**NOTICE OF ANNUAL MEETING OF STOCKHOLDERS
TO BE HELD JUNE 24, 2008**

May 9, 2008

To the Stockholders of
American Eagle Outfitters, Inc.:

The 2008 Annual Meeting of Stockholders of American Eagle Outfitters, Inc., a Delaware corporation, will be held at the Company's offices located at 77 Hot Metal Street, Pittsburgh, Pennsylvania, on June 24, 2008, at 11:00 a.m., local time, for the following purposes:

1. To elect three Class I directors to serve until the 2011 Annual Meeting of Stockholders, or until their successors are duly elected and qualified;
2. To ratify the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending January 31, 2009; and
3. To transact such other business as may properly come before the meeting or any adjournment thereof.

We have elected to furnish proxy materials and our Fiscal 2007 Annual Report on Form 10-K (Annual Report) to many of our stockholders over the Internet pursuant to new Securities and Exchange Commission rules, which should allow us to reduce costs associated with the 2008 Annual Meeting of Stockholders. On or about May 9, 2008, we mailed to most of our stockholders a Notice of Internet Availability of Proxy Materials (the Notice) containing instructions on how to access our Proxy Statement and Annual Report and how to vote online. All other stockholders received a copy of the Proxy Statement and Annual Report by mail. The Notice also contains instructions on how you can elect to receive a printed copy of the Proxy Statement and Annual Report, if you only received a Notice by mail.

Whether or not you plan to attend the meeting, please vote your shares promptly as outlined in the following Proxy Statement. If you attend the meeting, you may vote in person and your proxy will not be used.

By Order of the Board of Directors

**PROXY STATEMENT
ANNUAL MEETING OF STOCKHOLDERS
JUNE 24, 2008**

This Proxy Statement is being furnished in connection with the solicitation of proxies by the Board of Directors of American Eagle Outfitters, Inc., a Delaware corporation, for use at the Annual Meeting of Stockholders to be held on June 24, 2008, at 11:00 a.m., local time, at the Company's offices located at 77 Hot Metal Street, Pittsburgh, Pennsylvania and at any adjournment thereof. It is being mailed to the stockholders on or about May 9, 2008. (We, our, and the Company refer to American Eagle Outfitters, Inc.)

QUESTIONS AND ANSWERS ABOUT THE ANNUAL MEETING

Who is entitled to vote?

Stockholders of record at the close of business on April 28, 2008, the record date for the Annual Meeting, are entitled to vote at the Annual Meeting. As of the record date, there were 205,797,609 shares of Common Stock, with \$.01 par value, outstanding and entitled to vote. Each share that you own entitles you to one vote.

What am I voting on?

There are two matters scheduled for a vote at the Annual Meeting:

1. Election of three Class I directors to serve until the 2011 Annual Meeting of Stockholders, or until their successors are duly elected and qualified; and
2. Ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending January 31, 2009.

How does the Board recommend I vote on these proposals?

The Board of Directors recommends a vote FOR each of the nominees for director listed in this Proxy Statement, and FOR the ratification of the appointment of Ernst & Young LLP as our independent registered public accounting firm for the fiscal year ending January 31, 2009.

Why did I receive a Notice of Internet Availability of Proxy Materials?

The Securities and Exchange Commission (SEC) recently adopted rules for the electronic distribution of proxy materials. We have elected to provide access to our proxy materials and Fiscal 2007 Annual Report on Form 10-K (Annual Report) on the Internet, instead of mailing the full set of printed proxy materials as in years past, which should allow us to reduce costs associated with the Annual Meeting. On or about May 9, 2008, we mailed to most of our stockholders a Notice of Internet Availability of Proxy Materials (the Notice) containing instructions on how to access our Proxy Statement and Annual Report and how to vote online. If you received a Notice by mail, you will not receive a printed copy of the proxy materials in the mail unless you request it. Instead, the Notice instructs you on how

to access and review all of the important information contained in the Proxy Statement and Annual Report. The Notice also instructs you on how you may submit your proxy over the Internet. If you received a Notice by mail and would like to receive a printed copy of our proxy materials, you should follow the instructions for requesting such materials included in the Notice.

Table of Contents

How do I vote my shares?

If your shares are registered directly in your name (you are a registered stockholder), you received a proxy card along with a printed copy of the proxy materials. You may complete and sign the enclosed proxy card and return it in the pre-paid envelope. Alternatively, you may attend and vote in person at the Annual Meeting.

If you are a beneficial owner of shares registered in the name of your broker, bank or other agent (in street name), you should receive either a Notice or a voting instruction form along with a Proxy Statement. You should follow the instructions on the Notice or the voting instruction form in order to ensure that your vote is counted. To vote in person at the Annual Meeting, you must obtain a legal proxy from the broker, bank or agent that holds your shares to present at the meeting.

Can I change or revoke my proxy?

Yes. If you are a registered stockholder, you may revoke your proxy at any time before it is voted by delivering written notice to the Company (Attention: Neil Bulman, Jr., Secretary), by submitting a properly executed proxy bearing a later date or by attending the meeting and voting in person.

If your shares are held in street name, you may revoke your proxy by submitting new voting instructions to your broker or, if you have obtained a legal proxy from your broker, by attending the Annual Meeting and voting in person.

What constitutes a quorum?

A quorum of stockholders is necessary to transact business at the Annual Meeting. A quorum will be present if a majority of the outstanding shares of the Company's common stock, as of the close of business on the record date, are represented by stockholders present at the meeting or by proxy. At the close of business on the record date, there were 205,797,609 shares of Common Stock outstanding and entitled to vote. Therefore, 102,898,805 shares will be required to be represented by stockholders present at the meeting or by proxy in order to establish a quorum.

Abstentions and broker non-votes will be counted towards the quorum. Broker non-votes occur when brokers, who hold their customers' shares in street name, sign and submit proxies for such shares and vote such shares on some matters but not others. This would occur when brokers have not received any instructions from their customers, in which case the brokers, as the holders of record, are permitted to vote on routine matters, which include the election of directors and the ratification of the appointment of an independent registered public accounting firm, but not on non-routine matters.

What vote is required to approve each proposal?

Once a quorum is established, directors in an uncontested election are elected by a majority of the votes cast in respect to that director's election. In the event of a contested election of directors, directors shall be elected by the vote of a plurality of the votes represented by the shares of Common Stock present at the meeting in person or by proxy. Properly executed proxies marked Abstain and broker non-votes are not voted with respect to the nominee or nominees indicated, although they are counted for purposes of determining if a quorum is present.

Appointment of Ernst & Young LLP as our independent registered public accounting firm is ratified by the affirmative vote of a majority of the shares of Common Stock present at the meeting, in person or by proxy.

For any other item that is properly submitted to stockholders for approval at the Annual Meeting, an affirmative vote of a majority of the shares of Common Stock voting on the matter is required for approval. For purposes of

determining the number of shares of Common Stock voting on a matter, abstentions are

Table of Contents

counted and will have the effect of a negative vote; broker non-votes are not counted and have no effect on the vote.

Who bears the costs of this solicitation?

We bear the cost of the solicitation of proxies, including the charges and expenses of brokerage firms and others for forwarding solicitation material to beneficial owners of stock. Our representatives may solicit proxies by mail, telegram, telephone or personal interview. To solicit proxies, we request the assistance of banks, brokerage houses and other custodians, and, upon request, reimburse such organizations for their reasonable expenses in forwarding soliciting materials to beneficial owners and in obtaining authorization for the execution of proxies.

Can I nominate someone for election to the Board of Directors?

Yes, for election at next year's Annual Meeting. You may do so by delivering to the Corporate Secretary, no earlier than March 25, 2009 and no later than April 24, 2009, a notice stating: (i) the name and address of the stockholder who intends to make the nomination; (ii) the name, age, business address and, if known, residence address of each nominee; (iii) the principal occupation or employment of each nominee; (iv) the number of shares of stock of the Company that are beneficially owned by each nominee and the nominating stockholder; and (v) the other information specified in Article Tenth (b) of our Certificate of Incorporation. Our Certificate of Incorporation is available on our website at www.ae.com under the links About AE, AE Investment Info, Corporate Governance, Other Governance Documents.

Additionally, you may recommend a nominee for consideration by our Nominating and Corporate Governance Committee (the Nominating Committee). Recommendations should be submitted to our Nominating Committee in accordance with the procedures described below under the *Nominating Committee* section.

May I submit a stockholder proposal for next year's Annual Meeting?

Yes. Stockholder proposals to be included in the proxy statement for the 2008 Annual Meeting of Stockholders must be received by the Company (addressed to the attention of the Secretary) by January 8, 2009. We may omit from the proxy statement and form of proxy any proposals that are not received by the Secretary by January 8, 2009. Any stockholder proposal submitted outside the processes of Rule 14a-8 under the Securities Exchange Act of 1934 for presentation at our 2009 Annual Meeting will be considered untimely for purposes of Rule 14a-4 and 14a-5 under the Securities Exchange Act of 1934 if notice thereof is received before March 25, 2009 or after April 24, 2009. To be submitted at the meeting, any such proposal must be a proper subject for stockholder action under the laws of the State of Delaware, and must otherwise conform to applicable requirements of the proxy rules of the SEC.

(1) Fiscal 2007 refers to the fifty-two week period ended February 2, 2008.

(2) Amounts represent fees paid during Fiscal 2007. Directors who are not employees of the Company are paid a retainer of \$55,000 per year, payable in installments on the first business day of each calendar quarter. Non-employee directors who serve on a Board committee receive a retainer of \$20,000 per year for each committee, paid in installments on the first business day of each calendar quarter. Non-employee directors who serve as committee chairs receive an additional retainer, also paid in installments on the first day of each calendar quarter, as follows: \$18,000 per year for the Audit Committee; \$15,000 per year for the Compensation Committee; and \$12,000 per year for the Nominating Committee.

(3) Under the Company's 2005 Stock Award and Incentive Plan, directors who are not employees of the Company receive an automatic stock grant of a number of shares equal in value to \$25,000 based on the closing sale price of the Company's stock on the first day of each calendar quarter.

Directors may defer receipt of up to 100% of the shares payable under the quarterly stock grant in the form of a share unit account. From June 2007 to December 2007, Mr. McMillan elected to defer 100% of his quarterly share retainer in accordance with the Director Deferred Compensation Agreement (the Agreement) until the date of a distribution event as described in the Agreement. Beginning January 2008, Mr. McMillan elected to reduce his deferral amount to 50% of his quarterly share retainer. Additionally, beginning January 2008, Mr. Presby elected to defer 100% of his quarterly share retainer in accordance with the Agreement until the date of a distribution event as described in the Agreement.

- (4) Mr. McMillan was elected to the Board at the 2007 Annual Meeting of Stockholders held on June 12, 2007. Accordingly, his compensation is pro-rated based on the date of election.

- (6) Mr. Wolf served on the Board of Directors until the 2007 Annual Meeting of Stockholders held on June 12, 2007.

Until June 2005, non-employee directors received an automatic quarterly grant of options to purchase shares of common stock. At February 2, 2008, the aggregate number of option awards outstanding was: Mr. Jesselson 2,813 shares; Ms. Page 19,688 shares; Mr. Wedren 25,313 shares; and Mr. Wolf 25,313 shares. Mr. Schottenstein also received various stock option awards prior to June 2005, as determined by the Compensation Committee, and awards for 1,560,172 shares remain outstanding.

In June 2005, the Board of Directors determined that each director should own common stock of the Company and established the following ownership guidelines. Within three years of joining the Board or the implementation of the ownership guidelines, each director must hold stock of the Company worth at least four times the current annual cash base retainer amount, or currently \$220,000. The following forms of equity interests in the Company count towards the stock ownership requirement: shares purchased on the open market; shares obtained through stock option exercise; shares held as deferred stock units; shares held in benefit plans; shares held in trust for the economic benefit of the director or spouse or dependent children of the director; and shares owned jointly or separately by the spouse or dependent children of the director. Stock options do not count towards the stock ownership requirement.

member who is a non-executive employee of the Company or one of its Subsidiaries, or benefits under a tax-qualified retirement plan; and

COMPENSATION DISCUSSION AND ANALYSIS

Overview

This Compensation Discussion and Analysis describes the compensation philosophy, objectives, policies and practices with respect to our named executive officers (the NEOs). For Fiscal 2007, our NEOs included our Chief Executive Officer, President/Chief Merchandising Officer, Chief Design Officer, Chief Marketing Officer, and Chief Financial Officer.

Performance-Results

For Fiscal 2007, NEO compensation was driven by the Company's financial results, as measured by diluted earnings per share (EPS). Fiscal 2007 EPS incorporates operational results including American Eagle Outfitters, Inc; aerie; MARTIN + OSA; and investment in the launch of 77kids. As described herein, our EPS growth was above threshold but did not meet target-level performance. Accordingly, this resulted in below target payout and vesting of performance-based compensation. All performance awards were based on pre-established goals and discretion was not exercised in determining any NEO awards.

The NEO s resulting realized compensation based on Fiscal 2007 Company performance reflects the performance-oriented nature of the plan. In a year with below target performance, executives realized compensation was significantly lower than grant date target value. Payouts in the annual incentive bonus plan, long-term incentive cash plan contributions and restricted stock vesting were all reduced due to Company

Table of Contents

performance. As a result, realized performance-based compensation for NEOs was reduced by 30% on average from target levels.

Role of Our Compensation Committee

Our Compensation Committee reviews and approves salaries and other compensation of named executive officers, administers the Company's 1994 Stock Option Plan, 1999 Stock Incentive Plan and 2005 Stock Award and Incentive Plan and administers the Company's Management Incentive Plan.

Role of Executive Officers in Compensation Decisions

Mr. O'Donnell, our Chief Executive Officer, annually reviews the performance of each NEO with the Compensation Committee and makes recommendations with respect to each element of executive compensation for each NEO, excluding himself. Based in part on these recommendations and other considerations discussed below, the Compensation Committee approves, when appropriate, the annual compensation package of our named executive officers. Mr. O'Donnell reviews and recommends changes to the Compensation Committee for the Company peer group when necessary.

Variations for NEOs with Employment Agreements

The two highest paid NEOs (Chief Executive Officer and President/Chief Merchandising Officer) are employed pursuant to individual employment agreements. Because these agreements were separately negotiated with the Compensation Committee based on the individual NEO's circumstances and the criticality of retaining these key leaders, the value of some of the compensation elements are above the range of our general plan design. However, the primary compensation elements are the same as those in our overall plan and align with our governing philosophy and objectives regarding executive compensation.

Compensation Program Objectives

The overall objective of our executive compensation program is to attract highly skilled, performance-oriented executives and to motivate them to achieve outstanding results through appropriate means. We focus on the following core principles in structuring an effective compensation program that meets our stated objective:

Performance We endeavor to align executive compensation with the achievement of operational and financial results and increases in shareholder value. Our compensation program includes significant performance based remuneration and is designed for our executives to have a larger portion of their total compensation at risk based on Company performance than our peer companies. We believe this feature creates a meaningful incentive for outstanding performance and an effective retention tool. In addition, our program features a substantial equity component in order to align executive interests with the interests of our shareholders.

Competitiveness We structure executive compensation to be competitive relative to a group of retail peers. We target total compensation at approximately the 75th percentile of our peer group in recognition of our emphasis on performance based compensation, the larger size of our Company relative to the peer group, the setting of stretch growth and performance goals, and our aggressive business strategy.

Affordability We design our compensation program to limit fixed compensation expense and increase budget predictability by emphasizing variable, performance based compensation. In addition, we structure our incentive plans to maximize financial efficiency by establishing programs that are tax deductible and by making performance based payments only to the extent that underlying performance supports the expense.

Simplicity We have endeavored to create a simple, straight-forward compensation program; one that our associates and shareholders can easily understand.

Table of Contents

Compensation Program Elements

Our executive compensation program is designed to place a large amount of pay at risk for all executives. Our philosophy serves to cultivate a pay-for-performance environment. Our executive compensation plan design has five key elements:

Base Salary

Annual Incentive Bonus

Long-term Incentive Cash Plan (LTICP)

Restricted Stock (RS)

Non-Qualified Stock Options (NSO)

Three of the elements (Annual Incentive Bonus, Long-term Incentive Cash Plan, and Restricted Stock) are entirely at risk based on Company performance and are subject to forfeiture if the Company does not achieve threshold performance goals. Company performance below threshold levels results in forfeiture of all elements of direct compensation other than base salary and Non-Qualified Stock Options. At threshold performance and below, the NEO s total annual compensation declines by an average of 77% relative to target performance. Annual compensation at threshold levels and below includes only base salary and the stock option component of the long-term incentive/equity opportunity, the latter of which provides compensation only to the extent that vesting requirements are satisfied and share price appreciates.

We strategically allocate compensation between short-term and long-term components and between cash and equity in order to maximize executive performance and retention. While we endeavor to design compensation packages consistently for our executives, long-term compensation and equity awards comprise an increasingly larger proportion of total compensation as position level increases. The portion of total pay attributable to long-term incentive cash/equity compensation increases at successively higher levels of management, which ensures that executive compensation closely aligns with changes in shareholder value and achievement of performance objectives and that executives are held accountable for results relative to position level.

Base Salary

Base salary represents the annual salary paid to each executive. The objective of base salary is to provide a baseline compensation level that delivers current cash income to the NEOs and reflects his or her job responsibilities, experience and value to the Company. To aid in attracting and retaining high quality executives, salaries for our named executive officers are generally targeted at the 75th percentile of our peer group to reflect the Company s large size relative to the peer group, the aggressive nature of our overall business plan, and the highly performance-based nature of the other elements of the direct compensation program. We review base salaries in the last quarter of the fiscal year and increases, where applicable, are typically effective for the beginning of the new fiscal year. Individual salaries range above or below the 75th percentile based on a variety of factors, including position level, executive experience relative to industry peers, individual performance, future potential, leadership qualities and unique skill sets.

Annual Incentive Bonus

We structure the Annual Incentive Bonus to encourage the achievement of above market annual performance targets and to recognize and reward short-term Company performance. The Annual Incentive Bonus focuses the executive team on key annual objectives and business drivers that support growth of the Company's EPS, improvement in overall operations, and increases in shareholder value. We establish an executive's annual incentive bonus as a percentage of base salary, with increases in target percentages directly related to position level. This approach places a proportionately larger percentage of total annual pay at risk for our executives relative to position level and ensures that accountability is directly proportionate to each executive's role and responsibility. In Fiscal 2007, the target award opportunity for our Chief Executive

Table of Contents

Officer is equal to 120% of base salary and the target award opportunities for our other NEOs range from 50% to 100% of base salary. Annual incentive bonus payouts fluctuate based upon Company EPS, with actual Annual Incentive Bonus payments ranging from zero at threshold performance, to 100% at target performance, to 200% if the Company achieves goals that are substantially above our business plan for the fiscal year. Refer to the 2007 Performance Metrics section below for a description of the 2007 Annual Incentive Bonus metrics. Fiscal 2007 bonuses were paid at 70% of target based upon EPS of \$1.82.

Long-term Incentive Cash Plan

The Long-term Incentive Cash Plan is a performance based variable incentive plan that supports both retention and performance motivation objectives. The Company instituted the LTICP in Fiscal 2005 and makes LTICP awards to the NEOs and to certain other executives who participate in the plan. Executives that do not participate in the LTICP receive the same long-term incentive/equity proportion of total compensation as similarly situated executives participating in the LTICP; however, their total long-term incentive/equity value is delivered entirely through Restricted Stock and Stock Options and their total equity includes a relatively larger percentage of Restricted Stock and Stock Options than an LTICP participant. Target award opportunities under the LTICP are equal to 50% of the participant's Annual Incentive Bonus target opportunity. LTICP awards are contingent upon the achievement of pre-established annual EPS goals, which are described below.

Like the Annual Incentive Bonus plan, LTICP awards are contingent upon satisfaction of EPS targets. However, the performance goals in the LTICP are set below the goals in the Annual Incentive Bonus and Restricted Stock program, each of which contains aggressive performance requirements. The more modest goals in the LTICP support retention oriented objectives and help to mitigate the potential volatility in compensation opportunity that may result from the setting of aggressive targets in the other variable compensation plans.

Actual LTICP awards range from zero for performance below the threshold EPS goal, to 25% of the targeted percentage amount at the threshold EPS goal, to 100% of the targeted percentage amount at the target EPS goal, to 200% of the targeted percentage amount if the Company achieves goals that are substantially above our business plan. Each year, upon achievement of stated goals, the Company defers LTICP awards (if any) into notional accounts. For Fiscal 2007, the performance of all notional accounts was based on a single diversified fund, selected by the Company. After a three year waiting period from a participant's first award, the executive begins to receive an annual payout of one-third of their existing account balance. The payments are taxed at distribution to the executive. The Company pays all account balances in full upon an executive's retirement. For Fiscal 2007, the LTICP awards funded at 72% of target based on actual EPS of \$1.82. Following the Fiscal 2007 contribution, executives with three years of contributions into the LTICP received their first payout of one-third of their existing LTICP account balance

We have enjoyed success in the past few years. During this same period, many of our key competitors have entered phases of expansion or rebuilding. This dynamic led management and the Compensation Committee to consider the establishment of formal non-competition/non-solicitation agreements to mitigate the possibility of senior executives entering into direct competition with the Company and to protect the Company's investment in human capital following termination of a NEO's employment. During Fiscal 2007 the Company and Compensation Committee researched and approved plan design changes to the LTICP. The new feature in the plan affords the Company the protection of executive non-competition/non-solicitation agreements. Executives who participate in this feature of the plan are obligated to a twelve month non-competition and eighteen-month non-solicitation agreement upon their separation. In consideration for this agreement, the Company will pay out the balance in the LTICP for these Executives following their separation. The LTICP account balance is paid out in three installments; the first six months post-separation and the second and third at the time of the normal annual payouts for active participants in following years. The payment is contingent upon continued adherence to the non-competition/non-solicitation agreement. This initiative, using the LTICP, did not result in any incremental compensation expense to the Company

in Fiscal 2007.

Table of Contents*Equity Awards*

Equity compensation is designed to align executive compensation with short-term and long-term Company performance. The Company utilizes a combination of performance-based Restricted Stock awards and time-based Non-Qualified Stock Option grants to focus management on corporate performance and sustainable earnings growth. The overall plan design has a heavier emphasis on Stock Options than on Restricted Stock due to the growth positioning of the Company and our commitment to increasing long term shareholder value. Total equity grant value pools are pre-determined based upon the framework of the executive compensation plan design.

Restricted Stock: Restricted Stock awards represent approximately 40% of the value of an executive's overall long-term incentive/equity, once the LTICP has been calculated. This value may vary depending on position level and eligibility for the LTICP. We determine the number of shares of Restricted Stock based on the overall dollar value of the award, adjusted for performance risk, divided by the closing price of our common stock on the grant date. We adjust the overall dollar value of the award for risk in order to take into account the inherent volatility of the specialty retail industry and the potential risk of forfeiture due to Company performance.

Restricted Stock grants feature one-year performance based vesting. Restricted Stock vests upon achievement of pre-established annual EPS goals, which are described below. If threshold performance is not met, the award recipient forfeits all shares. An award recipient cannot earn more than 100% of target, and unlike the Annual Incentive Bonus and LTICP, above-target performance does not result in receipt of additional shares of Restricted Stock. Based on Fiscal 2007 EPS of \$1.82, 70% of the target restricted shares granted in Fiscal 2007 were earned and the balance was forfeited.

The table below describes key features of our Restricted Stock award program:

	Timing	Grant Date/Grant Price	Approval
New Hires & Promotions	Awarded to all newly hired or promoted executives on the first business day of employment in executive role.	The hire date or promotion date is the grant date and the closing price of our common stock on the grant date is the grant price.	New hire/Promotion award amounts are determined by our executive compensation team and presented to our Chief Executive Officer for review and approval based on delegation of authority from the Compensation Committee. If the grant date fair value of a new hire or promotion award exceeds \$200,000, the Compensation Committee must approve the award.

new fiscal year.

The CEO may exercise discretion in his recommendations to the Compensation Committee with regard to grants of Restricted Stock for all executives based on individual performance, including the named executive officers, excluding himself. However, adjustments suggested by the CEO must not result in an expansion of the overall grant value pool under any circumstances. Compensation Committee approval of individual Restricted Stock awards is final and no changes are permitted after that approval.

Non-Qualified Stock Options: Stock Options represent 60% of the value of an executive's overall long-term incentive/equity, once the LTICP has been calculated. This value may vary depending on position level and eligibility for the LTICP. We determine the number of shares underlying each Option grant based on the overall value of the grant using a Black-Scholes option pricing model and the closing price of our common stock on the grant date. In no event will we grant Options at an exercise price below the fair market value of our common stock on the date of grant. Stock Option grants vest proportionally over three years with a seven year term from the grant date, assuming continued employment.

The table below describes key features of our Stock Option award program:

	Timing	Grant Date/Exercise Price	Approval
New Hires & Promotions <i>First Fiscal Quarter (following the first Compensation Committee meeting of the fiscal year) through Third Fiscal Quarter</i>	Awarded to all newly hired or promoted executives on the first business day of the fiscal quarter following hire/promotion.	The first business day of the following fiscal quarter is the grant date and the closing price on that date is the exercise price.	New hire/Promotion award amounts are determined by our executive compensation team and presented to our Chief Executive Officer for review and approval based on delegation of authority from the Compensation Committee. If the grant date fair value of a new hire or promotion award exceeds \$200,000, the Compensation Committee must approve the award.
New Hires & Promotions <i>Fourth Fiscal Quarter through First Fiscal Quarter (through the first Compensation Committee meeting of the fiscal year)</i>	Awarded to all newly hired or promoted executives; timed with the annual award in the first quarter of each fiscal year.	The date of the first regularly scheduled meeting of the Compensation Committee for the fiscal year is used as the grant date and the closing price on that date is the exercise price.	
Annual Award	Awarded to all active executives in the first quarter of each fiscal year.	The date of the first regularly scheduled meeting of the Compensation Committee for the fiscal year is used as the grant date and the closing price on that date is the exercise price.	We present final annual award amounts for all NEOs to the Compensation Committee for approval at the first regularly scheduled Committee meeting of the new fiscal year.

The CEO may exercise discretion in his recommendations to the Compensation Committee with regard to grants of Stock Options for all executives based on individual performance, including the named executive officers, excluding

himself. However, adjustments suggested by the CEO must not result in an expansion of the overall grant value pool under any circumstances. Compensation Committee approval of individual Stock Option awards is final and no changes are permitted after that approval.

Delegation of Authority: The Compensation Committee delegates authority to the CEO to grant Restricted Stock and/or Stock Options awards for internal promotions and new hires, subject to an overall dollar value for each award and for all awards in total. No authority is delegated for awards to NEO s.

Executive Perquisites

Executive perquisites are not a significant component of our executive compensation program. We limit the use of perquisites among our eligible executives. Executive perquisites are disclosed in the Summary Compensation Table.

2007 Performance Metrics

In the continued interest of simplicity and focus, for Fiscal 2007, the Compensation Committee chose a single performance metric, diluted EPS, to develop targets for awarding performance-based compensation. Annual Incentive Bonus, Long-Term Incentive Cash Plan and Restricted Stock awards are all contingent upon the achievement of specific EPS goals. The Compensation Committee has chosen EPS as the key performance metric because it reflects the Company's success in growing the business and driving sustained increases in profit. We believe that EPS reflects all key financial and operational performance objectives, while maintaining simplicity in the design and execution of our executive compensation program. Moreover, we believe that EPS targets encourage management to focus on all aspects of performance, including both top line growth in revenue, expense control and bottom line results.

Our Compensation Committee establishes performance goals at the beginning of each fiscal year based on a variety of factors, such as internal budget, investor expectations, peer company results, prior year Company performance, upcoming fiscal year business plan, and strategic initiatives. To ensure a direct correlation between the level of responsibility and accountability for results, the Company has developed a payout structure related to EPS goals for the Executive team that is more challenging than that below the Executive-level.

For Fiscal 2007, the Compensation Committee established the following EPS goals for Executive-level Associates, measuring EPS growth against prior year realized EPS:

For Annual Incentive Bonus: \$1.70 at Threshold (reflecting 0% growth), \$1.95 at Target (reflecting 15% growth) and \$2.04 at Maximum (reflecting 20% growth).

For Restricted Stock awards: \$1.70 at Threshold (reflecting 0% growth) and \$1.95 at Target (reflecting 15% growth).

For the LTICP awards: \$1.70 at Threshold (reflecting 0% growth), \$1.87 at Target (reflecting 10% growth) and \$1.95 at Maximum (reflecting 15% growth).

A 15% EPS growth target aligns with our business strategy and our status as a growth company. Moreover, the 15% EPS growth target established at the beginning of Fiscal 2007 exceeded the then general analyst consensus for the Company of 11.5% growth. Fiscal 2007 actual EPS was \$1.82.

Compensation Benchmarking

In addition to many other factors that affect compensation determinations, we take into account the compensation practices of comparable companies in formulating our compensation program. We consider three key factors in choosing the companies that comprise our peer group:

Talent Companies with which we compete for executive-level talent.

Size Companies within the specialty retail industry with comparable revenue.

Comparability Companies with which we compete for customers and investors.

For Fiscal 2007, the Company chose a peer group of specialty retailers consisting of the following component companies:

Abercrombie & Fitch Co. (ANF)

Aeropostale, Inc. (ARO)

AnnTaylor Stores Corp. (ANN)

Chico's FAS, Inc. (CHS)

Table of Contents

Dick's Sporting Goods (DKS)

Gap, Inc. (GPS)

Guess, Inc (GES)

Hot Topic, Inc. (HOTT)

J. Crew Group, Inc. (JCG)

Limited Brands, Inc. (LTD)

New York & Company, Inc. (NWY)

Pacific Sunwear of California, Inc. (PSUN)

Polo Ralph Lauren (RL)

Quiksilver, Inc. (ZQK)

Talbots, Inc. (TLB)

Urban Outfitters (URBN)

We evaluate our peer group on an annual basis for relevance and propose changes when appropriate. The Compensation Committee reviews and approves the recommended peer group changes as necessary. For Fiscal 2007, the Compensation Committee approved an updated peer group; which is reflected above. Based on the definitions stated; three companies were removed from the Fiscal 2006 peer group, including: The Children's Place; Coach, Inc.; Coldwater Creek, Inc.; and three additional companies were added to the peer group for Fiscal 2007 (Dick's Sporting Goods, Guess, Inc. and Polo Ralph Lauren).

Timing of Equity Awards

Although the Company does not have a formal policy surrounding the timing of equity awards and the release of material, non-public information, the Company does utilize a consistent approach to selecting both the grant dates and the terms of equity awards as described earlier. The Company makes annual equity grants in the first quarter of the fiscal year. For the past three years; the grant date was the Compensation Committee meeting date during which earnings were certified for the prior fiscal year. It is the Company's intention to continue the practice of using the Compensation Committee meeting date during which prior year financial results are certified as the grant date.

Context for Changes to Executive Contracts

Beginning in the third quarter of Fiscal 2006, the Company entered into negotiations with the CEO, Mr. James O'Donnell, regarding the renewal of his contract. The proposals and subsequent negotiations focused on continuing Mr. O'Donnell's position as our CEO through Fiscal 2009 and a consulting term through Fiscal 2010. The structure and elements of the contract reflect Mr. O'Donnell's seasoned leadership which has led to industry leading performance at the Company. We are in a critical growth period with the launch of the new businesses MARTIN + OSA, aerie, and 77kids. Mr. O'Donnell's track record has proven that he has and is capable of delivering on the goals, objectives, and

expectations of the Board of Directors. Additionally, the potential for continued expansion of the Company, either through additional businesses, sub brands, or internationally will benefit greatly from Mr. O'Donnell's knowledge and experience. Also, inherent to his leadership role, it is expected that Mr. O'Donnell will continue to mentor our executive team during his tenure with the Company. Given the nature of the expectations framing the responsibilities and accountabilities of Mr. O'Donnell's role within the Company during the contract term, his total compensation package in the new contract is heavily performance-based. The final contract was executed on December 28, 2006 and became effective on February 4, 2007, coinciding with the beginning of Fiscal 2007.

Beginning in the fourth quarter of Fiscal 2006, the Company entered into negotiations with the President/Chief Merchandising Officer, Ms. Susan McGalla, regarding the renewal of her contract. The proposals and subsequent negotiations focused on continuing Ms. McGalla's position as the Company's President/Chief Merchandising Officer through Fiscal 2008. We approached the negotiations with the understanding that Ms. McGalla's contributions and leadership to the American Eagle Brand during the previous two fiscal years have been an integral part of the overall success of the organization. Ms. McGalla consistently demonstrated commitment, innovation, and passion for the Company and the brand has led to exceptional performance and growth. Her knowledge of and experience in the specialty retail industry has been and will continue to be important in meeting the growth and success expectations of the Board of Directors and shareholders. Additionally, the Company's ability to expand its portfolio with the addition of the MARTIN + OSA, aerie,

Table of Contents

and 77kids is based on the strength of the core American Eagle Brand. Potential future expansions (additional divisions, sub brands, or internationally) will rely heavily on the foundation of the American Eagle Brand and its continued success. Also, Ms. McGalla has been instrumental in identifying and developing the executive leadership within the Company's Design, Merchandising, and Marketing divisions. Given the nature of the expectations framing the responsibilities and accountabilities of Ms. McGalla's role within the Company during the contract term, her total compensation package in the new contract is substantially performance-based. The final contract was executed and became effective on March 1, 2007.

Severance and Change of Control Payments

Some of our NEOs are entitled to receive severance payments and other benefits in the event of a change in control of the Company and/or upon the termination of the executive's employment with the Company under specified circumstances. These arrangements provide essential protections to both the executive and the Company. Agreements providing for severance and change of control payments assist the Company in attracting and retaining qualified executives that could have other job alternatives. At the same time, the applicable agreements preserve valuable Company assets by imposing upon the executive's non-competition and non-solicitation restrictions, confidentiality obligations, and cooperation covenants. For a description and quantification of these severance and change of control benefits, please see the section entitled Post-Employment Compensation.

Role of Compensation Consultants

The Compensation Committee has the authority under the Compensation Committee Charter to retain outside consultants or advisors to assist the Committee. The Committee engages the services of Watson Wyatt & Company as its primary independent outside compensation consultant to advise the committee on all matters related to Chief Executive Officer and other executive compensation. The independent compensation consultant does not advise the Company's management and only works with management under the direction of the Compensation Committee. Representatives of Watson Wyatt attended a majority of the Compensation Committee meetings in Fiscal 2007. Watson Wyatt & Company does not provide any other services to the Company. The Compensation Committee may engage other consultants as needed in order to provide analysis, recommendations or other market data.

Our executive compensation management team engages its own consultant, Frederic W. Cook & Co., Inc. which is independent of the consultant engaged by the Compensation Committee, to assist in carrying out its duties. Our executive compensation team works with a compensation consultant to gain insights into market practices and make informed recommendations to the committee on executive compensation plan design and execution. Team members work together to ensure that executive compensation decisions align with the marketplace and the Company's overall compensation objectives. After our executive compensation team has fully developed a compensation plan design or design change, our Chief Executive Officer reviews the proposal following which the Compensation Committee considers the proposal for final approval. Management engages the Hay Group, Inc. as needed to provide market data and analysis.

Tax Matters

Section 162(m) of the Internal Revenue Code generally permits a tax deduction to public corporations for compensation over \$1,000,000 paid in any fiscal year to a corporation's Chief Executive Officer and certain other highly compensated executive officers only if the compensation qualifies as being performance-based under Section 162(m). The Company endeavors to structure its compensation policies to qualify as performance-based under Section 162(m) whenever it is reasonably possible to do so while meeting our compensation objectives.

Nonetheless, from time to time certain non-deductible compensation may be paid and the Board of Directors and the Compensation Committee reserve the authority to award non-deductible compensation in appropriate circumstances. In addition, it is possible that some compensation paid pursuant to certain equity awards that have already been granted may be non-deductible as a result of Section 162(m). The tax impact of the Section 162(m) disallowance for the tax year ended July of 2007 was \$94,643 at 35%.

Additionally, Section 409A of the Internal Revenue Code governs our ability to establish the time and form of payment under our nonqualified deferred compensation arrangements. We believe that we have been operating our nonqualified deferred compensation arrangements in good faith compliance with Section 409A and the guidance available thereunder in effect since January 1, 2005.

Mr. O'Donnell was employed in Fiscal 2007 pursuant to an employment agreement dated December 28, 2006. Pursuant to the Agreement, Mr. O'Donnell will serve as the Company's Chief Executive Officer through the fiscal year ending January 30, 2010 (Fiscal 2009) and as a non-executive employee through January 29, 2011 (Fiscal 2010). This agreement provides for a retirement benefit upon its expiration equal to the greater of (a) \$2,200,000, or (b) Mr. O'Donnell's total cash compensation (base salary plus annual cash incentive bonus, which is limited to target bonus for purposes of the calculation) for the highest compensated fiscal year of the prior six fiscal years. The retirement benefit is payable by the Company over five years after the expiration of the agreement's term in Fiscal 2010. If the Company were to achieve its annual cash bonus goals in each year of the agreement, the retirement benefit payable would be \$3,600,000. Additionally, in the event of a non-cause termination by the Company the agreement provides for severance payments equal to one year of base salary payable in a lump sum within 30 days of termination; the retirement benefit, payable in a lump sum within 30 days of termination; any incentive bonus that would have been paid to the extent that the performance goals established at the time of grant are met for the fiscal year during which termination occurred, even though he was not employed for the entire fiscal year; outstanding stock options shall vest and shall be exercisable for one year after the date of termination; restricted stock awards outstanding at the time of the termination and not previously forfeited shall vest to the extent that the performance goals established at the time of grant are met for the fiscal year during which termination occurred, even though he was not employed for the entire fiscal year; and payment of his Long Term Incentive account in a lump sum payment within 30 days of the date of termination. To the extent that any provisions of the Agreement do not comply with Internal Revenue Code Section 409A (Code Section 409A), which would cause Executive to incur any additional tax or interest under Code Section 409A, such terms of the Agreement shall be deemed to be modified, to the extent reasonably possible to do so, and applied by the Company in a manner to be consistent with Code Section 409A.

Ms. McGalla was employed in Fiscal 2007 pursuant to an employment agreement dated March 1, 2007. In the event of termination of the agreement by the Company under certain circumstances, Ms. McGalla will receive the following:

Severance in the form of one year's base salary, ceasing if she accepts or performs comparable employment;

Any annual incentive cash bonus declared but unpaid if she has been employed the full fiscal year;

Continued medical coverage or payment of her COBRA premiums for one year, ceasing if she becomes eligible for similar coverage under another benefit plan; and

Vesting of any restricted stock awards outstanding at the time of termination to the extent that the performance goals are met for the fiscal year, if she is actively employed at least six full months during the fiscal year.

During Fiscal 2004, we entered into an employment agreement with Charles Chupein, son-in-law of James V. O'Donnell. Mr. Chupein's employment as Vice President and Chief Operating Officer of MARTIN + OSA began on February 14, 2005. During Fiscal 2007, Mr. Chupein received an annual salary of \$290,000. He was granted 8,887 stock options with an exercise price of \$29.83 on March 6, 2007. Additionally, based on the achievement of Fiscal 2007 performance goals, Mr. Chupein received an annual cash bonus of \$81,038, a long term incentive plan award of \$41,677 and 2,852 shares of performance based restricted stock became fully vested on March 5, 2008. For Fiscal 2008, Mr. Chupein will receive an annual salary of \$320,000, which includes an increase attributed to additional responsibilities. Beginning in 2008, Mr. Chupein added the responsibility of production and sourcing to his previous responsibilities over the real estate, store operations, finance and merchandise planning departments. Additionally, he will be eligible to receive an annual cash bonus of \$128,000 and a long term incentive plan award of \$64,000 with the payments contingent on performance goals. The Company engages independent relocation companies (a provider) to provide certain relocation and related services for eligible employees. The relocation benefits vary based on the level of the employee. For executive officers, the Company's relocation program may include a guaranteed purchase offer provision for the employee's pre-move residence under which the provider offers to purchase the employee's residence at a price based on independent appraisals of the property or the price offered by a third-party buyer. Amounts includable in the employee's income under the relocation program are grossed up by the Company to pay the employee's income taxes on those amounts.

Pursuant to such an arrangement, in January 2006, a provider purchased Ms. Savitt's former residence at a purchase price determined by independent appraisals of the property. The provider paid Ms. Savitt the purchase price and assumed all expenses associated with ownership of the property. The Company reimbursed the provider for all expenses, including the loss from the resale of the residence during Fiscal 2007 to a third-party buyer, together with the fees and interest paid to the provider in connection with this arrangement. During Fiscal 2006 and Fiscal 2007, the Company paid or accrued \$1,349,500 and \$200,101, respectively, in connection with the relocation of Ms. Savitt.

Also pursuant to such an arrangement, in August 2006, a provider purchased Ms. Hilson's former residence at a purchase price determined by independent appraisals of the property. The provider paid Ms. Hilson the purchase price and assumed all expenses associated with ownership of the property. The

The Audit Committee reviewed with the independent registered public accounting firm, who is responsible for expressing an opinion on the conformity of those audited financial statements with generally accepted accounting principles, its judgments as to the quality, not just acceptability, of the Company's accounting principles and such other matters as are required to be discussed with the Audit Committee by *Statement on Auditing Standards No. 61, as amended by Statement on Auditing Standards No. 90 (Communications with Audit Committees)*. In addition, the Audit Committee has discussed with the independent registered public accounting firm, its independence from management and the Company, including the matters in the written disclosures required by Independence Standards Board Standard No. 1, and considered the compatibility of nonaudit services with the firm's independence.

The Audit Committee meets with the internal auditors and the independent registered public accounting firm, with and without management present, to discuss the results of their examinations, their evaluations of the Company's internal controls, and the overall quality of the Company's financial reporting.
