Item 8.01 Other Events

Introduction

As announced on June 23, 2014, Integrys Energy Group, Inc., a Wisconsin corporation (“Integrys”), and Wisconsin Energy Corporation, a Wisconsin corporation (“Wisconsin Energy”), entered into an Agreement and Plan of Merger (the “Merger Agreement”). Thereafter, WEC Acquisition Corp., a Wisconsin corporation and a wholly owned subsidiary of Wisconsin Energy (“Merger Sub”), and GET Acquisition Corp., a Wisconsin corporation and a wholly owned subsidiary of Wisconsin Energy (“Subsequent Merger Sub”), became parties to the Merger Agreement via the execution of a Joinder Agreement. Pursuant to the terms of the Merger Agreement, Merger Sub will merge with and into Integrys (the “Merger”), with Integrys continuing as the surviving corporation and a wholly owned subsidiary of Wisconsin Energy. Immediately thereafter, Integrys will merge with and into Subsequent Merger Sub, with Subsequent Merger Sub continuing as the surviving corporation and a wholly owned subsidiary of Wisconsin Energy. On October 14, 2014, Wisconsin Energy and Integrys each filed with the Securities and Exchange Commission (the “SEC”) a definitive joint proxy statement/prospectus (the “Definitive Joint Proxy Statement/Prospectus”) in connection with the Merger, which is included in the Registration Statement on Form S-4, file No. 333-198096, filed by Wisconsin Energy with the SEC and declared effective by the SEC on October 6, 2014. The Definitive Joint Proxy Statement/Prospectus was first mailed to the shareholders of Wisconsin Energy and Integrys on or about October 21, 2014. Integrys is making this filing in connection with the execution of a memorandum of understanding (the “MOU”) regarding the settlement of certain litigation arising out of the announcement of the Merger Agreement.

As disclosed in the Definitive Joint Proxy Statement/Prospectus (and in a Quarterly Report on Form 10-Q filed by Integrys on November 6, 2014), since the June 23, 2014 announcement of the merger agreement, Integrys and its board of directors, along with Wisconsin Energy, were named defendants in ten class action lawsuits and/or derivative complaints brought by purported Integrys Energy Group shareholders challenging the proposed merger. Two lawsuits were filed in the Circuit Court of Milwaukee County, Wisconsin (the “Wisconsin Court”), *Amo v. Integrys Energy Group, Inc., et al.*, (the “Amo Action”) and *Inman v. Schrock, et al.*, (the “Inman Action”). Three lawsuits were filed in the Circuit Court of Brown County, Wisconsin: *Rubin v. Integrys Energy Group, Inc., et al.*; *Blachor v. Integrys Energy Group, Inc., et al.*; *Albera v. Integrys Energy Group, Inc., et al.* (together with the Amo and Inman Actions, the “Wisconsin Actions”). Two lawsuits were filed in the Circuit Court of Cook County, Illinois, *Taxman v. Integrys Energy Group, Inc., et al.*, and *Curley v. Integrys Energy Group, Inc., et al.*, (the “Illinois Actions”). Three lawsuits were filed in the United States District Court for the Northern District of Illinois (the “Federal Court”), *Steiner v. Budney, et al.*, and *Collison v. Schrock, et al.*, (the “Steiner and Collison Actions”); and *Tri-State Joint Fund v. Integrys Energy Group, Inc., et al.*, (the “Tri-State Action”).

Each of the Wisconsin and Illinois Actions was either dismissed or consolidated with the Amo Action, and, with the exception of the Inman plaintiff—whose Action was consolidated after the fact—the plaintiffs in the Wisconsin Actions joined Plaintiff Amo in filing an Amended Complaint on October 3, 2014. The Collison Action was consolidated with the Steiner Action.

The Wisconsin Actions and Steiner and Collison Actions allege, among other things, that members of the Integrys board breached their fiduciary duties in connection with the proposed transaction; that the merger agreement involves an unfair price; that it was the product of an inadequate sales process; that it contains unreasonable deal protection devices that purportedly preclude competing offers; that the members of the Integrys board were unjustly enriched at the expense of Integrys; and that the preliminary joint proxy statement/prospectus omits material information. The complaints further variously allege that Integrys, Wisconsin Energy, and/or its acquisition subsidiaries aided and abetted the purported breaches of fiduciary duty. The plaintiffs in these lawsuits seek, among other things, (i) a declaration that the merger agreement was entered into in breach of the Integrys directors' fiduciary duties, (ii) an injunction enjoining the Integrys board from consummating the merger, (iii) an order directing the Integrys board to exercise their duties to obtain a transaction which is in the best interests of Integrys' shareholders, (iv) an order granting the class members any benefits allegedly improperly received by the defendants, (v) a rescission of the merger or damages, in the event that it is consummated, (vi) disgorgement of benefits or compensation obtained as a result of the purported breaches of fiduciary duty, and/or (vii) an order directing additional disclosure regarding the merger. The Tri-State Action seeks to enjoin the proposed transaction and alleges that Integrys, its board, Wisconsin Energy, and Gale E. Klappa (the Wisconsin Energy Chief Executive Officer) violated Sections 14(a) and 20(a) of the 1934 Securities Exchange Act and Rule 14a-9 promulgated thereunder. It alleges, among other things, that the registration statement misrepresented or omitted material facts, including material information about the allegedly unfair and conflicted sales process, the inadequate consideration offered in the proposed transaction, and Integrys' actual intrinsic value.

On November 12, 2014, counsel for Integrys, the Integrys board of directors, Mr. Klappa, and Wisconsin Energy entered into an MOU with counsel for plaintiffs in the Amo, Steiner and Collison, and Tri-State Actions pursuant to which Wisconsin Energy and Integrys have agreed to make the disclosures concerning the Merger set forth below. The MOU also provides that, solely for purposes of settlement, the Wisconsin Court will certify a class consisting of all persons who were record or beneficial shareholders of Integrys at any time between June 23, 2014 and the consummation of the Merger (the "Class"). In addition, the MOU provides that, subject to approval by the Wisconsin Court after notice to the members of the Class (the "Class Members"), the Amo, Steiner and Collison, and Tri-State Actions will be dismissed with prejudice and all claims, including derivative claims, that the Class Members may possess with regard to the Merger will be released. In connection with the settlement, the plaintiffs' counsel has expressed its intention to seek an award of attorneys' fees and expenses. The amount of the award to the plaintiffs' counsel will ultimately be determined by the Wisconsin and/or Federal Courts. This payment will not affect the amount of merger consideration to be received by any Integrys shareholder in the Merger. There can be no assurance that the parties will ultimately enter into a definitive settlement agreement or that the Wisconsin Court will approve the settlement. In the absence of either event, the proposed settlement as contemplated by the MOU may be terminated.

IntegrYS, the IntegrYS board of directors, Mr. Klappa, and Wisconsin Energy each have denied, and continue to deny, that they have committed or aided and abetted in the commission of any violation of law or breaches of duty or engaged in any of the alleged wrongful acts and IntegrYS, the IntegrYS board of directors, Mr. Klappa, and Wisconsin Energy expressly maintain that they diligently and scrupulously complied with their fiduciary, disclosure and other legal duties. IntegrYS, the IntegrYS board of directors, Mr. Klappa, and Wisconsin Energy are entering into the MOU and the contemplated settlement solely to eliminate the risk, burden and expense of further litigation. Nothing in the MOU, any settlement agreement or any public filing, including this Current Report on Form 8-K (this “Current Report”), is or shall be deemed to be an admission of the legal necessity of filing or the materiality under applicable laws of any of the additional information contained herein or in any public filing associated with the proposed settlement of the Amo, Steiner and Collison, and Tri-State Actions.

(5) Supplement to Lazard's "Other Analyses"

The following text shall be inserted as a new section on page 87 of the Definitive Joint Proxy Statement/Prospectus before the heading "Pro Forma Total Shareholder Return Analysis":

Pro Forma Intrinsic Value Analysis

Using the mid-point of the estimated sum of the parts discounted cash flow values of Integrys and Wisconsin Energy, Lazard calculated the merger's effect on the intrinsic value of Integrys' ownership stake in the combined entity as compared to the intrinsic value of Integrys as a standalone entity. Beginning with the full intrinsic value of standalone Integrys, Lazard added the full intrinsic value of standalone Wisconsin Energy. Lazard then added the value of potential cost savings that could arise from the merger and the value that could be created as a result of expected multiple uplift associated with majority control of ATC. Based on the calculations set forth above, this analysis implied that the merger would result in a 14% increase in intrinsic value to Integrys and would reflect total value to Integrys of \$74.35 per share.

Lazard's intrinsic value analysis did not take into account value associated with enhanced dividend, selected transaction benefits (e.g., multiple expansion, capital reallocation, etc.) or the value impact of breakage costs (e.g., regulatory concessions associated with transaction approval, delay of Integrys generation investment given Wisconsin Energy's capacity surplus, etc.). In addition, by its nature, intrinsic value analysis does not account for potential changes in multiples associated with interest rates.

Cautionary Statements Regarding Forward-Looking Statements

This Current Report and the Definitive Joint Proxy Statement/Prospectus contain certain forward-looking statements with respect to the financial condition, results of operations and business of Wisconsin Energy and Integrys and the combined businesses of Integrys and Wisconsin Energy and certain plans and objectives of Wisconsin Energy and Integrys with respect thereto, including the expected benefits of the merger. These forward-looking statements can be identified by the fact that they do not relate only to historical or current facts. Forward-looking statements often use words such as “anticipate”, “target”, “expect”, “estimate”, “intend”, “plan”, “goal”, “believe”, “hope”, “aim”, “continue”, “will”, “could” or “should” or other words of similar meaning or the negative thereof. There are several factors which could cause actual plans and results to differ materially from those expressed or implied in forward-looking statements.

Such factors include, but are not limited to, those set forth under “Risk Factors” beginning on page 32 of the Definitive Joint Proxy Statement/Prospectus as well as, among others, the following:

the expected completion of the merger;

the possibility that the value creation from the merger will not be realized, or will not be realized within the expected time period;

the risk that the businesses of Wisconsin Energy and Integrys will not be integrated successfully;

disruption from the merger making it more difficult to maintain business and operational relationships;

the risk that unexpected costs will be incurred;

changes in economic conditions, political conditions, trade protection measures, licensing requirements and tax matters;

the possibility that the merger does not close, including, but not limited to, due to the failure to satisfy the closing conditions; and

the risk that financing for the merger may not be available on favorable terms.

These forward-looking statements are based on numerous assumptions and assessments made by Wisconsin Energy and/or Integrys in light of their experience and perception of historical trends, current conditions, business strategies, operating environment, future developments and other factors that each party believes appropriate. By their nature, forward-looking statements involve known and unknown risks and uncertainties because they relate to events and depend on circumstances that will occur in the future. The factors described in the context of such forward-looking statements in this Current Report and the Definitive Joint Proxy Statement/Prospectus could cause actual results, performance or achievements, industry results and developments to differ materially from those expressed in or implied by such forward-looking statements. Although it is believed that the expectations reflected in such forward-looking statements are reasonable, no assurance can be given that such expectations will prove to have been correct and persons reading this Current Report or the Definitive Joint Proxy Statement/Prospectus are therefore cautioned not to place undue reliance on these forward-looking statements which speak only as of the date of this Current Report. Neither Wisconsin Energy nor Integrys assumes any obligation to update the information contained in this Current Report or the Definitive Joint Proxy Statement/Prospectus (whether as a result of new information, future events or otherwise), except as required by applicable law.
