(e) 2009 Annual Incentive Compensation

On March 3, 2010, upon the recommendation of the Compensation Committee (the “Compensation Committee”), the Board of Directors (the “Board”) of Terex Corporation (“Terex” or the “Company”) approved the 2009 annual incentive compensation awards (payable in March 2010) under the Terex Corporation 2009 Omnibus Incentive Plan (the “Incentive Plan”) for Ronald M. DeFeo, the Company’s Chairman and Chief Executive Officer (“CEO”), Phillip C. Widman, Thomas J. Riordan, Timothy A. Ford and Richard Nichols, each of whom is a named executive officer of Terex. Each such award was based upon satisfaction of previously disclosed performance criteria. The 2009 bonus awards approved by the Compensation Committee for the Company’s named executive officers were as follows:

Name	2009 Bonus Award
Ronald M. DeFeo	\$782,000
Thomas J. Riordan	\$200,000
Phillip C. Widman	\$150,000
Timothy A. Ford	\$89,115
Richard Nichols	\$83,850

2010 Performance Measures

On March 3, 2010, upon the recommendation of the Compensation Committee, the Board approved the parameters for the calculation of bonuses for the named executive officers, other than Mr. DeFeo, with respect to Terex’s 2010 fiscal year. Eligible participants in the Incentive Plan will be assigned a bonus target for 2010, which will represent a percentage of their annual base salary, based upon their management level.

Under the Incentive Plan, an annual bonus pool for 2010 will be established and funded based on the Company’s operating earnings performance, with a certain minimum amount available for payment if the Company does not achieve any operating earnings. If the Company achieves approximately \$160 million of operating earnings, the bonus pool would fund at approximately 100% of the executive’s corresponding bonus target, and would be paid out based on individual and Company performance. If the Company achieves approximately \$250 million of operating earnings, the bonus pool would fund at approximately 150% of the executive’s corresponding bonus target, and would be paid out based on individual and Company performance. If the Company does not achieve any operating earnings, the bonus pool would fund at approximately 30% of the executive’s corresponding bonus target and would be paid out based solely on individual performance. For operating earnings achievement between the thresholds mentioned above, the bonus pool funding and incentive opportunity for the executive will increase as the amount of operating earnings increases but in no event shall the bonus payout exceed 150% of target.

Individual performance can include all or any combination of segment performance, business unit performance, personal goals, as well as other financial and non-financial measurements. The CEO is responsible for determining

individual performance for each of his direct reports. For other participants, individual performance will be determined by the Chief Operating Officer or the appropriate manager.

The bonus target percentages for 2010 for each of the Company's named executive officers (other than Mr. DeFeo) are as follows:

- 2 -

Name	Target Percentage of Base Salary
Thomas J. Riordan	100%
Phillip C. Widman	75%
Timothy A. Ford	75%
Richard Nichols	75%
