REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants and Administrator of the
Retirement Savings Plans for Salaried Employees
and the EnPro Industries, Inc. Benefits Committee

In our opinion, the accompanying statements of net assets available for benefits and the related statements of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of the EnPro Industries, Inc. Retirement Savings Plan for Salaried Employees (the Plan) at December 31, 2005 and 2004, and the changes in net assets available for benefits for the years then ended, in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental schedule of assets (held at end of year) as of December 31, 2005 is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. The supplemental schedule is the responsibility of the Plan s management. The supplemental schedule has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

Retirement Savings Plan for Salaried Employees
Notes to Financial Statements
December 31, 2005 and 2004

1. Description of the Plan

The EnPro Industries, Inc. Retirement Savings Plan for Salaried Employees (the Plan) is a defined contribution plan subject to the requirements of the Employee Retirement Income Security Act of 1974 (ERISA). The following description of the Plan in no way replaces or alters the full, official Plan text which is the controlling document and which will govern any difference between this description and the Plan text.

General

EnPro Industries, Inc. (the Company or EnPro) established the Plan to provide employees with a systematic means of saving and investing for the future. Regular full-time, salaried employees of the Company as defined by the Plan document are eligible to enroll on their date of hire. Deferrals begin on the first day of the month subsequent to enrollment.

Salaried Trust and Master Trust

The assets of the Plan are held in the EnPro Industries, Inc. Retirement Savings Plan Directed Employee Benefit Trust (the Salaried Trust). The Charles Schwab Trust Company (Schwab) serves as trustee for the Plan, in addition to serving as trustee for the EnPro Industries, Inc. Retirement Savings Plan for Hourly Employees (the Hourly Plan). Prior to July 1, 2005, the assets of the Plan and the assets of the Hourly Plan were held in the EnPro Industries, Inc. Retirement Savings Plan Master Trust (the Master Trust) and Mellon Bank served as the trustee of the Master Trust. On that date, the Plan's interest in the Master Trust was transferred to the Salaried Trust. At December 31, 2005, the Plan has no interest in the Master Trust.

Assets of the Plan are allocated to participant accounts based on specific contributions made by each participant and respective matches made by the Company. Investment income (loss) is credited to each account based on appreciation (depreciation) of specific assets held in each participant account and any earnings thereon.

Contributions

Contributions to support the Plan are made by participants and EnPro. Participants may contribute from 1% to 25% of their base pay by means of payroll deductions, subject to IRS limitations and other limitations specified in the Plan. The Company matches 100% of employee contributions up to 6% of base pay per period.

Participants' contributions are remitted by EnPro to the trustee at the end of each payroll cycle. Upon determination of participants' contributions, EnPro contributions are made to the trustee in cash. The contributed cash is allocated to individual employee accounts and invested at the participants' direction.

Notes to Financial Statements (continued)

Vesting

Participants are fully vested in all contributions, including earnings thereon.

Payment of Benefits

Upon retirement, disability or death, a participant or beneficiary receives the entire amount credited to the participant's account in either a lump sum or, at the participant's election, in annual installments. Upon termination, other than by retirement, disability or death, a participant becomes eligible to receive the current value of the participant's vested account in a lump-sum. Distributions made from the EnPro Company Stock Fund are made, at the option of the participant, in either cash or shares.

Participant Loans

Participants may borrow from their account balances with interest charged at a rate determined by the Company's Benefits Committee, which remains in effect for the duration of the loan. Loan terms range from 1 to 5 years or up to 25 years for the purchase of a primary residence. The minimum loan is \$1,000 and the maximum loan is the lesser of \$50,000 less the highest outstanding loan balance during the one year period prior to the new loan application date, or 50% of the participant's account balance less any current outstanding loan balance. Participants may only take out one loan during any 12 month period, and may only have two loans outstanding at any one time.

2. Summary of Significant Accounting Policies

Basis of Accounting

The financial statements of the Plan are reported on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States requires management to make estimates and assumptions that affect the amounts reported in the financial statements and accompanying notes. Actual results could differ from those estimates.

Investment Valuation and Income Recognition

At December 31, 2005, the Plan's investments are held in the Salaried Trust, which is an investment trust administered by Schwab. At December 31, 2004, the Plan's investments were held in the Master Trust, an investment trust administered by Mellon Bank. Investments in common/collective trusts and mutual funds in the Salaried Trust are stated at fair value. Participation units of the Master Trust were stated at the underlying fair value of the trust investments. The asset value of the EnPro Company Stock Fund is derived from the value of EnPro's common stock. The net appreciation in the fair value of investments includes realized and unrealized gains and losses on the fair value of investments held by the Plan. The loans to participants are valued at their outstanding balance, which approximates fair value.

EnPro Industries, Inc.

Retirement Savings Plan for Salaried Employees

Notes to Financial Statements (continued)

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

Contributions

Employee and Company matching contributions are recorded in the period in which the Company makes the payroll deductions from participant earnings.

Net Transfers

Transfers of applicable participant account balances in connection with the acquisition or divestiture of various business units of the Company are disclosed separately in the statements of changes in net assets for benefits. This also includes participant directed rollovers from other qualified plans.

Payment of Benefits

Benefits are recorded when paid. At December 31, 2005 and 2004, there were no benefits processed and approved for payment, but not paid.

Expenses

Certain of the Plan's administrative expenses are paid by the Company. Other expenses such as legal and accounting are paid from Plan assets and deducted from participant accounts in accordance with the Plan document.

Risks and Uncertainties

The Plan provides for various investment options in investment securities. Investment securities, in general, are exposed to various risks, such as interest rate, credit and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for benefits.

3. Income Tax Status

The Plan has received a determination letter from the Internal Revenue Service dated August 28, 2003 stating that the Plan is qualified under Section 401(a) of the Internal Revenue Code (the Code) and, therefore, the related trust is exempt from taxation. Once qualified, the Plan is required to operate in conformity with the Code to maintain its qualification. The Plan has been amended since receiving the determination letter. Plan management believes the Plan is currently designed and being operated in compliance with the applicable requirements of the Code.
