(Attach Extra Sheets if Needed)

On November 10, 2005, management of Registrant concluded, with the approval of the Audit Committee of the Board of Directors of Registrant (the Audit Committee), that Registrant's audited financial statements for the fiscal year ended December 31, 2004, and the unaudited financial statements for the quarterly periods ended March 31, 2005 and June 30, 2005 (the Filed Periods), are required to be restated in order to reflect certain reclassifications of assets related to Registrant's formation transactions and the resulting balance sheet and income statement adjustments. In addition, Registrant will revise the financial information regarding the quarterly period ended September 30, 2005, contained in a press release issued by Registrant on November 2, 2005, and a current report on Form 8-K filed on November 7, 2005 (together with the Filed Periods, the Relevant Periods). Registrant is in the process of determining the impact of these adjustments on net income for the Relevant Periods.

The adjustments result from the application of Emerging Issues Task Force (EITF) Issues No. 98-3 and No. 04-1 with regard to Registrant's recording of the formation transactions in December 2004. Registrant recorded the formation transactions by applying the purchase method of accounting in connection with the acquisition of seven resort-owning entities. This accounting was presented in Registrant's filings with the SEC for the Relevant Periods.

In October 2005, Registrant announced the formation of a joint venture with CNL Income Properties, Inc. In connection with Registrant's recording of certain items related to that joint venture transaction, Registrant has reconsidered the application of EITF 98-3 relative to Registrant's Williamsburg and Pocono Mountains resorts as of the date of Registrant's formation transactions in December 2004. Registrant has now determined that the acquisition of each of those two resorts did not constitute an acquisition of a business, as that term is defined in EITF 98-3, and that Registrant should have recorded each of those acquisitions as a purchase of assets, rather than a purchase of a business. As a result, the amounts previously recorded as goodwill in connection with the Williamsburg and Pocono resorts will now be recorded as increases to identifiable intangible assets and/or property and equipment.

Also, Registrant has determined that the provisions of EITF 04-1 were applicable to Registrant as of the date of the formation transactions in December 2004. As a result, Registrant is in the process of evaluating whether some portion of the amounts previously recorded as goodwill in connection with the five operating resorts purchased at that time should have been recorded as increases to identifiable intangible assets, and the related effects on Registrant's deferred tax liability, depreciation and amortization expense, and income tax expense.

When the adjustments and revisions are finalized, Registrant will include the restated results in a 10-K/A filing for the fiscal year ended December 31, 2004; 10-Q/A filings for the three-month periods ended March 31, 2005 and June 30, 2005; and a 10-Q filing for the three months ended September 30, 2005.

Registrant is working diligently to complete its review of its application of purchase accounting and to quantify the impact of the necessary adjustments on each of the reporting periods, but requires an extension of time in order to complete and file its report on Form 10-Q for the three months ended September 30, 2005.

PART IV OTHER INFORMATION

(1) Name and telephone number of person to contact in regard to this notification

(Name)	(Area Code)	(Telephone Number)

(2) Have all other periodic reports required under Section 13 or 15(d) of the Securities Exchange Act of 1934 or Section 30 of the Investment Company Act of 1940 during preceding 12 months or for such shorter period that the registrant was required to file such report(s) been filed? If answer is no, identify report(s).

Yes No

Pro forma financial statements were not included with Current Report on Form 8-K filed on October 17, 2005. Registrant has reinterpreted applicable rules and now believes pro forma financial statements were required to be filed with this Form 8-K and is diligently working to complete such statements.

(3) Is it anticipated that any significant change in results of operations from the corresponding period for the last fiscal year will be reflected by the earnings statements to be included in the subject report or portion thereof?

Yes No

If so, attach an explanation of the anticipated change, both narratively and quantitatively, and, if appropriate, state the reasons why a reasonable estimate of the results cannot be made.

As discussed more fully in Part III, above, Registrant is currently completing its review of its financial results for the third quarter of 2005. Registrant anticipates significant changes in its results of operations versus the results of operations of Registrant's predecessor for the third quarter of 2004. Registrant's and its predecessor's results of operations for the three and nine months ended September 30, 2005 and 2004, respectively, are not directly comparable due primarily to the impact of Registrant's IPO and the formation transactions in December 2004, Registrant's debt and the repayment of the predecessor's debt upon the consummation of Registrant's IPO. In addition, in March 2005 Registrant opened an additional Great Wolf Lodge resort in Williamsburg, Virginia. Registrant is in the process of determining the allocation of the amounts previously recorded as goodwill to identifiable intangible assets and/or property and equipment, and the related effects on Registrant's deferred tax liability, depreciation and amortization expense, income tax expense, net income and net cash flow for the quarter ended September 30, 2005, as previously reported on Form 8-K filed on November 7, 2005. Registrant does not expect any changes to cash position, revenues or operating cash flow.
