in fact have speculative characteristics as well. Ba Bonds which are rated "Ba" are judged to have speculative elements; their future cannot be considered as well assured. Often the protection of interest and principal payments may be very moderate and thereby not well safeguarded during both good and bad times over the future. Uncertainty of position characterizes bonds in this class. B Bonds which are rated "B" generally lack characteristics of the desirable investment. Assurance of interest and principal payments or of maintenance of other terms of the contract over any long period of time may be small. Caa Bonds which are rated "Caa" are of poor standing. Such issues may be in default or there may be present elements of danger with respect to principal or interest. B-5 135 Ca Bonds which are rated "Ca" represent obligations which are speculative in a high

degree. Such issues are often in default or have other marked shortcomings. C Bonds which are rated "C" are the lowest rated class of bonds, and issues so rated can be regarded as having extremely poor prospects of ever attaining any real investment standing. Issues that are secured by escrowed funds held in trust, reinvested in direct, non-callable U.S. government obligations or non-callable obligations unconditionally guaranteed by the U.S. Government or Resolution Funding Corporation are identified with a # (hatchmark) symbol, e.g., #Aaa. Con. (...): Bonds for which the security depends upon the completion of some act or the fulfillment of some condition are rated conditionally. These are bonds secured by (a) earnings of projects under construction, (b) earnings of projects unseasoned in operation experience, (c) rentals which begin when facilities are completed, or (d) payments to which some other limiting condition attaches. The parenthetical rating denotes probable credit stature upon completion of construction or elimination of the basis of the condition. Note: Moody's applies numerical modifiers 1, 2 and 3 in each generic rating classification from Aa through Caa. The modifier 1 indicates that the obligation ranks in the higher end of its generic rating category; the modifier 2 indicates a mid-range ranking; and the modifier 3 indicates a ranking in the lower end of that generic rating category. SHORT-TERM LOANS MIG 1/VMIG 1 This designation denotes superior credit quality. Excellent protection is afforded by established cash flows, highly reliable liquidity support, or demonstrated broad-based access to the market for refinancing. MIG 2/VMIG 2 This designation denotes strong credit quality. Margins of protection are ample, although not as large as in the preceding group. MIG 3/VMIG 3 This designation denotes acceptable credit quality. Liquidity and cash-flow protection may be narrow, and market access for refinancing is likely to be less well-established. SG This designation denotes speculative-grade credit quality. Debt instruments in this category may lack sufficient margins of protection. COMMERCIAL PAPER Issuers rated Prime-1 (or related supporting institutions) have a superior ability for repayment of senior short-term debt obligations. Prime-1 repayment ability will normally be evidenced by the following characteristics: -- Leading market positions in well-established industries. -- High rates of return on funds employed. -- Conservative capitalization structures with moderate reliance on debt and ample asset protection. B-6 136 -- Broad margins in earnings coverage of fixed financial charges and high internal cash generation. -- Well-established access to a range of financial markets and assured sources of alternate liquidity. Issuers rated Prime-2 (or related supporting institutions) have a strong ability for repayment of senior short-term debt obligations. This will normally be evidenced by many of the characteristics cited above but to a lesser degree. Earnings trends and coverage ratios, while sound, will be more subject to variation. Capitalization characteristics, while still appropriate, may be more affected by external conditions. Ample alternate liquidity is maintained. Issuers rated Prime-3 (or related supporting institutions) have an acceptable ability for repayment of senior short-term debt obligations. The effect of industry characteristics and market composition may be more pronounced. Variability in earnings and profitability may result in changes in the level of debt protection measurements and the requirement for relatively high financial leverage. Adequate alternate liquidity is maintained. Issuers rated Not Prime do not fall within any of the Prime rating categories. Fitch IBCA, Inc.--A brief description of the applicable Fitch IBCA, Inc. ("Fitch") ratings symbols and meanings (as published by Fitch) follows: LONG-TERM CREDIT RATINGS INVESTMENT GRADE AAA Highest credit quality. "AAA" ratings denote the lowest expectation of credit risk. They are assigned only in case of exceptionally strong capacity for timely payment of financial commitments. This capacity is highly unlikely to be adversely affected by foreseeable events. AA Very high credit quality. "AA" ratings denote a very low expectation of credit risk. They indicate very strong capacity for timely payment of financial commitments. This capacity is not significantly vulnerable to foreseeable events. A High credit quality. "A" ratings denote a low expectation of credit risk. The capacity for timely payment of financial commitments is considered strong. This capacity may, nevertheless, be more vulnerable to changes in circumstances or in economic conditions than is the case for higher ratings. BBB Good credit quality. "BBB" ratings indicate that there is currently a low expectation of credit risk. The capacity for timely payment of financial commitments is considered adequate, but adverse changes in circumstances and in economic conditions are more likely to impair this capacity. This is the lowest investment-grade category. SPECULATIVE GRADE BB Speculative. "BB" ratings indicate that there is a possibility of credit risk developing, particularly as the result of adverse economic change over time; however, business or financial alternatives may be available to allow financial B-7 137 commitments to be met. Securities rated in this category are not investment grade. B Highly speculative. "B" ratings indicate that significant credit risk is present, but a limited margin of safety remains. Financial commitments are currently being met; however, capacity for continued payment is contingent upon a sustained, favorable business and economic environment. CCC, CC, C High default risk. Default is a real possibility. Capacity for meeting financial commitments

is solely reliant upon sustained, favorable business or economic developments. A "CC" rating indicates that default of some kind appears probable. "C" ratings signal imminent default. DDD, DD, and D Default. The ratings of obligations in this category are based on their prospects for achieving partial or full recovery in a reorganization or liquidation of the obligor. While expected recovery values are highly speculative and cannot be estimated with any precision, the following serve as general guidelines. "DDD" obligations have the highest potential for recovery, around 90%-100% of outstanding amounts and accrued interest. "DD" indicates potential recoveries in the range of 50%-90%, and "D" the lowest recovery potential, i.e., below 50%. Entities rated in this category have defaulted on some or all of their obligations. Entities rated "DDD" have the highest prospect for resumption of performance or continued operation with or without a formal reorganization process. Entities rated "DD" and "D" are generally undergoing a formal reorganization or liquidation process; those rated "DD" are likely to satisfy a higher portion of their outstanding obligations, while entities rated "D" have a poor prospect for repaying all obligations.

SHORT-TERM CREDIT RATINGS A short-term rating has a time horizon of less than 12 months for most obligations, or up to three years for U.S. public finance securities, and thus places greater emphasis on the liquidity necessary to meet financial commitments in a timely manner.

F1 Highest credit quality. Indicates the strongest capacity for timely payment of financial commitments; may have an added "+" to denote any exceptionally strong credit feature.

F2 Good credit quality. A satisfactory capacity for timely payment of financial commitments, but the margin of safety is not as great as in the case of the higher ratings.

F3 Fair credit quality. The capacity for timely payment of financial commitments is adequate; however, near-term adverse changes could result in a reduction to non-investment grade.

B Speculative. Minimal capacity for timely payment of financial commitments, plus vulnerability to near-term adverse changes in financial and economic conditions.

C High default risk. Default is a real possibility. Capacity for meeting financial commitments is solely reliant upon a sustained, favorable business and economic environment.

B-8 138 **D** Default. Denotes actual or imminent payment default. Notes: "+" or "-" may be appended to a rating to denote relative status within major rating categories. Such suffixes are not added to the "AAA" long-term rating category, to categories below "CCC", or to short-term ratings other than "F1". "NR" indicates that Fitch IBCA does not rate the issuer or issue in question. "Withdrawn": A rating is withdrawn when Fitch IBCA deems the amount of information available to be inadequate for rating purposes, or when an obligation matures, is called, or refinanced.

Rating Watch: Ratings are placed on Rating Watch to notify investors that there is a reasonable probability of a rating change and the likely direction of such change. These are designated as "Positive", indicating a potential upgrade, "Negative", for a potential downgrade, or "Evolving", if ratings may be raised, lowered or maintained. Rating Watch is typically resolved over a relatively short period. A Rating Outlook indicates the direction a rating is likely to move over a one to two year period. Outlooks may be positive, stable, or negative. A positive or negative Rating Outlook does not imply a rating change is inevitable. Similarly, companies whose outlooks are 'stable' could be downgraded before an outlook moves to positive or negative if circumstances warrant such an action. Occasionally, Fitch may be unable to identify the fundamental trend. In these cases, the Rating Outlook may be described as evolving.

B-9 139 **APPENDIX C**

HEDGING STRATEGIES AND RISKS Set forth below is additional information regarding the various defensive hedging techniques.

FUTURES AND INDEX TRANSACTIONS

FINANCIAL FUTURES A financial future is an agreement between two parties to buy and sell a security for a set price on a future date. They have been designed by boards of trade which have been designated "contracts markets" by the Commodity Futures Trading Commission ("CFTC"). The purchase of financial futures is for the purpose of hedging a Fund's existing or anticipated holdings of long-term debt securities. When the Fund purchases a financial future, it deposits in cash or securities an "initial margin" of between 1% and 5% of the contract amount. Thereafter, the Fund's account is either credited or debited on a daily basis in correlation with the fluctuation in price of the underlying future or other requirements imposed by the exchange in order to maintain an orderly market. The Fund must make additional payments to cover debits to its account and has the right to withdraw credits in excess of the liquidity. The Fund may close out its position at any time prior to expiration of the financial future by taking an opposite position. At closing a final determination of debits and credits is made, additional cash is paid by or to the Fund to settle the final determination and the Fund realizes a loss or gain depending on whether on a net basis it made or received such payments. The sale of financial futures is for the purpose of hedging the Fund's existing or anticipated holdings of long-term debt securities. For example, if the Fund owns long-term bonds and interest rates were expected to increase, it might sell financial futures. If interest rates did increase, the value of long-term bonds in the Fund's portfolio would decline, but the value of the Fund's financial futures would be expected to increase at approximately the same rate thereby keeping the net asset value of the Fund

from declining as much as it otherwise would have. Among the risks associated with the use of financial futures by the Fund as a hedging device, perhaps the most significant is the imperfect correlation between movements in the price of the financial futures and movements in the price of the debt securities which are the subject of the hedge. Thus, if the price of the financial future moves less or more than the price of the securities which are the subject of the hedge, the hedge will not be fully effective. To compensate for this imperfect correlation, the Fund may enter into financial futures in a greater dollar amount than the dollar amount of the securities being hedged if the historical volatility of the prices of such securities has been greater than the historical volatility of the financial futures. Conversely, the Fund may enter into fewer financial futures if the historical volatility of the price of the securities being hedged is less than the historical volatility of the financial futures. The market prices of financial futures may also be affected by factors other than interest rates. One of these factors is the possibility that rapid changes in the volume of closing transactions, whether due to volatile markets or movements by speculators, would temporarily distort the normal relationship between the markets in the financial future and the chosen debt securities. In these circumstances, as well as in periods of rapid and large price movements. The Fund might find it difficult or impossible to close out a particular transaction.

C-1 140 OPTIONS ON FINANCIAL FUTURES The Fund may also purchase put or call options on financial futures which are traded on a U.S. Exchange or board of trade and enter into closing transactions with respect to such options to terminate an existing position. Currently, options can be purchased with respect to financial futures on U.S. Treasury Bonds on The Chicago Board of Trade. The purchase of put options on financial futures is analogous to the purchase of put options by the Fund on its portfolio securities to hedge against the risk of rising interest rates. As with options on debt securities, the holder of an option may terminate his position by selling an option of the Fund. There is no guarantee that such closing transactions can be effected.

INDEX CONTRACTS INDEX FUTURES A tax-exempt bond index which assigns relative values to the tax-exempt bonds included in the index is traded on the Chicago Board of Trade. The index fluctuates with changes in the market values of all tax-exempt bonds included rather than a single bond. An index future is a bilateral agreement pursuant to which two parties agree to take or make delivery of an amount of cash -- rather than any security -- equal to specified dollar amount times the difference between the index value at the close of the last trading day of the contract and the price at which the index future was originally written. Thus, an index future is similar to traditional financial futures except that settlement is made in cash.

INDEX OPTIONS The Fund may also purchase put or call options on U.S. Government or tax-exempt bond index futures and enter into closing transactions with respect to such options to terminate an existing position. Options on index futures are similar to options on debt instruments except that an option on an index future gives the purchaser the right, in return for the premium paid, to assume a position in an index contract rather than an underlying security at a specified exercise price at any time during the period of the option. Upon exercise of the option, the delivery of the futures position by the writer of the option to the holder of the option will be accompanied by delivery of the accumulated balance of the writer's futures margin account which represents the amount by which the market price of the index futures contract, at exercise, is less than the exercise price of the option on the index future. Bond index futures and options transactions would be subject to risks similar to transactions in financial futures and options thereon as described above. No series will enter into transactions in index or financial futures or related options unless and until, in the Adviser's opinion, the market for such instruments has developed sufficiently.

C-2 141 APPENDIX D FACTORS PERTAINING TO NEW JERSEY The information set forth below is derived from sources that are generally available to investors. The information is intended to give recent historical description and is not intended to indicate future or continuing trends in the financial or other positions of New Jersey. It should be noted that the creditworthiness of obligations issued by local New Jersey issuers may be unrelated to the creditworthiness of obligations issued by the State of New Jersey, and there is no obligation on the part of the State to make payment on such local obligations in the event of default.

DEMOGRAPHIC AND ECONOMIC INFORMATION New Jersey is the ninth largest state in population and the fifth smallest in land area. With an average of 1,134 persons per square mile, it is the most densely populated of all the states. New Jersey is located at the center of the megalopolis which extends from Boston to Washington, and which includes over one-fifth of the country's population. The extensive facilities of the Port Authority of New York and New Jersey, the Delaware River Port Authority and the South Jersey Port Corporation across the Delaware River from Philadelphia augment the air, land and water transportation complex which has influenced much of the State's economy. This central location in the northeastern corridor, the transportation and port facilities and proximity to New York City make the State an attractive location for corporate headquarters and international business offices. A number of Fortune Magazine's top 500 companies maintain

headquarters or major facilities in New Jersey, and many foreign-owned firms have located facilities in the State. The State's economic base is diversified, consisting of a variety of manufacturing, construction and service industries, supplemented by rural areas with selective commercial agriculture. New Jersey has the Atlantic seashore on the east and lakes and mountains in the north and northwest, which provide recreation for residents as well as for out-of-state visitors. Since 1976, casino gambling in Atlantic City has been an important State tourist attraction. New Jersey's population grew rapidly in the years following World War II, before slowing to an annual rate of 0.27 percent in the 1970's. Between 1980 and 1990, the annual rate of growth rose to 0.51 percent and between 1990 and 2000, accelerated to 0.83 percent. While this rate of growth is less than that for the United States, it compares favorably with other Middle Atlantic States. New York has shown a 0.54 percent annual rate of increase since 1990 and Pennsylvania's population has increased at a rate of 0.33 percent per year. The increase in the State's total population during the past quarter century masks the redistribution of population within the State. There has been a significant shift from the northeastern industrial areas towards the four coastal counties (Cape May, Atlantic, Ocean and Monmouth) and towards the central New Jersey counties of Hunterdon, Somerset and Middlesex.

NEW JERSEY'S ECONOMIC OUTLOOK Employment within the State increased by 1.6% in 2000, resulting in an increase of over 60,000 jobs. Job gains were primarily spread across the service producing industries with particularly strong growth in wholesale and retail trade (17,300). The engineering/consulting/research sector and the computer/data processing services sector accounted for 10,000 of 28,600 gained in the services sub-sector. During the past decade, New Jersey's job growth has been concentrated in five major "growth clusters": health, high technology, logistics, financial and entertainment. Combined, these five growth D-1 142 clusters added over 200,000 jobs during the ten years from 1988 to 1998, a 19% growth rate compared to a 4% growth rate for all other industries in the State. These growth clusters grew by 2.6% in 1999, over twice the rate of 1.2% for all other industries in New Jersey. With strong labor market conditions, New Jersey's personal income increased at a pace of 5.4% in 2000, substantially stronger than the 4% rate in 1999. The strong State economy also led to a 9.0% growth in retail sales, just slightly lower than the 1999 rate. Low inflation, approximately 3%, continues to benefit New Jersey consumers and businesses, and low interest rates have increased spending on housing and other consumer durables. In 2000, home building decreased slightly from the level of 1999 which was an 11 year high. New vehicle registrations grew 10% in 2000 to the highest level since 1986. New Jersey's unemployment rate fell below 4% in 2000, a rate which was below the national average. Joblessness, in terms of both absolute level and its rate, has been falling steadily since its peak in 1992. The economic outlook for the future is for slower but positive growth. Employment is expected to increase by approximately 1% or 40,000 jobs each year, reflecting a slower growing national economy and shortages in skilled technical specialties. The outlook also anticipates moderate but fairly steady growth in State personal income at 5.3% in 2001 and 5.5% in 2002. The consumer is facing widespread evidence of a national economic slowdown that started late last year. Increased cost pressure for food and energy coupled with employer restraint on wage growth and adverse wealth effects from the financial markets have led consumers to restrain spending growth in the near term. Businesses face a profit squeeze from rising employee health costs and moderating sales growth. While both these trends reflect a slowing economy, action by the Federal Reserve to substantially reduce interest rates, prospects for a major tax cut and more positive news from the financial markets work as offsetting forces. As a result, the U.S. slowdown and the corresponding moderation in New Jersey's growth are not expected to be severe or prolonged. However, uncertainties in the international economy are likely to remain due to oil price and currency issues. Other areas of concern include the volatility in the stock market, the possibility of further deterioration in consumer and investor confidence, unstable and potentially deflationary international economic conditions and the prospect of a more prolonged period of lean U.S. corporate profits. In addition, the restructuring of major industries will continue due to cost containment, globalization of competition, and deregulation concerns. Although the forecasts for 2001/2002 contain more uncertainty than in the recent past, the basic fundamentals of the State's economic health remain favorable. The New Jersey outlook is based on expected national economic performance and on recent State strategic policy actions aimed at infrastructure improvements, effective education and training of the State's workforce and maintaining a competitive business environment. Investments in each of these policy areas are critical to maintaining the long-term health of the State's economy.

BONDED INDEBTEDNESS OF THE STATE General Obligation Bonds. The State finances certain capital projects through the sale of general obligation bonds of the State. These bonds are backed by the full faith and credit of the State. Certain state tax revenues and certain other fees are pledged to meet the principal, interest, and redemption premium payments, if any, required to fully pay the bonds. The bonded indebtedness which

was authorized and outstanding as of June 30, 2000, was \$3,790,569,598. The appropriation for the debt service obligation on outstanding projected indebtedness is \$530.0 million for Fiscal Year 2001. D-2 143 New Jersey's general obligation bonds are rated Aa1 by Moody's, AA+ by S&P and AA+ by Fitch. These ratings reflect the State's credit quality only, and do not indicate the creditworthiness of other tax-exempt securities in which the Fund may invest. Furthermore, it cannot be assumed that the State of New Jersey will maintain its current credit ratings. "Moral Obligation" Financing. The authorizing legislation for certain State entities provides for specific budgetary procedures with respect to certain obligations issued by such entities. Pursuant to such legislation, a designated official is required to certify any deficiency in a debt service reserve fund maintained to meet payments of principal of and interest on the obligations, and a State appropriation in the amount of the deficiency is to be made. However, the State Legislature is not legally bound to make such an appropriation. Bonds issued pursuant to authorizing legislation of this type are sometimes referred to as "moral obligation" bonds. There is no statutory limitation on the amount of "moral obligation" bonds which may be issued by eligible state entities. The amount of "moral obligation" bonded indebtedness issued by State entities which was outstanding as of June 30, 2000, was \$709,391,414.75. Obligations Guaranteed by the State. The New Jersey Sports and Exposition Authority ("NJSEA") has issued State guaranteed bonds of which \$86,070,000 were outstanding as of June 30, 2000. To date, the NJSEA has not had a revenue deficiency requiring the State to make debt service payments pursuant to its guarantee. It is anticipated that the NJSEA's revenues will continue to be sufficient to pay debt service on these bonds without recourse to the State's guarantee. Obligations Supported by State Revenue Subject to Annual Appropriation. The State has entered into a number of lease purchase and other contracts (collectively, the "Agreements") with several governmental authorities to secure the financing of various State projects. Under the terms of the Agreements, the State has agreed to make payments equal to the debt service on, and other costs related to, the obligations sold to finance the projects. The State's obligation to make payments under the Agreements is subject to and dependent upon annual appropriations being made by the State Legislature for such purposes. The State has no legal obligation to enact such appropriations, but has done so to date for all such obligations. The total amount of obligations supported by State lease purchase and other contracts subject to annual appropriation outstanding as of June 30, 2000, was \$10,738,770,178.62. NEW JERSEY TAX REVENUES Sales and Use Tax. The revised estimate forecasts Sales and Use Tax collections for Fiscal Year 2001 as \$5,839.0 million, a 6.0% increase from Fiscal Year 2000. The Fiscal Year 2002 estimate of \$6,247.0 million is a 7.0% increase from the Fiscal Year 2001. Gross Income Tax. The revised estimate forecasts Gross Income Tax collections for Fiscal Year 2001 as \$8,310.0 million, a 15.3% increase from Fiscal Year 2000. The Fiscal Year 2002 estimate of \$8,916.0 million is a 7.3% increase from the Fiscal Year 2001. Corporation Business Tax. The revised estimate forecasts Corporation Business Tax collections for Fiscal Year 2001 as \$1,413.7 million, a 2.6% increase from Fiscal Year 2000. The Fiscal Year 2002 estimate of \$1,548.0 million is a 9.5% increase from Fiscal Year 2001. General Considerations. Estimated receipts from State taxes and revenues, including the three principal taxes set forth above, are forecasts based on the best information available at the time of such forecasts. Changes in economic activity in the State and the nation, consumption of durable goods, corporate financial performance and other factors that are difficult to predict may result in actual collections being more or less than forecasted. D-3 144 Should revenues be less than the amount anticipated in the budget for a fiscal year, the Governor may, pursuant to statutory authority, prevent any expenditure under any appropriation. There are additional means by which the Governor may ensure that the State is operated efficiently and does not incur a deficit. No supplemental appropriation may be enacted after adoption of an appropriations act except where sufficient revenues are on hand or anticipated, as certified by the Governor, to meet such appropriation. In the past when actual revenues have been less than the amount anticipated in the budget, the Governor has exercised his or her plenary powers leading to, among other actions, implementation of a hiring freeze for all State departments and the discontinuation of programs for which appropriations were budgeted but not yet spent. SUMMARY OF STATE APPROPRIATIONS Of the \$23,153.4 million appropriated for Fiscal Year 2002 from various State funds, \$9,150.0 million (39.5%) is recommended for State Aid to Local Governments, \$7,395.3 million (31.9%) is recommended for Grants-in-Aid, \$4,900.4 million (21.1%) is recommended for Direct State Services, \$529.4 million (2.3%) is recommended for Debt Service on State general obligation bonds and \$1,177.3 million (5.1%) is recommended for Capital Construction. STATE AID TO LOCAL GOVERNMENTS State Aid to Local Governments is the largest portion of Fiscal Year 2002 appropriation. In Fiscal Year 2002, \$9,150.0 million of the State's proposed appropriations consist of funds which are distributed to municipalities, counties and school districts. The largest recommended State Aid

appropriation, in the amount of \$7,451.0 million, is provided for local elementary and secondary education programs. Of this amount, \$3,077.7 million is for core curriculum standards; \$328.6 million is for early childhood aid; \$439.8 million is Abbot v. Burke Parity Remedy aid; \$301.5 million is for pupil transportation aid; \$895.5 million is for special education; \$97.0 million is for nonpublic school aid and \$154.3 million is for debt service on school bonds. Other significant amounts are \$253.1 million for supplemental core curriculum standards aid and \$197.5 million for demonstrably effective program aid. In addition, \$904.0 million is appropriated on behalf of school districts as the employers' share of the social security and teachers' pensions and benefit programs. Recommended appropriations to the Department of Community Affairs ("DCA") total \$994.3 million in State Aid monies for Fiscal Year 2002. Consolidated Municipal Property Tax Relief Aid is recommended in the amount of \$818.5 million. In addition, there is \$17.4 million recommended for housing programs, \$33.8 million for the municipal block grant program, and \$25.0 million for extraordinary aid. Appropriations recommended for the Department of the Treasury total \$496.9 million in State Aid monies for Fiscal Year 2002. The principal programs funded by these appropriations are aid to county colleges (\$203.9 million); the cost of senior citizens, disabled and veterans property tax deductions and exemptions (\$92.0 million); \$54.0 million for debt service for county investments in solid waste management facilities, and \$13.1 million for business personal property tax depreciation adjustment. Also, \$182.0 million is recommended for school renovations and construction funded by a portion of the increased cigarette tax (\$50.0 million), lottery proceeds (\$62.0 million), Tobacco Settlement Funds (\$65.5 million) and earnings on the Fund for Free Public Schools (\$4.5 million).

GRANTS-IN-AID The second largest portion of appropriations in Fiscal Year 2002 is for grants-in-aid. These represent payments to individuals or public or private agencies for benefits to which a recipient is entitled to by law, or for the provision of services on behalf of the State, including medical services under D-4 145 Medicaid, programs for the developmentally disabled and mentally ill, other medical programs, pharmaceutical assistance, the homestead rebate program, bus and railroad subsidies, higher education building programs and prison building programs.

DIRECT STATE SERVICES The third largest portion of appropriations in Fiscal Year 2002 is applied to Direct State Services which supports the operation of State government's departments, the Executive Office, several commissions, the State Legislature and the Judiciary. These programs include medical support programs, higher education assistance and transportation programs.

DEBT SERVICE The State finances certain capital projects through the sale of general obligation bonds of the State. These bonds are backed by the full faith and credit of the State. Certain state tax revenues and certain other fees are pledged to meet the principal payments, interest payments, and redemption premium payments, if any, required to fully pay the bonds. The appropriation for the debt service obligation on outstanding projected indebtedness is \$29.4 million for Fiscal Year 2002. For additional information regarding debt service payments, see "Appropriations" above.

CAPITAL CONSTRUCTION In addition to payments from bond proceeds, capital construction can also be funded by appropriation of current revenues on a pay-as-you-go basis. In Fiscal Year 2002, the amount appropriated for this purpose is \$1,177.3 million. All appropriations for such capital projects and all proposals for State bond authorization are subject to the review and recommendation of the New Jersey Commission on Capital Budgeting and Planning. This permanent commission was established in November 1975, and is charged with the preparation of the State Capital Improvement Plan, which contains proposals for State spending for capital projects.

BUDGET LIMITATIONS The State Constitution provides, in part, that no money shall be drawn from the State Treasury but for appropriations made by law and that no law appropriating money for any State purpose shall be enacted if the appropriations contained therein, together with all prior appropriations made for the same fiscal period, shall exceed the total amount of the revenue on hand and anticipated to be available to meet such appropriations during such fiscal period, as certified by the Governor.

DEBT LIMITATIONS The State Constitution further provides, in part, that the State Legislature shall not, in any manner, create in any fiscal year a debt or liability of the State, which, together with any previous debts or liabilities, shall exceed at any time one percent of the total appropriations for such year, unless the same shall be authorized by a law for some single object or work distinctly specified therein, or shall have been approved by the voters.

STATE FINANCES New Jersey's Accounting System. The State prepares its financial statements on a "modified accrual" basis utilizing the fund method of accounting, pursuant to which the State establishes funds that are segregated for the purpose of carrying on specific activities or attaining certain objectives in accordance with special regulations, restrictions or limitations.

D-5 146 The General Fund is the fund into which all State revenues, not otherwise restricted by statute, are deposited and from which appropriations are made. The largest part of the total financial operations of the State is accounted for in the General Fund. Revenues received from taxes and unrestricted by statute, most federal revenue and certain

miscellaneous revenue items are recorded in the General Fund. The Appropriations Act provides the basic framework for the operation of the General Fund. Special Revenue Funds are used to account for resources legally restricted to expenditure for specified purposes. Debt Service Funds are used to account for the accumulation of resources for, and the payment of, principal and redemption premium, if any, and interest on general obligation bonds. Capital Project Funds are used to account for financial resources to be used for the acquisition or construction of major State capital facilities. Trust and Agency Funds are used to account for assets held in a trust capacity or as an agent for individuals, private organizations, other governments and/or other funds. The General Fixed Asset Account Group accounts for the State's fixed assets acquired or constructed for general governmental purposes. The General Long-Term Debt Account Group accounts for the unmatured general long-term liabilities of the State. The Property Tax Relief Fund, the largest of the Special Revenue Funds, is used to account for revenues from the New Jersey Gross Income Tax. Revenues realized from the Gross Income Tax are dedicated by the State Constitution. All receipts from taxes levied on personal income of individuals, estates and trusts must be appropriated exclusively for the purpose of reducing or offsetting property taxes. Annual appropriations are made from the fund, pursuant to formulas established by the State Legislature, to counties, municipalities and school districts. New Jersey's Budget and Appropriation System. The State operates on a fiscal year beginning July 1 and ending June 30. Pursuant to Article VIII, Section II, par. 2 of the State Constitution, no money may be drawn from the State Treasury except for appropriations made by law. In addition, all monies for the support of State government and all other State purposes, as far as can be ascertained or reasonably foreseen, must be provided for in one general appropriation law covering one and the same fiscal year. No general appropriations law or other law appropriating money for any State purpose shall be enacted if the amount of money appropriated therein, together with all other prior appropriations made for the same fiscal year, exceeds the total amount of revenue on hand and anticipated to be available for such fiscal year, as certified by the Governor. In addition to the Constitutional provisions, the New Jersey Statutes contain provisions concerning the budget and appropriation system. On or before October 1 in each year, each Department, Board, Commission, Office or other Agency of the State must file with the Budget Director a request for appropriation or permission to spend specifying all expenditures proposed to be made by such spending agency during the following fiscal year. The Budget Director then examines each request and determines the necessity or advisability of the appropriation request. The Budget Director may hold hearings, open to the public, during the months of October, November and December and reviews the budget requests with the agency heads. On or before December 31 of each year or such other time as the Governor may request, after review and examination, the Budget Director submits the requests, together with his or her findings, comments and recommendations, to the Governor. It is then the responsibility of the Governor to examine and consider all requests and formulate his or her budget recommendations. The Governor's budget message is then transmitted on or before the third Tuesday following the first meeting of the State Legislature in each year except in the year when a Governor is inaugurated, when it must be transmitted on or before February 15. The Governor's budget message must embody the proposed complete financial program of the State government for the next ensuing fiscal year and must set forth in detail each source of anticipated revenue and the purposes of recommended expenditures for each spending agency (N.J.S.A. 52:27B-20). After a process of legislative committee review (including D-6 147 testimony from the State Treasurer), the budget, in the form of an appropriations bill, must be approved by the Senate and Assembly and must be submitted to the Governor for review. Upon such submissions, the Governor may approve the bill, revise the estimate of anticipated revenues contained therein, delete or reduce appropriation items contained in the bill through the exercise of his or her line-item veto power, or veto the bill in its entirety. Like any gubernatorial veto, such action may be reversed by a two-thirds vote of each House of the State Legislature. In addition to anticipated revenues, the Appropriations Act also provides for the appropriation of non-budgeted revenue to the extent such revenue may be received and permits the corresponding increase of appropriation balances from which expenditures may be made. **REVENUE BONDS** The State has created a number of State agencies and authorities that have bond issuing capacity. The purposes for which obligations may be issued by such agencies and authorities include (i) economic development, (ii) acquisition, construction, renovation, and rehabilitation of various State office buildings, historic buildings and correctional facilities, (iii) grants to the State's public and private institutions of higher education for the development, construction and improvement of instructional, laboratory, communication, technology and research facilities, (iv) development of the State's sports and exposition potential, (v) improvement of the State's transportation system, (vi) preservation of open space, farmland, and historic properties, (vii) acquisition of equipment, services and real property to be used by various State agencies

and departments, (viii) construction and renovation of school facilities by local school districts within the State, (ix) construction of county college facilities, and (x) aid to non-profit community mental health service providers. The payment of principal and interest on obligations issued by these State agencies and authorities are generally payable from the revenues derived from the operations of the facilities financed with the proceeds of such bonds (such as toll road authorities, ports, airports, sports facilities) or from the revenues derived from private companies that receive the proceeds of such bonds (such as hospitals, colleges and universities and small manufacturing businesses). Under these circumstances, the ability of the agencies and authorities to pay debt service on the bonds is dependent upon the ability to operate the facilities in a manner necessary to produce sufficient revenues or to receive sufficient amounts from the private enterprises that are the beneficiaries of the bonds. Under certain circumstances, agencies and authorities may enter into an Agreement with the State to secure financings. See "BONDED INDEBTEDNESS OF THE STATE -- Obligations Supported by State Revenue Subject to Annual Appropriations" above.

LOCAL BOND LAW The New Jersey Local Bond Law (N.J.S. Section 40A:2-1 et seq.) governs the issuance of bonds and notes by local units (including counties) for financing improvements. The statute provides that (i) the power and obligation to pay any and all bonds and notes issued pursuant to the Local Bond Law shall be unlimited; (ii) the county or municipality shall levy ad valorem taxes upon all taxable property therein for the payment of the principal of and interest on such bonds and notes, without limitation as to rate or amount; (iii) the proceeds shall be used essentially for capital projects having useful lives of not less than five years; and (iv) after issuance, all bonds and notes shall be conclusively presumed to be fully authorized and issued under all of the laws of the State, after an estoppel period, and not subject to suit as to legality.

Debt Limits. The debt of any county or municipality is limited by the Local Bond Law to an amount equal to 2% and 3.5%, respectively, of its equalized valuation basis. The equalized valuation basis of the county or municipality is set by statute as the average value of all taxable real property and improvements within its boundaries as annually determined by the State Board of Taxation for each of the D-7 148 three most recent years. Certain categories of debt are permitted by statute to be deducted for purposes of computing the statutory debt limit. The debt limit of any county or municipality may be exceeded with the approval of the Local Finance Board, which is a State run entity. If all or any part of a proposed debt authorization would exceed its debt limit, any county or municipality must apply to the Local Finance Board for an extension of credit. If the Local Finance Board determines that a proposed debt authorization would materially impair the ability of any county or municipality to meet its obligations or to provide essential services, approval is denied. Any county or municipality must report all new authorizations of debt or changes in previously authorized debt to the Division of Local Government Services. Through annual and supplemental debt statements, the Division monitors all local borrowing. Even though a county or municipality's authorizations are within its debt limits, the Division is able to enforce state regulations as to the amounts and purposes for local borrowing.

SCHOOL BONDS School Debt Subject to Voter Approval. State law permits a local school district, upon approval of the voters to authorize school district debt, up to its applicable debt limit, which is calculated as a percentage of the equalized valuation basis. If such debt is in excess of the school district debt limit, the excess is then applied to the three and one-half percent debt limit of the municipality. When this calculation results in the municipality exceeding its three and one-half percent debt limit, the State Commissioner of Education and the Local Finance Board must approve the proposed debt authorization before it is submitted to the voters. Each local board of education annually prepares an operating and maintenance capital outlay and debt service budget. The amounts to be raised by taxation for operating and maintenance expenses and capital outlay projects are submitted to the voters for approval. School operations are based on a July 1 through June 30 fiscal year and are accounted for in the current fund of the local board of education. Taxes for school purposes are raised on a calendar year basis. State law limits the annual increase of any district's net current expense budget. The Commissioner may grant a higher level of increase if he determines that the sums provided by the district's budget would be insufficient to meet the district's identified goals and needs, or that an anticipated enrollment increase requires additional funds. The Commissioner also reviews every proposed annual school district budget, and examines each appropriation or capital outlay against the district's identified goals and needs; if in his or her view they are insufficient, he or she may order remedial action or order a change in the district's budget. Every local board of education is required by State law to provide an annual audit of the district's accounts and financial transactions.

QUALIFIED BONDS Whenever a local board of education or the governing body of a municipality determines to issue bonds, it may file an application with the Local Finance Board, and, in the case of a local board of education, also with the Commissioner of Education, to qualify bonds pursuant to the Acts. Upon approval of such application, the State Treasurer shall withhold from certain

State revenues or other State aid payable to the municipalities, or from State school aid payable to the school district, an amount sufficient to pay debt service on such bonds. These qualified bonds are not direct, guaranteed or moral obligations of the State, and debt service on such bonds will be paid by the State only to the extent that the State aid or State school aid has been appropriated by the State Legislature. As of June 30, 2000, the aggregate amounts of school district and municipal qualified bonds outstanding were \$313,045,900 and \$815,082,461, respectively. D-8 149 LITIGATION A lawsuit was filed on December 28, 2000, in the Superior Court of Bergen County (Lonegan v. State of New Jersey, Superior Court, Law Division, Bergen County) challenging the constitutionality of laws permitting debt to be issued and secured by Agreements. The plaintiffs sought a judgment declaring the Act unconstitutional under the State Constitution. The plaintiffs alleged that the issuance of bonds contemplated by such laws involved the issuance of state debt without prior voter approval, in violation of the Debt Limitation Clause of the State Constitution. Based upon prior holdings of the New Jersey Supreme Court, the Superior Court held that the issuance of bonds by an independent agency, coupled with explicit statutory language disclaiming any obligation or liability on the part of the State regarding payment of the bonds so issued, precludes the application of the Debt Limitation Clause, since no debt of the State is created. On January 24, 2001, the Superior Court entered an order dismissing this complaint with prejudice. In February 2001, the plaintiffs filed a Notice of Appeal with the Superior Court, Appellate Division and moved before the Superior Court, Bergen County for a stay pending appeal. It is not known whether the appeal will be successful. If the plaintiffs are successful, it could have a negative impact on obligations secured by Agreements that are subject to appropriation. NEW JERSEY TAX MATTERS The Fund is designed to provide tax benefits to investors who are residents of New Jersey. See "The Fund." Reference in this Prospectus and Statement of Additional Information to New Jersey income tax shall mean the New Jersey Gross Income Tax. The tax treatment of New Jersey corporate shareholders differs. Corporate shareholders are urged to consult their tax advisors. The following is based upon the advice of Riker, Danzig, Scherer, Hyland & Perretti, LLP, special New Jersey counsel to the Fund. The following is a general, abbreviated summary of certain provisions of the applicable New Jersey tax law as presently in effect as it directly governs the taxation of New Jersey resident individual shareholders of the Fund. This summary does not address the taxation of other shareholders nor does it discuss any local taxes that may be applicable. These provisions are subject to change by legislative or administrative action, and any such change may be retroactive with respect to the Fund's transactions. The following is based on the assumptions that the Fund (i) will at all times qualify under Subtitle A, Chapter 1, Subchapter M of the Internal Revenue Code of 1986, as amended (the "Code"), as a regulated investment company and at all times meet the requirements of Subtitle A, Chapter 1, Subchapter M of the Code, (ii) at all times has made and shall maintain in effect all necessary elections to be a regulated investment company, (iii) will at all times satisfy all the conditions which will cause distributions of the Fund to qualify as exempt-interest dividends to shareholders, (iv) will at all times satisfy the requirements of Section 852(a) of the Code and (v) will distribute all interest, dividends and gains it receives to the Fund's shareholders. The following is also based on the assumptions that the Fund (i) at all times has no investments other than interest-bearing obligations, obligations issued at a discount, and cash and cash items, including receivables, and financial options, futures, forward contracts, or other similar financial instruments related to interest bearing obligations, obligations issued at a discount or bond indices related thereto; (ii) at all times has not less than 80% of the aggregate principal amount of all of its investments, excluding financial options, futures, forward contracts or other similar financial instruments related to interest-bearing obligations, obligations issued at a discount or bond indices related thereto to the extent such instruments are authorized by Section 851(b) of the Code, cash and cash items, which cash items shall include receivables, in obligations issued by or on behalf of the State of New Jersey or any county, D-9 150 municipality, school or other district, agency, authority, commission, instrumentality, public corporation, body corporate and politic or political subdivision of the State of New Jersey or those obligations which are statutorily free from State or local taxation under any act of New Jersey or under the laws of the United States; (iii) complies with all applicable certification, disclosure and reporting requirements to the New Jersey Division of Taxation and shareholders; (iv) at all times is an investment company or trust registered with the Securities and Exchange Commission; and (v) at all times is registered and regulated under the Investment Company Act of 1940, as amended. In addition, distributions by the Fund that are attributable to interest or gain from obligations of the United States exempt from State income tax under United States law will not be subject to the New Jersey Gross Income Tax. All other

distributions will be subject to the New Jersey Gross Income Tax. Net gain derived from the sale of shares of the Fund will not be subject to the New Jersey Gross Income Tax. Losses from the sale of shares of the Fund may not be able to be used to offset other New Jersey gains. Shares of the Fund may be subject to New Jersey death taxes if owned by a New Jersey decedent at the time of death. Distributions by the Fund and gains on the sale of shares of the Fund will generally be subject to the New Jersey Corporation Business Tax. Corporate shareholders are urged to consult their tax advisors. The Fund will be subject to the New Jersey Corporation Business Tax only if it has sufficient nexus with New Jersey for purposes of the New Jersey Corporation Business Tax. If it is subject to the New Jersey Corporation Business Tax, it does not expect to pay a material amount of such tax. Shareholders are advised to consult with their own tax advisors for more detailed information concerning New Jersey State and local tax matters. Section 4 of Article XII of the Registrant's Declaration of Trust provides as follows: Subject to the exceptions and limitations contained in this Section 4, every person who is, or has been, a Trustee, officer, employee or agent of the Trust, including persons who serve at the request of the Trust as directors, trustees, officers, employees or agents of another organization in which the Trust has an interest as a shareholder, creditor or otherwise (hereinafter referred to as a "Covered Person"), shall be indemnified by the Trust to the fullest extent permitted by law against liability and against all expenses reasonably incurred or paid by him in connection with any claim, action, suit or proceeding in which he becomes involved as a party or otherwise by virtue of his being or having been such a Trustee, director, officer, employee or agent and against amounts paid or incurred by him in settlement thereof. No indemnification shall be provided hereunder to a Covered Person: Part C-3 154 (a) against any liability to the Trust or its Shareholders by reason of a final adjudication by the court or other body before which the proceeding was brought that he engaged in willful misfeasance, bad faith, gross negligence or reckless disregard of the duties involved in the conduct of his office; (b) with respect to any matter as to which he shall have been finally adjudicated not to have acted in good faith in the reasonable belief that his action was in the best interests of the Trust; or (c) in the event of a settlement or other disposition not involving a final adjudication (as provided in paragraph (a) or (b)) and resulting in a payment by a Covered Person, unless there has been either a determination that such Covered Person did not engage in willful misfeasance, bad faith, gross negligence or reckless disregard of the duties involved in the conduct of his office by the court or other body approving the settlement or other disposition or a reasonable determination, based on a review of readily available facts (as opposed to a full trial-type inquiry), that he did not engage in such conduct: (i) by a vote of a majority of the Disinterested Trustees acting on the matter (provided that a majority of the Disinterested Trustees then in office act on the matter); or (ii) by written opinion of independent legal counsel. The rights of indemnification herein provided may be insured against by policies maintained by the Trust, shall be severable, shall not affect any other rights to which any Covered Person may now or hereafter be entitled, shall continue as to a person who has ceased to be such a Covered Person and shall inure to the benefit of the heirs, executors and administrators of such a person. Nothing contained herein shall affect any rights to indemnification to which Trust personnel other than Covered Persons may be entitled by contract or otherwise under law. Expenses of preparation and presentation of a defense to any claim, action, suit or proceeding subject to a claim for indemnification under this Section 4 shall be advanced by the Trust prior to final disposition thereof upon receipt of an undertaking by or on behalf of the recipient to repay such amount if it is ultimately determined that he is not entitled to indemnification under this Section 4, provided that either: (a) such undertaking is secured by a surety bond or some other appropriate security or the Trust shall be insured against losses arising out of any such advances; or (b) a majority of the Disinterested Trustees acting on the matter (provided that a majority of the Disinterested Trustees then in office act on the matter) or independent legal counsel in a written opinion shall determine, based upon a review of the readily available facts (as opposed to a full trial-type inquiry), that there is reason to believe that the recipient ultimately will be found entitled to indemnification. As used in this Section 4, a "Disinterested Trustee" is one (x) who is not an Interested Person of the Trust (including anyone, as such Disinterested Trustee, who has been exempted from being an Interested Person by any rule, regulation or order of the Commission), and (y) against whom none of such actions, suits or other proceedings or another action, suit or other proceeding on the same or similar grounds is then or has been pending. Part C-4 155 As used in this Section 4, the words "claim," "action," "suit" or "proceeding" shall apply to all claims, actions, suits, proceedings (civil, criminal, administrative or other, including appeals), actual or threatened; and the words "liability" and "expenses" shall include without limitation, attorneys' fees, costs, judgments, amounts paid in settlement, fines, penalties and other liabilities. The trustees and officers of the Registrant are covered by Investment Trust Errors and Omission policies in the aggregate amount of \$20,000,000 (with a maximum deductible of \$500,000) against liability and expenses of claims of wrongful acts arising out of their position with the Registrant, except for matters which involve willful acts, bad faith, gross negligence and willful disregard of duty (i.e., where the insured did

not act in good faith for a purpose he or she reasonably believed to be in the best interest of Registrant or where he or she had reasonable cause to believe this conduct was unlawful). Section 8 of the Underwriting Agreement filed as Exhibit h to this Registration Statement provides for each of the parties thereto, including the Registrant and the Underwriters, to indemnify the others, their trustees, directors, certain of their officers, trustees, directors and persons who control them against certain liabilities in connection with the offering described herein, including liabilities under the federal securities laws.
