

INNOVATIVE DESIGNS INC
Form 10KSB/A
April 30, 2007

U.S. SECURITIES AND EXCHANGE COMMISSION
Washington, D.C. 20549

FORM 10-KSB/A

(X) Annual report under section 13 or 15(d) of the Securities Act of 1934.
For the fiscal year ended October 31, 2006

() Transition report under section 13 or 15(d) of the Securities Act of 1934.
For the Transition period from _____ to _____.

Commission file number: 333-103746

Innovative Designs, Inc.
(Exact name of registrant as specified in its charter)

Delaware
(State or other jurisdiction of
incorporation or organization)

03-0465528
(I.R.S. Employer Identification Number)

223 North Main Street, Suite 1
Pittsburgh, Pennsylvania 15215
(Address and zip code of principal executive offices)

(412) 799-0350
(Registrant's telephone number including area code)

Securities to be registered pursuant to Section 12(b) of the Exchange Act:

Securities registered or to be registered pursuant to Section 12(g) of the Exchange Act:

Check whether the issuer (1) has filed all reports required to be filed by Section 13 or 15(d) of the Securities and Exchange Act of 1934 during the past 12 months (or for such shorter period that the registrant was required to file such reports), and (2) has been subject to such filing requirements for the past 90 days. Yes X No ____

Check if no disclosure of delinquent filers to Item 405 of Regulation S-B is contained in this form, and no disclosure will be contained, to the best of registrant's knowledge, in definitive proxy or information statements incorporated by reference in Part III of this Form 10-KSB or any amendment to this Form 10-KSB. X

Indicate by check mark whether the registrant is a shell company (as defined in Rule 12b-2 of the Exchange Act).

Yes ____ No X

The issuer's revenues for its most recent fiscal year were \$291,794.

The aggregate market value of the voting stock, consisting solely of common stock, held by non-affiliates of the issuer computed by reference to the closing price of such stock was \$7,610,036 as of January 26, 2007.

The number of shares of the issuer's common stock outstanding, as of January 26, 2007 was 16,911,192.

Transitional Small Business Disclosure Format: Yes ____ No X

- 2 -

PART I

The Form 10-KSB/A was amended in response to comments received from the staff of the SEC. The comments generally related to enhancing certain disclosures in the Form 10-KSB/A as well as to the financial statements and related notes.

- 3 -

ITEM 1. DESCRIPTION OF BUSINESS.

The Company, which was incorporated in the State of Delaware on June 25, 2002, we market recreational products that are made from INSULTEX, a material with buoyancy and thermal resistant properties. Since our formation and as more fully explained throughout this Form 10-KSB, we have devoted our efforts to:

- Formulating and developing our business plan;
- Raising capital through a private placement of our stock;
 - Developing our marketing plan;
 - Developing our web site;
- Completing the development, design, and prototypes of certain products;
 - Obtaining retail stores to offer and sell our products; and
- Executing an agreement with a manufacturers representative group to sell our products to retail chains.

RMF Global, Inc. was incorporated on April 1, 1999 in the State of Pennsylvania and was owned and controlled solely by our Chief Executive Officer, Joseph Riccelli. On March 2, 2003, RMF Global entered into a written license agreement with Ko-Myung Kim for the exclusive distribution rights to INSULTEX in the United States, Canada, Mexico, India, the United Kingdom and Turkey. In 2006, this licensing agreement was terminated with RMF Global. A new licensing agreement was signed and put into place between Ko-Myung Kim and Innovative Designs, Inc. RMF Global was dissolved and no longer exists as a business. Mr. Kim owns the patent to the process to make the INSULTEX material. On November 25, 2002, we entered into a written sublicense agreement with RMF Global for the exclusive rights to produce and distribute three products made with INSULTEX, which RMF Global developed, and to use INSULTEX in products that we develop. We plan to market our products containing INSULTEX, three of which were developed by RMF Global under the label "i.d.i.gear".

We have had no material reclassification, merger, consolidation, purchase, or sale of a significant amount of assets outside the ordinary course of business.

We currently have no plans to seek a merger, acquisition, or business reorganization or to otherwise enter into a business combination with another entity.

The distribution rights we have are derived from our November 25, 2002 written sublicense agreement with RMF Global, an affiliated entity, to: (a) produce and distribute sleeping bags, Swimeez, and stadium pack products containing INSULTEX, which RMF Global developed; and (b) to use INSULTEX in products which we produce and develop are now solely in place with Innovative Designs, Inc.

We currently have no distribution rights, exclusive or otherwise, to be a distributor of INSULTEX; however, Innovative Designs, Inc., does have exclusive distribution rights to distribute INSULTEX in the United States, Canada, Mexico, Indonesia, the United Kingdom and Turkey, in accordance with the 2006 written license agreement with Mr. Kim which is described in more detail on pages 4. As such, we purchase INSULTEX to be used in the manufacturing of our products. Similarly, other companies are free to purchase INSULTEX from Innovative Designs, Inc. assuming that it is a company within the distribution jurisdiction that Innovative Designs, Inc. covers. Innovative Designs, Inc. is the supplier/distributor of the raw material "INSULTEX".

We offer the following three products containing INSULTEX which were developed by RMF Global:

- Floating Swimwear: Product under our product name "Swimeez". Our swimwear is designed to be a swim aid. The interior lining of our swimwear product is made from INSULTEX, which enhances floatability.
- Sleeping Bag Products: Our sleeping bag products, available in both rectangular and mummy styles, are water resistant, windproof and weigh less than 2 pounds each. The INSULTEX insulation enables our sleeping bags to have a temperature rating of 15 degrees to 20 degrees Fahrenheit.
- Stadium Pack: The use of INSULTEX in this product provides protection from weather conditions such as rain and cold. By altering the configuration of the folds and zippers, the product can be used as a:
 - Stadium seat cushion or pillow;
 - Thermal rain parka with a zip-out hood;
 - Sleeping Bag;
 - Flotation Raft; and
 - Double Comforter.

We use INSULTEX to provide protection from harsh weather conditions in the following products which we developed:

- Windshirts: Our windshirts are available in only one style and in five colors: grey, navy, red, black, and khaki.
 - Jackets: Our jackets are available in only one style and in five colors: grey, navy, red, black, and khaki.
- Hunting Apparel Line: Our hunting apparel provides almost total block from odors provided by the INSULTEX material. The Hunting Apparel Line is being endorsed by Bill Maas, former all pro National Football League football player and Fox Sports Analyst. We have also added Mr. Tom Nelson, "The American Archer" to our pro staff and have introduced the new "American Archer" - Tom Nelson Hunting Line for 2007. Tom is seen on the Outdoor Channel and is recognized as one of the premier archers in the industry.
- Arctic Armor Line: The Arctic Armor line, introduced in April of 2006, consists of a jacket, bib and gloves. The suit contains 3 layers of INSULTEX for uncompromised warmth and provides the user with guaranteed buoyancy. The gloves contain a single layer of INSULTEX and are windproof, waterproof and good to sub-zero temperatures as does the jacket and bibs.
- Fishing Apparel Line: We plan to introduce a full line of fishing apparel featuring INSULTEX, which will be endorsed by professional fisherman, Jose Wejebe, under the name "Jose Wejebe Spanish Fly Fishing Apparel."

Our hunting apparel line is being endorsed by Bill Maas and Tom Nelson, and we are in the development stage of introducing a full line of fishing apparel as discussed above.

These prototypes were manufactured at the facility we currently utilize in Indonesia. We assumed no material costs associated with the design, prototyping, and testing of these products because: (a) we did not utilize the services of any outside consultant or company for these purposes; (b) although we used the services of our Chief Executive Officer and Vice President of Sales and Marketing for these purposes, their efforts were part of their normal responsibilities; (c) prior to the time we had undertaken to design and prototype of these products, we purchased the materials to accomplish these tasks, the cost of which did not exceed \$1000; and (d) the testing of these products was performed in the "field" by our employees and our Manufacturer's Representative groups, as part of their normal responsibilities.

From February 2001 and until approximately January of 2002, RMF Global searched for sources of INSULTEX and eventually located Mr. Kim, a citizen of Korea. RMF Global entered into a verbal agreement with Mr. Kim in June of 2002. From approximately June 2002 until March 2, 2003, RMF Global, our sublicensor, purchased INSULTEX on an as needed basis from Mr. Kim, in accordance with a verbal agreement. The same terms of the verbal agreement were set forth in a written agreement on March 2, 2003. On March 2, 2003, RMF Global entered into a written agreement with Mr. Kim, whereby Mr. Kim granted RMF Global the exclusive, unlimited, irrevocable right and license, with the right to grant sublicenses to third parties, to purchase, use, develop, commercialize, market, have marketed, sell and have sold, manufacture and have manufactured products related to or utilizing INSULTEX whether present or future for all countries in the world other than Korea and Japan. This agreement has been terminated and an identical agreement has been signed by Innovative Designs, Inc. Under the terms of the agreement Mr. Kim agreed to promptly deliver to Innovative Designs, Inc. within twenty-eight (28) days of receiving an order from Innovative Designs, Inc. , all INSULTEX ordered by Innovative Designs, Inc. Under the terms of the agreement, Innovative Designs, Inc. is required to pay a fixed amount per meter of INSULTEX. This fixed amount will not change under the agreement for a period of ten (10) years after the date of the agreement was signed. The agreement provides that after the ten (10) year period, the price of the INSULTEX shall be adjusted for a subsequent ten (10) year term, no more than twelve percent (12%) per the subsequent ten (10) year period. Innovative Designs, Inc. shall order INSULTEX from Mr. Kim from time to time as needed and shall not be required to purchase any minimum amount of INSULTEX during the term of this agreement, and Innovative Designs, Inc. is not required to make any minimum annual payment to Mr. Kim. However, should Innovative Designs, Inc. place an order, any quantity ordered must be a minimum of 55,000 meters of INSULTEX. Innovative Designs, Inc. is not required to pay to Mr. Kim any part of any sublicense fee that Innovative Designs, Inc. receives from third party sublicensees, and Innovative Designs, Inc. shall not pay any fees to Mr. Kim. This agreement will be in full legal force and effect for an initial term of ten (10) years from the date of its execution. Innovative Designs, Inc. will have the option to renew this agreement for up to four (4) successive terms of ten (10) years each by giving notice to Mr. Kim of its intention to so renew not less than ninety (90) days prior to the expiration of the then-current term.

On June 16, 2003, we completed an agreement with Haas Outdoors in which Haas Outdoors granted us a non-exclusive wholesale license in North America to: (a) manufacture, or sell products or to have manufactured for us, and to sell licensed products of Haas Outdoors; and (b) use the licensed trademark of Haas Outdoors in association with the marketing and sale of licensed products. The agreement defines licensed products as a product which bears or otherwise includes Haas Outdoors' licensed design and is further restricted to mean only our stadium pack. "Licensed design" is defined in the agreement as the camouflage pattern(s) known as the Mossy Oak Break-Up and/or New BreakUp patterns and which is covered by

Haas Outdoors' copyrights, including but limited to United States Copyright Registration No. 2,227,642. The agreement defines "licensed trademark" as Haas Outdoors' trademarks Mossy Oak, Break-Up and/or or New BreakUp. The term of the agreement is two years from the effective date of the agreement, May 30, 2003. During 2005, the Company extended the terms of this agreement with Haas Outdoors. We paid a one time \$250 licensing fee for these rights. We are also required to pay to Haas Outdoors a running royalty, which is included in the price of fabrics purchased from licensed vendors of Haas Outdoors.

In addition, the agreement provides that we, as the licensee in the agreement are required to: (a) place on the licensed products in a manner prescribed by copyright laws and unless otherwise indicated, a sufficient copyright notice including the copyright notice, the year of publication, and an identification of Haas Outdoors as the owner; and (b) in all instances where Haas Outdoors so desires, we will include on licensed products the authorized trademark associated with the authorized design. We also agreed that nothing in the agreement will confer upon us any proprietary interest in the licensed designs, the licensed trademarks, or any other copyright, trademark and patents rights owned by Haas Outdoors. In addition, we agreed that Haas Outdoors is the owner of the licensed designs and licensed trademarks and that we will not contest the validity or enforceability of the licensed trademarks or Haas Outdoors copyrights in the licensed designs.

Swimeez Product

Our Swimeez product is intended for use by the following groups that are in the Company's target market for these products:

- Toddlers and children from the ages of 3 to 12 who are learning to swim;
- Handicapped persons; and
- Adults learning to swim.

Sleeping Bags

Our sleeping bag products are intended for use by the following groups that are in the Company's target market for these products:

- Outdoor enthusiasts, such as hikers, climbers, mountain bikers and kayakers;
 - Campers;
- Boy Scouts and Girl Scouts;
 - Motorcyclists; and
- Hunters and Fishermen.

Stadium Pack

Our stadium pack products are intended for use by the following groups that are in the Company's target market for these products:

- Colleges;
- Child/Amateur sport organizations; and
- Hunting/Fishing enthusiasts.

Windshirts

Our windshirt products are intended for use by the following consumer groups that are in the Company's target market for these products:

- Golf club pro shops;
- Golf tournament organizers;
- Corporate promotional organizations; and
- Sporting organizations and teams.

Jackets

Our jacket products are intended for use by the following consumer groups that are in the Company's target market for these products:

- Colleges;
- Sporting teams; and
- Corporations.

Hunting Line

Our hunting line products are intended for use by the following consumer group that are in the Company's target market for these products:

- Hunting enthusiasts; and
- Professional hunters.

Fishing Line

Our fishing line products are intended for use by the following consumer groups that are in the Company's target market for these products:

- Professional fisherman; and
- Fishing enthusiasts.

Arctic Armor Line

Our Arctic Armor line products are intended for use by the following consumer groups that are in the Company's target market for these products:

- Ice fisherman
- Snowmobilers
- Utility workers
- Oil/gas pipeline workers.

Website and Retailers

We sell both wholesale and retail products on our website. Our website, located at www.idigear.com, became operational in October 2002 and contains information on our products, technical information on INSULTEX insulation, e-commerce capabilities with "shopping cart", wholesaler information and order forms, company contact information, and links to retailers that carry our products. We have obtained the services of BA Web Productions who

assists us in designing and continually developing our website. Our website features a "wholesaler only" area, allowing our wholesalers access to information, ordering, and recalls.

- 8 -

The web site is hosted by Nidhog Hosting. The secure payment gateway provider for our online e-commerce is SkipJack Financial Services.

The following retailers, distributors and companies purchase our products at wholesale prices which they plan to sell at their retail prices, or use within their industry:

We have no verbal or written agreement with these retailers and we currently have no intention of entering into any such agreement. These retailers purchase our products from us strictly on a purchase order basis.

In November 2002, we entered into a verbal agreement with Havel-Giarusso and Associates, a manufacturer representative located in Big Lake, Minnesota, to be the manufacturer representative of our products.

Havel-Giarusso and Associates determined that there would be a conflict of interest with their other clients if they became the manufacturer representative of our products. Therefore, Innovative Designs and Havel-Giarusso mutually agreed to terminate the verbal agreement in April 2004.

In March 2004, we entered into a formalized agreement for the manufacture representation services of Evernham & Anderson Associates, Inc. This agreement was terminated.

In 2005, we entered into a formalized agreement with William J. Gartland & Associates for representation services. This agreement was terminated in 2006.

The following sales agencies are currently being used for sales representation across Canada and the United States:

David Baker & Associates
5033 Marble Arch Road
Winston-Salem, NC 27104

Representatives:

David Baker

We plan to distribute our products to the following:

Sleeping Bag Products

We plan to distribute our sleeping bag products through sporting goods catalogs, sporting shows and trade shows, and retail outlets and chains.

Swimeez Products

We plan to distribute our Swimeez products through sporting goods catalogs, trade shows, and retail outlets and chains.

Stadium Pack Products

We plan to distribute our Stadium Pack products through sporting goods catalogs, trade shows, sporting shows, and retail outlets and chains.

Windshirts and Jackets

We plan to distribute our windshirts and jackets through various wholesalers, retail outlets and chains, and trade shows.

- 12 -

Hunting Apparel Line

We plan to distribute our hunting apparel through national and local retail chains.

Six pocket pants, 1/2 zip pullover jacket with collar, parka jacket, fleece jacket, guide series shirt, bib coveralls in light weight, bib coveralls in arctic weight and fishing apparel line. We plan to distribute these products, which we are in the development stage of introducing to the public, through trade shows, product information mailings to prospective retail buyers, and private showings to targeted buyers in the retail industry.

Arctic Armor Line

We plan to distribute the Arctic Armor Line to retailers and distributors across the United States and Canada. These products will also be sold to utility companies (i.e. - oil/gas pipeline workers).

Our planned marketing program will consist of the following:

MARKETING COMPONENT

Website Development and Internet Marketing

We plan to contract with marketing consultants to:

- (a) increase visitation to our website;
- (b) link with other established websites;
- (c) issue press releases to on-line publications;
- (d) conduct banner advertising;
- (e) develop arrangements with online retailers that purchase our products on a wholesale basis.

Sales Representatives

Our vice president of sales and marketing plans to:

- (a) sell our merchandise to retail chain stores;
- (b) attend and network trade shows to establish industry related contracts;
- (c) initiate relationships with local and national recreational organizations; and
- (d) provide support to our manufacturer representatives

Contract with manufacturer

Innovative Designs Inc. utilizes the services of the above-mentioned sales agencies to represent their products in the United States and Canada.

Public relations campaign

We plan to contract with marketing consultants to develop and distribute press releases regarding company status, product innovations, and other notable events and developments

Design and develop

We are and continue to contract with marketing consultants for services related to literature, displays, develop brochures, point-of-sale displays, mailers, media materials, and literature and sales tools for our sales representatives and manufacturer representatives.

- 13 -

Establish wholesale

We are and continue to develop relationships or distribution relationships with retail points for our products to retail chain outlets and mass merchandisers to sell our products.

Develop trade show booth

We are and continue to contract with marketing consultants to design and develop a portable display booth, and product materials to be used in sporting goods and outdoor apparel trade shows.

We plan to ship wholesale product orders by United Parcel Service or trucking companies. Retail orders from our website will be shipped United Parcel Ground Service or Federal Express overnight. The costs of shipping our finished goods is paid by our customers. We have not instituted any formal arrangements or agreements with United Parcel Service, Federal Express or trucking companies, and we do not intend to do so.

Our "idigear" label is sewn on all of our products. Haas Outdoors, Inc.'s Mossy Oak and New Break Up hang tags are attached only to our "Mossy Oak pattern" stadium pack products. Additionally, we will be utilizing the Mossy Oak camouflage on the new products that we are in the development stages of introducing, which will feature the Mossy Oak hang tag with our "idigear" hang tag. Our new hunting apparel line also includes a hang tag noting such endorsement.

INSULTEX will be used in all our finished goods and will be purchased directly from the inventor.

All of our products are sub-manufactured by PT Lidya and Natalia. Because the predominant function of the Stadium Pack is a sleeping bag, they are imported as sleeping bags. Indonesia does not impose quotas that limit the time period or quantity of items which can be imported. The United States Customs Service imposes a 9% importation duty for Indonesia based goods imported into the United States.

We have no verbal or written agreements or long term agreements with PT Lidya and Natalia and we do not plan to obtain any such agreements. Our sub-manufacturer manufactures our products on a per order basis.

The fulfillment process involved in completing wholesale orders for non stocked swimsuit, sleeping bag, windshirt and jacket products is described below:

DAY	ACTION
1	We receive a purchase order for a certain number of items from a wholesale purchaser by hand delivery, fax, courier, or mail, with an authorized signature of the purchaser. We do not accept telephone orders.
	We contact a raw material supplier to send a certain number of yards of raw materials to our sub-manufacturers. Raw materials are ordered according to need.
	We contact our sub-manufacturers with the details of the order, including the number of units to be produced according to design or model, size, or color.

- 14 -

We complete and forward a purchase order to the manufacturer. The manufacturer approves or disapproves a purchase order.

If the purchase order is approved, the manufacturer responds with a final cost, production schedule and date the goods will be delivered to us.

DAY	ACTION
10	Our sub-manufacturers ship finished goods to us.
14	We receive finished goods, and facilitate turn-around for shipment to retailers. Goods are received in our distribution center where they are packaged in Master Packs, hang tags attached, and UPC/UCC codes labels applied to items for retailer distribution.

The basis for the above time estimates has been derived from Innovative Designs, Inc. prior experience with these sub-manufacturers.

The fulfillment process involved in completing wholesale orders for our Stadium Pack products is described below:

DAY	ACTION
1	We receive an order for a certain number of items from a wholesale purchase by hand delivery, fax, courier, or mail with an authorized signature of the purchaser. We contact our sub-manufacturers with details of the order, including the number of units to be produced according to color combinations. The sub-manufacturers then procure the raw materials.
7	Our sub-manufacturers receive raw materials from suppliers and begin production.
25 - 30	Within 25-30 days, our sub-manufacturers ship finished goods to us, pending no international freight or shipping issues.
56 - 61	We receive finished goods, and facilitates shipment to the buyer.

The basis for the above time estimates has been derived from Innovative Designs, Inc. prior experience with these sub-manufacturers.

Any inventory we maintain will be stored at our warehousing facility. Our warehouse facility has the capacity to hold 250,000 finished products in inventory and raw materials or INSULTEX. The amount of raw materials or INSULTEX we store at our warehousing facility is dependent upon the size of production runs at any one time and cannot be estimated with any certainty.

On March 4, 2003, we applied for trademark protection for our name "idigear" with the United States Patent and Trademark Office. On December 24, 2003, we received a Notice of Publication from the United States Patent and Trademark Office, informing us that the "idigear" mark appears to be entitled to registration and would be published

in the Official Gazette on January 13, 2004 to ascertain whether there would be any opposition by any person who believes he will be damaged by the registration of the mark and that if no opposition is filed

- 15 -

within the time specified by Trademark rules, the Commissioner of Patents and Trademarks may issue a certificate of registration. We have not received any other communication or any disposition regarding this trademark application and there is no assurance that we will ever receive trademark approval for our idigear name.

On February 17, 2005, our CEO, Joseph Riccelli, applied for registration of the mark "INSULTEX" with the United States Patent and Trademark Office.

The patent states that it is the "object of the present invention to eliminate the above mentioned drawbacks [bulkiness and being cumbersome in practical use] by providing a foamed expanded super lightweight sheet having superior buoyancy and cold and heat resistance properties. Another object of the present invention is to provide a thin and super lightweight lining for garments and sports articles and other related equipment which are cumbersome and bulky, while yet combining both buoyancy and thermal resistance properties."

We do not have the actual patent described above; rather, we have been granted a license by for the exclusive marketing and distribution rights for use of INSULTEX in sleeping bags, swimeez, and stadium packs and the rights to purchase INSULTEX for the manufacture of other apparel and accessory items containing INSULTEX. As explained immediately below, the inventor of INSULTEX and patent recipient, Mr. Moon, assigned the patent to Mr. Kim. Innovative Designs, Inc. obtained its license rights from Mr. Kim.

Our production costs are limited to the invoices we receive from our submanufacturer, PT Lidya and Natalia, on a per production basis.

Because we plan to use sub-manufacturers for our products, we will not require any equipment for manufacturing and we do expect to incur any material costs affiliated with purchase of plant and significant equipment. We do not currently have any plant or significant equipment to sell.

We have spent no funds on research and development of our products. In March of 1999, our ex-affiliate, RMF Global, hired and paid \$5,275 to Vartest Laboratories, Inc. to perform testing of the INSULTEX material. Other than the testing performed by Vartest Laboratories, Inc, Innovative Designs, Inc. has spent no funds on research and development.

The Vartest Laboratories test results establish the buoyancy and insulation qualities of INSULTEX. The results are as follows:

<u>Issue</u>		<u>Test Result</u>
Fabric Weight	0.042 oz./square yard	Low
Fabric Thickness	0.021 inches	Thin
Thermal Retention	Clo value: 2.0	Good
Air Permeability (protection from wind)	0.01 cubic feet of air/min/ft2 of material (Good)	Low
Moisture Permeability (protection from water)	5 grams/sq. meter/24 hrs. (Good)	Low

During 2005, the Company hired Texas Research Institute Austin, Inc. to perform testing on the permeation of gas on the INSULTEX product. The testing was based upon accepted industry practices. The permeation test resulted in almost no detection of the gas through the INSULTEX throughout the testing procedures.

Although we are not aware of the need for any government approval of our principal products, we may be subject to such approvals in the future.

United States and foreign regulations may subject us to increased regulation costs, and possibly fines or restrictions on conducting our business. We are subject, directly or indirectly, to governmental regulations pertaining to the following government agencies:

Department of Transportation

Our shipment of raw materials to our manufacturers is and will be subject to United States Department of Transportation regulations.

Federal Trade Commission

The product suppliers and manufacturers of our products, to the extent that they are involved in the manufacturing, processing, formulating, packaging, labeling and advertising of the products, may be subject to regulations by the Federal Trade Commission which may bring injunctive action to terminate the sale of such products, impose civil penalties, criminal prosecutions, product seizures, and voluntary recalls. Should we or our suppliers become subject to any such orders or actions, our brand name reputation and that of our suppliers and products will be adversely affected and our business would be negatively affected.

United States Customs Service

We are required to pay a 9% importation duty to the United States Customs Service on all finished goods, based upon our completed Stadium Pack and jacket products, all containing "INSULTEX", which are sub-manufactured by PT Lidya and Natalia and then imported into the United States. Innovative Designs, Inc. is required to pay a 6.5% importation duty to the United States Customs Service for the importation of INSULTEX, regarding its importation of INSULTEX from South Korea or Indonesia from Mr. Kim, in accordance with Innovative Design's agreement with Mr. Kim. Innovative Designs imports INSULTEX from South Korea because this is the location of his manufacturing facilities for INSULTEX. Innovative Designs imports INSULTEX from Indonesia because Mr. Kim has additional warehousing facilities to store INSULTEX in Indonesia

United States Department of Labor's Occupational Safety and Health Administration

Because our sub-manufacturers manufacture our completed products, we and our sub-manufacturers will be subject to the regulations of the United States Department of Labor's Occupational Safety and Health Administration.

We are not aware of any governmental regulations that will affect the Internet aspects of our business. However, due to increasing usage of the Internet, a number of laws and regulations may be adopted relating to the Internet covering user privacy, pricing, and characteristics and quality of products and services. Furthermore, the growth and development of Internet commerce may prompt more stringent consumer protection laws imposing additional burdens on those companies conducting business over the Internet. The adoption of any additional laws or regulations may decrease the growth of the Internet, which, in turn, could decrease the demand for Internet services and increase the cost of doing business on the Internet. These factors may have an adverse affect on our business, results of operations, and financial condition.

Moreover, the interpretation of sales tax, libel, and personal privacy laws applied to Internet commerce is uncertain and unresolved. We may be required to qualify to do business as a foreign corporation in each such state or foreign country. Our failure to qualify as a foreign corporation in a jurisdiction where we are required to do so could subject us to taxes and penalties. Any such existing or new legislation or regulation, including state sales tax, or the application of laws or regulations from jurisdictions whose laws do not currently apply to our business, could have a material adverse affect on our business, results of operations and financial condition.

We currently have no costs associated with compliance with environmental regulations. Because we do not manufacture our products, but rather they are manufactured by our sub-manufacturers, we do not anticipate any costs associated with environmental compliance. Moreover, the delivery and distribution of our products will not involve substantial discharge of environmental pollutants. However, there can be no assurance that we will not incur such costs in the future.

We estimate that all of our revenues will be from the sale of our products. We will sell our products at prices above our original cost to produce our products. Prices for some of our products will be lower than similar products of our competitors, while others will be higher. We expect our product prices to be lower than network marketing companies, but higher compared with retail establishments that directly manufacture their own products.

Products that are sold directly by our website will be priced according to our Manufacturer Suggested Retail Prices. Our wholesale clients will purchase our products at our wholesale prices. We recommend that our retailer clients sell our products at the Manufacturer Suggested Retail Prices that we provide to them which are the same prices for products on our website; however, they are not required to do so and may price our products for retail sale at their discretion. We have established M.A.P. (minimum advertised pricing) on our Arctic Armor™ suit in an attempt to allow all retailers and distributors carrying the line to obtain reasonable gross margin dollars.

We currently have a total of 7 employees, 4 of which are full time employees and 3 of which are part time employees. Our full time employees are:

- Joseph Riccelli, our Chief Executive Officer;
- Joseph A. Riccelli, our Vice President;
- Gregory P. Domian, Vice President of Sales and Marketing; and
- David Shondeck, our Director of Finance.

We have the following part-time employees:

- Anthony Fonzi, our Chief Financial Officer; and
- 2 part-time clerical/warehouse employees.

We have no collective bargaining or employment agreements.

Reports and Other Information to Shareholders

We are subject to the informational requirements of the Securities Exchange Act of 1934. Accordingly, we file annual, quarterly and other reports and information with the Securities and Exchange Commission. You may read and copy these reports and other information we file at the Securities and Exchange Commission's public reference rooms in Washington, D.C., New York, New York, and Chicago, Illinois. Our filings are also available to the public from commercial document retrieval services and the Internet world wide website maintained by the Securities and Exchange Commission at www.sec.gov.

ITEM 1A RISK FACTORS

Competition

The markets served by the Company are highly competitive. Competitive pricing pressure could result in loss of customers or decreased profit margins. Competition by product type include the following:

The markets for our products are increasingly competitive. Our competitors have substantially longer operating histories, greater brand name and company name recognition, larger customer bases and greater financial, operating, and technical resources than us. Because we are financially and operationally smaller than our competitors, we will encounter difficulties in capturing market share. Our competitors are able to conduct extensive marketing campaigns and create more attractive pricing of their target markets than we are.

Some of our biggest competitors in the floating swimwear market are:

- www.floatingswimwear.com;
- www.maui.net/-welck; and
- www.hotshop.at/enlisch/swimc.
- Welck-em Floats located in Lahaina, Hawaii;
- Aqua Leisure Industries located in Avon, Massachusetts; and
- Swim Coach websites located in the United Kingdom.

Some of our biggest competitors in the sleeping bag market are:

- North Face located in San Leandro, California or www.thenorthface.com;
- Slumberjack located in Saint Louis, Missouri or www.slumberjack.com;
- Sierra Designs located in Emeryville, California;
- Kelly Pack, Inc. located in Boulder, Colorado; and
- Marmot Mountain, Ltd. located in Santa Rosa, California.

Some of our biggest competitors in our stadium pack market are:

- North Face located in San Leandro, California or ;
- Slumberjack located in Saint Louis, Missouri or
- Sierra Designs located in Emeryville, California;
- Kelly Pack, Inc. located in Boulder, Colorado; and
- Marmot Mountain, Ltd. located in Santa Rosa, California.

Some of our biggest competitors in our windshirts market are:

- www.zerorestriction.com;
- www.innerharborshirts.com; and
- www.cutterbuckapparel.com.

Some of our biggest competitors in our jacket markets are:

- www.zerorestriction.com;
- cutterbuckapparel.com; and
- North Face located in San Leandro, California or www.thenorthface.com.

Some of our biggest competitors in the hunting apparel line are:

- Russell Athletics
- Scentlock
- Various big-box private labels

Some of our biggest competitors in the Arctic Armor™ line are:

- Ice Clam Corporation
- Vexilar
- Mustang Survival

We plan to compete in the following ways:

A. Emphasize the Advantages of our Products Sleeping Bag Products

We plan to emphasize the following characteristics of our sleeping bag products:

- inherent buoyancy of INSULTEX;
 - low weight;
 - compactness;
 - water repellency;
- thermal insulation properties which makes a thinner, more compact, and warmer sleeping bag than some of our competitors; and
- having these multiple advantages.

Floating Swimwear Products

We plan to emphasize the following characteristics of our swimeez swimsuit product:

- inherent buoyancy of INSULTEX which is sewn into our swimsuit and results in a less obtrusive swimming experience while still retaining buoyancy in comparison to some of our competitors; and
- low weight.

Stadium Pillow Products

We plan to emphasize the following advantages of our Stadium Pack product:

- Our Stadium Pack product has multiple uses by acting as a stadium seat cushion or pillow, thermal rain parka, sleeping bag, flotation raft and double comforter; and
- Our Stadium Pack product has the advantages of low weight, compactness, water repellency, and thermal insulation properties.

Windshirts and Jackets

We plan to emphasize the following advantages of our windshirt and jacket products:

- low weight;
- compactness;
- water repellency;
- thermal insulation properties which makes a thinner, more compact product than some of our competitors; and
- having these multiple advantages.

Hunting and Fishing Line

We plan to emphasize the following characteristics and advantages of our hunting and fishing line products:

- low weight;
- compactness;
- water proof;
- thermal insulation properties which makes a thinner more compact and warmer garment or accessory than some of our competitors;
- competitive wholesale and retail prices; and
- introduction of a new proprietary technical insulation, i.e. "INSULTEX", to the hunting industry that has fewer such technical insulations in use by that industry; and
- scent barrier.

Arctic Armor Line

We plan to emphasize the following characteristics and advantages of our Arctic Armor line products:

- Low weight
- Waterproof
- Windproof
- Sub-Zero Protection
- Buoyancy

The basis for our above product claims is derived from the Vartest Lab Results, a fiber/yarn, fabric and apparel testing firm, located in New York, New York that RMF Global retained and paid \$5,275 to conduct testing of the INSULTEX material. The March 1999 Vartest Lab Results appear under our "Research and Development" Section.

INSULTEX provides a scent barrier which we had a permeation test performed on at the Texas Research Institute Austin, Inc., at a cost of \$650. The product was subjected to gas simulant for an eight-hour period. The product was tested for permeation of the gas every three minutes for the duration of the test with almost no detection of the gas throughout the test. The testing was based upon accepted industry practices as well as the test method used. We applied for a trade mark on the name "Scent Barrier" on September 26, 2005, and were informed that these words can not be trademarked as they are 'characteristics' and thus not usable as a trademark.

B. Utilize our web site to promote, market, and sell our products to consumers.

C.Utilize professional sales representatives and manufacturer representatives to sell our products to established retailers, especially sporting goods retailers.

D.Utilize product endorsements from professional athletes and sports figures to bolster awareness and image of our products. We currently have former all pro national football league player Bill Maas endorsing our hunting apparel line and Jose Wejebe, professional fisherman, endorsing our fishing apparel line. We recently added Mr. Tom Nelson, "The American Archer", who is, and has been seen regularly on The Outdoor Channel.

Our products have the following disadvantages in comparison to the products of our competitors:

- Lack of a broad range of product designs or styles; lack of product line depth.
- Preference for less insulated sleeping bag.

Because our sleeping bags are developed for use in cold conditions, outdoor enthusiasts in warmer climates may prefer a less insulated sleeping bag offered by our competitors.

- Lack of brand name recognition or recognition of the properties of INSULTEX and its advantages. We, as well as our products, have little brand name recognition compared to our competitors. Our Stadium Pillow products, as new products, will especially encounter difficulties in establishing product recognition. Also, although our products have insulation properties, the material "down" has a widespread and established reputation as being the superior insulation in the market, while the properties and advantages of INSULTEX has little public recognition.

There can be no assurance that we will be able to compete in the sale of our products, which could have a negative impact upon our business.

We do not expect our business to be dependent on one or a few customers or retailers; however, there is no assurance that we will not become so dependent.

Cyclicalities

The Company's apparel sales fluctuate based on temperature and weather conditions. This may cause a cyclical effect on sales.

Raw Material Acquisition

The Company has only one supplier of INSULTEX, the special material which is manufactured within the apparel of the Company. Additionally, the Company has one manufacturer that produces the apparel on behalf of the Company, located in Indonesia.

Primary Raw Materials by product consist of the following:

Raw Materials to be provided for our Floating Swimwear Products:

INSULTEX will be used to create the buoyant quality of our floating swimwear product.

· Lycra

We plan to purchase Lycra from Yasha Fabrics which is located in Los Angeles, California. Lycra is an elastic polyurethane fiber or fabric used especially for close-fitting sports clothing and is used for the outer shell and inside lining of our floating swimwear product.

· Zippers

We plan to purchase zippers from Barbie International Corporation, located in New York, New York.

The delivery time involved for these raw materials from the date of order to date of delivery is less than two weeks.

Raw Materials to be provided for our Sleeping Bags and Stadium Pack Products:

· INSULTEX

INSULTEX is used in our sleeping bags and stadium pack products as insulation and to provide buoyancy to these products.

· Rip Stop Nylon

We plan to purchase Rip Stop Nylon from Roberts Textile Company located in New York, New York. Rip Stop Nylon is a manufactured fiber that is strong and is resistant to both abrasion and damage from many chemicals. Rip Stop Nylon fabric is non-absorbent, durable, fast drying, resistant to moths and other insects, water, perspiration and standard dry cleaning agents. The Rip Stop Nylon fabric also contains an added nylon cross weave to prevent tearing of the material. Rip Stop Nylon is commonly used in women's hosiery, knitted or woven lingerie, socks and sweaters, rugs and carpets, sleeping bags, duffle bags, racquet strings, and fishing lines. Rip Stop Nylon is used in our sleeping bags and stadium pillow products as the exterior shell.

· Nylon polyester tricot

We plan to purchase nylon tricot from Roberts Textile Company or Fab Industries, both of which are located in New York, New York. Nylon tricot is made from very fine or single yarns, providing a suede-like texture. Nylon tricot is typically used for underwear, sportswear, bathing suits and gloves. Nylon tricot is used in our sleeping bags as the inside lining.

· Compression sacks

We plan to purchase compression sacks from Equinox located in Williamsport, Pennsylvania. Compression sacks are small Rip Stop Nylon bags, approximately 12 inches by 8 inches. They are separate from our sleeping bag and are used to compress our sleeping bag when not in use. Rip Stop Nylon is the sole component of the compression sacks.

· New Products Utilizing the Mossy Oak Brand Camouflage Pattern

We plan to purchase the Mossy Oak Brand camouflage fabric from a licensed distributor for Haas Outdoors, Inc, MAHCO, based in Bentonville, Arkansas. This fabric will be shipped to our submanufacturer, PT Lydia and Natalia, Indonesia. PT Lydia and Natalia, at their discretion, will source the additional raw materials for the completion of each garment or accessory.

Raw Materials to be provided for our Jackets and Windshirts

· INSULTEX

INSULTEX will be used to provide insulation in our jackets and windshirts.

· Polyester peached microfiber

We plan to purchase polyester peached microfiber which is a type of grade microfiber from Roberts Textile Company located in New York, New York. It is durable and water repellent treated for our jackets and windshirts.

· Rib knit

We plan to purchase rib knit for our jackets and windshirts from Green Mountain located in Knitter, Vermont. Rib knit is a mix of cotton and Lycra and is elastic and is used for the trip around the collars, waistbands and cuffs.

The delivery time involved for our raw materials from the date of order to the date of delivery is less than one week for all stocked materials. Non-stocked materials or special orders may take up to two weeks for delivery.

The only "raw product" we store on a continual basis is "INSULTEX" which is stored in our warehouse. Our warehouse space is sufficient for our storage of INSULTEX. For the other raw materials that are below 1000 piece goods, we have the materials shipped directly to the sub-manufacturer. For production runs in excess of 1000 piece goods, we arrange for the raw materials to be shipped to our warehouse facility, which is sufficient for that use. Thereafter, we distribute to the sub-manufacturer the quantity needed for each production run and we store the remaining quantity. Payment typically will be due on an average of 30 to 60 days after receipt of the raw materials by our sub-manufacturer or our warehouse facility. Our Indonesia based manufacturer, PT Lidya and Natalia, has sole discretion in the sourcing and ordering of raw materials for their production runs, the costs of which we reimburse PT Lidya and Natalia.

Geographic Concentration

Many of the Company's sales to retailers are concentrated in colder climates of the United States and Canada. To the extent that any regional downturn impacts these regions, the Company will be adversely affected.

Management

The Company is dependent on the management of Joseph Riccelli, Chief Executive Officer. The loss of Mr. Riccelli's services could have a negative impact on the performance and growth of the Company for some period of time.

Stock Price

The Company's stock is thinly traded. Should a major shareholder decide to liquidate its position, there could be a negative effect on the price of the stock until this condition is resolved.

Sarbanes-Oxley

Unless the current requirement for compliance with Section 404 of the Sarbanes-Oxley is changed, the Company will experience higher internal and auditing costs to comply by the end of fiscal 2007.

Significant Customer

Earned revenues for the fiscal year ending October 31, 2006 include earned to three major customers. The three major customers accounted for approximately 57%. Performance of these three customers in their own markets could have negative impact on the Company's sales and results of operations.

Information Systems

The Company is currently in its infancy stages. Accordingly, they are in the process of devising their information systems which would currently only consist of financial accounting systems. All manufacturing of products and shipping of products are performed by independent third parties. These service providers maintain their own information systems.

ITEM 2. DESCRIPTION OF PROPERTY.

Since May 2002, we have maintained our executive offices of 1500 square feet at 223 North Main Street, Suite 1, Pittsburgh, Pennsylvania 15215. We pay monthly rent of \$700.00 to Riccelli Properties, a property management firm owned by our Chief Executive Officer, Joseph Riccelli. We have a verbal lease agreement with Riccelli Properties to pay Riccelli Properties \$700 per month. This verbal agreement further provides that we or Riccelli Properties may terminate this verbal lease at any time with 30 days written notice. Neither we nor Innovative Designs, Inc. have any verbal or written agreement regarding these offices.

In October 2002, we arranged for the lease of warehouse space for our inventory and raw materials at 124 Cherry Street, Etna, Pennsylvania. This facility encompasses 13,000 square feet of storage space on the first floor and 2,000 square feet for our sales department offices located on the second floor. We have entered into a verbal agreement with the owner of the building, Frank Riccelli, and we pay \$2,600 per month for the space. This facility is composed of: (a) warehouse and storage areas including four (4) shipping bays and a distribution area consisting of square footage to store in upward of 250,000 finished goods products; and (b) four (4) offices, one (1) conference room, with presentation area and sample display and (2) bathrooms totaling approximately 2,000 square feet located on the second floor. The building in which our offices are located is owned by Frank Riccelli, and is subject to a \$120,000 mortgage. We do not own any property nor do we have any plans to own any property in the future. We do not currently intend to develop properties. We are not subject to competitive conditions for property and currently have no property to insure. We have no policy with respect to investments in real estate or interests in real estate and no policy with respect to investments in real estate mortgages. Further, we have no policy with respect to investments in securities of or interests in persons primarily engaged in real estate activities.

ITEM 3. LEGAL PROCEEDINGS.

We are subject to dispute and litigation in the ordinary course of our business. None of these matters, in the opinion of our management, is material or likely to result in a material effect on us based upon information available at this time.

The Company became aware, by virtue of communication from certain of its customers and/or prospective customers, of their receipt of a letter from attorneys purporting to represent Elio Cattani, informing said parties that the Company was infringing on a patent held by Mr. Cattani in its manufacture and use of products containing INSULTEX. Said letter went on to threaten unspecified reprisals against any party that continued to so infringe, and further actively solicited the purchase of INSULTEX from Mr. Cattani.

In response, the Company caused to be filed a Declaratory Judgment Action in the United States District Court for the Western District of Pennsylvania at Case No. Cv04-0593 on April 20, 2004. In said Action, in which the Company was joined by RMF Global, Inc., the Company seeks:

- (1) a declaration that it did not infringe on U.S. Patent No. 6,083,999;
- (2) a declaration that said patent is invalid and unenforceable;
- (3) a declaration that the plaintiffs have not infringed on the INSULTEX trademark;
- (4) an injunction prohibiting any further tortious interference with the Company's business and contractual relations;
- (5) an injunction prohibiting any further engaging in unfair competition; and
- (6) RMF Global uses new and improved INSULTEX. The new INSULTEX holds a Korean Patent No. 04 26429.

Without answering or denying any of the Company's allegations, Mr. Cattani sought to stay the District Court proceedings, pending an arbitration proceeding to determine the merits of the dispute among the parties. That Motion was granted by the Court. A subsequent Motion was filed by the Company, seeking to dismiss any claims the Court might find to be arbitral, and lift the stay with respect to the remaining claims so that Mr. Cattani's allegations may be subject to the scrutiny of a court of law. That Motion was denied by the Court.

The Company is of the strong opinion and belief, as is its counsel, that the District Court has erred in its interpretation of both the facts and the law in this case, and is in the process of taking an appeal of Judge Schwab's Orders before the Third Circuit Court of Appeals of the United States District Court. The Company is confident of its position, and the likelihood of its success on the merits, and views the actions of Mr. Cattani as desperate delay tactics designed to enable him to attempt the perpetuation of a fraud upon both the Company and its customers and prospective customers.

Subsequent to October 31, 2005, the end of our fiscal year, the Company learned that *Elio Cattani and INSULTEX s.r.l.* obtained an arbitration award against the Company in the amount of \$4,176,000.00, on May 6, 2005 from an Italian Arbitration Tribunal. The Company was later informed that Defendant's counsel filed a subsequent motion in the District Court to confirm and enforce the Tribunal's award against the Company and to add Joseph Riccelli as a part to the litigation. As of the date of this filing, no ruling had been made on the above motion.

This Case was administratively closed by presiding Judge Arthur J. Schwab immediately after entering a Judgment on behalf of Elio D. Cattani and Eliotex SRL on May 9, 2006 based upon a purported default judgment entered against IDI in Italy as discussed above. IDI intends to file a Motion to Open Administratively Closed Case in order to pursue the adjudication of the patent non-infringement, declaration of invalidity of patent and trademark non-infringement claims that were the principal focus on its suit, and which have yet to be adjudicated. The basis of this

Motion is the receipt by IDI of an expert analysis of the U.S. patent owned by Elio D. Cattani. The analysis prepared for IDI indicates that the patent was obtained improperly, is a verbatim repetition of a prior patent and should not have been issued.

IDI filed an appeal in the United States Court of Appeals for the Third Circuit at Appeal No. 06-2203 from the aforementioned Judgment, as well as from the Interlocutory Order of Judge Schwab binding IDI to the terms of an arbitration clause set forth in a contract that it did not sign, and which contract expired by its terms prior to the creation of IDI. IDI filed its Appellant's Initial Brief and Appendix on January 26, 2007, and is confident that its appeal will be upheld by the Third Circuit.

Consequently, due to the case being administratively closed and the pending appeal in the United States Court of Appeals for the Third Circuit, the Company recorded a charge to its 2006 operations to reflect the recording of this contingent liability in accordance with Statement of Financial Accounting Standard No. 5, "Accounting for Contingencies," issued March 1975. The Company does not believe that it will have to pay this award and has instructed its counsel to take all actions necessary and proper to protect the interests of both the Company, its shareholders and all other entities and individuals with which it conducts business.

During 2006, an Involuntary Chapter 7 Petition by petitioning Creditors Elio D. Cattani, Eliotex, SRL and Adriano Battistotti, Italian counsel for Cattani and Eliotex, SRL. The Petitioners asserted the aforementioned Judgment as the basis of their claim, and averred its non-payment by IDI. IDI responded with a Motion to Dismiss the Petition, averring that the Petitioners were not entitled to relief pursuant to the provisions of 11 U.S.C. § 303, in that the number of Petitioning Creditors was inadequate, all of the claims relate to the same Judgment, subject to appeal, and IDI is generally paying its debts when due (in fact IDI is current on all of its financial obligations, with the exception of the Judgment subject to pending appeal).

In response to the Motion to Dismiss, the Petitioning Creditors recruited three additional Petitioning Creditors, the members of the arbitration panel in Italy who purported to render the Italian arbitration award. Bankruptcy Judge M. Bruce McCullough dismissed IDI's Motion to Dismiss, and directed IDI to answer the petition. On November 15, 2006, the Court granted the Petition for Relief, thereby placing IDI in bankruptcy. IDI's counsel immediately thereafter made an oral motion for the Case to be converted to Chapter 11, which was granted. The Court further indicated that it would reserve the issue of sanctions against the Petitioning Creditors and an award of counsel fees to IDI for later proceedings. IDI thereafter filed a Motion for Reconsideration, which Motion is pending in the Bankruptcy Court.

IDI thereupon made Application for an Order Allowing the Use of Cash Collateral, which Order was granted by Judge McCullough on January 17, 2007. This Order permits IDI to maintain and continue all of its pre-Petition financing agreements with its principal lenders, Enterprise Bank and the Small Business Administration. As all actions against IDI are stayed by the bankruptcy filing, IDI is maintaining normal business operations during the pendency of the Case.

ITEM 4. SUBMISSION OF MATTERS TO A VOTE OF SECURITY HOLDERS

None

ITEM 5. MARKET FOR COMMON EQUITY AND RELATED STOCKHOLDER MATTERS.

PART II**Market Information**

Below is the market information pertaining to the range of the high and low bid information of our common stock for each quarter since our common stock has been quoted on the OTC Bulletin Board. Our common stock is quoted on the OTC Bulletin Board under the symbol IVDN.OB. The quotations reflect inter-dealer prices, without retail mark-up, mark-down or commission and may not represent actual transactions.

2006	Low	High
Fourth Quarter	\$.32	\$.36
Third Quarter	\$.32	\$.35
Second Quarter	\$.32	\$.35
First Quarter	\$.33	\$.36

2005	Low	High
Fourth Quarter	\$.30	\$.75
Third Quarter	\$.17	\$.51
Second Quarter	\$.13	\$.58
First Quarter	\$.20	\$.80

The source of the above data is <http://finance.yahoo.com>.

No regular trading market exists for our common stock and there is no assurance that a regular trading market will develop, or if developed be sustained. A shareholder in all likelihood, therefore, will not be able to resell their securities should he or she desire to do so when eligible for public resales. Furthermore, it is unlikely that a lending institution will accept our securities as pledged collateral for loans unless a regular trading market develops.

Holders.

As of January 26, 2007, we had 150 holders of record of our common stock. We have one class of stock outstanding. We have no shares of our preferred stock outstanding. As of January 26, 2007, there were 3,277,075 shares of our stock held by non-affiliates and 13,634,118 shares of our stock held by affiliates that Rule 144 of the Securities Act of 1933, defines as restricted securities.

Options.

We have no shares of our common equity that are subject to outstanding options to purchase.

Penny Stock Considerations.

Our shares are "penny stocks" as that term is generally defined in the Securities Exchange Act of 1934 as equity securities with a price of less than \$5.00. Our shares may be subject to rules that impose sales practice and disclosure requirements on broker-dealers who engage in certain transactions involving a penny stock.

Under the penny stock regulations, a broker-dealer selling a penny stock to anyone other than an established customer or "accredited investor" must make a special suitability determination regarding the purchaser and must receive the purchaser's written consent to the transaction prior to the sale, unless the broker-dealer is otherwise exempt. Generally, an individual with a net worth in excess of \$1,000,000 or annual income exceeding \$200,000 individually or \$300,000 together with his or her spouse is considered an accredited investor. In addition, under the penny stock regulations the broker-dealer is required to:

- Deliver, prior to any transaction involving a penny stock, a disclosure schedule prepared by the Securities and Exchange Commission relating to the penny stock market, unless the broker-dealer or the transaction is otherwise exempt;
- Disclose commissions payable to the broker-dealer and its registered representatives and current bid and offer quotations for the securities;
- Send monthly statements disclosing recent price information pertaining to the penny stock held in a customer's account, the account's value and information regarding the limited market in penny stocks; and
- Make a special written determination that the penny stock is a suitable investment for the purchaser and receive the purchaser's written agreement to the transaction, prior to conducting any penny stock transaction in the customer's account.

Because of these regulations, broker-dealers may encounter difficulties in their attempt to sell shares of our stock, which may affect the ability of shareholders or other holders to sell their shares in the secondary market and have the effect of reducing the level of trading activity in the secondary market. These additional sales practice and disclosure requirements could impede the sale of our securities if our securities become publicly traded. In addition, the liquidity for our securities may be adversely affected, with a corresponding decrease in the price of our securities. Our shares may someday be subject to such penny stock rules and our shareholders will, in all likelihood, find it difficult to sell their securities.

Dividends.

We have not declared any cash dividends on our stock since our inception and do not anticipate paying such dividends in the foreseeable future. We plan to retain any future earnings for use in our business. Any decisions as to future payment of dividends will depend on our earnings and financial position and such other factors as the Board of Directors deems relevant.

Securities Authorized for Issuance under Equity Compensation Plans.

EQUITY COMPENSATION PLAN INFORMATION

Plan category	Number of securities to be issued upon exercise of outstanding options, warrants and rights		Weighted-average exercise price of outstanding options, warrants and rights		Number of securities remaining available for future issuance under equity compensation plans (excluding reflected in column (a))	
	(a)		(b)		(c)	
Equity compensation plans approved by security holders	\$	400,000	\$	0.42 (2)	\$	180,000 (1)

- (1) The Company has issued an additional 317,000 shares of its stock to various consultants in exchange for past and future services. The weight average price per share was \$0.2818.
- (2) Weighted average price was based on the market value of the shares on or about the date the service was performed. Market value of the price per share ranged from \$2.00 to \$0.15 per share over the period of time in which the various services were performed.
- (3) All stock that has been issued by the Company out of the equity compensation plan was for the exchange of professional services. No shares were sold for cash.

Use of Proceeds from Registered Securities.

ITEM 5. MANAGEMENT'S DISCUSSION AND ANALYSIS OR PLAN OF OPERATION.

Results of Operations

Fiscal Year Ended October 31, 2006

Revenues for the fiscal year ended October 31, 2006 were \$291,794, a decrease of \$20,692 or 7% from the fiscal year ended October 31, 2005. The Company had greater sales in each quarter of 2006 compared to 2005 except for the fourth quarter of 2006. There was a \$92,174 or 35% decrease in the fourth quarter of 2006 compared to 2005. This decrease is primarily attributable to legal proceedings against the Company. Certain customers received letters from attorneys informing said parties they were infringing on a patent, as discussed more fully in Item 3 of the 10KSB. The letter threatened unspecified reprisals against any party that contributed to so infringe any further actively solicited the purchase of Eliotex, the material used in the construction of the apparel manufactured and sold by the Company.

Cost of sales for the fiscal year ended October 31, 2006, had an increase of \$98,124 from the fiscal year ended October 31, 2005. This increase is attributable to an increase in the cost of shipping costs for inventory received.

Non-cash stock compensation for the fiscal year ended October 31, 2006, a net increase of \$8,950 or an 11% increase from the fiscal year ended October 31, 2005. The net increase is primarily attributable to an increase over stock cancelled for services for the fiscal year ended October 31, 2005 over the fiscal year October 31, 2006 of \$39,400.

Selling, General and Administrative Expenses

For the fiscal year ended October 31, 2006, a decrease of \$3,247 or 1% from the fiscal year ended October 31, 2005. This decrease is a result of a decrease in travel expense, shipping, and postage, utilities, commissions, warehouse expense, and miscellaneous expense of \$70,343. This was partially offset with an increase of \$65,245 for professional fees. Additionally, there were small net decreases in selling, general and administrative expenses of \$1,851.

During the fiscal year ended October 31, 2005, the Company received grant income from the Redevelopment Authority of Allegheny County of \$11,138. The Company qualified for the grant due to the significant loss of inventory, raw materials, and equipment when its leased warehouse, in which it maintained these items, was flooded by the remnants of Hurricane Ivan in September 2004.

The Company reversed interest expense of \$395,495 related to the extinguishment of related party debt of \$568,144 which was used to finance the exclusive rights to acquire the license to develop, use, sell, manufacture, and market products of Eliotex. This agreement was terminated and the debt and related interest was forgiven.

Short Term: We funded our operations with revenues from sales and loans from our Chief Executive Officer. Our ability to obtain outside funding of either debt or equity was adversely affected by our status in bankruptcy. Further, the bankruptcy status has resulted in customers reducing their sales activity or ceasing to do business with us or all together. The loss of this revenue had an adverse impact on the Company's short term liquidity. The financial institution has restricted the amounts we can borrow on our lines of credit and they will not increase our borrowing capacity on the lines of credit. The Company continues to pay its creditors when payments are due and has been successful in expanding its sales base into the oil and gas industry.

Long Term: The Company will continue to fund operations from revenues, borrowings and the possible sale of its securities. The Company is currently pursuing financing to fund its long-term liquidity needs.

ITEM 9. CHANGES IN AND DISAGREEMENTS WITH ACCOUNTANTS AND FINANCIAL DISCLOSURE.

None

- 30 -

ITEM 9A. CONTROLS AND PROCEDURES

As of October 31, 2006 and 2005, an evaluation was performed under the supervision and with the participation of our management, including our Chief Executive Officer and Principal Financial Officer, of the effectiveness of the design and operation of our disclosure controls and procedures. Based on that evaluation, our management, including our Chief Executive Officer and Principal Financial Officer, concluded that our disclosure controls and procedures were effective as of October 31, 2006 and 2005.

There have been no significant changes in our internal control over financial reporting during the fiscal year ended October 31, 2006 and 2005, or subsequent to October 31, 2006, that have materially affected or are reasonably likely to materially affect, our internal control over financial reporting.

ITEM 9B OTHER INFORMATION

None

PART III

ITEM 10. DIRECTORS, EXECUTIVE OFFICERS OF THE REGISTRANT

Directors and Executive Officers

Our executive officers are elected annually by our board of directors. A majority vote of the directors who are in office is required to fill vacancies on the board. Each director shall be elected for the term of one (1) year and until his successor is elected and qualified, or until his earlier resignation or removal. The directors named above will serve until the next annual meeting of our shareholders which is held within sixty (60) days of our fiscal year end, or until a successor is elected and has accepted the position.

None of our directors hold directorships in any Securities and Exchange Commission reporting companies. Our directors and executive officers are as follows:

<u>Name</u>	<u>Age</u>	<u>Position</u>	<u>Term</u>
Joseph Riccelli	56	Chief Executive Officer/Chairman	1 year
Dean P. Kolocouris	34	Director	1 year
Robert D. Monsour	52	Director	1 year
Anthony Fonzi	58	Chief Financial Officer/Director	1 year
Joseph A. Riccelli	25	Vice President	Not Applicable

Family Relationships

Joseph A. Riccelli, our Vice President, is the son of our Chief Executive Officer, Joseph Riccelli.

Joseph Riccelli has been our Chief Executive Officer and Chairman of the Board since our inception in June 2002. Joseph Riccelli now spends approximately 40 hours per week to implement our Plan of Operations. Joseph Riccelli was the owner of Pittsburgh Foreign and Domestic, a sole proprietor car dealership located in Glenshaw,

Pennsylvania. Joseph Riccelli attended Point Park College located in Pittsburgh, Pennsylvania from 1971 to 1972.

- 31 -

Dean P. Kolocouris has been one of our Directors since our inception in June 2002. From December 1996 to present, Mr. Kolocouris has been a Loan Officer and Assistant Vice President at Eastern Savings Bank located in Pittsburgh, Pennsylvania. In June 1993, Mr. Kolocouris received a Bachelors Degree in Finance from Duquesne University located in Pittsburgh, Pennsylvania.

Robert D. Monsour has been one of our Directors since our inception in June 2002. From July 1984 to November 1997, Mr. Monsour was the owner and founder of his own law firm, Robert D. Monsour, Esq., P.C., located in Pittsburgh, Pennsylvania. From November 1997 to present, Mr. Monsour has been the Administrator of RGM Medical Management, a medical management firm headquartered in Pittsburgh, Pennsylvania. Mr. Monsour received the following degrees from the University of Pittsburgh located in Pittsburgh, Pennsylvania: (a) Juris Doctor Degree in May 1983; (b) completed the course of study for a Masters Degree in International Affairs at the Graduate School of Public and International Affairs in May 1983, with the exception of a required Masters Thesis; and (c) Bachelor of Arts Degree in Political Science in May 1978.

Anthony Fonzi has been one of our Directors and our Chief Financial Officer and Chief Accounting Officer since our inception in June 2002. From our inception to April 14, 2003, Mr. Fonzi spent approximately 10 hours a week as our Chief Financial Officer and Chief Accounting Officer. Since April 15, 2003, Mr. Fonzi has spent approximately 20 hours a week as our Chief Financial Officer and Chief Accounting Officer. From June 1995 to present, Mr. Fonzi has been a Tax Director at D. Cerniglia and Associates, a Certified Public Accounting firm located in Monroeville, Pennsylvania. As Tax Director, Mr. Fonzi is responsible for all tax functions on behalf of D. Cerniglia and Associates. In May 1985, Mr. Fonzi received a Masters Degree in Taxation from Robert Morris College located in Pittsburgh, Pennsylvania. In May 1970, Mr. Fonzi received a Bachelors Degree in Accounting from Robert Morris College.

Joseph A. Riccelli, Jr., 25, has been our Vice President since May 15, 2003. From November of 2002 until May 14, 2003, Mr. Riccelli was our Vice President on a consultant basis. As Vice President, Mr. Joseph A. Riccelli assists our Chief Executive Officer on a full-time basis by overseeing our daily operations and our distribution center. From June 2002 to October 2002, Joseph A. Riccelli was our outside consultant to assist in overseeing our daily operations. From June 2001 to June 2002, Mr. Riccelli was the Vice President of RMF Global. Mr. Riccelli has no other employment experience. Joseph A. Riccelli has been attending the University of Pittsburgh since September 2001 and is majoring in Business Administration.

Significant Employees

We have the following additional significant employees:

Dave Shondeck, 37, has been our Director of Finance since April 15, 2003, and spends approximately 30 hours per week regarding this position. From January 2003 until April 14, 2003, Mr. Shondeck was our Director of Product Development Research on a consultant basis. During only June 2002, Mr. Shondeck was our consultant to assist in formulating our business plan. From June 2000 to November 2002, Mr. Shondeck was employed as a Marketing and Financial Consultant by Fonzi and Associates, an accounting and financial services firm located in Pittsburgh, Pennsylvania. From May 1996 to February 2001, Mr. Shondeck was employed as a Sales and Marketing Product Manager with Dt Technologies, Inc., a manufacturing technology firm located in Pittsburgh, Pennsylvania. In May 1987, Mr. Shondeck obtained a BSBA Degree in accounting from Duquesne University located in Pittsburgh, Pennsylvania.

Gregory P. Domian, 50, has been our Vice President of Sales and Marketing since May 2005 and spends approximately 45 hours per week regarding this position. Gregory manages the sales force across the United States and Canada, attends all major trade shows for Innovative Designs, Inc. and performs inventory control. Prior to this, Mr. Domion was employed with 84 Lumber performing analysis of product sales from April 2000 to September 2003. Mr. Domion also worked at Dicks Sporting Goods performing assortment planning, purchasing, and advertising from 1994 to 1996. Mr. Domion has an Associates Degree from Duquesne University located in Pittsburgh, Pennsylvania.

ITEM 11. EXECUTIVE COMPENSATION

The following Executive Compensation Chart highlights the terms of compensation for our Executives.

Summary Compensation Chart

Name and Position	Year	Annual Compensation			Long-Term Compensation		
		Sales (\$)	Bonus (\$)	Other (\$)	Restricted (\$)	Stock Options (\$)	Awards (\$)
Joseph Riccelli Chief Executive Officer Chairman	2005	-	-	-	-	-	-
Joseph Riccelli Chief Executive Officer Chairman	2006	-	-	-	-	-	-
Joseph A. Riccelli Vice President	2005	-	-	-	-	-	-
Joseph A. Riccelli Vice President	2006	-	-	-	-	-	-

There are no employment agreements between us and our executive officer Joseph Riccelli. We have a May 2003 verbal agreement with Joseph A. Riccelli, our Vice President, which provides that we pay Joseph A. Riccelli a \$31,000 annual salary for the period from May 2003 to May 2004. This verbal agreement was renewed through May of 2007 to continue the same annual salary of \$31,000. There are no change of control arrangements, either by means of a compensatory plan, agreement, or otherwise, involving our current or former executive officers. There are no

automobile lease agreements or key man life insurance policies that are to the benefit of our executive officers, in which we would make such payments. There are no standard or other arrangements in which our directors are compensated for any services as a director, including any additional amounts payable for committee participation or special assignments. There are no other arrangements in which any of our directors were compensated during our last fiscal year for any service provided as a director.

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS

The following table sets forth the ownership as of January 25, 2007 (a) by each person known by us to be the beneficial owner of more than five percent (5%) of our outstanding common stock, and/or (b) by each of our directors, by all executive officers, our directors as a group, or related party shareholders.

To the best of our knowledge, all persons named have sole voting and investment power with respect to such shares, except as otherwise noted. There are not any pending or anticipated arrangements that may cause a change in our control.

ITEM 12. SECURITY OWNERSHIP OF CERTAIN BENEFICIAL OWNERS AND MANAGEMENT AND RELATED STOCKHOLDER MATTERS (CONTINUED)

ITEM 13. CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Our officers and directors may encounter conflicts of interests between our business objectives and their own interests. We have not formulated a policy for the resolution of such conflicts. Future transactions or arrangements between or among our officers, directors and shareholders, and businesses they control, may result in conflicts of interest, and the conflicts may be resolved in favor of businesses that our officers or directors are affiliated, which may have an adverse affect on our revenues.

Our officers and directors have the following conflicts of interests:

- We lease our executive offices from Riccelli Properties, which is solely owned by our Chief Executive Officer, Joseph Riccelli, for which we pay \$700 per month. RMF Global shares our executive offices rent-free; and
- Our officers, directors and key consultants have the following family relationships: (a) Joseph Riccelli, our Chief Executive Officer/Chairman of the Board, is the father of Joseph A. Riccelli, Vice President and is the son of our Chief Executive Officer, Joseph Riccelli.

ITEM 14. PRINCIPAL ACCOUNTANT FEES AND SERVICES

Audit Fees

The aggregate fees billed for the fiscal years ended October 31, 2006 and 2005 for professional services rendered by the principal accountant for the audit of our annual financial statements and review of the financial statements included in our Form 10-KSB or services that are normally provided by the accountant in connection with statutory and regulatory filings or engagements for these fiscal periods were as follows: (a) during fiscal year ended October 31, 2006 and 2005, our current auditors, Louis Plung & Company billed the Company \$7,000 and \$5,500 for professional services, respectively.

Audit Related Fees

None.

Tax Fees

None.

All Other Fees

PART F/S

**INNOVATIVE DESIGNS, INC.
(A Development Stage Company)**

**FINANCIAL STATEMENTS AND
INDEPENDENT AUDITORS' REPORT
October 31, 2006 and 2005**

INDEPENDENT AUDITORS' REPORT

To the Shareholders and Board of Directors
Innovative Designs, Inc.
Sharpsburg, Pennsylvania

We have audited the accompanying balance sheets of Innovative Designs, Inc. as of October 31, 2006 and the related statements of operations, stockholders' deficit, and cash flows for the years October 31, 2006 and 2005. These financial statements are the responsibility of the Company's management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with the standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audits to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Innovative Designs, Inc. as of October 31, 2006, and the results of its operations, and its cash flows for the years ended October 31, 2006 and 2005, in conformity with accounting principles generally accepted in the United States of America.

The Form 10-KSB has been amended to reflect the classification of certain expense items from extraordinary to other income and expense or to selling general and administrative expenses.

The accompanying financial statements have been prepared assuming that the Company will continue as a going concern. As discussed in Note 2 to the financial statements, the Company has incurred significant losses from operations and has working capital and stockholders' deficiencies. Further during 2006, the Company was involuntarily petitioned into bankruptcy in the United States Bankruptcy Code for the Western District of Pennsylvania. These factors raise substantial doubt about the Company's ability to continue as a going concern. Management's plans in regard to this matter are also discussed in Note 2. The financial statements do not include any adjustments that might result from the outcome of these uncertainties.

INNOVATIVE DESIGNS, INC.

STATEMENTS OF CASHFLOW

(Debtor-in-Possession)

For the Years Ended October 31, 2006 and 2005

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Nature of Operations - Innovative Designs, Inc., (the "Company") was incorporated in Delaware on June 25, 2002 to provide unique recreational products that are made of INSULTEX, a material with buoyancy, scent block and thermal resistant properties, such as sleeping bags, floating swimwear products, hunting apparel, and stadium packs.

Basis of Accounting - The financial statements are prepared using the accrual basis of accounting in which revenues are recognized when earned and expenses are recognized when incurred.

Fiscal Year End - The Company's fiscal year ends on October 31.

Estimates - The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect reported amounts and disclosures. Actual results may differ from these estimates and assumptions.

Cash and Cash Equivalents - The Company defines cash and cash equivalents as those highly liquid investments purchased with a maturity of three months or less.

Revenue Recognition - The Company recognizes revenue when persuasive evidence of an arrangement exists, delivery has occurred, the sales price is fixed or determinable and collectibility is probable. Revenue is derived from sales of the Company's recreational products such as sleeping bags, stadium packs, floating swimwear and hunting apparel. Sales of these items are recognized when the items are shipped. The Company offers a 5 day return policy and no warranty on all of its products.

Financial Instruments - Fair value estimates discussed herein are based upon certain market assumptions and pertinent information available to management as of October 31, 2006 and 2005. The respective carrying value of certain on-balance-sheet financial instruments approximated their fair values. These financial instruments include cash, accounts receivable, accounts payable and notes payable. Fair values were assumed to approximate carrying values for these financial instruments because they are short term in nature and their carrying amounts approximate fair values. The carrying value of the Company's long-term debt approximated its fair value based on the current market conditions for similar debt instruments.

Allowance for Bad Debts - The Company considers all accounts receivable balances to be fully collectable at October 31, 2006, accordingly, no allowance for doubtful accounts is provided. If amounts become uncollectible, they will be charged to operations when the determination is made.

Inventory - Inventory consists principally of purchased finished goods. Inventory is stated at the lower of cost or market on a first-in, first-out basis.

Property and Equipment - Property and equipment are recorded at cost. Depreciation is computed using the straight line method over the estimated useful lives of the related assets.

INNOVATIVE DESIGNS, INC.

NOTES TO FINANCIAL STATEMENTS

Property and equipment are summarized by major classification as follows:

Equipment 7 years
Furniture and fixtures 7 years
Leasehold improvements 5 years
Automobiles 5 years

Maintenance and repairs are charged to operating expenses as incurred, significant improvements are capitalized. When property is sold or otherwise disposed of, the asset account and related accumulated depreciation account are relieved, and any gain or loss is included in operations.

Impairment of Long-Lived Assets - The Company reviews the carrying value of its long-lived assets annually or whenever events or changes in circumstances indicate that the historical cost-carrying value of an asset may no longer be appropriate. The Company assesses recoverability of the carrying value of the asset by estimating the future net cash flows expected to result from the asset, including eventual disposition. If the future net cash flows are less than the carrying value of the asset, an impairment loss is recorded equal to the difference between the asset's carrying value and fair value. There was no impairment of long-lived assets during 2006.

Income Taxes - The Company follows SFAS 109 "Accounting for Income Taxes" for recording the provision for income taxes. Deferred tax assets and liabilities are computed based upon the difference between the financial statement and income tax basis of assets and liabilities using the enacted marginal tax rate applicable when the related asset or liability is expected to be realized or settled. Deferred income tax expenses or benefits are based on the changes in the asset or liability each period. If available evidence suggests that it is more likely than not that some portion or all of the deferred tax assets will not be realized, a valuation allowance is required to reduce the deferred tax assets to the amount that is more likely than not to be realized. Future changes in such valuation allowance are included in the provision for deferred income taxes in the period of change.

Net Income (Loss) Per Common Share - The Company calculates net income (loss) per share as required by Statement of Financial Accounting Standards (SFAS) 128, "Earnings per Share." Basic earnings (loss) per share is calculated by dividing net income (loss) by the weighted average number of common shares outstanding for the period. The Company did not compute dilutive earnings per share because there is only one class of stock.

Stock-Based Compensation - The Company accounts for equity instruments issued to employees for services based on the fair value of the equity instruments issued and accounts for equity instruments issued to other than employees based on the fair value of the consideration received or the fair value of the equity instruments, whichever is more reliably measurable.

The Company accounts for stock based compensation in accordance with SFAS 123, "Accounting for Stock-Based Compensation." The provisions of SFAS 123 allow companies to either expense the estimated fair value of stock options or to continue to follow the intrinsic value method set forth in APB Opinion 25, "Accounting for Stock Issued to Employees" (APB 25) but disclose the pro forma effects on net income (loss) had the fair value of the options been expensed. The Company has elected to continue to apply APB 25 in accounting for its stock option incentive plans.

INNOVATIVE DESIGNS, INC.

NOTES TO FINANCIAL STATEMENTS

Recent Pronouncements

In February 2006, effective September 2006, the FASB issued SFAS No. 155, "Accounting for Certain Hybrid Financial Instruments - An Amendment of FASB Statements No. 133 and 140". FASB Statement No. 155 amends the guidance in FASB Statements No. 133, Accounting for Derivative Instruments and Hedging Activities, and No. 140, Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities.

Statement 155 allows financial instruments that have embedded derivatives to be accounted for as a whole (eliminating the need to bifurcate the derivative from its host) if the holder elects to account for the whole instrument on a fair value basis. The FASB believes the issuance of Statement 155 provides for the following:

1. Clarifies which interest-only strips and principal-only strips are not subject to the requirements of Statement 133;
2. Establishes a requirement to evaluate interests in securitized financial assets to identify interests that are freestanding derivatives or that are hybrid financial instruments that contain an embedded derivative requiring bifurcation;
3. Clarifies that concentrations of credit risk in the form of subordination are not embedded derivatives; and
4. Amends Statement 140 to eliminate the prohibition on a qualifying special-purpose entity from holding a derivative financial instrument that pertains to a beneficial interest other than another derivative financial instrument.

The provisions of Statement 155 nullify Derivatives Implementation Group (DIG) Issue C4, "Interest-Only and Principal-Only Strips," and amends DIG Issues B39, "Application of Paragraph 13(b) to Call Options That Are Exercisable Only by the Debtor," and D1, "Application of Statement 133 to Beneficial Interests in Securitized Financial Assets." A reference to Statement 155 will also be made in several other DIG issues even though the guidance in those DIG issues has not been nullified or partially nullified.

Statement 155 is effective for all financial instruments acquired or issued after the beginning of an entity's first fiscal year that begins after September 15, 2006. The Company believes the adoption of this pronouncement has no effect on the financial statements of the Company.

In March 2006, effective September 2006, the FASB issued SFAS No. 156, "Accounting for Servicing of Financial Assets - An Amendment of FASB Statement No. 140".

The FASB has issued FASB Statement No. 156, Accounting for Servicing of Financial Assets - An Amendment of FASB Statement No. 140. This standard amends the guidance in FASB Statement No. 140, Accounting for Transfers and Servicing of Financial Assets and Extinguishments of Liabilities. Among other requirements, Statement 156 requires an entity to recognize a servicing asset or servicing liability each time it undertakes an obligation to service a financial asset by entering into a servicing contract in any of the following situations:

INNOVATIVE DESIGNS, INC.

NOTES TO FINANCIAL STATEMENTS

- a. A transfer of the servicer's financial assets that meets the requirements for sale accounting;
- b. A transfer of the servicer's financial assets to a qualifying special-purpose entity in a guaranteed mortgage securitization in which the transferor retains all of the resulting securities and classifies them as either available-for-sale securities or trading securities in accordance with FASB Statement No. 115, Accounting for Certain Investments in Debt and Equity Securities; or
- c. An acquisition or assumption of an obligation to service a financial asset that does not relate to financial assets of the servicer or its consolidated affiliates.

Statement 156 is effective as of the beginning of an entity's first fiscal year that begins after September 15, 2006. Earlier adoption is permitted as of the beginning of an entity's fiscal year, provided the entity has not issued financial statements. The Company believes the adoption of this pronouncement has no effect on the financial statements of the Company.

In September 2006, effective November 2007, the FASB issued SFAS No. 157, "Fair Value Measurements".

FASB Statement No. 157, Fair Value Measurements, has been issued by the FASB. This new standard provides guidance for using fair value to measure assets and liabilities. The FASB believes the standard also responds to investors' requests for expanded information about the extent to which companies measure assets and liabilities at fair value, the information used to measure fair value, and the effect of fair value measurements on earnings. Statement 157 applies whenever other standards require (or permit) assets or liabilities to be measured at fair value but does not expand the use of fair value in any new circumstances.

Currently, over 40 accounting standards within GAAP require (or permit) entities to measure assets and liabilities at fair value. Prior to Statement 157, the methods for measuring fair value were diverse and inconsistent, especially for items that are not actively traded. The standard clarifies that for items that are not actively traded, such as certain kinds of derivatives, fair value should reflect the price in a transaction with a market participant, including an adjustment for risk, not just the company's mark-to-model value. Statement 157 also requires expanded disclosure of the effect on earnings for items measured using unobservable data.

Under Statement 157, fair value refers to the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants in the market in which the reporting entity transacts. In this standard, the FASB clarifies the principle that fair value should be based on the assumptions market participants would use when pricing the asset or liability. In support of this principle, Statement 157 establishes a fair value hierarchy that prioritizes the information used to develop those assumptions. The fair value hierarchy gives the highest priority to quoted prices in active markets and the lowest priority to unobservable data, for example, the reporting entity's own data. Under the standard, fair value measurements would be separately disclosed by level within the fair value hierarchy.

INNOVATIVE DESIGNS, INC.

NOTES TO FINANCIAL STATEMENTS

The provisions of Statement 157 are effective for financial statements issued for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years. Earlier application is encouraged, provided that the reporting entity has not yet issued financial statements for that fiscal year, including any financial statements for an interim period within that fiscal year. The Company believes the adoption of this pronouncement has no effect on the financial statements of the Company.

In June 2006, effective December 2006, the FASB issued FIN 48, "Accounting for Uncertainty in Income Taxes - An Interpretation of FASB Statement No. 109".

This Interpretation clarifies the accounting for uncertainty in income taxes recognized in an enterprise's financial statements in accordance with FASB Statement No. 109, Accounting for Income Taxes. This Interpretation prescribes a recognition threshold and measurement attribute for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. This Interpretation also provides guidance on derecognition, classification, interest and penalties, accounting in interim periods, disclosure, and transition. The Company believes the adoption of this pronouncement has no effect on the financial statements of the Company.

2. PETITION FOR RELIEF UNDER CHAPTER 11

The Company's financial statements are presented on a going concern basis, which contemplates the realization of assets and satisfaction of liabilities in the normal course of business.

As further discussed in Note 11, on November 15, 2006, the Honorable M. Bruce McCullough granted the Petition for Relief filed by Petitioning Creditors with the United States Bankruptcy Court for the Western District of Pennsylvania. The Company and its external legal counsel believe the granting of this petition to be in error. Given the nature of the proceeding, the Company's legal counsel moved to convert the case to one under Chapter 11, which was granted.

Although the Company intends to continue its normal business operations during the pendency of the bankruptcy proceedings, the financial statements and notes to the financial statements have been prepared using the guidance of Statement of Position 90-7 Financial Reporting by Entities in Reorganization Under the Bankruptcy Code (SOP 90-7)

Under Chapter 11, certain claims against the Debtor in existence prior to the filing of the petitions for relief under the federal bankruptcy laws are stayed while the Company continues business operations as Debtor-in-possession. These claims are reflected in the October 31, 2006, balance sheet as "liabilities subject to compromise." Additional claims (liabilities subject to compromise) may arise subsequent to the filing date resulting from rejection of executory contracts, including leases, and from the determination by the court (or agreed to by parties in interest) of allowed claims for contingencies and other disputed amounts. Claims secured against the Company's assets ("secured claims") also are stayed, although the holders of such claims have the right to move the court for relief from the stay. Secured claims are secured primarily by liens on various Company assets as well as the personal property of Joseph Riccelli, Chief Executive Officer.

INNOVATIVE DESIGNS, INC.

NOTES TO FINANCIAL STATEMENTS

As of January 26, 2007, the Company has not filed its plan of reorganization with the United States Bankruptcy Court, nor has it determined its reorganization value. Consequently, the assets and liabilities are reflected in the October 31, 2006 financial statement, at historical cost with no adjustments being made to reflect estimated settlement amounts. The Company continues to pay its obligations, as they become due.

The Company's ability to continue as a going concern is contingent upon its ability to expand its operations and secure additional financing and emerge out of bankruptcy. The Company is currently pursuing financing for its operations and seeking to expand its operations. The Company and its legal Counsel have been and will continue to resolve its bankruptcy matter. Failure to secure such financing or expand its operations may result in the Company not being able to continue as a going concern.

The financial statements do not include any adjustments to reflect the possible future effects on the recoverability and classification of assets or the amounts and classification of liabilities that may result from the possible inability of the Company to continue as a going concern or to emerge from bankruptcy.

3. INVENTORIES

Inventories at October 31, 2006 consisted primarily of finished goods.

4. PROPERTY AND EQUIPMENT

Property and equipment are summarized by major classifications as follows:

			<u>2006</u>
Equipment	7 yr.	\$	14,827
Furniture and fixtures	7 yr.		11,092
Leasehold improvements	5 yr.		4,806
Automobile	5 yr.		10,294
			41,019
Less accumulated depreciation			20,522
		\$	20,497

Depreciation expense for the years ended October 31, 2006 and 2005 was \$6,993 and \$9,923.

INNOVATIVE DESIGNS, INC.NOTES TO FINANCIAL STATEMENTS**5. BORROWINGS**

Borrowings at October 31, 2006 consisted of the following:

Related Party Borrowings	2006
Loan Payable - Related party; Riccelli Properties. Loan Payable is non-interest bearing with no payment terms.	\$ 101,000
Note Payable - Related party; Bonnie Dake; there are no terms and is due upon demand.	5,000
Note Payable - Related party; Gregory P. Domian; there are no terms and is due upon demand.	5,000
Total Related Party Borrowings	\$ 111,000
Other Borrowings	
Note Payable - James Kearney; interest is flat rate of \$8,000; principal and interest due and payable in full at any time after December 10, 2005.	\$ 100,000
Loan payable - Citizens National Bank - due March 26, 2009; interest is 8% per annum; payable in monthly installments of \$193.27.	4,558

2010	-	13,129	13,129
2011 and thereafter	-	383,615	383,615
	\$ 111,000	\$ 817,870	\$ 928,870

In April 2005, the Company entered into discussions with David W. Lampl, Esq. ("Lampl"), a related party shareholder, regarding the terms of a potential loan from Lampl to the Company. Lampl disclosed the potential conflict of interest to the Company and followed the Pennsylvania Rules of Professional Conduct with regard to conflict of interest matters. Joseph Riccelli, the Company's Chief Executive Officer, executed, on behalf of the Company, a letter dated April 19, 2005, which outlined the terms of the loan. Mr. Riccelli also executed a Disclosure Statement stating that he understood the terms of the loan and consented to Lampl's role as both counselor to the Company and as payee of the loan. On April 28, 2005, the Company entered into a Secured Term Promissory Note (the "Note") with Lampl, whereby Lampl loaned and the Company agreed to pay Lampl the principal amount

- -

INNOVATIVE DESIGNS, INC.

NOTES TO FINANCIAL STATEMENTS

of fifty thousand and 00/100 dollars (\$50,000.00) plus interest at a rate of twelve percent (12%) per annum on or before December 31, 2005. On December 21, 2005, the note was amended to extend the maturity date to March 31, 2006. In connection with extending the maturity date of the note, the Company was required to pay Lampl \$4,000 representing accrued interest through December 31, 2005. The Company paid Lampl on December 23, 2005. Lampl is a member of the law firm of Leech Tishman Fuscaldo & Lampl, LLC which represents the Company with regard to various corporate matters.

To secure the indebtedness the Company granted a security interest to Lampl in and to all presently owned and after acquired personal property of the Company, including, but not limited to, Accounts Receivable, Equipment, Raw Materials, Inventory, Contract Rights and Proceeds and all General Intangibles. The Company also issued two (2) twenty-five thousand (25,000) share blocks of Rule 144 Common stock of the Company as additional consideration (the "Additional Consideration"). If all sums due under the Note have been paid on or before December 31, 2005, and if the closing price on the one (1) year anniversary date of the issuance of the Company stock to Lampl is equal to or greater than \$1.00 per share, then Lampl will return one (1) twenty-five thousand (25,000) share block to the Company. Otherwise, Lampl will retain the entire fifty thousand (50,000) shares of the Company stock free and clear of any claims or obligations.

If the Company defaults under the terms of the Note, the payment of the indebtedness will be accelerated and the interest rate will accrue on any remaining principal balance at a rate of eighteen percent (18%) from the date of default forward. The Note also contains a Confession of Judgment provision.

This loan, including accrued interest, was paid in full during the fiscal year ended October 31, 2006.

In July 2005, the Company entered into a loan with a related party shareholder, Bonnie Dake, for \$5,000. The loan has no terms, bears no interest and is due upon demand. Accordingly, no interest has been reflected within the financial statements.

In July 2005, the Company entered into a loan with a related party shareholder and employee Gregory P. Domian, for \$5,000. The loan has no terms, bears no interest and is due upon demand. Accordingly, no interest has been reflected within the financial statements.

In July 2005, the Company received a no interest loan with Redevelopment Authority of Allegheny County in the amount of \$13,923. The Company qualified for a loan due to the significant loss of inventory, raw materials, and equipment when its leased warehouse, in which it maintained these items, was flooded by the remnants of Hurricane Ivan in September 2004. The loan is to be repaid over a forty-seven month period in equal payments of approximately \$290, commencing July 1, 2006. The loan balance was \$13,023 at October 31, 2006.

In July 2005, the Company was approved for a low interest promissory note from the U.S. Business Administration in the amount of \$280,100. The Company qualified for the loan due to the significant loss of inventory, raw materials, and equipment when its leased warehouse, in which it maintained these items, was flooded by the remnants of Hurricane Ivan in September 2004. The note bears interest at an annual rate of 2.9%. Monthly

INNOVATIVE DESIGNS, INC.

NOTES TO FINANCIAL STATEMENTS

installment payments, including principal and interest, will be \$1,186 beginning five months from the date of the promissory note. The note will be payable over 30 years. Certain guarantees of collateral were made by the Company's Chief Executive Officer and shareholder, Joseph Riccelli to service the note. The Company is to use the loan proceeds to repair or replace the following: approximately \$6,200 for machinery and equipment; approximately \$80,100 for furniture and fixtures; approximately \$148,700 for inventory; and approximately \$45,100 for working capital. The Company has received the full amount of this loan at October 31, 2005. In January 2006 the Company amended the promissory note with the Small Business Administration increasing the principal balance to \$430,500. The note still bears an annual interest rate of 2.9% and matures on July 13, 2035. Monthly payments, including principal and interest, will increase to \$1,820 due every month beginning February 13, 2006. All remaining principal and accrued interest are due and payable on July 13, 2035. The loan balance was \$424,037 at October 31, 2006.

In September 2005, the Company entered into a 42 month loan payable with Citizens National Bank for \$7,000 due March 2009. This loan was used to finance a pick-up truck purchased by the Company. The loan is payable in monthly installments of \$193.27 including interest at 8.5% per annum. The loan balance was \$4,558 on October 31, 2006.

In September 2005, the Company signed a new loan agreement with James Kearney for a note payable. This new agreement is for a prior note payable of \$100,000, dated July 2004, in addition to accrued interest of \$62,000. This note bears interest at a flat rate of \$8,000. The principal of \$100,000 and interest of \$62,000 are payable in full at any time after December 10, 2005.

On May 18, 2006, the Company entered into a loan of credit agreement with Enterprise Bank for borrowing up to \$900,000 with a rate of interest computed at Prime plus 2.25%. The terms of this agreement were modified on June 1, 2006 to reduce borrowings to a maximum of \$300,000 with interest computed at prime rate plus 2.25%. Interest is calculated from the date of each advance until repayment of each advance. The payment of all borrowings and accrued interest is due on May 18, 2007. Borrowings as of October 31, 2006 were \$226,252. This loan is collateralized with a First lien on all business assets of the Company business including, but not limited to, the licensing agreement to manufacture and distribute products containing INSULTEX insulation. Personal property of the Chief Executive Officer of the Company was also used as collateral.

In November 2006, the Company entered into a loan payable with Dean Kolocouris for \$20,000. This loan was to be used to fund operations of the Company. This loan is to be paid back in full on or before November 25, 2006, including interest at 10% per annum.

In October 2006, the Company entered into a loan payable with Daryl Zaontz for \$30,000. This loan was to be used to purchase inventory. The loan is to be paid back in full on or before October 14, 2007, including interest at 14% per annum.

6. EXCLUSIVE LICENSING AND MANUFACTURING AGREEMENT

On November 25, 2002, Innovative purchased a product license for \$1,250,000 from RMF Global, a company solely owned by the Chief Executive Officer of the Company, Joseph Riccelli. The license was for 10 years and gave the Company the exclusive right to manufacture and market products using Eliotex, a trademark registered and utilized by RMF

INNOVATIVE DESIGNS, INC.

NOTES TO FINANCIAL STATEMENTS

Global, and used to describe a fabric used in recreational products. The Company paid \$50,000 upon signing in November 2002, with the remaining amount payable at \$400,000 per year for the next three years. The license was originally recorded as an asset and was to be amortized. Subsequently, because the license was purchased from RMF Global, which is owned by Joseph Riccelli, it was recorded at Joseph Riccelli's cost, which was \$0. The \$618,744 the Company paid in excess of Joseph Riccelli's cost was recorded as a reduction of paid in capital.

Due to cash flow problems experienced by the Company, on January 31, 2005, RMF Global agreed to accept 1,909,098 shares of the Company's \$.0001 par value common stock in settlement of \$763,639 of the Company's obligation. As of October 31, 2005, the Company owed RMF Global \$200,000 for the product license described above. In light of the litigation regarding the License Agreement of RMF Global, Inc. with Eliotex SRL, the board of directors determined it appropriate to hold the issuance of said shares in abeyance pending the outcome of the litigation.

On or about April 1, 2006, Innovative was informed by RMF Global that RMF's Exclusive License and Manufacturing Agreement with Ko-Myung Kim was terminated by Mr. Kim, effective April 1, 2006, for the following reasons cited by Mr. Kim:

1. Article 2.01 of the Grant of License, Exclusive Right to Purchase and Exclusive Right to Manufacture incorrectly references a prior product produced under prior patents, Republic of Korea Patent 35969-97 and U.S. patent 6,083,999. That product has not been manufactured since 2001 and has never been provided to RMF Global, Inc. by or through me.
2. Given the current difficulties surrounding that patent, and my obligation to indemnify RMF for litigation costs arising from the patent infringement claims, I cannot permit the Agreement to remain in force where claims may be directed against, or litigation arise pursuant to, the patent referenced incorrectly in the Agreement. The fact that the Agreement references the incorrect patent mandates its termination.

On April 26, 2006, the Company entered into an Exclusive License and Manufacturing Agreement (the "Agreement") with the Ketut Group, with an effective date of April 1, 2006, whereby the Company acquired an exclusive license to develop, use, sell, manufacture and market products related to or utilizing INSULTEX™, Korean Patent Number, (0426429) or any Insultex Technology. At the behest of the Board of Directors, the Insultex trademark was chosen as the mark to identify the product utilized by Innovative since its inception, and was originally registered by Joseph Riccelli on February 17, 2005. The new trademark, intended to avoid confusion arising from the use of the old Eliotex trademark in association with a new, subsequent, different and separately-patented product, was assigned by Mr. Riccelli to Innovative on April 25, 2006, with that assignment to become effective upon final approval of the Statement of Use by the United States Patent and Trademark Office. The License was awarded by the Korean inventor, an individual who is part of the Ketut Group, and the manufacturer of INSULTEX™. The Company received an exclusive forty (40) year worldwide license with an initial term of ten (10) years and an option to renew the License for up to three (3) successive ten (10) year terms. Additionally, the Company was granted the exclusive rights to any current or future inventions, improvements, discoveries, patent applications and letters of patent which the Ketut Group controls or may control related to INSULTEX™. Furthermore, the Company has the right to grant sub-licenses to other

INNOVATIVE DESIGNS, INC.**NOTES TO FINANCIAL STATEMENTS**

manufacturers for the use of INSULTEX™ or any Insultex Technology. Simultaneously with the Company entering into this exclusive license and manufacturing agreement, effective April 1, 2006, the licensing agreement with RMF Global was deemed null and void and the aforementioned issuance of shares of stock as consideration for said licensing agreement, previously held in abeyance, was cancelled. Consequently, the note payable and related licensing agreement asset were removed from the books and records of the Company resulting in the Company recognizing a gain from the extinguishment of debt in the amount of \$568,144 and the reversal of interest expense in the amount of \$395,495. Effective April 1, 2006, the Company has no outstanding obligations owed to RMF Global.

7. EQUITY COMPENSATION PLAN

The Company's Equity Compensation Plan (the "Plan"), which is shareholder-approved, permits the Company to grant options and shares to employees for services based on the fair value of the equity instruments issued and to non-employees based on the fair value of the consideration received or the fair value of the equity instrument, whichever is more reliably measurable.

A summary of the Equity Compensation Plan as of October 31, 2006, 2005 and 2004 is presented below:

	2006		2005		2004	
	Shares	Weighted Average Exercise Price	Shares	Weighted Average Exercise Price	Shares	Weighted Average Exercise Plan
Outstanding balance at beginning of year	180,000	\$.42	180,000	\$.42	180,000	\$ 1.70
Granted	-	-	-	-	-	-
Exercised	-	-	-	-	-	-
Forfeited/Cancelled	-	-	-	-	-	-
Outstanding balance at end of year	180,000	\$.42	180,000	\$.42	180,000	\$ 1.70

The weighted average exercise price was based on the market value of the shares on or about the date services were performed. The market value of the price per share ranged from \$2.00 to .015 per share over the period of time in which the various services were performed.

All stock that has been issued by the Company out of the Equity Compensation Plan was for the exchange of professional services. No shares were sold for cash.

During 2006 through 2005, the Company has issued an additional 317,000 shares of its stock, that were not part of the Equity Compensation Plan, to various consultants in exchange for past and future services. The weighted average price per share was \$0.28.

INNOVATIVE DESIGNS, INC.

NOTES TO FINANCIAL STATEMENTS

8. CONCENTRATIONS

Earned revenues for the fiscal year ending October 31, 2006 includes earned revenue to three major customers. The major customers accounted for approximately 57% of total Company earned revenue for the fiscal year. Accounts receivable from these customers total 1% as of October 31, 2006.

Earned revenues for the fiscal year ending October 31, 2005 include earned revenue to one major customer. The major customer accounted for approximately 72% of total Company earned revenue for the fiscal year. Accounts receivable from this customer totaled 75% as of 2005.

The Company only has one supplier of INSULTEX, the special material which is manufactured within the apparel of the Company. Additionally, the Company only has one manufacturer that produces the apparel on behalf of the Company, located in Indonesia.

9. GRANT INCOME

In July 2005, the Company received a grant from the Redevelopment Authority of Allegheny County in the amount of \$13,923. The Company qualified for the grant due to the significant loss of inventory, raw materials, and equipment when its leased warehouse, in which it maintained these items, was flooded by the remnants of Hurricane Ivan in September 2004. The grant is not a loan and will not be paid back to Allegheny County. The proceeds of the grant were used to purchase replacement equipment and/or inventory damaged in the flooding.

10. INCOME TAXES

The Company accounts for income taxes under SFAS 109, which requires use of the liability method. SFAS 109 provides that deferred tax assets and liabilities are recorded based on the differences between the tax bases of assets and liabilities and their carrying amounts for financial reporting purposes, referred to as temporary differences. Deferred tax assets and liabilities at the end of each period are determined using the currently enacted tax rates applied to taxable income in the periods in which the deferred tax assets and liabilities are expected to be settled or realized.

The provision for income taxes differs from the amount computed by applying the statutory federal income tax rate to income before provision for income taxes. The sources and tax effects of the differences are as follows:

	2006	2005
Income tax provision at the federal statutory rate	34%	34%
Effect of operating losses	34%	34%
	-	-

INNOVATIVE DESIGNS, INC.**NOTES TO FINANCIAL STATEMENTS**

The Company's deferred tax asset is as follows:

	2006	2005
Deferred tax assets	\$ 40,851	\$ 65,009
Less: valuation allowance	(40,851)	(65,009)
Net deferred taxes	\$ -	\$ -

The Company has a net operating loss of approximately \$1,954,292 and \$1,912,020 at October 31, 2006 and 2005, respectively, which can be carried forward through October 31, 2025. The principal difference between the net operating loss for book purposes and income tax purposes results from common shares issued for services aggregating of \$91,500 and \$3,657,580 at October 31, 2006 and 2005, respectively.

FASB Interpretation 48, "Accounting for Uncertainty in Income Taxes", is effective for fiscal years beginning after December 15, 2006. This interpretation clarifies the accounting for uncertainty in income taxes recognized in enterprise's financial statements in accordance with FASB Statement FASB No. 109, Accounting for Income Taxes. The interpretation prescribes a recognition threshold and measurement attributable for the financial statement recognition and measurement of a tax position taken or expected to be taken in a tax return. The Company does not believe this will have an impact on the financial statements.

11. **COMMITMENTS**

The Company currently maintains two offices which are leased pursuant to an oral agreement on a month-to-month basis for approximately \$3,300 per month. For the years ended October 31, 2006 and 2005, rent expense totaled approximately \$39,600 for each year.

12. **CONTINGENCIES AND UNCERTAINTIES**

The Company became aware, by virtue of communication from certain of its customers and/or prospective customers, of their receipt of a letter from attorneys purporting to represent Elio Cattani, informing said parties that the Company was infringing on a patent held by Mr. Cattani in its manufacture and use of products containing Eliotex. Said letter went on to threaten unspecified reprisals against any party that continued to so infringe, and further actively solicited the purchase of Eliotex from Mr. Cattani. No legal action was instituted by Mr. Cattani to support said allegations; the letters were mere recitations that the Company strongly believes are false, fraudulent and malicious.
