**RAMCO-GERSHENSON PROPERTIES TRUST**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS**

**(Dollars in thousands)**

**1. Organization and Basis of Presentation**

Ramco-Gershenson Properties Trust, together with its subsidiaries (the Company), is a real estate investment trust (REIT) engaged in the business of owning, developing, acquiring, managing and leasing community shopping centers, regional malls and single tenant retail properties. At March 31, 2009, the Company owned and managed a portfolio of 89 shopping centers, with approximately 19.8 million square feet of gross leaseable area (GLA), located in the Midwestern, Southeastern and Mid-Atlantic regions of the United States. The Company's centers are usually anchored by discount department stores or supermarkets and the tenant base consists primarily of national and regional retail chains and local retailers. The Company's credit risk, therefore, is concentrated in the retail industry.

The economic performance and value of the Company's real estate assets are subject to all the risks associated with owning and operating real estate, including risks related to adverse changes in national, regional and local economic and market conditions. The economic condition of each of the Company's markets may be dependent on one or more industries. An economic downturn in one of these industries may result in a business downturn for the Company's tenants, and as a result, these tenants may fail to make rental payments, decline to extend leases upon expiration, delay lease commencements or declare bankruptcy.

The accompanying consolidated financial statements have been prepared by the Company pursuant to the rules and regulations of the Securities and Exchange Commission. Accordingly, certain information and footnote disclosures normally included in audited financial statements prepared in accordance with accounting principles generally accepted in the United States have been condensed or omitted. These consolidated financial statements should be read in conjunction with the audited consolidated financial statements and related notes included in the Company's Annual Report on Form 10-K for the year ended December 31, 2008 filed with the Securities and Exchange Commission. These consolidated financial statements, in the opinion of management, include all adjustments necessary for a fair presentation of the financial position, results of operations and cash flows for the periods and dates presented. Interim operating results are not necessarily indicative of operating results for the full year.

***Principles of Consolidation***

The consolidated financial statements include the accounts of the Company and its majority owned subsidiary, the Operating Partnership, Ramco-Gershenson Properties, L.P. (86.5% and 86.4% owned by the Company at March 31, 2009 and December 31, 2008, respectively), and all wholly owned subsidiaries, including bankruptcy remote single purpose entities and all majority owned joint ventures over which the Company has control. The Operating Partnership owns 100% of the non-voting and voting common stock of Ramco-Gershenson, Inc. (Ramco), and therefore it is included in the consolidated financial statements. Ramco has elected to be a taxable REIT subsidiary for federal income tax purposes. Ramco provides property management services to the Company and to other entities. Investments in real estate joint ventures for which the Company has the ability to exercise significant influence over, but for which the Company does not have financial or operating control, are accounted for using the equity method of accounting. Accordingly, the Company's share of the earnings from these joint ventures is included in consolidated net income. All intercompany accounts and transactions have been eliminated in consolidation.

***New Accounting Pronouncements***

In December 2007, the Financial Accounting Standards Board ( FASB ) issued Statement No. 160 Noncontrolling Interests in Consolidated Financial Statements ( SFAS 160 ). SFAS 160 establishes accounting and reporting standards for the noncontrolling interest in a subsidiary, previously referred to as a minority interest. This statement requires noncontrolling interests to be treated as a separate component of equity, not as a liability or other item outside of permanent equity. Consolidated net income and comprehensive income is required to include the

**Table of Contents**

**RAMCO-GERSHENSON PROPERTIES TRUST**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

noncontrolling interest's share. The calculation of earnings per share will continue to be based on income amounts attributable to the parent. The Company adopted the provisions of SFAS 160 in the first quarter of 2009. Certain presentation requirements of the standard were applied retrospectively.

In March 2008, the FASB issued Statement No. 161, *Disclosures about Derivative Instruments and Hedging Activities*—an amendment of FASB Statement No. 133 (SFAS 161). SFAS 161 requires entities that utilize derivative instruments to provide qualitative disclosures about their objectives and strategies for using such instruments, as well as any details of credit-risk-related contingent features contained within derivatives. SFAS 161 also requires entities to disclose additional information about the amounts and location of derivatives included within the financial statements, how the provisions of SFAS 133 have been applied, and the impact that hedges have on an entity's financial position, financial performance, and cash flows. SFAS 161 is effective for fiscal years and interim periods beginning after November 15, 2008. The Company implemented the provisions of SFAS 161 in the first quarter of 2009. The application of SFAS 161 did not have a material effect on the Company's results of operations or financial position because it only required new disclosure requirements. Refer to Note 8 for further information.

In June 2008, the FASB issued FASB Staff Position No. EITF 03-6-1, *Determining Whether Instruments Granted in Share-Based Payment Transactions are Participating Securities*, (FSP EITF 03-6-1). FSP EITF 03-6-1 clarifies that unvested share-based payment awards that contain non-forfeitable rights to dividends or dividend equivalents are considered participating securities and should be included in the calculation of basic earnings per share using the two-class method prescribed by SFAS No. 128, *Earnings Per Share*. FSP EITF 03-6-1 is effective for financial statements issued for fiscal years and interim periods beginning after December 15, 2008. All prior period earnings per share amounts presented are required to be adjusted retrospectively. Accordingly, the Company adopted the provisions of FSP EITF 03-6-1 in the first quarter of 2009. The adoption of the provisions of FSP EITF 03-6-1 did not have a material effect on the Company's consolidated financial condition, results of operations, or cash flows. Refer to Note 9 for the calculation of earnings per share.

In April 2009, the FASB issued FASB Staff Position No. 157-4, *Determining Fair Value When the Volume and Level of Activity for the Asset or Liability Have Significantly Decreased and Identifying Transactions That Are Not Orderly*. This Staff Position clarifies the application of FASB Statement No. 157, *Fair Value Measurements*, when the volume and level of activity for the asset or liability have significantly decreased. This FSP also includes guidance on identifying circumstances that indicate a transaction is not orderly. Additionally, FASB Staff Position No. 157-4 emphasizes that even if there has been a significant decrease in the volume and level of activity for the asset or liability and regardless of the valuation technique(s) used, the objective of a fair value measurement remains the same. Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction (that is, not a forced liquidation or distressed sale) between market participants at the measurement date under current market conditions. The guidance in this Staff Position is effective for interim and annual reporting periods ending after June 15, 2009, and must be applied prospectively. The Company is currently evaluating the application of Staff Position No. 157-4, but does not expect the standard to have a material impact on the Company's consolidated financial position, results of operations, or cash flows.

**2. Accounts Receivable, Net**

Accounts receivable includes \$17,580 and \$17,605 of unbilled straight-line rent receivables at March 31, 2009 and December 31, 2008, respectively.

Accounts receivable at March 31, 2009 and December 31, 2008 includes \$2,373 and \$2,258, respectively, due from Atlantic Realty Trust ( Atlantic ) for reimbursement of tax deficiencies, interest and other miscellaneous expenses related to the Internal Revenue Service ( IRS ) examination of the Company s taxable years ended December 31, 1991 through 1995. Under terms of the tax agreement the Company entered into with Atlantic ( Tax Agreement ), Atlantic assumed all of the Company s liability for tax and interest arising out of that IRS examination. Effective June 30, 2006, Atlantic was merged into (acquired by) Kimco SI 1339, Inc. (formerly

Table of Contents**RAMCO-GERSHENSON PROPERTIES TRUST****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

known as SI 1339, Inc.), a wholly owned subsidiary of Kimco Realty Corporation ( Kimco ), with Kimco SI 1339, Inc. continuing as the surviving corporation. By way of the merger, Kimco SI 1339, Inc. acquired Atlantic s assets, subject to its liabilities, including its obligations to the Company under the Tax Agreement.

The Company provides for bad debt expense based upon the allowance method of accounting. The Company monitors the collectability of its accounts receivable (billed and unbilled, including straight-line) from specific tenants, and analyzes historical bad debts, customer credit worthiness, current economic trends and changes in tenant payment terms when evaluating the adequacy of the allowance for doubtful accounts. When tenants are in bankruptcy, the Company makes estimates of the expected recovery of pre-petition and post-petition claims. The ultimate resolution of these claims can be delayed for one year or longer. Accounts receivable in the accompanying balance sheets is shown net of an allowance for doubtful accounts of \$4,402 and \$4,287 at March 31, 2009 and December 31, 2008, respectively.

**3. Investment in Real Estate, Net**

Investment in real estate consisted of the following:

	<b>March 31, 2009 (Unaudited)</b>	<b>December 31, 2008</b>
Land	\$ 144,370	\$ 144,422
Buildings and improvements	832,214	813,705
Construction in progress	32,877	46,982
	1,009,461	1,005,109
Less: accumulated depreciation	(180,455)	(174,717)
Investment in real estate, net	\$ 829,006	\$ 830,392

**4. Equity Investments in and Advances to Unconsolidated Entities**

As of March 31, 2009, the Company had investments in the following unconsolidated entities:

<b>Entity Name</b>	<b>Ownership as of March 31, 2009</b>	<b>Total Assets as of March 31, 2009 (Unaudited)</b>	<b>Total Assets as of December 31, 2008</b>

	\$ 538,951			

(1) Interest rate resets annually per formula.

(2) Under terms of the note, the anticipated payment date is April 2010.

(3) Interest rates range from 4.6% to 8.3% with maturities ranging from November 2009 to June 2020.

(4) Interest rates range from 4.8% to 6.0% with maturities ranging from February 2010 to January 2018.

**Fees and Management Income from Transactions with Joint Ventures**

Under the terms of agreements with certain joint ventures, Ramco is the manager of the joint ventures and their properties, earning fees for acquisitions, development, management, leasing, and financing. The fees earned by the Company, which are reported in the consolidated statements of income as fees and management income, are summarized as follows:

	<b>Three Months Ended March 31, 2009      2008 (Unaudited)</b>	
Management fees	\$ 729	\$ 697

Other assets, net	\$ 35,893	\$ 37,345

**Table of Contents****RAMCO-GERSHENSON PROPERTIES TRUST****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

Intangible assets at March 31, 2009 include \$4,526 of lease origination costs and \$1,228 of favorable leases related to the allocation of the purchase price for acquisitions made since 2002. These assets are being amortized over the lives of the applicable leases as reductions or additions to minimum rent revenue, as appropriate, over the initial terms of the respective leases.

At March 31, 2009 and 2008, \$1,870 and \$2,744, respectively, of intangible assets, net of accumulated amortization of \$3,884 and \$3,731, respectively, were included in other assets in the consolidated balance sheets. Of this amount, approximately \$1,450 and \$2,183, respectively, was attributable to in-place leases, principally lease origination costs and \$420 and \$561, respectively, was attributable to above-market leases. Included in accounts payable and accrued expenses at March 31, 2009 and 2008 were intangible liabilities related to below-market leases of \$662 and \$991, respectively, and an adjustment to increase debt to fair market value in the amount of \$510 and \$803, respectively. The lease-related intangible assets and liabilities are being amortized over the terms of the acquired leases, which resulted in additional expense of approximately \$31 and \$32, respectively, and an increase in revenue of \$43 and \$61, respectively, for the three months ended March 31, 2009 and 2008. The adjustment of debt decreased interest expense by \$78 and \$40 for the three months ended March 31, 2009 and 2008, respectively.

The average amortization period for intangible assets attributable to lease origination costs and for favorable leases is 5.5 years and 4.5 years, respectively.

The Company recorded amortization of deferred financing costs of \$168 and \$224, respectively, during the three months ended March 31, 2009 and 2008. This amortization has been recorded as interest expense in the Company's consolidated statements of income.

The following table represents estimated future amortization expense related to other assets as of March 31, 2009 (unaudited):

**Year Ending December 31,**

2009 (April 1 - December 31)	\$ 4,739
2010	4,475
2011	3,564
2012	2,728
2013	2,057
Thereafter	4,572
Total	\$ 22,135

Table of Contents**RAMCO-GERSHENSON PROPERTIES TRUST****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)****6. Mortgages and Notes Payable**

Mortgages and notes payable consisted of the following:

	<b>March 31, 2009 (Unaudited)</b>	<b>December 31, 2008</b>
Fixed rate mortgages with interest rates ranging from 4.8% to 8.1%, due at various dates from December 2009 through May 2018	\$ 353,270	\$ 354,253
Floating rate mortgages with interest rates ranging from 2.0% to 3.3%, due at various dates from June 2009 through November 2009	14,840	15,023
Secured Revolving Credit Facility, with an interest rate at LIBOR plus 325 basis points due December 2009. The effective rate at March 31, 2009 and December 31, 2008 was 3.8% and 4.3%, respectively	40,000	40,000
Junior subordinated notes, unsecured, due January 2038, with an interest rate fixed until January 2013 when the notes are redeemable or the interest rate becomes LIBOR plus 330 basis points. The effective rate at March 31, 2009 and December 31, 2008 was 7.9%	28,125	28,125
Unsecured Term Loan Credit Facility, with an interest rate at LIBOR plus 130 to 165 basis points, due December 2010, maximum borrowings \$100,000. The effective rate at March 31, 2009 and December 31, 2008 was 4.6% and 5.7%, respectively	100,000	100,000
Unsecured Revolving Credit Facility, with an interest rate at LIBOR plus 115 to 150 basis points, due December 2009, maximum borrowings \$150,000. The effective rate at March 31, 2009 and December 31, 2008 was 1.9% and 3.0%, respectively	129,500	125,200
	<b>\$ 665,735</b>	<b>\$ 662,601</b>

The mortgage notes, both fixed rate and floating rate, are secured by mortgages on properties that have an approximate net book value of \$444,069 as of March 31, 2009.

The Company has a \$250,000 unsecured credit facility (the Credit Facility ) consisting of a \$100,000 unsecured term loan credit facility and a \$150,000 unsecured revolving credit facility. The Credit Facility provides that the unsecured revolving credit facility may be increased by up to \$100,000 at the Company s request, dependent on there being one or more lenders willing to acquire the additional commitment, for a total unsecured revolving credit facility commitment of \$250,000. The unsecured term loan credit facility matures in December 2010 and bears interest at a rate equal to LIBOR plus 130 to 165 basis points, depending on certain debt ratios. The Company retains the option to extend the maturity date of the unsecured revolving credit facility to December 2010. It is anticipated that funds borrowed under the Credit Facility will be used for general corporate purposes, including working capital, capital expenditures, the repayment of indebtedness or other corporate activities.

At March 31, 2009, outstanding letters of credit issued under the Credit Facility, not reflected in the accompanying consolidated balance sheets, totaled approximately \$1,776. These letters of credit reduce the availability under the Credit Facility.

The Credit Facility and the secured term loan contain financial covenants relating to total leverage, fixed charge coverage ratio, loan to asset value, tangible net worth and various other calculations. As of March 31, 2009, the Company was in compliance with the covenant terms.

The mortgage loans encumbering the Company's properties, including properties held by its unconsolidated joint ventures, are generally non-recourse, subject to certain exceptions for which the Company would be liable for any resulting losses incurred by the lender. These exceptions vary from loan to loan but generally include fraud or a material misrepresentation, misstatement or omission by the borrower, intentional or grossly negligent conduct by

**Table of Contents****RAMCO-GERSHENSON PROPERTIES TRUST****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

the borrower that harms the property or results in a loss to the lender, filing of a bankruptcy petition by the borrower, either directly or indirectly, and certain environmental liabilities. In addition, upon the occurrence of certain events, such as fraud or filing of a bankruptcy petition by the borrower, the Company would be liable for the entire outstanding balance of the loan, all interest accrued thereon and certain other costs, including penalties and expenses.

We have entered into mortgage loans which are secured by multiple properties and contain cross-collateralization and cross-default provisions. Cross-collateralization provisions allow a lender to foreclose on multiple properties in the event that we default under the loan. Cross-default provisions allow a lender to foreclose on the related property in the event a default is declared under another loan.

Under terms of various debt agreements, the Company may be required to maintain interest rate swap agreements to reduce the impact of changes in interest rates on its floating rate debt. The Company has interest rate swap agreements with an aggregate notional amount of \$100,000 at March 31, 2009. Based on rates in effect at March 31, 2009, the agreements provide for fixed rates ranging from 4.4% to 4.7% and expire December 2010.

The following table presents scheduled principal payments on mortgages and notes payable as of March 31, 2009 (unaudited):

<b>Year Ending December 31,</b>	
2009 (April 1 - December 31)	\$ 210,839
2010	126,580
2011	27,932
2012	34,011
2013	33,485
Thereafter	232,888
 Total	 \$ 665,735

With respect to the various fixed rate mortgages, floating rate mortgages, the Secured Revolving Credit Facility, and the Unsecured Revolving Credit Facility due in 2009 or extended under existing agreements, it is the Company's intent to refinance these mortgages and notes payable. However, there can be no assurance that the Company will be able to refinance its debt on commercially reasonable or any other terms.

**7. Fair Value**

The Company utilizes fair value measurements to record fair value adjustments to certain assets and liabilities and to determine fair value disclosures. Derivative instruments (interest rate swaps) are recorded at fair value on a recurring basis. Additionally, the Company, from time to time, may be required to record certain assets, such as impaired real estate assets, at fair value on a nonrecurring basis.

***Fair Value Hierarchy***

As required under SFAS 157, the Company groups assets and liabilities at fair value in three levels, based on the markets in which the assets and liabilities are traded and the reliability of the assumptions used to determine fair value.

**Table of Contents**

**RAMCO-GERSHENSON PROPERTIES TRUST**

**NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

These levels are:

- Level 1 Valuation is based upon quoted prices for identical instruments traded in active markets.
- Level 2 Valuation is based upon quoted prices for similar instruments in active markets, quoted prices for identical or similar instruments in markets that are not active, and model-based valuation techniques for which all significant assumptions are observable in the market.
- Level 3 Valuation is generated from model-based techniques that use at least one significant assumption not observable in the market. These unobservable assumptions reflect estimates of assumptions that market participants would use in pricing the asset or liability.

The following is a description of valuation methodologies used for the Company's assets and liabilities recorded at fair value.

*Derivative Assets and Liabilities*

All derivative instruments held by the Company are interest rate swaps for which quoted market prices are not readily available. For those derivatives, the Company measures fair value on a recurring basis using valuation models that use primarily market observable inputs, such as yield curves. The Company classifies derivatives instruments as recurring Level 2.

*Real Estate Assets*

Real estate assets are subject to impairment testing on a nonrecurring basis. The Company records investments in real estate at cost, less accumulated depreciation. When the fair value of a real estate asset is lower than the cost, the asset is considered impaired and is written down to fair value. The Company utilizes cash flow analyses by applying appropriate discount rates, and other valuation techniques, including management's analysis of comparable properties in the existing portfolio and observable market prices to determine the fair value of its shopping centers. As such, the Company classifies impaired real estate assets as nonrecurring Level 3.

*Assets and Liabilities Recorded at Fair Value on a Recurring Basis*

The table below presents the recorded amount of liabilities measured at fair value on a recurring basis as of March 31, 2009 (in thousands). The Company did not have any material assets that were required to be measured at fair value on a recurring basis at March 31, 2009.

<b>Total Fair Value</b>	<b>Level 1</b>	<b>Level 2</b>	<b>Level 3</b>
-----------------------------	----------------	----------------	----------------

(1) Impaired real estate assets

Table of Contents**RAMCO-GERSHENSON PROPERTIES TRUST****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)****8. Derivative Financial Instruments**

As of March 31, 2009, the Company had \$100,000 of interest rate swap agreements. Under the terms of certain debt agreements, the Company is required to maintain interest rate swap agreements in an amount necessary to ensure that the Company's variable rate debt does not exceed 25% of its assets, as computed under the agreements, to reduce the impact of changes in interest rates on its variable rate debt. Based on rates in effect at March 31, 2009, the agreements provide for fixed rates ranging from 4.4% to 4.7% on a portion of the Company's unsecured credit facility and expire December 2010.

On the date the Company enters into an interest rate swap for risk management purposes, the derivative is designated as a hedge against the variability of cash flows that are to be paid in connection with a recognized liability. Subsequent changes in the fair value of a derivative designated as a cash flow hedge that is determined to be highly effective are recorded in other comprehensive income (OCI) until earnings are affected by the variability of cash flows of the hedged transaction. The differential between fixed and variable rates to be paid or received is accrued, as interest rates change, and recognized currently as interest expense in the consolidated statement of income.

The following table summarizes the notional values and fair values of the Company's derivative financial instruments as of March 31, 2009:

<b>Underlying Debt</b>	<b>Hedge Type</b>	<b>Notional Value</b>	<b>Fixed Rate</b>	<b>Fair Value</b>	<b>Expiration Date</b>
Credit Facility	Cash Flow	\$ 20,000	4.4%	\$ (679)	12/2010
Credit Facility	Cash Flow	10,000	4.6%	(371)	12/2010
Credit Facility	Cash Flow	10,000	4.6%	(371)	12/2010
Credit Facility	Cash Flow	10,000	4.6%	(360)	12/2010
Credit Facility	Cash Flow	10,000	4.6%	(360)	12/2010
Credit Facility	Cash Flow	20,000	4.7%	(776)	12/2010
Credit Facility	Cash Flow	20,000	4.7%	(776)	12/2010
		\$ 100,000		\$ (3,693)	

The following table presents the fair values of derivative financial instruments in the Company's consolidated balance sheets as of March 31, 2009 and December 31, 2008, respectively:

<b>Derivatives Designated as Hedging Instruments Under SFAS 133</b>	<b>Liability Derivatives</b>

**9. Earnings Per Common Share**

The following table sets forth the computation of basic and diluted earnings per common share (EPS) (in thousands, except per share data):

	Three Months Ended March 31, 2009      2008 (Unaudited)	
Numerator:		
Income from continuing operations before noncontrolling interest	\$ 2,630	\$ 13,439
Noncontrolling interest in subsidiaries from continuing operations	(380)	(2,078)
Earnings allocated to unvested shares	(21)	
Income from continuing operations available to RGPT common shareholders	2,229	11,361
Discontinued operations, net of noncontrolling interest in subsidiaries:		
Income from operations		84
Net income available to RGPT common shareholders	\$ 2,229	\$ 11,445
Denominator:		
Weighted-average common shares for basic EPS	18,609	18,500
Effect of dilutive securities:		

Options outstanding		12
Weighted-average common shares for diluted EPS	18,609	18,512
Basic EPS:		
Income from continuing operations attributable to RGPT common shareholders	\$ 0.12	\$ 0.61
Income from discontinued operations attributable to RGPT common shareholders		0.01
Net income attributable to RGPT common shareholders	\$ 0.12	\$ 0.62
Diluted EPS:		
Income from continuing operations attributable to RGPT common shareholders	\$ 0.12	\$ 0.61
Income from discontinued operations attributable to RGPT common shareholders		0.01
Net income attributable to RGPT common shareholders	\$ 0.12	\$ 0.62

Table of Contents**RAMCO-GERSHENSON PROPERTIES TRUST****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)****10. Shareholder Rights Plan**

Our Board of Trustees has the authority to issue Preferred Shares and to determine the price, rights (including conversion rights), preferences and privileges of those shares without any further vote or action by the shareholders. Consistent with this authority, in March 2009, our Board of Trustees adopted for a one-year term a Shareholder Rights Plan (the Rights Plan) in which one purchase right was distributed as a dividend on each share of common share held of record as of the close of business on April 10, 2009 (the Rights). If exercisable, each Right will entitle its holder to purchase from the Company one one-thousandth of a share of a newly created Series A Junior Participating Preferred Shares of beneficial interest, par value \$0.01 per share, of the Company for \$30.00 (the Purchase Price). The Rights will become exercisable if any person or any of its affiliates or associates, directly or indirectly, becomes the beneficial owner of 15% or more of the Company's common shares or has commenced a tender or exchange offer which, if consummated, would result in any person or any of its affiliates or associates becoming the beneficial owner of 15% or more of the Company's common shares. If any person or any of its affiliates or associates becomes the beneficial owner of 15% or more of the Company's common shares, each right will entitle its holder, other than the acquiring person, to purchase a number of shares of the Company's or the acquiror's common share having a value of twice the Purchase Price. The Rights are deemed attached to the certificates representing outstanding common shares of beneficial interest.

**11. Leases**

Approximate future minimum revenues from rentals under noncancelable operating leases in effect at March 31, 2009, assuming no new or renegotiated leases or option extensions on lease agreements, are as follows (unaudited):

<b>Year Ending December 31,</b>	
2009 (April 1 - December 31)	\$ 61,879
2010	79,478
2011	71,768
2012	61,912
2013	53,090
Thereafter	247,985
<b>Total</b>	<b>\$ 576,112</b>

The Company has an operating lease for its corporate office space for a term expiring in 2014. The Company also has operating leases for office space in Florida and land at one of its shopping centers. In addition, the Company has a capitalized ground lease. Total amounts expensed relating to these leases were \$393 and \$367 for the three months ended March 31, 2009 and 2008, respectively.

**Table of Contents****RAMCO-GERSHENSON PROPERTIES TRUST****NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)**

Approximate future minimum rental payments under the Company's noncancelable office leases and land, assuming no options extensions, and a capital ground lease at one of its shopping centers, are as follows (unaudited):

<b>Year Ending December 31,</b>	<b>Office Leases</b>	<b>Capital Lease</b>
2009 (April 1 - December 31)	\$ 674	\$ 508
2010	909	677
2011	916	677
2012	938	677
2013	960	677
Thereafter	1,517	5,956
Total minimum lease payments	5,914	9,172
Less: amounts representing interest		(2,046)
Total	\$ 5,914	\$ 7,126

**12. Commitments and Contingencies*****Construction Costs***

In connection with the development and expansion of various shopping centers, as of March 31, 2009 we have entered into agreements for construction costs of approximately \$26,577, including approximately \$9,009 for costs related to the development of Hartland Towne Square in Hartland, Michigan and \$14,555 for The Towne Center at Aquia in Stafford, Virginia.

***Litigation***

We are currently involved in certain litigation arising in the ordinary course of business. The Company believes that this litigation will not have a material adverse effect on our consolidated financial statements.

***Repurchase of Common Shares of Beneficial Interest***

In December 2005, the Board of Trustees authorized the repurchase, at management's discretion, of up to \$15,000 of the Company's common shares of beneficial interest. The program allows the Company to repurchase its common shares of beneficial interest from time to time in the open market or in privately negotiated transactions. As of March 31, 2009, the Company had purchased and retired 287,900 shares of the Company's common shares of beneficial interest under this program at an average cost of \$27.11 per share. No common shares were repurchased during the first quarter of 2009.

**Table of Contents**

**Item 2. *Management's Discussion and Analysis of Financial Condition and Results of Operations***

The following discussion and analysis of the financial condition and results of operations should be read in conjunction with the consolidated financial statements, including the respective notes thereto, which are included in this Form 10-Q.

**Overview**

We are a fully integrated, self-administered, publicly-traded REIT which owns, develops, acquires, manages and leases community shopping centers (including power centers and single-tenant retail properties) and one enclosed regional mall in the Midwestern, Southeastern and Mid-Atlantic regions of the United States. At March 31, 2009, we owned interests in 89 shopping centers, comprised of 88 community centers and one enclosed regional mall, totaling approximately 19.8 million square feet of GLA. We and our joint venture partners own approximately 15.7 million square feet of such GLA, with the remaining portion owned by various anchor stores.

Our corporate strategy is to maximize total return for our shareholders by improving operating income and enhancing asset value. We pursue our goal through:

Aggressively leasing vacant spaces and entering into new leases for occupied spaces when leases are about to expire;

A proactive approach to redeveloping, renovating and expanding our shopping centers; and

The development of new shopping centers in metropolitan markets where we believe demand for a center exists.

We have followed a disciplined approach to managing our operations by focusing primarily on enhancing the value of our existing portfolio through strategic sales and successful leasing efforts. We continue to selectively pursue new development, redevelopment and acquisition opportunities.

**Leasing**

During the first quarter 2009, we opened 19 new stores, at an average base rent of \$14.53 per square foot, an increase of 34.3% over the portfolio average rents. The Company signed 26 new leases during the first quarter 2009, at an increase of 49.2% above portfolio average rents, compared to 24 new leases signed in the first quarter 2008. Additionally, we renewed 67 non-anchor leases, at an average base rent of \$15.98 per square foot, achieving an increase of 7.3% over prior rental rates. The Company also renewed 12 anchor leases, at an average base rent of \$8.10 per square foot, an increase of 5.6% over prior rental rates. Overall portfolio average base rents for non-anchor tenants increased to \$16.54 per square foot in the first quarter of 2009 from \$16.43 for the same period in 2008.

The Company's operating portfolio was 93.9% occupied at March 31, 2009, compared to 94.2% for the same period in the prior year. Overall portfolio occupancy was 90.9% at March 31, 2009, compared to 91.5% at March 31, 2008.

**Redevelopment**

We and our joint ventures have eight redevelopments currently in process. We estimate the total project costs of the eight redevelopment projects in process to be \$47.3 million. Four of the redevelopments involve core operating properties included in our balance sheet and are expected to cost approximately \$18.7 million of which \$6.1 million has been spent as of March 31, 2009. For the four redevelopment projects at properties held by joint ventures, we

estimate off-balance sheet project costs of approximately \$28.6 million (our share is estimated to be \$8.1 million) of which \$10.5 million has been spent as of March 31, 2009 (our share is \$3.1 million).

In 2009, the Company plans to focus on completing those redevelopment projects presently in process that have commitments for the expansion or addition of an anchor tenant. While we anticipate redevelopments will be accretive upon completion, a majority of the projects has required taking some retail space off-line to accommodate the new/expanded tenancies. These measures have resulted in the loss of minimum rents and recoveries from

## **Table of Contents**

tenants for those spaces removed from our pool of leasable space. Based on the sheer number of value-added redevelopments that are in process in 2009, the revenue loss has created a short-term negative impact on net operating income and FFO. The majority of the projects are expected to stabilize by the first half of 2010.

## **Development**

As previously announced, the Company is taking a conservative approach to the development of new shopping centers. At March 31, 2009, the Company had two projects under construction and three projects in the pre-development phase with an estimated total project cost of \$311.2 million. As of March 31, 2009, we and one of our joint ventures have spent \$109.6 million on such developments. We intend to wholly own the Northpointe Town Center and therefore anticipate that \$34.7 million of the total project costs will be on our balance sheet upon completion of such projects. We own 20% of the joint venture that is developing Hartland Towne Square, and our share of the estimated \$22.9 million of project costs is \$4.6 million. We anticipate spending an additional \$164.5 million for developing The Town Center at Aquia, Gateway Commons, and Parkway Shops which we expect to be developed through joint ventures, and therefore be accounted as off-balance sheet assets, although we do not have joint venture partners to date and no assurance can be given that we will have joint venture partners on such projects.

## **Acquisitions/Dispositions**

As a result of the challenging acquisition market and the global liquidity crisis, the Company chose to de-emphasize its acquisition program as a significant driver of growth. As such, there was no significant acquisition activity in the first quarter of 2009. Future acquisitions are planned to be opportunistic in nature and more selective as market conditions allow. Additionally, there was no significant disposition activity in the first quarter of 2009.

## **Critical Accounting Policies and Estimates**

Management's Discussion and Analysis of Financial Condition and Results of Operations is based upon our consolidated financial statements, which have been prepared in accordance with accounting principles generally accepted in the United States of America ( GAAP ). The preparation of these financial statements requires management to make estimates and assumptions that affect the reported amounts of assets, liabilities, revenue and expenses, and related disclosure of contingent assets and liabilities. Management bases its estimates on historical experience and on various other assumptions that are believed to be reasonable under the circumstances, the results of which forms the basis for making judgments about the carrying values of assets and liabilities that are not readily apparent from other sources. Senior management has discussed the development, selection and disclosure of these estimates with the audit committee of our board of trustees. Actual results could differ from these estimates under different assumptions or conditions.

Critical accounting policies are those that are both significant to the overall presentation of our financial condition and results of operations and require management to make difficult, complex or subjective judgments. For example, significant estimates and assumptions have been made with respect to useful lives of assets, capitalization of development and leasing costs, recoverable amounts of receivables and initial valuations and related amortization periods of deferred costs and intangibles, particularly with respect to property acquisitions. Our critical accounting policies as discussed in our Annual Report on Form 10-K for the year ended December 31, 2008 have not materially changed during the first three months of 2009.

## **Comparison of Three Months Ended March 31, 2009 to Three Months Ended March 31, 2008**

For purposes of comparison between the three months ended March 31, 2009 and 2008, Same Center refers to the shopping center properties owned by consolidated entities as of January 1, 2008 and March 31, 2009.

In August 2008, we sold the Plaza at Delray shopping center to a joint venture with an investor advised by Heitman LLC. This sale to our joint venture in which we have an ownership interest is referred to as the Disposition in the following discussion.

**Table of Contents****Revenues**

Total revenues decreased \$2.6 million, or 7.2%, to \$33.8 million for the three months ended March 31, 2009, as compared to \$36.4 million in 2008. The decrease in total revenues was primarily the result of a \$1.6 million decrease in minimum rents and a \$0.4 million decrease in recoveries from tenants.

Minimum rents decreased \$1.6 million, or 7.1%, to \$21.4 million for the three months ended March 31, 2009 as follows:

	<b>Increase (Decrease)</b>	
	<b>Amount</b>	<b>Percentage</b>
	<b>(In millions)</b>	
Same Center	\$ (0.4)	(1.7)%
Disposition	(1.2)	(5.4)%
	\$ (1.6)	(7.1)%

The decrease in Same Center minimum rents was primarily attributable to the impact of the bankruptcy of two national retailers in the second half of 2008, and the effect of redevelopment activity at certain of our shopping centers in 2008.

Recoveries from tenants decreased \$0.4 million, or 3.9%, to \$10.6 million for the three months ended March 31, 2009. Substantially all of the decrease was due to the Disposition.

The overall property operating expense recovery ratio was 99.0% for the three months ended March 31, 2009, as compared to 97.0% for the same period in the prior year. The increase was primarily due to recoverable billing adjustments in the first quarter of 2009 related to accruals made in 2008. We expect our recovery ratio to be between 97% and 98% for the full year of 2009.

Recoverable operating expenses, which includes real estate tax expense, are a component of our recovery ratio. These expenses decreased \$0.7 million, or 5.9%, to \$10.8 million for the first three months ended March 31, 2009 as follows:

	<b>Increase (Decrease)</b>	
	<b>Amount</b>	<b>Percentage</b>
	<b>(In millions)</b>	
Same Center	\$ (0.1)	(1.2)%
Disposition	(0.6)	(4.7)%
	\$ (0.7)	(5.9)%

The decrease in Same Center recoverable operating expenses is mainly attributable to lower contracted operating services at certain of our shopping centers in the first quarter of 2009, as compared to the same period in the prior year.

Fees and management income decreased approximately \$293,000 to \$1.1 million for the three months ended March 31, 2009 as compared to \$1.4 million for the three months ended March 31, 2008. The decrease was mainly attributable to net decreases in development related fees of approximately \$321,000, partially offset by an increase in management fees of approximately \$39,000. The decrease in development fees was mainly due to fees earned in the first quarter of 2008 relating to the development of the Hartland Towne Square center by our Ramco RM Hartland SC LLC joint venture, with no similar income earned in 2009. The increase in management fees is primarily attributable to an increase in the portfolio of our joint venture partners.

Other income decreased approximately \$132,000 to \$353,000 for the three months ended March 31, 2009, compared to \$485,000 for the same period in the prior year. The decrease was primarily due to a \$101,000 decrease in lease termination fees and a \$59,000 decrease in temporary income, partially offset by a \$30,000 increase in interest income for the three months ended March 31, 2009. The decrease in lease termination income was mostly attributable to income earned in the first three months of 2008 on a higher volume of lease terminations. The

**Table of Contents**

decrease in temporary income was primarily due to licensing fee income earned in the first quarter of 2008 with no similar income earned in 2009.

**Expenses**

Total expenses decreased \$2.0 million, or 5.9%, to \$32.0 million for the three months ended March 31, 2009 as compared to \$34.0 million for the three months ended March 31, 2008. The decrease was primarily due to decreases in interest expense of \$1.7 million, depreciation and amortization of \$0.2 million, and recoverable operating expenses of \$0.7 million, partially offset by a \$0.3 million increase in general and administrative expenses.

Depreciation and amortization expense decreased \$0.2 million, or 2.0%, for the three months ended March 31, 2009 as follows:

	<b>Increase (Decrease)</b>	
	<b>Amount</b>	<b>Percentage</b>
	<b>(In millions)</b>	
Same Center	\$ 0.2	3.0%
Disposition	(0.4)	(5.0)%
	<b>\$ (0.2)</b>	<b>(2.0)%</b>

Same Centers contributed \$0.2 million to the increase in depreciation and amortization expense. The increase was mostly attributable to the completed construction of a building at one of the Company's shopping centers in the first quarter of 2009.

General and administrative expenses was \$4.1 million for the three months ended March 31, 2009, as compared to \$3.8 million for the same period in 2008, an increase of \$0.3 million, or 7.4%. The increase in general and administrative expenses was primarily due to employee-related restructuring charges, including severance and employee benefits, incurred in the first quarter of 2009.

Interest expense decreased \$1.7 million, or 17.1%, to \$8.1 million for the three months ended March 31, 2009 as compared to \$9.8 million in 2008. The summary below identifies the components of the net decrease:

	<b>Three Months Ended</b>	
	<b>March 31,</b>	
	<b>2009</b>	<b>2008</b>
Average total loan balance	\$ 665,305	\$ 690,234
Average rate	5.0%	5.8%
Total interest on debt	\$ 8,236	\$ 10,055
Amortization of loan fees	168	224
Interest on capital lease obligation	104	108
Capitalized interest and other	(404)	(608)

\$ 8,104 \$ 9,779

**Other**

Gain on sale of real estate assets decreased \$9.8 million during the first quarter of 2009 to \$0.4 million as compared to \$10.2 million in the first quarter of 2008. The decrease is due primarily to the recognition of the gain on the sale of the Mission Bay Plaza shopping center to our Ramco/Lion Venture LP joint venture in the first quarter of 2008.

Earnings from unconsolidated entities represents our proportionate share of the earnings of various joint ventures in which we have an ownership interest. Earnings from unconsolidated entities decreased approximately \$377,000 from approximately \$897,000 for the three months ended March 31, 2008 to approximately \$520,000 for the three months ended March 31, 2009. During the three months ended March 31, 2009, earnings from unconsolidated entities decreased approximately \$225,000 from the Ramco/Lion Venture LP joint venture and

**Table of Contents**

\$167,000 from the Ramco 450 Venture LLC joint venture primarily the result of the bankruptcy of two national retailers that closed stores in the second half of 2008 at five of the joint venture properties in which the Company holds an ownership interest.

Noncontrolling interest in subsidiaries represents the equity in income attributable to the portion of the Operating Partnership not owned by us. Noncontrolling interest for the first quarter of 2009 decreased \$1.7 million to \$0.4 million, as compared to \$2.1 million for the first quarter of 2008. The decrease is primarily attributable to the noncontrolling interest's proportionate share of the lower gain on the sale of real estate assets in 2009 when compared to the same period in 2008.

**Liquidity and Capital Resources**

The principal uses of our liquidity and capital resources are for operations, development, redevelopment, including expansion and renovation programs, acquisitions, and debt repayment, as well as dividend payments in accordance with REIT requirements and repurchases of our common shares. We anticipate that the combination of cash on hand, the availability under our Credit Facility, additional financings, and the sale of existing properties will satisfy our expected working capital requirements though at least the next 12 months and allow us to achieve continued growth. Although we believe that the combination of factors discussed above will provide sufficient liquidity, no such assurance can be given.

As part of our business plan to improve our capital structure and reduce debt, we will continue to pursue the strategy of selling fully-valued properties and to dispose of shopping centers that no longer meet the criteria established for our portfolio. Our ability to obtain acceptable selling prices and satisfactory terms will impact the timing of future sales. Net proceeds from the sale of properties are expected to reduce outstanding debt and to fund any future cash requirements.

The following is a summary of our cash flow activities (dollars in thousands):

	<b>Three Months Ended</b>	
	<b>March 31,</b>	
	<b>2009</b>	<b>2008</b>
	<b>(Unaudited)</b>	
Cash provided from operations	\$ 11,200	\$ 2,443
Cash (used in) provided by investing activities	(6,542)	7,834
Cash used in financing activities	(2,007)	(10,211)

For the three months ended March 31, 2009, we generated \$11.2 million in cash flows from operating activities, as compared to \$2.4 million for the same period in 2008. Cash flows from operating activities were higher during the three months ended 2009 mainly due to lower gains on sale of real estate assets during the period, as well as higher net cash inflows related to accounts receivable and lower cash outflows for accounts payable and accrued expenses. For the three months ended March 31, 2009, investing activities used \$6.5 million of cash flows, as compared to \$7.8 million provided by investing activities for the three months ended 2008. Cash flows from investing activities were lower in the first quarter 2009, due to lower investments in real estate and lower cash received from sales of shopping centers to our joint ventures, offset by slightly higher investments in and advances to our joint ventures. Additionally, no cash was received in the first quarter 2009 from the repayment of a note receivable from a joint venture, as occurred in first quarter 2008. During the three months ended March 31, 2009, cash flows used in financing activities were \$2.0 million, as compared to \$10.2 million during the three months ended March 31, 2008. In

the first three months of 2009, the Company had significantly lower borrowings and paydowns on mortgages and notes payable, and lower distributions to shareholders and operating partnership unit holders, as compared to the three months ended March 31, 2008.

The Company has a \$250,000 unsecured credit facility (the Credit Facility ) consisting of a \$100,000 unsecured term loan credit facility and a \$150,000 unsecured revolving credit facility. The Credit Facility provides that the unsecured revolving credit facility may be increased by up to \$100,000 at the Company's request, for a total unsecured revolving credit facility commitment of \$250,000. The unsecured term loan credit facility matures in December 2010 and bears interest at a rate equal to LIBOR plus 130 to 165 basis points, depending on certain debt ratios. The unsecured revolving credit facility matures in December 2009 and bears interest at a rate equal to LIBOR

## **Table of Contents**

plus 115 to 150 basis points, depending on certain debt ratios. The Company retains the option to extend the maturity date of the unsecured revolving credit facility to December 2010. It is anticipated that funds borrowed under the Credit Facility will be used for general corporate purposes, including working capital, capital expenditures, the repayment of indebtedness or other corporate activities.

Under terms of various debt agreements, we may be required to maintain interest rate swap agreements to reduce the impact of changes in interest rates on our floating rate debt. We have interest rate swap agreements with an aggregate notional amount of \$100.0 million at March 31, 2009. Based on rates in effect at March 31, 2009, the agreements provide for fixed rates ranging from 4.4% to 4.7% and expire December 2010.

After taking into account the impact of converting our variable rate debt into fixed rate debt by use of the interest rate swap agreements, at March 31, 2009 our variable rate debt accounted for approximately \$184.3 million of outstanding debt with a weighted average interest rate of 2.4%. Variable rate debt accounted for approximately 27.7% of our total debt and 22.9% of our total capitalization.

We have \$408.1 million of mortgage loans encumbering our consolidated properties, and \$539.0 million of mortgage loans on properties held by our unconsolidated joint ventures (of which our pro rata share is \$139.3 million). Such mortgage loans are generally non-recourse, subject to certain exceptions for which we would be liable for any resulting losses incurred by the lender. These exceptions vary from loan to loan but generally include fraud or a material misrepresentation, misstatement or omission by the borrower, intentional or grossly negligent conduct by the borrower that harms the property or results in a loss to the lender, filing of a bankruptcy petition by the borrower, either directly or indirectly, and certain environmental liabilities. In addition, upon the occurrence of certain of such events, such as fraud or filing of a bankruptcy petition by the borrower, we would be liable for the entire outstanding balance of the loan, all interest accrued thereon and certain other costs, penalties and expenses.

The unconsolidated joint ventures in which our Operating Partnership owns an interest and which are accounted for by the equity method of accounting are subject to mortgage indebtedness, which in most instances is non-recourse. At March 31, 2009, mortgage debt for the unconsolidated joint ventures was \$539.0 million, of which our pro rata share was \$139.3 million, with a weighted average interest rate of 6.4%. Fixed rate debt for the unconsolidated joint ventures was \$506.0 million at March 31, 2009. Our pro rata share of fixed rate debt for the unconsolidated joint ventures amounted to \$132.8 million, or 95.3% of our total pro rata share of such debt. The mortgage debt of \$15.0 million at Peachtree Hill, a shopping center owned by our Ramco 450 Venture LLC, is recourse debt. The loan is secured by unconditional guarantees of payment and performance by Ramco 450 Venture LLC, the Company, and its majority owned subsidiary, Ramco-Gershenson Properties, L.P, the Operating Partnership.

## **Planned Capital Spending**

During the three months ended March 31, 2009, we spent approximately \$1.8 million on revenue-generating capital expenditures including tenant allowances, leasing commissions paid to third-party brokers, legal costs related to lease documents, and capitalized leasing and construction costs. These types of costs generate a return through rents from tenants over the term of their leases. Revenue-enhancing capital expenditures, including expansions, renovations or repositionings, were approximately \$4.6 million. Revenue neutral capital expenditures, such as roof and parking lot repairs which are anticipated to be recovered from tenants, amounted to approximately \$0.2 million.

For the remainder of 2009, we anticipate spending approximately \$27.6 million for revenue-generating, revenue-enhancing and revenue neutral capital expenditures, including approximately \$12.7 million for approved redevelopment projects.

We are also working on four additional redevelopments that are in the final planning stages that are not included in such amounts. Further, we anticipate spending approximately \$1.1 million in the remainder of 2009 for ongoing development projects.

In addition, as a result of the challenging acquisition market and the global liquidity crisis, the Company chose to de-emphasize its acquisition program as a significant driver of growth. As such, there was no significant acquisition activity in the first quarter of 2009. Future acquisitions are planned to be opportunistic in nature and more selective as market conditions allow.

## **Table of Contents**

### **Capitalization**

At March 31, 2009, our market capitalization amounted to \$805.2 million. Market capitalization consisted of \$665.7 million of debt (including property-specific mortgages, an Unsecured Credit Facility consisting of a Term Loan Credit Facility and a Revolving Credit Facility, a Secured Term Loan, and a Junior Subordinated Note), and \$139.4 million of common shares (based on the closing price of \$6.45 per share at March 31, 2009) and Operating Partnership Units at market value. Our debt to total market capitalization was 82.7% at March 31, 2009, as compared to 83.3% at December 31, 2008. After taking into account the impact of converting our variable rate debt into fixed rate debt by use of interest rate swap agreements, our outstanding debt at March 31, 2009 had a weighted average interest rate of 4.8%, and consisted of \$481.4 million of fixed rate debt and \$184.3 million of variable rate debt. Outstanding letters of credit issued under the Credit Facility totaled approximately \$1.8 million at March 31, 2009.

At March 31, 2009, the noncontrolling interest in the Operating Partnership represented a 13.5% ownership in the Operating Partnership. The OP Units may, under certain circumstances, be exchanged for our common shares of beneficial interest on a one-for-one basis. We, as sole general partner of the Operating Partnership, have the option, but not the obligation, to settle exchanged OP Units held by others in cash based on the current trading price of our common shares of beneficial interest. Assuming the exchange of all OP Units, there would have been 21,617,050 of our common shares of beneficial interest outstanding at March 31, 2009, with a market value of approximately \$139.4 million.

### **Inflation**

Inflation has been relatively low in recent years and has not had a significant detrimental impact on the results of our operations. Should inflation rates increase in the future, substantially all of our tenant leases contain provisions designed to partially mitigate the negative impact of inflation in the near term. Such lease provisions include clauses that require our tenants to reimburse us for real estate taxes and many of the operating expenses we incur. Also, many of our leases provide for periodic increases in base rent which are either of a fixed amount or based on changes in the consumer price index and/or percentage rents (where the tenant pays us rent based on a percentage of its sales). Significant inflation rate increases over a prolonged period of time may have a material adverse impact on our business.

### **Funds from Operations**

We consider funds from operations, also known as FFO, an appropriate supplemental measure of the financial performance of an equity REIT. Under the National Association of Real Estate Investment Trusts (NAREIT) definition, FFO represents net income, excluding extraordinary items (as defined under GAAP) and gains (losses) on sales of depreciable property, plus real estate related depreciation and amortization (excluding amortization of financing costs), and after adjustments for unconsolidated partnerships and joint ventures. FFO is intended to exclude GAAP historical cost depreciation and amortization of real estate investments, which assumes that the value of real estate assets diminishes ratably over time. Historically, however, real estate values have risen or fallen with market conditions and many companies utilize different depreciable lives and methods. Because FFO adds back depreciation and amortization unique to real estate, and excludes gains and losses from depreciable property dispositions and extraordinary items, it provides a performance measure that, when compared year over year, reflects the impact on operations from trends in occupancy rates, rental rates, operating costs, acquisition and development activities and interest costs, which provides a perspective of our financial performance not immediately apparent from net income determined in accordance with GAAP. In addition, FFO does not include the cost of capital improvements, including capitalized interest.

For the reasons described above we believe that FFO provides us and our investors with an important indicator of our operating performance. This measure of performance is used by us for several business purposes and for REITs it provides a recognized measure of performance other than GAAP net income, which may include non-cash items. Other real estate companies may calculate FFO in a different manner.

We recognize FFO's limitations when compared to GAAP net income. FFO does not represent amounts available for needed capital replacement or expansion, debt service obligations, or other commitments and uncertainties. In addition, FFO does not represent cash generated from operating activities in accordance with

**Table of Contents**

GAAP and is not necessarily indicative of cash available to fund cash needs, including the payment of dividends. FFO should not be considered as an alternative to net income (computed in accordance with GAAP) or as an alternative to cash flow as a measure of liquidity. FFO is simply used as an additional indicator of our operating performance.

The following table illustrates the calculation of FFO (in thousands, except per share data):

	<b>Three Months Ended March 31, 2009                      2008 (Unaudited)</b>	
Net Income	\$ 2,250	\$ 11,445
Add:		
Depreciation and amortization expense	9,283	9,415
Noncontrolling interest in partnership	380	2,090
Less:		
Gain on sale of depreciable real estate(1)		(9,761)
 Funds from operations available to common shareholders, assuming conversion of OP units	 \$ 11,913	 \$ 13,189
 Weighted average equivalent shares outstanding, diluted	 21,398	 21,419
 Funds from operations available to RGPT common shareholders, per diluted share	 \$ 0.56	 \$ 0.62
 Net income per diluted share to FFO per diluted share reconciliation:		
Net income per diluted share	\$ 0.12	\$ 0.62
Add:		
Depreciation and amortization expense	0.43	0.44
Noncontrolling interest in partnership	0.02	0.10
Less:		
Gain on sale of depreciable real estate(1)		(0.46)
Assuming conversion of OP units	(0.01)	(0.08)
 Funds from operations available to common shareholders per diluted share, assuming conversion of OP units	 \$ 0.56	 \$ 0.62
 (1) Excludes gain on sale of undepreciated land	 \$ 348	 \$ 423

**Forward Looking Statements**

This document contains forward-looking statements within the meaning of Section 27A of the Securities Act of 1933, as amended, and Section 21E of the Securities Exchange Act of 1934, as amended. These forward-looking statements represent our expectations, plans or beliefs concerning future events and may be identified by terminology such as may, will, should, believe, expect, estimate, anticipate, continue, predict or similar terms. Although forward-looking statements made in this document are based on our good faith beliefs, reasonable assumptions and

our best judgment based upon current information, certain factors could cause actual results to differ materially from those in the forward-looking statements, including: our success or failure in implementing our business strategy; economic conditions generally and in the commercial real estate and finance markets specifically; our cost of capital, which depends in part on our asset quality, our relationships with lenders and other capital providers; our business prospects and outlook; changes in governmental regulations, tax rates and similar matters; our continuing to qualify as a REIT; and other factors discussed elsewhere in this document and our other filings with the Securities and Exchange Commission ( SEC ), including our Annual Report on Form 10-K for the year ended December 31, 2008. Given these uncertainties, you should not place undue reliance on any forward-looking statements. Except as required by law, we assume no obligation to update these forward-looking statements, even if new information becomes available in the future.

**Table of Contents****Item 3. Quantitative and Qualitative Disclosures About Market Risk**

We have exposure to interest rate risk on our variable rate debt obligations. We are not subject to any foreign currency exchange rate risk or commodity price risk, or other material rate or price risks. Based on our debt and interest rates and the interest rate swap agreements in effect at March 31, 2009, a 100 basis point change in interest rates would affect our annual earnings and cash flows by between approximately \$1.8 million and \$2.3 million.

Under the terms of various debt agreements, we may be required to maintain interest rate swap agreements to reduce the impact of changes in interest rate on our floating rate debt. We have interest rate swap agreements with an aggregate notional amount of \$100.0 million at March 31, 2009. Based on rates in effect at March 31, 2009, the agreements provide for fixed rates ranging from 4.4% to 4.7% and expire December 2010.

The following table presents information as of March 31, 2009 concerning our long-term debt obligations, including principal cash flows by scheduled maturity, weighted average interest rates of maturing amounts and fair market value (dollars in thousands).

	2009	2010	2011	2012	2013	Thereafter	Total	Estimated Fair Value
Fixed-rate debt	\$ 26,499	\$ 126,580	\$ 27,932	\$ 34,011	\$ 33,485	\$ 232,888	\$ 481,395	\$ 459,918
Average interest rate	7.0%	5.2%	7.4%	6.8%	5.5%	5.7%	5.8%	6.9%
Variable-rate debt	\$ 184,340	\$	\$	\$	\$	\$	\$ 184,340	\$ 184,340
Average interest rate	2.4%						2.4%	2.4%

We estimated the fair value of fixed rate mortgages using a discounted cash flow analysis, based on our incremental borrowing rates for similar types of borrowing arrangements with the same remaining maturity. Considerable judgment is required to develop estimated fair values of financial instruments. The table incorporates only those exposures that exist at March 31, 2009 and does not consider those exposures or positions which could arise after that date or firm commitments as of such date. Therefore, the information presented therein has limited predictive value. Our actual interest rate fluctuations will depend on the exposures that arise during the period and interest rates.

**Item 4. Controls and Procedures****Disclosure Controls and Procedures**

We maintain disclosure controls and procedures designed to ensure that information required to be disclosed in our reports under the Securities Exchange Act of 1934, as amended ( Exchange Act ), such as this report on Form 10-Q, is recorded, processed, summarized and reported within the time periods specified in the SEC's rules and forms, and that such information is accumulated and communicated to our management, including our Chief Executive Officer and Chief Financial Officer, as appropriate, to allow timely decisions regarding required disclosure. In designing and evaluating the disclosure controls and procedures, management recognizes that any controls and procedures, no matter how well designed and operated, can provide only reasonable assurance of achieving the design control objectives, and therefore management is required to apply its judgment in evaluating the cost-benefit relationship of possible controls and procedures.

We carried out an assessment as of March 31, 2009 of the effectiveness of the design and operation of our disclosure controls and procedures. This assessment was done under the supervision and with the participation of management, including our Chief Executive Officer and Chief Financial Officer. Based on such evaluation, our management, including our Chief Executive Officer and Chief Financial Officer, concluded that such disclosure controls and procedures were effective as of March 31, 2009.

**Changes in Internal Control Over Financial Reporting**

During the quarter ended March 31, 2009, there were no changes in our internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

**Table of Contents**

**PART II OTHER INFORMATION**

**Item 1. *Legal Proceedings***

There are no material pending legal or governmental proceedings, other than the IRS Examination, against or involving us or our properties. For a description of the IRS Examination, see our Annual Report on Form 10-K for the year ended December 31, 2008 (Note 20 to the consolidated financial statements).

**Item 1A. *Risk Factors***

You should review our Annual Report on Form 10-K for the year ended December 31, 2008, which contains a detailed description of risk factors that may materially affect our business, financial condition or results of operations. There are no material changes to the disclosure on these matters set forth in such Form 10-K.

**Item 2. *Unregistered Sales of Equity Securities and Use of Proceeds***

In December 2005, the Board of Trustees authorized the repurchase, at management's discretion, of up to \$15 million of our common shares of beneficial interest. The program allows us to repurchase our common shares of beneficial interest from time to time in the open market or in privately negotiated transactions. This authorization does not have an expiration date.

No common shares were repurchased during the three months ended March 31, 2009. As of March 31, 2009, we had purchased and retired 287,900 shares of our common stock under this program at an average cost of \$27.11 per share.

**Item 6. *Exhibits***

<b>Exhibit No.</b>	<b>Description</b>
10.1	Rights Agreement, dated as of March 25, 2009 between Ramco-Gershenson Properties Trust and American Stock Transfer & Trust Company, LLC which includes as Exhibits thereto the Articles Supplementary, Form of Rights Certificate and the Summary of Terms attached thereto as Exhibits A, B and C, respectively, incorporated by reference to Exhibit 3.1 and 4.1 to Registrant's Form 8-K filed on April 1, 2009.
31.1*	Certification of CEO pursuant to Section 302 of the Sarbanes-Oxley Act of 2002.
31.2*	Certification of CFO pursuant to Section 302 of the Sarbanes-Oxley Act of 2002.
32.1*	Certification of CEO pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of Sarbanes-Oxley Act of 2002.
32.2*	Certification of CFO pursuant to 18 U.S.C. Section 1350, as adopted pursuant to Section 906 of Sarbanes-Oxley Act of 2002.
99.1*	Composite Agreement of Limited Partnership, as amended, of Ramco-Gershenson Properties, L.P.
99.2*	Junior Subordinated Indenture, dated November 15, 2007, between Ramco-Gershenson Properties, L.P. and the Bank of New York & Trust Company, National Association, as Trustee.
