**PROXY STATEMENT
ANNUAL MEETING OF SHAREHOLDERS**

This proxy statement is furnished in connection with the solicitation by the Board of Directors of Sunair Services Corporation (Company, us, our or we), of proxies to be used with respect to the matters to be voted upon at the Annual Meeting of Shareholders (Annual Meeting) to be held on February 21, 2008, at 11:00 a.m., local time, at the Hilton Hotel, 100 Fairway Drive, Deerfield Beach, Florida, 33441, and at any adjournments or postponements thereof.

The approximate date that this proxy statement and the enclosed form of proxy are first being sent to shareholders is January 30, 2008. You should review the information provided in this proxy statement together with our Annual Report on Form 10-K for the fiscal year ended September 30, 2007, which is being delivered to shareholders simultaneously with this proxy statement.

ABOUT THE MEETING

What is the purpose of the annual meeting?

At the annual meeting, shareholders will vote on the election of the nominated directors. In addition, we will report on our performance and respond to questions from our shareholders.

Who is entitled to vote at the meeting?

If you are the record holder of shares of our common stock at the close of business on January 14, 2008, or the record date, you are entitled to vote at the annual meeting. With respect to all matters to be acted upon at the annual meeting, each share of our common stock is entitled to one vote.

Who can attend the meeting?

Only holders of our stock as of the record date, or their duly appointed proxies, may attend. If your shares are held in the name of your broker or bank, you will need to bring evidence of your stock ownership, such as your most recent brokerage statement, and valid picture identification.

What constitutes a quorum?

The presence, in person or by proxy, of the holders of shares representing a majority of the outstanding shares of our common stock will constitute a quorum, permitting the meeting to conduct its business. As of the record date, we had issued and outstanding 13,091,088 shares of common stock. Proxies received, but marked as abstentions, and broker non-votes will be included in the calculation of the number of shares considered to be present at the meeting, but will not be counted as votes cast for or against any given matter.

If less than a majority of outstanding shares entitled to vote are represented at the meeting, a majority of the shares present at the meeting may adjourn the meeting to another date, time or place, and notice need not be given of the new date, time or place if the new date, time or place is announced at the meeting before an adjournment is taken.

Table of Contents

How do I vote?

If you complete and properly sign the accompanying proxy card and return it to us, it will be voted as you direct. If you are a registered shareholder and you attend the meeting, you may deliver your completed proxy card in person.

If your shares are held in a brokerage account or by another nominee, you are considered the beneficial owner of shares held in street name, and these proxy materials are being forwarded to you together with a voting instruction card by your broker, trustee or nominee, as the case may be. As the beneficial owner, you have the right to direct your broker, trustee or nominee how to vote, and you are also invited to attend the annual meeting. Since a beneficial owner is not the shareholder of record, you may not vote your shares in person at the annual meeting unless you obtain a legal proxy from the broker, trustee or nominee that holds your shares giving you the right to vote the shares at the meeting. Your broker, trustee or nominee has enclosed or provided voting instructions for you to use in directing the broker, trustee or other nominee how to vote your shares.

Can I change my vote after I return my proxy card?

Yes. Even after you have submitted your proxy, you may change your vote at any time before the proxy is exercised by filing with our Secretary either a notice of revocation or a duly executed proxy bearing a later date. The powers of the proxy holders will be suspended if you attend the meeting in person and so request, although attendance at the meeting will not by itself revoke a previously granted proxy.

What are the board's recommendations?

Unless you give other instructions on your proxy card, the persons named as proxy holders on the proxy card will vote in accordance with the recommendations of our board of directors. The recommendation of the board of directors is included after the description of each proposal in this proxy statement. In summary, the board of directors recommends a vote:

for the election of the nominated slate of directors.

The board of directors does not know of any other matters that may be brought before the meeting. In the event that any other matter should properly come before the annual meeting, the proxy holders will vote as recommended by the board of directors or, if no recommendation is given, in accordance with their best judgment.

What vote is required to approve each proposal?

Election of Directors. The affirmative vote, either in person or by proxy, of a plurality of the votes cast at the meeting is required for the election of directors. This means that candidates who receive the highest number of votes are elected. A properly executed proxy marked **WITHHOLD AUTHORITY** with respect to the election of one or more directors will not be voted with respect to the director or directors indicated, although it will be counted for purposes of determining whether there is a quorum. Shareholders do not have the right to cumulate their votes for directors.

Other Proposals. For any other proposal, the affirmative vote, either in person or by proxy, of a majority of the votes cast at the meeting, either in person or by proxy, will be required for approval. A properly marked **ABSTAIN** with respect to any such matter will not be voted, although it will be counted for purposes of determining whether there is a quorum.

If you hold your shares in street name through a broker or other nominee, your broker or nominee may not be permitted to exercise voting discretion with respect to some of the matters to be acted upon. Thus, if you do not give

your broker or nominee specific instructions, your shares may not be voted on those matters and will not be counted in determining the number of shares necessary for approval. Shares represented by such broker non-votes will, however, be counted in determining whether there is a quorum.

Table of Contents

Who pays for the preparation of the proxy?

We will bear the cost of preparing, printing, assembling and mailing all proxy materials that may be sent to shareholders in connection with this solicitation. Arrangements will also be made with brokerage houses, other custodians, nominees and fiduciaries, to forward soliciting material to the beneficial owners of shares of our common stock held by these persons. We will reimburse these persons for reasonable out-of-pocket expenses incurred by them. In addition to the solicitation of proxies by use of the mails, our officers and regular employees may solicit proxies without additional compensation by telephone or facsimile. We do not expect to pay any compensation for the solicitation of proxies.

How is the meeting conducted?

The Chairman of the Board has broad authority to conduct the annual meeting in an orderly and timely manner. This authority includes establishing rules for shareholders who wish to address the meeting. The Chairman may also exercise broad discretion in recognizing shareholders who wish to speak and in determining the extent of discussion on each item of business. In light of the need to conclude the meeting within a reasonable period of time, we cannot assure that every shareholder who wishes to speak on an item of business will be able to do so. The Chairman of the Board may also rely on applicable law regarding disruptions or disorderly conduct to ensure that the meeting is conducted in a manner that is fair to all shareholders.

Only holders of our common stock as of the record date, or their duly appointed proxies, may attend the annual meeting. Our principal executive offices are located at 595 South Federal Highway, Suite 500, Boca Raton, Florida 33432, and our telephone number is (561) 208-7400. A list of shareholders entitled to vote at the annual meeting will be available at our offices for a period of ten days prior to the meeting and at the meeting itself for examination by any shareholder.

How are votes tabulated?

We will appoint two persons to serve as the Inspector of Elections and they will tabulate and certify the votes at the Annual Meeting.

Appointment of New Director after the Annual Meeting by the Board

Our Nominating Committee has begun a search for a qualified candidate and is searching for a person who is (i) an independent director, as defined under the listing standards for the American Stock Exchange and (ii) an Audit Committee financial expert as such term is defined under the applicable rules of the Securities and Exchange Commission (SEC). Pursuant to our bylaws, the appointment of a new director must be approved by the majority of the members of our Board of Directors at the time of the appointment.

Table of Contents**CORPORATE GOVERNANCE**

We maintain a corporate governance page on our website which includes key information about our corporate governance initiatives, including the Company's Code of Ethical Conduct and charters for the Audit Committee, the Compensation Committee and the Nominating Committee. Our corporate governance page is available at our web site at www.sunairservices.com under the Corporate Governance tab found in the IR/Home section.

Independent Directors

A majority of the members of our board of directors is independent according to the AMEX Corporate Governance rules. In particular, our board of directors has in the past evaluated, and our Nominating Committee will in the future evaluate, periodically the independence of each member of the board of directors.

The Board of Directors has determined that the following four individuals currently serving on the Board of Directors are independent as defined by the listing standards of the AMEX: Joseph Burke, Joseph S. DiMartino, Arnold Heggstad, Ph.D. and Steven P. Oppenheim.

Code of Ethical Conduct

All employees are bound by this Code of Ethical Conduct, violations of which may be reported to the Audit Committee. The Code of Ethical Conduct includes provisions applicable to our senior executive officers consistent with the Sarbanes-Oxley Act of 2002. This Code of Ethical Conduct is available on our website located at www.sunairservices.com under the Corporate Governance tab found in the IR/Home section. We intend to post on our website amendments to or waivers from our Code of Ethical Conduct.

Director Compensation

We use a combination of cash and equity-based incentive compensation to attract and retain qualified candidates to serve on the Board. In setting director compensation, we consider the significant amount of time that directors expend in fulfilling their duties, as well as the skill-level required by us of members of the Board. During fiscal 2007, all of our Board members were non-employee directors.

Cash Compensation

Non-employee directors were paid an annual cash retainer of \$28,000, plus additional cash retainers for serving as a Chair of a committee during fiscal 2007. These annual retainers are paid in quarterly installments and are listed in the following table:

Position	Annual Amount (\$)
Board Member	28,000
Chair of Audit Committee	5,000
Chair of the Compensation Committee	5,000

Chair of the Nominating Committee

5,000

During fiscal 2007, we also paid each non-employee director attendance fees for each Board or committee meeting. Each non-employee director received \$1,500 for attendance at each Board of Director s meeting. We paid the Chairman of our Audit Committee \$1,500 for each meeting of the Audit Committee meeting attended and the other members of the Audit Committee received \$1,250 for each Audit Committee meeting attended. We paid the Chairman of our Compensation Committee \$1,500 for each meeting of the Compensation Committee meeting attended and the other members of the Compensation Committee received \$1,250 for each Compensation Committee meeting attended. We paid the Chairman of our Nominating Committee \$1,500 for each meeting of the Nominating Committee meeting attended and the other members of the Nominating Committee received \$1,250 for each Nominating Committee meeting attended. We reimburse non-employee directors for out-of-pocket expenses incurred in connection with attending Board and committee meetings.

Table of Contents**Equity-Based Compensation**

To ensure that directors have an ownership interest aligned with our stockholders, from time to time we may also grant options to purchase shares of our common stock to our non-employee directors under our 2004 Stock Incentive Plan (Plan or 2004 Stock Plan). Each of our non-employee directors receive 5,000 options to purchase shares of our common stock for each year of service, which vest quarterly during each year of service, and any new directors who are not full-time employees of our Company receive 20,000 options to purchase shares of our common stock upon joining the Board of Directors, which vest quarterly over the first year of service. The exercise price of the options is equal to the closing price of the Company s common stock on the date of grant.

Director Compensation Table

The following table sets forth with respect to the named director, compensation information inclusive of equity awards and payments made in the fiscal year ended September 30, 2007. All option awards were granted from our 2004 Stock Plan. The amounts reflected in columns (d) below do not reflect compensation actually received by the directors during 2007. Instead, these amounts reflect the compensation costs recognized by us in fiscal year 2007 for financial statement reporting purposes in accordance with SFAS 123R. For information regarding the assumptions made in calculating the amounts reflected in this column, see Footnote 10 Stock Options to our audited financial statements for the year ended September 30, 2007, included in our Annual Report on Form 10-K for the year ended September 30, 2007.

Audit Committee

Our Audit Committee assists our Board of Directors in monitoring the integrity of our financial statements and compliance with requirements as set forth in the Public Company Accounting Oversight Board's Auditing Standards. Its responsibilities include the maintenance of free and open communications among the directors, our independent registered public accounting firm and financial management of the Company. The Audit Committee held 13 meetings during fiscal 2007. Our Board of Directors has determined that: (i) all current Audit Committee members are independent as that concept is defined in the applicable rules of AMEX and the SEC, (ii) all current committee members are financially literate, and (iii) all current committee members qualify as Audit Committee financial experts under the applicable rules of the SEC. In making the determination as to Messrs. Burke's, Heggstad's and Oppenheim's status as Audit Committee financial experts, our Board of Directors determined they have accounting and related financial management expertise within the meaning of the aforementioned rules as well as the listing standards of AMEX.

Report of the Audit Committee

The following Report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference in any other filing by us under the Securities Act of 1933 or the Securities Exchange Act of 1934.

Our management is responsible for our internal controls and the financial reporting process. Our independent auditors are responsible for performing the independent audit of our consolidated financial statements in accordance with auditing standards generally accepted in the United States of America and for issuing a report thereon. Our Audit Committee is comprised of three non-management directors and its responsibility is generally to monitor and oversee the processes described in our Audit Committee charter. Our Audit Committee relies, without independent

verification, on the information provided to it and on the representations made by management and the independent auditors that the financial statements have been prepared in conformity with generally accepted accounting principles. Each member of our Audit Committee is independent in the judgment of our board of directors as required by the listing standards of AMEX, the Sarbanes-Oxley Act of 2002 and the rules and regulations of the SEC adopted under Sarbanes-Oxley, as of this date. With respect to the period ended September 30, 2007 the Audit Committee performed the following:

Compensation Committee

The Compensation Committee's basic responsibility is to review the performance and development of the Company's management in achieving corporate goals and objectives and to assure that the Company's executive officers are compensated effectively in a manner consistent with the Company's strategy, competitive practice, sound corporate governance principles and shareholder interests. Toward that end, the Compensation Committee (i) will review and approve the compensation of the Company's Chief Executive Officer and other executive officers (ii) will review and make recommendations with respect to the Company's existing and proposed compensation plans and (iii) will administer grants and awards to employees under the Company's 2004 Stock Incentive Plan. During fiscal 2007, the Compensation Committee held one meeting. Our Board of Directors has determined that each member of the Compensation Committee is (i) an independent director under applicable AMEX listing standards, (ii) an outside director as defined in Section 162(m) of the Internal Revenue Code and (iii) a non-employee director as defined in Rule 16b-3 under the Securities Exchange Act of 1934.

Nominating Committee

The Nominating Committee has been assigned the functions of (i) soliciting, considering, recommending and nominating candidates to serve on the Board of Directors under criteria adopted by it from time to time; (ii) advising the Board of Directors with respect to its composition, procedures and committees; (iii) overseeing periodic evaluations of the Board of Directors and its committees, including establishing criteria to be used in connection with such evaluations; and (iv) reviewing and reporting to the Board of Directors on a periodic basis with regard to matters of corporate governance. During fiscal 2007, the Nominating Committee held one meeting. Our Board of Directors has determined that each member of the Nominating Committee is an independent director under applicable AMEX listing standards.

If a shareholder wishes to recommend a nominee for director, written notice should be sent to the Corporate Secretary in accordance with the instructions set forth later in this proxy statement under the caption Information Concerning Shareholder Proposals beginning on page 28. Each written notice must set forth: (1) the name and address of the shareholder who is making the nomination; (2) the number of shares of our common stock which are beneficially owned by the shareholder and a representation that the shareholder is a holder of record of our common stock entitled to vote at the annual meeting of shareholders and intends to appear in person or by proxy at the meeting and nominate the person specified in the notice; (3) the name of the director candidate; (4) a complete

Table of Contents

resume or statement of the candidate's qualifications (including education, work experience, knowledge of our industry, membership on the board of directors of another corporation and civic activity); (5) a description of all arrangements or understandings between the shareholder and the candidate and/or any other person or persons pursuant to which the nomination is to be made by the shareholder; (6) such other information regarding a candidate as would be required to be included in a proxy statement, including information with respect to a candidate's independence as defined under the rules and regulations promulgated by the SEC and the American Stock Exchange and information regarding the candidate's attributes that the members of the Nominating Committee would need to consider in order to assess whether such candidate would qualify as an Audit Committee financial expert as defined by the rules and regulations promulgated by the SEC; and (7) the candidate's consent to serve as a director of our company if elected.

The suitability of potential candidates nominated by shareholders will be evaluated in the same manner as other candidates that are identified by the Nominating Committee. In making its nominations, the Nominating Committee will identify candidates who meet the current challenges and needs of the Board of Directors. In making such decisions, the Nominating Committee will consider, among other things, an individual's business experience, industry experience, financial background and experiences and whether the individual meets the independence requirements of the American Stock Exchange. The Nominating Committee will use multiple sources for identifying and evaluating nominees for directors including referrals from current directors, recommendations by shareholders and input from third party executive search firms.

Change in Control

On February 8, 2005, we closed a transaction with Coconut Palm, which we entered into on November 17, 2004. Coconut Palm purchased from us 5,000,000 units (Units) for an aggregate purchase price of \$25 million. Each Unit consisted of (i) one share of our common stock, (ii) one warrant (individually, a Warrant and collectively, the Warrants) to purchase one share of our common stock at an exercise price of \$6 per share with a term of three years to expire on February 7, 2008 and (iii) one warrant to purchase one share of our common stock at an exercise price of \$7 per share with a term of five years to expire on February 7, 2010. Coconut Palm obtained the \$25 million in a private placement of its equity. Following the closing of the transaction, Coconut Palm beneficially owned 15 million shares, or approximately 78.9% of our then outstanding shares of common stock. Currently, Coconut Palm beneficially owns approximately 64.57% of our outstanding shares of common stock.

Expiration of Warrants on February 7, 2008 and Changes in Beneficial Ownership Table

As of the Record Date, we have Warrants outstanding to purchase an aggregate of 5,000,000 shares of our common stock at an exercise price of \$6.00 per share, which were issued in connection with Coconut Palm's investment in the Company, which transaction is described above under the caption Change of Control . These Warrants expire on February 7, 2008. As a result of the expiration of these Warrants, the beneficial ownership of shares of common stock held by the following shareholders will change as follows as of February 7, 2008 (assuming no other purchases or sales by such shareholders): Coconut Palm will be deemed to beneficially own 9,910,000 shares of our common stock or 54.78%, Richard Rochon and Mario B. Ferrari will each be deemed to own 9,920,000 shares or 54.83% of our common stock, Michael Brauser will be deemed to own 1,179,700 or 8.62% of our common stock and SunTrust Banks, Inc. will be deemed to own 1,761,522 shares or 13.11% of our shares.

Compliance with Section 16(a) of the Securities Exchange Act of 1934

Section 16(a) of the Securities Exchange Act of 1934 requires our directors and executive officers, and persons who own more than 10 percent of our common stock, to file with the SEC initial reports of ownership and reports of changes in ownership of our common stock. Officers, directors and greater than 10 percent shareholders are required by the rules and regulations of the SEC to furnish us with copies of all Section 16(a) forms they file.

To our knowledge, based solely on review of the copies of these reports furnished to us and representations that no other reports were required, during the fiscal year ended September 30, 2007, all Section 16(a) filing requirements applicable to our officers, directors and greater than 10 percent beneficial owners were complied with.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The following Compensation Discussion and Analysis, or CD&A, describes the material elements of compensation for the Sunair's executive officers identified in the Summary Compensation Table. We refer to these officers as the Named Executive Officers. As more fully described in this CD&A, the Compensation Committee makes all decisions for the total direct compensation—that is, the base salary, bonus awards, stock options and other equity compensation of our executive officers, including the Named Executive Officers. The Compensation Committee's recommendations for the total direct compensation of our Chief Executive Officer are subject to approval of our board of directors.

Compensation Program Objectives and Rewards

With respect to executive compensation, the primary goal of the Compensation Committee is to attract and retain the most qualified, knowledgeable, dedicated and seasoned executives possible, to reward them for their contributions to the development of Sunair's business and to align the executives incentives with shareholder value creation. Beyond that, different elements of our executive compensation are designed to engender different behaviors.

Base salary and benefits are designed to attract and retain employees over time.

Long-term incentives—stock options under our 2004 Stock Incentive Plan—focuses executives' efforts on the behaviors within the recipients' control that they believe are necessary to ensure our long-term success, as reflected in increases to our stock prices, growth in our earnings per share and other elements.

Annual discretionary cash bonuses and performance based bonuses, which are individually designed to address business needs related to attracting and retaining employees and to provide incentives to achieve the short-term goals our management and board of directors established for the one year period in question.

Severance and change in control provisions are designed to facilitate our ability to attract and retain executives as we compete for talented employees in a marketplace where such protections are commonly offered.

Base Salary

The base salary for our executive officers is based on job responsibilities and individual contributions to the Company. Additional factors include the salary received by the executive at his previous place of employment and individual negotiations between the Company and the executive. No independent consulting firm was retained to conduct this review. Given the level of the Chief Financial Officer's compensation, our Compensation Committee did not believe that it was necessary to incur the expense of formal studies or market analysis.

Two of our Named Executives Officers and our former Named Executive Officer are parties to employment agreements with us, which set forth the base salary for the respective Named Executive Officer, subject to adjustment. These Named Executive Officers are John Hayes, Colin Mulford and Gregory Clendenin (our former Named Executive Officer) and a summary of their employment agreements is contained on pages 22-24. Our other Named Executive Officers, Edward Carriero and Frank Prestipino do not have employment agreements with us.

The Compensation Committee intends on reviewing the base salaries for Named Executive Officers, at the end of the fiscal year or from time to time as considered necessary. In December 2007, the Compensation Committee approved,

to increase Mr. Carriero's base salary from \$130,000 to \$165,000, based on exemplary execution of his job responsibilities and his individual contributions to the Company.

Base salaries paid to executive officers are deductible for federal income tax purposes except to the extent that the executive is a covered employee under Section 162(m) of the Internal Revenue Code and the executive's aggregate compensation which is subject to Section 162(m) exceeds \$1 million. No employee received base salary in excess of \$1 million in fiscal 2007.

Table of Contents

Base salary and bonus payments are the only elements of compensation that are used in determining the amount of contributions permitted under our 401(k) Plan.

Discretionary Bonus Awards

The Compensation Committee has the ability to award discretionary annual cash bonuses to any of our executive officers. During fiscal 2007, the Compensation Committee did not award any discretionary annual bonuses to any executive officer but may elect to do so in the future with the intention to compensate officers for achieving financial and/or operational goals and for achieving individual annual performance objectives.

Bonus Awards under the Telecom Executive Bonus Plan

Telecom has established an Executive Bonus Plan (Bonus Plan) with performance targets and bonuses for selected senior managers on an annual basis. The Managing Director of Telecom determines the performance targets and has the discretion to determine which senior managers participate in the Bonus Plan in each fiscal year. The Bonus Plan is based on the achievement by Telecom of total revenues and EBIT (earnings before interest and tax) which exceed Telecom's budget in each fiscal year. If Telecom's total revenues and/or EBIT exceed the budget, the executive will be entitled to receive a bonus equal to 50% of his salary. Thereafter, if the budget exceeds EBIT by a certain amount, the executive will receive a greater percent of his salary, as set forth below:

Target Achieved	Bonus Payable (Percentage of Executive Salary)
< Budget (Total Revenues & or EBIT)	0%
> Budget (Total Revenues & EBIT)	50%
> Budget + 10% (EBIT)	60%
> Budget + 20% (EBIT)	70%
> Budget + 30% (EBIT)	80%
> Budget + 40% (EBIT)	90%
> Budget + 50% (EBIT)	100%

In fiscal 2007, Colin Mulford earned a cash bonus equal to \$304,241 or 100% of his salary, under the Bonus Plan.

Long-Term Incentive Plan and Stock Options

We believe that long-term performance is achieved through an ownership culture that encourages such performance by our executive officers through the use of stock-based awards. Our 2004 Stock Option Plan was established to provide certain of our employees, including our executive officers, with incentives to help align those employees' interests with the interests of our shareholders. The Compensation Committee believes that the use of stock-based awards offers an additional method to achieving our compensation goals. Our 2004 Stock Option Plan has provided the principal method for our executive officers to acquire equity or equity-linked interests in our Company without the adoption of stock ownership guidelines. We expect to continue to provide a portion of total compensation to our executives through our 2004 Stock Option Plan rather than through additional cash-based compensation.

Our 2004 Stock Option Plan authorizes us to grant officers, directors, employees and prospective employees incentive stock options, non-qualified stock options, restricted stock awards, other equity awards and performance based stock incentives. Our Compensation Committee is the administrator of the 2004 Stock Option Plans and determines the terms of the stock option or other stock award, including but not limited to the price, numbers of shares, grant date and vesting terms. The Compensation Committee reviews and approves stock option and other stock awards to executive

officers based upon a review of competitive compensation data, its assessment of individual performance, and retention considerations, as well as a review the individual s existing share and option holdings. Periodic stock option grants are made at the discretion of the Compensation Committee.

Table of Contents

Stock options provide for financial gain derived from the potential appreciation in stock price from the date that the option is granted until the date that the option is exercised. The exercise price of stock option grants is set at fair market value on grant date. Under our 2004 Stock Option Plan, we may not grant stock options at a discount to fair market value or reduce the exercise price of outstanding stock options, except in the case of a stock split or other similar event. We do not grant stock options with a so-called "reload" feature, nor do we generally loan funds to employees to enable them to exercise stock options. Our long-term performance ultimately determines the value of stock options, because gains from stock option exercises are entirely dependent on the long-term appreciation of our stock price. The stock options granted by the Compensation Committee to employees are generally exercisable in equal installments on the first through the four anniversaries of the grant date and expire ten years from the grant date.

Because a financial gain from stock options is only possible after the price of Sunair's common stock has increased, we believe grants encourage executives and other employees to focus on behaviors and initiatives that should lead to an increase in the price of Sunair common stock, which benefits all Sunair shareholders. During fiscal 2007, we granted an aggregate of 60,000 options to our employees and directors, which include a grant of 25,000 options to one of our Named executive officers. On August 13, 2007, we granted 25,000 options to Frank Prestipino at an exercise price of \$3.40 per share. These options vest in equal installments on the first through four anniversaries of the grant date and expire in ten years from the grant date.

No Backdating or Spring Loading: Sunair does not backdate options or grant options retroactively. In addition, we do not coordinate grants of options so that they are made before announcement of favorable information, or after announcement of unfavorable information. Sunair's options are granted at fair market value on a fixed date or event, with all required approvals obtained in advance of or on the actual grant date. All grants to executive officers require the approval of the Compensation Committee. The timing of such grants is at the discretion of the Compensation Committee; however, traditionally, initial grants of options occur at the date of initial employment or on or about the date of our Annual Meeting of Shareholders.

Fair market value has been consistently determined as the closing price on the grant date. In order to ensure that its exercise price fairly reflects all material information without regard to whether the information seems positive or negative every grant of options is contingent upon a determination by the Compensation Committee that Sunair is not in possession of material undisclosed information. If we are in possession of such information, grants are suspended until the second business day after public dissemination of the information.

Stock Ownership Guidelines

Although we encourage members of our senior management to hold positions in our common stock, we do not currently have requirements in place to this effect.

Derivatives Trading. We grant stock-based incentives in order to align the interests of Sunair's employees with those of its shareholders. Accordingly, we strongly discourage executive officers from buying or selling derivative securities related to Sunair common stock, such as puts or calls on Sunair common stock, since such securities may diminish the alignment that we are trying to foster. Company-issued options are not transferable during the executive's life, other than certain gifts to family members (or trusts, partnerships, etc. that benefit family members).

Return of Incentive Compensation by an Executive

The Compensation Committee has not adopted formal policies to address the possibility that incentive compensation may be provided to certain executives, including Named Executive Officers, based on financial results that may become the subject of a significant restatement. We anticipate, in the case of a significant restatement of financial results caused by executive fraud or willful misconduct, our board of directors will require the return of such incentive

compensation in accordance with and to the extent required by applicable law.

Benefits

We offer our U.S.-based and United Kingdom based employees a variety of retirement, health and welfare, and paid time-off benefits designed to enable us to attract and retain our workforce in a competitive marketplace. Health and welfare and paid time-off benefits help ensure that we have a productive and focused workforce through reliable

Table of Contents

and competitive health and other benefits. Savings plans help employees, especially long-service employees, save and prepare financially for retirement.

Middleton's qualified 401(k) Plans allows highly compensated employees to contribute up to 15 percent of their compensation (base salary plus bonus payments), up to the limits imposed by the Internal Revenue Code (\$15,500 for 2007 (excluding any Catch-Up contributions, as allowed by the Internal Revenue Code) on a pre-tax basis. We provide matching contributions up to six percent of employee contributions, which vest immediately. Participants choose to invest their account balances from an array of investment options as selected by plan fiduciaries from time to time. The 401(k) Plans are designed to provide for distributions in a lump sum or in periodic installments after termination of service. However, loans and in-service distributions under certain circumstances such as a hardship, attainment of age 59½ or a disability are permitted.

Perquisites

We provide our Named Executive Officers with perquisites and other personal benefits that the Compensation Committee believes are reasonable and consistent with our overall compensation program to better enable us to attract and retain executive officer and key employees. During fiscal 2007, our Named Executive Officers were only provided participation in the plans and programs described above. None of our Named Executive Officers received any other perquisites or other benefits, which conferred a direct or indirect benefit having a personal aspect and which were not generally available to other employees.

We do not generally provide the Named Executive Officers with other perquisites such as reimbursement for legal, counseling for personal matters or tax reimbursement payments. We do not provide loans to executive officers.

Separation, Consulting and Change in Control Arrangements

Under the terms of their employment agreements with us, John Hayes, Colin Mulford and Gregory Clendenin are entitled to payments and benefits upon the occurrence of specified events, including termination of employment (with and without cause) and upon a change-in-control of the Company. The specific terms of these arrangements, as well as an estimate of the compensation that would have been payable had they been triggered as of our fiscal year ended September 30, 2007, are described in detail in the section on page 22 Potential Payments Upon Termination or Change in Control .

In the case of each employment agreement, the terms of these arrangements were set through the course of arms-length negotiations with each of the Named Executive Officers. This approach was used by the Board in setting the amounts payable and the trigger events under the arrangements.

The termination of employment provisions of the employment agreements were entered into in order to address competitive concerns when the Named Executive officers were recruited by providing these individuals with a fixed amount of compensation that would offset the potential risk of leaving their prior employer or foregoing other opportunities in order to join the Company. At the time of entering into these arrangements, the Board of Directors considered the aggregate potential obligations of the Company in the context of the desirability of hiring the individual and the expected compensation upon joining us.

Compensation Committee Report

The Compensation Committee of the Company has reviewed and discussed the foregoing Compensation Discussion and Analysis with management. Based on our review and discussion with management, we have recommended to the Board of Directors that the Compensation Discussion and Analysis be included in this proxy statement.

Submitted by the Compensation Committee,

Joseph S. DiMartino

Potential Payments Upon Termination or a Change in Control

John H. Hayes. Pursuant to his employment agreement, if we terminate Mr. Hayes employment agreement without cause or Mr. Hayes terminates his employment agreement with good cause, we are required to pay Mr. Hayes severance payments at the rate of his salary in effect on the date of termination for two years plus the cost of any premiums for any Company sponsored insurance policies (or the cash equivalent) for a twenty four (24) month period. However, no transaction will be considered to be a change in control for purposes of triggering these severance obligations if the transaction involves a pest and termite control services company or relates to any existing or former business segment or division in which we operate, or if the change in control is procured, directly or indirectly, by Mr. Hayes, Richard C. Rochon, Mario B. Separation Agreement and Consulting Agreement with Gregory Clendenin

In connection with Mr. Clendenin's resignation as the CEO of Middleton and SSPH, we entered into a separation and release agreement (Separation Agreement) with him, effective as of October 29, 2007. Under the Separation Agreement, we agreed to pay Mr. Clendenin a severance payment equal to \$91,500, which will be payable over a six month period in accordance with the Company's normal payroll practices. The Separation Agreement provides that Mr. Clendenin will have 12 months to exercise his 23,812 vested options, which is consistent with the terms of the our 2004 Stock Plan. In exchange, Mr. Clendenin is (i) waiving any claim that he may have against the Company, Middleton, Sunair Pest Services or any affiliated companies in connection with his employment and (ii) acknowledging that certain obligations under (a) his employment agreement with the Company dated June 7, 2005 and (b) the Stock Purchase Agreement (Stock Purchase Agreement) dated June 7, 2005 by and among the Company, Mr. Clendenin, Mr. Steinmetz and certain trusts associated with Mr. Clendenin and Mr. Steinmetz, which by their terms survive the closing of the Stock Purchase Agreement, continue to apply to him. These obligations include, but are not limited to, Mr. Clendenin's covenant not to compete against the Company and not to solicit or hire current or former employees of the Company until the restricted period expires on June 6, 2010, his covenant regarding the non-disclosure of confidential information and the return of confidential materials to the Company.

In addition, we have entered into a consulting agreement (Consulting Agreement) with Mr. Clendenin, effective as of October 29, 2007, in which Mr. Clendenin has agreed to provide consulting services to the Company during the twelve month period (the Term) after his resignation. As described under the caption Certain Voting Arrangements on page 14-15, between August 31, 2005 and December 20, 2006, one of our shareholders, Coconut Palm distributed an aggregate of 4,769,600 shares of our common stock plus warrants to purchase 4,102,932 additional shares of common stock to certain of its limited partners in exchange for the redemption of their respective limited partnership interests. In accordance with Coconut Palm's limited partnership agreement, Coconut Palm's limited partners who had requested redemption paid to Coconut Palm an aggregate of \$27,750 for legal fees incurred by Coconut Palm in connection with the redemption of the limited partnership interests. Coconut Palm's limited partners include Messrs. Brauser, Ferrari, Hayes, Rochon and Schmitt. In connection with the distributions of shares, Coconut Palm's limited partners granted to Coconut Palm, Inc., the general partner of Coconut Palm, a proxy to vote, in its sole discretion, a significant portion of the securities owned by the limited partners at any meeting of the Company's shareholders, as well as in any action by written consent of the Company's shareholders.

Effective upon the closing of the Coconut Palm transaction, which is described upon the caption Change in Control beginning on page 15, we entered into a management services agreement (Management Services Agreement) with an affiliate of Coconut Palm, RPC Financial Advisors, LLC (RPC) for a period of three years, which was amended on March 31, 2006. In fiscal 2007, we paid RPC a management fee in the aggregate amount of \$1,562,500 per year. Richard C. Rochon and Mario B. Ferrari, both of whom are affiliates of Coconut Palm and each of whom are members of our Board of Directors and principal shareholders of our company, are also affiliates of RPC.

On January 7, 2008, the Company entered into a management services agreement (the Amended Management Services Agreement) with RPC, which supersedes and replaces the prior Management Services Agreement. The Amended Management Services Agreement will be for a term of three years, commencing on February 8, 2008 and expiring on February 7, 2011. The Company will pay RPC a monthly management fee equal to one (1%) of the monthly gross revenues of the Company, which will be payable monthly based on the average monthly revenues of the preceding quarter. RPC will also receive a transaction fee of up to 2% of the Aggregate Consideration receive by the Company in a Transaction (as such capitalized terms are defined in the Management Services Agreement). Pursuant to the Management Services Agreement, RPC will provide the Company with services similar to those provided in the Previous Management Services Agreement. After the initial term of three years, the Management Services Agreement will automatically renew for successive one year terms, unless either RPC or the Company terminates the agreement upon 30 days notice.

On June 7, 2005, our subsidiary, SSPH, acquired all of the outstanding stock of Middleton from the Middleton shareholders. The aggregate consideration paid consisted of: (i) \$35.0 million in cash; (ii) \$5.0 million in the form of a subordinated promissory note; and (iii) 1,028,807 shares of our common stock (collectively, the Transaction Consideration). shares of Middleton in connection with the acquisition. In connection with the completion of the acquisition of Middleton, Mr. Clendenin became the CEO of Sunair Pest Holdings and Middleton and Mr. Steinmetz became a director of our Company. The subordinated note bears interest at an annual rate equal to the prime rate as reported from time to time in the Wall Street Journal. During the fiscal year ended September 30, 2007, the Steinmetz Trusts and the Clendenin Trust were paid an aggregate of \$331,205 and \$82,801 in interest, respectively. On September 8, 2006, we completed the sale of substantially all of the assets of Sunair Communications, Inc. (Sunair Communications), our wholly-owned subsidiary through which we previously operated our high frequency single sideband communication business, to Sunair Holdings, LLC, a Florida limited liability company (Sunair Holdings). The aggregate consideration received by us consisted of \$3.7 million in cash and \$2.0 million in the form of a three year subordinated promissory note issued by Sunair Holdings and made payable to Sunair Communications. Effective upon the closing, Synnott B. Durham resigned as our Chief Financial Officer and an officer and director of Sunair Communications, and James E. Laurent resigned as an officer and director of Sunair Communications. Messrs. Durham and Laurent are also affiliates of Sunair Holdings. As affiliates of Sunair Holdings, Messrs. Durham and Laurent have jointly and severally guaranteed the payment of the promissory note. In connection with the sale, we also repurchased from Mr. Durham 17,000 shares of our common stock, and we repurchased from Mr. Laurent 36,000 shares of our common stock. The proceeds were credited toward the cash portion of the purchase price at the closing. The purchase price for the repurchased shares was determined by multiplying the number of shares by the average closing price of a share of our common stock as reported on the AMEX for the 30 consecutive trading day period ending the second trading day immediately prior to the closing.

Policies and Procedures Regarding Review, Approval or Ratification of Related Person Transactions

In accordance with our Audit Committee Charter, our Audit Committee is responsible for reviewing and approving the terms and conditions of all related party transactions. A report is made to our Audit Committee annually disclosing all related parties that are employed by us and related parties that are employed by other companies that we had a material relationship with during that year, if any.

The Audit Committee pre-approves the engagement of Berenfeld Spritzer Shechter & Sheer for all professional services. The pre-approval process generally involves the full Audit Committee evaluating and approving the particular engagement prior to the commencement of services.

Audit-Related Fees; Tax Fees; Financial Information Systems Design and Implementation Fees; All Other Fees

All audit-related services, tax services and other services were pre-approved by the Audit Committee, which concluded that the provision of these services by BSS&S was compatible with the maintenance of the firms independence in the conduct of auditing functions. The Audit Committee's charter provides the Audit Committee with authority to pre-approve all audit and allowable non-audit services to be provided to us by our external auditors.

In its performance of these responsibilities, prior approval of some non-audit services is not required if:

- (i) these services involve no more than 5% of the fees paid by us to our auditors during the fiscal year;
- (ii) these services were not recognized by us to be non-audit services at the time of the audit engagement; and
- (iii) these services are promptly brought to the attention of the Audit Committee and are approved by the Audit Committee prior to completion of the audit for that fiscal year.

The Audit Committee annually reviews the performance of its independent registered public accounting firm and the fees charged for its services.

The Audit Committee of our board of directors has considered whether the provision of the above-described services is compatible with maintaining BSS&S's independence and believes the provision of such services is not incompatible with maintaining this independence.

Our Board of Directors knows of no other business to be brought before the Annual Meeting. If, however, any other business should properly come before the Annual Meeting, the persons named in the accompanying proxy will vote proxies as in their discretion they may deem appropriate, unless they are directed by a proxy to do otherwise.
