The Board of Directors intends to nominate for election as Directors the three (3) persons named in Proposal No. 1 in the Proxy Statement accompanying this Notice, each of whom is currently serving as a Director of the Company. Please note that certain entities affiliated with Ramius Advisors, LLC (the Ramius Group) have provided notice that they intend to nominate their own slate of three (3) nominees for election as Directors at the Annual Meeting and solicit proxies for use at the Annual Meeting to vote in favor of their own slate in opposition to all of the nominees named in Proposal No. 1. We do not endorse the election of any of the Ramius Group s nominees as Director. You may receive proxy solicitation materials from the Ramius Group or other persons or entities affiliated with them, including an opposition proxy statement and proxy card. **THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR THE ELECTION OF ALL OF THE BOARD S NOMINEES ON THE ENCLOSED WHITE PROXY CARD, AND URGES YOU NOT TO SIGN OR RETURN ANY PROXY CARD SENT TO YOU BY THE RAMIUS GROUP.** Even if you have previously signed a proxy card sent by the Ramius Group, you have the right to change your vote by using the enclosed WHITE proxy card to vote by telephone, by Internet or by signing, dating and returning the enclosed WHITE proxy card in the postage-paid envelope provided. PROXY STATEMENT

Annual Meeting of Shareholders to be held on March 26, 2009

The WHITE proxy card enclosed with this Proxy Statement is solicited by the Board of Directors of Agilysys, Inc. (the Company), and is to be used at the Annual Meeting of Shareholders (the Annual Meeting) to be held on March 26, 2009, and any adjournments of the Annual Meeting. The time, place and purposes of the Annual Meeting are stated in the Notice of Annual Meeting of Shareholders which is provided with this Proxy Statement. Without affecting any vote previously taken, a shareholder may revoke his, her or its Proxy by giving notice to the Company in writing at any time before the Proxy's exercise or in the open meeting. Unless so revoked, shares represented by a valid Proxy (in the form enclosed and properly signed) received in time for voting will be voted according to the directions given in the Proxy.

The holders of Common Shares of the Company (the only class of shares outstanding) can vote at the Annual Meeting. At the close of business on February 12, 2009 the date fixed for purpose of determining which shareholders can vote there were 22,672,040 Common Shares outstanding and entitled to vote at the Annual Meeting, each share being entitled to one vote. Under Ohio law and the Company's Amended Code of Regulations, if a quorum is present at the Annual Meeting, the three nominees for election as Directors will be elected as Directors if they receive the greatest number of votes cast for the election of Directors at the Annual Meeting by the holders of Common Shares present in person or represented by Proxy and entitled to vote (Proposal 1). Abstentions and broker non-votes will count as votes present for purposes of determining whether a quorum is present at the Annual Meeting. Abstentions and broker non-votes will have no effect on Proposal 1. By Nasdaq and SEC rule, appointment of the Company's independent auditor is the direct responsibility of the Company's Audit Committee. The Company's Board of Directors has determined, however, to seek shareholder ratification of that selection as a good practice to provide shareholders an avenue to express their views on this important matter. If the affirmative vote of a majority of the shareholders voting fail to ratify the appointment by the Company of Ernst & Young LLP (Proposal 2), the Audit Committee will seek to understand the reasons for such failure and will take those views into account in this and future appointments. Even if the current selection is ratified by shareholders, the Audit Committee reserves to itself the right to appoint a different independent auditor at any time during the year if the Audit Committee determines that such change would be in the best interests of the Company and its shareholders.

If not less than 48 hours before the start time of the Annual Meeting any shareholder gives written notice to the Chief Executive Officer, a Senior Vice President or the Secretary of the Company that he, she or it wants the voting for the election of Directors to be cumulative, the shareholder giving notice or a representative of that shareholder, the Chairman or the Secretary will make an announcement about such notice at the start of the Annual Meeting. Cumulative voting means that each shareholder may cumulate his, her or its voting power for the election by distributing a number of votes, determined by multiplying the number of Directors to be elected in this meeting times the number of the shareholder's Common Shares. The shareholder may distribute all of the votes to one individual Director nominee, or distribute his, her or its votes among two or more Director nominees, as the shareholder chooses. As of the date of this Proxy Statement, neither the Ramius Group (as hereinafter defined) nor

Table of Contents

any other shareholder has notified us of its intention for voting to be cumulative. The Ramius Group has indicated, however, in its revised preliminary proxy statement relating to the Annual Meeting that it intends to give notice that it wants cumulative voting used at the Annual Meeting for the election of Directors. If the Company receives such a notice, it will advise shareholders that cumulative voting will be in effect for the Annual Meeting.

The Company has received notice from certain entities affiliated with Ramius Advisors, LLC, namely, Ramius Value and Opportunity Master Fund Ltd, Parche, LLC, Ramius Enterprise Master Fund Ltd, RCG PB, Ltd., Ramius Advisors, LLC, RCG Starboard Advisors, LLC, Ramius LLC, C4S & Co., L.L.C., Peter A. Cohen, Morgan B. Stark, Thomas W. Strauss, Jeffrey M. Solomon, John Mutch, Steve Tepedino and James Zierick (collectively, the Ramius Group) of their intention to nominate three (3) nominees (collectively, the Ramius Nominees) for election to the Company s Board of Directors at the Annual Meeting.

The Ramius Nominees are not endorsed by the Company s Board of Directors. We urge shareholders NOT to vote any proxy card that you may receive from the Ramius Group. The Company s Board of Directors urges you to vote the enclosed WHITE proxy card FOR ALL of our nominees for Director: Thomas A. Commes, R. Andrew Cueva and Howard M. Knicely.

The Company is not responsible for the accuracy of any information provided by or relating to the Ramius Group contained in any proxy solicitation materials filed or disseminated by, or on behalf of, the Ramius Group or any other statements that the Ramius Group may otherwise make. The Ramius Group will choose which shareholders receive the Ramius Group s proxy solicitation materials.

This Proxy Statement contains forward-looking statements with respect to the strategic direction, plans, objectives, future performance and business of Agilysys and its subsidiaries, the markets and industry in which our businesses participate. Background of Discussions with the Ramius Group

On May 12, 2008, members of the Company s management team, including Martin Ellis, met with members of the Ramius Group to discuss matters relating to the Company, including the potential nomination of directors to the Company s Board of Directors by the Ramius Group. On May 15, 2008, Mr. Ellis and others at the Company held a conference call with members of the Ramius Group to negotiate a letter agreement to extend the Company s discretionary voting deadline in connection with the Annual Meeting with respect to proposals submitted by the Ramius Group (the Letter Agreement), and on May 16, 2008, the Ramius Group and the Company entered into the Letter Agreement.

On May 20, 2008, members of the Company s management team held a conference call with members of the Ramius Group to discuss candidates proposed by Ramius to be appointed to the Board and certain other issues, including the

Ramius Group's desire to reconfigure the composition of the Board. Thereafter, on May 21, 2008, the Ramius Group sent a letter to the Company's Board asking the Company to broaden the scope of the Company's engagement with its financial advisor to assist the Board in reviewing strategic alternatives, including divesting the Company's hospitality business, divesting the Company's retail business, significantly reducing corporate overhead or selling the Company to a strategic or financial buyer. In its letter, the Ramius Group also asked the Company's Board to meet and interview the Ramius Group's potential Board appointees.

Table of Contents

On May 23, 2008, the Company and the Ramius Group held a conference call to negotiate a letter agreement to further extend the Company's discretionary voting deadline in connection with the Annual Meeting, and on May 30, 2008, the Ramius Group and the Company entered into a letter agreement that superseded, in all respects, the Letter Agreement and further extended the Company's discretionary voting deadline in connection with the Annual Meeting with respect to proposals submitted by the Ramius Group (the May 30 Letter Agreement).

On June 5, 2008, Messrs. Robert Bailey and Peter Coleman of the Company met with members of the Ramius Group at the Company's Boca Raton offices to give members of the Ramius Group the opportunity to gain a better understanding of the Company's individual businesses. On June 13, 2008, the Company and the Ramius Group entered into a letter agreement that superseded, in all respects, the May 30 Letter Agreement and further extended the Company's discretionary voting deadline in connection with the Annual Meeting with respect to proposals submitted by the Ramius Group. During this time, Company representatives participated in a number of conference calls with members of the Ramius Group to discuss possible settlement options, including an offer by the Company to appoint a principal of the Ramius Group to the Board.

On June 20, 2008, as part of the ongoing conversations, the Ramius Group delivered a letter to the Company nominating John Mutch, Steve Tepedino and James Zierick for election as directors on the Company's Board. On June 25, 2008, the Company issued a press release in which it announced that the Board had formed a special committee of five Directors to oversee an evaluation of the Company's strategic alternatives.

On October 10, 2008, the Ramius Group issued a public letter to the Board concerning the Ramius Group's views about the Company's performance, and expressing its desire for the prompt completion of the Company's strategic alternatives review process. On October 22, 2008, the Company announced that the Board had completed its review of strategic alternatives with the assistance of JPMorgan and, as a result of the review, had concluded that the best course of action to maximize shareholder value is to remain as an independent company, realign its cost and overhead structure, and drive value creation.

On October 28, 2008 members of the Ramius Group met with Mr. Ellis and Mr. Curtis Stout, treasurer and a vice president of the Company, to discuss matters relating to the Company's performance. On November 12, 2008, the Ramius Group filed preliminary proxy materials with the Securities and Exchange Commission in which it proposed its three nominees for election as Directors of the Company. On November 17, 2008, the Company's Chairman of the Board of Directors, Mr. Kolerus, and Mr. Stout met with members of the Ramius Group. The Company and the Ramius Group have since engaged in a number of discussions regarding, among other things, recent management changes at the Company, the current restructuring that is taking place at the Company, the Board's perspective on the Company's position in the market-place and the Company's desire to resolve the Ramius Group's issues with the Company.

The Company has attempted and continues to attempt to negotiate a reasonable, cost-effective resolution of the Ramius Group's proxy process without engaging in a costly proxy contest. As a result of these discussions to date, the Company's Nominating and Corporate Governance Committee has reviewed each of the three candidates proposed by the Ramius Group and, based upon the Company's prudent and customary corporate governance and conflict of interest policies, has indicated that two of the three candidates - Mr. John Mutch and Mr. James Zierick - are qualified and acceptable. Subject to final interviews, the Nominating and Corporate Governance Committee has indicated its willingness to recommend and support these two candidates for election to the Company's Board at, prior to or after the Company's 2009 Annual Meeting to fill anticipated vacancies on the Board. The Nominating and Corporate Governance Committee also has offered to similarly consider and recommend alternative candidates if the Ramius Group desires. The Ramius Group and the Company have discussed filling two Board positions in exchange for a standstill agreement with the Ramius Group through the Company's 2010 fiscal year ending March 31, 2010.

Despite a proposal by the Company to invite two of the Ramius Group's three nominees to join the Company's Board, the Ramius Group has insisted on continuing its proxy solicitation. After waiting as long as it deemed appropriate to file its preliminary proxy materials in the hopes that a settlement might be reached with the Ramius Group, the Company filed its preliminary proxy materials on January 28, 2009. On February 5, 2009, the Company issued a press release in which it reiterated its desire to work cooperatively with the Ramius Group to address the Ramius Group's concerns while also avoiding a proxy contest.

Andrew Cueva and Howard M. Knicely. Messrs. Commes, Cueva and Knicely currently serve as Directors of the Company. CORPORATE GOVERNANCE AND RELATED MATTERS**Corporate Governance Guidelines**

In May 2006, the Board of Directors adopted Amended Corporate Governance Guidelines created and approved by the Nominating and Corporate Governance Committee. The Guidelines provide a sound framework to assist the Board in fulfilling its responsibilities to shareholders. Under these Guidelines, the Board exercises its role in overseeing the Company by electing qualified and competent officers, and by monitoring the performance of the Company. The Guidelines state that the Board and its Committees will exercise oversight in the areas of CEO and executive pay, Director nomination, corporate governance, succession planning, financial reporting, internal controls, and strategic and operational issues. The Guidelines also state Board policy on eligibility for the Board, including Director independence and qualifications for Board candidates, and Board policy describing events that require resignation from the Board. A complete copy of the Guidelines is available on the Company's website at www.agilysys.com.

Code of Ethics

The Company has adopted a Code of Business Conduct that applies to all Directors, officers and employees of the Company. In addition, the Company has adopted a Code of Ethics for Senior Financial Executives that applies to the Chief Executive Officer, Chief Financial Officer and Controller of the Company and any person performing a similar function. The Code of Business Conduct and the Code of Ethics for Senior Financial Executives are available on the Company's website at www.agilysys.com. The Company has in place a hotline, managed by an independent third party, that all employees can use to anonymously report potential violations of the Code of Business Conduct or the Code of Ethics for Senior Financial Executives.

Meeting of Board of Directors and Attendance at Annual Meeting

The Board of Directors held seven meetings during Fiscal 2008. During Fiscal 2008, no Director attended less than 75% of the aggregate of (i) the total number of meetings of the Board of Directors held during the period he served as a Director and (ii) the total number of meetings held by Committees of the Board on which he/she served, during the periods that he/she served. Independent Directors meet regularly in executive session at each Board meeting. Such executive sessions were previously chaired, on a rotating basis, by the Chairmen of the Audit, Compensation, and Nominating and Corporate Governance Committees. On October 20, 2008, the Board elected Mr. Keith Kolerus as its independent chairman, replacing Mr. Arthur Rhein, who retired effective that same day. As a result, the Board will no longer require that the executive sessions be chaired on a rotating basis.

It is the policy of the Board that all of its members attend the Annual Meeting of Shareholders absent exceptional cause. All of the Directors were in attendance at the 2007 Annual Meeting except one.

Shareholder Communication with Directors

Shareholders and others who wish to communicate with the Board of Directors as a whole, or with any individual Director, may do so by sending a written communication to such Director(s) in care of the Company at its headquarters address. The Company's corporate counsel will forward the communication to the Director(s) as instructed by the Director.

(1) Audit Committee Financial Expert

(2) Mr. Crawford resigned from the Board effective June 24, 2008. Mr. McCreary was appointed as the Chairman of the Nominating and Corporate Governance Committee following Mr. Crawford's resignation. The Board did not replace Mr. Crawford's seat on the Compensation Committee.

(3) Mr. Rhein retired from the Board, effective October 20, 2008.

(4) Neither Mr. R. Andrew Cueva nor Mr. Martin Ellis, the Board's newest members, have been appointed to serve on any of the Committees of the Board at this time.

Executive Committee. The Executive Committee exercises the power and authority of the Board of Directors as needed between regular Board meetings. The Executive Committee met once during the last fiscal year.

Audit Committee. The Audit Committee, established in accordance with Section 3(a)(58)(A) of the Exchange Act, reviews with the Company's independent registered public accounting firm the proposed scope of the Company's annual audits and audit results, reviews the adequacy of internal financial controls, reviews internal audit functions, is directly responsible for the appointment, determination of compensation, retention and general oversight of the independent registered public accounting firm and reviews any concerns identified by either the internal or external auditor. The Audit Committee held four meetings during the last fiscal year. The Board of Directors has determined that all Audit Committee members are financially literate under the current Nasdaq listing standards. The Board has also determined that Thomas A. Commes qualifies as an audit committee financial expert under the rules adopted by the SEC under the Sarbanes-Oxley Act of 2002. In January, 2005, the Board adopted an Amended and Restated Charter, which is available on the Company's website at www.agilysys.com.

Compensation Committee. The purpose and mission of the Compensation Committee of the Board of Directors of the Company is to enhance shareholder value by ensuring the pay available to the Board of Directors, Chief Executive Officer and other executive officers enables the Company to attract and retain high-quality leadership and is consistent with the Company's executive pay policy. As part of its responsibility in this regard, the Compensation Committee oversees the Company's pay plans and policies, annually reviews and determines all pay (including base salary and the Company's annual cash incentive, long-term stock incentive, retirement and perquisite plans and programs),

administers the Company's incentive programs (including establishing performance goals, determining the extent to which performance goals are achieved and calculating awards), administers the Company's equity pay plans (including making grants to the Company's executive officers) and regularly evaluates the effectiveness of the overall executive pay program. A more complete description of the Compensation Committee's functions is found in the Compensation Committee's charter, which is available on the Company's website at www.agilysys.com.

The Compensation Committee held six meetings during the last fiscal year.

The Company's Legal department and Human Resources department support the Compensation Committee in its work and, in some cases, as a result of delegation of authority by the Compensation Committee, fulfill various functions in administering the Company's pay programs. In addition, the Compensation Committee has the

Table of Contents

authority to engage the services of outside advisers, experts and others to assist the Committee. In fiscal year 2008, the Compensation Committee relied on the services of Pearl Meyer & Partners, an executive pay consulting firm, to provide input to facilitate the Compensation Committee's decision-making process regarding the executive pay programs for the executive officers. Specifically, the executive pay consulting firm:

Provided input on executive pay levels among a peer group of companies and from published and private salary surveys;

Provided long-term incentive plan alternatives;

Prepared tally sheets covering all aspects of executive pay; and

Assisted in the preparation of the Compensation Discussion and Analysis included in this Proxy Statement.

While the Compensation Committee directly retains the executive pay consulting firm, in carrying out assignments the executive pay consulting firm also interacted with the Company's executive officers when necessary and appropriate. Specifically, the executive pay consulting firm interacted with the Chief Executive Officer, Chief Financial Officer and Chief Human Resources and Compliance Officer, who provided data and insight on the Company's compensation programs and business strategies.

Several executive officers, including the Chief Executive Officer and the Chief Human Resources and Compliance Officer, attend Compensation Committee meetings when executive compensation, Company performance, and individual performance are discussed and evaluated by Compensation Committee members. The executive officers provide their thoughts and recommendations on executive pay issues during these meetings and also provide updates on financial performance, divestitures, mergers and acquisitions, industry status and other factors that may impact executive pay. Decisions regarding the Chief Executive Officer's compensation were based solely on the Compensation Committee's deliberations while compensation decisions regarding other executive officers took into consideration recommendations from the Chief Executive Officer. Only Compensation Committee members make decisions on executive pay and approve all outcomes.

Nominating and Corporate Governance Committee. The Nominating and Corporate Governance Committee held four meetings during the last fiscal year. The Nominating and Corporate Governance Committee assists the Board in finding and nominating qualified people for election to the Board, assessing and evaluating the Board's effectiveness, and establishing, implementing and overseeing the Company's governance programs and policies. The Nominating and Corporate Governance Committee has hired a third-party executive recruitment firm to help find acceptable nominees for the Board. In January, 2005, the Board adopted an Amended and Restated Charter of the Nominating and Corporate Governance Committee, which is available on the Company's website at www.agilysys.com.

The Nominating and Corporate Governance Committee is responsible for reviewing the qualifications of, and recommending to the Board of Directors, individuals to be nominated for membership on the Board of Directors. The Nominating and Corporate Governance Committee considers nominees using the criteria for the composition of the Board and the qualifications of members as outlined in the Company's Corporate Governance Guidelines.

The Nominating and Corporate Governance Committee will consider shareholder recommendations for nominees for membership on the Board of Directors. Shareholders may make a nominee recommendation by sending the nomination to the Chairman of the Nominating and Corporate Governance Committee, at the Company's headquarters address. The recommendation must include:

The name and address of the candidate;

A brief biography, including his or her job for at least the last ten years, and why the candidate is qualified; and

The candidate's signed consent to serve as a Director if elected and to be named in the Proxy Statement.

The Nominating and Corporate Governance Committee may request additional information from such candidate to assist in its evaluation. The Nominating and Corporate Governance Committee will evaluate any

shareholder-recommended nominees in the same way it evaluates candidates recommended by other sources, as described above.

Compensation Committee Interlocks and Insider Participation

None of the members of the Compensation Committee during fiscal year 2008 or as of the date of this Proxy Statement is or has been an officer or employee of the Company, and no executive officer of the Company served on the compensation committee or board of any Company that employed any member of the Company's Compensation Committee or Directors.

EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Compensation Committee adopted a pay philosophy, objectives and structure for our Chief Executive Officer and Chief Financial Officer, as well as the three next highest paid executive officers together, the Named Officers designed to achieve business goals and create long-term shareholder value. Following input from our executive compensation consultant, the Compensation Committee reaffirmed this compensation philosophy, objectives and structure at its meeting on May 23, 2008.

Compensation Philosophy

To pay a base salary and annual cash incentives and provide long-term stock incentives targeted at a minimum of the 50th percentile of industry specific market surveys; and

To annually review compensation components based on industry specific market surveys and to tie compensation to the dynamics of the business strategy.

Compensation Objectives

To attract, retain and motivate executives who can significantly contribute to the success of the Company;

To reward the achievement of business objectives that have been approved by the Board;

To provide a rational, consistent and competitive executive compensation program that is well understood by those to whom it applies; and

To tie a significant portion of executive compensation to the long-term performance of our Common Shares.

Compensation Structure

Base Salary fixed pay that takes into account each executive's roles and responsibilities, experience, functional expertise and individual performance;

Annual Incentives(1) cash-based variable pay based on the achievement of Company financial and business goals, with target incentives set as a percentage of salary; and

Long-Term Incentives incentives based on the equity of the Company in the form of performance shares and restricted stock granted, designed to influence our executive officers to maximize shareholder value.

- (1) In August 2008, our Compensation Committee modified the basis of Annual Incentives for our Named Officers to be based on achievement of subjective measures.

Table of Contents***Key Considerations Guiding Specific Decisions*****Annual Goal Setting**

Each fiscal year, written goals are established for the Named Officers. These goals are tied to the financial, strategic and operational goals of the Company and include Company and business specific financial targets relating to net sales, gross margin, EBITDA and similar financial measures.

Each Named Officer's goals are established with input from and are reviewed by the independent Board members. The Chief Executive Officer evaluates the performance and recommends the total compensation award for each Named Officer, other than himself. The Chief Executive Officer's performance, against these established goals, is reviewed by the Compensation Committee and, based upon that evaluation; the Committee determines the compensation of the Chief Executive Officer. The Committee also reviews the performance of the Company's other Named Officers, taking into consideration the Chief Executive Officer's recommendation, and determines their compensation based on that review.

External Benchmarking

We did not conduct a formal external executive compensation study in fiscal year 2008 due to the ongoing change to our business mix. For purposes of determining fiscal 2008 pay levels for our Named Officers, we relied on our fiscal 2007 study. The information was used as a guide by the Compensation Committee in making specific compensation decisions.

For fiscal year 2009, we conducted a formal executive compensation study that showed our current pay levels for Named Officers are generally commensurate with the market median. The information was reviewed by the Compensation Committee in the context of our executive pay philosophy, objectives and current Named Officer pay levels prior to making decisions regarding salary levels and approving target annual incentives and equity grants for fiscal year 2009. We also conducted a formal compensation study that the Compensation Committee and full board used in setting fiscal 2009 Director pay.

Pay Mix

The table below shows the target pay mix for each Named Officer for fiscal year 2008:

Executive	Title	Salary as % of Total Compensation	Target Annual Incentives as % of Total Compensation	Long Term Incentive as % of Total Compensation
Arthur Rhein	President & Chief Executive Officer	30%	30%	40%
Martin F. Ellis	Executive Vice President & Chief Financial Officer	35%	21%	44%
Robert J. Bailey	Executive Vice President	35%	21%	44%
Peter J. Coleman	Executive Vice President	35%	21%	44%
Richard A. Sayers, II		35%	21%	44%

Executive Vice President,
Chief Human
Resources and Compliance
Officer

Note: The above table takes into account target annual incentives, not actual annual incentive payouts. Long-term incentive percentages are based on the annualized FAS 123R fair value of the equity stock grants as of the date of the grants made in fiscal year 2008 for Messrs. Ellis, Bailey, Coleman and Sayers and the annualized value of the stock option grants made to Mr. Rhein in fiscal 2007. All of the equity grants discussed above were designed to be three-year grants, and vest over the same three-year period, with no additional grants planned for the following two years.

Table of Contents***Pay Elements and Programs***

Taken together, the incentive components, which are at-risk pay, represent a majority of the direct pay for each Named Officer, while fixed compensation (salary) represents a minority of total pay. Generally, our Chief Executive Officer has a larger overall incentive pay opportunity than other executives because he is believed to have a greater ability to influence financial and shareholder return performance. Our Named Officers have greater opportunities for long-term equity-based incentive compensation than annual cash incentive compensation. As a result, greater emphasis is placed on long-term shareholder value creation than annual financial performance.

(1) Salary

We set salaries based on the executive's position, individual performance and relation to pay levels in the competing market. We also take into account changes in salaries in the overall general market. Salaries are reviewed annually by our Compensation Committee at its first meeting after the fiscal year end, and changes in salary are based on the factors discussed above as well as input from our Chief Executive Officer. However, none of the factors are weighted according to any specific formula and new salaries are set based on the Compensation Committee's discretion and judgment. At its meeting in May 2008, our Compensation Committee did not increase the salary of any of our Named Officers. In its meeting on November 13, 2008, our Compensation Committee discussed recommendations for the salary of Mr. Ellis, who was promoted to President and Chief Executive Officer on October 20, 2008, and Mr. Kenneth J. Kossin, Jr., who was promoted to Sr. Vice President and Chief Financial Officer on October 20, 2008. In determining the salaries, the Compensation Committee applied the same compensation philosophy as described above, applying current data obtained from our executive pay consultant based on salary surveys and information of companies in the industry with revenue similar to that of the Company. On November 14, 2008, our Board agreed to the changes in salary for each as follows: Mr. Ellis \$450,000; Mr. Kossin \$285,000.

(2) Annual Incentives

Annual incentives are designed to motivate executives to achieve key business goals and objective. We expect that achieving these goals and objectives will result in the creation of shareholder value. Target annual incentives are set at a percentage of salary.

At its May 2007 meeting, the Compensation Committee approved the Fiscal Year 2008 Annual Incentive Plan (the 2008 Annual Plan). In the 2008 Annual Plan, we set a target incentive for Mr. Rhein of 100% of salary and targets for each of the other executive officers of 60% of salary. Each of these targets was at least at the minimum of the market median, based on information provided by our executive pay consultant. We set maximum payments at 250% of target incentive and threshold payments at 25% of target incentive. Our Compensation Committee believes the payout range provides an effective basis for annual incentive payouts based on the expected near-term volatility of our performance as we transform the Company strategically. No annual incentive payments will be made if threshold financial performance metrics are not met.

The 2008 Annual Plan used three performance measures in order to determine annual incentive payouts, as follows: revenues (25%), EBITDA (50%) and discretionary based on business objectives (25%). The financial performance metrics had to achieve 75% of target before threshold would be paid and 150% of target must be achieved for maximum payout. Each of the above performance measures was independent of the others.

These performance measures were set at levels that were believed to represent achievable performance at the threshold levels, more demanding performance at the 100% target incentive levels, and significantly more difficult performance at the maximum levels, based on recent performance, historical trends and future expectations. For fiscal year 2008, actual outcomes versus the performance objectives resulted in an overall achievement payout of 47.1% of target,

which triggered payments as represented in the Summary Compensation Table.

At its May 23, 2008 meeting, our Compensation Committee elected to use the same metrics and weighting as those used under the 2008 Annual Plan for fiscal year 2009 annual incentives. However, in the August 1, 2008 meeting, our Compensation Committee modified the basis of the Annual Incentives for our Named Officers to be based on the achievement of subjective measures. In its meeting on November 13, 2008, our Compensation

Table of Contents

Committee discussed recommendations for the annual incentives of Mr. Ellis, who was promoted to President and Chief Executive Officer on October 20, 2008, and Mr. Kenneth J. Kossin, Jr., who was promoted to Sr. Vice President and Chief Financial Officer on October 20, 2008. On November 14, 2008, our Board agreed to annual incentives for each as follows: Mr. Ellis \$337,500; Mr. Kossin \$142,500.

(3) Long-Term Equity Incentives

We use our 2006 Stock Incentive Plan (the 2006 Equity Plan) to grant various types of stock-based, or equity incentives, including stock options, stock-settled stock appreciation rights, restricted stock and restricted stock units, performance shares and units, and other equity-based and cash awards. The range of equity awards provides us the flexibility to address specific pay objectives for our executive officers, including motivating the creation of shareholder value and retaining and attracting executives and other employees.

We have no role in the timing of the equity awards, but we provide recommendations to the Compensation Committee regarding who should receive the awards and the amounts. The equity awards, amounts and timing are at the discretion of our Compensation Committee. We chose to award performance shares and restricted stock in fiscal year 2008 for the following reasons:

Performance shares were used to drive long-term financial performance over a three year period, ending on March 31, 2010. The performance measures and targets used as the basis for earning the performance shares were a six-month annualized revenue run rate of \$1.5 billion by the six months of fiscal 2010 and an EBITDA margin of 6% by or before the same time frame.

Restricted shares were used to provide retention for the senior management team while we continued to affect our long-term strategy.

The Compensation Committee determines equity awards in its first Compensation Committee meeting after the beginning of our fiscal year and the grant price is set at the market-closing price on that day. The following grants were made to the Named Officers in fiscal year 2008:

Mr. Rhein did not receive a stock award;

Messrs. Ellis, Bailey and Coleman each received 40,000 performance shares and 20,000 restricted shares; and

Mr. Sayers received 32,000 performance shares and 16,000 restricted shares.

The number of shares awarded in the above grants was at the market median, consistent with our pay philosophy. The performance and restricted shares represent three years of long-term incentive grants, and were made with the expectation that no new equity grants would be made in either fiscal year 2009 or 2010.

Threshold, target and maximum performance objectives were also set for each long-term performance measure. Performance at threshold will result in vesting of 50% of the performance shares, while performance at maximum will result in vesting of 150% of the performance shares. The performance shares will cliff vest on March 31, 2010 based on the Company's success in achieving performance targets. Messrs. Bailey and Coleman forfeited these shares upon termination of employment on October 21, 2008.

The restricted stock will vest on the following schedule: 10% of the shares vested on March 31, 2008, 30% will vest on March 31, 2009 and the remaining 60% will vest on March 31, 2010. Messrs. Bailey and Coleman forfeited all of these shares, except the 10% that vested on March 31, 2008, upon termination of employment on October 21, 2008.

As part of the negotiations for extending the term of Mr. Rhein's employment agreement for an additional year to March 31, 2010 the Compensation Committee agreed to provide Mr. Rhein a restricted stock grant of 70,000 shares, to be made on April 1, 2009, the first day of the extension of Mr. Rhein's employment agreement. The restricted shares would have vested on March 31, 2010, assuming continued employment by Mr. Rhein through that date. However, Mr. Rhein retired on October 20, 2008, thereby forfeiting these shares.

Table of Contents

At its meeting in May 2008, the Compensation Committee did not grant any additional equity awards to the Named Officers. In its meeting on November 13, 2008, our Compensation Committee discussed recommendations for equity awards for Mr. Ellis, who was promoted to President and Chief Executive Officer on October 20, 2008, and for Mr. Kenneth J. Kossin, Jr., who was promoted to Sr. Vice President and Chief Financial Officer on October 20, 2008. On November 13, 2008, our Compensation Committee agreed to give Mr. Kossin 45,000 stock options set at \$2.51 a share (the closing market price of the Company's Common Shares on that day). On November 14, 2008, our Board agreed to give Mr. Ellis 150,000 stock options set at \$2.19 a share (the closing market price of the Company's Common Shares on that day).

(4) Deferred Compensation Plans

We allow our Named Officers to defer pay into a nonqualified deferred compensation plan, which we call the Benefit Equalization Plan (the BEP). We established the BEP to provide our executives with the ability to contribute amounts for retirement and to receive Company profit sharing contributions and 401(k) matches in excess of the contribution amounts allowed under our tax-qualified Section 401(k) Plan. We limit participation in the BEP to a select group of management and other highly-paid employees, including the Named Officers. The BEP is an unfunded plan and Company-owned life insurance is purchased as a source of funds to pay the benefits from the BEP.

The Nonqualified Deferred Compensation Table provides additional information on specific deferrals of pay, our matching of these deferrals, if any, and balances in the BEP for each executive officer. In addition, the discussion appearing in the Nonqualified Deferred Compensation Plan section, below, describes the BEP in more detail.

(5) Retirement Benefits

We started our Supplemental Executive Retirement Plan (the SERP) during fiscal year 2000 to provide cash retirement benefits to a select group of key management employees including the executive officers. Certain tax laws limit the retirement benefits that highly-paid executives can receive from a qualified retirement plan and the SERP is designed to provide retirement benefits that are not subject to these limits. In addition, the SERP provides a tool to help us competitively recruit and retain executive officers.

The SERP provides cash benefits on an annual amount not to exceed 50% of the executive's final average annual earnings, including both salary and annual incentives. The cash benefit amount is reduced by other Company-funded retirement benefits, such as the match provided in the Section 401(k) Plan, profit sharing amounts, and other Company contributions to the BEP, as well as 50% of Social Security retirement benefits. The value of accrued benefits for each executive officer is found in the Pension Benefits Table and the SERP is discussed in more detail in the footnotes and the discussion appearing with that table.

(6) Other Compensation Executive Benefits & Perquisites

We provide a program of executive benefits and perquisites to our Named Officers including, but not limited to, additional life and long-term disability insurance plans, contributions to Company benefit plans, automobile allowance, personal use of the Company's fractional interest in an airplane, financial planning, attendance by guests at supplier events and club dues. In addition, following the move of our corporate headquarters in the 2007 fiscal year to Florida, each executive officer was eligible for relocation monetary assistance for expenses incurred during this relocation. These executive benefits and perquisites are described in more detail in the Summary Compensation Table and related footnotes. We believe these benefit and perquisite programs enhance part of an overall competitive package that serves to attract and retain executive officers.

Post-Termination Payments Change of Control and Severance Payments

Our executive officers are parties to various employment, change of control and non-competition agreements as follows:

Mr. Rhein 2005 Amended and Restated Employment Agreement (Employment Agreement), executed December 23, 2005, and the 2008 Amendment and Extension Agreement, executed January 28, 2008

Table of Contents

(Extension Agreement), with the Extension Agreement lengthening the term of employment by one year and providing Mr. Rhein with the equity grants described above;

Mr. Ellis Change of Control Agreement, executed on June 30, 2003, as amended on May 31, 2005, and a Non-Competition Agreement executed on May 31, 2005, as amended in May 2007; and

Messrs. Bailey, Coleman and Sayers Non-Competition and Change of Control Agreements, executed February 25, 2000 and amended in January 2003 and in May 2007.

The above agreements provide for severance payments which are payable in the event of termination of the executive's employment by us without cause. In addition, should a change of control of the Company occur and the executive is terminated without cause related to the change of control or if the executive resigns for Good Reason, as defined in the agreements, the executive will receive severance payments for a specified time period. The major termination and change of control provisions of the agreements are summarized below as of fiscal year ended March 31, 2008 for each executive and are covered in more detail in both the Termination and Change of Control Table and the related discussion, below.

Mr. Rhein(1)

Through March 31, 2009, upon termination by us of Mr. Rhein's employment for reasons other than his disability or for cause, or upon termination by Mr. Rhein of his employment for Good Reason, we would have been required to pay Mr. Rhein his base salary through the date of termination and a prorated award of his target incentive for the year in which the termination occurred, and severance payments equal to 24 months salary and target annual incentive. In addition, we would have been required to continue his group benefits, executive benefits and most perquisites for a period of two years from the date of termination of his employment. Mr. Rhein's Employment Agreement provided for other lesser severance payments in the event of termination for his death or disability. If, during the term of the Extension Agreement (from April 1, 2009 to March 31, 2010), we were to terminate Mr. Rhein's employment other than for cause, he would have been entitled to his base salary, annual incentive, and the benefits described above through March 31, 2010. Also during the term of the Extension Agreement, we modified Mr. Rhein's ability to terminate his employment for Good Reason. The definition of Good Reason no longer included change of his title or change in his responsibilities, so long as he continued to have job responsibilities consistent with those of an executive officer.

Upon termination of Mr. Rhein's employment, following a change of control of the Company, Mr. Rhein would have been entitled to cash equal to three times the sum of his salary and target annual incentive. In addition, all equity incentives would have become immediately available to Mr. Rhein upon a change of control and group benefits, executive benefits and most perquisites continue for three years as well. To trigger payment, a termination related to a change of control must have been for reasons other than Mr. Rhein's disability or for cause or must have been for Good Reason by Mr. Rhein.

- (1) On October 20, 2008, we entered into a Separation Agreement with Mr. Rhein as a result of his retirement as the Company's Chairman, President and Chief Executive Officer. Mr. Rhein's Separation Agreement provides that the Company will pay and provide Mr. Rhein with the rights, obligations, payments and benefits as provided by the Employment Agreement, as amended and extended by the Extension Agreement, in the event of a Protected Termination (within the meaning of the Employment Agreement). In connection with his Separation Agreement, Mr. Rhein and the Company released all claims against each other. Pursuant to the terms of his Employment Agreement, Mr. Rhein will receive his base salary through October 20, 2008, a prorated portion of any award to

which he is entitled under the Annual Incentive Plan for the current fiscal year and severance payments equal to 24 months salary and target annual incentives. In addition, Mr. Rhein is entitled to the payments and benefits provided for under the relevant plans and arrangements of the Company, and the Company must continue Mr. Rhein's group benefits, executive benefits and most perquisites for a period of two years.

Table of Contents

Messrs. Ellis, Bailey, Coleman and Sayers(1)

Upon termination by us of any of Messrs. Ellis, Bailey, Coleman or Sayers without cause, we must pay severance equal to twenty-four months salary and target annual incentive. In addition, we must continue to provide the group benefits, executive benefits and most perquisites for one year.

If any of these executives are terminated following a change of control of the Company, we must pay cash equal to twenty-four times the greater of that executive's highest monthly base salary paid during the twelve months prior to the change in control or that executive's highest monthly base salary paid or payable by the Company at any time from the ninety day period preceding a change of control through the executive's termination date. In addition, we must pay the executive a lump sum of the greater of four times that executive's highest aggregate amount of incentive compensation paid during any six consecutive months of the twelve months preceding a change of control or four times that executive's highest aggregate amount of incentive compensation paid during any six consecutive months preceding the date of termination. In addition, all equity incentives will become immediately available to them upon a termination after a change of control and we will continue to provide group benefits, executive benefits and most perquisites for two years.

- (1) On October 21, 2008, we terminated the employment of Messrs. Bailey and Coleman without cause. Mr. Bailey will receive all rights, payments and benefits available to him under his Non-Competition Agreement as described above, however, by amendment to Mr. Bailey's Non-Competition Agreement and Change of Control Agreement, dated December 17, 2008, in return for Mr. Bailey agreeing not to compete with us for thirty-eight months and eleven days after his employment was terminated, the Compensation Committee agreed to, among other things, extend the payments over thirty-six months instead of twenty-four months as described above (Bailey Severance Period) for SERP benefit purposes, as described below. Mr. Coleman will receive all rights, payments and benefits available to him under his Non-Competition Agreement as described above for twenty-four months (Coleman Severance Period). Under an amendment to Mr. Coleman's Non-Competition Agreement and Change of Control Agreement, dated December 17, 2008, Mr. Coleman agreed not to compete with us for a period of twenty-four months from the date of termination of his employment.

In his role as our President and Chief Executive Officer, Mr. Ellis will continue his employment under the current terms of his Non-Competition Agreement and Change of Control Agreement.

We believe the terms described in the above summary provisions are competitive. In addition, we believe the various agreements serve the dual purpose of helping to attract and retain key executive officers and help us to compete with other companies for executive talent.

Additional Issues

A. Adjustment or Recovery of Awards

We do not maintain any specific plans or policies that provide for the adjustment or recovery of pay-related awards if certain performance levels are modified as a result of any requirement to restate our financials. However, under Section 304 of the Sarbanes-Oxley Act, if we are required to restate our financials due to material noncompliance with any financial reporting requirements as a result of misconduct, our Chief Executive Officer and Chief Financial Officer must reimburse us for (1) any bonus or other incentive-based or equity-based compensation received during the 12 months following the first public issuance of the non-complying document, and (2) any profits realized from the sale of our securities during those 12 months.

B. Consideration of Prior Amounts Realized

We do not consider prior pay outcomes, including stock compensation gains, in setting future pay levels. The Compensation Committee believes this approach furthers our philosophy of rewarding future financial and shareholder performance.

Table of Contents

C. Stock Ownership Guidelines

Our Compensation Committee approved stock ownership guidelines for our Named Officers on May 1, 2001, reflected as a multiple of the base salary for each named executive officer. The guidelines were originally implemented to ensure the Named Officers and the shareholders shared a commonality of interest. The current Named Officers are each required to own the stock of the Company (directly or indirectly), as follows:

Chief Executive Officer (formerly Mr. Rhein and, currently, Mr. Ellis) shares valued at five times base salary; and

Executive Vice President (formerly Messrs. Bailey, Coleman, Ellis and, currently, Mr. Sayers) shares valued at one times base salary.

D. Impact of Tax and Accounting Considerations

In general, we consider the various tax and accounting implications of the pay mechanisms that we use to provide pay to our executive officers. We analyze the accounting cost associated with long-term incentive grants when determining the grant amounts for executive officers. Section 162(m) of the Internal Revenue Code generally prohibits any publicly held corporation from taking a federal income tax deduction for pay to the chief executive officer and the next four highest compensated officers in excess of \$1 million in any taxable year. Exceptions are made for certain qualified performance-based pay. It is our objective to maximize the effectiveness of our executive pay plans in this regard. The pay instruments we use, including salaries, annual incentives and stock options, are tax deductible to the extent that they are performance based or less than \$1 million for each named executive officer in a given year.

We completed our compliance with Internal Revenue Code Section 409A and final regulations issued in April 2007 by December 31, 2008, as required by IRS notice 2007-86. Section 409A relates to deferred pay and amounts includable in gross income. Changes were made to the SERP, BEP and the employment/change of control/non-competition agreements with our executive officers if necessary to achieve compliance with Section 409A.

Compensation Committee Report

The Compensation Committee has reviewed and discussed the Compensation Discussion and Analysis required by Item 402(b) of Regulation S-K with the Company's management. Based on that review and discussion, the Compensation Committee recommended to the Board of Directors that the Compensation Discussion and Analysis be incorporated into the Company's Annual Report on Form 10-K and this Proxy Statement.

(1) The Named Officers did not receive any stock option grants during fiscal year 2008. The amounts reported reflect fiscal year 2008 compensation expense for the prior year stock option grants. The amounts do not reflect the actual value that our Named Officers will realize upon exercising these options – that amount will be determined based on the option exercise price and the price of our Common Shares on the date the options are exercised. Assumptions used in the calculation of these amounts are provided at footnote 16 in the Annual Report on Form 10-K at March 31, 2008. In addition, because Mr. Sayers is eligible for retirement and his option awards vest on his retirement, FAS 123R requires the accrual of the entire expense associated with his option grant in the year in which it occurs rather than over the option vesting period. Messrs. Bailey, Coleman and Ellis are not eligible for retirement and their option expense is accounted for over the three-year vesting period. Mr. Rhein is eligible for retirement, but these options are forfeited should he retire prior to March 31, 2009. Therefore, the expense associated with his option grant was also accrued over the vesting period until March 31, 2009.

(2) The amounts shown represent payments under our 2008 Annual Plan. For a description of our 2008 Annual Plan, see the Compensation Discussion and Analysis section above.

- (3) The amounts shown represent the increase or decrease in actuarial value of our SERP defined benefit plan. All amounts for each Named Officer represent increases and decreases in the accumulated benefit obligation under the SERP for the one year period ended March 31, 2008. The significant variation in these figures is a function primarily of the age, years of service and time to retirement for each executive officer. None of the amounts in this column represents above-market earnings from the BEP. Mr. Rhein's figure in this column decreased due to the fact that his SERP was fully vested and accrued for on his 62nd birthday and delaying the receipt of the SERP payouts reduces the actuarial estimate of the payout due to a lower life expectancy.
- (4) A significant portion of the amounts in this column represents relocation expenses related to the move of the Company's headquarters from Ohio to Florida during fiscal year 2007. As a result, as shown in the All Other Compensation Table, the relocation expenses are one-time expenses not likely to be repeated in the near future.
- (5) The amounts reported reflect our fiscal year 2008 FAS 123R expense for the April 28, 2005 restricted share award to Mr. Ellis pursuant to our 2000 Stock Incentive Plan and the May 22, 2007 restricted share and

Table of Contents

performance share award to Messrs. Ellis, Bailey, Coleman and Sayers pursuant to our 2006 Equity Plan. The assumptions used in calculating the FAS 123R expense of the restricted share awards and performance share awards are provided at footnote 16 in the Annual Report on Form 10-K at March 31, 2008.

- (1) These costs are related to the relocation of the Company's headquarters from Cleveland, Ohio to Boca Raton, Florida.
- (2) This column consists of auto allowances, attendance at a supplier event, executive long-term disability agreements, and club dues.
- (3) For Mr. Rhein, all other compensation includes \$65,781 for club dues which includes \$45,000 for a one time membership fee for a country club. Split dollar life insurance of \$1,892, financial planning and personal use of our fractional interest in an airplane is also included in this column. Personal use of our fractional interest in an airplane consists of the incremental variable costs associated with such personal usage of our fractional lease interest in an airplane which consists of an hourly charge based on flight time, fuel cost, federal excise tax (7.5%) and a domestic segment fee applied to the number of passengers for each such personal trip. Because the airplane is used primarily for business travel, the determination of the cost for personal use of the airplane excludes monthly fixed costs we pay for leasing the fractional interest. When the guests or families of our executives occasionally fly on the airplane as additional passengers on business flights, the aggregate incremental cost to us is *de minimis* and, therefore, no costs for this type of use are included in our calculations. When executives and their guests or families occasionally fly on the airplane as additional passengers on personal flights, the personal use cost for each executive is calculated by dividing the total variable cost of the flight evenly among the total number of persons on the flight, then allocating to the executive the amount of the variable cost associated with the number of guests and/or family on that flight with him or her. As of December 5, 2008, we no longer maintain a fractional interest in any airplane. Therefore, the perquisite described in this footnote is no longer available to Named Officers.

Employment Agreement with Mr. Rhein. On December 23, 2005, we entered into the Amended and Restated Employment Agreement with Mr. Rhein (the Employment Agreement), beginning on December 23, 2005 (Effective Date), and ending on March 31, 2009. On January 28, 2008, we entered into the Extension Agreement, whereby we

modified certain of the terms of the Employment Agreement to be effective on April 1, 2009, and extended the ending date to March 31, 2010. The period between April 1, 2009 and March 31, 2010 is referred to as the Extension Term.

The Employment Agreement provided that Mr. Rhein would receive an annual salary of \$725,000 effective April 1, 2006. Mr. Rhein's salary was subject to annual review at the beginning of each fiscal year, commencing with fiscal year 2008, by the Compensation Committee or the Board. Mr. Rhein's annual salary could have been increased, but not decreased as the Compensation Committee, or the Board, determined. The Extension Agreement provided that Mr. Rhein's base compensation rate for the final year of his employment would be the same as his base compensation rate paid to him during the prior year ending March 31, 2009. Mr. Rhein's annual salary did not increase during the remainder of the employment term. Under the Employment Agreement, Mr. Rhein was eligible to participate in other benefit plans, including, but not limited to, our Section 401(k) Plan, our plans for providing severance benefits to our executive officers, 2000 Stock Incentive Plan and 2006 Equity Plan, SERP, BEP, short- and

Table of Contents

long-term disability plans, group term life insurance plan (including life insurance protection in an amount not less than 200% of his earnings as reported on IRS Form W-2 for the prior calendar year), medical plan, dental plan, and any other plans or programs we may have adopted from time to time and in which our executive officers, or employees in general, are eligible to participate. Mr. Rhein's target annual incentive was 100% of salary, with a range from zero% to 250% of his salary. The Extension Agreement provided that Mr. Rhein would have received all benefits, prerequisites and would participate in all plans as provided for in the Employment Agreement, including participation in the Annual Incentive Plan.

In connection with entering into the Employment Agreement, the Compensation Committee delivered a letter to Mr. Rhein (the Rhein Letter Agreement) under which Mr. Rhein received a stock option grant of 250,000 shares on April 3, 2006 (the first business day after April 1, 2006) and a second stock option grant of 250,000 Common Shares on July 28, 2006, the date our shareholders approved the 2006 Equity Plan, with respective exercise prices equal to fair market value on the dates of grant. These grants would become exercisable during his continued employment at a rate of 10% on March 31, 2007, an additional 30% on March 31, 2008, and a final 60% on March 31, 2009. The Rhein Letter Agreement further provided that vesting of such options would not be accelerated due to Mr. Rhein's retirement or termination for Good Reason (as such term is defined in the Employment Agreement). In connection with Mr. Rhein's retirement in October of 2008, the Separation Agreement with Mr. Rhein, dated October 20, 2008, provided that the Company agreed to treat Mr. Rhein's retirement effectively as a termination without cause. Therefore, the vesting of the above options accelerated and are fully exercisable until their expiration in 2016.

Under the Extension Agreement, Mr. Rhein would have received 70,000 restricted Common Shares on April 1, 2009, vesting on March 31, 2010, based solely on the performance vesting terms applicable to EVP LTIP Awards as authorized and approved by the Compensation Committee in its meeting of June 29, 2007. However, Mr. Rhein forfeited these Common Shares upon his retirement.

For a discussion of additional terms or the employment arrangements with Mr. Rhein, including post-termination and change-of-control payments and restrictive covenants, see the section titled Termination and Change of Control, below.

Option Exercises and Stock Vested For Fiscal Year 2008

The following table and related notes and discussion summarize certain information with respect to the exercise of options to purchase Common Shares and the vesting of other stock awards by the Named Officers during fiscal year 2008.

OPTION EXERCISES AND STOCK VESTED FOR FISCAL YEAR 2008

Name	Option awards		Stock awards	
	Number of Shares	Value Realized	Number of Share	Value Realized on
	Acquired on	on	Acquired on	Vesting(1)
	Exercise	Exercise(1)	Vesting	
Arthur Rhein	8,040	\$ 75,794		
Martin F. Ellis		\$	14,500	\$ 168,200

Robert J. Bailey	8,000	\$ 31,520	2,000	\$ 23,200
Peter J. Coleman		\$	2,000	\$ 23,200
Richard A. Sayers II		\$	1,600	\$ 18,560

- (1) Value realized on the exercise of the options is determined by calculating the difference between the market price per Common Share on the date of exercise and the exercise price of each option award. The value realized on vesting of stock awards is determined by multiplying the number of Common Shares underlying the stock awards by the market value on the vesting date of such stock awards.

Retirement Benefits for Fiscal Year 2008

The following table provides information relating to potential payments under our SERP to the Named Officers. The SERP is a nonqualified defined benefit plan that we implemented on April 1, 2000. The SERP participants include the Named Officers and those other executive officers, if any, who are approved for participation by the Compensation Committee. The plan provides benefits equal to 50% of covered pay. Covered

Table of Contents

pay is defined as annual salary plus actual annual incentive pay paid in a given year. The average of the highest three years of covered pay in the last five consecutive fiscal years prior to retirement is used as the basis for calculating benefits. The benefit formula is defined as 3.33% of final average covered pay times continuous service, capped at 15 years. The SERP benefit is offset by our matching and profit sharing contributions under the Section 401(k) Plan and BEP contributions as well as 50% of the participant's estimated Social Security retirement benefits payable at age 62, attributable to wages earned from the date of hire.

Normal retirement is at age 65 with early retirement defined as the attainment of age 55 plus seven years of continuous service. The benefit is actuarially reduced for any benefits taken prior to age 60. Benefits may be taken in the form of life or joint-and-survivor annuities or as a lump sum.

PENSION BENEFITS FOR FISCAL YEAR 2008

Name	Plan Name	Number of Years Credited Service	Present Value of Accumulated Benefit	Payments During Last Fiscal Year
Arthur Rhein(1)	SERP	26	\$ 7,031,976	
Martin F. Ellis	SERP	4	\$ 180,917	
Robert J. Bailey(2)	SERP	31	\$ 1,139,855	
Peter J. Coleman(3)	SERP	35	\$ 1,192,511	
Richard A. Sayers II	SERP	15(4)	\$ 1,390,609	

- (1) On the date of Mr. Rhein's retirement (October 20, 2008), he is fully vested in the SERP and may make an election to take his benefits.
- (2) As a result of our termination of Mr. Bailey's employment on October 21, 2008, Mr. Bailey will continue to accrue years of service and age requirements during the Bailey Severance Period. In an amendment to his Non-Competition Agreement dated December 17, 2008, we agreed to extend the Bailey Severance Period from twenty-four months to thirty-eight months and eleven days to enable Mr. Bailey to attain 55 years of age at the end of the Bailey Severance Period. In exchange, Mr. Bailey has agreed not to compete with us for thirty-six months. At the end of the Bailey Severance Period, Mr. Bailey will be eligible for early retirement benefits.
- (3) As a result of our termination of Mr. Coleman's employment on October 21, 2008, Mr. Coleman will continue to accrue years of service and age requirements during the Coleman Severance Period. At the end of the Coleman Severance Period, Mr. Coleman will be eligible for early retirement benefits.
- (4) On April 1, 2002, we signed the 2002 SERP Agreement with Mr. Sayers, providing him with additional years of service for the purposes of calculating benefits under the SERP if Mr. Sayers remained employed with the Company until March 14, 2006. We hired Mr. Sayers in the middle of his career and wanted to provide additional benefits to him if he retired between age 55 and 65. The 2002 SERP Agreement allowed Mr. Sayers to count 15 years of service for the benefit calculations if we continued to employ him through March 14, 2006. This allowance declines by a year for each year he works beyond age 55 and will be entirely eliminated by the time he reaches age 63. Mr. Sayers currently has nine actual years of service. Therefore, an additional six years is credited as a result of this 2002 SERP Agreement.

Nonqualified Deferred Compensation Plans

The following table presents deferred compensation for our BEP for the Named Officers.

Participants in the BEP must make irrevocable and timely elections to defer salary and annual incentive amounts into the BEP. We also provide both profit sharing amounts and matching amounts in the BEP as if the amounts deferred by the participant in the BEP were the equivalent to a pre-tax participant contribution to the Section 401(k) Plan. The BEP disregards certain government regulatory limitations that are applicable to the Section 401(k) Plan. Participants may direct the investment of their accounts by choosing from among a group of investment funds.

Participants will receive amounts from the BEP on their normal retirement date, which is defined for BEP purposes as the date on which they reach age 65. Participants who elect to take early retirement may receive their

Table of Contents

BEP benefits earlier than age 65, provided they have made an appropriate and timely election. A termination of employment for reasons of death or disability allows the participant's beneficiary to receive the benefit in the form initiated by the participant. If a participant's employment is terminated for cause, amounts credited for matching and profit sharing purposes are forfeited, although salary and annual incentive amounts deferred by the participant are still paid. BEP participants may elect to take their benefits as either a lump sum or in the form of a series of substantially equal annual installments, which may range between two and twenty years based on an election made by the participant.

Termination and Change of Control

The following table and related notes and discussion summarize certain information related to the total potential payments made to the executives as of March 31, 2008, in the event of termination of employment including upon a change of control. Please also refer to Compensation Discussion and Analysis Post-Termination Payments Change of Control and Severance Payments for additional related information. The amounts shown in the table below assume that such termination was effective as of March 30, 2008, the last business day of fiscal 2008. The actual amounts to be paid can only be determined at the time of an actual termination.

2005 Amended and Restated Employment Agreement and 2008 Amendment and Extension Agreement with Mr. Rhein. The terms of Mr. Rhein's Employment Agreement provided that if Mr. Rhein's employment was terminated by us other than due to his Disability or for Cause or was terminated by Mr. Rhein for Good Reason (as those terms are defined in the Employment Agreement and described in Footnote 2 of the Termination and Change of Control table, below), he would have been entitled to the following:

(i) Salary through the date of his termination of his employment;

(ii) Pro rata award under the annual incentive plan for the year of his termination of employment;

(iii) Payment of his annual salary and target annual incentives as follows: for the one year period from the date of the termination, we would have continued to pay Mr. Rhein's annual salary and an amount in equal monthly installments

equal to his target annual incentive for the year of his termination of employment; and within 30 days following the date which was one year from the date of such termination of employment, an amount in a single sum equal to the sum of his annual salary plus his target annual incentive for the year of his termination of employment;

(iv) For two years from the date of the termination, such other benefits as are provided under our relevant plans and arrangements;

(v) Director s and officer s liability insurance coverage until the later of the date on which Mr. Rhein attained age sixty-five (65) or the date which was two years from the date of his termination of employment;

(vi) Continuation of life insurance throughout the payment term;

Table of Contents

(vii) An automobile allowance for two years in accordance with our automobile policy for executive officers (but not less than \$12,000 per year);

(viii) An allowance for estate, financial and tax planning of \$10,000 per year for two years;

(ix) For two years, reimbursement for reasonable club dues and membership fees consistent with our past practices; and

(x) For two years, continued participation in all of our benefit plans in which he was a participant at the time of his termination of employment.

The Separation Agreement with Mr. Rhein dated October 20, 2008, entitles Mr. Rhein to receive the rights, payments and benefits described above.

If during the Extension Term, Mr. Rhein's employment was terminated by us other than for Cause, he would have received his base salary and annual incentive compensation and would continue to receive all benefits, perquisites and participate in all plans as described above for the balance of the Extension Term. The definition of "Good Reason" was modified for the Extension Term to exclude a change of Mr. Rhein's title or a change in his responsibilities and obligations as a "Good Reason" for Mr. Rhein's termination of his employment.

If Mr. Rhein's employment had been terminated by Mr. Rhein for Good Reason (as those terms are defined in the Employment Agreement and described in Footnote 2 of the "Termination and Change of Control" table, below), he would have been entitled to the following:

(i) Salary through the date of his termination of his employment;

(ii) Pro rata award under the annual incentive plan for the year of his termination of employment;

(iii) Payment of his annual salary and target annual incentives as follows: for the one year period from the date of the termination, we would have continued to pay Mr. Rhein's annual salary and an amount in equal monthly installments equal to his target annual incentive for the year of his termination of employment; and within 30 days following the date which was one year from the date of such termination of employment, an amount in a single sum equal to the sum of his annual salary plus his target annual incentive for the year of his termination of employment;

(iv) For two years from the date of the termination, such other benefits as are provided under our relevant plans and arrangements;

(v) Director's and officer's liability insurance coverage until the later of the date on which Mr. Rhein attained age sixty-five (65) or the date which was two years from the date of his termination of employment;

(vi) Continuation of life insurance throughout the payment term;

(vii) An automobile allowance for two years in accordance with our automobile policy for executive officers (but not less than \$12,000 per year);

(viii) An allowance for estate, financial and tax planning of \$10,000 per year for two years;

(ix) For two years, reimbursement for reasonable club dues and membership fees consistent with our past practices; and

(x) For two years, continued participation in all of our benefit plans in which he was a participant at the time of his termination of employment.

If Mr. Rhein's employment had been terminated due to his death, Disability or Retirement (as defined in the Employment Agreement), he (or his beneficiaries or estate, in the case of his death) would have been entitled to the following:

- (i) Salary through the end of the month of the termination of his employment;
- (ii) Pro rata award under the Annual Incentive Plan for the year of his termination of employment;

Table of Contents

- (iii) Directors and officer's liability insurance coverage for two years after such termination; and
- (iv) Such other benefits as are provided under our relevant plans and arrangements.

In addition, if termination of employment had been due to Mr. Rhein's death or Disability, all of Mr. Rhein's outstanding stock options would have become exercisable in full. Also, restrictions on his restricted stock (if any) would have lapsed. If termination had been due to Mr. Rhein's Retirement, all of Mr. Rhein's outstanding stock options would have become exercisable in full, except for those options granted in the Rhein Letter Agreement, the restricted Common Shares granted to him in the Extension Agreement and any options granted on or after the Effective Date. Options granted to Mr. Rhein on or after the Effective Agreement Date would not have become exercisable to any greater extent after termination due to Mr. Rhein's Retirement, even in the event of his death or Disability. Outstanding stock options which were granted to Mr. Rhein after April 1, 2003 would not have terminated prior to the end of their respective terms due to such termination. In the event of termination of employment due to Mr. Rhein's Disability or Retirement, he would also have been entitled to continuation of life insurance and medical insurance coverage substantially equivalent to the coverage for himself, his spouse and his dependents provided under our medical plan at the time of such Retirement or Disability, until Mr. Rhein attained age 65.

If Mr. Rhein's employment had been terminated in connection with a Change in Control (as defined in the Employment Agreement), he would have been entitled to receive the following:

- (i) Within 30 days following such termination, a single sum payment equal to three times the sum of his salary and target annual incentive for the year of his termination of employment;
- (ii) All other payments and benefits as described above (in the event of termination other than for Disability or Cause or if Mr. Rhein terminates his employment for Good Reason) for a three-year period from the date of his termination of employment;
- (iii) All of Mr. Rhein's then outstanding stock options, whether or not then exercisable, would have become exercisable in full (except if Mr. Rhein's termination was for Good Reason then those options related to Rhein Letter Agreement would not vest early) and then outstanding stock options which were granted to Rhein after April 1, 2003, would not terminate prior to the end of their respective terms;
- (iv) Any restrictions on Mr. Rhein's restricted stock would lapse;
- (v) A cash payment (the Excise Tax Payment) equal to the amount of excise taxes which he is required to pay pursuant to Section 4999 of the Internal Revenue Code of 1986, as amended (Code), as a result of any parachute payments as defined in Section 280G(b)(2) of the Code made by or on behalf of the Company or any successor thereto, under the Employment Agreement or otherwise, resulting in an excess parachute payment as defined in Section 280G(b)(1) of the Code; and
- (vi) An increase in the Excise Tax Payment due to Mr. Rhein by the aggregate of the amount of federal, state and local income, excise and penalty taxes, and any interest on any of the foregoing, for which he would be liable on account of the Excise Tax Payment, such that he would have received the Excise Tax Payment net of all income, excise and penalty taxes, and any interest on any of the foregoing, imposed on him on account of the receipt of the Excise Tax Payment.

If during the Extension Term Mr. Rhein no longer held the title as our Chief Executive Officer he was not entitled to the Change in Control benefits described above.

Upon either voluntary termination without Good Reason, or termination for Cause, Mr. Rhein would not have been entitled to further payments under either the Employment Agreement or the Extension Agreement.

The Employment Agreement also contains provisions regarding confidentiality, and, except upon involuntary termination not for Cause or voluntary termination within one year after a Change in Control, non-competition and non-interference, for two years following termination of employment. These terms would have remained in place during the Extension Agreement.

Table of Contents

Non-Competition Agreements and Change of Control Agreements. On February 25, 2000, we entered into non-competition agreements and change of control agreements with Messrs. Bailey, Coleman and Sayers, which were amended in January of 2003, May of 2007 and again in October of 2008 to make administrative changes. On June 30, 2003, we entered into a change of control agreement with Mr. Ellis, which was amended in May of 2005, May 31, 2005 and again in October of 2008 to make administrative changes, and we entered into a non-competition agreement with Mr. Ellis which was amended in May of 2007. The terms of the non-competition agreements and change of control agreements for Messrs. Bailey, Coleman, Ellis and Sayers are the same (the Executive Agreements), except as relates to certain changes made in an Amendment to Change of Control Agreement and Non-Competition Agreement with Mr. Bailey, dated December 17, 2008 (Bailey Amendment), an Amendment to Change of Control Agreement and Non-Competition Agreement with Mr. Coleman, dated December 17, 2008 (Coleman Amendment), an Amendment to Change of Control and Non-Competition Agreement with Mr. Ellis dated December 31, 2008, and an Amendment to Change of Control and Non-Competition Agreement with Mr. Sayers, dated December 31, 2008.

Under the Bailey Amendment, we terminated Mr. Bailey's Change of Control Agreement. We also amended the severance payment terms of the Non-Competition Agreement to comply with Section 409A of the Internal Revenue Code of 1986 to enable Mr. Bailey to avoid certain negative tax consequences that might otherwise be triggered by our payment of severance benefits to him. We also amended the duration of the payment of his severance benefits (without increasing those benefits) from twenty-four months to thirty-eight months and eleven days to enable Mr. Bailey to reach age 55 during the severance period so that he will be eligible to take early retirement benefits under the SERP. In return for these changes, Mr. Bailey has agreed not to compete with us for thirty-eight months and eleven days.

Under the Coleman Amendment, we terminated Mr. Coleman's Change of Control Agreement. We also amended the severance payment terms of the Non-Competition Agreement to comply with Section 409A of the Internal Revenue Code of 1986 to enable Mr. Coleman to avoid certain negative tax consequences that might otherwise be triggered by our payment of severance benefits to him. In return for these changes, Mr. Coleman has agreed not to compete with us for twenty-four months.

Under the Executive Agreements, in the event we terminate an executive's employment without cause, the executive is entitled to his monthly salary, target annual incentive and benefit coverage for twenty-four months following such termination. Messrs. Bailey and Coleman are entitled to these payments and benefits as a result of our termination of their employment on October 21, 2008, subject to the changes made in the Bailey Amendment and the Coleman Amendment. In the event an executive's employment is terminated for cause or he voluntarily resigns his position, we have no obligations for such payments or benefits coverage under the Executive Agreements. If any of these executives is terminated for cause or voluntarily terminates his employment, the executive is prohibited under the Executive Agreement for the two-year period following any such termination (the Noncompetition Period) from being employed by, owning, operating or similar involvement, directly or indirectly, with a business that competes with us, including but not limited to the sale of information technology products and services, enterprise computer systems, and related consulting, integration, maintenance and professional services in the geographical area in which we conduct our business. In the event that the executive is terminated without cause, we may, in our sole discretion, elect to pay the executive his regular salary and target annual incentive for all or any part of the Noncompetition Period, which payments are separate and in addition to the severance payments and benefits coverage described above and, so long as we make such payments, the executive will be bound by the non-competition provisions described above. The Executive Agreements also contain nondisclosure and non-interference provisions. In the event of a change of control, the provisions of the change of control agreement described below will supersede those of the non-competition agreement with respect to severance and non-competition terms.

Under the Executive Agreements, if during the 12 month period following a change of control (as defined in the Executive Agreements), any of these executives is discharged without cause or voluntarily terminates his employment

for good reason, the executive is entitled to receive a lump sum amount within 30 days of such termination of employment equal to 24 times the greater of (i) the executive's highest monthly salary paid during the twelve month period preceding a change in control or (ii) the executive's highest monthly salary paid or payable by us at any time from the ninety day period preceding a change of control through the date of termination. In addition,

Table of Contents

the executive is entitled to receive a lump sum amount equal to two times the annual incentive plan target applicable to the executive at the time of termination. Further, the executive is entitled to receive 24 times the monthly amount paid such executive as an auto allowance immediately preceding a change of control. For two years following such termination, the executive is entitled to all benefits and service credits for benefits under all of our employee benefit plans, programs or arrangements, or the economic equivalent where such crediting is not permitted. Under the Executive Agreements, cause is defined as (i) an act or acts of personal dishonesty taken by the employee and intended to result in personal enrichment of the employee at our expense or (ii) the conviction of the employee of a felony.

If any payment received by the executive in connection with a change of control is deemed a parachute payment under Section 280G of the Internal Revenue Code of 1986, as amended, resulting in an excess parachute payment within the meaning of such Section 280G(b), he will be entitled under the change of control agreement to a cash payment in an amount equal to the 20% excise tax, if any, payable by him pursuant to the provisions of Section 4999, which amount will be increased by the aggregate of the amount of any federal, state, and local income taxes and excise taxes for which he may become liable on account of the receipt of the excise tax gross up payment.

On December 31, 2008, we modified the severance payment terms of the Executive Agreements for each of Messrs. Ellis and Sayers to comply with Section 409A of the Internal Revenue Code of 1986 to enable Messrs. Ellis and Sayers to avoid certain negative tax consequences that might otherwise be triggered by our payment of either benefit to them. Under both amendments, we modified the payment structure of the severance payments and the change of control payments to be the same. In the case either benefit payment is triggered, subject to a six-month delay if necessary to comply with Section 409A, we will make payments on regularly scheduled intervals for one year after termination and, within thirty days after the one year anniversary of the termination date, we will pay the remainder of the total amount owed in a lump sum.

- (1) If termination was at a time when Mr. Rhein could have retired (as defined in the SERP), Mr. Rhein's stock options (except for the 500,000 options granted to Mr. Rhein in 2007) would be exercisable in full.
- (2) Includes termination by Mr. Rhein for Good Reason. Good Reason is defined in Mr. Rhein's employment agreement as (i) any reduction in his title or position or a change in his reporting relationship; (ii) a material reduction in his duties or responsibilities; (iii) Mr. Rhein's pay is reduced or his participation in any benefit plan, program or arrangement is eliminated, or benefits payable to Mr. Rhein under any such plan, program or arrangement or his perquisites are materially reduced or restricted, except where either (x) such reduction, restriction, elimination or other change is both generally applicable to all members of senior management and does not reduce either his annual salary or target annual bonus, or (y) such reduction, restriction or elimination or other change is merely the result of application of a formula measuring individual or corporate performance or both; (iv) there is a material breach or material default by the Company or successors of any of Mr. Rhein's employment-related agreements that is not cured in a reasonable period of time after written notice of the breach or default; (v) his principal place of work with the Company or successor is relocated to a location that exceeds by 50 miles the distance from the location of his residence at the time of such relocation of the Company's headquarters (where they were located on the date of his employment agreement); or (vi) a successor to the Company does not assume the employment agreement. Under the 2008 Extension, the definition of Good Reason was modified to eliminate items (i) and (ii) above.
- (3) The amount reflects a total of 24 months regular base pay and target incentive. An additional two years of regular base pay and target incentive would be paid to each executive at our option in exchange for an agreement not to compete. If we choose not to require an agreement not to compete, these executives would receive only 24 months total base pay and target incentive.
- (4) For Mr. Rhein, payments are made after Change in Control if he is terminated by us for other than disability or cause or if Mr. Rhein terminates for Good Reason as defined in footnote 2, above. During the Extension Term, if Mr. Rhein no longer has the title of our Chief Executive Officer, he is not entitled to Change in Control benefits.
- (5) For Messrs. Ellis, Bailey, Coleman and Sayers, Good Reason is defined as (i) a material adverse change in his responsibilities; (ii) substantial reduction in target annual compensation, or (iii) any requirement that he relocate to a facility that is no more than 50 miles from his current location.
- (6) Reflects the value which is the difference between SERP benefits which are only paid as a result of change in control and SERP benefits paid out immediately (for those currently eligible to retire) or upon normal retirement. The SERP contains a slightly different definition of change in control from the employment agreements, but for purposes of the possible benefit calculation, we have assumed each has occurred.
- (7) Represents regular on-going monthly dues as opposed to initiation fees.

Director Compensation Table

The following table and related notes and discussion summarize certain information about our non-employee Directors and their annual or long-term compensation for the fiscal year ended March 31, 2008. Our independent Board members are paid as follows:

An annual retainer of \$30,000(1);

Audit Committee, Nominating and Corporate Governance Committee and Compensation Committee members are paid an additional \$15,000 per year;

Chairs of the Compensation Committee and Nominating and Corporate Governance Committee receive an additional \$10,000 per year; and

The Chair of the Audit Committee is paid an additional \$15,000 per year.

- (1) On November 14, 2008, our Board agreed to pay Mr. Keith Kolerus a \$75,000 retainer, prorated between October 20, 2008 (the date on which Mr. Kolerus was appointed the independent chairman of the Board) and the end of our current fiscal year, March 31, 2009, in connection with Mr. Kolerus' additional responsibilities as the Company's independent Chairman. This retainer is in addition to the normal Board retainer described above.

Table of Contents

Our Compensation Committee may consider renewing this Board fee during its annual meeting to review Board member compensation, usually held in May of each year.

We pay no additional fees for Board or Committee meeting attendance. In addition, each of our outside Directors received 4,000 Common Shares, granted at the Compensation Committee meeting on May 21, 2007 at a grant price of \$22.09 and ratified by the independent members of the Board on May 22, 2007, and which vested in full on May 22, 2007. At its May 23, 2008 meeting, the Compensation Committee recommended to the full Board a new fiscal 2009 compensation plan that fixed the annual equity grant at \$100,000. The Board of Directors approved the compensation plan based on the results from the formal compensation study that took place earlier this year.

We also provide a Deferred Compensation Plan (the Deferral Plan) for our independent Directors. The Deferral Plan allows a Director to elect to defer all or a part of their pay for the following year, which deferral will continue until the election is revoked. Deferred pay is credited to a Director's account, at the Director's option, as a cash allotment or stock allotment. Amounts deferred as a cash allotment bear interest at the National City Bank prime interest rate. Amounts deferred as a stock allotment are credited to the Director's account as the stock equivalent of the number of Common Shares that could be purchased with the dollar amount of the allotment at the last sales price of the Common Shares on the last trading day of the applicable quarter. Distributions of the final account balance in a Director's account are payable in cash in five equal annual installments, or such other distribution schedule requested by the Director and which is acceptable to us, commencing six months after the date on which the person ceases to be a Director or the date on which the Director elects to terminate participation in the Deferral Plan. The final account balance of stock allotments is the cash amount equal to a Director's aggregate stock equivalents multiplied by the last sales price of such shares on Nasdaq on the nearest trading day preceding the Director's termination of participation in the Deferral Plan, subject to adjustment thereafter to reflect the market price of such shares on the last day of each fiscal quarter, until distributions are fully paid. The Deferral Plan also provides for various payment terms to beneficiaries in the event of the Director's death.

Our Directors are subject to share ownership guidelines. The guidelines require ownership of 5,000 Common Shares within the first term following the Director's election to the Board.

On April 21, 2008, Mr. Sullivan received a payout of \$270,950 from the Deferral Plan. The Deferral Plan payout represented fee amounts deferred by Mr. Sullivan during his tenure as a Director.

AUDIT COMMITTEE REPORT

The Audit Committee oversees the Company's financial reporting process on behalf of the Board of Directors. The Audit Committee's activities are governed by a written charter adopted by the Board of Directors. In January, 2005, the Board adopted an Amended and Restated Audit Committee Charter, which is available at the Company's website (www.agilysys.com). The Audit Committee currently consists of four Directors, all of whom are independent in accordance with the rules of The Nasdaq Stock Market, Inc., Section 10A(m) of the Securities Exchange Act of 1934 and the rules and regulations of the SEC. The Board has determined that Mr. Combes is an audit committee financial expert as defined by the SEC.

Management has the primary responsibility for the Company's financial statements and the reporting process, including the system of internal controls over financial reporting. Ernst & Young LLP, the Company's independent registered public accounting firm, audits the annual financial statements prepared by management and expresses an opinion on whether those financial statements conform with United States generally accepted accounting principles, and also audits the internal controls over financial reporting and management's assessment of those controls. The Audit Committee hires the Company's independent registered public accounting firm and monitors these processes.

In carrying out its responsibilities, the Audit Committee has reviewed and has discussed with the Company's management the Company's 2008 audited financial statements. Management represented to the Audit Committee that the Company's financial statements were prepared in accordance with United States generally accepted accounting principles. In addition, the Audit Committee discussed with the Company's financial management and independent registered public accounting firm the overall scope and plans for the audit. The Audit Committee also met with the independent registered public accounting firm, with and without management present, to discuss the results of the audit, their evaluation of the Company's internal controls over financial reporting, including both the design and usefulness of such internal controls, and the overall quality of the Company's financial reporting.

The Audit Committee has discussed with the independent registered public accounting firm the matters required to be discussed by Statement on Auditing Standards No. 61, Communication with Audit Committees.

The Audit Committee has also received written disclosures from Ernst & Young regarding their independence from the Company and its management as required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees), has discussed with the independent registered public accounting firm their

independence, and has considered the compatibility of non-audit services with the registered public accounting firm's independence.

Based on the review and discussions referred to above, the Audit Committee recommended to the Board of Directors that the Company's 2008 audited financial statements be included in the Company's Annual Report on Form 10-K for fiscal year 2008.

The Audit Committee has reviewed the audit fees of Ernst & Young LLP, the company's independent registered public accounting firm. Fees for services rendered by Ernst & Young for fiscal years 2008 and 2007 were:

Fiscal Year	Audit-Related			All Other Fees
	Audit Fees	Fees	Tax Fees	
2008	\$ 1,836,500	\$ 233,200	\$ 267,000	\$ -0-
2007	\$ 1,546,300	\$ 376,000	\$ 88,500	\$ -0-

Audit Fees consist of fees billed for professional services provided for the annual audit of the company's financial statements, annual audit of internal control over financial reporting, review of the interim financial statements included in quarterly reports and services that are normally provided by Ernst & Young in connection with statutory and regulatory filings. Audit-Related Fees generally include fees for employee benefits plan audits, business acquisitions and accounting consultations. Tax Fees include tax compliance and tax advice services. All Other Fees generally relate to services provided in connection with non-audit acquisition activities.

It is the Audit Committee's policy that all audit and non-audit services are pre-approved by the Audit Committee. Consistent with its charter, the Audit Committee has delegated pre-approval authority to the Chairman of the Audit Committee between meetings when it is necessary to expedite services, provided that any pre-approvals so delegated are reported to the Audit Committee at its next scheduled meeting. All audit and non-audit services were pre-approved by the Audit Committee consistent with this policy during fiscal years 2008 and 2007.

Representatives of Ernst & Young are expected to be present at the Annual Meeting. They will have an opportunity to make a statement if they so desire and are expected to be available to respond to appropriate questions.

PROPOSAL 2

RATIFICATION OF APPOINTMENT OF AUDITORS

The Audit Committee has selected Ernst & Young LLP as the Company's independent auditors for the fiscal year ending March 31, 2009 and has directed that management submit the selection of independent auditors to stockholders for ratification at the Annual Meeting. Representatives of Ernst & Young are expected to be present at the meeting, will have an opportunity to make a statement if they so desire and will be available to respond to appropriate questions.

Stockholder ratification of the selection of Ernst & Young as the Company's independent auditors is not required by the Company's Amended Code of Regulations or otherwise. However, we are submitting the appointment of Ernst & Young to the shareholders for ratification as a matter of good corporate practice. If the shareholders fail to ratify the selection, the Audit Committee will reconsider whether or not to retain Ernst & Young. Even if the selection is ratified, the Audit Committee in its discretion may direct the appointment of a different independent audit firm at any time during the year if it is determined that such a change would be in the best interests of the Company and its shareholders.

The Board recommends a vote FOR the ratification of the appointment of Ernst & Young, and proxies received by the Company will be so voted unless shareholders specify a contrary choice in their proxies.

OTHER MATTERS

Reports will be laid before the Annual Meeting, including a letter from the Chief Executive Officer which accompanies the financial statements of the Company and the Auditor's Report prepared by independent auditors. The Board of Directors does not expect nor intend to present for consideration any action by shareholders related to any reports to be laid before the Annual Meeting or related to the minutes of the Annual Meeting of Shareholders held on July 27, 2007, which will be read at the Annual Meeting on March 26, 2009, unless a motion to dispense with a reading is adopted.

The Board of Directors is not aware of any matter to come before the Annual Meeting other than those mentioned in the accompanying Notice. However, if other matters properly come before the Annual Meeting, the persons named in the accompanying Proxy intend to vote using their best judgment on such matters.

The cost of solicitation of Proxies, including the cost of preparing, assembling and mailing the Notice, Proxy Statement and Proxy, will be borne by the Company. In addition to solicitation by mail, arrangements may be made with brokerage houses and other custodians, nominees and fiduciaries to send proxy materials to their principals, and the Company may reimburse them for their expenses in so doing. To the extent necessary to assure sufficient representation, officers and employees of the Company may in person or by telephone or telegram request the return of Proxies. In addition, the Company has retained Georgeson to assist in the solicitation of proxies. The Company has agreed that Georgeson will be paid a fee not to exceed \$125,000, plus reimbursement of reasonable out-of-pocket expenses. The Company has also agreed to indemnify Georgeson against certain liabilities and expenses, including certain liabilities and expenses under the federal securities laws.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires the Company's Directors and certain of its executive officers and persons who beneficially own more than 10% of the Common Shares to file reports of ownership and changes in ownership on

Forms 3, 4 and 5 with the SEC. These persons are also required to furnish the Company with copies of any filed Forms. Based solely on the Company's review of the copies of Forms it has received, the Company believes that each of its Directors, executive officers and beneficial owners of more than 10% of the Common Shares satisfied the Section 16(a) filing requirements during 2008, with the exception of Kenneth J. Kossin, Jr., and Rita A. Thomas, each of whom made one late Form 4 filing reporting a single stock option grant transaction.

RELATED PERSON TRANSACTIONS

In connection with the move of our headquarters from Ohio to Florida, we provided relocation assistance to our executive officers who were required to relocate to Florida. This relocation assistance included costs related to temporary housing, commuting expenses, sales and broker commissions, moving expenses, costs to maintain the executive's former residence while it was on the market and the loss, if any, associated with the sale of the executive's former residence. For more information, see the Summary Compensation Table at page 21 of this Proxy Statement.

All related party transactions with the Company require the prior approval of or ratification by the Company's Audit Committee. The Company, through its Nominating and Corporate Governance Committee, also makes a formal yearly inquiry of all of its officers and Directors for purposes of disclosure of related person transactions, and any such newly revealed related person transactions are conveyed to the Audit Committee. All officers and Directors are charged with updating this information with the Company's internal legal counsel.

SHAREHOLDER PROPOSALS

Any shareholder that intends to present a proposal at the 2009 Annual Meeting of Shareholders must ensure the proposal is received by the Company's Secretary at the Company's principal executive offices no later than April 12, 2009, for inclusion in the Proxy Statement and form of Proxy relating to that Annual Meeting. Each proposal submitted should be accompanied by the name and address of the shareholder submitting the proposal and the number of Common Shares owned. If the proponent is not a shareholder of record, proof of beneficial ownership should also be submitted. All proposals must be a proper subject for action and comply with the proxy rules of the SEC.

The Company may use its discretion in voting Proxies with respect to shareholder proposals not included in the Proxy Statement for the fiscal year ended March 31, 2009, unless the Company receives notice of such proposals prior to June 15, 2009.

Any shareholder entitled to vote at the Annual Meeting on March 26, 2009, may make a request in writing and the Company will mail, at no charge to the shareholder, a copy of the Company's Annual Report on Form 10-K, including the financial statements and schedules required to be filed with the SEC pursuant to Rule 13a-1 under the Exchange Act, for the Company's most recent fiscal year. Requests from beneficial owners of the Company's voting securities must state a good-faith representation that, as of the record date for the Annual Meeting, the person making the request was the beneficial owner of securities entitled to vote at such Annual Meeting.
